NOTICE

On Wednesday, May 10, 2017, at 10:00 A.M., in Spector Hall, located at 22 Reade Street in Lower Manhattan, a public hearing is being held by the City Planning Commission to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by Gun Hill Square, LLC, for approval of several discretionary actions including the disposition of City-Owned property (a surplus property leased to the Metropolitan Transportation Authority (MTA) comprising the southern 550,185 sf portion of Lot 100 on Block 4804), zoning map and text amendments, zoning special permits to establish a Large-Scale General Development (LSGD), and zoning special permits to allow a physical culture establishment within the context of the LSGD and to allow for an accessory group parking facility with more than the prescribed maximum number of parking spaces for a LSGD. Prior to the proposed disposition of City-Owned property to the applicant, approval is required from the MTA's Board for surrender of its leasehold interest in the subject property. These actions would facilitate the development of a mixed-use commercial and residential development consisting of a new pedestrian-oriented open-air urban shopping complex and a single residential building containing affordable senior housing for persons aged 55 and older on a currently vacant and underutilized City-Owned property (Block 4804, southern 550,185 sf portion of Lot 100), in the Baychester neighborhood of the Bronx, Community District 12. Written comments on the DEIS are requested and will be received and considered by the Office of the Deputy Mayor for Housing and Economic Development, the Lead Agency, until Monday, May 22, 2017, at 5:00 P.M.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 14DME010X.

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)

Housing and Preservation Department (HPD)
Human Resources Administration (HRA)

OFFICE OF ENVIRONMENTAL REMEDIATION

■ NOTICE

NOTICE OF ADOPTION OF AMENDMENTS TO RULES OF THE NEW YORK CITY ENVIRONMENTAL REMEDIATION RULES

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED in the Director of Environmental Remediation by subdivision e of Section 15 of the New York City Charter, that the Office of Environmental Remediation promulgates and adopts amendments to rules relating to the New York City Voluntary Cleanup Program and the New York City Brownfield Incentive Grant Program.

The rules were proposed and published in *The City Record* on March 24, 2017. A public hearing was held on April 24, 2017. No comments on the proposed rule amendments were received.

STATEMENT OF BASIS AND PURPOSE

The Office of Environmental Remediation ("Office" or "OER") was established by Local Law No. 27 of 2009. Charter § 15(e)(5) authorizes its Director to administer financial incentives offered through various programs to promote the identification, investigation, remediation, and redevelopment of brownfields. Charter § 15(e)(15) authorizes the Director to administer the hazardous materials (E) designation program (described below) and § 15(e)(18) authorizes the Director to promulgate rules to implement the Office's programs.

OER is proposing to amend the City's environmental remediation rules in the following ways:

First, Subchapter 6 of Chapter 14 of Title 43 would be amended to revise its title and to establish, through a new section, both a process for applicants to request modification of noise attenuation requirements in a special mixed use district, and also a fee for the administrative costs of reviewing these requests (§ 43-1461).

Second, the rules relating to the Brownfield Incentive Grant rule ("BIG rule") would be amended to provide additional grants to City-supported affordable or supportive housing developments, as well as to manufacturing and industrial projects supported by the New York City Economic Development Corporation ("EDC"), by:

- Reimbursing a supported project for the cost of the site investigation if the project is denied entry into the State brownfield program and is enrolled instead in the City Voluntary Cleanup Program (§ 43-1422(c)(11));
- Authorizing the Office to exceed the City pre-enrollment grant award cap of \$125,000 when an eligible project incurs costs to enroll in the State brownfield program that exceed \$125,000 (§ 43-1422(c)(11)); and
- Reimbursing projects eligible for a City pre-enrollment grant for 100% of their eligible costs, rather than requiring such projects to pay for 25% of the eligible services (§ 43-1416(h)).

In addition, the BIG rule would be amended in the following other ways:

- To allow qualified vendors under contract with EDC to provide eligible services and activities under (a) pre-enrollment and enrollment grants; (b) brownfield opportunity area local match grants; and (c) technical assistance and local match grants used by community based organizations to conduct place-based community brownfield planning (§ 43-1422(c)(1), (3) and (4)).
- To increase the reimbursement to development projects for the costs of hiring a consultant to advise on whether to enroll a project with the State brownfield program. Under the proposed rule, the City brownfield grant program would reimburse development projects \$1,000 (a new award) and preferred community development projects \$1,333 (currently \$500) for these services. The list of eligible services that can be reimbursed by

Notice of Extension of Period to Submit Written Testimony

NOTICE IS HEREBY GIVEN that the Department of Consumer Affairs (DCA) is extending the period to submit written testimony for the April 25, 2017 public hearing regarding the state of workers' rights in New York City, which sought to examine issues affecting vulnerable New York City workers, including the immigrant, paid care, and on-demand workforces.

brownfield green job training grants would also be expanded (§ 43-1419(a)(5) and Schedule B).

Third, the City Voluntary Cleanup Program rule would be amended by striking §43-1410 (f) to make it consistent with recently adopted State law establishing a statutory exemption for projects enrolled in the City's Voluntary Cleanup Program from the State hazardous waste program fee and the special assessment on hazardous waste. Unless exempted, parties that remove hazardous waste from a property in New York State are required to pay the State a hazardous waste program fee and a special assessment for each ton of hazardous waste generated.

Finally, the proposed amendments include several technical drafting changes in the Program Rule to ensure consistency throughout this regulatory scheme (§§ 43-1406(a) and 43-1410).

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this Office, unless otherwise specified or unless the context clearly indicates otherwise.

New text is underlined; deleted material is in [brackets].

The fee for obtaining an environmental review and assessment letter from OER is \$3,500.]

[c.] *Financial assurance.*

1. *Applicability.* The office may require, as a condition of accepting any institutional or engineering controls, that the enrollee post financial assurance to ensure the long term implementation, maintenance, monitoring, reporting, and enforcement of any such controls. In considering whether to require financial assurance, the office shall consider factors including, but not limited to:

- A. whether one or more innovative technologies have been employed at the site;
- B. the length of time to implement the remedial program;
- C. the cost of the remedial program;
- D. the complexity of the remedial program; and
- E. the financial resources available to the enrollee.

2. Financial assurance required under this subdivision shall be in effect and on file with the office before any notice of completion is issued. Allowable financial assurance mechanisms include:

3. *Preparation of estimated amount of financial assurance.*

If the office requires posting of financial assurance as a condition of accepting institutional or engineering controls, the enrollee shall provide an estimated amount of financial assurance for the office's consideration. The enrollee shall be responsible for having a professional engineer or other qualified environmental professional prepare the estimate, and, in the event the financial assurance is being provided through environmental insurance, for having an independent insurance professional provide a certification that such policy meets the requirements of this subdivision. The estimate shall include an itemized listing of each cost and how the cost was calculated, including the cost of contracting with a third party.

4. *Office review of estimated amount of financial assurance.* Upon receipt of the financial assurance estimate, the office shall review the estimate and shall assess the basis for the type and extent of impacts used in calculations, and whether the estimated amount is sufficient. The office may accept, modify, or reject the financial assurance estimate.

5. *Submittal of financial assurance.* After approval of the financial assurance amount and prior to the office's issuance of a notice of completion, the enrollee shall submit an originally-signed financial assurance mechanism to the office. The mechanism shall be in effect when submitted. An enrollee may satisfy this requirement by establishing one or more financial assurance mechanisms. If multiple financial assurance mechanisms are used, the enrollee shall specify at least one such mechanism as "primary" coverage and shall specify the other mechanisms as "excess." An enrollee with obligations for providing financial assurance for multiple sites may combine the required financial assurances for all sites into one or more financial assurance mechanisms.

6. *Adjustment of amount of financial assurance.* The office shall review the dollar amount of financial assurance at least once every five years. During the review, the office may adjust the amount for inflation based on the United States consumer price index. In addition, the enrollee may request at any time that the amount of financial assurance be adjusted based on factors occurring since the posting of the existing financial assurance. The enrollee shall describe in writing the basis for the adjustment request.

7. *Release of financial assurance.* The office may release the financial assurance or a portion of the financial assurance, and in doing so shall:

- A. notify the enrollee in writing of any release or modification;
- B. modify the financial assurance requirement to reflect the release or modification of the financial assurance required; and
- C. return to the enrollee such released financial assurance, if applicable, with the notice.

8. *Substitution of financial assurance.* If the enrollee requests substitution of one type of financial assurance for another, the enrollee shall submit to the office a proposal for alternate financial assurance. The alternate financial assurance must be as secure or more secure than the existing financial assurance as determined by the office. Upon approval and receipt of the alternate financial assurance by the office, the office shall release the existing financial assurance and the office shall notify the enrollee in writing. § 43-1410(c).

[d.] *c. Change of use.* 1. A person or entity proposing to make a change of use, except for a transfer of title to a qualified local brownfield site that results in a change in the party implementing a site management plan, shall provide written notification to the office at least sixty days before the proposed change of use.

2. The notice shall advise the office of the proposed change, including, but not limited to, explaining how such change may affect the site's proposed, ongoing, or completed remedial program.

3. The notice shall include:

Brownfield Opportunity Area Local Match Grants

For Brownfield Opportunity Area (BOA) Local Match Grants, eligible services and/or activities must be reasonable, relevant, and directly related to the BOA scope of work. In order for these eligible costs to be reimbursed, they must be related to a work plan approved by the New York State Department of State pursuant to an executed State Assistance Contract and be appropriately documented in accord with the BOA Record Keeping and Payment Guide. See the guidance for the BOA Program issued by the New York State Department of State for questions or clarification regarding eligible and ineligible costs. **For a Step 1 BOA award and a step 2 BOA award, the total amount of reimbursable expenses may not surpass the grant limit of the lesser of \$25,000 or 10% for each Brownfield Opportunity Area Grant award.** For Brownfield Opportunity Area Local Match Grants made to a place-based brownfield community planning organization, eligible services and activities must be set forth in the organization's agreement with the Office.

^a All listed prices are inclusive of all subcontractor, professional oversight, materials and equipment costs.

^b The Grant Allowance amounts presented in Schedule B represent the maximum amounts up to which specified activities may be funded. An eligible service and activity will not necessarily be funded up to that maximum amount.

^c Pursuant to Section 43-1423(b)(4), predevelopment and environmental investigation grants, other than for preferred community development projects where the developer is a not-for-profit corporation, are reimbursed subject to the grant payment percentage limit of 75% for eligible costs for approved services and activities.

^d This column applies to preferred community development projects where the developer or community based organization is a not-for-profit corporation. Pursuant to Section 43-1423(b)(4), such projects are not subject to the grant payment percentage limit.

^e Reimbursement up to \$30,000 subject to the project award cap. This payment is intended to cover all remedial investigation activities and all document preparation activities including: a remedial investigation work plan, a Phase I environmental site assessment, a remedial investigation report, sampling, field oversight, mobilization, monitoring, chemical analysis and a remedial action work plan. This activity can only be selected for projects that have enrolled in the City voluntary cleanup program and no other costs for remedial investigation or remedial work plan preparation may be claimed.

^f Reimbursement up to \$30,000 subject to the project award cap. This payment is intended to cover all remedial action oversight activities and all document preparation activities including: field oversight by staff, daily reports, CAMP monitoring and equipment, HASP monitoring, sample collection, and preparation of a remedial action report. It does not cover construction of remedial systems including engineering controls. This activity can only be selected for projects that have enrolled in the City voluntary cleanup program and no other costs for remedial action oversight or remedial action report preparation may be claimed.

^g Reimbursement for field oversight consists of oversight of active remedial work by a qualified environmental professional, CAMP monitoring equipment, HASP monitoring, and the collection of samples. The deliverable is a daily report that identifies the qualified environmental professional.

^h Eligible activities consist of the purchase of Pollution Legal Liability, Contractors Pollution Liability and Cleanup Cost Cap Insurance. The total amount of reimbursable expenses may not surpass the grant limits established in Schedule A. Purchase of environmental insurance for a project that subsequently enrolls in the City voluntary cleanup program is an eligible expense following program enrollment.

NEW YORK CITY RENT GUIDELINES BOARD NOTICE OF OPPORTUNITY TO COMMENT PROPOSED 2017 APARTMENT AND LOFT ORDER (#49)

Notice of Opportunity to Comment on Proposed Rent Guidelines Governing Rent Levels in the following accommodations subject to the Rent Stabilization Law of 1969, as amended: Apartments and Lofts.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE NEW YORK CITY RENT GUIDELINES BOARD BY THE RENT STABILIZATION LAW OF 1969, as amended, and the Emergency Tenant Protection Act of 1974, as amended, and as implemented by Resolution No 276 of 1974 of the New York City Council, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Rent Guidelines Board (RGB) hereby proposes the following levels of fair rent increases over lawful rents charged and paid on September 30, 2017. These rent adjustments will apply to rent stabilized apartments with leases commencing on or after October 1, 2017 and through September 30, 2018. Rent guidelines for loft units subject to Section 286 subdivision 7 of the Multiple Dwelling Law are also included in this order.

PROPOSED RENEWAL ADJUSTMENTS FOR APARTMENTS

Together with such further adjustments as may be authorized by law, the annual adjustment for renewal leases for apartments shall be:

For a **one-year** renewal lease commencing on or after **October 1, 2017** and on or before **September 30, 2018**: **1% - 3%**

For a **two-year** renewal lease commencing on or after **October 1, 2017** and on or before **September 30, 2018**: **2% - 4%**

These adjustments for renewal leases shall also apply to dwelling units in a structure subject to the partial tax exemption program under Section 421a of the Real Property Tax Law, or in a structure subject to Section 423 of the Real Property Tax Law as a Redevelopment Project.

PROPOSED VACANCY ALLOWANCE FOR APARTMENTS

No vacancy allowance is permitted except as provided by the Rent Regulation Reform Act of 1997 and the Rent Act of 2015.

PROPOSED ADDITIONAL ADJUSTMENT FOR RENT STABILIZED APARTMENTS SUBLET UNDER SECTION 2525.6 OF THE RENT STABILIZATION CODE

In the event of a sublease governed by subdivision (e) of Section 2525.6 of the Rent Stabilization Code, the allowance authorized by such subdivision shall be: **10%**.

PROPOSED ADJUSTMENTS FOR LOFTS (UNITS IN THE CATEGORY OF BUILDINGS COVERED BY ARTICLE 7-C OF THE MULTIPLE DWELLING LAW)

The Rent Guidelines Board **proposes** the following levels of rent increase above the "base rent," as defined in Section 286, subdivision 4,

of the Multiple Dwelling Law, for units to which these guidelines are applicable in accordance with Article 7-C of the Multiple Dwelling Law:

For **one-year** increase periods commencing on or after **October 1, 2017** and on or before **September 30, 2018**: **1% - 3%**

For **two-year** increase periods commencing on or after **October 1, 2017** and on or before **September 30, 2018**: **2% - 4%**

VACANT LOFT UNITS - PROPOSAL

No Vacancy Allowance is permitted under this Order. Therefore, except as otherwise provided in Section 286, subdivision 6, of the Multiple Dwelling Law, the rent charged to any tenant for a vacancy tenancy commencing on or after **October 1, 2017** and on or before **September 30, 2018** may not exceed the "base rent" referenced above plus the level of adjustment permitted above for increase periods.

FRACTIONAL TERMS - PROPOSAL

For the purposes of these guidelines any lease or tenancy for a period up to and including one year shall be deemed a one year lease or tenancy, and any lease or tenancy for a period of over one year and up to and including two years shall be deemed a two-year lease or tenancy.

ESCALATOR CLAUSES - PROPOSAL

Where a lease for a dwelling unit in effect on May 31, 1968 or where a lease in effect on June 30, 1974 for a dwelling unit which became subject to the Rent Stabilization Law of 1969, by virtue of the Emergency Tenant Protection Act of 1974 and Resolution Number 276 of the New York City Council, contained an escalator clause for the increased costs of operation and such clause is still in effect, the lawful rent on **September 30, 2017** over which the fair rent under this Order is computed shall include the increased rental, if any, due under such clause except those charges which accrued within one year of the commencement of the renewal lease. Moreover, where a lease contained an escalator clause that the owner may validly renew under the Code, unless the owner elects or has elected in writing to delete such clause, effective no later than **October 1, 2017** from the existing lease and all subsequent leases for such dwelling unit, the increased rental, if any, due under such escalator clause shall be offset against the amount of increase authorized under this Order.

SPECIAL ADJUSTMENTS UNDER PRIOR ORDERS - PROPOSAL

All rent adjustments lawfully implemented and maintained under previous apartment orders and included in the base rent in effect on **September 30, 2017** shall continue to be included in the base rent for the purpose of computing subsequent rents adjusted pursuant to this Order.

PROPOSED SPECIAL GUIDELINE

Under Section 26-513(b)(1) of the New York City Administrative Code, and Section 9(e) of the Emergency Tenant Protection Act of 1974, the Rent Guidelines Board is obligated to promulgate special guidelines to aid the State Division of Housing and Community Renewal in its determination of initial legal regulated rents for housing accommodations previously subject to the City Rent and Rehabilitation Law which are the subject of a tenant application for adjustment. The Rent Guidelines Board hereby **proposes** the following Special Guidelines:

For dwelling units subject to the Rent and Rehabilitation Law on **September 30, 2017**, which become vacant after **September 30, 2017**, the special guideline shall be 33% above the maximum base rent.

DECONTROLLED UNITS - PROPOSAL

The permissible increase for decontrolled units as referenced in Order 3a, which become decontrolled after **September 30, 2017**, shall be 33% above the maximum base rent.

CREDITS - PROPOSAL

Rentals charged and paid in excess of the levels of rent increase established by this Order shall be fully credited against the next month's rent.
