The following agenda items will be heard:

1. The Prospect Park Alliance will present a design proposal to restore the Lincoln Road Playground. The 20,000-square-foot playground will include new play equipment and climbing structures, a water play area, new safety surfacing, shaded seating areas, an accessible sensory planter, and renovated pathways surrounding the playground.
2. The Prospect Park Alliance will present a proposal to improve the Fallkill Falls Pathway by adding new lighting and a handrail along a woodland pathway that connects Center Drive at the Nethermead Lawn to the Long Meadow Ballfields along the Fallkill Falls. This work will improve safety and accessibility on this major pedestrian path connecting the east and west sides of the park.
3. The Prospect Park Alliance will present a proposal to repair the historic 1920s Picnic House, including restoring exterior and interior stonework, brickwork and windows; and updating interior lighting, finishes and electrical wiring.
4. The Prospect Park Alliance will present a proposal for the creation of a comprehensive master plan for a new signage system in the park that will provide wayfinding, stewardship and interpretive signage to improve access and the visitor experience. The signage will be fabricated and installed in the Prospect Park Vale as part of the restoration of this park destination, and carried out in other areas of the park as part of future capital improvements.

PROCUREMENT

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

● Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City's PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public

All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www.nyc.gov/site/mocs/hhsa/hhs-accelerator-guides.page>

NOTICE IS HEREBY GIVEN that a Contract Public Hearing will be held on Friday April 4, 2025 via MS TEAMS Conference call (Dial In: +1 646-893-7101 / Phone Conference ID: 350 598 330#) commencing at 10:00 A.M. on the following:

IN THE MATTER of three hundred and sixty (360) proposed contracts between the Department of Youth and Community Development and the Contractor listed below, the Department of Youth and Community Development intends to extend with the contractors listed below to provide COMPASS services.

The Comprehensive Afterschool System of NYC (COMPASS) Program is comprised of over 820 programs serving young people enrolled in grades K-12. Through its network of providers, COMPASS offers high quality programs that have a strong balance of academics, recreation, enrichment, and cultural activities to support and strengthen the overall development of youth. COMPASS aims to help young people build skills to support their academic achievement, raise their confidence and cultivate their leadership skills through service learning and other civic engagement opportunities.

COMPASS has an unprecedented expansion in programming aimed at serving elementary, middle and high school youth. Programs are offered at no cost to youth and are purposefully located in public and private schools, community centers, religious institutions, public housing and parks recreational facilities throughout the City, both to leverage the use of public spaces but also to help youth find a place

that best fits their needs.

The term will be from July 1, 2025, to August 31, 2027.

Notice of Public Hearing and Opportunity to Comment on Proposed Rules

What are we proposing? The New York City Department of Transportation ("DOT") is proposing to amend title 34 of the Rules of the City of New York to allow for the designation of areas of DOT pedestrian plazas and open streets for the exclusive use of private patrons subject to certain restrictions and the review and approval of DOT.

When and where is the hearing? DOT will hold a public hearing on the proposed rule online. The public hearing will take place on April 23, 2025, at 10 a.m.

Join through Internet:

- To join the hearing via your browser either click on the following URL link or copy and paste it into your browser's address bar.

Join Zoom Meeting:

How do I comment on the proposed rules? Anyone can comment on the proposed rules by any of the following methods:

- Website.** You can submit comments to DOT through the NYC rules website at <http://rules.cityofnewyork.us>.
- Email.** You can email comments to rules@dot.nyc.gov.
- Mail.** You can mail comments to Emily Weidenhof, Assistant Commissioner of Public Realm, New York City Department of Transportation, 55 Water Street, 6th Floor, New York, NY 10041.
- Fax.** You can fax comments to 212-839-9685.
- Speaking at the Hearing.** Anyone who wants to comment on the proposed rule at the public hearing must sign up to speak. You can sign up before the hearing by emailing rules@dot.nyc.gov or calling 212-839-6500 by April 22, 2025 and providing your name and affiliation. While you will be given an opportunity during the hearing to indicate that you would like to provide comments, we prefer that you sign up in advance. You can speak for up to three minutes. Please note that the hearing is for accepting oral testimony only and is not held in a "Question and Answer" format.

Is there a deadline to submit written comments? Yes, the deadline for written comments is at 5pm on April 23, 2025.

What if I need assistance to participate in the Hearing?

You must tell the DOT Office of the General Counsel if you need a reasonable accommodation of a disability at the hearing. You must tell us if you need a sign language interpreter. You can tell us by e-mailing at rules@dot.nyc.gov or by calling 212-839-6500 by April 16, 2025.

Can I review the comments made on the proposed rules? You can review the comments made online on the proposed rules by going to the website at <http://rules.cityofnewyork.us/>. Copies of all comments submitted online, copies of all written comments, and a recording of the hearing may be requested by emailing rules@dot.nyc.gov.

What authorizes DOT to make this rule? Sections 1043 and 2903(a) of the New York City Charter ("City Charter") authorize DOT to make this proposed rule. This rule was included in DOT's 2025 regulatory agenda.

Where can I find the Department of Transportation rules? DOT's rules are in title 34 of the Rules of the City of New York.

What laws govern the rulemaking process? DOT must meet the requirements of section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of section 1043(b) of the City Charter.

Statement of Basis and Purpose of Proposed Rule

The Commissioner of the New York City Department of Transportation (DOT) is authorized to issue rules regarding parking and traffic operations in the City pursuant to Section 2903(a) of the New York City Charter.

In 2020, DOT promulgated rules to establish a pilot program at five pedestrian plazas to allow up to 20% of all seating in such pedestrian plazas to be reserved for the exclusive use of food establishments and plaza kiosks, subject to DOT review and approval. However, shortly after the adoption of these rules, the COVID-19 pandemic commenced, and this pilot program was not implemented. Rather, during the height of the pandemic, DOT's pedestrian plazas and DOT's newly established open streets provided expanded space for outdoor dining pursuant to the Mayor's Emergency Executive Order 126, as amended and extended by subsequent Emergency Executive Orders. In pedestrian plazas, outdoor dining was permitted to occupy up to 80% of all seating in such plaza.

Expanded outdoor dining quickly evolved from a pandemic response to a reimagination of the City's streetscape. Outdoor dining in the roadway and sidewalk directly in front of a restaurant was made permanent and subject to citywide design and operational requirements under DOT's Dining Out NYC program. However, outdoor dining in DOT pedestrian plazas and in open streets beyond the area authorized by Dining Out NYC will be managed separately due to the design and management considerations that are specific to these spaces.

Under DOT's pedestrian plaza and open streets programs, DOT may enter into a concession agreement with a pedestrian plaza or open streets partner, which authorizes, among other things, revenue-generating activity to occur through the operation of subconcessions. The pedestrian plaza or open streets partner is required to invest any revenue generated from a subconcession into the maintenance and repair of the pedestrian plaza or open street. As such, outdoor dining in the form of a subconcession in pedestrian plazas and open streets will provide a mechanism to aid in the delivery of public space amenities to the community.

Pursuant to the New York City Administrative Code sections 19-157(c) and 19-107.1(g), DOT proposes to amend DOT's pedestrian plaza and open streets rules to authorize partners through their concession agreements with DOT to permit their subconcessionaires to designate an area for exclusive use by its patrons at (i) all DOT designated pedestrian plazas; and (ii) all DOT designated full closure open streets. A full closure open street is a type of open street that is closed to motor vehicle traffic to allow for a range of car-free activities that support local businesses, community organizations, and schools, to create a space for the public to gather.

Through DOT's experience with the pandemic emergency response program, DOT identified challenges in balancing public and private seating due to site geometry and design, and the lessons learned inform DOT's proposed rule. The proposed rule would limit the square footage of area designated for exclusive seating to a maximum of 33% of the total square footage of such pedestrian plaza or open street. In instances where a "major concession" was approved through the Uniform Land Use Review Procedure, the proposed rule would limit the square footage of area designated for exclusive seating to a maximum of 50% of the total square footage of such pedestrian plaza or open street. In all instances, the exclusive seating area would be subject to DOT's review and approval. The proposed rule also clarifies that any exclusive seating authorized by a concession agreement would not be considered a sidewalk or roadway cafe and therefore would not require a license and revocable consent pursuant to DOT's Dining Out NYC program.

Specifically, the amendments being proposed are as follows:

- Repeal paragraph (9) of subdivision (b) of section 4-16 of chapter 4 of title 34 of the Rules of the City of New York and add a new paragraph (9) in relation to permitting exclusive seating areas at pedestrian plazas subject to certain restrictions and DOT review and approval; and
- Add a new paragraph (11) of subdivision (c) of section 4-21 of chapter 4 of title 34 of the Rules of the City of New York in relation to permitting exclusive seating areas at full closure

open streets subject to certain restrictions and DOT review and approval.

New material is underlined.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this agency, unless otherwise specified or unless the context clearly indicates otherwise.

§ 1. Paragraph (9) of subdivision (b) of section 4-16 of chapter 4 of title 34 of the Rules of the City of New York, relating to the use of certain pedestrian plazas, is REPEALED and a new paragraph (9) is added, to read as follows:

(9) Subject to the Department's prior written approval, a pedestrian plaza partner may permit a subconcessionaire to designate a portion of the total square footage of such pedestrian plaza for exclusive use by the subconcessionaire's customers or patrons, provided that the total square footage of such exclusive seating area shall not exceed 33% of the total square footage of the pedestrian plaza. Notwithstanding the previous sentence, if a major concession is approved pursuant to sections 197-c and 197-d of the New York City Charter, the total square footage of such exclusive seating area shall not exceed 50% of the total square footage of the pedestrian plaza. In the absence of a pedestrian plaza partner, this paragraph does not preclude the Department from designating such exclusive seating area at a pedestrian plaza. Such exclusive seating area does not require a license and revocable consent nor is it considered a "sidewalk cafe" or "roadway cafe" as defined in subchapter 1 of chapter 1 of Title 19 of the New York City Administrative Code. For purposes of this paragraph, the term "subconcessionaire" means an entity that has entered into an agreement with a pedestrian plaza partner that is authorized by the Department and subject to Title 12 of the Rules of the City of New York.

§ 2. Subdivision (c) of section 4-21 of chapter 4 of Title 34 of the Rules of the City of New York is amended by adding a new paragraph (11), to read as follows:

(11) Subject to the Department's prior written approval, an open streets partner may permit a subconcessionaire at a full closure open street, as defined in paragraph (ii) of subdivision (a) of this section, to designate a portion of the full closure open street for exclusive use by the subconcessionaire's customers or patrons, provided that the total sum of the square footage of such exclusive seating area shall not exceed 33% of the total square footage of the full closure open street. Notwithstanding the previous sentence, if a major concession is approved pursuant to sections 197-c and 197-d of the New York City Charter, the total square footage of such exclusive seating area shall not exceed 50% of the total square footage of the full closure open street. In the absence of an open streets partner, this paragraph does not preclude the Department from designating such exclusive seating area at a full closure open street. Such exclusive seating area does not require a license and revocable consent nor is it considered a "sidewalk cafe" or "roadway cafe" as defined in subchapter 1 of chapter 1 of Title 19 of the New York City Administrative Code. For purposes of this paragraph, the term "subconcessionaire" means an entity that has entered into an agreement with an open streets partner that is authorized by the Department and subject to Title 12 of the Rules of the City of New York.

Statement of No Significant Effect

Pursuant to Executive Order 91 of 1977, as amended, and the Rules of Procedure for City Environmental Quality Review, found at Title 62, Chapter 5 of the Rules of the City of New York and 6 NYCRR, Part 617, State Environmental Quality Review, the Department of City Planning (DCP) acting on behalf of the City Planning Commission (CPC) assumed the role of lead agency for the environmental review of the proposed actions. Based on a review of information about the project contained in this environmental assessment statement (EAS) and any attachments hereto, which are incorporated by reference herein, the lead agency has determined that the proposed actions would not have a significant adverse impact on the environment.

Reasons Supporting this Determination

The above determination is based on information contained in this EAS, which finds the Proposed Actions sought before the City Planning Commission (CPC) would not have a significant adverse impact on the environment. Reasons supporting this determination are noted below.

Land Use, Zoning, and Public Policy

A detailed analysis of land use, zoning, and public policy is included in the EAS. The Applicant, VNO 350 Park Development LLC, is requesting zoning special permits pursuant to Zoning Resolution (ZR) 81-645 and 81-685 to facilitate construction of a new commercial office and retail building at 350 Park Avenue (Block 1287, Lots 27, 28, and 33; the "Development Site") in the East Midtown neighborhood of Manhattan Community District 5. In connection with the Proposed Actions, the Applicant would merge the Development Site with Block 1287, Lot 21 to form a single zoning lot (the "Project Area"). The Proposed Actions would facilitate the construction of a new, approximately 2,052,208-gross-square-foot (gsf), 1,600-foot-tall (63-story) commercial building with ground floor retail uses and a 12,500-sf public concourse. The proposed commercial office and retail building would comprise 1,569,690 gsf of office and financial trading space; 22,604 gsf of retail space (restaurant and fast food); 303,694 gsf of mechanical space; and 156,220 gsf of below-grade space (parking and mechanical space). The Proposed Project would also require ministerial certifications related to the utilization of non-complying floor area (pursuant to ZR 81-643(a) and 81-643(b)), and the transfer of floor area from two proximate landmark sites (pursuant to ZR 81-642): St. Patrick's Cathedral (Block 1286, Lot 1) and St. Bartholomew's Church (Block 1305, Lot 1) (collectively referred to as the "Contributing Sites"). The proposed commercial development facilitated by the Proposed Actions would be compatible with the existing commercial, institutional and transportation related land uses in the study area. While the Proposed Actions would increase the density of development on the Development Site relative to what could be built as of right, the Proposed Project would be consistent with prevailing land use patterns and would not affect zoning on other sites. The increased density and bulk facilitated by the actions would be comparable to existing developments in the study area. The Proposed Actions would make use of the Greater East Midtown Rezoning zoning mechanisms, furthering its stated goal of protecting and strengthening East Midtown's status as one of the world's premier business districts. The Proposed Project also would support several goals that have been established in applicable public policies, including PlaNYC: Getting Sustainability Done, and Rebuild, Renew, Reinvent: A Blueprint for New York City's Economic Recovery. Therefore, the analysis concludes that the Proposed Project would not result in any significant adverse impacts to land use, zoning, or public policy.

Open Space

A detailed analysis related to indirect non-residential effects on open space is included in the EAS, as the Proposed Project would introduce more than 500 workers compared to the No Action condition. Because the Proposed Project would not introduce residents, a residential open space analysis is not warranted. Under the With-Action condition, the non-residential population would have a passive open space ratio (OSR) of 0.042 acres per 1,000 non-residents and would remain below the City guideline of 0.15 acres. The With-Action condition passive OSR represents an increase of 0.001 acres per 1,000 non-residents over the No-Action condition, or an increase of approximately 2 percent. The combined non-residential and residential passive OSR would be 0.041 acres per 1,000 nonresidents and residents, and would remain lower than the weighted average benchmark of 0.160 acres. The Proposed Project would introduce new open space to the area with a 0.29-acre public concourse featuring passive open space programming and amenities along Park Avenue; which would help improve the connectivity of open spaces in the surrounding area. Despite the increase in open space in the With-Action condition, the OSR for non-residents and combined ratios within the non-residential study area would continue to be below City guidelines for passive open space resources. However, because the existing open space resources in the study area are determined to be in "excellent" condition with varying utilization rates and that the open space acreage and OSRs under the With-Action condition would increase relative to the No-Action condition, the Proposed Project would not result in a significant adverse indirect open space impacts. In addition, the Proposed Project would not result in significant adverse direct open space impacts since the Proposed Project does not involve in any physical loss of existing open space resources or result in any adverse shadows, air quality or other environmental impacts that might affect the usefulness of open spaces in the study area.

Shadows

A detailed analysis related to shadows is included in this EAS, as the Proposed Project would facilitate the construction of an approximately 1,600-foot-tall building, approximately 400 feet taller than the No-Action building. Based on the tiered screening analysis, the Proposed Project could cast shadows on 27 open space resources, sixteen historic resources, and a portion of one natural resource (the

East River). However, after accounting for existing structures, the shadows modelling analysis results found that only seven open space resources, seven historic resources, and one natural resource would receive incremental shadows. (Note that two of these resources include open space as well as historic resources; thus, a total of 13 resources would receive incremental shadows.) Detailed shadows analyses were conducted for these 13 resources, including, but not limited to: St. Patrick's Cathedral, Rockefeller Plaza, St. Peter's Church, and Central Park. The results of the detailed shadows analyses demonstrate that shadows from the Proposed Project would not substantially inhibit use or enjoyment of any open space or historic resource. Although the Proposed Project has the potential to eliminate sunlight received by a limited number of resources for short periods—including 590 Madison Avenue, the Lever House, the Seagram Building, Rockefeller Plaza, and St. Patrick's Cathedral—the incremental shadows would not adversely impact the public's enjoyment of these resources. Additionally, these resources would receive direct sunlight during other periods of the analysis day. For open space resources, this shading would not affect the sunlight sensitive amenities such as the seating or passive recreation elements of the resource. For historic resources, the incremental shadows would not affect the architectural components, such as the stained-glass windows, of St. Thomas Church and Parish House. The incremental shading on St. Patrick's Cathedral would be limited to the early morning hours, and the presence of direct sunlight has a limited effect on the experience of the cathedral's interior due to the presence of ambient daylight and interior lighting. Therefore, as the extent and duration of the incremental shadows would not significantly reduce direct sunlight exposure on any of the sunlight-sensitive features found within these resources, and would not significantly alter the public's use or enjoyment of these resources or threaten the viability of vegetation or other resources, the analysis concludes that the Proposed Project would not result in a significant adverse shadows impact.

Historic and Cultural Resources

A detailed analysis of historic and cultural resources is included in the EAS due to the presence of historic architectural resources within the study area, including two of the existing Development Site buildings that have been determined to be eligible for listing on the State and National Register of Historic Places ("S/NR-eligible") (39 East 51st Street [Lot 27] and 350 Park Avenue [Lot 33]), as well as the Contributing Sites. The two S/NR-eligible resources on the Development Site would be demolished and redeveloped with a new commercial office and retail building under both the No- and With-Action conditions. Demolition of these resources would not constitute a significant adverse impact because demolition would occur with or without the Proposed Actions. Because the Proposed Project would be constructed within 90 feet of additional existing historic resources, in coordination with the New York City Landmarks Preservation Commission, the Applicant would prepare and implement a Construction Protection Plan (CPP) prior to the start of construction activities at the Development Site, as required by the New York City Department of Buildings' Technical Policy and Procedure Notice (TPPN) #10/88). With the preparation and implementation of a CPP, the Proposed Project would not result in any direct impacts to architectural resources in the study area. The Proposed Project also would not have adverse visual or contextual impacts on the existing historic resources in the study area; would not eliminate or screen publicly accessible views of these resources, nor introduce an incompatible visual, audible, or atmospheric element to the settings of these resources; nor would it result in significant adverse shadow impacts to such resources. Thus, the Proposed Project would not result in any indirect impacts to historic resources. Therefore, the analysis concludes that the Proposed Actions would not result in any direct or indirect impacts to any designated or eligible historic architectural resources. In addition, while the Development Site is located within an archaeological sensitive area according to the New York State Office of Parks, Recreation, and Historic Preservation, a review of archaeological sensitivity models and historic maps determined that the Development Site has no archaeological significance. Therefore, no further analysis of archaeological resources is warranted, and no significant adverse impacts would occur.

Urban Design and Visual Resources

A detailed analysis related to urban design and visual resources is included in this EAS, as the Proposed Project has the potential to affect a pedestrian's experience of public space. The Proposed Actions would facilitate an increase in height on the Development Site relative to the No-Action condition by an increment of approximately 400 feet. However, the analysis demonstrates that while the Proposed Project would be taller, it would be located in the context of other tall towers that are characteristic of East Midtown, compatible with the urban design character of the study area, and would be consistent with the with the surrounding building form and streetscape. The Proposed Project would provide a new, Class-A office building with a 12,500-sf public concourse, which would improve the quality of urban design and the public realm at the Development Site compared with the

No-Action condition. The proposed building design would respect and complement the existing character of East Midtown, providing a pedestrian amenity at the ground level of the building while still maintaining the visual effect of a street wall above it. The proposed building design includes strategic setbacks and the development of public spaces that are designed to facilitate pedestrian flow, encourage social interaction, and provide aesthetic enhancements. The public concourse is intended to act as an inviting area for pedestrians, thereby enriching the pedestrian experience. In addition, as demonstrated by the perspective renderings of the With-Action condition, the Proposed Project would not result in any significant adverse impacts on views to and from the prominent visual resources within the study area. Instead, it would help enhance views to neighboring landmarks such as St. Bartholomew's Church, the Seagram Building, and the Racquet and Tennis Club, thereby improving the overall pedestrian experience. Therefore, the analysis concludes that the Proposed Actions would not result in a significant adverse impact related to urban design and visual resources.

Construction

A detailed analysis related construction is included in this EAS, which is warranted under CEQR due the Proposed Project's long-term (i.e., greater than two years) construction duration. Construction of the Proposed Project would occur over an approximately 82-month period. As detailed in the construction assessment, the Proposed Project would not result in significant adverse construction impacts in the key technical areas of transportation, air quality, and noise. Construction of the Proposed Project would adhere to existing applicable laws, regulations, and building codes that focus on clean fuel, dust control, vehicle idling and diesel-powered equipment. To preclude the potential for significant air quality impacts during construction of the Proposed Project, the Applicant will enter a Restrictive Declaration to be recorded against the Development Site in association with the Proposed Actions, requiring the implementation of a Project Component Related to the Environment (PCRE). Similarly, with adherence to existing construction noise regulations and the implementation of Construction Noise Mitigation Plan as required by the NYC Noise Code, significant noise impacts are not anticipated as a result of the Proposed Project. Furthermore, with the preparation and implementation of a CPP, the Proposed Actions would not result in any direct impacts to historic architectural resources in the study area. Therefore, the analysis concludes that the Proposed Actions would not result in significant adverse impacts related to construction.

Hazardous Materials, Air Quality, and Noise

An (E) designation (E-836) related to hazardous materials, air quality, and noise would be established as part of the approval of the Proposed Actions. Refer to "Determination of Significance Appendix: (E) designation" for the applicable (E) designation requirements. This (E) designation will supersede the (E) designation (E-408) for hazardous materials, air quality, and noise placed on Block 1287, Lot 33 as part of the Greater East Midtown Rezoning (CEQR No. 17DCP001M). The hazardous materials, air quality, and noise analyses conclude that with the (E) designation in place, the Proposed Actions would not result in a significant adverse impact related to hazardous materials, air quality, or noise.

No other significant effects upon the environment that would require the preparation of a Draft Environmental Impact Statement are foreseeable. This Negative Declaration has been prepared in accordance with Article 8 of the New York State Environmental Conservation Law (SEQRA). Should you have any questions pertaining to this Negative Declaration, you may contact Stacey Barron, AICP at sbarron@planning.nyc.gov.

El acoso es una conducta por parte de un dueño de edificio que pretende causar, o causa, que los residentes se vayan o renuncien a cualquiera de sus derechos legales de ocupación. Puede incluir, entre otros, no proporcionar servicios esenciales (como calefacción, agua, gas o electricidad), bloquear ilegalmente a los residentes del edificio, iniciar demandas frívolas y utilizar amenazas o fuerza física.

El dueño del edificio identificado anteriormente ha solicitado una Certificación de No Acoso. Si tiene algún comentario o evidencia de acoso en este edificio, notifique a HPD al **CONH Unit, 100 Gold Street, 6th Floor, New York, NY 10038** por carta con matasellos no mas tarde que **30 días** después de la fecha de este aviso o por una declaración en persona realizada dentro del mismo período. Para hacer una cita para una declaración en persona, llame al (212) 863-5277 o (212) 863-8211.

Para conocer la decisión final sobre la Certificación de No

Acoso, visite nuestra pagina web en www.hpd.nyc.gov o llame al (212) 863-8266.

EMERGENCY EXECUTIVE ORDER NO. 762

March 14, 2025

WHEREAS, on September 2, 2021, the federal monitor in the *Nunez* use-of-force class action stated that steps must be taken immediately to address the conditions in the New York City jails; and

WHEREAS, on June 14, 2022, the federal court in *Nunez* approved the *Nunez* Action Plan, which “represents a way to move forward with concrete measures now to address the ongoing crisis at Rikers Island”; and

WHEREAS, although there has been improvement in excessive staff absenteeism, extraordinarily high rates of attrition due to staff retirements and other departures continue to seriously affect the Department of Correction’s (DOC’s) staffing levels and create a serious risk to DOC’s ability to carry out the safety and security measures required for the maintenance of sanitary conditions; and access to basic services, including showers, meals, visitation, religious services, commissary, and recreation; and

WHEREAS, this Order is given to prioritize compliance with the *Nunez* Action Plan and to address the effects of DOC’s staffing levels, the conditions at DOC facilities, and health operations; and

WHEREAS, additional reasons for requiring the measures continued in this Order are set forth in Emergency Executive Order No. 140 of 2022, Emergency Executive Order No. 579 of 2024, and Emergency Executive Order 623 of 2024; and

WHEREAS, the state of emergency existing within DOC facilities, first declared in Emergency Executive Order No. 241, dated September 15, 2021, and extended by subsequent orders, remains in effect;

NOW, THEREFORE, pursuant to the powers vested in me by the laws of the State of New York and the City of New York, including but not limited to the New York Executive Law, the New York City Charter and the Administrative Code of the City of New York, and the common law authority to protect the public in the event of an emergency:

Section 1. I hereby direct that section 1 of Emergency Executive Order No. 759, dated March 9, 2025, is extended for five (5) days.

§ 2. This Emergency Executive Order shall take effect immediately and shall remain in effect for five (5) days unless it is terminated or modified at an earlier date.

EMERGENCY EXECUTIVE ORDER NO. 763

March 14, 2025

WHEREAS, it is of utmost importance to protect the health and safety of all persons in the custody of the Department of Correction (“DOC”), and of all officers and persons who work in the City of New York jails and who transport persons in custody to court and other facilities, and the public; and

WHEREAS, over 80 provisions in the various Court Orders entered in *Nunez v. City of New York*, 11 CV 5845 (SDNY), require DOC to consult with, and seek the approval of, the *Nunez* Monitor (“Monitor”) prior to implementing or amending policies on issues, including but not limited to, matters relating to security practices, the use of restraints, escorts, emergency lock-ins, de-escalation, confinement management of incarcerated individuals following serious acts of violence and subsequent housing strategies, and DOC may be held in contempt of court and sanctioned if it fails to appropriately consult with and obtain approval from the Monitor regarding policies in these areas; and

WHEREAS, as fully detailed in Emergency Executive Order 579 of 2024, DOC is already experiencing a significant staffing crisis, which poses a serious risk to the health, safety, and security of all people in custody and to DOC personnel; and

WHEREAS, attempting to comply with many of the provisions

of Local Law 42 and the new BOC regulations, such as by transporting individuals to court without restraints, would require a massive increase in staff and other resources, which are not available; and

WHEREAS, even if DOC had such additional staffing and resources, that still would not obviate the direct threat to public safety posed by certain provisions of Local Law 42, nor would it obviate the fact that the Monitor has yet to approve implementation of those provisions as required by the *Nunez* Orders, nor would it obviate the fact that additional time would be needed to safely implement those provisions of Local Law 42 eventually approved by the Monitor, because, as the Monitor has expressly cautioned, the safe implementation of any new requirement or reform in DOC facilities requires planning time to “evaluat[e] the operational impact, update[e] policies and procedures, updat[e] the physical plant, determin[e] the necessary staffing complement, develop[] training materials, and provid[e] training to thousands of staff, all of which must occur before the changes in practice actually go into effect” [11 CV 5845 (SDNY) Dkt No. 758-3 at p. 61]; and

WHEREAS, on July 27, 2024, I issued Emergency Executive Order No. 624, and declared a state of emergency to exist within the correction facilities operated by the DOC, and such declaration remains in effect; and

WHEREAS, additional reasons for requiring the measures continued in this Order are set forth in Emergency Executive Order No. 625, dated July 27, 2024, and Emergency Executive Order 682, dated October 30, 2024; and

NOW, THEREFORE, pursuant to the powers vested in me by the laws of the State of New York and the City of New York, including but not limited to the New York Executive Law, the New York City Charter and the Administrative Code of the City of New York, and the common law authority to protect the public in the event of an emergency:

Section 1. I hereby direct section 1 of Emergency Executive Order No. 760, dated March 9, 2025 is extended for five (5) days.

§ 2. This Emergency Executive Order shall take effect immediately and shall remain in effect for five (5) days unless it is terminated or modified at an earlier date.

EMERGENCY EXECUTIVE ORDER NO. 764

March 14, 2025

WHEREAS, over the past several months, thousands of asylum seekers have been arriving in New York City, from the Southern border, without having any immediate plans for shelter; and

WHEREAS, the City now faces an unprecedented humanitarian crisis that requires it to take extraordinary measures to meet the immediate needs of the asylum seekers while continuing to serve the tens of thousands of people who are currently using the DHS Shelter System; and

WHEREAS, additional reasons for requiring the measures continued in this Order are set forth in Emergency Executive Order No. 224, dated October 7, 2022, and Emergency Executive Order No. 538, dated December 27, 2023; and

WHEREAS, the state of emergency based on the arrival of thousands of individuals and families seeking asylum, first declared in Emergency Executive Order No. 224, dated October 7, 2022, and extended by subsequent orders, remains in effect;

NOW, THEREFORE, pursuant to the powers vested in me by the laws of the State of New York and the City of New York, including but not limited to the New York Executive Law, the New York City Charter and the Administrative Code of the City of New York, and the common law authority to protect the public in the event of an emergency:

Section 1. I hereby order that section 1 of Emergency Executive Order No. 761, dated March 9, 2025, is extended for five (5) days.

§ 2. This Emergency Executive Order shall take effect immediately and shall remain in effect for five (5) days unless it is terminated or modified at an earlier date.
