held by the City Planning Commission (CPC), accessible in-person and remotely, in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by WRY Tenant LLC. The area subject to the Proposed Actions encompasses the Western Rail Yard Site, comprising Block 676, Lots 1 and 5 (the "Development Site") in the Hudson Yards neighborhood of Manhattan, Community District 4. It occupies the entire area bounded by West 30th and West 33rd Streets and Eleventh and Twelfth Avenues and comprises the western portion of the John D. Caemmerer West Side Yard, an active rail yard where the Long Island Rail Road (LIRR) stores commuter trains.

The Proposed Actions include a zoning text amendment, a special permit, an amendment to the City Map, and a modification of the previously approved Restrictive Declaration for the Development Site. In addition to the requested actions, as a related action, the Applicant will seek a revocable consent from DOT for the installation of a staircase and elevator in the West 33rd Street sidewalk at Twelfth Avenue to provide additional access for the public and visitors to the Site as well as an approval from the New York City Public Design Commission for the design of the staircase and elevator to be installed pursuant to the revocable consent. In addition, the proposed gaming facility for the Proposed Project requires discretionary approval from the New York State Gaming Facility Location Board, which will serve as an Involved Agency for the environmental review under the New York State Environmental Quality Review Act (SEQRA).

The Proposed Actions would facilitate the Proposed Project, comprising three buildings and approximately 6,226,560 gross square feet (gsf), including 1,208,623 gsf of residential area (1,507 dwelling units with 324 units would be permanently affordable), 2,667,400 gsf of hotel resort with gaming uses, 2,179,899 gsf of office area, 130,000 gsf of community facility use to be used as a school and a day care facility, 16,000 gsf of cultural space, 4.58 acres of new open space, and 725 parking spaces. Because the Proposed Project's gaming use requires an approval from the New York State Gaming Facility Location Board, an Alternative Scenario was also developed that reflects a similar density of open space configuration as the Proposed Project, but does not include the gaming use. Under the Alternative Scenario, the Proposed Actions would be expected to result in 1,482,476 gsf of residential area (1,816 dwelling units with 324 units permanently affordable), 3,745,932 gsf of office space, 849,894 gsf of hotel use, 34,868 gsf of retail area, 130,000 gsf of community facility use to be used as a school and a day care facility, 16,000 gsf of cultural space, 4.58 acres of new open space, and 675 parking spaces. The anticipated build year of either scenario is 2031.

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through 5:00 P.M. on Monday, March 3, 2025.

For instructions on how to submit comments and participate, both in-person and remotely, please refer to the instructions at the beginning of this agenda.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 24DCP091M.

Statement of Basis and Purpose of Proposed Rule

Statutory Background

In 2024, the Legislature amended the New York State Real Property Tax Law ("RPTL") by adding a new section 485-x to provide exemptions from real property taxes to housing developments that meet certain affordability thresholds. That legislation (the "Act") created the Affordable Neighborhoods for New Yorkers Tax Incentive program ("ANNY Program Benefits" or the "Program"). ANNY Program Benefits are available to housing created from the construction of new buildings or certain conversions of existing buildings. ANNY Program Benefits are not available to properties that are used as hotels. To receive ANNY Program Benefits, a development must contain six or more dwelling units and construction must have started after June 15, 2022, and on or before June 15, 2034, and be completed on or before June 15, 2038. The Act conferred sole rulemaking authority on HPD with respect to the Program in all areas other than construction wages and prevailing wages, about which the Comptroller has authority to promulgate rules.

In accordance with 485-x(16), prospective applicants must file a form with HPD stating their intention to apply for ANNY Program Benefits and will be subject to a penalty not to exceed 100% of the application filing fee for failure to do so. The proposed rule amendments establish the penalty as 25% of the application filing fee for projects that commenced before April 20, 2024, the effective date of the Act, and 50% of the application filing fee for projects that commenced on or after April 20, 2024.

HPD's authority for these rules is found in sections 1043 and 1802 of the New York City Charter, and section 485-x of the Real Property Tax Law. This proposed rule was not reviewed pursuant to Charter section 1043(d) because it is exempt from such review pursuant to Charter section 1043(d)(4)(ii).

What rules govern the rulemaking process? TLC must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043 of the City Charter.

Statement of Basis and Purpose

The TLC is proposing rules to implement changes to state law following the enactment of the COVID-19 Livery Vehicle Recovery Act, Chapter 382 of the Laws of 2024. This law permits the owners of certain vehicles, formerly licensed by TLC as For-Hire Vehicles, to renew their licenses on certain conditions. For one year, TLC must accept applications for the renewal of For-Hire Vehicle Licenses that expired from roughly the beginning to the end of the COVID pandemic, that is between March 7, 2020, and September 12, 2022, and which were affiliated with livery bases at the time of expiration. These new

licenses may not transfer affiliation to a High-Volume For-Hire Service.

According to the provisions of this state law, TLC must provide qualifying vehicle owners with the option to renew with the same license restrictions that applied at the time of expiration. For example, a vehicle license that was restricted to an electric vehicle may only renew as an electric vehicle, and a license restricted to a wheelchair accessible vehicle may only renew as a wheelchair accessible vehicle. TLC's authority for these rules is found in section 2303 of the New York City Charter and section 19-503 of the New York City Administrative Code.

New material is underlined.

[Material inside brackets indicates deleted material.]

Section 1. Section 59A-06 of Title 35 of the Rules of the City of New York is amended by adding a new subdivision (f), to read as follows:

- (f) Livery Base Affiliated Vehicles. For a period of one (1) year, to commence on May 1, 2025, For-Hire Vehicle owners whose licenses were affiliated with a Livery Base and expired between March 7, 2020 and September 12, 2022 may apply to renew their licenses, subject to the following requirements.
- (1) The For-Hire Vehicle License was affiliated with a Livery Base and expired starting on March 7, 2020, through September 12, 2022.
 - (2) The For-Hire Vehicle must not transfer affiliation to a High-Volume For-Hire Service.
 - (3) Applicants renewing Livery Base Affiliated Vehicles are responsible for fees associated with the current license renewal cycle and any outstanding fees or fines already owed to the Commission prior to expiration.
 - (4) Applicants may renew Livery Base Affiliated Vehicles with the same license restrictions that applied at the time of expiration.

Statement of Basis and Purpose

In support of Vision Zero initiatives to eliminate traffic crashes leading to death and serious injuries, TLC proposes amending Rules §80-13(a)(1) and §80-13(a)(2) penalties for stationary and non-hazardous moving violations. Rules §80-13(a)(1) and §80-13(a)(2) include a multitude of unsafe traffic violations (e.g., crosswalks, double-parking, no standing, bike lanes). Within a 15-month period from October 2022 through December 2023, TLC adjudicated over 28,000 §80-13(a)(1) and §80-13(a)(2) violations. Over 2,000 of these violations were issued to drivers who committed multiple §80-13(a)(1) and §80-13(a)(2) violations within that period. TLC proposes increasing the penalty for these violations, along with the imposition of one point after the first violation and two points after the second and third violation within a fifteen-month period, consistent with TLC's Persistent Violator program. In addition, TLC will require the completion of a remedial driver education course following any §80-13(a)(1) or §80-13(a)(2) violation. TLC proposes this escalation measure as a deterrent to repeat offenders and to promote the safety of passengers, pedestrians, bicyclists, and other motorists.

Additionally, TLC is proposing an amendment to its special procedures for fitness revocation hearings under Rule §68-14(a)(3). When determining whether an individual is fit to hold a license following convictions for certain qualifying criminal offenses under New York State statutes, TLC will also consider convictions for the functional equivalent of those same offenses in other jurisdictions. Convictions for these offenses, whether in New York State or outside of New York State, implicate an individual's ability to safely transport members of the public.

TLC's authority for these rules is found in section 2303 of the New York City Charter and section 19-503 of the New York City Administrative Code.
