"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

• Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)

Department for the Aging (DFTA)

Department of Consumer Affairs (DCA)

Department of Corrections (DOC)

Department of Health and Mental Hygiene (DOHMH)

Department of Homeless Services (DHS)

Department of Probation (DOP)

Department of Small Business Services (SBS)

Department of Youth and Community Development (DYCD)

WINTEL PHONES AND HANDSETS - Sole Source - Available only from a single source - PIN# 2-1602-0083-2018 - Due 12-19-17 at 11:00 A.M.

Wintel (An Independent Technologies Company) is a manufacturer of inmate telephones and communication equipment. Wintel is the sole and exclusive manufacturer of its products and is the only distributor of its products.

Wintel manufactures the highest quality inmate telephones, handsets, visitation kits, visitation phones, private speakerphones, cord free phones, and associated replacement parts for all. Studies done in actual inmate facilities have shown that Wintel phones and handsets have a significantly lower replacement rate (by a factor of at least 4-times) than any competing brand. This is important because it means fewer out of service conditions and fewer visits by technicians to repair or replace defective equipment.

Wintel is a division of Independent Technologies Inc. In addition to telephones and handsets, Independent Technologies is an engineering and design firm that makes a variety of test equipment for telecommunications phone lines and systems. This same engineering expertise is one of the reasons Wintel inmate phone equipment is specifically designed to work in the inmate communications arena.

Wintel equipment works with all of the platforms of the major inmate facility communications systems providers.

Due to the relatively unique jail environment that the New York City Department of Correction (NYCDOC) maintains, and having tried a number of different model phones within NYCDOC facilities over the years, the Department have found that the Wintel phones are the most durable, during repeated use of its products. Further, NYCDOC seeks to continue the Wintel branded, as hundreds of these phones were deployed over the years making it ideal to continue the use of the same style phone which enables DOC to swap parts between phones as they break, and also making it easier for DOC employees to install these phones properly.

Any firm which believes it can provide the required goods and/or services in the future is invited to express interest via email to yung. wong@doc.nyc.gov. The vendor must have specific expertise to provide Pre-Employment Psychological Testing Materials, which includes a test booklet and answer sheet owned exclusively by Johnson, Roberts, and Associates Inc.
