With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should

frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;

NOTE:

1. As of February 9, 2018, the Bio-Diesel Blender Tax Credit was retroactively reinstated for calendar year 2017. Should the tax credit be further extended, contractors will resume deducting the tax credit as a separate line item on invoices.

- Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.
- The National Oilheat Research Alliance (NORA) resumed operations in 2014. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. NORA has been authorized through February 2019. All other terms and conditions remain unchanged.
- DCAS has registered contract #20181202926/3887214 for Renewable Hydrocarbon Diesel Demonstration Project. The following NYC agencies are authorized to participate: DCAS, DOT, DPR, DSNY, DEP. However, other agencies may participate with prior DCAS' approval.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E85, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.

OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

**New York City Office of Management and Budget (NYCOMB)
Community Development Block Grant - Disaster Recovery
(CDBG-DR)
Trust for Public Land Project
Early Notice and Public Review of a Proposed Activity in
a 100-Year Floodplain**

To: All Interested Agencies, Groups, and Individuals:

This is to give notice that The City of New York (the City) is proposing to undertake activities within a 100-year floodplain relating to the United States Department of Housing and Urban Development's (HUD) Community Development Block Grant - National Disaster Resilience (CDBG-NDR) program. Pursuant to the Disaster Relief Appropriations Act, 2013 (Public Law 113-2) and competitively awarded under a Notice of Funding Availability (#1-R-5800-N-29A2) the New York City Office of Management and Budget (OMB) is acting as a recipient of funding allocated via the National Disaster Resilience Competition. This notice is required by Section 2(a)(4) of Executive Order (EO) 11988 for Floodplain Management and is implemented by HUD Regulations found at 24 CFR 55.20(b) for the HUD action that is within and/or affects a floodplain.

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains and who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Second, an adequate public notice program can be an important public educational tool. The dissemination of information about floodplains can facilitate and enhance Federal efforts to reduce the risks associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains, it must inform those who may be put at greater or continued risk.

Project Description

The proposed project would involve the renovation and improvement of existing playground facilities at two public schools in the Two Bridges neighborhood which is located in the borough of Manhattan in New York City. Public school 2 (PS 2), Meyer London, is located at 122 Henry Street, New York, NY 10002. Public school 184 (PS 184), Shuang Wen, is located at 327 Cherry Street, New York, NY 10002.

PS 2 is a preschool and elementary school for students from pre-kindergarten to 5th grade. The area which would be renovated consists of an approximately 0.73 acre paved recreational area which currently contains playground equipment. This proposed action site is outside of the special flood hazard area (SFHA) according to both the Federal Emergency Management Agency (FEMA) 2007 flood insurance rate map (FIRM) and the 2015 preliminary FIRM.

PS 184 is a Mandarin Chinese and English bilingual elementary and middle school for pre-kindergarten to 8th grade students. The area which would be renovated consists of an approximately 1.09 acre paved recreational area which currently contains playground equipment and five tennis courts. This proposed action site falls outside of the 100 year floodplain according to the FEMA 2007 FIRM. However, according to the 2015 preliminary FIRM, the southern border of this proposed action site intersects with the 100 year floodplain.

For both proposed action sites a participatory design process will take place which will be led by the Trust for Public Land and their project consultants and will engage students, parents and staff from each school in addition to members of the community. This process would result in redesigned playspaces which may include features such as running tracks; athletic courts; upgraded play equipment; trees, gardens and plantings; gazebos; outdoor classrooms; benches; game

tables; student artwork; signage; trash and recycling receptacles; and drinking fountains.

An additional goal of the proposed project is to incorporate green infrastructure features such as artificial turf fields with gravel underlays; bioswales; permeable pavers; and rain gardens into project design. Installation of these elements would require removal of existing pavement and excavation of fill. For the purposes of this assessment it is assumed that ground disturbance up to two feet below the surface would occur throughout the proposed project area. Installation of green infrastructure features at both proposed action sites would result in a substantial amount of stormwater capture, thus contributing to the flood resilience of the surrounding community.

All interested persons, groups and agencies are invited to submit written comments regarding the proposed use of federal funds to support a project located in a floodplain. The City is interested in alternatives and public perceptions of possible adverse impacts that could result from the project as well as potential mitigation measures. Maps of the proposed action sites; schematic design plans; and maps of the proposed location of activities within a 100 year floodplain are available at:

<http://www1.nyc.gov/site/cdbgdr/documents/environmental-records.page>

Written comments should be sent to OMB at 255 Greenwich Street, 8th Floor, New York, NY 10007, Attention: Calvin Johnson, Assistant Director CDBG-DR or via email at CDBGDR-Enviro@omb.nyc.gov. The minimum 15 calendar day comment period will begin the day after the publication and end on the 16th day after the publication. Such comments should be received by OMB on or before August 13, 2018.
