81-74 Special Incentives and Controls in the Theater Subdistrict

81-744 Transfer of development rights from listed theaters

For the purposes of the Theater Subdistrict:

A "listed theater" shall mean a theater designated as listed pursuant to Section 81-742 (Listed theaters).

A "granting site" shall mean either a #zoning lot# or that portion of a #zoning lot# occupied by a "listed theater" and comprised of those block and lot numbers specified for such theater pursuant to the table in Section 81-742, as such block and lots existed on January 12, 1998. Additionally, a "granting site" shall include any #zoning lot# occupied by a "listed theater", where the #floor area# bonus provisions of Section 81-745 (Floor Area Bonus for Rehabilitation of Existing Listed Theaters) have been utilized. However, a "granting site" shall not include any #zoning lot# occupied by a "listed theater" located within the geographical area covered by the 42nd Street Development Land Use Improvement Project, adopted by the New York State Urban Development Project in 1984, as such Project has and may be subsequently amended.

A "receiving site" shall mean a #zoning lot# or the portion of a #zoning lot# located within the Theater Subdistrict to which development rights of the "granting site" are transferred. However, no portion of a "receiving site" shall be located within the 42nd Street Development Project Area. In addition, for #zoning lots# containing "listed theaters," that portion of the #zoning lot# occupied by the "listed theater" and comprised of the block and lot numbers specified for such theater, pursuant to the table in Section 81-742, shall not be included in the "receiving site."

Any "receiving site" divided by a district boundary or Theater Subdistrict Core boundary may locate #bulk# in accordance with the provisions of Section 81-746 (Additional provisions for zoning lots divided by district or subdistrict core boundaries).

(a) Transfer of development rights by certification

The City Planning Commission shall allow, by certification, a transfer of development rights from a "granting site" to a "receiving site," except that any "granting site," or portion thereof, located outside the Theater Subdistrict, may not transfer development rights to any portion of a "receiving site" within the Special Clinton District, provided that:

- (1) the maximum amount of #floor area# transferred from a "granting site" is shall be:
 - (i) the sum of:
 - (a) the basic maximum #floor area ratio# established pursuant to Sections 81-211 (Maximum floor area ratio for non-residential or mixed buildings) or 81-214 (Special provisions for transfer of development rights from listed theaters within the Special Clinton District), as applicable, for such "granting site" as if it were undeveloped; and
 - (b) any bonus #floor area# granted pursuant to Section 81-745;
 - (ii) less the total #floor area# of all existing #buildings# or portions of #buildings# on the "granting site" and #floor area# attributed to the "granting site" that has been previously used or transferred;
- (2) each transfer, once completed, irrevocably reduces the amount of #floor area# that may be #developed# or #enlarged# on the #zoning lot# containing the "granting site" by the amount of #floor area# transferred;
- (3) the maximum amount of #floor area# transferred to a "receiving site" shall not exceed the basic maximum #floor

area ratio# established pursuant to Section 81-211 for such "receiving site" by more than 20 percent;

- (4) the provisions of Section 81-743 (Required assurances for continuance of legitimate theater use) are met; and
- (5) appropriate legal documents are executed ensuring that a contribution in an amount equal to 10 dollars* per square foot of transferred #floor area# be deposited in the Theater Subdistrict Fund established pursuant to paragraph (h) of Section 81-741 (General provisions) at the earlier of either the time of closing on the transfer of development rights pursuant to this Section or the filing for any building permit for any #development# or #enlargement# that anticipates using such development rights.

The Commission shall review such amount no more than once every three years and no less than once every five years and shall adjust the amount to reflect any change in assessed value of all properties on #zoning lots# wholly within the Theater Subdistrict.

Floor area bonus for rehabilitation of existing listed theaters

The City Planning Commission may allow, by special permit, may authorize bonus #floor area# for substantial rehabilitation or restoration of any theater listed as a "listed theater" in Section 81-742 (Listed theaters), in accordance with the provisions of this Section.

(a) Conditions for rehabilitation bonus

As a condition for the issuance of a special permit under the provisions of this Section, the following requirements shall be satisfied:

(1) Location of #development#

The #development# or #enlargement# for which a theater rehabilitation bonus is granted is located on the same #zoning lot# as the "listed theater."

(2)(1) Qualification of substantial rehabilitation

Substantial rehabilitation work qualifying for a #floor area# bonus shall consist of major structural changes for the purpose of improving a theater's design and its commercial viability for legitimate theater #use#, or historic restoration of the interior of a theater designated as an interior landmark.

Substantial rehabilitation may include, without limitations, such work as expanding stage wings, re-raking the orchestra, increasing rehearsal, dressing room or lobby and ancillary spaces, improving accessibility beyond applicable legal requirements, or historic restoration. It may also include reconversion to legitimate theater #use# of an original legitimate theater currently in other #use#. Substantial rehabilitation does not mean normal theater maintenance, painting or improvements to mechanical systems alone.

(3)(2) Timing and commitment

- (i) there shall be a contractual commitment or commitments for the construction work involved in the substantial rehabilitation;
- (i) for any bonus #floor area# approved by special permit pursuant to this Section, an appropriate legal document shall be executed and recorded against the #zoning lot#, providing that:
 - (a) no temporary certificate of occupancy shall be granted by the Department of Buildings for the portion of the building identified as utilizing the bonus #floor area# granted pursuant to this Section until the Chairperson has certified that the substantial rehabilitation work qualifying for the #floor area# bonus is substantially complete; and
 - (b) no permanent certificate of occupancy shall be granted by the Department of Buildings for the portion of the building utilizing such bonus #floor area# until the Chairperson has certified that the substantial rehabilitation work qualifying for the #floor area# bonus is finally complete;

- (ii) the requirements of Section 81-743 (Required assurances for continuance of legitimate theater use) shall be satisfied; and
- (iii) a rehabilitation bonus shall not be granted for a substantial rehabilitation completed before May 13, 1982.

(b) Amount of rehabilitation bonus

The amount of bonus #floor area# granted for a qualifying theater rehabilitation shall be at the discretion of the Commission after consideration of the following findings:

- (1) how and to what extent the proposed rehabilitation will improve the theater's suitability for #use# as a legitimate theater; and
- (2) how the proposed rehabilitation will contribute toward satisfying the needs of the Theater Subdistrict;
- (3) ~~whether the bonus #floor area# will unduly increase the #bulk# of any #development# or #enlargement#, density of population or intensity of #use# on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area; and~~
- (4) ~~whether the distribution and location of such #floor area# bonus will adversely affect the surrounding area by restricting light and air or otherwise impair the essential character or future development of the surrounding area.~~

Such bonus #floor area# shall not exceed 20 percent of the basic maximum #floor area# permitted on the #zoning lot# containing the #development# or #enlargement# "listed theater" by the regulations of the underlying district, except that in the case of an underlying C6-4, C6-5 or M1-6 District, the bonus #floor area# shall not exceed 44 percent of the basic maximum #floor area# permitted in such underlying district, and except that in the case of a #zoning lot# located partially in a C6-5.5 District and partially in a C6-7T District, the Commission may allow bonus #floor area# to be utilized anywhere on the #zoning lot#.

For purposes of applying the provisions of Section 11-42 (Lapse of Authorization or Special Permit by the City Planning Commission Pursuant to the 1961 Zoning Resolution) to a special permit granted pursuant to this Section, "substantial construction" shall mean substantial rehabilitation, as described in paragraph (b) of this Section, of the subject theater for which a #floor area# bonus has been granted to a related #development# or #enlargement#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding areas.

NYFA - GRANT PROGRAM ADMINISTRATION (MOME)

- Negotiated Acquisition - Other - PIN#85827N0003 - Due 8-21-26 at 4:00 P.M.

The Office of Technology and Innovation (OTI), acting on behalf of the Mayor's Office of Media and Entertainment (MOME), is seeking the use of the Negotiated Acquisition Method to contract with the New York Foundation for the Arts (NYFA), to develop, administer, and promote a media and entertainment content program to encourage and support the creation of film, television, digital, theatrical, and other forms of media and entertainment in NYC that reflects the voices of women. If you wish to express interest on future opportunities please contact Paul Simms, psimms@oti.nyc.gov.

The theatre development grant program is currently mid-cycle, with ongoing applicant support, panel review processes, and grantee deliverables that must be completed in accordance with the program design and the scope of services. A new vendor would require substantial onboarding time to understand the program's structure, applicant pool, evaluation criteria, and administrative systems. Such a transition would jeopardize MOME's ability to meet program deadlines and would impose unnecessary administrative burdens on both the agency and the applicant community. Please refer to the attached special case justification memo for additional details.

COMPASS PROGRAMS IN PUBLIC SCHOOLS - MIDDLE

- Competitive Sealed Proposals/Pre-Qualified List - Other - PIN#26026P0003210 - AMT: \$10,179,000.00 - TO: Girls Incorporated of New York City, 25 Broadway, 12th Floor, New York, NY 10004.

COMPASS and SONYC is one of DYCD's largest programs, with over 820 programs collectively throughout the five boroughs. Families rely on these programs to provide elementary and middle school students, during after school hours, summer and on holidays, programing which includes educational support, recreation, enrichment, and cultural activities to support and strengthen the overall development of our youth. Programs are offered at no cost to youth and are purposefully located in public and private schools, community centers, religious institutions, public housing and parks recreational facilities throughout the City to help families find a place that best fits their youth's needs.

DYCD has determined that Competitive Sealed Bidding is neither practicable nor advantageous to the City because this procurement necessitates the exercise of judgment in evaluating competing proposals and requires a balancing of price, quality, and programmatic factors to achieve the best outcomes. COMPASS programs are a critical part of the City's effort to support working families by providing free, high-quality afterschool and summer childcare services. They offer a wide range of enrichment activities that help students in Kindergarten through Grade 8 develop academically, socially, and emotionally, both in and out of the classroom. Given the complex nature of this work requiring cultural competency, deep community engagement, and tailored programming to meet the diverse needs of NYC youth a proposal-based evaluation is essential. This approach allows DYCD to select providers not only based on cost, but also on their demonstrated experience, organizational capacity, staffing approach, and commitment to equitable service delivery. Therefore, the use of an RFP, rather than Competitive Sealed Bidding, is the most appropriate method to ensure the highest quality of services are delivered in alignment with the City's goals for youth development and family support.

What authorizes the Department to make this amendment?

Section 556 of the New York City Charter provides the Department with jurisdiction to protect and promote the health of all persons in the City of New York. Section 389(b) of the Charter provides that “heads of mayoral agencies shall have the power to adopt rules to carry out the powers and duties delegated to the agency head or the agency by or pursuant to federal, state or local law.” Charter section 1043(a) similarly provides that each “agency is empowered to adopt rules necessary to carry out the powers and duties delegated to it by or pursuant to federal, state or local law.” Local Law 136 of 2025 requires the Department to adopt a rule setting forth the intentionally added ingredients that will constitute restricted substances for purposes of the local law.

Where can I find the Department’s rules and the Health Code?

The Department’s rules and the Health Code are located in Title 24 of the Rules of the City of New York.

What laws govern the rulemaking process? The Department must satisfy the requirements of section 1043 of the Charter when adding or amending rules. This notice is made according to the requirements of section 1043(b) of the Charter. These changes were not included in the Department’s legislative agenda because they were not contemplated at that time.

Statement of Basis and Purpose of Proposed Rule

In late 2025, the New York City Council adopted Local Law 136 of 2025 (LL 136), codified at New York City Administrative Code (“Ad Code”) § 20-699.30. This law prohibits the sale, offer for sale, or distribution of menstrual products or intimate care products that contain certain intentionally added ingredients that are harmful to human health listed on the packaging label, including specified chemicals and fragrances. Under LL 136, the Department is required to “adopt by rule the *intentionally added ingredients* that shall constitute *restricted substances* for purposes of this section.” (Ad Code § 20-699.30(b) emphasis added). These two key terms are defined by LL 136 as:

1. “intentionally added ingredient,” which “means any substance that a manufacturer has intentionally added to a product, and which has a functional or technical effect in the finished product, including, but not limited to, the components of intentionally added fragrance, flavoring, and colorants, and the intentional breakdown products of an added substance that also has a functional or technical effect on the finished product”; and
2. “restricted substance,” which “means a chemical for inclusion in a menstrual product or intimate care product that the commissioner of health and mental hygiene designates a restricted substance pursuant to this section, including lead, mercury and related compounds, formaldehyde, triclosan, toluene, talc, dibutyl phthalate, di(2)ethylhexyl phthalate, butylphenyl methylpropional, and isobutyl-, isopropylparaben, butylparaben, propylparaben, perfluoroalkyl and polyfluoroalkyl substances, and fragrance.”

LL 136 also requires the Department to, no later than 90 days after the New York State Department of Health (“SDOH”) “promulgates a regulation pursuant to state law establishing the lowest level that can feasibly be achieved of restricted substances in menstrual products[,] . . . adopt such levels as the lowest level that can feasibly be achieved of restricted substances in menstrual products or intimate care products.” These levels are to be updated every five years “in accordance with any updates to such regulations of” SDOH, and the Department must maintain on its website a list of products that contain restricted substances above the levels set by SDOH (Ad Code § 20-699.30(c)). Therefore, as adopted, LL 136 would initially prohibit the sale of menstrual or intimate care products that contains *any* level of an intentionally added ingredient that is a restricted substance but then, two years after the Department adopts the threshold levels of restricted substances set by SDOH regulations, would prohibit the sale of these products with levels of restricted substances at or above such levels.

At the time of LL 136’s adoption, the New York State bill (S1548-2025) that would have required SDOH to adopt regulations setting the lowest level that can feasibly be achieved of restricted

substances in menstrual products was not yet enacted.¹ The State bill was signed into law by the Governor in December of last year,² and was amended shortly thereafter to remove the requirement for SDOH to adopt such regulations.³ As a result of the amendment, and absent any new State law requiring SDOH to promulgate regulations establishing the lowest level that can feasibly be achieved in menstrual products, the provisions of LL 136 requiring the Department to adopt threshold levels set by SDOH pursuant to state law and to maintain on its website a list of products that contain restricted substances at or above such levels will not take effect. Nonetheless, the Department is still required to adopt a rule stating which intentionally added ingredients will constitute restricted substances for purposes of LL 136 (Ad Code § 20-699.30(b)). The Department therefore proposes adopting the following rule that sets forth the intentionally added ingredients that constitute restricted substances.

The authority for this proposed amendment is found in Sections 389, 556 and 1043 of the New York City Charter, and Local Law 136 of 2025.

The proposed amendment is as follows:

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this Department, unless otherwise specified or unless the context clearly indicates otherwise.

New material is underlined.

Section 1. Title 24 of the Rules of the City of New York is amended by adding a new chapter 42 to read as follows:

Chapter 42: Designation of Restricted Substances for Menstrual and Intimate Care Products

§ 42-01 Definitions. Terms used in this chapter have the same meanings as the terms defined in New York City Administrative Code § 20-699.30.

§ 42-02 Restricted Substances. For purposes of New York City Administrative Code § 20-699.30, the following intentionally added ingredients shall constitute restricted substances:

- (a) lead,
- (b) mercury and mercury compounds,
- (c) formaldehyde,
- (d) triclosan,
- (e) toluene,
- (f) talc,
- (g) dibutyl phthalate,
- (h) di(2)ethylhexyl phthalate,
- (i) butylphenyl methylpropional,
- (j) isobutyl-,
- (k) isopropylparaben,
- (l) butylparaben,
- (m) propylparaben,
- (n) perfluoroalkyl and polyfluoroalkyl substances, and
- (o) fragrance.

HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

Notice of Adoption

NOTICE IS HEREBY GIVEN that pursuant to Section 485-x of the New York State Real Property Tax Law and in accordance with Sections 1043 and 1802 of the City Charter, the Department of Housing Preservation and Development (HPD) is adopting amendments to Chapter 63 of Title 28 of the Rules of the City of New York.

A notice of proposed rulemaking was published in the City Record on May 12, 2026. A public hearing was held on June 30, 2026. No comments from the public were received.

Statement of Basis and Purpose

In 2024, the Legislature amended the New York State Real Property Tax Law (“RPTL”) by adding a new section 485-x to provide a real property tax exemption for housing developments that meet certain affordability thresholds. That legislation (the “Act”) created the Affordable Neighborhoods for New Yorkers Tax Incentive program (the “ANNY Program”).

Benefits provided through the ANNY Program (“ANNY Program Benefits”) are available to housing created from the construction of new buildings or certain conversions of existing buildings. ANNY Program Benefits are not available to properties that are used as hotels. To receive ANNY Program Benefits, a development must contain six or more dwelling units and construction must have started after June 15, 2022, and on or before June 15, 2034, and be completed on or before June 15, 2038. The Act conferred sole rulemaking authority on HPD with respect to the ANNY Program in all areas other than construction wages and prevailing wages, about which the Comptroller has authority to promulgate rules.

HPD rules provide procedures for applicants seeking ANNY Program Benefits. HPD is amending ANNY Program rules with respect to homeownership projects to revert to previous best practices under prior

2 Chapter 674 of the Laws of 2025.

3 Chapter 31 of the Laws of 2026.

versions of this tax benefit program, and to fix issues with the current timeline of the application process for ANNY Program Benefits.

Specifically, the adopted rule allows homeownership projects to file their ANNY Program Benefits applications if at least fifty percent of all units have been sold, in order to make it easier for such projects to meet the application filing deadline of one year from completion of construction, provided that proofs of sale for all units in the project are submitted before ANNY Program Benefits are granted. Proof of sale is necessary to confirm that anyone who purchases a unit in a building receiving ANNY Program Benefits knows about the conditions applicable to their building under the ANNY Program, including that the buyer must use that unit as their primary residence, and will authorize any actions taken in the ANNY Program Benefits application process.

Additionally, the adopted rule amends section 63-01 of the Rules by deleting the definitions of the terms “Board Authorization and Consent Form” and “Deed,” and adding new definitions for the terms “Offering Plan” and “Purchase Contract.”

The adopted rule makes minor amendments to the wording of the proposed rule based on further internal review and feedback from the New York State Department of Law Real Estate Finance Bureau, which is responsible for the regulation of public offerings of real estate securities in or from New York pursuant to Article 23-A of the New York General Business Law, including the regulation of the offer of syndications and cooperative interests in realty, such as cooperatives and condominiums. There are no substantive differences between the proposed rule and the adopted rule.

HPD’s authority for these rules is found in sections 1043 and 1802 of the New York City Charter and section 485-x of the Real Property Tax Law.

NOTE:

1. Biodiesel tax credit expired on 12/31/2024. New invoices will not reflect the credit.
2. Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.
3. The National Oil Heat Research Alliance (NORA) has been extended until February 6, 2029. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. All other terms and conditions remain unchanged.
4. Federal Superfund Tax is included in the DCAS weekly pricing schedule, and it should not show as an additional fee.

REMINDER FOR ALL AGENCIES:

All entities utilizing DCAS fuel contracts are reminded to pay their invoices **on time** to avoid interruption of service. Please send inspection copy of receiving report for all gasoline (E70, UL PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.

Effective July 1, 2025, New York City agencies are no longer permitted to place orders for #2B5 heating fuel. In accordance with updated state regulations, all heating oil sold in NYS must contain a minimum 10% biofuel blend (B10). Starting the winter of 2026/2027, agencies should begin the transition to B20 heating oil, focusing on tanks that are used regularly and not on interruptible sites. Effective July 1, 2030, B20 will be legally required through NY State for heating oil at all sites. As was implemented for B5 and B10, the transition for City facilities should begin in advance of the mandate to ensure a smooth transition to the higher blend. City facilities have used blends of B20 in the past successfully.

April 1st – October 31st transition to Non-Winter fuel.

November 1st – March 31st transition to Winter fuel.
