ARTICLE IX - SPECIAL PURPOSE DISTRICTS

Chapter 3
Special Hudson Yards District

93-00
GENERAL PURPOSES

The "Special Hudson Yards District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to facilitate and guide the development of an environmentally beneficial, transit-oriented business and residence district by coordinating high density development with expanded mass transit facilities, extended and improved subway lines, improved pedestrian access to mass transit facilities, improved pedestrian circulation and avoidance of conflicts with vehicular traffic;
(b) to control the impact of buildings on the access of light and air to the streets and avenues of the Hudson Yards area, and the surrounding neighborhoods;
(c) to provide an open space network comprised of public parks, public open space and public access areas through the establishment of a large-scale plan and other controls and incentives;
(d) to preserve the pedestrian orientation of ground floor uses, and thus safeguard a traditional quality of the City;
(e) to preserve the low- and medium-scale residential character of the Hell's Kitchen area;
(f) to provide a transition between the Hudson Yards District and the Clinton community to the north;
(g) to provide a transition between the Hudson Yards District and the Garment Center to the east;
(h) to provide a transition between the Hudson Yards District and the West Chelsea area to the south;
(i) to promote the use of the Jacob K. Javits Convention Center to the west by creating an active and attractive business district that facilitates pedestrian access to the Center;
(j) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms;
(k) to provide a transition between the Hudson Yards District and the Hudson River to the west;
(l) to facilitate the restoration and reuse of the High Line elevated rail line as an accessible, public open space through special height and setback regulations;
(m) to promote the most desirable use of land and building development in accordance with the District Plan for the Hudson Yards and thus conserve the value of land and buildings and thereby protect the City's tax revenues; and
(n) to limit the amount of off-street parking based on regulations that address the anticipated needs of residents, workers and visitors to the Hudson Yards Area, consistent with the objective of creating an area with a transit- and pedestrian-oriented neighborhood character.

93-30
SPECIAL FLOOR AREA REGULATIONS

* * *

93-32
Floor Area Regulations in the Phase 2 Hudson Boulevard and Park

In the #Phase 2 Hudson Boulevard and Park#, no #development# shall be permitted and, except as provided in Section 93-051 (Applicability of Article I, Chapter 1), no #building# shall be #enlarged#. However, #floor area# from a granting site within the #Phase 2 Hudson Boulevard and Park# may be transferred to a receiving site in accordance with the provisions of Paragraph (a) of this Section.

For the purposes of this Section, a "granting site" shall mean a #zoning lot#, or portion thereof, within the #Phase 2 Hudson Boulevard and Park# and the #lot area# of such granting site shall include any area on such site designated on the City Map as Hudson Boulevard or #public park#, and a "receiving site" shall mean a #zoning lot#, or portion thereof, within Subareas A2 through A5 of the Large-Scale Plan Subdistrict A or Subareas D1 or D2 of Hell's Kitchen Subdistrict D, to which #floor area# from a granting site has been transferred.

Special regulations for certain #zoning lots# partially within the #Phase 2 Hudson Boulevard and Park# are set forth in Section 93-33.

(a) Transfer of floor area by certification

The Chairperson of the City Planning Commission shall allow, by certification, the applicable basic maximum #floor area ratio# of a receiving site to be increased up to the maximum amount specified in Section 93-21 or 93-22, as applicable, through the transfer of #floor area# from a granting site, provided that:

(1) the maximum amount of #floor area# transferred from a granting site shall not exceed the #floor area ratio# permitted on the granting site, as listed below, less any existing #floor area# to remain on the granting site:

Table with 2 columns: District, Maximum #floor area ratio#. Rows include C2-8 (7.5), C6-2 (6.02), C6-4 (10.0), M1-5 (5.0).

(2) each transfer, once completed, irrevocably reduces the amount of #floor area# that may be transferred from the granting site by the amount of #floor area# transferred;

(3) the maximum amount of #floor area# transferred to a receiving site shall be based on an amount not to exceed the #floor area ratio# permitted on a #zoning lot# through such transfer, pursuant to Section 93-21 or 93-22, as applicable. In the event a granting site generates more #floor area# than is permitted on a receiving site, the Chairperson shall certify that such excess #floor area# be credited towards future #floor area# transfers, pursuant to this Section; and

(4) where all #floor area# shall be transferred from a granting site, pursuant to one or more such certifications, all certificates of occupancy have been surrendered for such granting site, all structures on such granting site have been demolished, and such granting site has been conveyed to the City for improvement, where applicable, as a #public park# or #street#, as provided for on the City Map.

Where, as a result of the transfer of #floor area#, pursuant to this Paragraph (a), the amount of #floor area# on a receiving site is less than the maximum allowable as specified for the applicable subarea in Row B in the table in Section 93-21 and Row C in the table in Section 93-22, any additional #floor area#, up to the maximum #floor area ratio# permitted on the receiving site as specified in such rows, may be achieved only through contributions to the #Hudson Yards District Improvement Fund#, pursuant to Section 93-31 (District Improvement Fund Bonus), an increase in #floor area#, pursuant to Paragraph (b) of this Section or Section 93-33 (Special Regulations for Residual Portions of Zoning Lots Partially Within the Phase 2 Hudson Boulevard and Park), or the Inclusionary Housing Program, pursuant to Section 23-154, as modified by Section 93-23.

An application filed with the Chairperson for the transfer of #floor area#, pursuant to this Paragraph (a) shall be made jointly by the owners of the granting site and receiving site, and shall include a site plan and #floor area# zoning calculations for the granting site and the receiving site, and a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer, together with notice of the restrictions upon further development of the granting site and the receiving site.

Notices of restrictions shall be filed by the owners of the granting site and receiving site in the Borough Office of the Register of the City of New York, indexed against the granting site and the receiving site, a certified copy of which shall be submitted to the Chairperson of the Commission. Receipt of certified copies thereof shall be a pre-condition to issuance of any building permit, including any foundation or alteration permit, for any #development# or #enlargement# on the receiving site which incorporates #floor area# transferred, pursuant to this Paragraph (a).

(b) Authorization for contribution-in-kind

The City Planning Commission may authorize a contribution-in-kind to the #Hudson Yards District Improvement Fund# for a receiving site, provided that:

- 1. the conditions for transferring # floor area# set forth in Paragraph (a) of this Section have been met as of the date of the authorization or will be met in accordance with agreements or instruments entered into, pursuant to paragraph (b)(3) of this Section;

(2) the granting site will be improved, at the applicant's expense, as a #public park# or #street#, as provided for on the City Map, prior to conveyance to the City; and

(3) the applicant, or an affiliate of such applicant, has entered into an agreement or provided instruments in a form satisfactory to the City, providing for the improvement of the granting site as a #public park# or #street#, pursuant to an agreed-upon construction schedule. The construction schedule may be adjusted from time to time in accordance with the provisions of such agreement or instruments and shall include progress milestones, including the date by which the improvements will be 50 percent complete, and a date by which the improvements will be substantially complete and usable by the public. In the event that the conditions for transferring #floor area# set forth in Paragraph (a) of this Section have not been completed as of the date of this authorization, such agreement or instruments shall also provide that such conditions will be met, to the extent applicable, pursuant to an agreed-upon schedule.

In order to grant such authorization, the Commission shall find that the #public park# or #street# has been designed in accordance with the approved plan for the Hudson Boulevard and Park, or as an appropriate interim design, in consultation with the Department of Parks and Recreation or Department of Transportation.

[All of the following text of this section, which was not previously indented, is indented 0.5" and included as part of Paragraph (b).]

The amount of increased #floor area# generated by the contribution-in-kind shall be as determined by the Commission, which The Commission shall determine the reasonable cost of such improvement, including any acquisition and site preparation costs, and shall permit a #floor area# bonus in relation thereto divide this reasonable cost by the contribution amount per square foot of the District Improvement Bonus, as determined, pursuant to Section 93-31, and in effect on the date of authorization of the contribution-in-kind, pursuant to this paragraph (b), in order to determine the amount of increased #floor area# generated by the contribution-in-kind. In making such determination, the Commission may consult with an appraiser or engineer at the applicant's expense. In the event the contribution-in-kind results in an amount of #floor area# in excess of what is permitted on the receiving site, the Commission shall authorize that such excess #floor area# be credited towards future #floor area# increases, pursuant to Section 93-31.

The owner of the receiving site shall not apply for or accept a temporary certificate of occupancy for that portion of the #development# or #enlargement# identified as utilizing the increased #floor area# permitted, pursuant to this Paragraph (b), and the Department of Buildings shall not issue a temporary certificate of occupancy for such portion until the Chairperson has certified that the improvements are substantially complete and usable by the public. The owner shall not apply for or accept a permanent certificate of occupancy for such portion of the #development# or #enlargement# nor shall the Department of Buildings issue a permanent certificate of occupancy for such portion until the improvements have been finally completed in accordance with the approved plans and such final completion has been certified by the Chairperson. A restrictive declaration in a form acceptable to the Chairperson shall be recorded against the receiving site in the Office of the Register of the City of New York in order to implement such restrictions.

An application filed with the Chairperson of the Commission for the transfer of #floor area# contribution-in-kind, pursuant to this Section Paragraph (b) shall be made jointly by the owners or contract vendees of the granting site and receiving site and shall, in all instances, include the party responsible either directly or through its affiliate, for the improvement of the granting site as a #public park# or #street#, pursuant to the agreement or instruments entered into, pursuant to Paragraph (b)(3) of this Section, a site plan and #floor area# zoning calculations for the granting site and the receiving site, and a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer, together with notice of the restrictions upon further development of the granting site and the receiving site.

Notice of restrictions shall be filed by the owners of the respective sites in the Borough Office of the Register of the City of New York, indexed against the granting site and the receiving site, a certified copy of which shall be submitted to the Chairperson of the Commission. Receipt of certified executed copies thereof shall be a pre-condition of the agreement or instruments required, pursuant to Paragraph (b)(3) of this Section, and of copies of the recorded restrictive declaration, shall be a precondition to the issuance of any a building permit, including any foundation or alteration permit, for any #development# or #enlargement# on the receiving site that incorporates a #floor area# bonus granted, pursuant to this paragraph (b) .

In no event shall a building permit for a #development# or #enlargement# utilizing a #floor area# increase, pursuant to this Paragraph (b) be granted for the receiving site until the Chairperson provides notice to the Commissioner of Buildings that the applicant, or affiliate responsible for the improvement of the granting site, has provided acceptable evidence of site control for purposes of construction of the improvement.

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- **Win More Contracts at nyc.gov/competetowin**

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)
Department of Corrections (DOC)
Department of Health and Mental Hygiene (DOHMH)
Department of Homeless Services (DHS)
Department of Probation (DOP)
Department of Small Business Services (SBS)
Department of Youth and Community Development (DYCD)

Services (other than human services)

SECURITIES LITIGATION COUNSEL - Competitive Sealed Proposals - Judgment required in evaluating proposals - PIN#02518X100004 - Due 4-18-18 at 5:00 P.M.

The New York City Law Department (the "Department"), on behalf of the New York City pension funds and retirement systems and retirement savings plans, is seeking to establish a pool of appropriately qualified law firms to, upon request, serve as evaluation counsel to the Department (services that will entail evaluating potential securities claims and recommending courses of action with respect to particular litigation matters), and to serve as litigation counsel or as co-counsel with the Department in specific domestic securities litigation matters undertaken on behalf of the pension funds and retirement systems and retirement savings plans. Counsel in the pool may also recommend and participate in recovery efforts outside of the United States. The Department seeks to enter into contracts with several law firms that may be asked, from time to time, to serve as evaluation counsel or litigation counsel to these entities in accordance with selection processes described in the RFP. To be considered, proposers must possess expertise in securities litigation, including class actions and shareholder derivative litigation, as well as corporate governance and

shareholder rights issues, and the resources to conduct extensive discovery and proceed through trial, judgment and appeals in complex securities lawsuits. Law firms with expertise in securities litigation, especially litigation on behalf of public pension funds, are encouraged to request a copy of the RFP and to submit a proposal in response.

A Pre-Proposal Conference will be held on March 29, 2018, from 2:00 P.M. to 3:00 P.M., in the offices of the Department, located at 100 Church Street, New York, NY. The purpose of the Conference is to answer any questions prospective proposers may have regarding the RFP and the requested services. Attendance is not mandatory.

An electronic copy of the RFP may be obtained, beginning March 15, 2018, by sending an email to afajans@law.nyc.gov. Completed proposals are due no later than 5:00 P.M., on April 18, 2018. If you have questions about the RFP, or if you plan to attend the Pre-Proposal Conference, please contact Anita Fajans, Deputy Agency Chief Contracting Officer and Senior Counsel, by sending an email to afajans@law.nyc.gov, copy to Esther Tak, Senior Counsel, etak@law.nyc.gov.

Construction Related Services

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION, NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR" AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS.

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construct its parks, playgrounds, beaches, gardens and green-streets. DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

* Firms that are in the process of becoming a New York City-Certified M/WBE, may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has begun the Certification process.
