### BOROUGH PRESIDENT - BROOKLYN

#### ■ PUBLIC HEARINGS

**NOTICE IS HEREBY GIVEN** that, pursuant to Section 201 of the New York City Charter, the Brooklyn Borough President, will hold a public hearing on the following matters in the Community Room of Brooklyn Borough Hall, 209 Joralemon Street, Brooklyn, NY 11201, commencing at 6:00 P.M., on August 23, 2018.

#### Calendar Item 1 — 29 Jay Street (190344 ZMK, 180345 ZRK)

An application submitted by Forman Ferry, LLC, pursuant to Sections 197-c and 201 of the New York City Charter, for a zoning map amendment to change the western portion of a block bounded by Bridge Street, Jay Street, John Street, and Plymouth Street in Brooklyn Community District 2 (CD 2) from an M1-4/R8A district to M1-6/R8X, and zoning text amendments to modify Sections 123-63 and 123-66 of the New York City Zoning Resolution (ZR) to add R8X to the list of residential districts mapped in the MX-2 Special Mixed Use District, and allow the base street wall height of developments in the rezoning area to be increased based on the street wall heights of adjacent buildings. Such actions would facilitate the development of an approximately 189,500 square-foot building with a commercial Floor Area Ratio (FAR) of 10.0 and a total height of 148 feet, according to the maximum FAR permitted under the M1-6/R8X (MX-2) zoning district, without the inclusion of permissible residential development rights. The envisioned building would contain ground-floor retail and office uses.

Directing that an EIS be prepared, the Environmental Assessment Statement, Positive Declaration, and Draft Scope of Work were issued by the lead agency on August 14, 2018, and are available for review from the contact persons listed below.

TF Cornerstone, Inc., and the New York City Economic Development Corporation (EDC), on behalf of the Deputy Mayor for Housing and Economic Development, the co-applicants, are proposing a number of discretionary actions to facilitate the redevelopment of two sites located along either side of 44th Drive in Long Island City, Queens: the "Waterfront Site" includes Block 489/Lot 23 and Block 488/ part of Lot 15, and the "Inland Site" includes Block 24/Lot 7 (the "proposed project"). The applicant proposes to redevelop the sites with approximately 1.75 million gross square feet (GSF) of space, including

market rate and affordable residential units, office and incubator space, light manufacturing, artist workspace, retail, and community facility space. There would be a new, approximately one-acre publicly accessible open space along the East River waterfront. The proposed project also allows for a new 536-seat school, which would be constructed by the School Construction Authority (SCA). Existing parking on the development site used by the New York City Department of Education (DOE) will be relocated to interim sites elsewhere in Long Island City during the project's construction.

Currently, the Waterfront Site includes a parking area for DOE, which occupies the building immediately to the east of the site. The area along the East River includes dilapidated platform structures as well as a pile-supported building formerly used as a restaurant at the foot of 44<sup>th</sup> Drive. A mapped but unbuilt portion of 44th Road runs through the northern part of the Waterfront Site. The Inland Site currently houses a set of single-story buildings used by NYCDOT. The NYCDOT facility houses two operations units responsible for mending potholes and road obstructions throughout all five boroughs and sidewalk repair and emergency snow removal in Manhattan and Queens.

As part of the proposed actions the NYCDOT operations will be relocated to a newly constructed facility, the "DOT Relocation Site" at 38-21 12th Street (Block 472/Lot 646). This site, about three quarters of a mile to the north of the existing facility is bounded by 38th Avenue, 12th Street and 13th Street. Currently, this site includes shed-like industrial structures and vehicle storage areas.

The two interim parking areas proposed for DOE use are existing parking facilities located to the south and east of the Waterfront and Inland Sites. No new construction is proposed for these sites, and the proposed uses are consistent with allowable zoning and land use requirements. The garage at 45-45 Center Boulevard at the northern end of the Queens West development will accommodate smaller vehicles, while the surface lot at 5-02 54th Avenue along Newtown Creek, will accommodate larger vehicles. A 2024 analysis year will be assumed for the EIS.

It is currently anticipated that the Long Island City Innovation Center may require the following discretionary approvals:

- Zoning Map Amendments: to create a new MX-18 (M1-5/R9) mixed use district along the Long Island City Waterfront, on Zoning Map 9b;
- Zoning Text Amendments:
  - To create a new MX-18 special district with certain bulk and use provisions,
  - To provide floor area exemptions and zoning waivers, and
  - To identify the project area as a Mandatory Inclusionary Housing Area.
- Zoning Special Permit: for a Large Scale General Development (LSGD) Special Permit (ZR§ 74-743);
  - Additional waivers may be sought for bulk, use, distribution of floor area, loading and lot coverage.
- City Map Change:
  - To demap portions of the street along the north and south sides of 44th Drive, from Vernon Blvd toward the waterfront, and
  - To demap all of 44th Road from Vernon Boulevard to the waterfront.
- Authorization to modify design and certain waterfront public access requirements (ZR § 62-822);
- Disposition of City-Owned Property, pursuant to 384(b)(4) of the New York City Charter, for:
  - City-Owned; Block 488, Lot part of 15; Block 489, Lot 23; and Block 24, Lot 7;
- Acquisition/Site Selection:
  - The City to acquire Block 472, Lot 646.

In addition, a Chair Certification for Waterfront Public Access Areas (ZR§ 62-811) would be required.

Pursuant to ULURP, the new NYCDOT facility (Block 472, Lot 646) will require a site selection and a Fair Share analysis.

In the future the developer may seek funding by the New York City Housing Preservation and Development or the New York City Housing Development Corporation to facilitate the development of permanently affordable housing and/or public financing by the New York City Industrial Development Agency for economic development purposes.

## NOTICE OF PUBLIC SCOPING

The City of New York's success in dramatically reducing crime and lowering the number of people in jail, coupled with the grassroots support for closing Rikers Island Correctional Facility (Rikers Island) has allowed for the City, through the New York City Department of Correction (DOC), to propose implementing a borough-based jail system as part of the City's continued commitment to create a modern, humane and safe justice system and close the jails on Rikers Island. This proposed project would establish four new detention facilities in the Bronx (320 Concord Avenue), Brooklyn (275 Atlantic Avenue), Manhattan (80 Centre Street), and Queens (126-02 82nd Avenue). Each proposed location is currently on City-Owned property. In accordance with the rules and procedures of the City Environmental Quality Review (CEQR), a Draft Environmental Impact Statement (DEIS) will be prepared. The Environmental Assessment Statement and DEIS Draft Scope of Work may be obtained by any member of the public at <https://a002-ceqraccess.nyc.gov/ceqr/>. “The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

**Participating NYC Agencies**

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)

- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)

**CONTINUITY OF MEDICAL SERVICES AT BRONX AND QUEENS SCHOOL BASED HEALTH CENTERS** - Negotiated Acquisition - Other - PIN#18PH022200R0X00 - Due 8-27-18 at 11:00 A.M.

DOHMH's overall goal for School Based Health Centers (SBHC), is to improve the physical and mental health status of students enrolled in these schools and ensure that all SBHCs serving New York City High School students, are provided with these on-site services. To ensure that these services are ongoing in New York City Communities, DOHMH, intends to enter Negotiated Acquisitions with two (2) medical providers; Children's Aid Society and Urban Health Plan, to operate and provide medical and comprehensive services at three current SBHC sites, located in the Bronx (X148 Charles Drew Education Campus and X066 Fannie Loue), and Queens (Q744 Elmhurst Campus). The contract term shall be from 9/1/2017 to 6/30/2021. DOHMH determined that it is advantageous to the City to procure the required SBHC services via a Negotiated Acquisition with Children's Aid Society and Urban Health Plan, who are Article 28, licensed by the New York State DOH, to operate these three SBHC sites, and has previously held contracts with the NYC Department of Education (DOE) to provide SBHC services, at the current Bronx and Queens SBHC sites.

This is not an invitation to submit a bid or proposals, however vendors may submit an expression of interest if they feel that they can provide these services for this procurement or procurements in the future for these type of services. Expressions of interest and questions should be submitted via email to swillia9@health.nyc.gov.

Pursuant to PPB Rule § 3-01(d)(3) and (4), the Agency Chief Contracting Officer, has determined that competitive sealed bidding and competitive sealed proposals are not practicable or advantageous, and that negotiated acquisition is the most competitive alternate method of source selection from those listed in § 3-01(d)(1) which is both appropriate under the circumstances and practicable and advantageous to the City.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

**SOLAR-POWERED AND WIRED REAL TIME PASSENGER INFORMATION (RTPI) TECHNOLOGIES IN NYC** - Request for Information - PIN#84119RFEI289 - Due 10-1-18 at 4:00 A.M.

This Request for Expressions of Interest (RFEI) is issued to invite interested vendors (the "Respondent(s)"), to help the New York City Department of Transportation's ("NYCDOT" or "DOT") conduct an evaluation of solar-powered real-time passenger information sign technologies ("solar RTPI signs"). These solar-powered signs will visually display real-time bus arrival information at bus stops in NYC, without requiring a wired power or data connection, and will contain an audible announcement component. Secondly, DOT is interested in evaluating new designs for wired RTPI sign technologies which could be paired with the solar designs. NYC DOT seeks effective technology and system approaches from interested firms that would accomplish these goals, taking into account the demanding New York City operating environment.

Following evaluation of the Responses to this RFEI, the agency may, at its sole discretion, enter into a Demonstration Project Agreement with one or more Respondents. The RFEI is available for download at the following webpage: <http://www.nyc.gov/html/dot/html/about/doing-business.shtml>.

Any inquiries concerning this RFEI should be directed by email, under the subject line "Real Time Passenger Information Questions" to [dmaco@dot.nyc.gov](mailto:dmaco@dot.nyc.gov). The Scope of Work includes the provision professional engineering services and expertise to help the Authority develop a strategic Structural Health Monitoring (SHM) plan for its bridges and tunnels and Weigh-in-Motion (WIM) systems for the Authority's bridges. The objectives of this program are to: 1.) Provide better situational awareness of structural conditions in real time, to inform inspection and repair strategies; 2.) Provide better awareness of structural conditions in extreme events, to supplement hands-on inspection; 3.) Reduce inspection costs/supplement inspection data; and 4.) Monitor most vulnerable elements based on risk.

This study will be used to identify elements that need to be monitored, recommend the appropriate SHM and WIM systems, and identify the potential for integrating the proposed systems with each other and

with existing monitoring systems. As a first step the Consultant shall confirm and review existing SHM and WIM systems. The consultant shall then investigate and recommend the SHM and WIM systems that are necessary to achieve program objectives and develop a strategy, for their design and implementation at each facility. This strategy will inform the Authority's long term investment strategy, for its facilities and future Capital Programs.

#### **Statement of Basis and Purpose of Proposed Rule**

Under Section 2101 of the New York City Charter, the Business Integrity Commission (BIC) is authorized to regulate the trade waste industry. As provided in Administrative Code § 16-504(d), BIC has the authority to establish standards for service and the regulation of conduct of businesses licensed or registered, pursuant to Title 16-A of the Administrative Code, including but not limited to requirements governing the level of service to be provided by licensees, contracts for trade waste removal, billing form and procedures, the maintenance and inspection of records, the maintenance of appropriate insurance, and compliance with safety and health measures. Under Section 16-504(i), BIC is authorized to promulgate rules the Commission deems necessary and appropriate to effectively regulate the trade waste removal industry.

These rule amendments are designed to improve the safety of the general public. Specifically, the new amendments will require licensees to increase the limits on commercial general liability, business automobile liability, and employers' liability insurance, and require registrants to increase the limit on business automobile liability insurance.

The amendments will also require licensees and registrants to notify BIC of their drivers' Vehicle and Traffic Law violations and driver's license suspensions or revocations, crashes that involve a vehicle used in the licensee's or registrant's business, and to notify BIC of certain adverse actions by any Federal, State, and Local government authorities, including actions that result in the suspension or revocation of a permit, license or other permission required in connection with the operation of the licensee's or applicant's business or a penalty or fine of \$1,000 or more.

The amendments will also require licensees and registrants to maintain written policies and procedures regarding compliance with all of the laws, rules and regulations of Federal, State, and Local government authorities.

The amendments will also require licensees and registrants to maintain Report of Motor Vehicle Accident (MV-104) forms and other forms related to crashes, as well as adverse determinations by any Federal, State, and Local government authorities.

BIC's authority for these rules is found in Section 16-504 of the Administrative Code and Sections 1043(a) and 2101(b) of the New York City Charter.

New material is underlined; deleted text is in [] brackets.

Crash. The term "crash" means a traffic incident involving the impact of a vehicle with another vehicle, person or property. A crash includes, but is not limited to, those events referenced as "incidents" and "accidents" by the Vehicle and Traffic Law.

§ 2. Subchapter A of Chapter 1 of Title 17 of the Rules of the City of New York is amended by adding a new Section 1-12 to read as follows:

**§ 1-12 Disclosure of Certain Adverse Determinations by Governmental Agencies or Authorities.**

Whenever a licensee or registrant or an applicant for a license or registration is required by the Administrative Code or this Chapter to disclose, provide notification of or maintain any determination by any federal, state, or local governmental agency or authority against such licensee, registrant or applicant, or principal, employee or agent of such licensee, registrant or applicant, including but not limited to any judgment, decree, order, finding by or settlement agreement with such governmental agency or authority, such judgment, decree, order, finding or settlement must be disclosed if:

(a) it resulted or will result in the suspension or revocation of a permit, license or other permission required in connection with the operation of such licensee's, registrant's or applicant's business;

(b) it resulted or will result in a civil or administrative fine, penalty or settlement in excess of one thousand dollars (\$1,000) or any injunctive relief against such licensee, registrant or applicant, or principal, employee or agent of such licensee, registrant or applicant; or

(c) such determination relates to a violation of the Vehicle and Traffic Law or any other laws or regulations relating to the safe operation of a vehicle.

§ 3. Paragraphs 4, 5 and 6 of Subdivision (f) of Section 2-02 of Subchapter B of Chapter 1 of Title 17 of the Rules of the City of New York are amended to read as follows:

(4) Commercial General Liability Insurance with liability limits of no less than [one million dollars (\$1,000,000)] five million dollars (\$5,000,000) combined single limit per occurrence for bodily injury and property damage. The maximum deductible for such insurance shall be no more than [twenty-five thousand dollars (\$25,000)] fifty thousand dollars (\$50,000).

(5) Business Automobile Liability Insurance covering every vehicle operated by the licensee in his or her business, whether or not owned by the applicant, and every vehicle hired by the licensee with liability limits of no less than [one hundred thousand dollars (\$100,000) for personal injury to any one person and three hundred thousand dollars (\$300,000) for personal injury to two (2) or more persons and twenty-five thousand dollars (\$25,000) for damage to property] two million dollars (\$2,000,000) combined single limit per accident for bodily injury and property damage.

The policy or policies of insurance required by these rules must name the Commission as Certificate Holder and must be endorsed to state that coverage shall not be suspended, voided, canceled, or reduced in coverage or in limits except upon sixty (60) days prior written notice to the Commission. Failure to maintain continuous insurance coverage meeting the requirements of these rules will result in revocation of the license. Such policy or policies of insurance must be obtained from a company, or companies, duly authorized to do business in the State of New York with a Best's rating of no less than A:X unless specific approval has been granted by the Mayor's Office of Operations to accept a company with a lower rating. Two (2) certificates of insurance effecting the required coverage and signed by a person authorized by the insurer to bind coverage on its behalf, must be delivered to the Commission prior to the effective date of the license. A licensee must demonstrate that he or she has secured the insurance coverage required, pursuant to this section and must maintain such required insurance coverage throughout the term of the license.

§ 6. Section 2-05 of Subchapter B of Chapter 1 of Title 17 of the Rules of the City of New York is amended to read as follows:

**§ 2-05. Notification of Arrest, Conviction, Civil and Administrative Determinations, Vehicle Crashes, Suspension or Revocation of Driver's License, Traffic Violation, or Material Change in Information; Addition of New Principal or Employee.**

(a) (1) An applicant for a license or a licensee and an applicant for exemption from the requirement for a license or an applicant granted such exemption must notify the Commission, within ten (10) business days, of the arrest or criminal conviction after the submission of the application of any principal or any employee or agent or any prospective employee or agent identified on the application, of which the applicant for a license or the licensee had knowledge or should have known, except where such disclosure is protected by Subdivision 16 of Section 296 of Article 15 of the New York State Executive Law[.].

(2) An applicant for a license or a licensee must notify the Commission within ten (10) business days of any determination by any Federal, State, or Local governmental agency or authority against such licensee, registrant or applicant, including but not limited to any judgment, decree, order, finding by or settlement agreement with such governmental agency or authority.

(3) An applicant for a license or a licensee must notify the Commission within ten (10) business days of any crash that involved a vehicle used in the course of the business of such applicant or licensee. Additionally, such applicant or licensee must provide the Commission with a copy of the Report of Motor Vehicle Accident (MV-104) and any other forms filed with the New York State Department of Motor Vehicles within ten (10) business days from the date by which such applicant or licensee is required to file the forms with such department.

(4) An applicant for a license or a licensee must notify the Commission within ten (10) business days of the suspension or revocation of the driver's license of any person whose job duties include operating a vehicle on behalf of such applicant or licensee.

(5) An applicant for a license or a licensee must notify the Commission within ten (10) business days of all vehicle traffic summonses issued to such applicant or licensee as the lessee or owner of the vehicle or to any person while operating a vehicle on behalf of such applicant or licensee.

(2) (6) An applicant for a license or a licensee must notify the Commission within ten (10) business days of any material change as defined in 17 RCNY § 1-01 in the information submitted in an application or disclosure form submitted, pursuant to this chapter.

(3) (7) A licensee must notify the Commission within ten (10) business days of contract closing of any change in the capital stock or ownership in the business of the licensee, including but not limited to a stock transfer or sale of the outstanding shares of the business or sale or merger of such business; provided, however that a business whose equity securities are publicly traded on a national or regional stock or securities exchange must disclose only such stock transfer or sale required to be disclosed by the Securities Exchange Commission or other Federal or State regulatory body. Such notification must include a list of any persons formerly possessing ownership interest in the licensee business who will have any beneficial interest in the current business and a copy of the contract or agreement.

(4) (8) In addition to notification of material change required by any other provision of this chapter, a licensee must provide the Commission with notice of at least ten (10) business days of the proposed addition of a new principal (other than a person or entity that becomes a principal through the acquisition of outstanding shares of a business whose equity securities are registered under Federal and State securities laws and publicly traded on a national or regional stock or security exchange) to the business of such licensee. The Commission may waive or shorten such period upon a showing that there exists a bona fide business requirement therefor. Except where the Commission determines within such period, based upon information available to it,

that the addition of such new principal may have a result inimical to the purposes of this chapter, the licensee may add such new principal pending the completion of review by the Commission. The licensee shall be afforded an opportunity to demonstrate to the Commission that the addition of such new principal pending completion of such review would not have a result inimical to the purposes of this chapter. If upon the completion of such review, the Commission determines that such principal lacks good character, honesty, and integrity, the license shall cease to be valid unless such principal divests his or her interest, or discontinues his or her involvement in the business of such licensee, as the case may be, within the time period prescribed by the Commission.

(b) (1) An applicant for registration and a registrant, including a registrant issued a registration after the granting of an exemption from the licensing requirement of Subdivision a of Section 16-505 of the Code, must notify the Commission within ten (10) business days of: (i) the addition of a principal to the business of a registrant after the submission of the application for registration or exemption from the licensing requirement, pursuant to this chapter; (ii) the arrest or criminal conviction of any principal of a Class 2 registrant of which such applicant or registrant had knowledge or should have known, except where such disclosure is protected by Subdivision 16 of Section 296 of Article 15 of the New York State Executive Law; and (iii) any determination by any Federal, State, or Local governmental agency or authority against such licensee, registrant or applicant, including but not limited to any judgment, decree, order, finding by or settlement agreement with such governmental agency or authority; (iv) any crash that involved a vehicle used in the course of the business of the applicant for registration or registrant; (v) the suspension or revocation of the driver's license of any person whose job duties include operating a vehicle on behalf of the applicant for registration or registrant; (vi) all vehicle traffic summonses issued to the applicant for registration or registrant as the lessee or owner of the vehicle or to any person while operating a vehicle on behalf of such applicant or registrant; and (vii) any other material change in the information submitted, pursuant to this subchapter.

(2) For any crash required to be reported, pursuant to Subparagraph (iv) of Paragraph (1) of this Subdivision, an applicant for registration or registrant must provide the Commission with a copy of the Report of Motor Vehicle Accident (MV-104) and any other forms filed with the New York State Department of Motor Vehicles within ten (10) business days from the date by which such applicant or registrant is required to file the forms with such department.

(c) Notification, pursuant to Paragraphs [(2), (3), and (4)] (1), (6), (7) and (8) of Subdivision (a) and Subparagraphs (i), (ii) and (vii) of Paragraph (1) of Subdivision (b) of this section must be sworn and notarized and must be signed by all persons participating directly or indirectly in the control of the applicant business and by: the proprietor of an applicant if the applicant is a sole proprietorship; every officer and director and stockholder holding ten (10) percent or more of the outstanding shares of a corporation, if the applicant is a corporation; all the partners, if the applicant is a partnership; the chief operating officer or chief executive officer, irrespective of organizational title and all persons or entities having an ownership interest of ten (10) percent or more if the applicant is any other type of business entity. Notification, pursuant to Paragraph [(i)] (1) of Subdivision (a) of this section must be sworn and notarized and must be signed by the chief operating officer or chief executive officer, irrespective of organizational title, of the applicant or licensee, as the case may be.

§ 7. Subdivisions (i), (j) and (k) of Section 5-03 of Subchapter E of Chapter 1 of Title 17 of the Rules of the City of New York are relettered subdivisions (l), (m) and (n) and new Subdivisions (i), (j) and (k) are added to read as follows:
