The Applicant, Arthur Kill Terminal, LLC, is requesting several discretionary actions from City, State and Federal agencies to facilitate the development of an approximately 32.5-acre property (the "Project Site") and an approximately 18-acre dredge area along the Arthur Kill waterfront in Staten Island Community District 3. The Project Site encompasses Block 7620, Lot 1, and Block 7632, Lots 6, 50, 150, and 151. The Project Site is generally bounded by the Outerbridge Crossing to the north, commercial buildings and Arthur Kill Road to the east, the street bed of the mapped but unbuilt Richmond Valley Road and the shoreline of Mill Creek to the south, and the Arthur Kill bulkhead to the west.

The Proposed Actions would facilitate development of the Project Site as Arthur Kill Terminal (AKT), an approximate 32.5-acre state-of-the-art port for the staging, assembly, and pre-commissioning of wind turbine generators (WTGs) and other offshore wind (OSW) components (the "Proposed Project"). The Proposed Project would also include the dredging of an approximately 18-acre navigable Dredge Basin to allow cargo vessels to access the berths at the proposed facility. The Proposed Project would include the construction of a port with a 1,365 linear-foot (lf) quay, an approximately 28.5-acre laydown and storage area upland of the quay, as well as a two-story (48-foot-tall including mechanical bulkhead) tenant building located at the northeast corner of the Project Site containing warehouse space and accessory office space, totaling approximately 22,472 gross square feet (gsf), with 111 accessory parking spaces, and the adaptive reuse of an existing two-story (33-foot-tall) 4,212 gsf residential structure (the "Cole House") at the southeast corner of the site as a visitor center and owner office with 13 accessory parking spaces. All of the proposed uses are allowed under the existing M1-1/M3-1 zoning and the office, warehouse, and visitor spaces are accessory to the operation of the port. The anticipated Build Year is 2026.

Development of the Proposed Project requires approvals from the City Planning Commission (CPC) for the following discretionary actions:

- A City Map amendment to demap, discontinue and close the mapped but unbuilt segment of Richmond Valley Road west of Arthur Kill Road and the related disposition of City-owned land.
- A Zoning Text Amendment to Article X, Chapter 7 of the Zoning Resolution (ZR) to establish (1) goals for the Special South Richmond Development District (SRD) related to sustainability, resiliency, climate and clean energy objectives (ZR § 107-00); and (2) a ZR § 107-65(b) authorization to modify natural features regulations and eliminate the requirement of an Area of No Disturbance for certain water-dependent uses located on waterfront zoning lots within manufacturing districts.
- A Special Permit pursuant to ZR § 107-73 (Exceptions to Height Regulations) to allow for the installation of light poles with a maximum height of approximately 150 feet.
- Two Zoning Authorizations:
 - An authorization pursuant to ZR § 107-65(b) (Authorization for Modifications of Natural Features), as modified by the proposed zoning text amendment, to allow the removal of trees of six-inch caliper or more and to allow topographic modification of greater than two feet that would otherwise be prohibited under ZR § 107-312 (Areas not within designated open space), and to provide relief from the SRD requirement to provide an Area of No Disturbance.
 - An authorization pursuant to ZR § 107-68 (Modification of Group Parking Facility) to allow 124 accessory off-street parking spaces at the Project Site.
- A landfill action to add approximately 1,176,544 cubic feet (43,575 cubic yards; 33,315 cubic meters) of fill to create a quay along the Arthur Kill waterway.

In addition, the Applicant proposes to utilize funding from the U.S. Department of Transportation's Maritime Administration (MARAD) to construct the Proposed Project. The Proposed Project would also require approvals from, but not necessarily limited to, the United States Army Corps of Engineers (USACE), the New York State Department of Environmental Conservation (NYSDEC), the New York State Department of State (DOS), the New York State Office of General Services (OGS), and the New York City Department of

Sanitation (DSNY). NYSDEC permits include, but are not limited to, Environmental Conservation Law (ECL) Article 11 Threatened and Endangered Species permit, ECL Article 15, Protection of Waters permit, ECL Article 25 Tidal Wetlands Permit, ECL Article 17 State Pollutant Discharge Elimination System permits, and a Clean Water Act Section 401 Water Quality Certification. This would also include Section 10 and Section 404 USACE permits. The Proposed Project would also require environmental impact review pursuant to the requirements of the National Environmental Policy Act (NEPA) and the New York State Environmental Quality Review Act (SEQRA). The Department of City Planning (DCP) is acting on behalf of the City Planning Commission as lead agency for the Proposed Actions and is conducting a coordinated review with interested and involved agencies.

The Proposed Actions are expected to result in a net decrease of approximately one residential unit, approximately 1,025,979 square feet (sf) of vacant area, approximately 149,410 sf of freshwater wetlands, and approximately 387,841 sf of submerged land. The Proposed Actions would result in a net increase of approximately 1,015,476 sf of offshore wind storage and assembly area, approximately 22,472 gsf of warehouse and accessory office area, approximately 4,212 gsf of owner office space and visitor area, and 124 parking spaces. The Proposed Project would add approximately 207 daily workers to the Project Site over two shifts during peak operations, including 80 manufacturing workers and 20 office and warehouse workers per 12-hour shift, as well as four security staff and three administrative staff per day. There would be a decrease of approximately three residents on-site compared to the No-Action.

The DEIS identifies potential significant adverse impacts related to historic and cultural resources (archaeology), natural resources, and noise. Mitigation measures to address those impacts, where feasible and/or practical, are proposed in the DEIS. DCP, as the Lead Agency, will continue to coordinate with interested and involved agencies and further examine and refine these recommended measures between the DEIS and FEIS. If no feasible and practicable mitigation can be identified, the impacts would remain an unavoidable significant adverse impact of the Proposed Actions. The DEIS considered two alternatives – a No Action Alternative and a Reduced Impacts Alternative. Neither of these alternatives would meet the primary objectives of the Proposed Actions, and no feasible alternatives are available that would result in no unmitigated impacts and meet the Proposed Action's goals.

NOTICE

On Wednesday, May 1, 2024, a public hearing is being held by the City Planning Commission (CPC), accessible in-person and remotely, in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by Arthur Kill Terminal LLC. The area subject to the Proposed Actions encompasses Block 7620, Lot 1, and Block 7632, Lots 6, 50, 150, and 151 in the Richmond Valley neighborhood of Staten Island Community District 3. The Project Site is generally bounded by the Outerbridge Crossing to the north, commercial buildings and Arthur Kill Road to the east, the streetbed of the mapped but unbuilt Richmond Valley Road and the shoreline of Mill Creek to the south, and the Arthur Kill bulkhead to the west.

The Proposed Actions include a City Map amendment to eliminate, discontinue, and close the mapped but unbuilt segment of Richmond Valley Road west of Arthur Kill Road and the related disposition of City-owned land; a Zoning Text Amendment to Zoning Resolution (ZR) Section 107-00 to establish goals related to sustainability, resiliency, climate and clean energy objectives; and ZR Section 107-65 to modify tree removal and topography modification regulations; an Authorization pursuant to ZR Section 107-65, as modified, to allow the modification of natural features; an Authorization pursuant to ZR Section 107-68 to allow 124 accessory off-street parking spaces; a Special permit pursuant to ZR Section 107-73 to allow a structure with a height of greater than 50 feet; and a landfill action to add approximately 1,176,544 cubic feet (43,575 cubic yards) of fill to create a quay along the Arthur Kill. The Proposed Actions, along with approvals from the United States Army Corps of Engineers, the New York State Department of Environmental Conservation, the New York State Department of State, the New York State Office of General Services, and others, would facilitate the development of the Project Site as Arthur Kill Terminal, an approximately 32.5-acre state-of-the-art port for the staging, assembly, and pre-commissioning of wind turbine generators (WTGs) and other offshore wind (OSW) components (the "Proposed Project"). The Proposed Project would also include the dredging of an approximately 18-acre navigable Dredge Basin to allow cargo vessels to access the berths at the proposed facility. The Proposed Project would include the construction of a port facility with a 1,365 linear-foot quay, an approximately 28.5-acre laydown and storage area upland of the quay, as well as a two-story (48-foot-tall including mechanical bulkhead) tenant building located at the northeast corner of the Project Site containing warehouse space and accessory office space, totaling approximately 22,472 gross square feet (gsf), with 111 accessory parking spaces, and the adaptive reuse of an existing two-story (33-foot-tall) 4,212 gsf residential structure (the "Cole House") at the southeast corner of the site as a visitor center and owner office with 13 accessory parking spaces. The anticipated Build Year is 2026.

HOUSING PRESERVATION AND DEVELOPMENT

PUBLIC HEARINGS

PLEASE TAKE NOTICE that a public hearing will be held on May 15, 2024 at 10:00 A.M., or as soon thereafter as the matter may be reached on the calendar, at which time those wishing to be heard will be given an opportunity to be heard concerning the proposed acquisition and disposition of the real property identified below. The public hearing will be held via Conference Call. Call-in #: 1-646-992-2010; Access Code 717 876 299.

Pursuant to Section 1804 of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed the acquisition of Block 2389, p/o Lot 47 in the Borough of the Bronx (the "Acquisition Area") and, pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, HPD has proposed the sale of the following City-owned property (collectively, "Disposition Area") in the Borough of the Bronx:

Addresses	Blocks/Lots
404 Claremont Parkway	2896 / 96
1169 Washington Avenue	2389 / p/o 47
12 Gouverneur Place	2388 / 55

Under HPD's Neighborhood Construction Program, sponsors purchase City-owned or privately owned land or vacant buildings and construct multifamily buildings in order to create up to 45 units of affordable rental housing on infill sites. Construction and permanent financing is provided through loans from private institutional lenders and from public sources including HPD, the New York City Housing Development Corporation, the State of New York, and the federal government. Additional funding may also be provided from the syndication of low-income housing tax credits. The newly constructed buildings provide rental housing to low income, moderate income, and middle-income families. Subject to project underwriting, up to 30% of the units may be rented to formerly homeless families and individuals.

Under the proposed project, the City will sell the Disposition Area to SHF Melrose Housing Development Fund Corporation ("Sponsor") for the nominal price of one dollar per tax lot. The Sponsor will also deliver an enforcement note and mortgage for the remainder of the appraised value ("Land Debt"). The Sponsor will then construct three buildings containing a total of approximately 72 rental dwelling units, including a super's unit, on the Disposition Area and the remaining portion of Block 2389, Lot 47 (collectively, the "Project Area"). The Project Area comprises two City-owned lots and one privately owned lot (Block 2389, Lot 47), a portion of which the City will first acquire prior to disposition to facilitate the proposed project.

The Land Debt or the City's capital subsidy may be repayable out of resale or refinancing profits for a period of at least thirty (30) years following completion of construction. The remaining balance, if any, may be forgiven at the end of the term.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination by emailing Margaret Carey at careym@hpd.nyc.gov on business days during business hours.

To make a request for accommodation, such as sign language interpretation services, please contact the Mayor's Office of Contract Services ("MOCS") via e-mail at disabilityaffairs@mocs.nyc.gov or via phone at (212) 298-0734. TDD users should call Verizon relay services.

PRE-QUALIFIED LIST (PQL) PROGRAM FOR VARIOUS TRADES

NYCHA is currently accepting applications for Pre-Qualified List (PQL) program for various trades.

A PQL is a tool that NYCHA will use to qualify vendors and contract goods or services for its developments, streamlining the process for both vendors and NYCHA. NYCHA will publish contracting opportunities, and the PQL will predominantly be used to procure goods or services for those contracts. Vendors who apply to those bids must pre-qualify according to specific criteria, and vendors who are admitted to the PQL can bid on contracts.

Currently NYCHA has established six (6) PQL lists for the Closed-Circuit Television (CCTV), Carpentry, Painting, Lead Based Paint (Assessment and Abatement, Inspection and Assessment & Lab Analysis), Plumbing and Electrical.

All vendors interested in NYCHA's PQLs must follow two (2) important steps:

First, vendors must prepare and submit applications to the PQL: To pre-qualify, vendors must meet the minimum requirements listed on the Request for Qualification of the select PQL. Applications will be evaluated by NYCHA on a rolling basis.

Second, vendors who are admitted to the PQL can then bid on solicitations for services on the PQL: Vendors must bid on each contract award, as these are not guaranteed.

For more information regarding PQLs and to obtain applications, please visit NYCHA's website at: <https://www.nyc.gov/site/nycha/business/nycha-pql.page>

AGENCY RULES

PROCUREMENT POLICY BOARD

NOTICE

Notice of Adoption of Rules

Pursuant to the authority vested in the Procurement Policy Board (PPB) by Section 311 and 321 of the New York City Charter and in

accordance with the requirements of Section 1043 of said Charter, the PPB has adopted amendments to Chapter 3 of Title 9 of the Rules of the City of New York.

Statement of Basis and Purpose of Final Rules

These Procurement Policy Board (PPB) amendments update the provisions of the PPB Rules relating to certain requirements for sole source procurements for goods, services, and construction. The sole source procurement method set forth in PPB Rule § 3-05 allows agencies to award contracts exceeding a certain amount when there is only one source for the required good, service, or construction. For example, if an agency requires goods that are only supplied by a single vendor, and there are no alternative sources available that would be sufficient to meet the agency's needs, then the agency may use the sole source procurement method.

This rule amendment (1) aligns the sole source procurement method dollar limits to procure goods, services, and construction with the micropurchase dollar limit; and (2) clarifies the application of sole source procurement rules and make those rules more consistent.

Section 1 of these proposed rules would amend PPB Rule § 2-02(b)(1) to align the presolicitation review for sole source procurements dollar limits with the micropurchase dollar limit set forth in Section 3-08(c)(1)(ii).

Section 2 of these proposed rules would amend PPB Rule § 2-08(e)(1)(ii) to remove the reference to construction-related services.

Section 3 of these proposed rules would amend PPB Rule § 2-09(a)(1) to align the Recommendation for Award for sole source procurements dollar limits with the micropurchase dollar limit set forth in Section 3-08(c)(1)(ii).

Section 4 of these proposed rules would amend PPB Rule § 3-05(a) to align the dollar limits for use of sole source procedures with the micropurchase dollar limit set forth in Section 3-08(c)(1)(ii).

On December 6, 2023, the PPB voted to initiate the rulemaking process under the Citywide Administrative Procedure Act for this rule amendment. A proposed version of this amendment was published in the *City Record* on January 25, 2024. A public hearing was held on February 26, 2024.

The PPB did not receive either written comments or oral testimony at the public hearing. In the absence of comments and in consideration of the PPB's discussions during the December public meeting, the PPB adopted the amendment on March 19, 2024.

The PPB's authority to promulgate these rules is found in sections 311, 321, and 1043 of the New York City Charter.

The new material added in the text of the rule is underlined and the deleted material is in [brackets]. "Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

SECTION 1. PARAGRAPH (1) OF SUBDIVISION (b) OF SECTION 2-02 OF TITLE 9 OF THE RULES OF THE CITY OF NEW YORK IS AMENDED TO READ AS FOLLOWS:

(1) sole source procurements exceeding [\$10,000 for goods and services and \$15,000 for construction and construction-related services] the micropurchase limit set forth in Section 3-08(c)(1)(ii) of these Rules and

§ 2. SUBPARAGRAPH (ii) OF PARAGRAPH (1) OF SUBDIVISION (e) OF SECTION 2-08 OF TITLE 9 OF THE RULES OF THE CITY OF NEW YORK IS AMENDED TO READ AS FOLLOWS:

(ii) is for the provision of goods, services, or construction, [or construction-related services], is awarded to a sole source, and is valued at \$10,000 or more.

§ 3. PARAGRAPH (1) OF SUBDIVISION (a) OF SECTION 2-09 OF TITLE 9 OF THE RULES OF THE CITY OF NEW YORK IS AMENDED TO READ AS FOLLOWS:

(1) sole source procurements [for goods and services exceeding \$10,000 and construction and construction-related services exceeding \$15,000 awarded by sole source procedures pursuant to 9 RCNY § 3-05] exceeding the micropurchase limit set forth in Section 3-08(c)(1)(ii) of these Rules, and

§ 4. SUBDIVISION (a) OF SECTION 3-05 OF TITLE 9 OF THE RULES OF THE CITY OF NEW YORK IS AMENDED TO READ AS FOLLOWS:

(a) *Conditions for use.* Sole source procurement shall be used only when there is only one source for the required good, service, or construction. In such case, the accepted price and terms and conditions shall be achieved through negotiation between the agency and the

vendor. This section shall apply to [all] sole source procurements [over \$20,000] exceeding the micropurchase limit set forth in Section 3-08(c)(1)(ii) of these Rules.
