The Applicants are seeking a series of land use actions including site selection of a capital project and acquisition of property as well as the acquisition of permanent surface and subterranean easements at several properties for long-term maintenance and security (the "Proposed Actions") in Brooklyn Community District 1 and Queens Community Districts 2 and 5. Construction and operation of a combined sewer overflow (CSO) tunnel and additional infrastructure to reduce the volume of CSO entering Newtown Creek, under the Newtown Creek CSO Storage Tunnel project constitutes the "Proposed Project". The Proposed Actions would facilitate the Proposed Project which may require property leasing during various stages of construction and includes the CSO tunnel along with diversion chambers, drop shafts, conveyance sewers, new outfalls, and odor control systems. The proposed CSO storage tunnel would be at a depth ranging from 80-130 feet below existing ground surface, and approximately 26 feet in diameter. The tunnel alignment would run from a site in Brooklyn (on the southern side of the Creek) near Whale Creek and the Newtown Creek WRRF, east under the Creek into the Blissville neighborhood of Queens, continuing south and east along Review Avenue, underneath the Kosciuszko Bridge toward the Maspeth section of Queens, then curving south and then west into Brooklyn. In addition to the tunnel, the Proposed Project would include a tunnel dewatering pump station (TDPS), diversion facilities at outfalls BB-026, NCQ-077, NCB-083, and NCB-015 to divert CSOs from the outfalls to the tunnel, and a new gravity diversion sewer to connect outfall BB-026 to the tunnel. Construction of the diversion facility at BB-026 would be facilitated by the acquisition of easements. Acquisition of the TDPS site would not be required since it is a City-owned property (currently being used by DSNY). In total, the Proposed Project would affect up to 99 properties: 9 properties are City-owned and require only site selection approval, and 90 properties are privately owned and require both site selection and acquisition approval. Of the up to 90 properties requiring both site selection and acquisition approval, 4 require fee simple acquisition (for the diversion facilities at NCQ-077, NCB-083, and NCB-015), up to 83 require subterranean easements along the proposed tunnel and gravity diversion sewer alignments (including one property that also requires both acquisition of a permanent surface easement and a temporary construction easement, and one property that also requires acquisition of a temporary construction easement), and 3 properties require both acquisition of permanent surface and temporary construction easements (but no subterranean easement). The fee simple acquisition, property leasing, and establishment of subterranean and surface easements would be facilitated by the proposed acquisition action under ULURP. The Build Year is 2040.

The Proposed Project may require several other actions, including approval by local entities such as the NYC Landmarks Preservation Commission (LPC), New York City Public Design Commission, New York City Department of Transportation (DOT) Office of Construction Mitigation and Coordination (OCMC); state entities such as the New York State Department of State (NYS DOS), New York State Office of General Services (NYS OGS), New York State Department of Environmental Conservation (NYS DEC), New York State Historic Preservation Office (SHPO), Metropolitan Transit Authority (MTA); and federal entities such as the U.S. Environmental Protection Agency (EPA), Coastal Zone Management Act, U.S. Army Corps of Engineers (USACE), United States Fish and Wildlife Service (USFWS) and National

Marine Fisheries Service (NMFS), and the Advisory Council on Historic Preservation.

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through 5:00 P.M. on Tuesday, January 20, 2026.

For instructions on how to submit comments and participate, both in-person and remotely, please refer to the instructions at the beginning of this agenda.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 24DEP053Y.

OPERATOR(S), CONEY ISLAND AMPHITHEATER AND CHILDS BUILDING RFP - Request for Proposals - PIN# 5300 - Due 3-31-26 at 4:00 P.M.

Pursuant to this request for proposals ("RFP"), New York City Economic Development Corporation ("NYCEDC") is seeking proposals ("Proposals", each a "Proposal") for the repositioning, operation, and maintenance of the Childs Building (the "Childs Building") and/or the repositioning, operation, and maintenance of the Coney Island Amphitheater (the "Amphitheater") (the Childs Building and the Amphitheater are collectively herein referred to as the "Site"), located in Coney Island, Brooklyn, New York, in accordance with the terms of this RFP (the "Project"). The Amphitheater includes Seaside Park, more particularly described below and in the RFP. The Site is owned by The City of New York (the "City") and is located on Block 7071, Lots 27, 28, 30, 32, 34, 76, 79, 81, 126, 130, 142, 200, 226, 231, and 300 on the tax map of the Borough of Brooklyn.

Respondents ("Respondent") may include both the Amphitheater (which includes in all cases Seaside Park) and the Childs Building in their Proposal or submit a Proposal for one or the other. Responses that

take a holistic programming approach and coordinate the uses of both the Childs Building and the Amphitheater into a cohesive offering – whether through a single operator or operator consortium – will be viewed more favorably. The goal of this RFP is to make the Site work holistically to maximize the Site's full potential as a vibrant community asset that grows with the neighborhood as the Coney Island West vision plan takes shape in line with the 2009 Coney Island Comprehensive Rezoning Plan ("2009 Rezoning"), all as more particularly described in the RFP. Any resulting transaction will be in the form of a ground lease.

NYCEDC plans to select an operator or consortia of operators on the basis of factors stated in the RFP which include, but are not limited to: the quality of the proposal, experience of key staff identified in the proposal, experience and quality of any subtenants proposed, demonstrated successful experience in performing services similar to those encompassed in the RFP, and the proposed financial terms.

It is the policy of NYCEDC to comply with all federal, state and City of New York laws and regulations which prohibit unlawful discrimination because of race, creed, color, national origin, sex, age, disability, marital status and other protected category and to take affirmative action in working with contracting parties to ensure certified Minority and Women-owned Business Enterprises (MWBES) share in the economic opportunities generated by NYCEDC's projects and initiatives.

This project has Minority and Women Owned Business Enterprise ("M/WBE") participation goals, and all Respondents will be required to submit an M/WBE Participation Proposal with their response. To learn more about NYCEDC's M/WBE program, visit <http://edc.nyc/opportunity-mwdbe>. For the list of companies who have been certified with the New York City Department of Small Business Services as M/WBE, please go to the <https://sbsconnect.nyc.gov/certification-directory-search/>.

An optional site visit session will be held on Wednesday, February 4, 2026 at 12:00 P.M. at the Coney Island Amphitheater and Childs Building (3052 W 21st St, Brooklyn, NY 11224). Those who wish to attend should RSVP by email to coneyamphitheaterRFP@edc.nyc on or before January 28, 2026.

- i. Sections 28-111.1.1 and 28-111.1.2 of the Administrative Code, but only to the extent such provisions limit temporary structures or uses to no more than 90 days;
- ii. Sections 28-118.3.1 and 28-118.3.2 of the Administrative Code, Chapter 2 of Article 2, Chapter 2 of Article 3, Chapter 2 of Article 4 and any other applicable district use regulations, including in Special Purpose Districts, of the Zoning Resolution of the City of New York and any other provisions of such code, resolution or rules, to the extent that they would prevent the alteration and/or use of buildings as HERRCs that provide assistance for arriving asylum seekers, provided that such structures or buildings, regardless of length of stay, shall be occupied in a manner that will not endanger public safety, health, or welfare as certified by a registered design professional.

d. Section 21-312 of the Administrative Code, first suspended on October 22, 2022 by Emergency Executive Order No. 241, remains suspended to the extent it limits the number of persons who may be served in a Department of Homeless Services shelter for adults.

e. As first authorized on January 5, 2023 by Executive Order No. 302, the Fire Department ("FDNY") continues to be authorized to waive any provision of 3 RCNY § 901-04 relating to central station monitoring of fire alarm systems, preparation and filing of a fire safety and evacuation plan, decorations, portable fire extinguishers, and commercial cooking systems, where FDNY determines such provision would prevent or delay the alteration or use of a building as a HERRC. Where FDNY waives such a provision, such provision shall be deemed suspended with respect to the alteration or use of such building as a HERRC. FDNY shall require that adequate mitigating fire safety measures to ensure public safety, health and welfare be implemented at any such building. Any waivers and mitigating measures pursuant to this order shall be adopted by written FDNY guidance or documented in a written determination issued by FDNY. Such documentation shall be maintained at the premises of the HERRC and at the FDNY.

f. As first ordered on March 6, 2023 by Emergency Executive Order No. 350, where the provisions of the 1968 Building Code apply to the alteration of a prior code building in accordance with section 28-101.4.3 of the Administrative Code, section 27-359 and the corresponding capacity requirements in table 6-1 of article 2 of subchapter 6 of chapter 1 of title 27 of the Administrative Code remain suspended to the extent that they would prevent the alteration and/or use of buildings as HERRCs that will provide assistance for arriving asylum seekers, provided that for such buildings:

- i. Section 1005 of the New York City Building Code shall apply to such alteration;
- ii. The relevant space shall comply with section 901-04 of title 3 of the Rules of the City of New York, including with protection throughout such space by a functional sprinkler system designed and installed in accordance with the applicable provisions of such Building Code or prior code, as such section may otherwise be modified by the Fire Department pursuant to Emergency Executive Order No. 302;
- iii. Every occupied floor shall be staffed with fire guards for fire watch coverage; and
- iv. Such structures or buildings, regardless of length of stay, shall be occupied in a manner that will not endanger public safety, health, or welfare as certified by a registered design professional.

g. Sections 21-309 and 21-312 of the Administrative Code, first suspended on April 20, 2023 by Emergency Executive Order No. 386, to the extent they would apply to the continued operation of facilities, including homeless shelters, created and/or expanded in response to the asylum emergency, impose limitations on the amount of time permitted for the holding of public hearings, the certification of applications, the submission of recommendations, any required or necessary voting, the taking of final actions, and the issuance of determinations, remain suspended, and any such time limitations are tolled for the duration of the State of Emergency.

h. The following laws, first suspended on May 10, 2023 by Emergency Executive Order No. 402, remain suspended:

- i. Section 21-124 of the Administrative Code;
- ii. Section 21-313 of the Administrative Code, to the extent it sets a deadline for the City's temporary shelter placements; and
- iii. Section 26-521 of the Administrative Code, to the extent such provision gives rights to individuals in need of shelter or housing because of the circumstances that led to the state of emergency and who have been occupants of dwelling units for 30 or more days, or creates a landlord-tenant relationship between any individual assisting with the response to the state of emergency or any individual in need of shelter or housing because of the circumstances that led to the state of emergency, and any individual or entity, including but not limited to any hotel owner, hospital, not-for-profit housing provider or any other person or entity who provides temporary housing for a period of thirty days or more solely for purposes of assisting in the response to the state of emergency.

i. Subdivision (a) of section 824 of the Charter, first suspended on May 15, 2023 by Emergency Executive Order No. 406, to the extent it applies to the continued operation of facilities, including homeless shelters, created and/or expanded for use in response to the asylum emergency, require the holding of public hearings, the certification of applications, the submission of recommendations, any required or necessary voting, the taking of final actions, and the issuance of determinations, remains suspended.
