ARTICLE VII

ADMINISTRATION

**Chapter 8
Special Regulations Applying to Large-Scale Residential Developments**

78-00

GENERAL PURPOSES, DEFINITIONS AND GENERAL PROVISIONS

78-01

General Purposes

The regulations set forth in this Chapter are designed to deal with certain types of problems which arise only in connection with large-scale residential developments and to promote and facilitate better site planning and community planning through modified application of the district regulations in such developments.

For large-scale residential developments involving several zoning lots but planned as a unit, the district regulations may impose unnecessary rigidities and thereby prevent achievement of the best possible site plan within the overall density and bulk controls. For such developments, the regulations of this Chapter are designed to allow greater flexibility for the purpose of securing better site planning for development of vacant land and to provide incentives toward that end while safeguarding the present or future use and development of surrounding areas and, specifically, to achieve more efficient use of increasingly scarce land within the framework of the overall bulk controls, to enable open space in large-scale residential developments to be arranged in such a way as best to serve active and passive recreation needs of the residents, to protect and preserve scenic assets and natural features such as trees, streams and topographic features, to foster a more stable community by providing for a population of balanced family sizes, to encourage harmonious designs incorporating a variety of building types and variations in the siting of buildings, and thus to promote and protect public health, safety and general welfare.

* * *

78-03

Applicability of This Chapter

#Large-scale residential developments# are governed by all the #use#, #bulk#, off-street parking and loading, and other applicable regulations of this Resolution, except for such special provisions as are specifically set forth in this Chapter and apply only to such #large-scale residential developments#. However, the Quality Housing Program is inapplicable in #large-scale residential development#.

Any #large-scale residential development# having a total of, at least 500 #dwelling units# shall be subject to the provisions of Section 78-11 (General Provisions), relating to Provision of Public Facilities in Connection with Large-Scale Residential Developments.

#Large-scale residential developments# within the #waterfront area# shall be subject to the provisions of Section 62-132 (Applicability of Article VII, Chapters 4, 8 and 9).

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- *Win More Contracts at nyc.gov/competetowin*

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and

building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)
Department of Corrections (DOC)
Department of Health and Mental Hygiene (DOHMH)

Department of Probation (DOP)
Department of Small Business Services (SBS)
Department of Youth and Community Development (DYCD)

Statement of Basis and Purpose

From school years 2014-15 through 2018-19, the Department of Small Business Services (DSBS) has administered a grant program to support the employment of experienced school bus workers impacted by changes in the Department of Education's (DOE) contracts for school bus transportation. Pursuant to the authority vested in DSBS by Section 1301 of the New York City Charter, DSBS is proposing a rule that would continue the grant program for the 2019-20 school year.

Since 1979, following a school bus strike, DOE's school bus contracts included employee protection provisions (EPPs) requiring school transportation contractors, among other things, to give priority in hiring to employees who became unemployed because of their employers' loss of DOE bus contract work and to pay such employees the same wages and benefits they had received prior to becoming unemployed.

Following the 2011 decision by the New York State Court of Appeals in L&M Bus Corp., et al. v. the New York City Department of Education, et al. (L&M), DOE did not include EPPs or similar provisions in solicitations for its school bus contracts. After the issuance of the first such post-L&M solicitation, there was a school bus strike in January and February of 2013.

DSBS's grant program, created by Local Law 44 of 2014, was designed to encourage school bus contractors providing transportation services to DOE to maintain the wages and benefits of those employees who had prior experience in the industry. In the years since 2014, grant programs successfully supported the employment of approximately 1,200 school bus workers. This proposed rule continues the school bus employee grant program for the 2019-20 school year.
