“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- **Win More Contracts, at nyc.gov/competetowin**

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general

service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

Please note that NYCEDC is the manager and sponsor of La Marqueta on behalf of the City of New York. The New York City Office of Emergency Management ("OEM") previously issued a temporary emergency rule establishing an emergency food delivery program for vulnerable homebound New Yorkers who (1) are impacted by food insecurity during the declared COVID-19 public health emergency and (2) meet certain eligibility criteria. Under the Charter, emergency rules remain in effect for 60 days unless extended by the agency. OEM now seeks to continue the program by establishing the program by rule on an ongoing basis.

The emergency food delivery program feeds New Yorkers facing food insecurity during the COVID-19 public health emergency by paying Taxi and Limousine Commission-licensed drivers of taxis and for-hire vehicles, or other drivers as determined by the agency, to deliver free meals to program participants. The program is focused on the City's most vulnerable populations.

In order to receive services under the program, the individual or family must meet all of the following criteria:

1. No member of the household is able to obtain food from outside the home:
 - as a result of the COVID-19 public health emergency (e.g. the individual is in quarantine or otherwise restricted to their home as a result of City and/or State emergency orders and policies adopted in response to the COVID-19 public health emergency); or
 - because the individual is elderly, a person with a disability, or a person with functional needs that prevent or impede travel outside home to obtain food regularly; and
2. The individual or family lacks neighbors or other family members that can and are willing to regularly obtain food for the individual or family; and
3. The individual or family does not receive meal assistance sufficient to cover all meal needs from existing meal delivery programs (including but not limited to Meals on Wheels and God's Love We Deliver); and
4. The household is either:
 - unable to afford meal delivery or grocery delivery as a result of the COVID-19 Public Health Emergency (e.g., crisis led to job loss or other adverse impact on income); or
 - normally relies on public food services (e.g., food pantry, soup kitchen, etc.) that are unavailable to the individual or family due to the COVID-19 public health emergency.

This rule is necessary because food insecurity among a growing number of New Yorkers is an immediate, continuing and significant problem facing the City during the COVID-19 public health crisis. In addition, as businesses lay off workers in response to the emergency orders described above and as individuals remain in their homes and practice social distancing to the maximum extent possible, the City is seeing an increased number of food insecure New Yorkers. This includes but is not limited to those who would normally rely on services outside the home such as food pantries, soup kitchens, or other free food service programs. Existing programs for the home delivery of

food to food insecure individuals, operated by the City or by non-profits such as Meals on Wheels and God's Love We Deliver, do not have adequate staffing or financial capacity to meet the increased needs of this population during the period of this emergency.

In order to address the urgent and growing challenge of providing adequate food supply to vulnerable, homebound New Yorkers, the City has developed an emergency food delivery program.

For food insecure residents who meet the criteria described above, home delivery of meals is the safest and most efficient way to ensure that this population is receiving adequate nutrition. OEM is now proposing to add a new section 1-02 to its rules to codify this program.

New material is underlined.

[Deleted material is in brackets.]

Section 1. Title 72 of the Rules of the City of New York is amended by adding a new section 1-02, to read as follows:

§ 1-02. Emergency food delivery. a. An individual or family residing in New York City may request free meals delivered to the home of such individual or family, provided that:

1. No such individual member of the household is able to obtain food from outside the home either:
 - (i) Due to reasons related to the COVID-19 public health emergency, including but not limited to individuals in quarantine by order of a health care professional or otherwise restricted to their home as a result of City or State emergency orders and policies adopted in response to the COVID-19 public health emergency; or
 - (ii) Because the individual is over the age of 60, a person with a disability, or a person with functional needs that prevent or impede travel outside home to obtain food regularly; and
2. Such individual or family lacks neighbors or other family members that can and are willing to obtain food for the individual or family; and
3. Such individual or family does not receive sufficient meal assistance from existing meal delivery programs, including but not limited to Meals on Wheels and God's Love We Deliver; and
4. Such individual or family either:
 - (iii) Is unable to afford meal delivery or grocery delivery as a result of economic impacts related to the COVID-19 public health emergency, including but not limited to loss of employment or income; or
 - (iv) Would otherwise rely on public food services, including but not limited to food pantries, soup kitchens and senior centers, that are unavailable or that cannot be accessed by the individual or family due to the COVID-19 public health emergency.

b. Such requests must be made in a form and manner as determined by the Commissioner of Emergency Management. Requests for meal delivery pursuant to this section may be made on the City's website or by calling the City's 311 call center.

c. Meals delivered under this program will be delivered by drivers licensed by the Taxi and Limousine Commission who have chosen to participate in this program in vehicles licensed by such Commission, or may be delivered by such other method as determined by the Commissioner of Emergency Management. Drivers licensed by the Taxi and Limousine Commission may apply to participate in this program in a form and manner as determined by the Commissioner of Emergency Management.

d. Nothing in this section shall be construed as granting any individual or family that meets the eligibility criteria provided in subdivision a of this section a right to receive meal delivery services under this program. In addition to the requirements for eligibility set forth in subdivision a of this section, delivery of meals pursuant to this section is subject to availability of food and drivers.

e. The program provided for in this chapter will terminate at the end of the COVID-19 public health emergency, as determined by Order of the Mayor, or on such other date as determined by the Commissioner of Emergency Management.

Statement of Basis and Purpose

The proposed rules amend the Department of Housing Preservation and Development's rules regarding fees for loan programs and other projects that receive municipal aid. In particular, these rules provide for waiver of the mortgage servicing fee which applies to requests for subordination, satisfaction or other modifications of debt from loans made by HPD to a grantee, borrower, or recipient.

HPD has determined that under the circumstances where the structure financed by the loan under one of HPD's homeownership programs, or under a condominium project, or under a cooperative project that is not owned by a housing development fund corporation has been confirmed by HPD to contain a serious construction defect, the mortgage refinance fee authorized to be charged pursuant to these rules may be waived by HPD. In addition, the proposed rule provides that if the owner of any such project has experienced loss of income as a result of the COVID-19 Pandemic and has submitted adequate documentation of such loss to HPD, the fee may be waived.

Section 1. Subdivision (i) of section 37-02 of chapter 37 of title 28 of the rules of the city of New York is amended to read as follows:

(i) Mortgage [Refinance] Servicing Fee. Mortgage [Refinance] Servicing Fee shall mean the amount charged to a grantee, borrower, or recipient for HPD's administrative costs in connection with processing requests to subordinate, satisfy or otherwise modify HPD debt.

§2. Subdivision (f) of section 37-03 of chapter 37 of title 28 of the rules of the city of New York is amended to read as follows:

(f) Mortgage [Refinance] Servicing Fee. HPD may charge a Mortgage [Refinance] Servicing Fee in the amount of four hundred dollars (\$400).

§3. Section 37-04 of chapter 37 of title 28 of the rules of the city of New York is amended by adding a new subdivision (c) to read as follows:

(c) The Mortgage Servicing Fee may be waived if HPD has determined that the structure financed by a loan or grant under one of HPD's One- to Four-Family Programs, or under a condominium project, or under a cooperative project that is not owned by a housing development fund corporation, has been confirmed by HPD to contain a serious construction defect, or that the owner of such structure or board of managers of such condominium project, or board of such cooperative project has experienced loss of income as a result of the COVID-19 Pandemic, and has submitted adequate documentation to HPD regarding such loss. Such determination will be solely within HPD's discretion. Such waiver may be granted for loss of income as a result of the COVID-19 Pandemic where such fee may have been due on or after March 2020.

What laws govern the rulemaking process? DOT must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043(b) of the City Charter.

Statement of Basis and Purpose of Proposed Rule

The Commissioner of the New York City Department of Transportation (DOT) is authorized to issue rules regarding parking and traffic operations in the City pursuant to Section 2903(a) of the New York City Charter.

The New York City Office of Emergency Management ("NYCEM") adopted an emergency rule establishing a temporary emergency food delivery program to ensure that certain vulnerable New Yorkers facing food insecurity as a result of the COVID-19 public health emergency

have adequate access to food. The program aims to feed New Yorkers facing food insecurity during the COVID-19 health emergency by paying drivers designated by NYCEM to deliver free meals to program participants.

On May 22, 2020 DOT Commissioner Polly Trottenberg and Mayor Bill de Blasio promulgated a rule on an emergency basis amending section 4-08(a) of Title 34 of the Rules of the City of New York so that drivers and vehicles delivering free meals to participants in the NYCEM temporary emergency food delivery program are exempt from parking and standing rules for a period of up to 20 minutes. The DOT emergency rule was published in the City Record on June 1, 2020.

Section 4-08(a) is now being amended by non-emergency rulemaking to replace the emergency rule. This proposed rule would exempt drivers and vehicles delivering free meals to participants in the NYCEM temporary emergency food delivery program from parking and standing rules for a period of up to 20 minutes.

The City Administrative Procedure Act provides that an emergency rule is effective for 60 days and may be extended for an additional 60 days to provide an opportunity to adopt a final rule replacing the emergency rule on a non-emergency basis. DOT hereby provides notice that the emergency rule promulgated on May 22, 2020 is extended for an additional 60 days.

New material is underlined.
[Deleted material is in brackets.]

Section 1. Subdivision (a) of section 4-08 of Title 34 of the Rules of the City of New York is amended by adding a new paragraph (11), to read as follows:

(11) Temporary Emergency Food Delivery Program. (i) Notwithstanding any other provision of these rules, the operator and owner of a vehicle designated by the New York City Department of Emergency Management and engaged in delivering free meals to a recipient of food pursuant to the temporary emergency food delivery program established in Title 72 of the Rules of the City of New York shall be exempt from the parking and standing rules of this section while such operator is actually performing a delivery in such program, not to exceed 20 minutes. It shall be an affirmative defense to any summons issued for violation of such rules that the operator of the vehicle to which such summons was issued was engaged in the activity described in this paragraph, upon presentation by such operator of proof of such activity issued by the City of New York, and that such vehicle, at the time of the issuance of such summons, was parked or standing for 20 minutes or less.
