● Win More Contracts at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
● Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
● Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
● Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)
Department of Corrections (DOC)
Department of Health and Mental Hygiene (DOHMH)
Department of Homeless Services (DHS)
Department of Probation (DOP)
Department of Small Business Services (SBS)
Department of Youth and Community Development (DYCD)
Housing and Preservation Department (HPD)
Human Resources Administration (HRA)
Office of the Criminal Justice Coordinator (CJC)

ENVIRONMENT IMPROVEMENTS TO SUNY DOWNSTATE MEDICAL CENTER AMBULATORY PRENATAL CARE - Government to Government - PIN# 20FN009701R0X00 - Due 6-16-19 at 10:00 A.M.

NYC DOHMH intends to enter a Government to Government contract with The State University of New York to reduce racial and ethnic disparities in maternal mortality and severe maternal morbidity through the Maternal Care Connection launched by DOHMH in 2018. The State University of New York will collaborate with the Bureau of Maternal, Infant, and Reproductive Health to complete this in three phases. Phase I funding will be allocated to improving the built environment of SUNY Downstate Medical Center’s ambulatory prenatal care to create a warmer, more engaging environment. These renovations will increase client retention and improve direct client services by providing a patient friendly environment. Phase II funding will be allocated to enhancing quality measurement tools to determine SUNY Downstate Medical Center’s needs as well as to measure process and outcomes of quality improvement actions. Phase III, will be devoted to monitoring and evaluating quality improvement projects’ best practices. These quality improvement projects will support the improvement of SMM/MM rates within their facility.

The State of New York is a government entity, and are uniquely positioned to provide these services. Given the time sensitivity of the urgent needs of the required services, DOHMH determined that it is in the best interest of the City to procure these services via a government to government purchase.

The vendors selected for inclusion in the General Construction PQL, will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms

AGENCY RULES

ENVIRONMENTAL PROTECTION

■ NOTICE

NOTICE OF ADOPTION OF FINAL RULE

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE COMMISSIONER OF THE DEPARTMENT OF ENVIRONMENTAL PROTECTION BY Sections 1043(c) and 1403(a) of the New York City Charter and Sections 24-302, 24-315, 24-326, 24-327, 24-346 and 24-359 of the Administrative Code of the City of New York that the Department promulgates and adopts these "Rules for the Recreational Use of Water Supply Lands and Waters."

Statement of Basis and Purpose

The New York City Department of Environmental Protection ("NYCDEP") amends its Rules for the Recreational Use of Water Supply Lands and Waters ("Rules"). There are currently 112,993 Access Permit holders and 13,081 Boat Tag holders. In 2017, NYCDEP held several recreation-related events in which almost 800 people attended.

These Rule changes will increase recreational opportunities on City Property, as defined in these Rules, provide greater flexibility for NYCDEP to manage boats stored on reservoirs, and make the Rules clearer and easier to read and follow. These Rules provide a wide range of recreational opportunities, including fishing, boating, hunting, trapping and hiking. Recreational opportunities improve the quality of life of nearby residents by providing several additional leisure activities, and by expanding access to outdoor physical activities that improve health and fitness. Many of the changes in these Rules are in response to comments and feedback received from users of the City Property.

Examples of changes beneficial to users include:

- Expansion of the recreation season,
- Extension of the time that Fishing Boat Tags are valid,
- Acceptance of the IDNYC as valid identification, and
- Allowing the use of service dogs.

The changes to these Rules, listed by type of change, are as follows:

Changes to improve readability and clarity:

Information in these Rules is easier to find is better organized than the previous Rules. Sections with similar language/requirements (i.e. Fishing Boats and Recreational Boats) are consolidated. Additionally,

definitions are included for clarity based on questions NYCDEP received from recreation users.

Specifically, these Rules:

- Adds a table of contents.
- Moves and consolidates various sections and provides a more logical flow that will help users find specific information without having to search through several sections.
- Provides more details on abandoned and confiscated property, including boats and tree stands, and a process for disposition of such property, including clarification of the procedures for the confiscation and disposition of Fishing and Recreational Boats.
- Adds the following definitions to improve understanding of these Rules: angling, Controlled Lake (which includes Lake Gleneida and Gilead), ice free period, Access Permit Areas, fishing boats, fishing boat tag, recreational boats, restricted areas, tags, trapping, and voluntary.
- Adds a consolidated Boating Section that includes Fishing Boats and Recreational Boats as subdivisions.
 - Adds pistols, air rifles and crossbows to the definition of Firearms. NYCDEP has received many questions as to whether NYCDEP considers these implements Firearms, which it does.
- Clarifies that handguns and pistols may only be carried by individuals with a valid handgun license or pistol permit.
 - It is a State requirement that a valid handgun license/pistol permit is required to carry a handgun/pistol, NYCDEP is reaffirming that this requirement applies to City Property.

New uses of recreational lands:

These Rules include several new uses which are compatible with protecting the City's water supply, protecting public health and safety, and do not increase recreational user conflicts or create additional administrative burdens for NYCDEP. Specifically, these Rules now:

- Allows service dogs on all Day Use Areas, even in Day Use Areas where dogs are not allowed.
 - Over the past few years, people have mentioned the desire to use service dogs on DUAs so NYCDEP is accommodating this request.
- Allows school-issued identification, IDNYC, and a passport as acceptable forms of identification for access permits/guest passes.
 - The previous Rules require a driver's license or non-drivers identification. These Rules expand the forms of identification in order to be more inclusive and allow a wider audience to obtain an Access Permit.
- Allows trail cameras.
 - Previous Rules are silent on this use. Trail cameras have become very popular and we have received many requests to allow them.

New and expanded recreational uses:

These Rules would expand certain recreational uses that are consistent with protecting the City's water supply and public health and safety. Specifically these Rules now:

- Allows the use of electric ice augers with rechargeable batteries contained within the auger housing or hand-held power drills used to power augers.
 - NYCDEP has received many requests to use these devices and NYCDEP does not anticipate any negative environmental impacts from their use.
- Adds a "Special Event Area" to the Rule to allow NYCDEP to waive its access permit requirements for special one-time events such as Family Fishing Day or Reservoir Clean Ups.
 - Currently, City Property around reservoirs, where most clean ups and family fishing days occur, require an Access Permit. By removing this requirement, NYCDEP is hoping participation in these events will increase and it will remove an administrative burden on NYCDEP staff during these events, allowing them to focus on interacting with event participants.
- Allows NYCDEP to select a single use or a combination of uses (hunt, hike, trap, fish) allowed on Public Access Areas ("PAA") or Access Permit Areas ("APA").
 - Previous Rules require all four uses (hunt, hike, fish, trap) on any City Property designated as a PAA (no

Access Permit required). These Rules allow PAAs to be open for less than the four uses, thereby expanding the City Properties in which Access Permits are not required. For example, a current hiking area now requiring a NYCDEP Access Permit can now be a PAA for hiking.

- Provides ability for a Public Access Area designation, which does not require a permit, on certain East-of-Hudson (EOH) City Property.
 - All City Property open for recreation EOH now requires a NYCDEP Access Permit. This change will allow NYCDEP to designate certain EOH recreation lands as PAAs. This is especially useful for City Property adjacent to State land as many uses are similar (*e.g.* hunting).
- Allows hunting for special programs aimed at reducing or managing deer populations with restrictions to certain participants and not open to the general public for hunting.
 - NYCDEP may wish to allow limited hunting programs on City Property not open to the general public. These hunting programs (*i.e.* controlled hunts) may be conducted on smaller areas of City Property where NYCDEP needs to control access and/or the amount of hunters participating in the program. The primary focus will be to allow deer hunting to reduce negative impacts on water supply forests by deer over-browsing. NYCDEP will develop methods to involve public participation in this process.
- Expands the Recreational Boating Season to begin at sunrise on May 1st of each year and end at sunset on October 31st unless otherwise determined by NYCDEP.
 - Previous Rules allow Recreational Boating from the Friday before Memorial Day through Columbus Day. NYCDEP received several requests from stakeholders and recreational boaters to expand the season. Thus far, the recreational boating program has a very good safety record and NYCDEP sees no negative consequences with expanding the length of the season for this program.

Improvements to boat management and clarity on recreational boating:

There are over 12,000 NYCDEP permitted fishing boats on City Property. The changes to these Rules give NYCDEP better tools to manage them to prevent overcrowding, damage to trees and natural resources, increased access, and reduce user conflicts. NYCDEP has heard from boat owners on how to improve boat storage and use. Many of the changes in these Rules, listed below, will make boating a better experience, improve shoreline conditions, and allow more boaters to participate in the boating programs, among other improvements.

- Fishing Boat Tags will now be valid for four (4) years.
 - The previous Rules have a two (2) year expiration date for a Fishing Boat Tag; these Rules make it valid for four (4) years. This extension decreases the administrative burden on both boat owners and NYCDEP. NYCDEP considers this extension a way to increase compliance with the Boat Tag renewal process and result in less boats NYCDEP has to confiscate for lack of compliance.
- Establishes Open and Closed Boat Storage Areas
 - This is being added to provide details on where boats can and cannot be transferred and provides details on how NYCDEP will determine and assess Boat Storage Areas. This is also being done to provide NYCDEP a way to better manage boat storage areas.
- Prohibits transfer of Fishing Boat Tag ownership within or into Closed Boat Storage Areas.
 - This is being added to reduce the number of boats stored in closed boat storage areas, enable those on the waiting lists to gain access to these areas, and reduce the administrative burden of processing excessive transfer requests. It also eliminates boat transfers that may be facilitating commercial uses of City property, which are not allowed without NYCDEP's approval. Additionally, it ensures compliance with NYC Administrative Code 24-315.
- Requires that Boats be removed from Closed Boat Storage Areas upon transfer of ownership. The Boat Purchaser can place the Fishing Boat on any other Open Boat Storage Area and/or submit an application to be put on a NYCDEP-maintained Waiting List for a Closed Boat Storage Area, provided applicant has not exceeded any overall limits set by NYCDEP on the number of Fishing Boats that may be owned

by a single person on reservoirs managed by NYCDEP. Names will be added to the Waiting List as applications are received by NYCDEP.

- o This provides clarification that ownership of Fishing Boats may not be transferred in Closed Boat Storage Areas and that a Fishing Boat must be removed from a Closed Boat Storage Area upon transfer of ownership. It also provides new boat owners the opportunity to submit an application to be placed on a NYCDEP-maintained waiting list for Closed Boat Storage Areas.
- Previous Rules require NYCDEP staff to attempt to locate a lost or stolen boat and, if unsuccessful, report the incident to NYCDEP Police.
 - o These Rules eliminate the requirement that NYCDEP attempt to locate the boat and file a NYCDEP Police report. The boat owner now directly reports the lost or stolen boat to the NYCDEP Police with notice to the appropriate NYCDEP Boat Office. This eliminates an administrative burden on NYCDEP and establishes a direct contact between the boat owner and the NYCDEP Police.
- These Rules have a new provision to allow a boat owner whose boat has been stolen to replace their boat at the same boat storage area within 90 days of filing a NYCDEP Police report.
 - o This will be helpful to boat owners who have had their boat stolen from a boat storage area that is closed to new boats, they won't be "penalized" by not being able to replace their boat or having to go on a waiting list.
- Adds the following limitations for boats at NYCDEP's discretion:
 - (i) The total number of valid Fishing or Recreational Boat Tags any individual can hold at one time;
 - (ii) The number of Reservoir-specific valid Fishing or Recreational Boat Tags any individual can hold at one time.
 - (iii) The number of Fishing or Recreational Boat Tags issued for a particular Reservoir; and/or,
 - (iv) The number of all boats stored at a particular Boat Storage Area or Recreational Boat launch site.
- o These changes are being added to give NYCDEP better control over boat management, especially on reservoirs or in boat storage areas that are closed and/or at capacity. It will also provide more opportunities for those boat owners wishing to place a boat on a reservoir. There are currently some boat owners who have more than 20 boats on various reservoirs. A NYCDEP survey of boat owners supported some type of limits on the number of boats one individual can have. Boat owners who exceed any limits placed by NYCDEP shall be grandfathered at their current numbers.
- Changes "removal fees" for boats to "penalties."
- Allows those who wish to place a Fishing Boat in a Closed Boat Storage Area to submit an application to be put on a NYCDEP-maintained Waiting List.
 - o Although NYCDEP currently maintains a waiting list, the previous Rules do not provide for it. NYCDEP will use the Waiting List to assign boat storage area slots in Closed Boat Storage Areas when NYCDEP determines there is adequate space available.
- Requires that Recreational Boats be secured to hitching posts, racks or stanchions, when supplied by NYCDEP and there is available space.
 - o With the popularity of Recreational Boating, NYCDEP is concerned about storage space, impacts to shoreline vegetation, and potential user conflicts. NYCDEP may install hitching posts or stanchions, or purchase additional storage racks to make storage and launching easier for Recreational Boaters. NYCDEP can also better define boat storage locations.
- With written approval, allows Fishing Boat owners to loan their boats to other persons holding a valid access permit.
 - o The previous Rules are silent on this. Allowing boaters to share boats might help facilitate boat sharing and reduce the number of overall boats needed, and reduce over-crowding at boat storage areas.
- Allows NYCDEP to sell confiscated boats in as-is condition through a public auction such as the NYC Department of Citywide Administrative Services (DCAS) on-line system.

Also allows NYCDEP to dispose or sell any boats, not just unseaworthy ones, and provides for the storage of confiscated boats in place (at boat storage areas) rather than removing them to a NYCDEP facility.

- o This will make disposing of confiscated boats easier for NYCDEP and improve the experience for those wishing to purchase a confiscated boat. This will eliminate the need for bidders to obtain money orders for deposits and mail them in. It will also allow NYCDEP to use contracted vendors to remove boats, thereby reducing staff and administrative resources. After confiscation, boats may remain in place so NYCDEP does not have to physically remove and transport them to a facility, which is very labor intensive.
- Clarifies that pedal kayaks or kayaks with sails are not allowed as a Recreational Boat.
 - o NYCDEP is prohibiting these due to the concerns over invasive species such as Zebra mussels and Hydrilla that may be found on these types of kayaks. The effectiveness of steam cleaning these types of accessories may not be enough to effectively guard against invasive species from entering NYCDEP Reservoirs or Controlled Lakes.

New Prohibitions:

NYCDEP has instituted the following prohibitions to address safety and potential water quality issues.

- Prohibits 1) manned and unmanned aircraft from landing on, or taking off, from City Property, 2) horses, and 3) target shooting on City Property.
 - o These uses are not in the best interest of City Property, safety or security. Additionally, potential user conflicts may arise from drones landing or taking off.
- Prohibits the posting of notices or signs by recreational users except for those that use "flagging" tape for hunting purposes.
 - o Recreational users should not be posting signs, only NYCDEP Non-NYCDEP signage may cause confusion for recreational users and have incorrect information.
- Removes sailboats as an allowable Recreational Boat.
 - o Due to the concern over invasive species such as Zebra mussels and Hydrilla that may be found on boats and transported to NYCDEP Reservoirs and Controlled Lakes, NYCDEP has determined sailboats are difficult to effectively steam clean in order to effectively remove all invasive species. In addition, sail and center/dagger boards may also be difficult to steam clean. The number of sailboats used to date under the Recreational Boating program is very small.
- Prohibits smoking, including electronic cigarettes (e-cigarettes).
 - o As a matter of policy, the City seeks to create a smoke free environment which decreases exposure to unhealthy second hand smoke and encourages healthy lifestyles. In addition, as a safety measure, NYCDEP seeks to eliminate potential fires on City Property. A few small fires on City Property have occurred as a result of cigarettes being discarded.
- Adds language to prohibit biking on City Property except in certain DUAs.
 - o Previous Rules are silent on any limitations on bike use on City Property and these Rules will add clarification.

Miscellaneous:

- Adds violations and Access Permit suspension terms related to Fishing Boat Tag, Special Event Areas, Firearms, weapons, explosives, Access Permit Areas, drones, commercial activities, recreational boat tags, hunter behavior/safety, destruction or abuse of natural resources or property, animals, tents and other structures, motor vehicle access, littering, pollution, dumping, bathing, swimming, washing of objects, and target shooting.
- Clarifies that waterfowl hunting is not allowed in or over reservoirs or Controlled Lakes, including waterbodies within 500 feet of a Reservoir or Controlled Lake.
 - o Previous Rules state that a firearm may not be discharged over or into a Reservoir or Controlled Lake but do not specifically state that hunting waterfowl in these areas is prohibited. Based upon questions NYCDEP has received on this subject, these Rules specifically clarify that waterfowl hunting is prohibited in these areas. Waterfowl hunting is still allowed in PAAs and APAs as allowed by signage.

- Adds language repeating the NYSDEC requirement that a back tag be displayed while hunting on City Property except in the Catskill Park.
 - These Rules clarify that this State law applies to City Property.
- These Rules change from 12 to 16 the minimum age for obtaining an Access Permit. Persons under 16 years of age cannot obtain an Access Permit but do not need one so long as they are with a person aged 18 or older who is in possession of an Access Permit. Persons 16 and 17 may enter City property for recreational activities without an adult as long as they have a valid Access Permit.
 - This change in the minimum age for obtaining an Access Permit is intended to increase safety and supervision of 12-15 year olds, who will now need to be with an adult when entering City Property that requires an Access Permit. Up to 6 persons under the age of 16 may accompany an adult Access Permit holder; groups of 7 or more are required to have a Group Access Permit.
- These Rules include a number of plain language revisions that were identified by the retrospective Rules review.

- Clarifies that boating is allowed on PAAs when floating on a Watercourse that traverses the PAA. These boats do not need to be steam cleaned.
- Allows NYCDEP-approved organizations to be eligible for Boat Tags. A responsible party for the organization must be listed.
- Adds language stating that NYCDEP may delineate shoreline buffer areas on new or expanded Boat Storage Areas or in existing Boat Storage Areas that are experiencing negative impacts from erosion or vegetation loss.

These Rules are derived from historical recreational uses of the lands that are recognized in the New York City Watershed Memorandum of Agreement dated January 21, 1997, and are not intended to establish supervised recreational activities on these lands.

Dogs must not be used for tracking injured deer or bear without express permission from NYCDEP Police as provided for in section 16-12(j) of these Rules. Any tracking of injured deer or bear permitted by NYCDEP must comply with NYSDEC conditions for tracking injured deer or bear with dogs.

(k) **Discharge of Firearms.** Firearms may not be discharged over or into the waters of any Reservoir or Controlled Lake.

(l) **Back Tags.** Back Tags must be displayed while Hunting on City Property as required by NYSDEC.

(a) **Use.** Fishing Boats with valid Fishing Boat Tags must be used at Access Permit Areas only for purposes of Fishing. All Fishing Boat occupants must be in possession of minimum Fishing equipment including a pole, line, and a hook and bait or a lure; and must be plausibly engaged in the activity of Fishing while using a Fishing Boat in Access Permit Areas.

(b) **Eligible Boats.** Boats eligible for Fishing Boat Tags shall be metal row boats, except boats on record as having had valid Fishing Boat Tags that were issued before March 31, 2006 may be wooden or fiberglass row boats. Only rowboats that are (1) a minimum of 11'6" in length and 42" in width and (2) a maximum of 16' in length are permitted on City Property. Other vessels, including but not limited to sailboats, motorized boats, inflatable boats, guide/river boats, and collapsible boats are prohibited as Fishing Boats.

(c) **Mooring.** Mooring of Fishing Boats, including to buoys, is prohibited. A temporary anchor is allowed.

(d) **Fishing Boat Season.** On the Amawalk, Bog Brook, Boyds Corner, Cross River, Croton Falls, Diverting, East Branch, Kensico, Middle Branch, Muscoot, New Croton, Titicus, and West Branch Reservoirs, and on Lake Gilead and Lake Gleneida, Fishing Boats with valid Fishing Boat Tags may be placed on the water during any Ice Free Period. On all other New York City Reservoirs, Fishing Boats with valid Fishing Boat Tags may be placed on the water between April 1st and November 30th of each year during any Ice Free Period.

(e) **Condition and Maintenance.** Fishing Boat owners are responsible for the sanitary condition and seaworthiness of their vessels and for all activities that occur thereon. Any supplies used for Fishing Boat maintenance may not enter a water body and must be removed from City Property immediately following maintenance activities.

(f) **Safety.** Every Fishing Boat used on City Property must have at least one U.S. Coast Guard approved wearable personal flotation device in good condition for each person on board. Each person on board who is under the age of 12 must wear a securely fastened U.S. Coast Guard approved wearable flotation device of an appropriate size at all times. All boaters must comply with U.S. Coast Guard, New York State, and any other applicable laws and regulations.

- (1) Fishing Boats used after sunset must have a device (e.g. headlamp, flashlight, or lantern) at the ready capable of producing a white light, which must be temporarily exhibited in sufficient time to prevent collision. Fishing Boats users must wear U.S. Coast Guard approved wearable personal flotation devices after sunset.

(g) **Capacity.** Each Fishing Boat may carry no more than three occupants, unless the Fishing Boat has a U.S. Coast Guard approved "Maximum Capacities" plate or label affixed by the manufacturer that identifies a greater occupancy capacity.

(h) **Winter Storage.** Between December 1st and March 31st, Fishing Boats must be stored at a point above the High Water Mark within the assigned Boat Storage Area.

(i) **Steam Cleaning and Storage.** Due to the threat of Water Supply contamination by invasive species organisms that may be introduced to City Reservoirs and Controlled Lakes by boats previously used in contaminated waters, all Fishing Boats and equipment (i.e. anchors, anchor lines, paddles, etc.) used on City Reservoirs and Controlled Lakes must be registered and steam cleaned by NYCDEP or its designees, when available, as listed on the NYCDEP website, and stored on-site in Boat Storage Areas designated by NYCDEP. All Fishing Boats stored and used on City Reservoirs, Controlled Lakes and adjacent City Property must have a valid Fishing Boat Tag affixed thereto.

(j) **Application.** Fishing Boat Tag applications will be available for download on the NYCDEP website or for pick-up at NYCDEP facilities in New York City, NYCDEP offices throughout the Watershed and such other locations as indicated on the NYCDEP website.

(k) **Fishing Boat Tag Application Required Information.** A Fishing Boat Tag application will require the following information:

- (7) Applicant's signature and date of signature; and

(8) Parent or legal guardian's signature and date of signature if applicant is under 18.

(1) **Eligibility.** Valid Access Permit holders 16 years of age and older and who own the rowboat that they are registering are eligible to receive a Fishing Boat Tag for the boat documented on the application. Applicants ages 16-17 need parental or legal guardian consent. Each Fishing Boat Tag will be issued to a single Fishing Boat owner only. Access Permit holders may apply for Fishing Boat Tags for more than one Fishing Boat subject to the limitations included in these Rules under section 16-10.3(7).

(1) With express written permission from NYCDEP as provided for in section 16-12(j), an organization that implements boat-sharing among its members, with a valid NYCDEP Access Permit, may be eligible to receive a Fishing Boat Tag for each of its Fishing Boats.

- i. Organizations must submit a request for DEP to review and approve a boat-sharing program. The organization shall appoint a responsible party who shall be NYCDEP's main point of contact and responsible for each Fishing Boat Tag issued in the organization's name.

(m) **Application Submission and Appointment.** A Fishing Boat Tag application must be submitted to NYCDEP or its designee, when available, as listed on the NYCDEP website, at the boat registration appointment on the day the Fishing Boat is to be placed on an Open Boat Storage Area. The appointment must be made in advance by contacting the NYCDEP office nearest the Reservoir where the Fishing Boat will be located, or the NYCDEP designee, when available, as listed on the NYCDEP website. A completed application must be submitted in person at the processing appointment. A Fishing Boat Tag application may be completed in advance of the appointment. A cancelled appointment may be rescheduled to a later date as available.

(n) **Boat Processing and Tag Issuance.** A Fishing Boat owner must attend the processing appointment for his or her boat in person and must bring his or her boat, valid Access Permit, and government-issued photo identification. A boat processing appointment consists of the following steps:

- (1) The Fishing Boat owner must submit the completed Fishing Boat Tag application in person or via the NYCDEP website, when available.
- (2) Access Permit data on file shall be confirmed with the applicant. This information shall include contact information and Access Permit status.
- (3) Boat type, shape, size, color, make, model, serial number, absence of possible contaminants, boat condition (i.e. peeling paint) and apparent seaworthiness shall be confirmed and entered into the file.
- (4) Boats and equipment will be steam cleaned by NYCDEP or its designee on all surfaces to remove any possible Water Supply contaminants such as zebra mussel larvae.
- (5) A unique Fishing Boat number will be assigned and affixed to the boat by NYCDEP.
- (6) Upon completion of the boat cleaning and processing appointment, the Fishing Boat owner shall be given a Reservoir map and/or directions to the designated Open Boat Storage Area and must immediately place the registered Fishing Boat at the assigned Open Boat Storage Area.
- (7) Fishing Boat owners may be restricted from placing their Fishing Boat in certain Boat Storage Areas, as determined by NYCDEP. A Fishing Boat owner may submit a Waiting List application to NYCDEP which shall maintain and utilize such list as described in Section 16.1(v)(1)(ii) below.

(o) **Rejection.** Grounds for rejection of a Fishing Boat Tag application include the following:

- (1) Incomplete application;
- (2) Failure to meet application eligibility requirements;
- (3) Submission of false information;
- (4) Illegible application; and/or
- (5) Failure of Fishing Boat to meet inspection and cleaning standards;

Rejected applications will be returned immediately to the applicant, accompanied by an explanation of the reason(s) for rejection, and an opportunity provided for the immediate resubmission of the corrected application, if applicable. Within 10 days of applicant's receipt of NYCDEP's rejection notification, the applicant may send an appeal of NYCDEP's refusal to issue a Fishing Boat Tag to the NYCDEP Deputy Chief of City Land Stewardship. Such appeal must include any relevant information pertaining to the basis for the refusal. Upon examination of the circumstances and generally within two weeks of receipt, the NYCDEP Deputy Chief City Land Stewardship will

either uphold the refusal or revise NYCDEP's prior decision and issue a Fishing Boat Tag upon such terms and conditions as may be appropriate. The applicant will be notified of NYCDEP's determination in writing.

(p) **Term.** Fishing Boat Tags are valid for 4 years, or until the expiration date indicated thereon, if different, unless revoked, or altered by NYCDEP. If a Fishing Boat Tag is expired or revoked, the Fishing Boat owner must remove the boat from City Property promptly. NYCDEP may remove the Fishing Boats per section 16-10.3. Fishing Boat Tag holders with an expired or suspended Access Permit may not use their Fishing Boat.

(q) **Display.** Fishing Boat Tags must be affixed to the upper port-side exterior bow of the corresponding registered Fishing Boat. The Fishing Boat Tag holder must keep a Fishing Boat Tag affixed and clearly legible at all times. The Fishing Boat owner must ensure that the NYCDEP-issued Fishing Boat numbers are clearly legible and visible. Fishing Boats with missing or illegible NYCDEP-issued Fishing Boat Tags and/or boat numbers are subject to confiscation by NYCDEP. Other non-NYCDEP issued numbers may need to be removed at NYCDEP's discretion.

(r) **Replacement.** Lost or destroyed Fishing Boat Tags may be replaced upon the boat owner's written request to NYCDEP by USPS or electronic mail. Replacements will generally be issued within two weeks.

(s) **Renewal.** A renewal Fishing Boat Tag notice or application will be sent via USPS or electronic mail to the address on file for each valid Fishing Boat owner, generally in the spring of the Fishing Boat Tag expiration year. Content of the renewal Fishing Boat Tag application will include confirmation of boat owner and boat information on file. Upon return of the application to NYCDEP by the applicant, a renewed Fishing Boat Tag will be updated and/or sent to the address on file for the Fishing Boat owner.

(t) **Non-Transferability.** Fishing Boat Tags are not transferable to either another person or another boat.

(u) **Transfer of Fishing Boat Ownership.** When an owner of a Fishing Boat with a valid Fishing Boat Tag ("Boat Seller") transfers ownership of his or her Fishing Boat to another valid Access Permit holder ("Boat Purchaser"), the Boat Seller must submit a Boat Tag Surrender Form to NYCDEP listing the number of his or her Fishing Boat Tag either by mail or in person, noting the Boat Purchaser's name and address. The Boat Purchaser must complete a Fishing Boat Tag application for the Fishing Boat, in accordance with section 16-10.1(k), indicating the name of the Boat Seller from whom the Boat Purchaser purchased the boat.

(1) NYCDEP will issue and mail a new Fishing Boat Tag and other materials to the accepted Boat Purchaser at the address on file, generally within 2 weeks of the Boat Purchaser's Fishing Boat Tag application if the new Fishing Boat will be placed in an Open Boat Storage Area. New Fishing Boat Tags will not be issued in Closed Boat Storage Areas.

(2) The new Fishing Boat Tag issued to the Boat Purchaser will supersede any prior Fishing Boat Tag issued for the Fishing Boat, including the Boat Seller's Fishing Boat Tag which is null and void upon the Fishing Boat's transfer to the Boat Purchaser. The Boat Purchaser must remove any prior Fishing Boat Tag(s). The Fishing Boat Tag issued to the Boat Purchaser must be affixed in accordance with Section 10.1(q) above.

(v) **Fishing Boat Storage Areas.** Each registered Fishing Boat will be assigned by NYCDEP and/or its designee to a Fishing Boat Storage Area that has a space available as determined by NYCDEP. Assignment of a Fishing Boat to a Fishing Boat Storage Area is valid for the duration of the Fishing Boat Tag. The Fishing Boat must be stored in the assigned Boat Storage Area when not in use on the water. A Fishing Boat not stored within its assigned Fishing Boat Storage Area will be subject to confiscation by NYCDEP.

NYCDEP may grant a Fishing Boat Tag holder a storage space in either a:

1. **Closed Boat Storage Area:** a Boat Storage Area designated by NYCDEP that requires protection to prevent damage to City Property such as erosion, soil compaction or loss of vegetation. The number of Fishing Boats stored in a Closed Boat Storage Area may not exceed the number of Fishing Boats NYCDEP reasonably determines as the limit for that area, in view of conditions in and around such area. Fishing Boat owners may request to be on a Waiting List, described below, to store his or her Fishing Boat in a Closed Boat Storage Area. Provided the Fishing Boat owner remains in good standing and has resolved any violation of these regulations to NYCDEP's satisfaction, upon submission of a renewal for a Fishing Boat Tag that was previously assigned to a Closed Boat Area, NYCDEP will assign the same Fishing Boat to the Closed Storage Area it is located in provided the

Fishing Boat has not been transferred to a new owner since the prior Fishing Boat Tag was issued by NYCDEP.

(i) If a Fishing Boat Owner transfers ownership of a Fishing Boat that is stored in a Closed Boat Storage Area, the Boat Purchaser must remove the Fishing Boat from the Closed Boat Storage Area. The Boat Purchaser may submit a Fishing Boat Tag application to store the boat in an Open Boat Storage Area on the same Reservoir. If there is no Open Boat Storage Area on that Reservoir, the Boat Purchaser must remove the Fishing Boat from City Property. The Boat Purchaser may submit a Fishing Boat Tag application to place the Fishing Boat in an Open Boat Storage Area on another Reservoir and, in addition, may submit a Waiting List Application for a Reservoir with a Closed Boat Storage Area.

(ii) **Waiting List:** NYCDEP will maintain and utilize a Waiting List for each Reservoir with a Closed Boat Storage Area in order to allocate Fishing Boat storage spaces in such areas. A person may request to be placed on a Reservoir's Closed Boat Storage Area Waiting List by requesting a Waiting List application from NYCDEP or its designee, completing the Waiting List application, and returning it to NYCDEP either by mail or in person. NYCDEP will place the name on the Waiting List based upon the order in which the completed Waiting List application was received except that a Fishing Boat owner who has exceeded the boat limits established by NYCDEP pursuant to section 16-10.3(7) will not be placed on a Waiting List.

2. **Open Boat Storage Area:** a Fishing Boat storage area designated by NYCDEP that has suitable storage space as determined by NYCDEP for a Fishing Boat with a Fishing Boat Tag without overcrowding or damaging City Property. NYCDEP will assign each applicant who receives a Fishing Boat Tag a storage space in an Open Boat Storage Area on the requested Reservoir, if available. If there is no Open Boat Storage Area on the requested Reservoir, the applicant may submit a Waiting List application as described in paragraph 10.1(v)(1)(i) and (ii) above.

A Fishing Boat owner may request a change of an assigned Boat Storage Area for their Fishing Boat on the same water body once per calendar year by contacting NYCDEP. NYCDEP will grant a change of an assigned Boat Storage Area provided that the requested Boat Storage Area is open to additional Fishing Boats.

(w) **Fishing Boat Storage.** When not in use on the water for Fishing, a Fishing Boat must be stored in its assigned Boat Storage Area at all times. From December 1st to April 1st, a Fishing Boat must be stored above the High Water Mark within its assigned Boat Storage Area. It is recommended that a Fishing Boat owner store their Fishing Boat back from the shoreline so as not to obstruct other anglers' access to the water. DEP, at its sole discretion, may delineate by signage or on maps, shoreline buffer zones, which are within 10 feet of the High Water Mark of the shoreline. A shoreline buffer zone may be delineated on a new and/or an expanded Boat Storage Area or in an existing Boat Storage Area that is considered to have soil compaction, vegetation loss, or erosion. Fishing Boats found within a NYCDEP-delineated shoreline buffer zone are subject to removal by NYCDEP.

Where manufactured hitching posts, stanchions or boat racks are supplied and have available space, a Fishing Boat must be secured to them. A Fishing Boat must not be stored on or against other stored Fishing Boats, as this may make some Fishing Boats inaccessible to their owners.

A Fishing Boat must not be stored leaning against a tree unless there is no space available on a hitching post or other securing mechanism as provided by NYCDEP. Storage against a tree must be in a manner that does not damage the tree or may result in the boat being blown over into a hull-down position. A Fishing Boat must not be secured to a dead tree or a tree marked with blue paint by NYCDEP.

Improper stored boats may be subject to removal by NYCDEP or Access Permits holders may be subject to the penalties in section 16-15 of these Rules.

(x) **Fishing Boat Placement and Securing.** To prevent the creation of insect breeding grounds in water-filled Fishing Boats, each Fishing Boat must, except as provided in this subdivision, be stored hull-up (upside down) and flat against the ground at all times.

A Fishing Boat owner may store on site such fishing equipment as may be secured under their overturned, stored Fishing Boat. Equipment or items left on City Property and not secured under a Fishing Boat is subject to NYCDEP confiscation and disposal. A Fishing Boat owner is encouraged to secure their stored Fishing Boat to reduce the possibility of theft and scattering.

Improper stored boats may be subject to removal by NYCDEP or Access Permits holders may be subject to the penalties in section 16-15 of these Rules.

(y) **Owner Removal of a Fishing Boat.** Fishing Boat owners may remove their Fishing Boats from City Property at any time. Fishing Boat owners must notify the appropriate NYCDEP Boat Office before removing their Fishing Boat from City Property. Upon removal of a Fishing Boat from City Property, its Fishing Boat Tag is immediately rendered invalid and the boat can no longer be stored or used on City Property. Fishing Boat owners wishing to return a once-registered, removed Fishing Boat to a City Reservoir or Controlled Lake must make a registration and processing appointment with the appropriate NYCDEP Boat Office, or designee, as listed on the NYCDEP website.

(z) **Change of Reservoir or Controlled Lake.** Fishing Boat owners with a valid Access Permit may change the location of their Fishing Boat from one Reservoir or Controlled Lake to another Reservoir or Controlled Lake provided there is an Open Boat Storage Area. Such change will be treated the way a new boat would be treated. This will require an application, boat processing appointment, and a new Fishing Boat Tag. It is prohibited for a boat owner to move their boat away from the assigned Reservoir or Controlled Lake without first notifying and securing approval from the appropriate NYCDEP Boat Office. It is prohibited for a Fishing Boat owner to place any boat on a Reservoir or Controlled Lake without a valid Fishing Boat Tag for that location. The Fishing Boat must be steam cleaned and receive a new Fishing Boat Tag for the new Boat Storage Area.

(aa) **Loaning a Fishing Boat.** Fishing Boats with a valid Fishing Boat Tag may be loaned to other valid Access Permit holder(s) with written permission from the Fishing Boat owner, which includes the term of the loan. The person being loaned the Fishing Boat must carry such written permission while using the Fishing Boat.

§ 16-10.2 Recreational Boats.

Recreational Boating is allowed on the Cannonsville, Neversink, Pepacton and Schoharie Reservoirs in NYCDEP designated Recreational Boating Areas and in NYCDEP's discretion. The Recreational Boating Areas may be entered and used for Recreational Boating by persons with valid Access Permits and Recreational Boating Tags as provided in these Rules. Recreational Boating Areas and launch sites will be designated by NYCDEP on sign postings, on the NYCDEP website, on NYCDEP maps, and/or in other publications and notices available from NYCDEP and at local sporting outfitters.

(a) **Season.** Access to Recreational Boating Areas begins at sunrise on May 1st and ends at sunset on October 31st or as otherwise determined by NYCDEP, and is 7 days a week from sunrise to sunset, except as otherwise restricted on NYCDEP sign postings, on the NYCDEP website, on NYCDEP maps, and/or in other publications or notices.

(b) **Recreational Boat Tags.** All boats used in Recreational Boating Areas must be registered and steam cleaned by NYCDEP's designees, as listed on NYCDEP's website, and must have a valid Recreational Boat Tag affixed to the upper port side exterior bow.

(1) **Eligibility.** Boats eligible for Recreational Boat Tags include but are not limited to canoes, sculls, metal jonboats, rowboats and kayaks that measure no less than 9 feet in length. Inflatable boats, collapsible boats, swim and paddle boards, stand up kayaks, kayaks with pedal drive systems and or sails, sailboats and motorized boats are prohibited. NYCDEP may, at its discretion, add to or delete from the list of boats eligible for Recreational Boat Tags. Changes to the list will be designated by NYCDEP on sign postings, on the NYCDEP website, on NYCDEP maps, and/or in other publications and notices available from NYCDEP and at local sporting outfitters.

(2) **Term.** Seasonal Recreational Boat Tags will be valid for the full season as defined in subparagraph (a) of this section. NYCDEP, at its discretion, may issue a temporary tag valid for 1 to 7 days. Recreational Boat Tags only remain valid so long as the boat owner's Access Permit is valid. Recreational Boat Tag holders with an expired, suspended or revoked Access Permit may not use their Recreational Boat.

(3) **Application.** Recreational Boat Tag applications will be available at the same locations as Access Permit applications, including the NYCDEP website, and will also be available at vendors/designees as approved by NYCDEP for processing Recreational Boats for use in Recreational Boating Areas.

(4) **Required Information.** A Recreational Boat Tag application requires the following information:

- (i) Applicant's valid Access Permit number;
- (ii) Applicant's name, mailing address, phone number, electronic mail address, if available, and date of birth;
- (iii) Boat make, model, color, width, length, material, and hull shape and if known, serial number;

(iv) Selection of Recreational Boat Tag term;

(v) Applicant's acknowledgement of risk and waiver of liability;

(vi) Applicant's acknowledgement and acceptance that NYCDEP or its designee has the right to confiscate and store a boat that NYCDEP determines is in violation of these regulations and to dispose of the boat in accordance with section 16-10.3; waives any right to assert a claim against NYCDEP and/or its designee or hold either liable under any circumstances for damage to, or loss of, a boat or accessories such as, but not limited to, chains, locks and oars during its confiscation, storage or disposition.

(vi) Applicant's signature and date of signature; and

(vii) Parent or legal guardian's signature and date of signature if the applicant is aged 16 or 17.

(5) **Boat Processing, Registration, Steam Cleaning and Recreational Boat Tag Issuance.** Recreational Boat Tag applications may be completed in advance of submission, except for the portions which must be completed when the boat is registered, steam cleaned and placed on the Reservoir. Prior to entering Recreational Boating Areas, all Recreational Boats and equipment (i.e. anchors, anchor lines, paddles, etc.) must be steam cleaned by one of NYCDEP's designees at the appropriate office as listed on the NYCDEP website. Recreational Boat Tags cannot be transferred from one person to another.

(c) **Recreational Boat Launch Sites.** Recreational Boats may only be placed in or taken out of Recreational Boating Areas at Recreational Boat launch sites designated by NYCDEP.

(d) **Recreational Boat Storage Areas and Recreational Boat Storage.** NYCDEP's designee will assign an available Boat Storage Area as determined by NYCDEP for all Recreational Boats. No Recreational Boat may be stored in a shoreline buffer zone, which is within 10 feet of the shoreline. A Recreational Boat not stored within its assigned Boat Storage Area, or is in a Boat Storage Area closed by NYCDEP, or to which it was not assigned, will be subject to confiscation by NYCDEP.

Where manufactured hitching posts, racks and/or stanchions are supplied by NYCDEP and have available space, a Recreational Boat must be secured to one of them. NYCDEP may also designate certain locations within the Boat Storage Areas for Recreational Boat Storage, which will be delineated at the storage area by NYCDEP.

A Recreational Boat may not be stored on or against another stored boat. A Recreational Boat must not be stored leaning against a tree unless there is no space available on a hitching post or other securing mechanism as provided by NYCDEP. Storage against a tree must be in a manner that does not damage the tree or may result in the boat being blown over into a hull-down position. A Recreational Boat must not be secured to a dead tree or a tree marked with blue paint by NYCDEP.

A Recreational Boat must be stored, at the owner's risk, in the vicinity of the Recreational Boating Area's launch sites above the High Water Mark back from the shoreline so as not to obstruct access to the water, and in a hull up (upside down) position so as not to collect water.

To prevent the creation of insect breeding grounds in water-filled Recreational Boats, each Recreational Boat must, except as provided in this subdivision, be stored hull up (upside down) and flat against the ground at all times.

A Recreational Boat owner may store on site such boating equipment as may be secured under their overturned, stored Recreational Boat. Equipment or items left on City Property and not secured under a Recreational Boat is subject to NYCDEP confiscation and disposal. A Recreational Boat owner is encouraged to secure their stored Recreational Boat to reduce the possibility of theft and scattering.

Improper stored boats may be subject to removal by NYCDEP or Access Permits holders may be subject to the penalties in section 16-15 of these Rules.

(e) **Owner Removal of Recreational Boat.** Recreational Boats with Recreational Boat Tags may be removed from Recreational Boat Areas by their owners at any time before the Recreational Boat Tag's expiration date. Recreational Boat owners with a Seasonal Recreational Boat Tag must notify the appropriate NYCDEP Boat Office before such removal. Upon removal of a Recreational Boat from a Recreational Boating Area, its Recreational Boat Tag is immediately rendered invalid. Recreational Boat owners wishing to return a once-registered, removed Recreational Boat to a Recreational Boating Area must secure a new Recreational Boat Tag.

(f) **Safety.** Every Recreational Boat used on City Property must have at least one U.S. Coast Guard approved wearable personal flotation device in good condition for each person on board. Each person on board who is under the age of 12 must wear a securely fastened U.S.

Coast Guard approved wearable flotation device of an appropriate size. All boaters must comply with U.S. Coast Guard, New York State, and any other applicable laws and regulations regarding personal flotation device use.

(g) **Capacity.** Each Recreational Boat may only carry the occupants as recommended by the manufacturer unless the Recreational Boat has a U.S. Coast Guard approved "Maximum Capacities" plate or label affixed by the manufacturer that identifies a greater occupancy capacity.

(h) **Condition and Maintenance.** Recreational Boat owners are responsible for the sanitary condition and seaworthiness of their vessels and for all activities that occur thereon.

(i) **Use.** Fishing is a permissible, but not required, use of Recreational Boats.

§16-10.3 Confiscation, Storage, Disposal, and Limitations of all Boats.

(1) **NYCDEP Confiscation of any Boat.** Any boat left in the water unattended; found on land outside of the boat's assigned Boat Storage Area; found in a closed Boat Storage Area to which it was not assigned; found without a valid Fishing or Recreational Boat Tag or with illegible boat numbers; found on City Property after expiration or revocation of the owner's Fishing or Recreational Boat Tag or Access Permit; found in a Restricted Area, or abandoned or otherwise not in compliance with these Rules is subject to confiscation and storage by NYCDEP or its designee at the owner's expense.

By accepting a Fishing or Recreational Boat Tag, the owner of the tagged boat acknowledges and accepts NYCDEP's and its designee's right to confiscate and store a boat that NYCDEP determines is in violation of these regulations; NYCDEP's right to dispose of the boat in accordance with this section; and waives any right to assert a claim against NYCDEP and/or its designee for such confiscation and/or disposal or hold either liable under any circumstances for damage to, or loss of, a boat or accessories such as, but not limited to, chains, locks and oars during its confiscation, storage or disposition.

When a boat is confiscated by NYCDEP or its designee, a record of the boat's condition will be prepared and maintained including the following information: a boat description, date of confiscation, storage location, condition, equipment with the boat, if any, estimated value, and whether it appears seaworthy or not. Such record will be maintained until NYCDEP or its designee disposes of said boat in accordance with these Rules.

When a boat is confiscated, a one-time confiscation penalty of \$120.00 will be assessed per boat. A storage fee of \$1.00 per day will also be assessed per boat until the boat is claimed by its owner, or until the storage fee adds up to \$90. Together the confiscation penalty and storage fees will not exceed \$210.00 in total per boat.

NYCDEP or its designee will send a written notice to attempt to contact the owner of a NYCDEP confiscated boat within 30 days from the date NYCDEP deems the boat confiscated in order to notify such owner of the boat's status. This written notice will be documented by NYCDEP or its designee and may be by USPS mail, or electronic mail using the contact information on file for the Access Permit/Boat Tag holder. If a confiscated boat has no record of ownership with NYCDEP, the boat will be held for 3 months and if unclaimed, disposed of in accordance with section 16-10.3(4) of these Rules.

(2) **Storage of NYCDEP-Confiscated Boats.** NYCDEP or its designee will secure a confiscated boat on NYCDEP or its designee's property until the confiscated boat is claimed by its owner or until 3 months have passed from the date of notice of confiscation by NYCDEP or its designee. Storage may include a boat being left in place and secured on City Property until it can be disposed of by NYCDEP or its designee.

(3) **Owner Claim of Confiscated Boats.** All boats confiscated and stored by NYCDEP or its designee will be available for claim and pick up within the 3 month storage period by the boat owner of record, by appointment with NYCDEP or its designee. NYCDEP or its designee's staff will confirm that the person claiming the boat is the boat owner of record. Any accumulated confiscation penalty and storage fees must be paid to the order of NYCDEP by certified check, bank check, or money order and must be tendered to NYCDEP or its designee in order for the boat to be released. An owner must pay any accumulated penalties and fees and remove their claimed boat at the same appointment; NYCDEP or its designees will not hold claimed boats or allow deferred payment. NYCDEP, or its designee after consulting with NYCDEP, may in extreme circumstances (such as death or a debilitating illness of a boat owner), waive any accumulated penalties and/or fees.

(4) **Disposal of confiscated property.** When necessary, NYCDEP will dispose of boats and other property confiscated by NYCDEP through any of the following means:

- (i) Sale by the New York City Department of Citywide Administrative Services; or
- (ii) Public auction by NYCDEP or its designee.

(5) **Boat Relinquishment.** Boat owners or their representatives may relinquish ownership of their boat stored on City Property to NYCDEP directly or through NYCDEP's designee according to the following process:

- (i) The boat owner or his or her representative must write a letter stating that he or she relinquishes ownership of his or her boat to NYCDEP. The letter must contain the following information:
 - (a) boat owner name, address, telephone number, and Access Permit number;
 - (b) boat number and Boat Storage Area;
 - (c) if written by the boat owner, the signature of the boat owner; and
 - (d) date of signature.
- (ii) If the letter is written by the representative of a boat owner, the representative must affirm in writing his or her ability to act on behalf of the boat owner for the purposes of relinquishing ownership to NYCDEP.
- (iii) The relinquishment letter must be mailed to NYCDEP at 71 Smith Avenue Kingston, NY 12401 or its designee, if applicable.

(6) **Lost and Stolen Property.** Property owners must report all property believed to be lost or stolen to the appropriate NYCDEP Boat Office and the NYCDEP Police upon discovery. A boat owner whose boat has been stolen and has filed a report with NYCDEP Police may replace the boat at the same Boat Storage Area within 90 days of the Police report filing date. This will be allowed even if the Boat Storage Area is closed.

(7) **Limitations.** To limit potential adverse water quality or natural resource impacts, overcrowding, and for other such other reasons as NYCDEP may deem necessary or appropriate, NYCDEP may:

- (i) Limit the number of valid Fishing or Recreational Boat Tags any individual can hold at one time;
- (ii) Limit the number of Reservoir-specific valid Fishing or Recreational Boat Tags any individual can hold at one time;
- (iii) Limit the total number of Fishing or Recreational Boat Tags issued for a particular Reservoir or Controlled Lake; and/or,
- (iv) Limit the number of boats stored at a particular Reservoir or Controlled Lake, Boat Storage Area or boat launch site.
- (v) If and when limits are determined to be necessary by NYCDEP, they shall be posted on the NYCDEP website and be available at NYCDEP offices, and its designees' boat steam cleaning sites, if applicable.
- (vi) Any limitations proposed per above shall apply to new Fishing Boat or Recreational Boat Tag holders.

§ 16-11 Restricted Areas.

(a) **General.** NYCDEP may, in its discretion, temporarily limit or forbid access to any or all City Property at any time and from time to time as may be necessary for Water Supply security, for public safety or resource protection. Such limitation on or prohibition of access will be indicated by posting signs and, when applicable, on the NYCDEP website and/or by publishing announcements.

(b) **Location.** Unless otherwise posted, all persons other than NYCDEP employees and contractors on City business, on-duty law enforcement personnel and others with express written permission from NYCDEP as provided for in section 16-12(j) are prohibited from entering City Property that is:

- (1) On or within 500 feet of any dikes, dams, tunnel outlets, spillways, buildings and other "significant" Water Supply structures as may be designated by NYCDEP in its sole discretion. Other distances within which access is prohibited may be applied at NYCDEP's discretion. These larger Restricted Areas will be delineated by signs and on public maps on the NYCDEP website.
- (2) Any area not officially designated as a Access Permit Area, Public Access Area, Day Use Area, or an area not specifically

designated for access; and

- (3) Any other area posted with signs such as “No Trespassing” or otherwise designated as a Restricted Area.

(m) **Biking.** The use of bicycles and similar non-motorized vehicles on

City Property is prohibited except in DUAs as posted by NYCDEP.

§16-15 Rule Infractions.

Any violation of these Rules by an Access Permit holder or by any person accompanying an Access Permit holder is cause for confiscation, suspension or revocation of such Access Permit and any related Tags. Such violation may also affect issuance of future Access Permits and/or Tags as determined by NYCDEP and may also subject the violator to prosecution to the fullest extent of the law.

(a) **Confiscation.** Upon request of a NYCDEP representative or law enforcement officer, an Access Permit holder or Guest Pass holder must surrender his or her Access Permit and/or Guest Pass and/or any related Tag to the requestor and must immediately leave the City Property.

(b) **Notification Procedure.** Upon examination of the circumstances, NYCDEP will make a determination to suspend, revoke or return the Access Permit, Guest Pass, and/or Tag. DEP will send its written determination within 45 days of the alleged violation. NYCDEP will send a letter of suspension, revocation, or reinstatement via USPS or electronic mail to the individual's address on file. This letter will specify:

- (1) Date, location, and nature of the alleged infraction;
- (2) The alleged violator's name, address, and Access Permit or Tag number(s), as applicable;
- (3) Citation of the alleged violation as per these Rules;
- (4) Notification of penalty imposed and Access Permit or Tag status;
- (5) Notification of the opportunity and timeline for appeal.

(c) **Suspension.** If NYCDEP determines that the Access Permit and Tag should be suspended, a letter including the basis for the suspension, the period of suspension and the expiration date of the suspension period will be sent to the Access Permit holder at the address on file.

(1) Access Permits and Tags may be renewed while suspended; however, the suspended Access Permit holder will not receive a new Access Permit or Tag(s) during the suspension period. Suspended Access Permits may only be renewed by using the NYCDEP Access Permit Update Form. The Access Permit Update Form will be available for download on the NYCDEP website. NYCDEP online renewals will not be allowed for suspended Access Permits. The completed NYCDEP Access Permit Update Form must be mailed to the address on the NYCDEP website. The renewed Access Permit will remain in NYCDEP custody during the suspension period.

(2) The suspended Access Permit holder may not enter upon City Property for Recreational Uses until the period of suspension has ended and NYCDEP returns the Access Permit and related Tags, as applicable.

(3) Depending on the severity of the violation and record of

previous violations, Access Permit/Tag suspension may be from 2 months to 5 years from the date of the violation.

(4) Persons with a suspended Access Permit may be permitted, at NYCDEP's discretion, to leave valid Fishing Boats on a Reservoir; however, they may not access or use the Fishing Boat without a Valid Access Permit.

(5) When Access Permits expire under suspension and are not renewed, all Tags automatically expire and all boats operated under these Tags must be removed from City Property.

(d) **Penalty Schedule.** First offenses of the Rules will result in suspension that is one-third the maximum suspension term as specified in the penalty table for the specific violation. Second offenses will result in a suspension that is one-half the maximum suspension period for the specific violation, and third offenses will result in the maximum suspension period for the specific violation. Two or more violations in one incident shall result in the minimum penalty for the most egregious violation. Violations of 3 or more sections of the Rules during a single incident or individual offenses which have seriously threatened public safety, Water Supply safety or security, or the personal safety of individuals will result in the maximum penalty for the single most egregious violation. In addition, certain violations of the Rules may result in the issuance of a summons for trespass and/or other applicable violations of law and/or arrest.

(1) Fishing and Recreational Boat Tag holders whose boats are confiscated 3 times within a 5 year period by NYCDEP may be subject to Access Permit suspension and loss of future Tag privileges.

(2) The maximum penalty for violation of the Rules is a 3 year suspension for holders of Access Permits or a 3 year suspension from applying for an Access Permit, except for those infractions listed in the table below.

Individuals who have committed 4 or more offenses within a 5 year period, or who have seriously threatened public safety, Water Supply safety or security, or the personal safety of individuals through means not specifically enumerated in this penalty schedule may be subject to the revocation of all public access privileges.

(e) **Revocation.** If NYCDEP determines that the Access Permit and/or Tag should be revoked due to significant or repeated violations, a letter including the basis for revocation will be sent to the former Access Permit holder. Upon such determination, all Tags held by the former Access Permit holder will also be revoked. All boats must be removed by the owner promptly, and in any event, within the time limits specified in the NYCDEP revocation letter. The length of time allowed for boat removal in such revocation letter will be based on (i) weather and (ii) administrative considerations. The boats under the name of the former Access Permit holder must be removed from City Property in the presence of a NYCDEP representative. If the boats are not removed by the owner, NYCDEP may remove the boats per section 16-10.3 of these Rules. The former Access Permit holder may not apply for a new Access Permit and/or Tag until the date specified in the letter, if any.

(f) **Appeals.** Individuals may appeal the suspension or revocation of their Access Permit privileges and/or ability to apply for public access privileges by submitting to the Deputy Chief of City Land Stewardship, within 30 days of the date of the NYCDEP letter of suspension or revocation, a written request explaining why the penalty should be changed. In support of an appeal, an individual must submit:

- (1) an explanation as to why the penalty imposed is not justified by the circumstances presented;
- (2) a statement indicating his or her commitment to abide by all Rules, policies, and conditions in the future.

The Deputy Chief of City Land Stewardship will respond to all appeals in writing within 45 days of receipt. In response to a written appeal, NYCDEP may reduce the duration of suspension or revocation period. Factors NYCDEP will consider in determining whether to grant or deny an appeal request include whether the individual has committed any other Rule infractions within the previous 5 years and whether the infraction at issue threatened or compromised Water Supply quality or security, public safety or led to property damage or injury to any individual. Court dispositions of any summons issued or arrests made for reasons other than a violation of these rules will not negate any such violations, but may be considered during an appeal review by NYCDEP. Individuals dissatisfied with the first appeal response may elect to submit a final written appeal to the Deputy Commissioner for the NYCDEP Bureau of Water Supply for a final determination.

(g) **Reinstatement.** Upon conclusion of the suspension period for a suspended Access Permit and/or Tags, NYCDEP will send notification of reinstatement via USPS or electronic mail to the Access Permit holder at the address on file. This notification will include the return of any confiscated Access Permit or Tag that is still valid or an application for a replacement.

(h) **Group Infractions.** Any violation of these Rules and/or the Group Access Permit conditions by a Group Member may result in:

- (1) Expulsion of the Group and/or Group Member from the property;
- (2) Revocation of the Group Access Permit;
- (3) Loss of general privileges to access City Property including loss of eligibility to apply for an Access Permit, suspension or revocation of Access Permits; and
- (4) Arrest and prosecution of the Group Members, Group Leader, and/or organization sponsoring the Group and/or which the Group represents.

(i) **Public Access Area and Day Use Area Infractions.** Failure to comply with these Rules, postings or notices in a Public Access Area or a Day Use Area may result in, but not be limited to, one or more of the following:

- (1) Expulsion from City Property;
- (2) Suspension or revocation of Access Permit and/or Tag privileges, if applicable
- (3) Prohibition from obtaining an Access Permit or Tag;
- (4) Suspension from access to some, any or all City Property;
- (5) Arrest and prosecution.

§ 16-16 Conformance with State and Local Laws.

All persons using City Property for Recreational Uses are subject to the New York State Environmental Conservation Law and all other statutes, ordinances and Rules applicable and the Rules set forth herein. Access Permits are not substitutes for any NYSDEC Fishing, Hunting or Trapping Licenses required by law.

§16-17 Enforceability.

If any clause, sentence, paragraph, subdivision, section, Rule or other part of this chapter shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, Rule or other part thereof directly involved in the controversy in which such judgment shall have been rendered.

HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

Notice of Adoption

NOTICE IS HEREBY GIVEN that pursuant to the authority vested in the Commissioner of the Department of Housing Preservation and Development (“HPD”) by Sections 1043 and 1802 of the New York City Charter and Sections 23-96(k) and 23-154(d)(3)(v) of the Zoning Resolution of the City of New York, HPD is adopting amendments to Chapter 41 of Title 28 of the Rules of the City of New York.

A notice of proposed rulemaking was published in the City Record on April 24, 2019. A public hearing was held on May 24, 2019.

Statement of Basis and Purpose of Rule

The Mandatory Inclusionary Housing (“MIH”) program requires new housing developments, enlargements, or conversions of more than 10 dwelling units or more than 12,500 square feet of residential floor area constructed in areas designated for MIH in the Zoning Resolution of the City of New York (“Zoning Resolution”) to provide permanently affordable housing to qualified households.

MIH areas are designated through the land use review process as part of zoning actions that increase housing capacity. The MIH program allows developments, enlargements or conversions that increase the number of dwelling units by no more than 25 and increase the residential floor area on the zoning lot by less than 25,000 square feet of residential floor area to instead make a contribution to the Affordable Housing Fund, which is defined in section 23-911 of the Zoning Resolution. The contribution amount must approximate the cost of providing affordable floor area in the community district where the MIH Development is located.

HPD established a schedule setting forth the Affordable Housing Fund contribution amounts in Section 41-24 of Chapter 41 of title 28 of the Rules of the City of New York. The Zoning Resolution requires this schedule to be updated annually. HPD rules provide that, for purposes of this schedule, HPD must group together Community Districts with similar market characteristics into “Fee Tiers,” using Department of Finance sales data for residential condominium units and, where necessary, for one- to four-unit residential buildings. Each Fee Tier is associated with a different Affordable Housing Fund contribution amount.

The adopted rule amendments update the schedule for the coming fiscal year (July 1, 2019 through June 30, 2020).

New material is underlined.

[Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. The schedule of Affordable Housing Fund contribution amounts set forth in Paragraph one of Subdivision c of Section 41-24 of Chapter 41 of Title 28 of the Rules of the City of New York is amended to read as follows:

Fee Tier	Community District	Amount of Affordable Housing Fund Contribution Per Square Foot
1	101 102 103 104 105 106 107 108	[\$1,075] <u>\$1,100</u>

New York City Department of City Planning

Pursuant to City Environmental Quality Review (CEQR), Mayoral Executive Order No. 91 of 1977, CEQR Rules of Procedure of 1991 and the regulations of Article 8 of the State Environmental Conservation Law, State Environmental Quality Review Act (SEQRA) as found in 6 NYCRR Part 617, a Draft Environmental Impact Statement (DEIS) has been prepared for the actions described below. The proposal involves actions by the City Planning Commission and Council of the City of New York pursuant to Uniform Land Use Review Procedures (ULURP). Copies of the DEIS are available for public inspection at the office of the undersigned. A public hearing on the DEIS will be held at a later date to be announced, in conjunction with the City Planning Commission's citywide public hearing pursuant to ULURP. Advance notice will be given of the time and place of the hearing. Written comments on the DEIS are requested and would be received and considered by the Lead Agency until the 10th calendar day following the close of the public hearing.

Peninsula Rockaway Limited Partnership (the "Applicant") is requesting several discretionary actions from the City Planning Commission (CPC) to facilitate a proposal by the Applicant to redevelop an approximately 9.34-acre site located on Lot 1 of Block 15842, Lot 1 of Block 15843, and Lot 1 of Block 15857 (the "Project Site") in Queens Community District 14. The discretionary actions being sought by the Applicant from the CPC include a zoning map amendment, City Map amendment, zoning text amendments, and Large-Scale General Development (LSGD) special permits. These discretionary actions, along with the discretionary approvals for the use of public funds that may be sought by the Applicant, are collectively referred to as the "Proposed Actions."

The Proposed Actions would facilitate an approximately 2,371,000 gross square feet (gsf) development (the "Proposed Project") on the Project Site, comprised of 11 buildings with approximately 2,200 income-restricted residential dwelling units (DUs), of which approximately 1,927 DUs would be income-restricted up to 80% of Area Median Income (AMI) to include approximately 201 DUs set aside for Affordable Independent Residences for Seniors (AIRS), with the remaining 273 DUs restricted to income levels not exceeding 130% of AMI. In addition to the residential DUs, the Proposed Project would include approximately 72,000 gsf of retail space, including a fitness center and a supermarket, approximately 77,000 gsf of community facility space, approximately 24,000 square feet (sf) of publicly-accessible open space, and approximately 973 accessory parking spaces. The Proposed Project also includes a privately owned, open internal street network with two new 60-foot wide publicly-accessible private streets. The anticipated build year is 2034.

The redevelopment of the Project Site is intended to revitalize a vacant and underutilized site by transforming the Project Site to a mixed-use residential, community facility and commercial development. It would provide more housing for the observed and projected increase in population, more affordable housing for those who are currently rent-burdened, and more housing for the elderly, all near public transit options. The Proposed Project would also activate the area's major corridors with local and destination retail, resources, and amenities.

Absent the Proposed Actions, the Applicant would develop the Project Site with 12 new buildings consisting of approximately 482,523 gsf of residential space (providing 568 DUs), 21,659 gsf of local retail space, 800 gsf of community facility space, and 557 accessory parking spaces. Of the 557 parking spaces, 457 would be provided on surface parking lots and the additional 100 would be provided in an underground parking garage located in the center of the northern portion of the Project Site. The No-Action condition would result in approximately 544,982 gsf of development on the Project Site.

The development program and building design for the Proposed Project, as described above, would represent the With-Action condition for environmental analysis purposes. Because the LSGD special permit would require the Proposed Project to be in substantial conformance with the approved plans and zoning calculations, which includes the overall maximum floor area for residential, commercial and community facility use, the Proposed Project would be the worst-case development scenario for the With-Action condition. The incremental difference between the No-Action condition and With-Action condition consists of approximately 1,826,018 gsf of development comprised of the following uses: approximately 1,375,477 gsf residential floor area (or approximately 1,632 DUs), approximately 50,341 gsf of retail space, approximately 76,200 gsf of community facility uses, 324,000 gsf of parking space, and 416 accessory parking spaces.

The DEIS has identified significant adverse impacts with respect to community facilities (public elementary and intermediate schools, publicly funded child care centers), open space, transportation (traffic, public transit, and pedestrians), noise, and construction activities related to traffic and noise.

Community Facilities Impacts: The Proposed Project would result in significant adverse impacts on public elementary and intermediate schools as well as publicly-funded child care centers. Mitigation measures as described below are currently being explored by the Applicant in consultation with DCP, the NYC Department of Education (DOE), the NYC School Construction Authority (SCA), and NYC Administration for Children's Services (ACS).

To fully mitigate the significant adverse impact on public schools, 162 public elementary school seats and 57 public intermediate school seats would need to be provided. To eliminate or alleviate the identified significant adverse impacts, the following mitigation measures are currently being explored by the Applicant in consultation with the SCA and DOE: relocating administrative functions to another site, thereby freeing up space for classrooms and/or restructuring or reprogramming existing school space within a district or providing for new capacity (seats) by constructing a new school or an addition to an existing school. The Applicant, or its successor(s) to fee title in the project site, would be required to either provide funding to the DOE/SCA or perform work in accordance with SCA specifications and procurement processes to increase the school capacity by 162 public elementary and 57 public intermediate school seats at school(s) in the school study area where such capacity increase is warranted (as determined by DOE/SCA). If no practicable and feasible mitigation measures are identified, the significant adverse impacts on public schools would remain unmitigated.

To fully mitigate the significant adverse impact on publicly-funded child-care centers, 217 publicly-funded child care slots would need to be provided in the Child Care Study Area. Potential mitigation measures for significant adverse impacts to child care centers are being explored and will be developed in consultation with ACS, DOE, and SCA. The projected increase in demand for child care slots in the With-Action Condition could be offset by private day care facilities and day care centers outside of the Child Care Study Area; some parents may choose day care providers that are closer to their workplace rather than their home. While the analysis is limited to ACS-contracted child care facilities in accordance with *CEQR Technical Manual* guidelines, DOE also contracts with childcare providers to provide additional publicly-funded early education opportunities that are available to all residents, regardless of family income. Since 2014, the City has made significant investments to provide free, full-day, high-quality early childhood education through Pre-K for All and 3-K for All, as part of a broader effort to create a continuum of high-quality early care and education programs for New York City children from birth to five years old. Furthermore, all programs previously managed by ACS will shift to management by DOE, enabling consistent high-quality standards under a single agency by the second half of 2019. ACS will monitor the demand and need for additional publicly funded day care services in the area and identify the appropriate measures to meet demand for additional slots. While these measures could offset or would serve to at least partially mitigate the identified impact, in the event that the significant adverse impact on publicly funded child care facilities is not completely eliminated, an unavoidable significant adverse impact would result.

Open Space Impacts: The Proposed Project would result in a significant adverse impact due to increased demand on active open space resources located within the residential study area. Practicable and feasible measures to mitigate these projected impacts will be identified in consultation with DCP and the New York City Department of Parks and Recreation ("NYC Parks").

To fully mitigate the significant adverse impact on active open space resources an additional 1.67 acres of active open space would need to be provided within the residential study area. According to the *CEQR Technical Manual*, the following on-site or off-site measures could potentially be applied to mitigate an active open space impact: a) create, on-site, new public active open space; b) create new public active open space elsewhere in the study area; c) improve existing active open spaces in the study area to increase their utility, safety, and capacity; d) provide maintenance equipment, to enable increased park usage within an existing open space resource; and/or, e) contribute capital improvements to an outdated/deteriorated open space to increase its usefulness. Consultation with DCP and NYC Parks to identify practicable and feasible mitigation measures is ongoing. In the event that mitigation measures are not available, the significant adverse impact on active open space resources would remain unmitigated.

Transportation - Traffic Impacts: The Proposed Project would result in significant adverse traffic impacts at 22 signalized intersections and five unsignalized intersections during one or more analyzed peak hours; specifically, 30 lane groups at 21 signalized intersections and three lane groups at three unsignalized intersections during the Weekday A.M. peak hour, 22 lane groups at 16 signalized intersections and five lane groups at five unsignalized intersections during the Weekday Midday (M.D.) peak hour, 31 lane groups at 18 signalized intersections and five lane groups at three unsignalized intersections during the Weekday P.M. peak hour, and 17 lane groups at 11 signalized intersections and two lane groups at two unsignalized intersections during the Saturday M.D. peak hour. Mitigation measures such as signal timing changes, modifications to curbside parking regulations, lane geometry changes, and signalization of unsignalized intersections would mitigate or partially mitigate several of the significant adverse traffic impacts. Implementation of the proposed mitigation measures is subject to review and approval by New York City Department of Transportation (NYCDOT). If these measures are deemed infeasible and no alternative mitigation measures can be identified, then the identified significant adverse traffic impacts would be unmitigated.

Transportation - Public Transit Impacts: The Proposed Actions would result in a capacity shortfall on the westbound Q22 bus route in the Weekday A.M. and Weekday P.M. peak hours and on the southbound Q52-SBS in the Weekday P.M. peak hour. These significant bus line-haul impacts could be fully mitigated by the addition of four standard bus during the Weekday A.M. peak hour and one standard buses in the Weekday P.M. peak hour for the westbound Q22 bus route, and by the addition of one articulated bus in the Weekday P.M. peak hour for the southbound Q52-SBS bus route. The general policy of NYCT is to provide additional bus service where demand warrants, taking into account financial and operational constraints.

Transportation - Pedestrian Impacts: The Proposed Actions would result in significant adverse pedestrian impacts at a total of four sidewalks, two signalized crosswalks, and one corner during one or more peak hours, as. Proposed mitigation measures would be subject to review and approval by NYCDOT. If the measures are deemed infeasible and no alternative mitigation measures can be identified, then the identified significant adverse pedestrian impacts would be unmitigated.

Air Quality Impacts: The maximum predicted P.M. 2.5 concentrations at the Rockaway Beach Boulevard/Beach 54th Street/ Beach 53rd Street would exceed NAAQS and result in a significant adverse mobile air quality impact. However, with proposed signalization of the Rockaway Beach Boulevard/Beach 53rd Street intersection as a proposed mitigation measure, no significant adverse impact on mobile air quality would occur. As with other similar mitigation measures, the proposed signalization at this intersection is subject to review and approval by NYCDOT. If found infeasible, a comparable and equivalent mitigation measure will be identified in coordination with NYCDOT.

Noise Impacts: Significant adverse impacts related to traffic-generated noise are predicted to occur on two residential buildings and one office building along Beach 53rd Street during weekday AM, midday and PM peak hours. Field observations will be conducted to determine the presence of double-glazed windows and air conditioners (i.e., an alternate means of ventilation) at the locations that would potentially experience a significant adverse impact. Based on the results of the field observations, reasonable and feasible mitigation measures (e.g., offering to replace windows and install air conditioners) will be explored in consultation with DCP. If no feasible and practicable mitigation measures are identified, the significant adverse mobile noise impact would remain unmitigated.

Construction-Related Traffic Impacts: The analysis as conducted found that peak construction activities during the third quarter in 2027 would result in significant adverse construction-related traffic impacts at 11 signalized intersections and two unsignalized intersections during one or more analyzed peak hours; specifically, 11 lane groups at 11 signalized intersections and two lane groups at two unsignalized intersections during the Weekday PM peak hour and six lane groups at six signalized intersections and two lane groups at two unsignalized intersections during the Saturday PM peak hour. Mitigation measures such as signal timing changes, lane geometry changes, and

signalization of unsignalized intersections would mitigate several of the significant adverse traffic impacts. Implementation of the proposed mitigation measures is subject to review and approval by NYCDOT. If these measures are deemed infeasible and no alternative mitigation measures can be identified, then the identified significant adverse traffic impacts would remain unmitigated.

Construction-Related Noise Impacts: Increases in noise levels due to construction activities would occur during the daytime and, occasionally, in the early evening. For some sensitive receptors and construction periods, the duration and magnitude of the noise levels may constitute a significant adverse construction-period noise impact. The Applicant has committed to implement source and paths controls to reduce or eliminate potential significant adverse construction-period noise impacts. Even with these measures, significant adverse noise impacts would occur on portions of buildings that have a direct line-of-sight to project-related construction activities. Additional measures, as feasible, to avoid potential significant adverse noise impacts will be explored in consultation with DCP. If no feasible and reasonable mitigation measures are identified, the significant adverse construction-period noise impact would remain unmitigated.

The DEIS also considered three alternatives—a No Action Alternative, a Lesser Density Alternative, and a No Unmitigated Significant Impacts Alternative. The No-Action Alternative assumes that the Project Site would be developed by the Applicant as-of-right, in conformance to existing zoning regulations. The No Unmitigated Impacts Alternative considers a development scenario that would not result in significant adverse impacts that remain unmitigated. The Lesser Density Alternative reduces the number of DUs of the Proposed Project to determine if there is a practicable and viable alternative to the Proposed Project that would have the potential to reduce significant adverse impacts while addressing the goals of the Proposed Actions.

Copies of the DEIS may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, 31st Floor, New York, NY 10271, Olga Abinader, Acting Director (212) 720-3493; and on the New York City Department of City Planning's website located at http://www.nyc.gov/html/dcp/html/env_review/eis.shtml.

DOCKNYC OPERATOR - Request for Proposals - PIN# 7269XX - Due 7-26-19 at 4:00 P.M.

Requesting proposals from experienced, professional operators of dockage facilities to improve, operate (manage and maintain), and market DockNYC, NYCEDC's public berth management program of specific Berthing Sites. DockNYC was first implemented in 2013 to simplify and streamline the City's existing waterfront permitting process in order to activate underutilized City-owned piers and marinas. The DockNYC program is an element of the Port of NYC ("PortNYC"), run by NYCEDC since it grew out of NYC's Ports and Trade department. Port NYC facilities include City-owned marine cargo terminals, rail facilities, cruise terminals, ferry landings, DockNYC sites, and aviation facilities within New York City's five boroughs.

NYCEDC plans to select a consultant on the basis of factors stated in the RFP which include, but are not limited to: the general quality of the proposal, berthing operations and management experience of proposed team, quality of maintenance and capital improvement plans, quality of maritime community support and funding plan, and the proposed fee.

It is the policy of NYCEDC to comply with all federal, state and City laws and regulations which prohibit unlawful discrimination because of race, creed, color, national origin, sex, age, disability, marital status and other protected category and to take affirmative action in working with contracting parties to ensure certified Minority and Women-owned Business Enterprises (M/WBEs) share in the economic opportunities generated by NYCEDC's projects and initiatives.

This project has Minority and Women Owned Business Enterprise ("M/WBE") participation goals, and all respondents will be required to submit a M/WBE Narrative Form with their response. To learn more about NYCEDC's M/WBE program, visit <http://www.nycedc.com/opportunitymwdbe>. For the list of companies who have been certified with the New York City Department of Small Business Services as M/WBE, please go to the www.nyc.gov/buycertified.

NYCEDC established the Kick Start Loan programs for Minority, Women and Disadvantaged Business Enterprise (M/W/DBE) interested in working on public projects. Kick Start Loans facilitates financing for short-term mobilization needs such as insurance, payroll, supplies and equipment. Bidders, sub-contractors and sub-consultants are strongly encouraged to visit the NYCEDC website at www.nycedc.com/opportunitymwdbe to learn more about the program.

An optional informational session will be held on Tuesday, June 18, 2019 at 10:00 A.M., at NYCEDC's offices located at 110 William Street, 6th Floor, New York, NY 10038. Those who wish to attend should RSVP by email to docknycrfp@edc.nyc on or before June 17, 2019.
