HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

PLEASE TAKE NOTICE that a Real Property Hearing will be held on April 28, 2021 at 10:00 A.M. The Public Hearing will be held via Conference Call. **Call-in #: 1-646-992-2010, Access Code 717-876-299.**

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed the sale of the following City-owned property (collectively, "Disposition Area") in the Borough of Manhattan:

Addresses	Blocks/ Lots
2 E. 130 Street	1754/ 68

Under HPD's Neighborhood Construction Program, sponsors purchase City-owned or privately owned land or vacant buildings and construct multifamily buildings in order to create up to 45 units of affordable rental housing on infill sites. Construction and permanent financing is provided through loans from private institutional lenders and from public sources including HPD, the New York City Housing Development Corporation, the State of New York, and the federal government. Additional funding may also be provided from the syndication of low-income housing tax credits. The newly constructed buildings provide rental housing to low income, moderate income, and middle income families. Subject to project underwriting, up to 30% of the units may be rented to formerly homeless families and individuals.

Under the proposed project, the City will sell the Disposition Area to HCCI Central Harlem Apartments Housing Development Fund Corporation ("Sponsor") for the nominal price of one dollar per tax lot. The Sponsor will also deliver an enforcement note and mortgage for the remainder of the appraised value ("Land Debt"). The Sponsor will then construct one building containing a total of approximately seven rental dwelling units on the Disposition Area. The proposed project is part of the larger Central Harlem Infill Cluster project that will result in the construction of 12 new buildings containing a total of approximately 119 new affordable units, plus one unit for a superintendent.

The Land Debt or the City's capital subsidy may be repayable out of resale or refinancing profits for a period of at least thirty (30) years following completion of construction. The remaining balance, if any, may be forgiven at the end of the term.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination by emailing Margaret Carey at careym@hpd.nyc.gov on business days during business hours.

The hearing location is accessible to individuals using wheelchairs or other mobility devices. For further information on accessibility or to make a request for accommodation, such as sign language interpretation services, please contact the Mayor's Office Of Contract Services ("MOCS") via e-mail at disabilityaffairs@mocs.nyc.gov or via phone, at (212) 788-0010. TDD users should call Verizon relay services. Any person requiring reasonable accommodation for the public hearing should contact MOCS at least three (3) business days in advance of the hearing to ensure availability.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed the sale of the following City-owned property (collectively, "Disposition Area") in the Borough of Manhattan:

Addresses	Blocks/ Lots
2735 Frederick Douglass Blvd.	2045/ 13
131 W. 133 Street	1918/ 16
130 W. 134 Street	1918/ 53
2752 Frederick Douglass Blvd.	2032/ 2

Under the Open Door Program, eligible sponsors purchase City-owned or privately owned land and construct cooperative or condominium buildings affordable to moderate- and middle-income households. Where dictated by lot size, the program may also fund the construction of new one- to three-family homes. Construction financing may be provided through loans from the City ("City Subsidy"), the New York

State Affordable Housing Corporation, private lenders and developer equity. The City provides a tax exemption for the homes.

Upon construction completion, the sponsor will sell the homeownership units to households who agree to owner-occupy their units for the length of the regulatory period. If the homeowner sells or refinances during the regulatory period, the homeowner may realize up to 2% appreciation on the original purchase price per year of owner occupancy. Upon resale, the homeowner will also be required to sell to a household earning no more than the project's income limit.

The proposed project consists of the new construction of approximately four buildings containing a total of approximately 48 cooperative units and approximately 329 square feet of commercial space on the Disposition Area. The proposed project is part of the larger Central Harlem Infill Cluster project that will result in the construction of 12 new buildings containing a total of approximately 119 new affordable units, plus one unit for a superintendent.

Under the proposed project, the City will sell the Disposition Area to HCCI Central Harlem Owners Housing Development Fund Corporation ("Sponsor") for the nominal price of one dollar per tax lot, and the Sponsor will convey beneficial ownership of the Disposition Area to Iris Lemor Harlem LLC ("Company"), which will develop the Disposition Area. The Company will also deliver a note, and the Sponsor and the Company (collectively, "Owner") will deliver a mortgage, for the difference between the appraised value of the land and the purchase price ("Land Debt").

Upon conversion to a cooperative, the cooperative corporation will repay the Land Debt and City Subsidy, if any, attributable to the property by delivering a note and mortgage and/or conditional grant agreement to the City. At such time, HPD may unsecure or forgive all or a portion of the Land Debt, and unsecure, but not forgive, all or a portion of the City Subsidy, based on the appraised value of a homeownership unit and/or, in the case of forgiveness of Land Debt, if HPD determines that the forgiveness is necessary to reduce the taxable consideration for a unit. The sum evidenced by the note and secured by the mortgage will be reduced to zero upon maturity of the Land Debt and City Subsidy, respectively, if the owner has complied with the program's restrictions.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination by emailing Margaret Carey at careym@hpd.nyc.gov on business days during business hours.

The hearing location is accessible to individuals using wheelchairs or other mobility devices. For further information on accessibility or to make a request for accommodation, such as sign language interpretation services, please contact the Mayor's Office of Contract Services ("MOCS") via e-mail at disabilityaffairs@mocs.nyc.gov or via phone at (212) 788-0010. "Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)

 Department of Small Business Services (SBS)

TAXI AND LIMOUSINE COMMISSION

■ NOTICE

Request for Information Regarding Implicit Bias and Anti-Racism Training

The New York City Taxi and Limousine Commission's ("TLC"), Office of Inclusion is developing an Implicit Bias and Anti-Racism Training course for over 175,000 TLC-licensed drivers. TLC's Office of Inclusion (OOI) was created on March 18, 2019 by City Council. The Office is focused on preventing service refusals and other discriminatory behavior in the taxi and for-hire vehicle sector through passenger outreach, driver engagement, and education. While it is illegal for TLC-licensed drivers to refuse service to passengers on the basis of categories such as their race, sexuality, disability or destination, discriminatory service refusals persist in New York City. The goal of the course is to teach drivers, who are independent contractors licensed by and not employed by TLC, about implicit bias in order to reduce, and ultimately eliminate, discriminatory service refusals by taxi and for-hire drivers on the basis of race and other biases.

For more information on TLC's Office of Inclusion, visit <https://www1.nyc.gov/site/tlc/about/office-of-inclusion.page>

TLC Invites interested parties to submit information regarding driver training services that meet the below qualifications.

All information should be submitted by May 24, 2021.

General Information:

TLC welcomes input from interested parties with demonstrated experience in:

- Experience in designing and providing education and training to solicit behavior change regarding a controversial social issue
- Developing and deploying Implicit Bias and Anti-Racism Training curriculum for a large multi-cultural population and various education backgrounds.

- Developing creative materials that contribute positively to the learning outcomes of the curriculum
- Facilitating courses and creating materials for people of different cultures, and in some instances, limited English proficiency
- Training of other facilitators to teach its curriculum
- Establishing methods to measure the efficacy of the curriculum and training

TLC welcomes information about the services below:

1. Implicit Bias and Anti-Racism Training curriculum for an in-person course to be developed in regular consultation with TLC:
 - a. Developed using surveys and focus groups for the intended audience of the course, measuring attitudes and biases towards race.
 - b. Comprised of universal and trauma-informed content
 - c. Provides background on race in America, implicit and explicit biases, how to recognize and acknowledge them, and tools for mitigating bias-based behaviors
 - d. Includes self-assessments for students during and after the course

Request for Information Regarding Wheelchair Accessible Vehicle Securement Standards

The New York City Taxi and Limousine Commission's ("TLC") Driver Education Unit is seeking information about how an organization would create and deliver a program to teach and certify instructors on training TLC-licensed drivers how to secure people who use wheelchairs in TLC-licensed Wheelchair Accessible Vehicles (WAVs).

In 2019, TLC's Driver Education Unit developed new curriculum and training standards for its *Passenger Assistance and Wheelchair Accessible Vehicle Training* Course. The course, which is taught by TLC Authorized education providers, is a requirement for anyone that seeks a TLC Driver License. The purpose of the course is to prepare drivers to provide high-quality service to passengers with disabilities. TLC is also integrating securement training using a TLC-approved WAV vehicle so TLC-Licensed driver applicants to get hands on experience.

To assure that the instruction of in-vehicle securement training is safe and standardized within the new course, TLC is looking for an organization familiar with wheelchair securement best practices who can train TLC-approved instructors on a securement process.

TLC-Licensed Wheelchair Accessible Vehicles differ from Paratransit Vehicles (also licensed by TLC) in that they provide on-demand service for passengers who use wheelchairs, regardless of purpose of the trip or destination, similar to other taxis that are not wheelchair accessible. All TLC licensed drivers may drive a taxi or a for-hire vehicle, accessible taxi and must be prepared to assist passengers with disabilities and operate a wheelchair accessible vehicle.

For more information on TLC Education Requirements, visit www.nyc.gov/tlcdrivereducation

TLC Invites interested parties to submit information regarding driver training services that meet the below qualifications.

All information should be submitted by May 24, 2021.

General Information:

TLC welcomes input from interested parties with demonstrated experience with:

- Experience in developing programmatic solutions for passenger safety in compliance with the ADA.
- Experience in providing technical training on securing passengers that use wheelchairs.
- Training of other facilitators to teach curriculum and hands-on technical skills.

Specific Information:

TLC welcomes information about the services below:

1. Training best practices for wheelchair accessible vehicle securement and how this training could be adapted for the taxi and for-hire industry.
2. Creating a technical training program to teach drivers (or vehicle operators) on how to secure passengers who use wheelchairs in wheelchair accessible vehicles for the purpose of public transportation.
3. Adapting and applying existing training programs for TLC education providers and drivers.
4. Materials and tools that are used in hands-on training in securing passengers that use wheelchairs.
5. Plans for auditing drivers and vehicle operators as well as monitoring and evaluating curriculum for the training program.
