Requests must be submitted at least ten business days before the meeting by Tuesday, March 17, 2026.

The Applicants, 760 12th, LLC and 801 11th Ave., LLC, are seeking zoning map amendments, zoning text amendments, and zoning special permits (collectively, the Proposed Actions) to facilitate the development of two buildings (collectively, the Proposed Projects)—a 44-story, mixed-use residential and commercial building at 629 West 54th Street (Manhattan Block 1102, Lot 11) (Development Site 1) and a 38-story, mixed-use residential and commercial building at 801 Eleventh Avenue (Manhattan Block 1103, Lot 36) (Development Site 2). The Proposed Projects would contain a total of approximately 1,179,321 gross square feet (gsf), including approximately 939,934 gsf of residential floor area and 199,750 gsf of commercial floor area across the two development sites.

The building on Development Site 1 would contain a total of approximately 664,245 gsf, including up to approximately 529,581 gsf of residential space (617 DUs, of which 154 to 185 would be designated as permanently affordable pursuant to MIH) and 113,990 gsf of commercial auto dealership space. The building on Development Site 2 would contain a total of approximately 515,076 gsf, including up to approximately 410,353 gsf of residential space (477 DUs, of which 119 to 143 would be designated as permanently affordable pursuant to MIH) and 85,760 gsf of commercial auto dealership space.

The Proposed Actions include a zoning text amendment, a zoning map amendment, and zoning special permits to facilitate a transfer of floor area from the Granting Sites (Chelsea Piers, Piers 81/83, and Pier 98) within Hudson River Park to the development sites. In addition to the Proposed Actions, the Board of Directors of Hudson River Park Trust must approve the sale of the floor area from the Granting Sites, which requires a Signification Action process pursuant to the Hudson River Park Act.

A reasonable worst-case development scenario (RWCDS) has been established for the Proposed Action for a 2029 analysis year. Under the RWCDS, the Proposed Projects would be constructed pursuant to the proposed zoning map amendment, zoning text amendment, and special permit. Given the range of programs that could result from the Proposed Actions, two reasonable worst-case development scenarios (RWCDS) were assessed to ensure conservative analyses. The Maximum Commercial Scenario assessed the Proposed Projects with a more conservative mix of commercial retail and office uses instead of auto dealership space. The Maximum Residential Scenario assessed a development scenario in which the Applicants instead maximize the residential floor area that could be developed on each development site.

As with the Proposed Projects, under the Maximum Commercial Scenario, the Applicants would construct two new mixed-use buildings with residential towers, each on a three-story commercial base. Rather than three stories of auto dealership, however, the commercial uses in each building would include retail on the ground floor and office on the second and third floors. Under this scenario, Development Site 1 would be redeveloped with a new, 44-story, 664,245-gsf building with approximately 617 DUs, 65,364 gsf of commercial office space, and

48,626 gsf of ground-floor and cellar retail space, while Development Site 2 would be redeveloped with a new, 38-story, 515,076-gsf building with approximately 477 DUs, 47,350 gsf of commercial office space, and 38,410 gsf of ground-floor and cellar retail space. The total number of DUs (1,094 DUs, of which 219 to 328 would be permanently affordable under MIH) would be the same as in the Proposed Projects.

Under the Maximum Residential Scenario, the Applicants would construct two new mixed-use buildings containing ground-floor and cellar-level auto dealership space, with residential in lieu of auto dealership space on the second and third floors of both development sites. As such, Development Site 1 would be redeveloped with a new, 45-story, 671,815-gsf building with approximately 701 DUs and 50,118 gsf of auto dealership space, while Development Site 2 would be redeveloped with a new, 39-story, 522,558-gsf building with 541 DUs and 38,441 gsf of auto dealership space.

The DEIS assesses whether development resulting from the Proposed Actions could result in significant adverse environmental impacts. The DEIS identifies potential significant adverse impacts related to transportation (traffic and transit(buses)), and construction (traffic and noise). Potential mitigation measures to address those impacts, where feasible and/or practical, are proposed in the DEIS. DCP, as the Lead Agency, will continue to further examine and refine these recommended measures between the DEIS and FEIS. If no feasible and practicable mitigation can be identified, the impacts would remain an unavoidable significant adverse impact of the Proposed Actions.

The DEIS considers three alternatives to the Proposed Actions: (1) a No-Action Alternative, (2) a No Special Permit Alternative, and (3) a No Unmitigated Significant Adverse Impacts Alternative. None of these alternatives would meet the primary objectives of the Proposed Actions, and no feasible alternatives are available that would result in no unmitigated impacts and meet the Proposed Actions' goals.

No. 8

CD 1 C 250326 MMK

IN THE MATTER OF an application submitted by GO Quay, LLC and The Greenpoint Monitor Museum pursuant to Sections 197-c and 199 of the New York City Charter for an amendment to the City Map involving the elimination of a portion of Inlet Park between Quay Street and the U.S. Bulkhead Line including authorization for any acquisition or disposition of real property related thereto, in Community District 1, Borough of Brooklyn, in accordance with Map No. X-2780 dated December 15, 2025, and signed by the Borough President.

NOTICE

On Wednesday, March 18, 2026, a public hearing is being held by the City Planning Commission (CPC), accessible in-person and remotely, in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by GO Quay, LLC (the Project Developer) and the New York State Metropolitan Transportation Authority (MTA) (an affiliate of the New York City Transit Authority [NYCTA]) (collectively, the Applicants). The Applicants are seeking several discretionary actions including a zoning map amendment, zoning text amendment, zoning special permits, certification, and a City Map amendment (collectively, the Proposed Actions) that would apply to a rezoning area consisting of Brooklyn Block 2590, Lot 25, the majority of Lot 1, and the northern half of the former Quay Street in the Greenpoint neighborhood of Brooklyn, Community District (CD) 1 (the Rezoning Area); the remaining portion of Lot 1 (which would not be rezoned); and a relocation site that would house two NYCTA facilities that are being relocated from their existing locations and consolidated into a new turnkey facility located at 213 Meadow Street (Block 2951, Lots 1, 5, and 45) in the East Williamsburg neighborhood of Brooklyn CD 1 (the NYCTA Relocation Site) that would be constructed by the Project Developer. The Rezoning Area, the remaining portion of Lot 1 that would not be rezoned, and the NYCTA Relocation Site are, collectively, the Affected Area.

To facilitate the Proposed Development, the Applicants are seeking the approval of Proposed Actions, which would apply to the Rezoning Area: (I) a zoning map amendment to rezone (1) Block 2590, Lot 25 from M3-1 to R8; (2) a portion of Block 2590, Lot 1 from (a) R6 to R8/C2-4 and (b) R6/C2-4 to R8/C2-4; (3) the northern half of former Quay Street from M3-1 to R6; and (4) modify the park boundary to exclude Lot 25 and the northern half of former Quay Street; (II) zoning text amendments to the Zoning Resolution (ZR), as amended will include: (1) To amend ZR Section 62-361 (Special Floor Area Regulations) to allow the underlying MIH FAR to apply to MIH sites within BK-1; (2) To amend ZR Section 62-931 (Waterfront Access Plan BK-1: Greenpoint-Williamsburg) to remove the park identification of Block 2590, Lot 25 and the former Quay Street and update WAP BK-1 maps; (3) To amend ZR Section 62-363 (Special Height and Setback Regulations) to update special height and setback regulations for R8/

MIH sites within BK-1; (4) To amend ZR Appendix F to map an MIH area coterminous with the Development Site; (5) To amend ZR Section 74-745 to allow the waiver or reduction of required loading berths as part of a Large Scale special permit within WAP BK-1; (III) zoning special permits pursuant to ZR Sections 74-743(a)(2) and 74-745 for Large Scale General Development (LSGD) applicable to the Development Site to allow the following modifications in order to achieve a superior site plan: ZR 62-343, 62-363, 36-62, and 62-332(a) (height and setback, maximum tower width, maximum tower size, loading, and waterfront yard depth); (IV) a zoning certification by the Chairperson of the City Planning Commission pursuant to ZR Section 62-811 (Waterfront public access and visual corridor); and (V) an amendment to the City Map to remove the existing park identification from Lot 25 and the former Quay Street to facilitate development of a publicly accessible open space and a permanent home for the Greenpoint Monitor Museum as part of the Proposed Development.

The Proposed Actions would facilitate construction of the Proposed Development: a mixed-use development on the Development Site (Brooklyn Block 2590, Lots 1 and 25) comprising three buildings totaling approximately 1,215,000 gross square feet (gsf), including 1,106,500 gsf of residential space for up to approximately 1,150 total dwelling units (DUs), 230-345 of which would be affordable), 36,500 gsf of commercial (local retail) space, 37,000 gsf of below-grade accessory parking (approximately 140 spaces), approximately 35,000 gsf of community facility space earmarked as a permanent home for the Greenpoint Monitor Museum, and 50,000 gsf of open space (including 43,000 sf of public open space). It is the Project Developer's intent to pursue Mandatory Inclusionary Housing (MIH) Option 1, under which 25 percent (up to approximately 300) of the proposed DUs would be affordable at an average of 60 percent Area Median Income (AMI), pursuant to MIH requirements; however, the Project Developer intends to provide the affordable units at an average of 56 percent AMI. The anticipated build year is 2031.

In order to allow for the redevelopment of the Development Site, the Proposed Actions also involve the relocation and consolidation of two existing critical NYCTA facilities to a new 143,000-gsf turnkey facility at the NYCTA Relocation Site. The proposed NYCTA Relocation Site would accommodate the NYCTA Mobile Wash Unit and Materials Storage currently located on a portion of the Development Site (Block 2590, Lot 1) (the NYCTA Facility), and the NYCTA Emergency Response Unit (ERU) facility currently located on 65 Commercial Street (Block 2472, Lot 415) (the ERU Site).

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through 5:00 PM on Monday, March 30, 2026.

For instructions on how to submit comments and participate, both in-person and remotely, please refer to the instructions at the beginning of this agenda.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 25DCP068K.

HOUSING PRESERVATION AND DEVELOPMENT

■ PUBLIC HEARINGS

PLEASE TAKE NOTICE that a public hearing will be held on April 15, 2026 at 10:00 A.M., or as soon thereafter as the matter may be reached on the calendar, at which time those wishing to be heard will be given an opportunity to be heard concerning the proposed disposition of the real property identified below. The public hearing will be held via conference call in #1-646-992-2010; Access Code 717 876 299.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed the sale of the following City-owned property (collectively, "Disposition Area") in the Borough of Manhattan.

Address	Block/Lot
1727 Amsterdam Avenue	2060/1

Under the Supportive Housing Loan Program, HPD funds the rehabilitation or new construction of buildings which provide supportive housing for the homeless, people with special needs, and other persons of low income. HPD works with the Department of Homeless Services, the Department of Health and Mental Hygiene, the Human Resources Administration's HIV/AIDS Services Administration, and other public agencies to ensure that the completed projects receive appropriate building security and onsite social services to support residents.

HPD has designated BRC Amsterdam Housing Development Fund Corporation ("Sponsor") as qualified and eligible to purchase and redevelop the Disposition Area under the Supportive Housing Loan Program. HPD proposes to sell the Disposition Area to the Sponsor at the nominal price of One Dollar per tax lot pursuant to Article 16 of the General Municipal Law. The Sponsor will also deliver a note and mortgage for the appraised value of the Disposition Area ("Land Debt"). The Sponsor will then construct one building containing approximately 199 units for occupancy by homeless and low income persons, plus one unit for a superintendent and approximately 21,281 square feet of community facility space on the Disposition Area.

The Land Debt or City's capital subsidy may be repayable out of resale or refinancing profits for a period of at least thirty (30) years following completion of construction. The remaining balance, if any, may be forgiven at the end of the term.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination by emailing Margaret Carey at careym@hpd.nyc.gov on business days during business hours.

HUMAN RESOURCES ADMINISTRATION

NOTICE

Notice of Concept Paper

The New York City Human Resources Administration Department of Social Services/Human Resources Administration (DSS/HRA), in partnership with the NYC Housing Authority (NYCHA), the Mayor's Office for Economic Opportunity (NYC Opportunity) and NYC Young Men's Initiative (YMI), is pleased to announce a strategic update to our Jobs-Plus program.

Since its launch in 2013, the Jobs-Plus program has successfully provided comprehensive support to tens of thousands of residents in New York City Housing Authority (NYCHA) developments.

The enhanced Jobs-Plus model will build on the program's successful foundation, retaining the core components of comprehensive employment services, financial incentives and counseling, community support, and mental health support while adapting to current social and economic realities.

- Expand our reach: We will grow from serving 40 NYCHA developments to 62, broadening our impact and engaging new communities across the city's five (5) boroughs.
Broaden our target population: While maintaining a strong focus on NYCHA residents, our new model will also serve a portion of eligible non-NYCHA residents from adjacent communities within specific zip codes in service areas who are not residents of targeted developments.
Align with labor market demands: Sites will transition to a demand-driven approach, focusing on training and placing residents in growing sectors with accessible entry-level positions.
Enhance mental health support: Building on our existing mental health services, we will adopt a more holistic approach to better address the diverse barriers to employment faced by participants.

This concept paper, which details these proposed improvements, is a direct result of initial stakeholder feedback. Your continued insights will be essential in developing a new model that delivers the most effective and enhanced services possible.
