The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

No. 14

C 250018 PQK

IN THE MATTER OF an application submitted by the Department of Citywide Administrative Services (DCAS) pursuant to Section 197-c of the New York City Charter, for the acquisition of property located at 1110 Atlantic Avenue (Block 1126, Lot 32) to a mixed-use development that includes commercial and/ or light industrial space, Borough of Brooklyn, Community District 8.

NOTICE

On Wednesday, February 5, 2025, a public hearing is being held by the City Planning Commission (CPC), accessible in-person and remotely, in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by The City of New York. The City of New York, acting through the Department of City Planning (DCP), is proposing a series of land use actions - including zoning map amendments, zoning text amendments, Designations of Urban Development Action Areas (UDAA), Approval of an Urban Development Action Area Project (UDAAP), Acquisition, and disposition of city owned property – to implement land use and zoning recommendations along Atlantic Avenue in Prospect Heights, northwestern Crown Heights, and southern Bedford Stuyvesant. The Proposed Actions would affect an approximately 21-block area, primarily along Atlantic Avenue in Brooklyn Community Districts (CDs) 3, and 8, and generally bounded by Vanderbilt Avenue to the west, Nostrand Avenue to the east, Herkimer Street to the north, and Bergen Street to the south. In addition, the Proposed Actions would affect two, separate, non-contiguous areas on a portion of two blocks bounded by (1) 6th Avenue to the west, Carlton Avenue to the east, Dean Street to the north, and St. Marks and Flatbush Avenues to the south; and (2) Halsey Street to the north, Macon Street to the south, Nostrand Avenue to the west and Marcy Avenue to the east. In response to the comments received on the Draft Scope of Work, two additional development sites (Projected Development Sites 53 and 55) have been included in environmental analysis to account for development that could be facilitated by future discretionary actions not subject to the current Uniform Land Use Review Procedure (ULURP) land use application associated with the Proposed Actions. These two separate, non-contiguous sites in CD 2 and 8 are on a portion of two blocks bounded by: (1) Fulton Street to the north, Atlantic Avenue to the south, Carlton Avenue to the west and Clermont Avenue to the east; and (2) Prospect Place to the north, Park Place to the south, New York Avenue to the west and Brooklyn Avenue to the east. Overall, the Proposed Actions are expected to facilitate development on 54 projected development sites, resulting in a net increase of approximately 5,206,685 gross square feet (gsf) of residential floor area (5,143 DUs), 286,507 gsf of local retail space, 50,410 gsf of destination retail space, 449,926 gsf of office space and other commercial space, and a net decrease of 81,000 gsf of automotive related uses on the projected development sites. It is expected that the projected development included in the Reasonable Worst Case Development Scenario (RWCDS) would be built by 2034, following approval of the proposed actions.

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through 5pm on Tuesday, February 18, 2025.

For instructions on how to submit comments and participate, both in-person and remotely, please refer to the instructions at the beginning of this agenda.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 24DCP019K.

AGENCY RULES

BUILDINGS

■ NOTICE

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Buildings hereby adopts the amendments to Section 103-13 of Chapter 100 of Title 1 of the Official Compilation of the Rules of the City of New York, regarding amending rules relating to inspection of parking garages. This rule was first published on November 15, 2024, and a public hearing thereon was held on December 19, 2024.

Dated: <u>1/15/25</u> New York, New York /s/ James S. Oddo Commissioner

Statement of Basis and Purpose

On June 24, 2024, Local law 71 for the year 2024 lapsed into law. Local law 71 of 2024 amends Article 323 of Title 28 of the Administrative Code regarding periodic inspections of parking structures to increase the frequency of parking structure inspections.

The Department of Buildings amends section 103-13 of subchapter C of chapter 100 of Title 1 of the Rules of the City of New York to reflect the immediate changes made by the local law and to clarify some requirements related to Safe with Repairs and/or Engineering Monitoring ("SREM") filings.

Specific changes include:

- Clarifying that a SREM condition assessment is required no earlier than 18 months and no later than two years after the initial filing date.
- Adding SREM compliance reports as grounds for an assessment of a civil penalty for late filing and failure to file.
- Adding a definition for engineer to require the engineers that work under the QPSI's direct supervision be in good standing with the New York State Education Department and DOB.

The Department of Buildings' authority for these rules is found in sections 643 and 1043 of the New York City Charter and Article 323 of Title 28 of the New York City Administrative Code.

<u>New material is underlined.</u> [Deleted material is in brackets.] Asterisks (***) indicate unamended text.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. The definition of amended report set forth in subdivision (a) of section 103-13 of Title 1 of the Rules of the City of New York is amended, and a new definition of engineer is added in alphabetical order, to read as follows:

(a) Definitions. For the purposes of this section, the following terms have the following meanings:

Amended report. A compliance report filed by a qualified parking structure inspector (1) certifying that the unsafe conditions identified in the most recent report have been repaired and that no unsafe conditions exist at the parking structure or (2) [attesting] <u>certifying</u>, within [three] <u>two</u> years of the most recent safe with repair and/or engineering monitoring (SREM) filing, to the current status of the building based on a condition assessment.

Engineer. An engineer as defined in section 28-101.5 of the Administrative Code. The engineer must be in good standing with the New York State Education Department and New York City Department of Buildings.

2. Subparagraph (ii) of paragraph (4) of subdivision (c) of section 103-13 of Title 1 of the Rules of the City of New York is amended to read as follows:

(ii) Owners of buildings in which parking structures are located are required to file a compliance report at least once during each [six-year] report filing cycle established by the Department.

§3. The introductory paragraph of subparagraph (ii) of paragraph (6) of subdivision (c) of section 103-13 of Title 1 of the Rules of the City of New York is amended to read as follows:

> (ii) A condition assessment is required [within three years of] no earlier than 18 months and no later than two years after the initial filing date and an amended report detailing the results of that assessment must be filed with the Department in accordance with section 28-323.9.1 of the Administrative Code within 60 days of the final inspection date <u>but no later than two years after the initial filing date</u>. The amended report must include, but not be limited to:

> > ***

§4. Paragraphs (1) and (2) of subdivision (e) of section 103-13 of Title 1 of the Rules of the City of New York are amended to read as follows:

- Late filing. An owner who submits a late filing shall be liable for a civil penalty of one thousand dollars (\$1,000) per month, commencing on the day following the filing deadline of the applicable filing window period and ending on the filing date of an acceptable initial compliance report <u>or acceptable amended SREM</u> <u>compliance report</u>.
- (2) Failure to file. In addition to the late filing penalty, an owner who fails to file the required acceptable <u>initial or</u> <u>amended SREM</u> compliance report shall be liable for a civil penalty of five thousand dollars (\$5,000) per year beginning one year after the end of the applicable filing window.
