#### ARTICLE VII

#### ADMINISTRATION

Chapter 8

Special Regulations Applying to Large-Scale Residential Developments

GENERAL PURPOSES, DEFINITIONS AND GENERAL **PROVISIONS** 

78-01

#### **General Purposes**

The regulations set forth in this Chapter are designed to deal with certain types of problems which arise only in connection with largescale residential developments and to promote and facilitate better site planning and community planning through modified application of the district regulations in such developments.

For large-scale residential developments involving several zoning lots but planned as a unit, the district regulations may impose unnecessary rigidities and thereby prevent achievement of the best possible site plan within the overall density and bulk controls. For such developments, the regulations of this Chapter are designed to allow greater flexibility for the purpose of securing better site planning for development of vacant land and to provide incentives toward that end while safeguarding the present or future use and development of surrounding areas and, specifically, to achieve more efficient use of increasingly scarce land within the framework of the overall bulk controls, to enable open space in large-scale residential developments to be arranged in such a way as best to serve active and passive recreation needs of the residents, to protect and preserve scenic assets and natural features such as trees streams and topographic features, to foster a more stable community by providing for a population of balanced family sizes, to encourage harmonious designs incorporating a variety of building types and variations in the siting of buildings, and thus to promote and protect public health, safety and general welfare.

#### 78-03

#### **Applicability of This Chapter**

#Large-scale residential developments# are governed by all the #use#, whulkit, off-street parking and loading, and other applicable regulations of this Resolution, except for such special provisions as are specifically set forth in this Chapter and apply only to such #large-scale residential developments#. However, the Quality Housing Program is inapplicable in #large-scale residential development#.

Any #large-scale residential development# having a total of, at least 500 #dwelling units# shall be subject to the provisions of Section 78-11 (General Provisions), relating to Provision of Public Facilities in Connection with Large-Scale Residential Developments.

#Large-scale residential developments# within the #waterfront area# shall be subject to the provisions of Section 62-132 (Applicability of Article VII, Chapters 4, 8 and 9).

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and

building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

#### HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

#### **Participating NYC Agencies**

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

#### WHAT YOU CAN DO:

- 1. Inform yourself about emergency preparedness.
  - . Fire Safety Notice: Read the Fire Safety Notice on the back of your apartment door as to whether to leave (evacuate) or stay (shelter in place) in a fire. No notice on your apartment door? Contact your building owner/manager, or notify the Fire Department at FDNY.BusinessSupport@fdny.nyc.gov.
  - **NYC Apartment Building Emergency** Preparedness Guide. Read the Guide, including the Building Information about your building! Didn't get one? Contact your building owner/manager or notify the Fire Department at FDNY.BusinessSupport@fdny.nyc.gov.
  - Emergency Preparedness/Evacuation Checklist. Look for it in the next few months! It is designed to help you develop your own escape/evacuation plan.

- Prepare an escape/evacuation plan. Make sure you know what you need to know in case you have to leave your building in an emergency. For example, do you know the location of all of the stairwells in your building and where they go?
- Talk about emergency preparedness. Is your building ready for an emergency? Have a discussion with building management and your neighbors.
- Stay informed. Notify NYC is the City's official source of information about emergency situations. Sign up at NYC.gov/notifynyc or by calling 311.

#### Statement of Basis and Purpose of Rule

The purpose of these proposed rule amendments is to clarify the qualifications and responsibilities of qualified exterior wall inspectors, as well as the requirements for exterior wall inspections and repairs. Recent inspections have revealed significant deficiencies in façade compliance reporting by registered design professionals; therefore, the Department is enhancing the qualified exterior wall inspector qualifications, inspection requirements and civil penalties against owners to ensure public safety.

#### The rule:

- adds new requirements regarding the experience and responsibilities of the Qualified Exterior Wall Inspector (QEWI) to ensure inspectors have appropriate knowledge of exterior walls and how to conduct inspections of those walls;
- adds a new requirement that owners post and maintain the building facade status in the lobby in a manner similar to elevator certificates, to alert the building occupants of the exterior wall status;
- adds a new requirement for close-up inspections to be performed at intervals of not more than 60'-0" fronting each public right-ofway in order to allow for more thorough inspections of the exterior wall;
- adds a new requirement that the QEWI probes whether ties are
  present and in good condition at cavity wall buildings in every odd
  cycle because there have been recent failures of cavity walls due to
  missing or deficient ties;
- requires photographic evidence of close-up inspections in progress to guard against false filings;

- increases civil penalties and adds a new one for failure to correct "safe with a repair and maintenance program" (SWARMP) conditions to compel owners to maintain exterior walls in a safe condition;
- modifies the criteria for waiving civil penalties; and
- makes plain language revisions throughout.

The Department of Buildings' authority for this rule is found in sections 643 and 1043 of the New York City Charter and Article 302 of Title 28 of the New York City Administrative Code.

New material is underlined. [Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this Department, unless otherwise specified or unless the context clearly indicates otherwise.

**Safe** <u>condition</u>. A condition of a building wall, any appurtenances thereto or any part thereof not requiring repair or maintenance to sustain the structural integrity of the exterior of the building and that will not become unsafe during the next five years.

Safe with a repair and maintenance program (hereinafter "SWARMP"). A condition of a building wall, any appurtenances thereto or any part thereof that is safe at the time of inspection, but requires repairs or maintenance during the next five years in order to prevent its deterioration into an unsafe condition during that five-year period.

**Staggered inspection cycle**. The separate time intervals for filing reports of critical examinations as determined by the last digit of the building's block number, beginning February 21, 2010, and continuing thereafter for each subsequent report filing cycle.

**Subsequent report.** A technical examination report that is filed by a QEWI after an acceptable report in order to change the status of the building for that report filing cycle to reflect changed conditions or the recommended time frame for repairs of SWARMP or unsafe conditions.

**Unsafe condition.** A condition of a building wall, any appurtenances thereto, or any part thereof that is hazardous to persons or property and requires [prompt] repair <u>within one (1) year of completion of critical examinations</u>. In addition, any condition that was reported as SWARMP in a previous report and that is not corrected at the time of the current inspection [shall] <u>must</u> be reported as an unsafe condition.

- (b) Responsibilities of qualified exterior wall inspectors.
  - (1) A QEWI must conduct critical examinations and file reports in accordance with this section and Article 302 of Title 28 of the Administrative Code.
  - (2) A QEWI must maintain records of inspections and tests for at least six years and must make such records available to the Department upon request.
  - (3) A QEWI must maintain insurance coverage as set forth in paragraph (7) of subdivision (b) of section 101-07 of these rules. Copies of such insurance policies must be made available to the Department upon request.
- (b) (c) Critical examinations.
  - (1) Periodic inspection requirements. In order to maintain a building's exterior walls and appurtenances [thereto] in a safe condition, and in accordance with Article 302 of Title 28 of the Administrative Code, a critical examination of all parts of all exterior walls and any appurtenances [thereto] of all existing buildings greater than six stories in height or buildings hereafter erected that are greater than six stories in height, except for those parts of any exterior wall that are less than twelve inches (305 millimeters) from the exterior wall of an adjacent building, [shall] must be conducted at periodic intervals.
  - $(2) \quad Inspection\ procedures.$ 
    - (i) Before any exterior wall for any building is critically examined, the QEWI retained by or on behalf of the owner of the building [shall] <u>must</u> carefully review the most recent report and any available previous reports. The Department will maintain a file of such reports submitted in conformance [with the law in effect prior to July 1, 2008 and] with Article 302 of Title 28 of the New York City Administrative Code, and furnish copies upon payment of fees set forth in the rules of the Department.
    - (ii) [Such examination shall be conducted and witnessed]

      Examination of a building's exterior walls and
      appurtenances thereof pursuant to section 28-302.2 of

- the Administrative Code must be performed by or under the direct supervision of a QEWI retained by the owner of the building or his or her representative.
- (iii) The QEWI [shall] must design an inspection program for the specific building to be inspected, which [shall] must include, but not be limited to, the methods to be employed in the examination. The inspection program shall be based on the considerations of the type of construction of the building's envelope, age of the material components, the facade's specific exposure to environmental conditions and the presence of specific details and appurtenances. Consideration shall be given to the facade's history of maintenance and repairs as described in previous reports and submittals to the [department] <u>Department</u>. Except as provided in subparagraph (viii) of paragraph (2) of this subdivision, the QEWI need not be physically present at the location when the examination is made.] Architects[,] and engineers, [tradesmen and technicians,] working under the QEWI's direct supervision, may be delegated to perform selected inspection tasks [only when they are employees or subcontractors of the QEWI].
- (iv) The methods used to examine the building [shall]  $\underline{must}$ permit a complete inspection of same. Except as herein required, the use of a scaffold or other observation platform is preferred, but the QEWI may use other methods of inspection as he/she deems appropriate. [A physical examination] Physical examinations from [a scaffold] scaffolding or other observation platform ([a "close-up inspection"] "close-up inspections") [is required for a representative sample of the exterior wall. The QEWI shall determine what constitutes a representative sample. The representative sample shall include at least one physical examination] must be performed at intervals of not more than 60'-0", with the minimum number of physical examinations per length of facade elevation noted in the table below. All physical examinations shall occur along a path from grade to top of an exterior wall [on a street front] fronting each public right-of-way, using at least one scaffold drop or other observation platform configuration, including all exterior wall setbacks. The QEWI shall determine the most deleterious locations and perform physical examinations at those locations. The use of drones, high resolution photography, non-destructive testing, or other similar methods does not eliminate the requirements for close-up inspections.

(v) The known history of the building, the nature of the materials used and the conditions observed will dictate the extent of the critical examination. The QEWI [shall utilize] <a href="mailto:must apply">must apply</a> a professional standard of care to assess the building's condition <a href="mailto:and the individual building systems that comprise the facades">mailto:facades</a>, including splitting or fracturing of terra cotta on buildings, cracking of masonry and brick work in brick faced buildings, <a href="mailto:mortar and other">mortar and other</a> joint materials, loosening or corrosion of metal anchors and supports, water entry or flow within cavities, <a href="mailto:mineral build-up">mineral build-up</a>, coping materials, movement of [lintel] <a href="mailto:lintel/shelf">lintel/shelf</a> angles, and [shall] <a href="mailto:must">must</a> accertain the cause of these and such other conditions detected. The QEWI [shall] <a href="mailto:must">must</a> order any special or additional inspections and/or tests, <a href="mailto:including sounding procedures">including sounding procedures</a>, that may be required to support investigations and to determine the causes of any defects. <a href="mailto:Starting">Starting with the ninth cycle</a>, probes must be performed on all cavity wall construction, and, at a <a href="mailto:minimum">minimum</a>, during every subsequent odd-numbered cycle.

- The QEWI shall determine the location of the probes, which shall be in areas not previously renovated. At a minimum, a single probe must be completed along each required close-up inspection interval. The QEWI must ensure that the number and size of the probes are sufficient to report the presence, condition, and spacing of wall ties. The removal of portions of the facade in order to facilitate the performance of tests may require a permit from the Landmarks Preservation Commission.
- (vi) [During the course of the critical examination, photographs shall] <u>Photographs must</u> be taken and/or sketches made <u>during the course of the Critical</u> <u>Examination</u> to properly document the location of all conditions observed that are either unsafe or SWARMP.

- [(xi)] (x) If the report is not acceptable and is rejected by the Department, a revised report must be filed within forty-five (45) days of the date of the Department's rejection, after which the original file date will no longer be valid. If the report is not acceptable after two (2) rejections, a new initial filing fee as specified in the rules of the [department] Department is required. Failure to submit a revised report addressing the Department's objections within one (1) year of the initial filing requires a new critical examination, including a new close-up inspection.

  - (ii) All unsafe conditions [shall] <u>must</u> be corrected within [thirty (30)] <u>ninety (90)</u> days from the submission of the critical examination report.

- (iii) If, due to the scope of the repairs, the unsafe conditions cannot be corrected within the required 90 days, the QEWI must recommend a timeframe for repairs as noted in item (K) of subparagraph (iii) of paragraph (3) of subdivision (c). The owner of the building is responsible for ensuring that the conditions described in the critical examination report as unsafe are corrected and all actions recommended by the QEWI are completed within this timeframe. The owner must notify the Department of any deviation from the timeframe to make corrections as specified in QEWI's report. The subsequent report must include supporting documents from the QEWI justifying the request for a new time frame.
- [(iii)] (iv) Within two weeks after repairs to correct the unsafe condition have been completed, the QEWI [shall] must inspect the premises. The QEWI [shall] obtain permit signoffs as appropriate and shall] must promptly file with the Department a detailed amended report stating the revised report status of the building, along with a filing fee as specified in the rules of the Department and the owner must obtain permit sign-offs as appropriate. If the report is not acceptable and is rejected by the Department, a revised report must be filed within forty-five (45) days of the date of the Department's rejection. If the report is not acceptable after two (2) rejections, a new amended filing fee as specified in the rules of the [department] Department is required. Sheds or other protective measures [shall] must remain in place until an amended report is accepted; however, the QEWI may request permission for the removal of the shed upon submission of a signed and sealed statement certifying that an inspection was conducted, the conditions were corrected and the shed is no longer required. Permission to remove the shed may be granted in the Commissioner's sole discretion.
- [(iv)] (v) The Commissioner may grant an extension [of time] of up to ninety (90) days to complete the repairs required to remove an unsafe condition upon receipt and review of an initial extension application submitted by the QEWI, together with:
  - A copy of the original report for that report filing cycle and all required documentation submitted with such report;

Note: Financial considerations shall not be accepted as a reason for granting an extension.

- (6) Conditions that are safe with a repair and maintenance program (SWARMP).
  - (i) The owner of the building is responsible for ensuring that the conditions described in the critical examination report as SWARMP are [repaired] <u>corrected</u> and all actions recommended by the QEWI are completed within the time frame recommended by the QEWI, and are not left to deteriorate into unsafe conditions [before the next critical examination]. It is the owner's responsibility to notify the Department of any deviation from the timeframe to make corrections as specified in QEWI's report. [Such notification shall be accompanied by] The subsequent report must include supporting documents from the QEWI justifying the request for a

NYC TALENT FINANCING FUND FOR ACCELERATED LEARNING PROGRAMS - Request for Information - PIN#9154-00 - Due 2-14-20, at 4:00 P.M.

New York City Economic Development Corporation ("NYCEDC") — in collaboration with the Mayor's Office for Economic Opportunity ("NYC Opportunity") —is seeking partners to address the upskilling and tuition financing needs of low-income populations through the creation of the NYC Talent Financing Fund (the "Fund") for accelerated learning programs (the "Program(s)"). The Fund seeks to promote economic mobility by increasing access to high-quality, outcomes-oriented Programs for all New Yorkers through income share agreements (ISAs). ISAs are a financially sustainable model that makes training more accessible for low-income populations and incentivizes learning providers to train employable talent by connecting tuition payment to job outcomes. To achieve the Fund's goal, NYCEDC and its partners will ensure that tuition payment terms are designed to protect students and that Program models allow broad participation, including those who are underrepresented in tech roles and underserved by current financing options.

NYCEDC, is seeking responses to this RFEI from organizations qualified to (1) run a high-quality accelerated learning program with career-oriented outcomes; (2) launch an ISA model and service an income-based payment option for accelerated learning programs; and (3) deliver support services for low-income students. Respondents may be, but are not limited to, learning providers, student financing servicers, wraparound support providers, philanthropic institutions, industry partners, and capital providers. Respondents may propose to complete each of these tasks in partnership with designated corespondents, or may propose to complete any one of the three tasks independently.

NYCEDC plans to select a group of operators on the basis of factors stated in the RFEI, which include, but are not limited to: (1) ability to operate and quality of service, (2) quality of student engagement and support, and (3) operational and financial feasibility.

It is the policy of NYCEDC, to comply with all Federal, State and City laws and regulations which prohibit unlawful discrimination because of race, creed, color, national origin, sex, age, disability, marital status and other protected category and to take affirmative action in working with contracting parties, to ensure certified Minority and Women-Owned Business Enterprises (MWBEs) share in the economic opportunities generated by NYCEDC's projects and initiatives.

This project has Minority and Women-Owned Business Enterprise ("M/WBE") participation goals, and all respondents will be required to submit an M/WBE Participation Proposal with their response. To learn more about NYCEDC's M/WBE program, visit https://edc.nyc/

For the list of companies who have been certified with the New York City Department of Small Business Services as M/WBE, please go to the www.nyc.gov/buycertified.
