Calendar Item 1 — 2513-2523 Avenue O Rezoning (190438 ZMK) An application submitted by Pulmonary and Sleep Medical, PC, pursuant to Sections 197-c and 201 of the New York City Charter, for a zoning map amendment to change properties, at the northwest corner of the intersection of Avenue O and East 26th Street, in Brooklyn Community District 14 (CD 14), from an R2 to an R3-2 district. Such action would achieve zoning compliance and conformance for a property consisting of two combined, semi-detached homes, with a ground-floor ambulatory medical facility and a single-family residence above.

Calendar Item 2 — 8118  $13^{th}$  Avenue Rezoning (190295 ZMK) An application submitted by Stars and Stripes Holding Company, pursuant to Sections 197-c and 201 of the New York City Charter, for a zoning map amendment to establish a C1-3 commercial overlay within an existing R5B district on the western side of 13th Avenue, at the southwest corner of the intersection, at 82<sup>nd</sup> Street, extending halfway to 81st Street. Such action would legalize an existing, non-conforming Use Group (UG) 6 law office, at 8118 13th Avenue in Brooklyn Community District 10 (CD 10).

Such action would facilitate two stories of commercial use, totaling approximately 25,020 square feet in an approximately 20-story, 114-unit as-of-right mixeduse development.

### Calendar Item 4 — Grand Avenue and Pacific Street Rezoning (190256 ZMK, 190257 ZRK)

boundaries, in Brooklyn Community District 8 (CD 8). Such actions would facilitate the development of 979-985 Pacific Street, a nine-story, approximately 56,000 square-foot mixed commercial and residential building with 64 dwelling units, of which 16 would be permanently affordable to households, at an average of 60 percent Area Median Income (AMI), pursuant to MIH Option 1.

#### PROCUREMENT

#### "Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

• Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

#### HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

#### CONSUMER AFFAIRS

#### ■ NOTICE

#### Consumer Bill of Rights Regarding Tax Preparers

By law, tax preparers must give you a copy of this document before beginning any discussions about tax preparation services.

#### You have the right to know:

- Identification and qualifications of tax preparer.

  Tax preparers must have a sign stating their relevant qualifications. (Note: Attorneys, Certified Public Accountants (CPAs), and Internal Revenue Service (IRS) Enrolled Agents do not have to post this sign.)
- Fees and additional charges. Tax preparers must have a sign listing their tax preparation services and fees.
- Your options for paying for service and receiving your refund. Tax preparers cannot require you to use Refund Anticipation Checks (RAC), Refund Anticipation Loans (RAL), Refund Transfers, or similar products. These options may have additional fees, increase the tax preparation fee, and/or delay the receipt of your refund.
- Whether or not the tax preparer will represent you at a government audit. Tax preparers that fail to post a sign stating they will not represent you at an audit must represent you or provide you with representation.
- Whether the tax preparer is an attorney (member of the Bar of the State of New York) or a CPA, certified by the New York State Department of Education, Office of the Professions. Tax preparers must tell you if they are NOT an attorney or CPA (though they can still prepare your taxes).

#### You have the right to receive:

- A copy of your tax return prepared at the time the original is filed or given to you to file.
   (Note: Tax preparers must sign every tax return prepared.)

"Schedule C" is a form sometimes attached to Form 1040 that is used to report income or loss from a business you operated or a profession you practiced as a sole proprietor.
- You may be entitled to a refund from state or federal tax agencies if you paid more taxes than you owed. The fastest way to get your refund is to choose to have it directly deposited into your bank account from the IRS or New York State Department of Taxation and Finance.

### BEFORE YOU PAY for tax preparation services, you have a right to receive:

- A written list of the refund options and tax services offered by the tax preparer.
- A written estimate of the total cost for all charges related to each service offered by the tax preparer, including basic filing fees, interest rates, RAL, RAC, and Refund Transfer processing fees, and any other related fees or charges. You can also request an estimate of how long you can expect to wait for your refund based on the selected methods of payment and/or refund delivery.
- A written estimated interest rate for a RAL or any other loan service offered by the tax preparer.

#### It's illegal for a tax preparer to:

- Ask you to sign a blank or incomplete tax return, or alter a tax return after it has been signed by you, without your written consent.
- Charge a fee based upon the amount of tax owed or refund due.
- Guarantee a specific refund amount, or guarantee that you will not be audited by any government tax agency.
- Request a taxpayer to assign to the preparer any portion of the refund.

- Reveal any personal information to any person or business other than to you or your authorized designee or anyone authorized to receive such information by court order or by
- Have your tax refund mailed to the tax preparer, unless you have signed a power of attorney containing such authorization.
- Ask you to violate any governmental law, rule, or regulation.

#### Beware of Refund Anticipation Loans (RALs)

- A RAL is a loan made through a bank that you must pay back to the bank, which will reduce your income tax refund. Some RALs have a high interest rate. A RAL is not an "instant refund," and tax preparers cannot use this or similar terms ("rapid refund," "express refund," or "fast cash") that hide the fact that a RAL is a loan.
- Taking out a RAL is optional. Tax preparers cannot require you to take out a RAL or charge you fees beyond the bank's fees for a RAL.
- BEFORE YOU TAKE OUT A RAL, a tax preparer first must give you a single sheet of paper that tells you in English and Spanish:
  - that you are not required to enter into the RAL;
  - that the RAL is a loan you must repay regardless of the amount of your tax refund;

  - the amount of your expected tax refund; the bank fees for the RAL and approximate amount you will receive as your loan;
  - the interest rate expressed as the estimated annual percentage rate (APR) based on the amount of time the loan will be outstanding, if applicable;
  - the approximate date you would get your loan 0 money if you take out a RAL; and
  - the approximate date you would get your refund without the RAL.
- If you cannot read English or Spanish, the tax preparer must explain this information to you in a language that you

Even "free" RALs and other refund advance products can have fees. For example, RACs and Refund Transfers may include a fee to waive the up-front cost of tax preparation but then deduct that cost from your refund. Remember, you have a right to receive a written estimate of the total cost for all charges for each service offered by the tax preparer, including refund advance products, and the time it will take for you to receive your refund with or without a RAL, RAC, or Refund Transfer, so be sure to ask.

For more information or to file a complaint against an individual offering tax preparation services, call 311 or visit nyc.gov/dca

If your annual income is \$64,000 or less, you may qualify for NYC Free Tax Prep services, which could help you claim important tax credits like the Earned Income Tax Credit (EITC) and the New York City Child Care Tax Credit (CCTC). For more information, call 311 or visit nyc.gov/taxprep

#### **Notice of Concept Paper**

Home visiting programs support families during pregnancy and early childhood with an aim to improve maternal and child health, prevent child abuse and neglect, encourage positive parenting and promote child development and school readiness. DOHMH proposes to issue a Request for Proposals (RFP) to procure services from qualified organizations to serve as the borough-based operators for a CI&R system for maternal and child home visiting services in New York City.

#### STATEMENT OF BASIS AND PURPOSE

Under § 626 of the New York City Charter, the Board of Correction ("Board" or "BOC") is authorized to establish minimum standards "for the care, custody, correction, treatment, supervision, and discipline of all persons held or confined under the jurisdiction" of the New York City Department of Correction ("Department" or "DOC"). Pursuant to this authority, the Board proposes to create a new chapter of its rules, and amend certain existing rules, designed to ensure that people in the Department of Correction's custody: (1) are placed in restrictive housing in accordance with due process and procedural

justice principles; and (2) are confined in the least restrictive setting and for the least amount of time necessary to address the specific reasons for their placement and to ensure their own safety as well as the safety of staff, other people in custody, and the public.

#### From Reforms to Rules

In just five years — 2014 through 2018 — the New York City jail system underwent groundbreaking reforms. These critical changes spurred a period of innovation and experimentation as the Department, under the oversight of the Board, developed alternatives to punitive segregation, alternative ways to reduce violence in the jails, and alternative strategies to manage its adolescent and young adult populations. Implementation of reforms required DOC to seek variances from the Minimum Standards and led to the Board's imposition of conditions on granting the variances.

In January 2015, the Board enacted historic amendments to its Minimum Standards: namely, limitations on the use of punitive segregation ("PSEG")¹ and the creation of enhanced supervision housing ("ESH")² for adults as part of systemic reforms in the City jails. The reforms included the elimination of PSEG for 16-21-year-olds and individuals with serious mental or serious physical disabilities or conditions.³ Approximately one year later, in December 2015, BOC enacted further amendments, including some proposed by DOC such as the 60-day sentence for assaults on staff. The Department achieved elimination of PSEG for adolescents (i.e., people ages 16 and 17) in December 2014 and for young adults (i.e., people ages 18 through 21) in October 2016. Just two years later, in October 2018, DOC achieved another milestone — the transfer of adolescents off Rikers Island to the Horizon Juvenile Center in the Bronx, under the joint care of DOC and ACS.⁴

The elimination of punitive segregation for young people and limitations on its use for adults led the Department to establish alternative restrictive housing for the jail population: Second Chance Housing Unit ("Second Chance"), Transitional Restorative Unit ("TRU") (adolescents and young adults ages 18-21), Secure Unit ("Secure"), and Young Adult ESH ("YA-ESH") (young adults ages 18-21).

During this period of reform, the Department also commingled young adults with adults in certain ESH units, implemented the non-individualized use of restraint desks in ESH Level 1, and operated a highly restrictive unit in West Facility without affording due process to the adults and young adults placed there. The Board viewed these actions as running counter to basic tenets underlying the Department's Young Adult Plan, the PSEG amendments, and the intended purposes of ESH. This retrenchment of the 2014-2015 reforms led to variances and variance conditions, which continue to the present day. It also led to the Board's unanimous vote in 2016 to conduct rulemaking on restrictive housing.

The proposed rules are the result of extensive fact-finding in 2017-2018, including discussions with 30 organizations and individuals — the local defense bar, criminal justice advocates, national criminal justice organizations and oversight entities, Correction Officers' Benevolent Association (COBA), correctional experts, and academics — and our City partners, DOC and CHS. This comprehensive effort also entailed a literature review and examination of DOC directives, policies, and reports; Board staff research, analyses, and reports; consultation of model restrictive housing standards at the national and international level; and study of restrictive housing in jails and prisons nationwide.

Following is a descriptive summary of (i) the proposed rules in Chapter 6 (Section I); and (ii) proposed amendments to Chapter 1 Standards to make them consistent with the Chapter 6 rules (Section II).

## I. THE PROPOSED CHAPTER 6 RULES Subchapter A: Core Principles § 6-01

Proposed rule § 6-01 enumerates the core principles upon which the Chapter 6 Standards are based. These principles are reflected in other Board Standards, model criminal justice standards, and DOC's policies on restrictive housing.

- 1 Minimum Standard ("Min. Std.") § 1-17 ("Limitations on the Use of Punitive Segregation").
- 2~ Min. Std.  $\S$  1-16 ("Enhanced Supervision Housing").
- $3 \quad Min. \ Std. \ \S \ 1\text{-}17(b)(iii) \ (\text{``Exclusions''}).$
- 4 "ACS" is the NYC Administration for Children's Services.
- 5 The proposed rules do not address restrictive housing for adolescents.

- 7 "CHS" is the NYC Health + Hospitals' Correctional Health Services Division.

The first principle<sup>8</sup> seeks to protect the safety of people in DOC custody and the staff who work in DOC facilities<sup>9</sup> by: (i) ensuring that all people in custody and all staff are treated with dignity and respect; (ii) prohibiting restrictions that dehumanize or demean people in custody<sup>10</sup>; (iii) placing restrictions on people in custody that are limited to those required to achieve the appropriate objectives for which the restrictions are imposed<sup>11</sup>; and (iv) confining people to the least restrictive setting and for the least amount of time necessary to address the specific reasons for their placement and to ensure their own safety as well as the safety of staff, other people in custody, and the public.<sup>12</sup>

The second core principle<sup>13</sup> aims to place people in custody into restrictive housing or restrictive statuses in accordance with due process and procedural and restorative justice principles by (i) explaining disciplinary rules and the sanctions for violating them when people are first admitted to DOC custody; (ii) imposing sanctions that are proportionate to the offenses committed; and (iii) applying disciplinary rules and imposing sanctions fairly and consistently.<sup>14</sup>

The third core principle<sup>15</sup> strives to promote the rehabilitation of people in custody and reintegrate them into the community by: (i) incentivizing good behavior; (ii) allowing people placed in restrictive housing as much out-of-cell time and programming participation as practicable, consistent with safety and security; and (iii) providing necessary programs and resources. <sup>16</sup>

The fourth and final core principle<sup>17</sup> seeks to monitor and track compliance with the proposed rules and the core principles on which they are based by developing performance measures

and regularly reporting outcomes to the Board and the public. <sup>18</sup> In furtherance of this principle, proposed rules regarding data collection and review are designed to ensure that the Department and CHS track and the information necessary to monitor compliance with the rules and promote transparency on compliance through regular reporting.

Chapter 6's data reporting provisions take a comprehensive and holistic approach toward data collection and review with respect to all types of restrictive housing. They require DOC and CHS to report information on compliance and conditions of confinement in restrictive housing and regular data sharing with the Board. <sup>19</sup> Many of the reporting provisions, such as those related to disciplinary housing, transitional/administrative housing, and young adults, <sup>20</sup> are intended to replace existing rules or codify variance reporting conditions. <sup>21</sup> Regular reporting required in the proposed rule will ensure the Board, DOC, CHS, and the public have the same information from which to measure compliance and progress. The rule related to each report also require that the Board and the Department jointly develop reporting templates to ensure the necessary compliance metrics are clearly communicated to the public.

The Department has begun soliciting recommendations from vendors to modernize the manner in which operations are tracked, recorded, and communicated. Currently, many processes related to restrictive housing exist only on paper forms and in paper logbooks. This inhibits efficient and safe operations and effective monitoring of compliance with the Minimum Standards. The Board understands that DOC will invest in enhancing and developing electronic systems necessary to track the data and produce the reports required by the rule. Investments in comprehensive electronic data tracking systems will position the Department to determine the effectiveness of agency programs, initiatives, policies, and practices; make data-driven policy decisions; and implement targeted corrective action when necessary. With such systems, DOC would be able to determine whether any of its restrictive housing models or restrictions have been effective in preventing or reducing violence in the jails.

#### Subchapter B: Definitions §§ 6-02 and 6-03

#### General Definitions (§ 6-02)

Proposed rule § 6-02 sets forth definitions of terms used throughout Chapter 6. Of note is the definition of a person confined in a DOC facility as a "person in custody." Because individuals in the Department's custody are people first and the circumstances of their incarceration are not their defining feature, the Board has made a commitment to employ person-first language in its Standards and general communications going forward. To this end, the proposed Chapter refers to people in DOC custody as "people in custody." Additionally, the proposed rule amendments discussed in Section II of this Statement delete all references to "inmates" and "prisoners" in favor of "people in custody."

#### <u>Definition of Restrictive Housing and Related</u> Terms (§ 6-03)

Subdivision (a) of proposed rule § 6-03 defines "restrictive housing" to include existing types of housing in DOC facilities and similar housing the Department may establish in the future, which meet the proposed rule's defining criteria and, therefore, are subject to the requirements of Chapter 6.

Specifically,  $\S$  6-03(a)(1) and (2) define restrictive housing as the placement of people in custody into housing units separate and apart from the general population where all those in the unit are subject to restrictions not applicable to the general population. Restrictions vary by housing type and may include one or more of the following: (i) out-of-cell time is less than 14 hours a day (as is offered to the general population); (ii) services mandated under Chapter 1 of the Standards are provided in the housing unit as opposed to a facility's common areas, such as the chapel or law library; (iii) people are permitted to congregate with only one or two other people in the unit; and (iv) fewer privileges are offered to the people in the unit (e.g., limits on commissary spending).

Subdivision (b) of § 6-03 defines the housing types subject to Chapter 6 regulation. They are: (i) immediate placement responses to violence; (ii) disciplinary housing; (iii) transitional/administrative housing; and (iv) structurally restrictive housing.

#### **▶** Immediate Placement Responses to Violence

Immediate placement responses to violence, addressed in Subchapter C (§§ 6-04–6-06), include pre-hearing detention — the placement of a person into PSEG I (defined below) pending the investigation or adjudication of the person's disciplinary infraction for a Grade I violent offense (§§ 6-03(b)(14); 6-04). Also subject to Subchapter C rules are de-escalation confinement in an intake area (§ 6-03(b)(11); § 6-05), and the emergency lock-in of people in their cells (§ 6-06).

#### **▶** Disciplinary Housing

Disciplinary housing is of two types — PSEG I and PSEG II — and is addressed in Subchapter D of the proposed rules (§§ 6-07—6-08). PSEG I is defined as the placement of a person separate and apart from the general population, with four (4)-hour lock-out per day, pursuant to a disciplinary sanction for a Grade I violent offense imposed after a disciplinary hearing (§§ 6-03(b)(15) and 6-07(a)). PSEG I includes the Restrictive Housing Unit ("RHU"), defined as punitive segregation, with four (4)-hour daily lock-out, for certain people with mental health needs, but not serious mental illness (§ 6-03(b)(19)). According to DOC policy, people confined in the RHU may earn time off their sentence if they successfully complete a voluntary incentive program.

Proposed rule  $\S$  6-03(b)(16) defines PSEG II as the placement of a person separate and apart from the general population pursuant to a disciplinary sanction for a Grade 1 non-violent offense or Grade II offense imposed after a disciplinary hearing. People confined in PSEG II are offered seven (7) hours of out-of-cell time per day ( $\S$  6-07(b)).

#### ▶ Transitional/Administrative Housing

Proposed rule  $\S$  6-03(b)(23) defines transitional/administrative housing ("T/A Housing") as the placement of a person separate and apart from the general population for non-disciplinary reasons after a placement review hearing pursuant to  $\S$  6-31. T/A Housing is addressed in Subchapter E ( $\S\S$  6-10—6-17). This includes ESH for adults and young adults (ages 18 through 21) as well as Secure, TRU, and Second Chance for young adults only.

#### ► Structurally Restrictive Housing

The Department's operation of West Facility ("West") as a restrictive administrative segregation unit, which BOC staff documented through its monitoring of the Facility in 2016, exemplifies the need for the proposed rules' definition of restrictive housing to include not only housing publicly identified as "restrictive," but also housing which is not publicly identified as restrictive but operates as such. Thus, proposed rule  $\S$  6-03(b)(21) defines structurally restrictive housing as a housing unit the physical design of which permits people confined in the unit to congregate with only one or two other people in custody. This housing includes West Facility and similar housing units in other DOC facilities. Structurally restrictive housing is addressed in Subchapter F ( $\S$  6-18–6-24).

## Subchapter C: Immediate Placement Responses to Violence § 6-04, § 6-05, and § 6-06

Proposed Subchapter C covers: (1) pre-hearing detention; (2) confinement for de-escalation purposes; and (3) emergency lock-ins. These forms of restrictive confinement, which the Department utilizes as immediate responses to violence, are discussed below.

#### Pre-Hearing Detention (§ 6-04)

People who must be immediately separated from others after committing a violent or other serious infraction are placed in pre-hearing detention ("PHD") to ensure the safety and security of staff and other people in custody. Proposed rule  $\S$  6-04 incorporates provisions of Minimum Standard  $\S$  1-17(c)(2) (PSEG/\*Due Process") stating that people in custody who qualify for and are placed in PHD shall be afforded an infraction hearing no later than seven (7) business days after PHD placement, and time spent in PHD prior to the infraction hearing shall count toward the person's PSEG sentence. The proposed rule expands upon these requirements by codifying certain provisions in DOC policies regarding placement criteria and time limitations governing the Department's use of PHD.

To monitor compliance with § 6-04, subdivisions (e) and (f) require: (i) the Department to produce semi-annual reports on DOC's use of pre-hearing detention and (ii) the Board and the Department jointly develop the reporting template.

#### Confinement for De-Escalation Purposes (§ 6-05)

Proposed rule § 6-05 sets forth parameters for the Department's confinement of people in custody for de-escalation purposes and builds upon DOC's existing policies on this subject. The need for parameters arose out of Board staff's discovery in 2016 of people being held in housing units classified as "closed" by DOC, yet serving as temporary space for people who required immediate removal from their housing unit after a violent incident.<sup>28</sup> When a person in custody was moved to one of these units, few staff members were alerted to where the individual was and official records did not reflect these locations. The person was effectively hidden, including from BOC staff and other oversight. Health staff was also not aware of the location of their patients in these units, creating dangerous barriers to medication and healthcare. Board staff further determined that these units operated in violation of Minimum Standards and without any written procedures. In response to the Board's concerns, the Department reported it would cease the practice of placing people in closed housing areas.

The parameters set forth in proposed rule § 6-05 are designed to: (1) prevent unregulated use of closed housing units as occurred in 2016; and (2) limit the time spent by people in custody in facility intake pens, some of which are single-person while others house multiple individuals. Intake pens, particularly of the multiple-person variety, are marked by lack of privacy (shared toilet and sink behind a partition) and lack of comfort (no beds/bedding; only steel benches where multiple people in a shared pen may sit or lie down or, if all the bench space is occupied, lie on the cement floor). People confined to intake pens as an immediate response to violence, pending replacement, are denied access to services mandated under the Board's Minimum Standards. People in custody have been known to linger in intake pens for up to 24 hours or more.<sup>29</sup>

For these reasons, proposed rule § 6-05 permits the Department to confine people in custody for de-escalation purposes only when (1) a person's behavior poses an immediate threat to the safety of the persons or others or significantly disrupts DOC activities in progress; 30 (2) temporarily house a person in custody for the person's own safety after the person has been assaulted or otherwise victimized

<sup>29</sup> As the Nunez Monitor has repeatedly noted in his Reports, the high number of uses of force occurring in intake areas has been of concern since the effective date of the Nunez Agreement. The practice of escorting people in custody to an intake area immediately following a use of force interferes with the delivery of prompt medical access to injured individuals and "diverts DOC intake staff from their primary duty of processing people in and out of the Facility. Additionally, "placing an agitated person in the intake pens brings unnecessary chaos and tension into the area, which sometimes erupts into additional violence, and the inherently chaotic environment of Intake does not serve the deescalation purpose for an agitated person in custody." <sup>30</sup> Proposed rule § 6-05(a)(1).

by another person in custody; $^{31}$  or (3) facilitate the decontamination of people in custody following exposure to chemical spray. $^{32}$ 

Proposed rule § 6-05 requires, among other things, that the Department ensure the immediate written notification to CHA³³ of a person's placement in de-escalation confinement, including the initial and any subsequent locations of such confinement, so that the person's access to healthcare services and medication is not interrupted.³⁴ De-escalation confinement in an intake area must have an adequate number of working flush toilets; sinks with drinking water, including hot and cold water; and appropriate furnishings for seating and reclining to accommodate the number of people confined there, and such areas must be maintained in a clean and sanitized manner.³⁵ Meals and snacks must be served to people in such confinement at or about the same time and of the same quality and quantity as the meals served to people in general population.³⁶

A person in custody's initial placement in de-escalation confinement shall be no more than four (4) hours, and re-authorization must be based upon written approval up DOC's security chain of command every four (4) hours for a maximum of 12 hours.3 Additionally, a person's placement in such confinement shall not exceed 12 hours from the time the person is placed in such confinement, and DOC shall notify the Board, in writing, of all instances where a person in custody exceeds the 12-hour maximum and the reasons why the person has not been placed elsewhere.<sup>38</sup> For the purposes of compliance with the time limitations in this section, the length of a person's de-escalation confinement includes the time spent in the deescalation area in which the person is initially placed and in other de-escalation areas or cells to which DOC moves the person during the same confinement period.<sup>39</sup> DOC must also conduct visual and aural observation of people in de-escalation confinement every 30 minutes.<sup>40</sup> Finally, when designing or acquiring any new facility and in planning any substantial expansion or modification of existing facilities, the Department shall consider installing individual cells for de-escalation purposes in intake areas or elsewhere in the facility.<sup>41</sup>

To monitor compliance with  $\S$  6-05, subdivisions (k) and (l) require: (i) the Department to produce quarterly reports on DOC's use of de-escalation confinement and (ii) the Board and the Department jointly develop the reporting templates.

#### Emergency Lock-Ins (§ 6-06)

Department policy permits staff to lock down housing areas and facilities to investigate or avoid serious violent incidents, conduct searches for contraband, and restore order. As a security response that impacts many people and services, Board analyses find that lockins contribute to perceptions of unfair and excessive punishment, frustrations, and tensions in the jails, and that they hinder DOC's and CHS's ability to meet the Minimum Standards.

Minimum Standard § 1-05(a) ("Lock-in"/"Policy") states that except for people confined in PSEG or for medical reasons in contagious disease units, the time spent by people confined to their cells "should be kept to a minimum and required only when necessary for their safety and security of the facility." Proposed rule § 6-06 on emergency lockins (or "lockdowns") builds on § 1-05(a). The proposed rule is intended to minimize the impact of emergency lock-ins on access to mandated services, ensure adequate coordination between DOC and CHS when they occur, and improve transparency and accountability around the Department's use of this practice.

In 2018, the Board issued several reports on the number of emergency lock-ins and the total lock-in time experienced by people in custody from January 2017 through November 2017. This analysis found, among other things, that: (i) there was an 88% increase in the Department's use of emergency lock-ins since 2008; (ii) from 2016

to 2017, there was a 32% increase in the total number of emergency lock-ins; and (iii) DOC's current method of reporting and tracking these lock-ins does not readily allow for an accurate or comprehensive understanding of the number of lockdowns, total duration of lock-in time by people in custody, and the services impacted.  $^{\rm 42}$ 

The Board's May 2019 report<sup>43</sup> analyzed emergency lock-ins occurring in 2018 and found that while the Department had reduced the use of emergency lock-ins by 18% (from 1,595 in 2017 to 1,313 in 2018) and decreased their average duration by 8% (from 12 to 11 hours), more than half (58%, n=768) of all emergency lock-ins still resulted in nine (9) or more hours of continuous lock-in time for people in custody. The Board's report also found significant and concerning discrepancies between DOC and CHS documentation of the impact on health-related services. Board interviews with people working or held in areas where extended lock-ins occurred also confirmed that lockdowns can contribute to tensions and perceptions of unfairness.

In response to the Board's findings, the Department publicly agreed to the Board's recommendations to continue reducing the number and duration of lockdowns and work toward ending the use of facility-wide lockdowns; notifying the public of lockdowns impacting visits and/or phone calls; and update the Incident Reporting System to electronically track the impact of lockdowns on services. Section 6-06 incorporates these recommendations. 44 The proposed rule further requires that: (i) as soon as an emergency lock-in occurs, or is extended beyond a regularly scheduled lock-in period, the Department notify the Board and CHS, in writing, as to the facilities and specific housing area locations and number of people impacted;45 (ii) for lock-ins continuing more than 24 hours or more, DOC notify the Board, in writing, of the steps taken to address the emergency and lift the lock-in;46 and (iii) DOC and CHS issue a written directive to staff regarding the requirements of § 6-06 and provide the directive to the Board for its review and feedback prior to finalization. 47 The directive must include protocols for communication and coordination between DOC and CHS during and after emergency lock-ins.46

Section § 6-06 requires quarterly DOC data reporting to the Board on emergency lock-ins to monitor compliance. <sup>49</sup> The proposed rule also requires CHS to produce quarterly data reports on the impact of emergency lock-ins on required health services (rounding, scheduled and unscheduled services, and sick call) and require CHS to share with the Board the data it used to produce the reports. <sup>50</sup>

#### Subchapter D: Disciplinary Housing, § 6-07 and § 6-09

Between 2012 — when the average daily population ("ADP") in PSEG reached its peak (n=868) — and the first three quarters of 2019 -- when the ADP in PSE was 123 people  $^{\rm 51}$  – the average daily PSEG population declined by 86%. The Department has only infrequently extended a person's PSEG sentence beyond the 30- and 60-day limitations in the 2015 rule amendments. During the period from September 1, 2015 through August 31, 2019, DOC considered only

The Board applauds the Department for its considerable achievements in PSEG reform and proposes the following rules to further advance reforms in this area consistent with research, model standards, and trends.

PSEG Exclusions (§ 6-07(a)(1) and § 6-07(b)(1))

#### ▶PSEG I

Proposed rule § 6-07(a)(1) expands exclusions from PSEG I to include: (1) pregnant persons, persons within eight (8) weeks of pregnancy outcome, or persons caring for a child in the Department nursery program;  $^{55}$  and (2) people age 55 and older.  $^{56}$ 

#### ▶PSEG I and II

#### (i) Mental Health Exclusion

Proposed rules § 6-07(a)(1) and § 6-07(b)(1) expand the serious mental illness exclusion from PSEG I and II — currently in Minimum Standard § 1-17(b)(iii) — to conform to current CHS practice, which also excludes people with intellectual impairments.  $^{57}$ 

#### (ii) Medical Exclusion

Proposed rule § 6-07 also emphasizes a separate exclusion for people with serious medical conditions from PSEG I and II. Seculon an exclusion already exists in Minimum Standard § 1-17(b)(iii); however, the term serious medical conditions has never been clinically defined. As a result, the exclusion has proven challenging to effectuate and monitor. To implement this exclusion going forward, CHS, in consultation with the Board, has agreed to identify certain medical conditions and corresponding markers of acuity and advancement of disease for which separation could present a higher level of risk. Such conditions include, but are not limited to, asthma, seizure, diabetes, heart disease, lung disease, liver disease, kidney disease, organ transplants, treatment with anticoagulants, and involuntary hospitalizations. The Board will approve this list of conditions and markers, and all future modifications to it.

- 52 Min. Std. § 1-17(d)(2) requires that a person who has served 30 consecutive days in PSEG be released for at least seven (7) days before the person can be returned to PSEG. In September 8, 2015, DOC first requested, and the Board approved, a variance permitting the Department, "in highly exceptional circumstances presenting safety and security concerns" to waive this requirement. Since then, the Board has repeatedly approved renewal of this variance subject to certain conditions. The most recent variance is available at: <a href="https://www1.nyc.gov/assets/boc/downloads/pdf/Meetings/2019/July/2019.07%20Record%20of%20Variance%20Action%20-%20Seven%20Day%20Waivers%20FINAL.pdf">https://www1.nyc.gov/assets/boc/downloads/pdf/Meetings/2019/July/2019.07%20Record%20of%20Variance%20Action%20-%20Seven%20Day%20Waivers%20FINAL.pdf</a>

CHS has expressed concern that despite Board Standards meant to exclude individuals at elevated risk in segregation, there is no body of medical literature that reliably guides the assignment of risk to any individual patient. Therefore, proposed rules §§ 6-07(a)(1)(iv) (PSEG I) and 6-07(b)(1)(iv) (PSEG II) require that DOC provide one-on-one constant supervision for anyone placed in disciplinary housing units (and other restrictive housing units, discussed below), for the first 24 hours of their placement into such units. The proposed rules also make clear that after an individual is placed into PSEG I or II, CHS has the authority to determine if that person should be transferred to a therapeutic unit.  $^{60}$ 

#### (iii) Dual Loyalty

Since at least 2014, the Department has maintained a form titled "Mental Health Review for Punitive Segregation." The first section of the form is filled out by a hearing officer after a person has been found guilty of an infraction and sentenced to punitive segregation. If the hearing officer discovers that the person has an "M"-designation in the Inmate Information System (IIS) indicating that the person is known to Mental Health Services, or if the person was admitted into DOC custody less than five (5) days before the date of the infraction, the hearing officer must forward the form to a CHS mental health clinician. The CHS mental health clinician is required to check a box indicating whether the person may be placed into PSEG I, RHU, or PSEG II (collectively, "PSEG"), or else must be excluded from PSEG.

CHS has long raised concerns that any process which requires them to identify people for exclusion from PSEG after an infraction hearing and immediately prior to placement raises significant "dual loyalty" concerns. <sup>61</sup> Specifically, CHS argues that such a process may subject health staff to undue pressure from DOC; fosters a perception among patients that health staff is involved in decisions about punishment, thus undermining the patient-doctor relationship; and creates an ethical conflict for health staff to the extent they are asked to impliedly approve a practice (i.e., PSEG) with no known health benefits.

Proposed rule § 6-07 requires CHS to identify people for exclusion from PSEG who have serious mental illness, serious medical conditions, and intellectual disabilities.  $^{62}$  To effectuate these exclusions, while also recognizing CHS's dual loyalty concerns, the Board and CHS have agreed on a new process for identifying people who are excluded from certain types of restrictive housing based on medical or mental health factors. Going forward, CHS will create a list at intake of individuals identified as meeting one or more medical or mental health exclusionary criteria. This list can also be updated after clinical encounters if and when someone develops an exclusionary condition while in custody. Every time the Department determines to place someone into a restrictive housing unit that carries medical or mental health exclusions, DOC will need to check against the list before placing that individual into the restrictive unit. This new process will obviate the need for the "Mental Health Review for Punitive Segregation" form and all post-infraction involvement by CHS which could be perceived as "clearance" and, hence, minimize CHS' actual or perceived involvement with punishment.

#### PSEG I Time Limitations (§ 6-07(a)(3))

Proposed rule  $\S$  6-07(a)(3): (i) reduces the maximum PSEG I sentence from 30 days to 15 days;  $^{63}$  (ii) retains 60 days as the maximum sentence for assault on staff that causes serious injury, but permits the person sentenced for this infraction to earn time off the sentence if the person refrains from violent conduct while in PSEG I;  $^{64}$  and (iii) incorporates, as is, the provision from Minimum Standard  $\S$  1-17(d)(3), which prohibits a person from being held in PSEG I for more than 60 days within any six-month period except under certain circumstances.  $^{65}$ 

#### ▶15-Day Sentence

time — "durations that are measured in hours, days, or weeks, rather than months or years." Nationally, New Jersey has restricted solitary confinement to a maximum of 20 consecutive days or 30 days total over the course of 60 days; Colorado has reduced the maximum sentence to 15 days; while Cook County has eliminated it altogether. Various legal, health, and human rights organizations have passed resolutions or adopted position statements that punitive segregation should be no longer than 15 days. Additionally, experts consulted during fact-finding advocated reduction of the sentence from 30 to 15 days.

#### ▶60-Day Sentence

Proposed rule  $\S$  6-07 retains the 60-day sentence for serious assault of a jail staff member. To However, people serving a PSEG I sentence for a serious assault on staff that exceeds fifteen (15) days may earn one day off their sentence for every two (2) days without a violent incident.

#### ► Seven-Day Waiver

Pursuant to the Department's request,  $^{72}$  proposed rule 6-07(a)(3)(iv) codifies a variance from Minimum Standard  $\S$  1-17(d) (2), permitting DOC, "in highly exceptional circumstances presenting safety and security concerns," to waive the requirement that people be immediately released from PSEG I for seven (7) days after they have been held there for fifteen (15) consecutive days.

#### Fines (§ 6-07(a)(4))

This rule adopts a Vera Report recommendation to eliminate this automatic surcharge because "fines disproportionately impact indigent individuals, and there is little evidence that they lead to behavioral changes." The fine also penalizes infracted people's families — most of whom are poor — by deducting the \$25 from moneys families have placed in their loved ones' commissary

#### Four-Hour Daily Lock-Out in PSEG I (§ 6-07(a)(5))

In June 2019, the New York State Commission of Correction (SCOC), enacted a regulation requiring, among other things, that disciplinary or administratively segregated individuals in local correctional facilities, such as the New York City jails, be allowed out of their cells for a minimum of four (4) hours a day. The regulation carves out an exception where the jail's chief administrative officer determines that such individual would pose a threat to the safety, security, or good order of the facility, or the safety, security or health of the individual, staff, or other people in custody, and that less restrictive measures would not adequately alleviate the threat ("four-hour exception"). Any such determination must be made in writing, state the specific facts and reasons underlying the determination, and be reviewed every seven (7) days. The "purpose" of this regulation is to ensure that people subject to segregated confinement are deprived of essential services "only when necessary and for the least amount of time necessary, to maintain the safety, security and good order of the facility." Moreover, "absent exigent circumstances, this period of confinement or deprivation may not risk significantly compromising the health of the person."

Proposed rule  $\S$  6-07(a)(5) incorporates the SCOC's regulation for people in PSEG I and includes the following additional requirements: (1) approvals and denials of the four-hour exception must be submitted to the affected person in custody, BOC, and CHS;^79 and (2) for people who have been held in PSEG I longer than 15 consecutive days or more than 60 days within a six (6)-month period, DOC shall offer, during out-of-cell time in PSEG I, evidence-based programming aimed at addressing the root causes of the behavior that led to the person's extended stay in PSEG I. $^{80}$ 

#### Data Collection and Review (§ 6-08)

To monitor compliance with the proposed rules on disciplinary housing, § 6-08 requires (i) quarterly data reports on the Department's use of disciplinary housing (PSEG I, RHU, PSEG II) and the use of Clinical Alternative to Punitive Segregation ("CAPS"),<sup>81</sup> (ii) quarterly reports on conditions of confinement in disciplinary housing and CAPS;<sup>82</sup> (iii) the Board and the Department to jointly develop reporting templates for the required reports. <sup>83</sup> The quarterly reports required by § 6-08(b) will replace the 60-day PSEG reports currently mandated under §1-17(h) of the existing Minimum Standards.

#### Disciplinary System Plans for Young Adults (§ 6-09)

The NYC jail system lacks a holistic and transparent approach to implementing discipline and behavior management for young adults. The absence of a written plan detailing the key elements of the Department's approach to discipline for this population makes it impossible for DOC to measure the effectiveness of its processes, strategies, and goals regarding the discipline of young adults when they commit violent acts or engage in other misconduct, and hinders the Board's ability to conduct effective monitoring in this area.

Proposed rule  $\S$  6-09 requires that DOC submit to the Board a written plan for a disciplinary process for young adults in custody that is consistent with the proposed Chapter 6 Standards and the requirements of the *Nunez* Agreement.

The disciplinary plan must include the following elements (among others):

• A disciplinary process that includes: (i) engaging DOC staff in its development; (ii) progressive sanctions; (iii) consideration of each violator's previous institutional conduct history, mental health, and the direct circumstances surrounding the infraction charge; (iv) penalties that are proportionate to the infraction charge; (v) behavioral incentives; and (vi) principles of procedural and restorative justice. 89

#### 

Proposed rules on T/A Housing are set forth in Subchapter E. As noted above, existing types of such housing include ESH for adults and young adults, and the Secure Unit, TRU, and Second Chance for young adults. The proposed rules aim to standardize key aspects of this housing type, such as exclusions, minimum out-of-cell time, placement criteria, placement approval, periodic review and progression, individual behavior and programming plans, access to mandated services, and data reporting and auditing requirements. The proposed Subchapter accomplishes this primarily by codifying existing variances and variance conditions and incorporating DOC policies governing T/A Housing.

#### Exclusions (§ 6-10)

Proposed rule § 6-10 excludes from placement into T/A Housing people with serious mental illness, intellectual disabilities, and serious medical conditions. <sup>90</sup> These exclusions are intended to operate with the same expanded definitions and pursuant to the same exclusionary list process as described above in the discussion of proposed rules in Subchapter D (Disciplinary Housing). Section 6-10 also provides that CHS has the authority to determine if any person, after being placed in T/A Housing, should be removed to a therapeutic housing unit. <sup>91</sup> The proposed rule further provides that all people placed into T/A Housing with more than 10 hours of daily lock-in shall be observed without interruption for their first 24 hours in the unit by individual security staff dedicated for that purpose. Such one-on-one observations shall be documented in writing. <sup>92</sup>

#### Out-of-Cell Time (§ 6-11)

Proposed rule  $\S$  6-11(a) states that adults in custody who are confined in T/A Housing must be permitted at least seven (7) out-of-cell hours per day. Section 6-11(b) increases the minimum number of daily lockout hours for young adults from seven (7) to 10 hours per day. The impetus for this proposed change is the Vera Center on Youth Justice's work with jails and prisons in Connecticut, Massachusetts, and South Carolina to establish a new practice model —"Restoring Promise" —

for young adults ages 18-24.94 This model is premised on restorative justice principles and prioritizes family engagement, self-expression, peer support, personal growth and development, education, and career readiness.95 The model was first established at a super-max prison in Cheshire, Connecticut where for 13 hours each day, young adults in the housing unit are out-of-cell and unrestrained, "free to be in common space, a dedicated outdoor area, or one of many converted cells within the unit that serve as a library study room, meeting room, and quiet space."96 Experts consulted during fact-finding were also of the view that a non-punitive approach, as exemplified by the Restoring Promise model, would be more effective in preventing and reducing young adult violence than a punitive approach centered on isolation and the absence of programming.

#### Placement Criteria (§ 6-12)

Under proposed rule § 6-12, placement criteria for T/A Housing are tied to the number of hours out-of-cell a person is afforded. This is because across the restrictive housing continuum in the jails, increasingly violent acts or a history of serious, persistent violence are associated with decreasing hours of lock-out per day:

- If an adult is being considered for placement in restrictive housing with seven (7) hours daily lock-out, the criteria for placement is virtually the same as the criteria for ESH set forth in Minimum Standard  $\S$  1-16(b). 97
- If a young adult is being considered for placement in a restrictive unit that provides at least 10 hours out-of-cell time per day, the criteria for placement is the criteria the Department currently uses for placement in Secure. 98
- If a young adult is being considered for placement in a restrictive housing unit with 14 hours daily lock-out, the criteria for placement is the criteria DOC currently uses for placement in TRU.<sup>99</sup>

Consistent with conditions to the variance from Minimum Standard  $\S$  1-16,  $^{100}$  an adult's or young adult's prior misconduct that may be considered in determining placement is shortened from five (5) years to one (1) year for misconduct that occurred while incarcerated.  $^{101}$  The two-year look-back for activity that occurred while not incarcerated is eliminated.

#### Placement Approval (§ 6-13)

Proposed rule § 6-13 essentially codifies the placement approval requirements in condition no. 4 of the YA-ESH variance and expands these requirements to all T/A Housing. Section 6-13 requires that each request for approval of a person in custody's placement into T/A Housing, and each decision approving or disapproving such request must: (1) be in writing; (2) specify the reasons for requesting and approving or disapproving, a person's placement and any individual restrictions imposed on that person; and (3) specify why a less restrictive housing setting and placement without individual restrictions is not a safe option.

#### Individual Behavior and Programming Plan (§ 6-14)

Proposed rule  $\S$  6-14 calls for the development of written individual behavior and programming plans for all adults and young adults upon their placements in T/A Housing 102 that: (1) outline program expectations and services to facilitate the person's reintegration into housing in the general population; 103 and (2) tailor plan goals to the individual's literacy, education level, and capacity to complete programming. 104 The Department shall review and update the person's progress toward meeting these goals with the person's participation at each periodic review. 105

Proposed rule  $\S$  6-14 expands the Department's use of individual behavior and programming plans in Secure, TRU, and Second Chance as per DOC policy to adults and young adults in ESH. The use of individual behavior plans is also considered a best practice in other jurisdictions.  $^{106}$ 

#### Periodic Review of Placement (§ 6-15)

Proposed rule § 6-15 furthers one of the core principles underlying the Chapter 6 Standards; namely that people in custody should be confined to the least restrictive setting and for the least amount of time necessary to ensure their own safety as well as the safety of staff, other people in custody, and the public. Section 6-15, which incorporates certain YA-ESH and Secure Variance conditions, <sup>107</sup> shortens the interval between periodic reviews for young adults and adults in T/A Housing to 15 days, and requires that at each periodic review, a person advance to a less restrictive level or unit unless the person: (1) has engaged in disruptive, violent, or aggressive behavior while in the person's current level; and/or (2) there is credible intelligence that the person may engage in additional violence in a less restrictive unit. <sup>108</sup>

#### Conditions, Programming, and Services (§ 6-16)

Proposed rule  $\S$  6-16(b) codifies the variance from Minimum Standard  $\S$  1-08(f), which permits access to law library services by means of a law library kiosk and typewriters in Secure. Section 6-16(b) states that law library services may be provided in T/A Housing other than in a law library, so long as such alternative means ensures the same level of services as are provided to people in general population. At a minimum there must be one law library coordinator assigned to every two (2) units of T/A Housing at least five (5) times a week ( $\S$  6-16(c)(1)), and the law library coordinator must provide instruction on available legal research tools and respond to people in custody's requests for law library services ( $\S$  6-16(c)(2)).

#### Data Collection and Review (§ 6-17)

To ensure compliance with the proposed rules on T/A Housing,  $\S$  6-17 requires (i) quarterly reports on the Department's use of T/A Housing;  $^{109}$  (ii) quarterly reports on conditions of confinement in T/A Housing;  $^{110}$  and (iii) the Board and the Department to jointly

### Subchapter F: Structurally Restrictive Housing §§ 6-18 - 6-24

Proposed Chapter F includes rules on structurally restrictive housing, the purpose of which are to ensure against the operation or opening of new housing units, such as West Facility, that operate in a highly restrictive environment without procedural due process protections, Department policies, or Board oversight in place.

In 2016, the Board served a Notice of Violation on the Department for its placement of people in West Facility without due process or access to services mandated under Chapter 1 of the Minimum Standards. <sup>113</sup> The physical space was also restrictive, resulting in social isolation. Without a dayroom as in general population, time out of cell was limited to one person in custody at a time in the "anteroom" or narrow space between two solid cell doors. Subsequently, DOC fashioned empty cells into dayrooms and law library space, and committed to moving young adults and people with serious mental illness out of the Facility. As noted above, the conditions at West Facility led to the Board's unanimous resolution in 2016 to commence restrictive housing rule making. <sup>114</sup>

#### Exclusions (§ 6-18)

Proposed rule  $\S$  6-18 excludes the placement of a person into structurally restrictive housing on the same grounds as enumerated in proposed rule  $\S$  6-10(a) (exclusions from T/A Housing). Similarly, subdivision (c) of  $\S$  6-18 requires the removal of a person from structurally restrictive housing who CHA determines should be in a therapeutic unit while subdivision (d) requires that the Department place everyone into such housing under one-on-one supervision for their first 24 hours in the unit.

### Placement Criteria and Placement Approval (§§ 6-19 and 6-20)

Subdivision (a) of  $\S$  6-19 states that a person may be placed in structurally restrictive housing if: (i) the person, despite multiple housing transfers, continually engages in assaultive behavior toward other people in custody and, as a result, cannot be safely housed with more than one or two people in custody; and (ii) the person is placed in enhanced restraint status. Subdivision (a) further provides that placement in such housing shall be subject to the due process procedures applicable to T/A Housing, which are set forth in Subchapter H ( $\S\S$  6-31 and 6-32).

Similar to the placement approval process for placement of people in custody into T/A Housing, <sup>115</sup> proposed rule § 6-20 requires that: (1) a Deputy Warden or above authorize placement of individuals into structurally restrictive housing; <sup>116</sup> (2) such authorizations be in writing, specify the reasons for authorizing the person's placement and any individual restrictions imposed on that person, and specify why a less restrictive housing setting and placement without individual restrictions is not a safe option; <sup>117</sup> and (3) a copy of each determination be sent to the affected person in custody, the Board, and CHS within 24 hours of determination. <sup>118</sup>

- 116 Proposed rule § 6-20(a).
- 117 Proposed rule § 6-20(b)(2) and (3).
- 118 Proposed rule § 6-20(c).

Proposed rule § 6-21 requires that DOC develop, in writing, an individual behavior and programming plan for each person in structurally restrictive housing (with the same attributes as the individual plans required for people in T/A Housing). The Department must review and update the plan of each person with the person's participation, at each periodic review, as is required for people in T/A Housing. Housing.

#### Periodic Review of Placement (§ 6-22)

Proposed rule § 6-22 requires that a Deputy Warden or above review the placement of people in custody confined in structurally restrictive housing every 30 days. <sup>121</sup> Like periodic placement reviews for people in T/A Housing, people confined in structurally restrictive housing have the right to: (1) receive written notice of the impending review; (2) submit a statement; and (3) participate in the review. <sup>122</sup> Similarly, all placement review decisions must be made by a Deputy Warden or above and be in writing, specify the reasons underlying the determination, and if the decision is to continue the person's placement in structurally restrictive housing, state what other housing was considered and the reasons why such housing is not a safe option. <sup>123</sup> The progression criteria is the same as that for T/A Housing; namely, at each periodic review, a person shall advance to a less restrictive level of structurally restrictive housing or to a less restrictive housing unit unless the person has engaged in disruptive, violent, or aggressive behavior while in the person's current level or housing unit or there is credible intelligence that the person may engage in violence in a less restrictive level or housing unit. <sup>124</sup>

#### Programming and Services (§ 6-23)

Proposed rule § 6-23 states that services may be provided to people confined in structurally restrictive housing in a manner other than required under the Minimum Standards so long as such alternative provision of services is sufficient to meet the intent of the Standards. This may include provision of mandated services in a noncongregate setting. Such services must be specified in writing, provided to the affected person and the Board, and included in the person's behavior and programming plan.

#### Data Collection and Review (§ 6-24)

Proposed rule  $\S$  6-24 states that the data collection review requirements regarding T/A Housing 125 shall also apply to Structurally Restrictive Housing.

#### Subchapter G: Access to Medical and Mental Health Services §§ 6-25 – 6-28

Daily Rounds (§ 6-25)

Proposed rule  $\S$  6-25 incorporates and amends the requirement for daily CHS medical rounds in ESH per  $\S$  1-16(d)(4), <sup>126</sup> and daily mental health rounds in PSEG per  $\S$  1-17(d)(6) by requiring daily CHS mental health and medical rounds in all types of restrictive housing and that such rounds be documented in writing.

#### Notification to CHA (§ 6-26)

To ensure continuity of medical and mental health treatment, it is vital that the Department immediately notify CHA, in writing, of each placement of a person in custody into restrictive housing. Proposed rule § 6-26 incorporates this requirement.

#### Clinical Encounters (§ 6-27)

Proposed rule § 6-27 recognizes the legal and ethical requirements to treat patients in private and confidential settings. Cell-side discussions of medical conditions are overheard by others, subject to significant background noise, and ineffective. The rule prohibits, with the exception of daily rounds, cell-side mental health and medical encounters. Instead the rule requires DOC to ensure that all individuals in restrictive housing are brought to the facility clinic for their scheduled appointments.

## Subchapter H: Procedural Justice and Due Process §§ 6-29 - 6-33

The rules in proposed Subchapter H afford all people in restrictive housing procedural due process protections including written notice, a hearing, written determination, and right to appeal. The purpose of these rules is to standardize the varying procedural due process protections currently set forth in Minimum Standards  $\$  1-16(g) (ESH/"Placement Review Hearing") and  $\$  1-17(c) (PSEG/ "Due Process") as well as Department policies.

#### Purpose (§ 6-29)

As stated in proposed rule § 6-29, the Standards in Subchapter H are intended to ensure that people in custody are placed into restrictive housing in accordance with due process and procedural justice principles. These Standards are consistent with a central tenet of procedural justice — that "people believe justice as fair, based on their perception of fairness in the *process*, not just the perception of a fair *outcome*." Research suggests that when people are treated with procedural justice and respect, "they view law and legal authorities as more legitimate and entitled to be obeyed. As a result, people become self-regulating, taking on the personal responsibility for following social rules. Taking on the personal responsibility for following social rules. Taking on the personal procedural justice principles in the New York City jails means ensuring through effective communication that people in custody understand the rules and the sanctions for violating them; sanctions proportionate to the offense are imposed consistently and fairly; and sentences are served swiftly following adjudication of guilt. The proposed rules in Subchapter H, which are based on these key principles, are discussed below.

#### Disciplinary Due Process (§ 6-30)

Proposed rule § 6-30 enumerates the procedural due process protections afforded to people in custody in connection with the Department's adjudication of disciplinary charges against them. Section § 6-30 incorporates the disciplinary due process provisions of Minimum Standard § 1-17 and codifies additional due process protections enumerated in DOC policy on disciplinary due process. As discussed below, the proposed rule adds new provisions regarding the videotaping of refusals to sign infraction notices and attend disciplinary hearings; a process for ensuring a person's placement in PSEG follows quickly upon adjudication; and development of a disciplinary system plan for young adults.

#### **▶**Investigations

Subdivision (a) of § 6-30 states that: (i) disciplinary investigations must be conducted "promptly, thoroughly, and objectively;" <sup>132</sup> (ii) DOC personnel conducting the investigation must be the rank of Captain or above and must not have reported, participated in, or witnessed the conduct; <sup>133</sup> (iii) if the rule violation in question could lead to a subsequent criminal prosecution, DOC must inform the person in custody who is interviewed that any statements made by the person may be used against the person in a subsequent criminal trial, that the person has the right to remain silent, and that silence will not be used against the person; <sup>134</sup> (iv) all investigations must be documented in written reports that include "a description of the physical, testimonial, and documentary evidence as well as investigative facts and findings; <sup>3135</sup> (v) all investigations must commence within 24 hours after the incident <sup>136</sup>; and (vi) the Department shall proceed with adjudication of charges against a person in custody upon a determination that there is reasonable cause to believe the person committed the infraction charged. <sup>137</sup>

#### **▶**Notice of Infraction

Proposed rule § 6-30(b) requires that prior to the disciplinary hearing: (i) people in custody must receive written notice detailing the charges against them; <sup>138</sup> (ii) people who are unable to read or understand the notice shall be provided with assistance; <sup>139</sup> (iii) the notice must be served upon any person placed in pre-hearing detention within 24 hours of such placement <sup>140</sup> and upon people not in pre-hearing detention no later than three (3) business days after the incident, absent extenuating circumstances; <sup>141</sup> (iv) any member of DOC staff, except those who participated in the incident, may serve the person charged with the notice of infraction; <sup>142</sup> (v) all refusals to sign the notice shall be videotaped; <sup>143</sup> and (vi) if the person is charged with a Grade I violent offense, the notice must be transmitted, via e-mail or fax, to the person's criminal defense counsel at the same time it is served upon the person in custody. <sup>144</sup> This last requirement will ensure that defense counsel can advise clients of self-incrimination and other issues that may arise at the disciplinary hearing and/or affect the outcome of a person's court case.

#### **▶** Disciplinary Hearing

Proposed rule  $\S$  6-30(c) incorporates the due process provisions in Minimum Standard  $\S$  1-17(c), including the right to: (i) appear in person, make statements, present material evidence, and call witnesses at the infraction hearing; (ii) the assistance of a hearing facilitator under certain circumstances; and (iii) a written determination.  $^{145}$  Additionally, the Department has the burden of proof in all disciplinary proceedings, and a person's guilt must be shown by a preponderance of the evidence.  $^{146}$  Section 6-30(c) also incorporates DOC policy on who can serve as a hearing adjudicator, how due process violations must be addressed, time limits on the length of hearings and hearing adjournments, and the right to appeal an adverse decision.  $^{147}$  Finally, people's refusal to attend their hearing must be videotaped and made a part of the hearing record.  $^{148}$ 

### ► Disciplinary Sanctions – Addressing the PSEG Backlog

The Department reported that, as of July 31, 2019, 815 people in custody were waiting to be held in PSEG I, PSEG II, and RHU. Historically, people in DOC custody have experienced significant delays between adjudication and placement into segregation, which result in a disciplinary system that "appears arbitrary" and negatively "impact[s] transparency and perceptions of fairness and legitimacy." <sup>150</sup>

Vera analyzed 9,793 infractions committed in 2015 that resulted in a segregation sanction and discovered that by the end of

We have seen examples at Rikers Island where [people in custody] have waited a month or two before they are placed in [PSEG] even if during that intervening time they had obeyed every rule in the book. By that point, the only lesson they will learn, at an emotional level, from being locked up is that they are being punished for having behaved themselves in the meantime. Thus, the use of [PSEG] in these circumstances is completely self-defeating, in that it stimulates instead of inhibit[s] antisocial behavior, by embittering the [people in custody], who can only feel that they are being punished arbitrarily and unfairly for prosocial, law-abiding behavior").

2015 nearly half of those cases had not resulted in an admission into PSEG.  $^{151}$  For those who were eventually admitted to PSEG, the average time between the issuance of a sanction and admission into PSEG was 13 days. One third of admissions into PSEG came after two or more infractions had been adjudicated guilty. The Vera Report attributes several causes for the backlog, including (i) a delay in mental health reviews of people with "M" designations, which is required before their placement in PSEG  $^{152}$ , and (ii) waiting for a person to clear the 30-day or 60-day sentence limitations. Vera-run focus groups revealed that people in custody and Correction Officers did not understand why some people were placed into segregation while others were not, resulting in a system that appeared arbitrary.  $^{153}$ 

To address this issue, proposed rule § 6-30(e)(2) requires that placement in disciplinary segregation occur within 30 days of adjudication of guilt. If the Department does not place a person into punitive segregation within this 30-day period, DOC may not place the person in PSEG at a later time. The purpose of this rule is to ensure that, in keeping with procedural justice and due process principles underlying Chapter 6, punishment is "swift, certain, and fair." <sup>154</sup>

#### ► Videotaping of Hearing Refusal

Proposed rule  $\S$  6-30(c)(5) requires that a person's refusal to attend a disciplinary hearing be videotaped and made part of the hearing record. This will allow BOC to monitor the Department's compliance with the requirement that it provide timely and effective notice of infraction hearings to people in custody. This, in turn, will improve perceptions that the disciplinary process is fair.

#### Placement Due Process (§ 6-31)

Proposed rule § 6-31 enumerates procedural due process protections applicable to people in custody who are placed in restrictive housing for non-disciplinary reasons. Section 6-31 incorporates the due process provisions of Minimum Standard § 1-16(g) (ESH/"Placement Review Hearing") and expands them to all types of T/A Housing. These same procedures are also applicable to Structurally Restrictive Housing, as per proposed rule § 6-19(a). With few exceptions, <sup>155</sup> § 6-31 enumerates the same procedural due process protections as § 6-30 (re disciplinary hearings).

#### Appeals (§ 6-32)

Proposed rule § 6-32 provides a right to appeal a disciplinary determination or placement review decision. <sup>156</sup> The appeal must be in writing, based on facts already in the record, and clearly set forth the basis for the appeal, except the person may raise any newly discovered evidence in the appeal. <sup>157</sup> The decision on appeal must be in writing and state the reasons for granting or denying the appeal. <sup>158</sup> People who are unable to read or understand the decision must be provided with necessary assistance. <sup>159</sup> Finally, appeals must be decided by DOC staff of the rank of Captain or above, who were not involved in the underlying incident or placement recommendation, or presided at the underlying hearing. <sup>160</sup>

#### Data Collection and Review (§ 6-33)

To ensure compliance with the requirements of this Subchapter H, proposed rule  $\S$  6-33 requires the Department to: (i) provide semiannual reports on the procedural due process protections provided to people placed in disciplinary housing,  $^{161}$  T/A Housing, and structurally restrictive housing  $^{162}$  and (ii)

#### Subchapter I: Staffing and Training §§ 6-34 and 6-35

Staffing (§ 6-34)

Chapter 1 Minimum Standards require that at least 25% of correction staff assigned to ESH and PSEG be assigned to steady posts.  $^{164}$  Proposed rule  $\S$  6-35(a)(1) expands this requirement by: (i) increasing the 25% minimum to at least 50%; and (ii) defining "steady post" as a post "within a specific unit of a housing area to the extent feasible given leave schedules and personnel changes."  $^{165}$  These requirements reflect the importance of DOC security staff assigned to the same restrictive housing units, if feasible, so that staff is familiar with the unit's operations and people confined in the unit. This familiarity leads to better rapport and engagement between Correction Officers and people in custody and reduces housing unit tension occasioned by frequent changes in staff assigned to the unit.

Proposed rule  $\S$  6-34(a)(2) states that the Department shall retain records sufficient to show accurate, uniform data on the security staff transferring in and out of restrictive housing units and the years of experience and training of security staff assigned to and working in these units. DOC shall semi-annually report this information, in writing, to the Board.

Proposed rule  $\S$  6-34(b) requires that DOC provide the Board with DOC's staffing plans developed for each type of restrictive housing and regularly update BOC on any material changes to such plans.

#### Training (§ 6-35)

Proposed rule  $\S$  6-35(a) incorporates Chapter 1 Minimum Standards  $\S$  1-16(e)(1) (ESH) and  $\S$  1-17(f)(1) (PSEG), and provides that (i) DOC staff assigned to PSEG or ESH shall receive 40 hours of special training designed to address the unique characteristics of these units and the people in custody who are housed in these units; and (ii) such training shall include, but not be limited to, recognition and understanding of mental illness and distress, effective communication skills, and conflict de-escalation techniques.

Proposed rule § 6-35(b) requires the Department to provide hearing adjudicators and other staff involved in sentencing and placement decisions training on procedural and restorative justice principles and written policies to guide sentencing and placement decisions. This requirement is informed by the findings and recommendations of the Vera Report and the Board's ESH Reports.

Vera determined that people in custody, as well as DOC and CHS staff, find the disciplinary process difficult to understand and attributed this to: (i) inconsistent DOC directives and other official documents; <sup>166</sup> (ii) a lack of clear communication between the Department's Adjudication Unit and the various parties involved in an incident regarding outcomes of the disciplinary process; <sup>167</sup> and (iii) as discussed above, delays and backlogs in the process, resulting in distrust in disciplinary proceedings and outcomes. <sup>168</sup> To address these issues, Vera recommended, among other things, that all correction officers be trained on due process and procedural justice principles. <sup>169</sup>

Board staff found similar due process issues with respect to ESH — adults in custody expressed confusion about why they were being placed in ESH; placement hearings did not include discussion or explanation of ESH levels or the restraint desks; and adjudication Captains were not provided written guidance or training on ESH due

process policies to guide decision-making. <sup>170</sup> Based on these findings, BOC's Adult ESH Report recommended, among other things, that procedural justice principles be incorporated into all aspects of ESH placement, and ESH adjudication Captains, Correction Officers, and staff involved in placement decisions receive training on this issue. <sup>171</sup>

Finally, proposed rule  $\S$  6-35(c) states that on at least an annual basis, the Department shall provide the Board with information related to the training to be provided in accordance with 6-35.

#### Subchapter J: Restraints and Canines, §§ 6-36 and 6-37

Restraints (§ 6-36)

Proposed rule § 6-36(a) states that nothing in this section shall prohibit: (i) the use of restraints that are reasonable and necessary based on the totality of the circumstances to perform a lawful task, effect an arrest, overcome resistance, prevent escape, control a person in custody, or protect staff, other people in custody, and others from injury; <sup>172</sup> (ii) the immediate use of restraints to prevent a person in custody from self-harm, harming others, or causing serious property damage; <sup>173</sup> or (iii) the routine use of restraints for movement, escort, and transportation purposes. <sup>174</sup>

#### **▶**Limitations

Section 6-36(b) through (d) sets limitations on the use of restraints that are enumerated in Department policy, such as: (i) restraints shall be imposed only when no lesser form of control would be effective in addressing the risks posed by unrestricted movement; <sup>175</sup> (ii) the method of restraint shall be the least intrusive necessary to control a person in custody's movement; <sup>176</sup> and (iii) restraints shall be imposed only for the time required and shall be removed as soon as possible after the risks posed by unrestricted movement are no longer present. <sup>177</sup> Limitations are also imposed on the use of restraints with respect to people who are paraplegic, quadriplegic, or near death; <sup>178</sup> in a wheelchair; <sup>179</sup> visually impaired; <sup>180</sup> deaf, hearing impaired, or have impaired speech and communicate with hand gestures; <sup>181</sup> or in labor, admitted to a hospital for delivery, or recovering after giving birth. <sup>182</sup>

#### **▶**Prohibitions

Proposed rule 6-36(f) states that restraints must never be used to cause unnecessary physical pain or discomfort,  $^{183}$  e.g., applied as punishment or retaliation,  $^{184}$  or used inside a cell unless the cell is being used to hold more than person in custody and restraints are the only way to ensure the safety of those held in the cell.  $^{185}$  These prohibitions are enumerated in DOC policy.

#### ▶ Restraint Desks

In November 2016, the Department introduced restraint desks in ESH Level 1 for adults and young adults. People have their ankle shackled to a desk. The use of restraint desks in ESH magnifies what is already a highly restrictive environment, <sup>186</sup> and was not disclosed to the Board during ESH rulemaking. Moreover, conditioning one's right to lock-out on being shackled to a desk is inherently punitive and inhumane and undermines the principles of procedural justice that form the bedrock of our criminal justice system and the 2015 amendments to the Board's Minimum Standards.

- 186 In ESH (for young adults and adults), outdoor recreation takes place in recreation cages; showering takes place in shower cells; meals are provided in-cell; daily medical rounds take place through solid cell doors; and most people in ESH are subject to enhanced restraints and restricted to booth visits.

Cognizant of the Department's safety concerns in moving too quickly in eliminating the use of restraint desks for young adults who have engaged in serious acts of violence, the Board — while repeatedly citing its concerns publicly — held off imposing an effective elimination of restraint desks in ESH Level 1 as a condition to the variance it has continually approved since October 2016. Pover the next two years, the Department implemented important reforms of ESH, particularly for young adults. These reforms — some of which are embodied in variance conditions — include moving people faster through the program, making the young adult placement criteria more specific, conducting more frequent periodic reviews and involving young adults in them, and establishing a separate school session for young adults in Levels 2 and 3, thereby obviating the need for restraint desks during school.

Over the past two years, the number of people in custody in ESH units with restraint desks has declined significantly. As of August 31, 2019, there were two ESH Level 1 housing units in operation housing 24 people in custody — four (4) young adults and 20 adults. This is down from August 31, 2017, when there were three (3) ESH units with restraint desks, housing 14 young adults and 28 adults.

Similarly, the time spent by people in custody in ESH units with restraint desks has declined significantly between 2017 and 2019. Young adults in ESH Level 1 on August 31, 2019 had spent an average of 27 total days (18 consecutive days) in ESH Level 1, compared to an average of 190 total days (83 consecutive days) for young adults on August 31, 2017. Adults in ESH Level 1 on August 31, 2019 had spent an average of 43 total days (32 consecutive days) in ESH Level 1, compared to an average of 176 total days (62 consecutive days) on August 31, 2017. This decline coupled with the significant reduction in the overall jail population have paved the way for alternative measures such as smaller units and increased staffing ratios, which better reflect the intent of the Minimum Standards.

For the foregoing reasons, proposed rule § 6-36(e) states that "As of March 1, 2022, the Department shall eliminate nonindividualized use of restraint desk or other restraints during lockout in all facility housing units. Non-individualized use means placing any person or group of people in a restraint desk or other restraint as a condition of lockout, or solely based on their transfer to a restrictive unit." Recognizing that DOC requires time to implement this change, and assuming proposed Chapter 6 goes into effect in 2020, proposed rule § 6-36(e) affords the Department two years to accomplish this. <sup>189</sup> Until then, subdivisions (f) through (k) of § 6-36 set forth conditions for the routine use of restraint desks, which are derived from Minimum Standard § 1-16<sup>190</sup> and conditions in the YA-ESH Variance. <sup>191</sup> This includes that: (i) the Department shall only place a person in a restraint desk or other form of non-individualized restraint during lockout if the person has recently participated in an actual or attempted slashing or stabbing, or engaged in activity that caused serious injury to a staff member or other person, and provided the use of a restraint desk is the least restrictive option necessary for the safety of others; 192 (ii) DOC shall review the placement of people in custody in routine restraint during lockout every seven (7) days; <sup>183</sup> and (iii) at each periodic review, a person in custody shall advance out of a restraint desk unless (a) the person has engaged in disruptive, violent, or aggressive behavior in the previous seven (7) days; or (b) there is credible intelligence that the person may engage in violence in a less restrictive level or housing unit. 194

#### ▶ Restraint Statuses

Proposed rule § 6-36 requires the Department to collect data regarding restrictive statuses involving the use of restraints ("restraint statuses"). For the purposes of Chapter 6, restraint statuses are: Enhanced restraints, Red ID, and Centrally Monitored Cases that include the use of handcuff covers. Specifically, the proposed rule requires DOC to: (i) prepare a semiannual report on the use, reviews, and appeals of restraint statuses<sup>195</sup> and (ii) the Board and the Department to jointly develop the reporting templates.

#### Canines (§ 6-37)

Proposed rule  $\S$  6-37 is based on a variance condition prohibiting the stationing of canines in ESH units that house young

### Subchapter K: Implementation of Restrictive Housing §§ 6-38 and 6-39

Existing Restrictive Housing (§ 6-38)

Proposed rule § 6-38 states that all DOC and CHA policies developed or updated to facilitate compliance with these Chapter 6 Standards shall be shared with the Board for its review and feedback prior to finalization.

New Restrictive Housing (§ 6-39)

To enforce and monitor compliance with the proposed rules, the Board must be advised of the Department's plan to establish new restrictive housing before DOC opens it. Therefore, proposed rule § 6-39 provides that at least two (2) months prior to DOC's implementation of new restrictive housing, it shall provide the Board with: (i) a written, comprehensive implementation plan, including a detailed description of the new housing (e.g., its purpose and goals, placement criteria and restrictions, physical structure, programming components); <sup>199</sup> (ii) written policies to implement the new housing; <sup>200</sup> and (iii) a prescribed date for submission of the plan to BOC. <sup>201</sup> Additionally, DOC shall not open new restrictive housing until the Board has had an opportunity to review the plan and discuss it with the Department. <sup>202</sup>

#### Subchapter L: Variances § 6-40

Proposed rule  $\S$  6-40 permits the Department and CHA to apply for a variance from a specific subdivision or section of these rules in accordance with  $\S$  1-15 of the Board's Minimum Standards.

### Effective Date and Implementation Dates (Uncodified Rule §§ 2 and 3)

Uncodified Rule  $\S$  2 states that the rules in Chapter 6 shall take effect on February 24, 2020 ("Effective Date").

Certain of the proposed rules, such as those requiring implementation of new policies and procedures, and data collection and reporting, will not be implemented on the Effective Date. Uncodified Rule § 3 specifies time periods within which each of these rules must be implemented.

Authority

The Board of Correction's authority for these rules is found in Sections 1043 and 626 of the New York City Charter.

### $\begin{array}{cc} II. & \underline{ \ \ \, Proposed\ Amendments\ to\ Chapter\ 1} \\ Standards & \end{array}$

The Board proposes amendments to certain of its Minimum Standards in Chapter 1 of Title 40 of the Rules of the City of New York. The proposed amendments:

• Define Board expectations and data reporting requirements regarding the commingling of young adults (ages 18-21) and adults (ages 22 and over);

• Ensure that all provisions in Chapter 1 are consistent with the proposed restrictive housing rules in Chapter 6; and

• Further the Board's commitment to employing person-first and gender-inclusive language in its Standards and general communications by modernizing all such language in each amended section of Chapter 1.

Following is a descriptive summary of the proposed amendments.

### Amendments to § 1-02(c): Commingling of Young Adults with Adults

In 2013, members of the public petitioned the Board to initiate rulemaking in many areas related to conditions in the jails. Throughout the rulemaking process, the Board recognized the unique needs of young adults in jail and ultimately passed rules that reflected the need for a distinct approach to managing the young adult population. BOC approved rules in January 2015 which require DOC to house young adults separately and apart from young adults (§

 $1\text{-}02(c)(1))^{203}$  and provide age-appropriate programming to young adults (§  $1\text{-}02(c)(2)),^{204}$ 

These requirements, however, were never fully implemented. In September 2015, the Department sought and the Board granted a variance from these Standards on the ground that DOC needed additional time to establish specialized housing with appropriate programming and staff training before implementing these requirements. In its variance request, DOC stated that the "success of this plan is dependent on the Department's ability to lay a solid foundation to build upon moving forward." <sup>205</sup>

Almost one year later, in summer 2016, the Department saw a marked spike in violence after it attempted to co-locate over 700 young adults in GMDC. <sup>206</sup> Since that time, DOC has continuously sought and received six (6)-month variances from § 1-02(c) permitting the comminging of young adults with adults.

The Department's July 2019 variance request noted that while DOC "remains committed to a young adult housing strategy that prioritizes housing young adults in pure young adult housing, so long as they can reasonably and safely be housed in that manner, it also requires the flexibility to commingle with individuals over 21 those young adults who engage in violent or assaultive behavior or who pose security risks to other young adults with whom they cohabitate." <sup>207</sup> The Department further noted that as of June 2019, 68% of young adults were housed in young adult-only housing. In approving this variance request, the Board imposed conditions on commingling young adults with adults. <sup>208</sup>

The proposed amendments to  $\S$  1-02(c) codify: (i) certain conditions of the limited variance from  $\S\S$  1-02(c)(1) and 1-02(c)(2); (ii) a continuing variance — granted in November 2015 —from  $\S$  1-02(c)(1)<sup>209</sup> permitting the commingling of young adults with adults in specialized mental health units, including but not limited to PACE and CAPS, and NIC infirmary and West Facility communicable disease unit (CDU); and (iii) a continuing variance — granted in July 2016 — permitting the commingling of young adults with adults in the RMSC infirmary, RMSC nursery, and RMSC housing for pregnant people in custody. 210

#### No-Commingling Presumption (§§ 1-02(c)(1) and 1-02(c)(2)

The proposed amendments strike a balance between housing young adults together to facilitate youth-specific management strategies and programming, and housing certain young adults with adults to address legitimate safety and security concerns. Thus, proposed § 1-02(c)(1), as amended, creates a presumption that the Department shall "house young adults (ages 18-21) in young adult-only housing" unless the young adult (i) has engaged in violent or assaultive behavior towards staff or other people in custody; <sup>211</sup> or (ii) has been

- 204 Min. Std. § 1-02(c)(2) states: "Housing for [people in custody] ages 18 through 21 shall provide such [people] with age-appropriate programming. No later than August 1, 2015, the Department shall provide the Board with a plan to develop such ageappropriate programming."

a victim of violent or assaultive behavior in multiple young-adult housing areas.<sup>212</sup>

Proposed amended  $\S$  1-02(c)(2) states that the presumption that DOC shall house young adults with adults shall not apply to medical housing areas, specialized mental health units, the nursery, or housing areas for pregnant people.

### Commingling Placement Determination and Approval (§ 1-02(c)(3)-(5))

Section 1-02(c)(3) through (5) state that DOC may house a young adult with adults (in housing areas other than those referenced in  $\S$  1-02(c)(2)) only after an individualized determination is made.  $^{213}$  Such determinations must be in writing and include the reasons for such determination and all Central Operation Desk (COD) and incident reports supporting the determination.  $^{214}$  Additionally, the Department shall send notification to the person in custody within three (3) days of placement as to why the young adult is being housed with adults.  $^{215}$ 

#### Data Collection and Review (§ 1-02(c)(6))

Finally, proposed rule  $\S$  1-02(c)(6) states that the Department shall comply with the following data reporting requirements on commingling of young adults with adults: (i) provide the Board with a bi-weekly report of all individualized commingling determinations and related information;  $^{216}$  (ii) provide BOC with a monthly public census showing which housing units and facilities house young adults; the census shall indicate how many young adults are in each unit and whether the unit is a young-adult only unit or a commingled housing unit;  $^{217}$  (iii) report to the Board the locations of all units operating as young adult-only housing units at each facility, the date each unit started operating as a young adult-only unit, and the date each unit stopped operating as a young adult-only unit; and the date each unit stopped operating as a young adult-only unit; and the date each unit providing age-appropriate programming and services to young adults in custody (i.e., Young Adult Plan).  $^{219}$ 

### Amendments to Ensure Consistency between Chapter 1 and Chapter 6 Standards

The other proposed amendments to Chapter 1 Standards replace all specific references to enhanced supervision housing (ESH) with the broader term "transitional/administrative housing" as defined in Chapter 6. This substitution ensures that certain Minimum Standard protections and limitations are triggered by the restrictive characteristics of a housing unit rather than by the name given to a housing unit.

#### Section 1-05 (Lock-in)

The proposed amendments to  $\S$  1-05(a) clarify that the Chapter 1 Minimum Standards related to lock-in apply not only to punitive segregation and CDU units, but also to transitional/administrative housing units where lock-in is governed by proposed rule  $\S$  6-11.

#### Section 1-06 (Recreation)

Whereas existing  $\S$  1-06(g) emphasizes that all persons in punitive segregation shall be permitted outdoor recreation for one (1) hour per day, the amendments expand that right to all people in custody who are confined in restrictive housing units, as defined in Chapter 6. Section 1-06(g) has been further amended to eliminate the reference to "close custody," a practice the New York Supreme Court declared unlawful in 2010.  $^{220}$ 

Existing § 1-06(h) states that a person in custody's "access to recreation may be denied for up to five days only upon conviction of an infraction for misconduct on the way to, from or during recreation." Subdivision (h) has been amended based upon SCOC guidance that the Department may not restrict recreation as part of a disciplinary sanction.

#### Section 1-07 (Religion)

Whereas existing  $\S$  1-07(h) ensures the free exercise of religion for all persons in punitive segregation, including congregate religious activities with appropriate security, the amendments expand this protection to all persons in restrictive housing units, as defined in Chapter 6.

#### Section 1-08 (Access to Courts and Legal Services)

Section 1-08(f)(6) is amended to permit the Department to reduce or eliminate law library hours not only in punitive segregation, but also in in transitional/administrative housing units, provided that an alternative method of access to legal materials is instituted to permit effective legal research.

#### Section 1-09 (Visiting)

The proposed amendment to  $\S$  1-09(f) permits the Department to impose limitations on contact visits with persons in transitional/administrative housing in accordance with the due process provisions governing placement review hearings, as set forth in proposed rule  $\S$  6-31(b)(5)(iv).

#### Section 1-11 (Correspondence)

Sections 1-11(c)(6) and 1-11(e)(1) currently permit the Warden of a facility to read non-privileged correspondence pursuant to a lawful search warrant or a Warden's written order articulating a reasonable basis to believe that the correspondence constitutes a security threat. In such cases, \$\$ 1-11(c)(6)(ii)-(iii) and 1-11(e)(1)(ii)-(iii) allow the Warden to read such correspondence without any notification to the sender or recipient when that person is in ESH; the existing sections also exempts the Warden from maintaining a written record of correspondence that has been read so long as the sender or recipient is in ESH. The amendments eliminate these exceptions related to people in ESH, mandating that Wardens will be required to notify everyone in custody when a determination has been made to read their correspondence, and will be required to keep a written record of all correspondence read pursuant to \$ 1-11.

Section 1-16 (Enhanced Supervision Housing) and Section 1-17 (Limitations on the Use of Punitive Segregation)

As described above, these sections are repealed.

### Non-Substantive Language Amendments (§§ 1-05—1 1-09 and § 1-11)

People in DOC custody are people first and the circumstance of their incarceration is not their defining feature. Therefore, the Board has made a commitment to employ person-first language in its Standards and general communications going forward. To this end, the Board is deleting all references to "Inmates" in favor of person-first terms such "people/persons/individuals in custody" in Minimum Standards §§ 1-05 through 1-09 and § 1-11. The Board is also making a concerted effort towards gender inclusivity in its use of language, and will avoid the use of terminology that suggests a gender binary.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of the Board of Correction, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Chapter 1 of Title 40 of the Rules of the City of New York is amended by repealing sections 1-16 and 1-17 in their entirety, except that sections 1-16(i) and (h) and 1-17(h) will be repealed 365 days after this rule is promulgated.

#### **Subchapter J: Restraints and Canines**

#### § 6-36 Restraints.

- (a) Nothing in this section shall prohibit:
  - (1) The use of restraints that are reasonable and necessary based on the totality of the circumstances to perform a lawful task, effect an arrest, overcome resistance, prevent escape, control a person in custody, or protect staff, other people in custody, and others from injury;
  - (2) The immediate use of restraints to prevent a person in custody from self-harm or harming others or causing serious property damage;
  - (3) The routine use of restraints for movement, escort, and transportation purposes.
- (b) Restraints shall be imposed only when no lesser form of control would be effective in addressing the risks posed by unrestricted movement.
- (c) The method of restraint shall be the least intrusive method necessary and reasonably available to control a person in

- custody's movement based on the level and nature of the risks imposed.
- (d) Restraints shall be imposed only for the time required, and shall be removed as soon as possible after the risks posed by unrestricted movement are no longer present.
- (e) As of March 1, 2022, the Department shall eliminate nonindividualized use of restraint desks or other restraints during lockout in all facility housing units. Nonindividualized use means placing any person or group of people in a restraint desk or other restraint as a condition of lockout, or solely based on their transfer to a restrictive housing unit.
- (f) From the effective date of this rule until February 28, 2022, the Department shall not subject any person or group of people to the use of restraint desks or other forms of restraint during lockout periods, unless the person has recently participated in an actual or attempted slashing or stabbing, or engaged in activity that caused serious injury to a staff member or another person (e.g., those housed in the enhanced supervision housing unit). The use of a restraint desk or other restraint must be the least restrictive option necessary for the safety of others.
- (g) From the effective date of this rule to February 28, 2022, at which point the non-individualized use of restraint desks or other restraints shall cease, the Department shall review the placement of people in custody in non-individualized restraint during lockout every seven (7) days.
- (h) At least twenty-four (24) hours prior to such periodic review, people in custody shall be notified of the pending review in writing and of the (i) right to submit a written statement for consideration, and (ii) right to participate in the review. People in custody who are unable to read or understand such notice shall be provided with necessary assistance.
- (i) Periodic review of a person's placement in non-individualized restraint during lockout shall consider the following, with conclusions recorded in a written report made available to the person within two (2) days of the review:
  - (1) The justifications for continued placement of the person non-individualized restraint during lockout;
  - (2) The continued appropriateness of the person in a restraint desk or other form of non-individualized restraint during lockout;
  - (3) Information regarding the person's subsequent behavior and attitude since placement of the person in non-individualized restraint during lockout;
  - (4) Any written statement the person submitted for consideration or any oral statement the person made at his or her periodic review;
  - (5) Any other factors that may favor retaining the person or removing the person from non-individualized restraint during lockout; and
  - (6) If the person's placement in non-individualized restraint during lockout is to continue, any actions or behavioral changes that the person might undertake to further rehabilitative goals and facilitate the lifting of the placement in non-individualized restraint during lockout.
- (j) At each periodic review, a person in custody shall advance out of the non-individualized use of restraints during lockout unless:
  - a. The person has engaged in disruptive, violent, or aggressive behavior in the previous seven (7) days; or
  - b. There is credible intelligence that the person may engage in violence in a less restrictive level or housing unit.
- (k) The Department shall determine whether the person shall advance out of restraint desks or other form of non-individualized restraint within twenty-four (24) hours of the person's periodic review. If the Department determines that a person in custody should be moved out of restraint desks or other form of non-individualized restraint during lockout, the person shall be moved out of restraint desks or other form of non-individualized restraint during lockout within forty-eight (48) hours of such determination. If the person is not moved out of restraint desks or other form of non-individualized

restraint during lockout within forty-eight (48) hours, the Department shall notify the Board, in writing, within forty-eight (48) hours of its decision. The notification shall include the reason the Department did not move the person out of restraint desk or other form of non-individualized restraint.

- (l) Restraints shall never be:
  - (1) Applied as punishment or retaliation;
  - (2) Applied to the head or neck or in a manner that may restrict blood circulation or breathing;
  - (3) Used to pull or lead a person in custody;
  - (4) Used to cause unnecessary physical pain or discomfort;
  - (5) Used inside of a cell unless the cell is being used to hold more than one person in custody and restraints are the only way to ensure the safety of those held in the cell.
- (m) CHA shall notify the Department in writing of people in custody who have functional needs or impairments that contraindicate the imposition of one or more permitted restraints. The Department shall consider this information before such individuals are escorted in restraints, transported in restraints, or otherwise subject to restraints.
- (n) Limitations on the use of restraints with respect to people in custody who are in labor, admitted to a hospital, institution, or clinic for delivery, or recovering after giving birth shall be governed by NY Correction Law § 611.
- (o) Unless there are articulable and reasonable safety or security risks that dictate otherwise, security staff shall not use handcuffs or leg restraints on people who are paraplegic, quadriplegic, or near death.
- (p) A person in a wheelchair or a visually impaired person may be handcuffed only in front.
- (q) People who are deaf, hearing impaired, or have impaired speech and communicate with hand gestures may be restrained under controlled conditions, and when it is determined safe to do so, in a manner that allows for communication without jeopardizing safety.
- (r) Four- and five-point restraints shall not be used other than pursuant to 40 RCNY § 2-06.
- (s) The Department shall provide the Board with a semiannual report on the Department's use of restrictive statuses. The report shall include but not be limited to the following information for each restrictive status (i.e., Enhanced Restraint, Red ID, CMC):
  - (1) Number and percent of recommendations for placement in the restrictive status by age, race, ethnicity, gender, and "M" designation status of the person for which the restrictive status was recommended;
  - (2) Number and percent of people excluded from placement in such status due to a medical or mental health contraindication;
  - (3) Number of unique individuals placed in the restrictive status during the reporting period and the number people currently classified in the restrictive status as of the last date of the reporting period;
  - (4) Number and percent of periodic reviews conducted by outcome of review (i.e., continued or removed);
  - (5) Number and percent of appeals of placement into restrictive statuses by outcome of appeal;
- (t) The Board and the Department shall jointly develop reporting templates for the report required by 40 RCNY § 6-36(s).

#### § 6-37 Canines.

- (a) The Department may use canines inside the secure perimeter of a facility only for searches.
- (b) Canines may never be used to extract people in custody from their cells or otherwise as a use of force.
- (c) Canines may never be used to harass, threaten or otherwise control people in custody.

### Subchapter K: Implementation of Restrictive Housing § 6-38 Existing Restrictive Housing.

All DOC and CHA policies developed or updated to facilitate compliance with these Chapter 6 Standards shall be shared with the

Board for its review and feedback prior to finalization.

#### § 6-39 New Restrictive Housing.

- (a) At least two (2) months prior to the Department's implementation of new restrictive housing, the Department shall provide the Board with a written, comprehensive implementation plan that shall include:
  - (1) A detailed description of such housing, including the housing's purpose and goals, placement criteria, restrictions, physical structure, staffing plans, and anticipated programmatic components;
  - (2) Written policies to be developed to implement the new housing;
  - (3) Reporting templates and steps taken to ensure compliance with the Board's existing restrictive housing reporting requirements;
  - (4) Prescribed date for submission of documents, information, and reporting templates referenced in the implementation plan to the Board;
  - (5) Prescribed time for the Board to review the written policies, and reporting templates related to the plan;
  - (6) Post-implementation impact and evaluation report;
- (b) The Department shall not implement any new restrictive housing until the Board has had an opportunity to review the plan for such housing and discuss it with the Department.
- (c) At least one (1) month prior to implementation, the

  Department shall provide the Board with any new or updated written policies and reporting templates associated with implementation of new restrictive housing for the Board's review and feedback.
