The Office of the Comptroller (OCC) is seeking the use of the Negotiated Acquisition Method pursuant to Section 3-04(b)(2)(i)(D) of the New York City Procurement Policy Board (PPB) Rules to identify and negotiate a contract for the provision of Executive Search Services to identify and recommend candidates for the position of Chief Investment Officer (CIO) within the Bureau of Asset Management.

OOC has partnered with Korn Ferry US in previous searches and possesses a unique institutional knowledge and operational experience that enables the vendor to find a candidate quickly. The vendor has extensive experience in the following:

- Experience in executive searches for financial services and investment management;
- Experience in executive searches for public sector pensions;
- Depth, experience, and diversity of team; and
- Strategy in identifying and recommending candidates.

Pursuant to Section 3-04(b)(2)(ii) of the Procurement Policy Board (PPB) Rules, it is not practicable or advantageous to award contracts for these services through Competitive Sealed Bidding or Competitive Sealed Proposals. There is a time-sensitive situation requiring the Comptroller's Office to quickly retain a vendor due to a compelling need for services that could not be timely met through normal competitive procurement methods, thereby justifying the use of a Negotiated Acquisition.

The proposed term of the contract is three months, from November 15, 2025, through January 14, 2026. The EPIN is 01526ADM74917. The total procurement value is \$1,000,000.

#### STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULE

The purpose of the proposed amendments to Section 3606-01 of Chapter 3600 of Title 1 of the Rules of the City of New York is to codify the current process by which the Department of Buildings, as the flood plain administrator and as required by BC G103.1, determines whether a structure located in a special flood hazard area has sustained substantial damage and to establish a clear notice and appeals procedure for property owners.

The Department, in its capacity as the floodplain administrator for the city of New York, is authorized to make substantial damage determinations and currently performs these assessments as part of its regulatory responsibilities. This amendment codifies the current procedure for issuing such determinations and provides a process for notifying property owners and allowing them to appeal a determination that a structure has sustained substantial damage.

Additionally, the amendments clarify that any repairs performed on structures deemed substantially damaged constitute substantial improvements, as defined in Section BC 202. This ensures consistency in the application of substantial improvement standards and aligns with federal and local floodplain management requirements. Property owners and design professionals must acknowledge these determinations when submitting applications for alterations, ensuring that all proposed work is reviewed by the Department in accordance with applicable flood protection standards.

These amendments clarify obligations by formally outlining the steps involved in determining substantial damage and the subsequent requirements for substantial improvements. By establishing a transparent application and review process, the rule ensures that affected property owners know their obligations and can appeal a determination when necessary.

Furthermore, this rule strengthens the City's ability to manage flood risks by formalizing the process through which the Department applies federal floodplain management standards under the National Flood Insurance Program (NFIP) at the local level. The NFIP requires participating communities to determine when structures have sustained "substantial damage" as defined in 44 C.F.R. § 59.1 and to ensure that any subsequent repairs meet the flood protection requirements set forth in 44 C.F.R.  $\S$  60.3. This rule aligns the Department's procedures with those NFIP requirements by establishing a clear administrative process for making and issuing substantial damage determinations, providing notice to property owners, and setting forth an appeal mechanism. It also reinforces the requirement that repairs made to structures determined to be substantially damaged must comply with the flood-resilience provisions of the NYC Building Code, including elevation, floodproofing, and other protective measures applicable to new or substantially improved buildings in flood hazard areas. Aligning local procedures with NFIP standards ensures that the City's determinations are consistent with federal definitions and enforcement requirements, thereby maintaining program compliance and supporting flood-risk reduction objectives.

By providing a structured framework for substantial damage assessments, this revision supports the City's long-term flood mitigation efforts, enhances public awareness of flood risk regulations, and helps ensure the resilience of New York City's built environment in the face of increasing climate-related challenges.

The Department of Buildings' authority for these rules is found in sections 643 and 1043 of the New York City Charter and section 28-104.7.11 of the New York City Administrative Code.

New material is underlined. [Deleted material is in brackets.] Asterisks (\*\*\*) indicate unamended text. Section 1. Subdivisions (a), (b) and (c) of Section 3606-01 of Chapter 3600 of Title 1 of the Rules of the City of New York are amended to read as follows:

## §3606-01 Alteration applications; determinations of market value and substantial improvement.

- (a) Scope. This rule provides application submission requirements for alterations to structures located in areas of special flood hazard, provides the method for determining the market value of a structure, and provides the method for determining whether repairs, reconstructions, rehabilitations, additions or improvements constitute a substantial improvement. In its capacity as floodplain administrator for the city of New York, the department is authorized to deem a structure substantially damaged. Any repairs performed on such structures are considered substantial improvements as defined in Section BC 202. This rule establishes the notice procedure for a department-issued determination of substantial damage and the process to appeal such determination.
- (b) References. See Section BC [G201.2]  $\underline{202}$  (definitions of market value of structure, substantial damage, and substantial improvement) and Section 28-104.7.11.
- (c) Applicant's statement. Applicants [shall]<u>must</u> include in every alteration application the statement: "Work proposed in this application (is/is not) included in a substantial improvement as defined by Section BC [G201.2] <u>202</u> and 1 RCNY 3606-01."

## **HUMAN RESOURCES ADMINISTRATION**

■ NOTICE

Notice of Adoption of Amendments to Chapter 12 of Title 68 of the Rules of the City of New York Regarding the Fair Fares NYC Program

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED in the Commissioner of the New York City Human Resources Administration (HRA) pursuant to Section 603 of the New York City Charter, and in accordance with the requirements of Section 1043 of the New York City Charter, that HRA has adopted the above final rule.

A proposed rule was published in the City Record on July 23, 2025, and a public hearing was held on August 25, 2025.

## Statement of Basis and Purpose of Rule

The Fair Fares NYC Program helps New York City residents with low incomes manage their transportation costs by providing them with a 50% discount on public transportation. Eligible New York City residents receive a 50% discount on subway and eligible bus fares. Fair Fares can also provide 50% off MTA Access-A-Ride paratransit trips.

Last year, the Fair Fares income level was raised from 120 percent of Federal Poverty Level (FPL) to 145 percent. This proposed rule will further raise the income level to 150 percent of the FPL. Expansion of the Fair Fares program discount will assist low-income New Yorkers by improving access to daily needs such as jobs, education, healthcare, food, nature and recreation and foster equitable development and restoration of NYC post pandemic. Additionally, improved access addresses income disparities and allows for favorable quality of life outcomes for the lowest income New Yorkers.

The Department's authority for these rules is found in Section 603 of the City Charter and Sections 34 and 77 of the New York Social Services Law.

New material is <u>underlined</u>. Deleted material is [bracketed].

Section 1. Subdivision (a) of section 12-03 of Title 68 of the Rules of the City of New York is amended to read as follows:

- (a) To be eligible to receive a Fair Fares discount an applicant must:
- (1) submit a completed application, including supporting documentation, in a format and manner established by the Program;
  (2) submit a signed Fair Fares NYC Conditions of Use form

  (B) The applicant must be between 18 and 64 years of age;

  (C) The applicant's gross income must not exceed [145] 150
- percent of Federal Poverty Level (FPL);
  (D) Except as provided in 68 RCNY § 12-02(a), the applicant
- must not currently be eligible for a duplicative discount or benefit from DSS/HRA, NYCT or any other entity or program;

  (E) The applicant must not be currently suspended or
