In accordance with Procurement Policy Board Rule Section 3-05, the New York City Department of Correction (DOC) intends to enter into a sole source agreement with Willo Products Company, LLC. The purpose of this agreement is to procure psychological test supplies.

These assessments are specialized objective tests designed to evaluate various dimensions of psychological suitability among officer candidates, including mental health, psychological history, and personality traits. They are widely recognized as the "gold standard" in the evaluation of police and public safety personnel.

Given that the report is created from PsyQ data that is collected by means of a copyrighted answer sheet and/or scoring software that was designed by Johnson, Roberts, and Associates, Inc. All PsyQ supplies and software are copyrighted, proprietary products that are available only from Johnson, Roberts, and Associates, Inc. Other vendors do not offer the proprietary selection reports required for psychological evaluations of this specialized population. As such, Johnson, Roberts & Associates Inc. has been identified as the sole vendor capable of fulfilling our needs.

FARMBOX FOODS LLC-VERTICAL HYDROPONIC FARM FOR PERSONS-IN-CUSTODY - Sole Source - Available only from a single source - Due 8-7-26 at 10:00 A.M.

In accordance with Procurement Policy Board Rule Section 3-05, the New York City Department of Correction (DOC) intends to enter into a sole source agreement with FarmBox Foods LLC. The purpose of this agreement is to procure a Vertical Hydroponic Farm for Persons-in-Custody (PICs) to develop a skill that can be utilized when being released from custody.

The Department of Correction seeks to revitalize its Workforce Development Unit to include new and innovative trades and skill building classes that directly relate to re-entry and reduced recidivism. Based on an evaluation of potential trades and skills that are felony friendly, DOC believes that there is a gap in services as it pertains to urban agriculture, community gardening, local and small business entrepreneurship, local and small business perspectives, and culinary arts. This partnership with FarmBox Foods also encourages a partnership between the Division of Adult Programs and the Nutritional Services Unit in the Department. The food grown on the farm, as mentioned above, can be used and incorporated to provide healthy, farm-to-table food options for the Department's meal preparation.

FarmBox Foods is the sole manufacturer and exclusive source of its proprietary products. All FarmBox Foods units are exclusively designed, engineered, and fabricated in the United States, and are sold directly by FarmBox Foods. Therefore, DOC has determined that proceeding with FarmBox Foods LLC as the sole source provider is in the best interest of the City.

The amount of this sole source procurement shall not exceed \$228,000.00. The anticipated contract term for this procurement is 365 consecutive calendar days with a renewal option of one (1) year.

The Department of Homeless Services is seeking appropriately qualified contractors/vendors to contract for the provision of shelter services for families with children, adult families, and single adults who are temporarily housed in DHS contracted commercial hotels. The selected vendors will provide services as outlined in this RFP to assist clients with their daily needs and to help them move out of the shelter system as quickly as possible.

The mission of DHS is to prevent homelessness when possible and to provide short-term emergency shelter for individuals and families who have no other housing options available. DHS primarily meets this goal by providing services to clients in long-term contracted purpose-built shelters throughout the City. When there are not enough available shelter beds and units in traditional shelters, DHS temporarily uses commercial hotels to house clients while they transition to permanent housing.

Over the last 15 years, DHS has faced numerous crises which have forced DHS to rely on commercial hotels to temporarily house clients. Long term DHS is committed to phasing out the use of commercial hotels. However, until such time that DHS can secure sufficient contracted purposed built shelters, DHS will continue to need commercial hotel capacity to meet the legally mandated requirement to provide shelter.

A Special Case Determination not required since the preference to procure Human Services is through Competitive Sealed Proposals pursuant to PPB Rule Section 3-01(c); judgment is necessary in

evaluating proposals to ensure appropriateness of vendor selection to render client services.

DYCD has determined that Competitive Sealed Bidding is neither practicable nor advantageous to the City because this procurement necessitates the exercise of judgment in evaluating competing proposals and requires a balancing of price, quality, and programmatic factors to achieve the best outcomes. DYCD is seeking pre-qualified Health and Human Services (HHS) providers to operate COMPASS programs. These programs are located in New York City Public School (NYCPS) sites and charter schools housed within NYCPS buildings and serve elementary and middle school students across all five boroughs. COMPASS programs are a critical part of the City's effort to support working families by providing free, high-quality afterschool and summer childcare services. They offer a wide range of enrichment activities that help students in Kindergarten through Grade 8 develop academically, socially, and emotionally, both in and out of the classroom. Given the complex nature of this work—requiring cultural competency, deep community engagement, and tailored programming to meet the diverse needs of NYC youth a proposal-based evaluation is essential. This approach allows DYCD to select providers not only based on cost, but also on their demonstrated experience, organizational capacity, staffing approach, and commitment to equitable service delivery. Therefore, the use of an RFP, rather than Competitive Sealed Bidding, is the most appropriate method to ensure the highest quality of services are delivered in alignment with the City's goals for youth development and family support.

In 2015 COMPASS launched a pilot program to service middle school youth in ACS and homeless facilities. There are programs that are located at DHS, Secure Detention (SD) and Non-Secure Detention Facilities (NSD) providing support and services to youth involved in justice system. In collaboration with the Administration for Children Services and the Department of Homeless Services as well as community-based organizations with history working with these populations, DYCD offers programming tailored and designed to cultivate supportive relationships, Work with adolescents to stay on track academically and socially, and Foster optimism and resilience. The NAE will allow DYCD to competitively solicit these services in the future; currently DYCD is prioritizing the award and registration of the COMPASS Elementary and Middle School RFPs contracts before we release the SONYC Pilot solicitation in future.

The extension of these contracts is crucial to ensure continuity of services. The ACCO has determined that an extension of these services will be beneficial to the City since the same terms and conditions remain. In addition, the current contractors are familiar with the SONYC Pilot programming and have been performing satisfactory and above on their current contract(s).
