The New York City Department of City Planning (DCP) along with co-applicants the Department of Citywide Administrative Services (DCAS), the Department of Housing Preservation and Development (HPD), and the New York City Economic Development Commission (EDC), is proposing a series of land use actions (the Proposed Actions) to support and facilitate implementation of the Long Island City Neighborhood Plan, which is a long long-term vision for Long Island City and its surroundings as a unique, transit-rich, and culturally vibrant neighborhood. The Proposed Actions cover an approximately 54-block area (the Project Area) and focus on Long Island City's East River Waterfront and manufacturing zoned areas. The Project Area is generally bounded by the midblock between 39th and 40th Avenues between 21st and 23rd Streets to the north; the East River, Anable Basin, and 5th Street to the west; 47th Avenue, 46th Road, and the midblock between 44th Drive and 45th Avenue to the south; and 11th, 23rd, and 24th Streets and the midblock between 24th and Crescent Streets to the east. The majority of the study area is located in Queens Community District 2, with the northern portion (north of Queens Plaza North to the midblock between 39th Street and 40th Street, between 21st Street and 23rd Street) located in Community District 1.

The Proposed Actions include discretionary actions that are subject to review under the Uniform Land Use Review Procedure (ULURP), Section 200 of the City Charter, and City Environmental Quality Review (CEQR) process, as follows:

- Zoning Map Amendment to:
 - Rezone portions of existing R6B, R6A/C1-5, R7A/C2-5, R7A, M1-3, M1-4, M1-5, M3-1, M1-4/R6A, M1-4/R7A, M1-5/R9 and M1-6/R9 zoning districts to M1-2A/R6A, M1-3A/R7A, M1-3A/R7X, M1-4A/R8A, M1-5A/R8, M1-6A/R9, M1-6/R10, M1-6A/R10, M1-4A, M1-5A and M1-6A zoning districts.
 - Expand the existing Special Long Island City Mixed-Use District (LIC Special District) to include portions of the Project Area outside of the existing LIC Special District.
 - Remove Special Mixed Use District 9 (MX-9)
 - Modify the Northern Hunters Point Waterfront Access Plan (WAP), ZR Section 62-951, for the waterfront blocks within the Project Area. The proposed WAP would specify the location of required shore public walkways, supplemental public access areas, upland connections, and visual corridors to ensure access to the Basin from surrounding neighborhoods and to address the configuration of and varied conditions along the Basin. The WAP would also modify requirements and standards for public access to address the unique character of the Basin and align with modern citywide standards.
- Zoning Text Amendment to:
 - Amend Appendix F of the Zoning Resolution (ZR), to designate Mandatory Inclusionary Housing (MIH) Areas to the proposed M1-2A/R6A, M1-3A/R7A, M1-3A/R7X, M1-4A/R8A, M1-5A/R8, M1-6A/R9, M1-6/R10, M1-6A/R10 districts.
 - Modify the existing LIC Special District (Article XI, Chapter 7) to create special use, floor area, bulk, circulation and parking regulations on both waterfront and non-waterfront blocks and to establish special height, setback, and street wall regulations for buildings on waterfront blocks and on select corridors, among other special rules.
 - Allow for space occupied by schools to be exempt from floor area calculations within the new LIC Special District subareas.

- Create an authorization that would allow for additional flexibility in building envelope for developments utilizing the new school area floor area exemption.
- Create a CPC chair certification to allow the transfer of development rights on contiguous zoning lots with common ownership that are otherwise separated by a mapped street on blocks within the waterfront subdistrict.
- Create a CPC chair certification to provide a floor area bonus to rezoned waterfront lots that provide additional active open space.
- Create a CPC chair certification to allow for the modification of height restrictions established under Sections 61-21 (Restriction on Highest Projection of Building or Structure) for Zoning Districts without a maximum height limit within the newly established Subdistricts of the LIC Special District following verification that said modifications would not pose a hazard to air navigation.
- Create an authorization to allow sites within M1-6/R9, M1-6/R10 and M1-6A/R10 districts to access the Zoning Resolution's floor area bonus for on-site public plazas
- Designation of Urban Development Action Areas (UDAA), Approval of an Urban Development Action Area Project (UDAAP), and Disposition of City-Owned Properties:
 - The Department of Housing Preservation and Development (HPD) is seeking Designation of UDAA, project approval of a UDAAP, and disposition of City-owned property located on Block 24, Lot 7.
- Change in the City Map to:
 - De-map portions of 44th Drive west of Vernon Boulevard.
 - De-map to narrow portions of 44th Drive between Vernon Boulevard and 5th Street.
 - De-map 44th Road west of Vernon Boulevard.
 - De-map 44th Ave west of Vernon Boulevard.
 - Map new public streets in Block 488; and Block 489.
 - Map a street widening of portions of 45th Avenue between 5th Street and Vernon Boulevard.
- Disposition of Non-Residential City-Owned Property to:
 - Dispose of City-owned property located at Block 489, Lot 23 and Lot 1, and Block 488, Lot 15, and Lot 11.
 - Dispose of City-owned property located at Block 428, Lot 12, Lot 13, and Lot 16.
 - Dispose of City-owned property located at Block 429, Lot 13, Lot 15, and Lot 29.
- Combination Acquisition and Site Selection of Property by the City :
 - The New York City Department of Citywide Administrative Services (DCAS) is seeking the acquisition and site selection of an easement on waterfront portions of a property located on Block 488 Lot 114. This action would allow the City to create new waterfront public open space.

The Proposed Actions are anticipated to facilitate new residential, commercial, community facility, and industrial development. Under the Reasonable Worst-Case Development Scenario (RWCDS), on the 52 Projected Development Sites, the Proposed Actions are expected to result in a net (incremental) increase of approximately 14,699 dwelling units (DU), including approximately 3,245-4,867 permanently income-restricted homes, 3,427,450 gross square feet (gsf) of commercial space, 291,784 gsf of community facility space, 42,383 gsf of manufacturing, and net decreases of 821,932 gsf of warehouse space and 14,936 gsf of auto-related space over the span of 10 years, compared to No-Action conditions.

The Proposed Actions would result in significant adverse impacts related to community facilities (elementary schools, libraries, and publicly funded early childhood programs), open space, shadows, historic and cultural resources, transportation, air quality, noise and construction. Mitigation measures to address these significant adverse impacts, where feasible and/or practical, are discussed in the Mitigation Chapter of the DEIS. If no feasible mitigation can be identified, an unavoidable significant adverse impact would result.

The DEIS considered two alternatives – a No-Action Alternative and a No Unmitigated Significant Adverse Impacts Alternative. The No-Action Alternative examines future conditions within the Affected Area but assumes the absence of the Proposed Actions. Under the No Action Alternative, existing zoning would remain in the area affected by the Proposed Actions. The significant adverse impacts anticipated related to community facilities, open space, shadows, historic and cultural resources, transportation, mobile source air quality, noise and construction that would occur with the Proposed Actions would not occur under the No Action Alternative. However, the No Action Alternative would not meet the goals of the Proposed Actions. The benefits expected to result from the Proposed Actions—including promoting affordable housing development by increasing residential density and establishing Mandatory Inclusionary Housing (MIH), delivering new waterfront open space, enhancing connectivity and facilitating pedestrian-friendly, improving the resilience and

sustainability of Long Island City, and supporting existing businesses and the creative community and promoting local job growth — would not be realized under this alternative, and the No Action Alternative would fall short of the goals and objectives of the Proposed Actions. The No Unmitigated Significant Adverse Impacts Alternative examines a scenario in which the density and other components of the Proposed Actions are modified to avoid the unmitigated significant adverse impacts associated with the Proposed Actions, which include impacts related to community facilities (elementary schools, early childhood programs, and libraries), open space, shadows, historic and cultural resources, transportation (traffic, transit and pedestrians), mobile source air quality, noise, and construction (historic architectural resources, transportation and noise). This alternative considers a development scenario that would not result in any significant adverse impacts that could not be fully mitigated. However, to eliminate all identified unmitigated significant adverse impacts, the Proposed Actions would have to be modified to a point where the principal goals and objectives of the Proposed Actions would not be fully realized.

■ PUBLIC HEARINGS

PLEASE TAKE NOTICE that a public hearing will be held on August 13, 2025 at 10:00 A.M., or as soon thereafter as the matter may be reached on the calendar, at which time those wishing to be heard will be given an opportunity to be heard concerning the proposed disposition of the real property identified below. The public hearing will be held via conference call. Call in #: 1-646-992-2010; Access Code 717 876 299

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed the sale of the following City-owned property (collectively, "Disposition Area") in the Borough of Brooklyn:

Address
249 Mother Gaston Boulevard

Block/Lot(s)
3675/8

HPD's Participation Loan Program provides low-interest loans and/or tax exemptions to rehabilitate housing for low- to moderate-income households. HPD provides city capital funds at the applicable federal rate for rental buildings and 1% for cooperative buildings. Combined with bank financing from a participating private lender, the blended financing cost is below market.

Under the proposed project, the City will sell the Disposition Area, which contains one (1) occupied building with approximately nineteen (19) dwelling units, to MHANY Mother Gaston Housing Development Fund Corporation ("Sponsor"), for the nominal price of one dollar per tax lot. The Sponsor will also deliver an enforcement note and mortgage for the remainder of the appraised value ("Land Debt"). The Land Debt or the City's capital subsidy may be repayable out of resale or refinancing profits for a period of at least thirty (30) years following completion of construction. The remaining balance, if any, may be forgiven at the end of the term.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination by emailing

Margaret Carey at careym@hpd.nyc.gov on business days during business hours.

To make a request for accommodation, such as sign language interpretation services, please contact the Mayor's Office of Contract Services ("MOCS") via e-mail at disabilityaffairs@mocs.nyc.gov or via phone at (212) 298-0734. TDD users should call Verizon relay services. PLEASE TAKE NOTICE that a public hearing will be held on August 13, 2025 at 10:00 A.M., or as soon thereafter as the matter may be reached on the calendar, at which time those wishing to be heard will be given an opportunity to be heard concerning the proposed acquisition and disposition of the real property identified below. Pursuant to Sections 1804 and 1802(6)(j) of the Charter and Section 576-a(2) of the Private Housing Finance Law, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed the acquisition and disposition of the following City-owned property (collectively, "Disposition Area") in the Borough of Manhattan:

Address **Block/Lot**
100 East 111th Street 1638/ p/o 1

The Disposition Area is a portion of privately-owned Lot 1 containing a surface parking lot. The City previously conveyed the entirety of Lot 1 (formerly Lots 1, 4, 5, 67, 69, and 72) to a housing development company for a new construction project, pursuant to a UDAAP approved by the City Council on September 13, 2000 (Resolution No. 1539) and by the Mayor on September 13, 2000 (Calendar No. 20). Construction was completed for the building and parking lot, but the parking lot portion remained underutilized. HPD will re-acquire the Disposition Area and then dispose of it to facilitate the proposed project.

Under the Senior Affordable Rental Apartments ("SARA") Program, HPD provides gap financing in the form of low interest loans to support the construction and renovation of affordable housing for low income seniors. Projects developed with SARA funding must also set aside 30% of units for homeless seniors referred by a City or State agency, typically the New York City Department of Homeless Services.

Under the proposed project, the City will sell the Disposition Area to Ascendant CVA Housing Development Fund Corporation ("Sponsor") for the nominal price of one dollar per tax lot. The Sponsor will also deliver an enforcement note and mortgage for the remainder of the appraised value ("Land Debt"). The Sponsor will then construct one building containing a total of approximately 210 units for occupancy by homeless and low income seniors, plus one unit for a superintendent, and approximately 7,482 square feet of community facility space. The Land Debt or City's capital subsidy may be repayable out of resale or refinancing profits for a period of at least thirty (30) years following completion of construction. The remaining balance, if any, may be forgiven at the end of the term.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination by emailing Margaret Carey at careym@hpd.nyc.gov on business days during business hours.

PROCUREMENT

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more

small businesses than before.

● **Win More Contracts, at nyc.gov/competetowin**

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City's PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and will submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public.

All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www.nyc.gov/site/mocs/hhsa/hhs-accelerator-guides.page>

ELECT JOB ORDER CONTRACT FOR SOUTH REGION

- Renewal - PIN# 82622B0052001R001 - AMT: \$10,000,000.00 - TO: Mac Fhionnghaile & Sons Electrical Contracting Inc., 71 Irving Place, Belford, NJ 07718.

BWT-JOC-23-SE: The work under this contract is for Electrical work under a series of small to medium size construction projects at various Bureau of Wastewater Treatment (BWT) facilities within the South Region (Newtown Creek, North River, Oakwood Beach, Port Richmond, and Red Hook Wastewater Resource Recovery Facilities areas). In addition to large capital construction projects, BWT has an ongoing need to accomplish smaller, straight forward construction projects at its facilities. Without Job Order Contracts, for each such project, the BWT must prepare complete contract documents and execute the

required steps through the competitive bid process. Procuring the construction through this traditional design-bid-build process takes considerable time. Many of the projects are essential to maintain the operation of BWT facilities. The considerable time it takes to get contracts in place can jeopardize the continuation of service and, in some cases, permit the problem to worsen and result in additional costs. This Job Order Contract allows BWT to accomplish the much-needed projects in a fraction of the time while paying competitive prices for the work.

Statement of Basis and Purpose of Proposed Rule

Ancillary Dwelling Units

The New York City Zoning Resolution (ZR) was amended to define and allow ancillary dwelling units (ADU or ADUs) as part of the City of Yes Housing Opportunity text amendment, effective 12/6/2024. The ZR defines an ADU in part as “an additional dwelling unit, permitted on the same zoning lot as a single- or two-family residence that does not exceed eight hundred square feet of floor area. Only one ancillary dwelling unit shall be permitted per every single- or two-family residence on a zoning lot.” The New York City Council also adopted corresponding construction requirements for ADUs in existing buildings in Local Law 127 of 2024 (LL127), effective June 16, 2025.

LL127 identifies various types of ADUs:

- ADUs above the grade plane, adjoining or within the same building as a one-family dwelling, including in an attic or in an enlargement;
- Basement or cellar ADUs;
- ADUs separated by a fire wall from a two-family dwelling;
- Fully detached ADUs; and
- Manufactured homes.

LL127 gives authority to the Department of Buildings (DOB) to promulgate rules in consultation with the Fire Department and Office of Emergency Management for any standards protective of life. This proposed rule provides safety features and administrative requirements necessary to implement LL127 in conjunction with the ZR for single- and two-family homes. Note this rule does not address the requirements of the temporary authorization program for basement and cellar residences established by Local Law 126 of 2024 (LL126). DOB anticipates promulgating requirements for LL126 at a future date.

It should also be noted that additional safety requirements necessary to implement LL127 are being promulgated by: 1) the Department of Environmental Protection (DEP) related to establishing flood maps in the 10-year rainfall flood risk area; and 2) the Department of Health and Mental Hygiene related to testing and protection for both vapor and radon levels.

Proposed Rule 105-08

The proposed rule 105-08:

- establishes the scope of the rule to include ADUs associated with single- or two-family residences and incorporates references to both NYC Building Code Appendix U (BC Appendix U) adopted by LL127, and the definition of “ancillary dwelling unit” in ZR section 12-10,
- incorporates references to eligibility criteria from the ZR definition and BC Appendix U for constructing ADUs, including the reference to the limitations on ADUs in areas of special flood hazard as defined by the NYC Construction Codes, and the 10-year rainfall flood risk area, which will be set out in a rule promulgated separately by DEP,
- clarifies the criteria to be applied when an ADU is proposed to be included in the development of a new single- or two-family residence,

- sets administrative requirements for identifying ADU filings and includes requirements for certificates of occupancy, building identification numbers (BINs), and requirements to obtain house numbers from the requisite Borough President's office Topographical Bureau,
- establishes technical requirements for ADUs including, flood mitigation, water sensors, entrance identification, and occupancy restrictions, and
- adds requirements regarding egress, sprinklers and windows for ADUs located in cellars as part of such development.

DOB's authority for these rules is found in sections 643 and 1043(a) of the City Charter, Appendix U of the New York City Building Code, and Local Law 127 of 2024.

New material is underlined.

[Deleted material is in brackets.]

Asterisks (****) indicate unamended text.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.
