Mandatory requirements for qualifying sites

- (b) Mandatory publicly accessible space requirements for qualifying sites
(1) Type and minimum size
(iv) A #qualifying site# with a #lot area# of 80,000 square feet or greater that is #developed# with a single

#building# and includes an existing entrance to a rail mass-transit facility located outside the #through lot# portion of the #zoning lot# may, as an alternative to an open publicly accessible space provided, pursuant to Paragraph (b)(iii), provide an enclosed publicly accessible space which includes or is adjacent to such entrance. Such enclosed publicly accessible space shall adjoin the #street# or a required sidewalk widening, as applicable.

If located within the portion of the #qualifying site# not occupied by railroad or transit right of way below-grade, such publicly accessible space may have an area of not less than 7,000 square feet and shall consist of one of the following:

- (a) An enclosed publicly accessible space of not less than 7,000 square feet which incorporates the entrance to the rail mass-transit facility within; or
- (b) In the event that the Metropolitan Transportation Authority has determined that the entrance to the rail mass-transit facility should not be included within the enclosed publicly accessible space, an enclosed publicly accessible space of not less than 6,500 square feet and an adjoining unenclosed publicly accessible space of no less than 500 square feet providing direct pedestrian access to such entrance.

(2) Design requirements for publicly accessible spaces

* * *

- (iii) Public access to the enclosed publicly accessible space shall be provided, at a minimum, from 7:00 A.M. to 10:00 P.M. However, if a cafe or kiosk, pursuant to Section 37-73 (Kiosks and Open Air Cafes), is provided within, such enclosed publicly accessible space shall remain open to the public during the hours of operation of the cafe or kiosk, if such hours are longer than otherwise required by this Section.

Notwithstanding the foregoing, for an enclosed publicly accessible space provided, pursuant to Paragraph (b)(1)(iv) of this Section:

- (a) the enclosed publicly accessible space may be closed for private events on up to six non-consecutive days per year, pursuant to a restrictive declaration acceptable to the City and recorded in the Office of the City Register for New York and indexed against the property. During such private events, such enclosed publicly accessible space may contain associated temporary structures and seating; and
- (b) the enclosed publicly accessible space may be used to host public events, pursuant to a restrictive declaration acceptable to the City and recorded in the Office of the City Register for New York and indexed against the property. Such events shall be open and accessible to the general public and free of admission. During such public events, such enclosed publicly accessible space may contain associated temporary structures and seating.

The hours of access shall be included on all required entry plaques and information plaques in accordance with the provisions of Section 37-751 (Public space signage systems) and for through #block# enclosed publicly accessible spaces, an information plaque shall be provided in accordance with Paragraph (h)(2)(viii) of Section 37-53 (Design standards for Pedestrian Circulation Spaces).

* * *

- (vi) The provisions of Paragraphs (a) and (b) of Section 37-726 (Permitted obstructions) shall apply to enclosed publicly accessible spaces and are modified as follows:
 - (a) structural columns shall be considered permitted obstructions. The area occupied by such structural columns shall be excluded from the area calculations for the enclosed publicly accessible space. In addition, freestanding interior structural columns shall have an aggregate area of no more than two percent of the total enclosed publicly accessible space. Such columns shall not be considered permitted obstructions in any circulation path; and
 - (b) a cafe or kiosk permitted by certification, pursuant to Section 37-73 (Kiosks and Open Air Cafes) shall be considered a permitted obstruction within an enclosed publicly accessible space and may not

occupy more than 20 percent of the enclosed publicly accessible space.

- (vii) The provisions of Section 37-741 for seating shall apply to enclosed publicly accessible spaces, except that such provisions are modified as follows:
 - (a) the requirements of seating within 15 feet of a #street line# shall not apply;
 - (b) all of the linear seating capacity may be in moveable seats. All such moveable seats must remain in the enclosed publicly accessible space during the hours of operation; and
 - (c) the requirement that seats facing walls be located a minimum of six feet from such wall shall only apply to fixed seating; and
 - (d) for an enclosed publicly accessible space provided, pursuant to Paragraph (b)(1)(iv), up to 25 percent of moveable seats provided may consist of stools having a height of up to 32 inches above the surface of the enclosed publicly accessible space.

* * *

- (x) The provisions of Section 81-42 (Retail Continuity Along Designated Streets) shall not apply to the #street frontage# occupied by publicly accessible space provided in accordance with this Section.

In lieu thereof, at least 50 percent of the total frontage of all #building# walls fronting on an enclosed publicly accessible space, excluding such frontage occupied by #street walls#, #building# lobbies or #building# walls #abutting lot lines#, shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations, but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or banks, automobile showrooms or plumbing, heating or ventilating equipment showrooms. For such #building# walls, the transparency provisions of Paragraph (c) of Section 37-76 (Mandatory Allocation of Frontages for Permitted Uses) shall apply.

However, for an enclosed publicly accessible space provided, pursuant to Paragraph (b)(1)(iv), as an alternative to the above requirement, at least 50 percent of the surface area of the bounding wall of the enclosed publicly accessible space located parallel to the #street wall# shall:

- (iii) A #qualifying site# with a #lot area# of 65,000 square feet or greater shall provide an open publicly accessible space with an area of not less than 10,000 square feet. Where such #qualifying site# has a #through lot# portion, such #qualifying site# shall provide an open publicly accessible space across the #through lot# portion.

However, for a #qualifying site# with a #lot area# of 80,000 square feet or greater that includes an existing entrance to a rail mass-transit facility located outside the #through lot# portion of the #zoning lot#, such open publicly accessible space may be located so as to include the entrance to a rail mass-transit facility, provided that such open publicly accessible space adjoins a #street# or a required sidewalk widening, as applicable.

- (2) Design requirements for publicly accessible spaces

- (i) Open publicly accessible space

For open publicly accessible space, the provisions of Section 37-70, inclusive, shall apply, except that the provisions of Section 37-713 (Locational restrictions) shall not apply. In addition, the following modifications or waivers may be applied under certain circumstances:

- a. For #qualifying sites# where an open publicly accessible space is permitted to adjoin a #street# or a required sidewalk widening to accommodate an entrance to a rail mass-transit facility in accordance with Paragraph (b)(1)(iii) of this Section, and the majority of the subsurface area of such #qualifying site# is occupied by a railroad right-of-way, thus imposing practical difficulty in configuring the #building# or required publicly accessible space:

2. where #street wall# requirements are not applied, the provisions of Paragraph (a) and (b) of Section 37-726 (Permitted obstructions) may be modified to allow a portion of a publicly accessible open space to be covered by a #building or other structure#, provided that there is an average separation of at least 50 feet between the level of such publicly accessible open space and any portion of #building# above, and further provided that any such portion shall be located no lower than 40 feet above the level of such publicly accessible open space. In addition, such #building or other structure# shall not obstruct more than 60 percent of the area of such publicly accessible open space;
3. the provisions of Paragraphs (a) and (c) of Section 37-76 (Mandatory Allocation of Frontages for Permitted Uses) need not apply, where at least one food service kiosk shall abut or be included within such open publicly accessible space. The size limitations of Paragraph (a), and the certification requirements of Paragraph (c) of Section 37-73 shall not apply to such kiosk.
4. where the provisions of Paragraph (d) of Section 37-715 are not applied, the provisions of Section 37-721(a) (Sidewalk frontage) may be modified to require no more than 40 percent of the area within 15 feet of any such #street line# to be free of obstructions and the provisions of Section 37-741 (Seating), may be modified to exclude the length of any such #street line# from the calculation of the amount of seating required within 15 feet of such #street line#.

- b. For #qualifying sites# where an open publicly accessible space is permitted to adjoin a #street# or a required sidewalk widening to accommodate an entrance to a rail mass-transit facility in accordance with Paragraph (b)(1)(iii) of this Section, the Chairperson of the City Planning Commission shall permit modifications to the remaining provisions of Section 37-70, inclusive, upon certification to the

Department of Buildings that such modifications address practical difficulties resulting from the presence of the entrance to a rail mass-transit facility within the open publicly accessible space.

The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)

AGENCY RULES

ADMINISTRATIVE TRIALS AND HEARINGS

■ NOTICE

Notice of Promulgation of Rule

NOTICE IS HEREBY GIVEN, PURSUANT TO THE AUTHORITY VESTED in the Office of Administrative Trials and Hearings (OATH) in accordance with Sections 1049 and 1043 of the New York City Charter that OATH amends Sections 3-15 and 3-16 of Subchapter A of Chapter 3 of Title 48 of the Rules of the City of New York, concerning the appellate procedures that apply to proceedings conducted by OATH, pursuant to § 1049-a of the New York City Charter. The proposed rule was published in *The City Record* on January 22, 2019, and a public hearing was held on February 21, 2019.

No one testified at the public hearing concerning this rule and OATH did not receive any written comments. OATH made no additional amendments to the rule.

Statement of Basis and Purpose of Final Rule

The Office of Administrative Trials and Hearings (OATH) amends Sections 3-15 and 3-16 of Subchapter A of Chapter 3 of Title 48 of the Rules of the City of New York, concerning the appellate procedures that apply to proceedings conducted by OATH pursuant to § 1049-a of the New York City Charter. The amendments to Subdivision a of Section 3-15 clarify that, unless a request for a superseding appeal is timely filed, appeals decisions issued by OATH's Environmental Control Board are final determinations of the Tribunal subject to judicial review pursuant to Article 78 of the Civil Practice Law and Rules (CPLR). The amendments to Subdivision b of Section 3-15 explain that: (1) a request for a superseding appeal must be served upon the non-requesting party; (2) a decision denying a request for a superseding appeal incorporates by reference the initial appeals decision while a decision granting a request for a superseding appeal vacates the initial appeals decision; and (3) a superseding appeals decision granting or denying a request for a superseding appeal is the final determination of the Tribunal subject to judicial review pursuant to Article 78 of the CPLR.

The amendments to the title of Section 3-16 clarify that this section provides the procedure for seeking judicial review when the board has either not issued an appeals decision after 180 days from the filing of an appeal, or has not issued a superseding appeals decision after 180 days from requesting a superseding appeal. These amendments also provide a more organized explanation of the conditions necessary to rely upon the recommended decision as a final determination.

New material is underlined.

[Deleted material is in brackets.]

Section 1. Sections 3-15 and 3-16 of Chapter 3 of Title 48 of the Rules of the City of New York are amended to read as follows:

§ 3-15 Panel or Board Review of Appeals.

(a) The Board will establish panels from among its members to review recommended decisions [issued] prepared by the Appeals Unit, pursuant to § 6-19(e), and to issue appeals decisions. A panel may refer a case to the Board for review if the panel is unable to reach a decision. Such case will be considered by the Board and the Board will issue [a] an appeals decision. Unless a party files a request pursuant to Subdivision (b) of this section, the appeals decision of the panel or the Board will be deemed to have been issued by, and become the final [decision] determination of, the Board, which is also a final determination of the Tribunal. [The Board's final decision is also the final decision of the Tribunal] Judicial review of such determination may be sought pursuant to Article 78 of the New York Civil Practice Law and Rules (CPLR).

(b) Superseding appeals decisions. Within 10 days of the mailing of the Board's appeals decision, a party may apply to the Board for a superseding appeals decision to correct ministerial errors or errors due to mistake of fact or law. The request for a superseding appeals decision must be served upon the non-requesting party. A decision denying a request for a superseding appeal incorporates by reference the initial appeals decision. A decision granting a request for a superseding appeal vacates the initial appeals decision. This superseding appeals decision will become the final [decision] determination of the Board,

which is also the final determination of the Tribunal. [The Board's final decision is also the final decision of the Tribunal] Judicial review of such determination may be sought pursuant to Article 78 of the CPLR.

§ 3-16 Judicial Review [of] When Board Decision[s] is Delayed.

(a) If [a Respondent appeals and] the Board has not issued [a final] an appeals decision within 180 days from the filing of the appeal, or if the Board has not issued a superseding appeals decision within 180 days from the request for superseding appeal, the Respondent may at any time file a petition seeking judicial review of the Hearing Officer's recommended decision pursuant to Article 78 of the New York Civil Practice Law and Rules (CPLR). Such Respondent may rely on the recommended decision of the Hearing Officer as the final [decision] determination of the Board, provided that the following three conditions are met:

(1) at least forty-five days before the filing of such petition, the Respondent files with the Board written notice of the Respondent's intention to file the Article 78 petition;

(2) [the Board has still not issued a final decision when the Respondent files the petition] the Respondent serves and files the Article 78 petition on the Board pursuant to the CPLR; and

(3) [the Respondent serves the petition on the Board, pursuant to the CPLR] the Board has not issued an appeals decision or, if applicable, a superseding appeals decision at the time of filing the petition.

(b) The Board may issue a final [decision] determination after a Respondent files with the Board written notice of intention to file a petition for judicial review under Subdivision (a) and before the Respondent has filed the petition.
