81-70 SPECIAL REGULATIONS FOR THEATER SUBDISTRICT

* * *

81-74 Special Incentives and Controls in the Theater Subdistrict

* * *

81-744 Transfer of development rights from listed theaters

For the purposes of the Theater Subdistrict:

A "listed theater" shall mean a theater designated as listed pursuant to Section 81-742 (Listed theaters).

A "granting site" shall mean either a #zoning lot# or that portion of a #zoning lot# occupied by a "listed theater" and comprised of those block and lot numbers specified for such theater pursuant to the table in Section 81-742, as such block and lots existed on January 12, 1998. Additionally, a "granting site" shall include any #zoning lot# occupied by a "listed theater", where the #floor area# bonus provisions of Section 81-745 (Floor Area Bonus for Rehabilitation of Existing Listed Theaters) have been utilized. However, a "granting site" shall not include any #zoning lot# occupied by a "listed theater" located within the geographical area covered by the 42nd Street Development Land Use Improvement Project, adopted by the New York State Urban Development Project in 1984, as such Project has and may be subsequently amended.

A "receiving site" shall mean a #zoning lot# or the portion of a #zoning lot# located within the Theater Subdistrict to which development rights of the "granting site" are transferred. However, no portion of a "receiving site" shall be located within the 42nd Street Development Project Area. In addition, for #zoning lots# containing "listed theaters," that portion of the #zoning lot# occupied by the "listed theater" and comprised of the block and lot numbers specified for such theater, pursuant to the table in Section 81-742, shall not be included in the "receiving site."

Any "receiving site" divided by a district boundary or Theater Subdistrict Core boundary may locate #bulk# in accordance with the provisions of Section 81-746 (Additional provisions for zoning lots divided by district or subdistrict core boundaries).

(a) Transfer of development rights by certification

The City Planning Commission shall allow, by certification, a transfer of development rights from a "granting site" to a "receiving site," except that any "granting site," or portion thereof, located outside the Theater Subdistrict, may not transfer development rights to any portion of a "receiving site" within the Special Clinton District, provided that:

- (1) the maximum amount of #floor area# transferred from a "granting site" is shall be:
 - (i) the sum of:
 - (a) the basic maximum #floor area ratio# established pursuant to Sections 81-211 (Maximum floor area ratio for non-residential or mixed buildings) or 81-214 (Special provisions for transfer of development rights from listed theaters within the Special Clinton District), as applicable, for such "granting site" as if it were undeveloped; and
 - (b) any bonus #floor area# granted pursuant to Section 81-745;
 - (ii) less the total #floor area# of all existing #buildings# or portions of #buildings# on the "granting site" and #floor area# attributed to the "granting site" that has been previously used or transferred;
- (2) each transfer, once completed, irrevocably reduces the amount of #floor area# that may be #developed# or #enlarged# on the #zoning lot# containing the "granting site" by the amount of #floor area# transferred;

- (3) the maximum amount of #floor area# transferred to a "receiving site" shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 for such "receiving site" by more than 20 percent;
- (4) the provisions of Section 81-743 (Required assurances for continuance of legitimate theater use) are met; and
- (5) appropriate legal documents are executed ensuring that a contribution in an amount equal to 10 dollars* per square foot of transferred #floor area# be deposited in the Theater Subdistrict Fund established pursuant to paragraph (h) of Section 81-741 (General provisions) at the earlier of either the time of closing on the transfer of development rights pursuant to this Section or the filing for any building permit for any #development# or #enlargement# that anticipates using such development rights.

The Commission shall review such amount no more than once every three years and no less than once every five years and shall adjust the amount to reflect any change in assessed value of all properties on #zoning lots# wholly within the Theater Subdistrict.

81-745

Floor area bonus for rehabilitation of existing listed theaters

The City Planning Commission may allow, by special permit, may-~~authorize~~ bonus #floor area# for substantial rehabilitation or restoration of any theater listed as a "listed theater" in Section 81-742 (Listed theaters), in accordance with the provisions of this Section.

(a) Conditions for rehabilitation bonus

As a condition for the issuance of a special permit under the provisions of this Section, the following requirements shall be satisfied:

(1) ~~Location of #development#~~

~~The #development# or #enlargement# for which a theater rehabilitation bonus is granted is located on the same #zoning lot# as the "listed theater."~~

(2)(1) Qualification of substantial rehabilitation

Substantial rehabilitation work qualifying for a #floor area# bonus shall consist of major structural changes for the purpose of improving a theater's design and its commercial viability for legitimate theater #use#, or historic restoration of the interior of a theater designated as an interior landmark.

Substantial rehabilitation may include, without limitations, such work as expanding stage wings, re-raking the orchestra, increasing rehearsal, dressing room or lobby and ancillary spaces, improving accessibility beyond applicable legal requirements, or historic restoration. It may also include reconversion to legitimate theater #use# of an original legitimate theater currently in other #use#. Substantial rehabilitation does not mean normal theater maintenance, painting or improvements to mechanical systems alone.

(3)(2) Timing and commitment

- (i) ~~there shall be a contractual commitment or commitments for the construction work involved in the substantial rehabilitation;~~
- (i) for any bonus #floor area# approved by special permit pursuant to this Section, an appropriate legal document shall be executed and recorded against the #zoning lot#, providing that:
 - (a) no temporary certificate of occupancy shall be granted by the Department of Buildings for the portion of the building identified as utilizing the bonus #floor area# granted pursuant to this Section until the Chairperson has certified that the substantial rehabilitation work qualifying for the #floor area# bonus is substantially complete; and
 - (b) no permanent certificate of occupancy shall be granted by the Department of Buildings for the portion of the building utilizing such bonus #floor area# until the Chairperson has certified that the substantial rehabilitation work qualifying for the #floor area# bonus is finally complete;
- (ii) the requirements of Section 81-743 (Required assurances for continuance of legitimate theater use) shall be satisfied; and
- (iii) a rehabilitation bonus shall not be granted for a substantial rehabilitation completed before May 13, 1982.

(b) Amount of rehabilitation bonus

The amount of bonus #floor area# granted for a qualifying theater rehabilitation shall be at the discretion of the Commission after consideration of the following findings:

- (1) how and to what extent the proposed rehabilitation will improve the theater's suitability for #use# as a legitimate theater; and
- (2) how the proposed rehabilitation will contribute toward satisfying the needs of the Theater Subdistrict;.
- (3) ~~whether the bonus #floor area# will unduly increase the #bulk# of any #development# or #enlargement#, density of population or intensity of #use# on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area; and~~
- (4) ~~whether the distribution and location of such #floor area# bonus will adversely affect the surrounding area by restricting light and air or otherwise impair the essential character or future development of the surrounding area.~~

Such bonus #floor area# shall not exceed 20 percent of the basic maximum #floor area# permitted on the #zoning lot# containing the ~~#development# or #enlargement#~~ "listed theater" by the regulations of the underlying district, except that in the case of an underlying C6-4, C6-5 or M1-6 District, the bonus #floor area# shall not exceed 44 percent of the basic maximum #floor area# permitted in such underlying district, and except that in the case of a #zoning lot# located partially in a C6-5.5 District and partially in a C6-7T District, the Commission may allow bonus #floor area# to be utilized anywhere on the #zoning lot#.

For purposes of applying the provisions of Section 11-42 (Lapse of Authorization or Special Permit by the City Planning Commission Pursuant to the 1961 Zoning Resolution) to a special permit granted pursuant to this Section, "substantial construction" shall mean substantial rehabilitation, as described in paragraph (b) of this Section, of the subject theater for which a #floor area# bonus has been granted to a related #development# or #enlargement#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding areas.

Future Subdivision of Certain Plan Review Sites

For any #plan review site# that does not comply with Section 107-08 (Future Subdivision of Certain Plan Review Sites), the City Planning Commission may authorize a future subdivision into two or more #zoning lots#, provided that the Commission finds that:

- (a) to the greatest extent possible, all individual trees of six-inch #caliper# or more, the existing topography, and all land located within a #designated open space#, are preserved under future #development# options within an #area of no disturbance#;
- (b) such subdivision complies with the goals described in paragraph (c) of Section 107-00 (GENERAL PURPOSES); and
- (c) where vehicular access and egress are located on an #arterial#, the location of such vehicular access and egress permits better site planning.

Any subdivision that is proposed to take place within the Special District after November 2, 2023, shall be filed with the City Planning Commission. A site plan and An #area plan# shall indicate the distribution of #bulk# for the individual #zoning lots# submitted to the Commission. Such approved subdivision shall then be recorded in the land records and indexed against all #zoning lots#.

For the purpose of applying the provisions of this Section, a subdivision includes reconfiguration of a #zoning lot# in a manner that would change its area or any dimension of such #zoning lot#.

PROCUREMENT

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City's PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public

All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www.nyc.gov/site/mocs/hhsa/hhs-accelerator-guides.page>

COMPASS PROGRAMS IN PUBLIC SCHOOLS - ELEMENTARY

- Competitive Sealed Proposals/Pre-Qualified List - Other - PIN# 26026P0003133 - AMT: \$25,520,400.00 - TO: New York Child Growth and Development Center Inc., 41-39 149th Street, Unit G, New York, NY 11355.

COMPASS and SONYC is one of DYCD's largest programs, with over 820 programs collectively throughout the five boroughs. Families rely on these programs to provide elementary and middle school students, during after school hours, summer and on holidays, programing which includes educational support, recreation, enrichment, and cultural activities to support and strengthen the overall development of our youth. Programs are offered at no cost to youth and are purposefully located in public and private schools, community centers, religious institutions, public housing and parks recreational facilities throughout the City to help families find a place that best fits their youth's needs. 25Q029 P.S. 029 Queens., 25Q154 P.S. 154 Queens.

DYCD has determined that Competitive Sealed Bidding is neither practicable nor advantageous to the City because this procurement necessitates the exercise of judgment in evaluating competing proposals and requires a balancing of price, quality, and programmatic factors to achieve the best outcomes. COMPASS programs are a critical part of the City's effort to support working families by providing free, high-quality afterschool and summer childcare services. They offer a wide range of enrichment activities that help students in Kindergarten through Grade 8 develop academically, socially, and emotionally, both in and out of the classroom. Given the complex nature of this work requiring cultural competency, deep community engagement, and

tailored programming to meet the diverse needs of NYC youth a proposal-based evaluation is essential. This approach allows DYCD to select providers not only based on cost, but also on their demonstrated experience, organizational capacity, staffing approach, and commitment to equitable service delivery. Therefore, the use of an RFP, rather than Competitive Sealed Bidding, is the most appropriate method to ensure the highest quality of services are delivered in alignment with the City's goals for youth development and family support.

Families rely on these programs to provide elementary and middle school students, during after school hours, summer and on holidays, programing which includes educational support, recreation, enrichment, and cultural activities to support and strengthen the overall development of our youth. Programs are offered at no cost to youth and are purposefully located in public and private schools, community centers, religious institutions, public housing and parks recreational facilities throughout the City to help families find a place that best fits their youth's needs. DYCD has determined that Competitive Sealed Bidding is neither practicable nor advantageous to the City because this procurement necessitates the exercise of judgment in evaluating competing proposals and requires a balancing of price, quality, and programmatic factors to achieve the best outcomes. COMPASS programs are a critical part of the City's effort to support working families by providing free, high-quality afterschool and summer childcare services. They offer a wide range of enrichment activities that help students in Kindergarten through Grade 8 develop academically, socially, and emotionally, both in and out of the classroom. Given the complex nature of this work requiring cultural competency, deep community engagement, and tailored programming to meet the diverse needs of NYC youth a proposal-based evaluation is essential. This approach allows DYCD to select providers not only based on cost, but also on their demonstrated experience, organizational capacity, staffing approach, and commitment

to equitable service delivery. Therefore, the use of an RFP, rather than Competitive Sealed Bidding, is the most appropriate method to ensure the highest quality of services are delivered in alignment with the City's goals for youth development and family support.

AGENCY RULES

BUILDINGS

■ PUBLIC HEARINGS

Notice of Public Hearing and Opportunity to Comment on Proposed Rule

What are we proposing? The Department of Buildings (DOB) is proposing to add a new section 3307-03 to Chapter 3300 of Title 1 of the Rules of the City of New York regarding approved sidewalk shed designs.

When and where is the hearing? DOB will hold a public hearing on the proposed rule online. The public hearing will take place at 11am on 9/24/26.

- **Join through Internet – Desktop app:**

To join the hearing via your browser either click on the following link or copy and paste it into your browser's address bar. Then follow the prompts to either continue using the browser or download/open the Teams desktop app.

Hearing Registration link

Or copy and paste below link into browser:

<https://events.gcc.teams.microsoft.com/event/2343d352-c2b9-417e-bbaf-e26bc39b5e9b@32f56fc7-5f81-4e22-a95b-15da66513bef?source=copyLinkLegacyShareLinkDialog>

Enter your name when prompted and click the **“Join now”** button. If you don't have computer audio or prefer to phone in for audio, select **“Phone audio”** under **“Other join options”** then click the **“Join now”** button. You will first be placed in a waiting status in the virtual lobby, then be admitted when the hearing begins. If you are using phone audio then follow the dial-in instructions when prompted.

If you have low bandwidth or inconsistent Internet connection, we suggest you use the Phone audio option for the hearing. This will reduce the possibility of dropped audio and stutters.

- **Join through Internet - Smartphone app:**

To join using the Microsoft Teams app on your smartphone, click on the following URL link from your phone to automatically open the Teams app. Note that the Microsoft Teams app must already be installed on your smartphone. It is available for free both in the Apple Store and Google Play.

Hearing Registration link

When prompted select “Join meeting”. Type your name and then select “Join meeting” again. You will first be placed in a waiting status in the virtual lobby, then be admitted when the hearing begins.

PLEASE NOTE: The above links are used to register for the hearing. Once registered, you will receive a confirmation email that will include a link to join the hearing. If you should run into technical difficulties when using the above links to register or you do not receive the registration confirmation email with your link to join the hearing, please use one of

the following alternative methods to join the hearing. You should receive the confirmation email within a short time of registering. Please check your junk email folder too if you do not see the email in your inbox. Best practice is to register for the hearing prior to the actual hearing date.

Alternatively, open the Teams app and select “Join a meeting”. Signing in with an account is not required. Type your name, the following Meeting ID and Passcode, then select “Join meeting”.

Meeting ID: 241 314 690 642 012

Passcode: bV2zT3AN (Code is case sensitive)

- **Join via phone only:**

To join the meeting only by phone, use the following information to connect:

Phone: 646-893-7101

Phone Conference ID: 157 044 371#

You will first be placed in a waiting status in the virtual lobby, then be admitted when the hearing begins.

How do I comment on the proposed rules? Anyone can comment on the proposed rules by:

- **Website.** You can submit comments to the DOB through the NYC rules website at <http://rules.cityofnewyork.us>.
- **Email.** You can email comments to dobrules@buildings.nyc.gov.
- **Mail.** You can mail comments to the New York City Department of Buildings, Office of the General Counsel, 280 Broadway, 7th floor, New York, NY 10007.
- **By speaking at the hearing.** Anyone who wants to comment on the proposed rule at the public hearing must sign up to speak. You can sign up by emailing dobrules@buildings.nyc.gov by 9/17/26 and including your name and affiliation. While you will be given the opportunity during the hearing to indicate that you would like to provide comments, we prefer that you sign up in advance. You can speak for up to three minutes. Please note that the hearing is for accepting oral testimony only and is not held in a “Question and Answer” format.

Is there a deadline to submit comments? Yes, you must submit comments by 9/24/26.

What if I need assistance to participate in the hearing? You must tell the Office of the General Counsel if you need a reasonable accommodation of a disability at the hearing. You can tell us by email at dobrules@buildings.nyc.gov. Advance notice is requested to allow sufficient time to arrange the accommodation. You must tell us by 9/10/26.

This location has the following accessibility option(s) available: Simultaneous transcription for people who are hearing impaired, and audio only access for those who are visually impaired.

Can I review the comments made on the proposed rules? You can review the comments made online on the proposed rules by going to the website at <http://rules.cityofnewyork.us/>. Copies of all comments submitted online, copies of all written comments and a summary of oral comments concerning the proposed rule will be available to the public at the Office of the General Counsel and may be requested by email at dobrules@buildings.nyc.gov.

What authorizes DOB to make this rule? Sections 643 and 1043(a) of the City Charter and section 3307.6.4 of the New York City Building Code authorize DOB to make this proposed rule. This proposed rule was included in DOB's regulatory agenda for Fiscal Year '26.

Where can I find DOB's rules? DOB's rules are in Title 1 of the Rules of the City of New York.

What rules govern the rulemaking process? DOB must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043(b) of the City Charter.

Statement of Basis and Purpose of Proposed Rule

Local Law 47 of 2025 (“LL 47”) required the Department of Buildings (“the Department”) to evaluate sidewalk shed designs to determine whether improvements over existing shed designs can be made to improve the pedestrian experience without diminishing the safety of the sidewalk shed.

LL 47 amended section 3307.6.4 of the New York City Building Code (“Building Code”) to allow the Department to promulgate rules adding to, deleting or modifying the requirements set forth in sections

3307.6.4.1 through 3307.6.4.11 of the Building Code as necessary to support the implementation of new sidewalk shed designs.

The Department is proposing a new rule to establish requirements for the use of Standard Design Packages for sidewalk sheds developed as part of the Department's 2025 sidewalk shed design study required by LL 47.

Sidewalk sheds are required by the Building Code in certain circumstances to protect pedestrians and the public from hazards associated with construction, alteration, maintenance, and façade work. While sidewalk sheds serve an important public safety function, traditional shed designs can substantially affect the pedestrian environment, including access to light, visibility, sidewalk space and the appearance of the streetscape.

The Department's 2025 sidewalk shed design study evaluated alternative sidewalk shed configurations intended to maintain the level of public protection required by the Building Code while improving the pedestrian experience and providing additional options for the design and installation of sidewalk sheds. The study resulted in the development of the following six standardized sidewalk shed designs:

1. Air Shed,
2. Baseline Shed,
3. Flex Shed,
4. Rigid Shed,
5. Speed Shed, and
6. Wide Baseline Shed.

The proposed rule would make these alternative designs available for practical use while maintaining the Building Code's public safety requirements and the responsibility of registered design professionals for site-specific conditions. Standardizing these designs will provide designers, contractors, owners, and Department staff with clear and consistent requirements for their permitting, installation, inspection, and use.

Under the proposed rule, a registered design professional may use an applicable Standard Design Package to design a sidewalk shed. The construction documents may incorporate drawings, details, schedules, notes, specifications, and other technical information contained in the applicable Standard Design Package. The registered design professional would remain responsible for the project-specific application of the Standard Design Package and for the accuracy and completeness of the construction documents submitted to the Department.

The proposed rule also requires the registered design professional to evaluate conditions specific to each installation, including foundations, shims, sidewalk vaults, utility structures, dimensions, loads, and other site conditions. Where an installation deviates from the applicable Standard Design Package, the deviation must be identified on the construction documents and supported by project-specific engineering demonstrating compliance with the Building Code.

The rule coordinates the Standard Design Packages with the existing requirements of Section 3307.6 of the Building Code. Except where specifically modified by the rule, the applicable requirements of Section 3307.6 still apply. The rule identifies those requirements for which the specifications contained in a Standard Design Package may be used, including requirements relating to structural members, decking, parapets, height, and lighting.

Light Duty and Extra Light Duty Sheds

- Light duty sheds may only be used where the work being protected is performed at a height of less than 100 feet above grade.
- Extra light duty sheds are limited to buildings fewer than seven stories in height where the highest point of the work is less than 100 feet above grade and may only be used in connection with façade inspection, maintenance, repair, or restoration work.

Storage of materials, equipment, or supplies is not permitted on light duty or extra light duty sheds.

Heavy Duty Sheds

- For heavy duty sidewalk sheds where materials or equipment will be stored or placed on the shed, the rule preserves the applicable Building Code requirements governing storage loads and requires the registered design professional to account for project-specific storage conditions. This approach permits the structural engineering incorporated into a Standard Design Package to be relied upon where applicable while preserving the Building Code's required capacity for storage and other imposed loads.

The proposed rule also addresses inspection, special inspection, alternative decking materials, corrosion-resistant fasteners, weather

sealing, and field modifications. Sidewalk shed designs that do not utilize one of the Standard Design Packages may still be used but must fully comply with Section 3307.6 of the Building Code without relying upon the modifications provided by this rule.

The Department of Buildings' authority for these rules is found in sections 643, 645, and 1043 of the New York City Charter and section 3307.6.4 of the New York City Building Code.

New material is underlined.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Chapter 3300 of Title 1 of the Rules of the City of New York is amended by adding a new section 3307-03 to read as follows:

§ 3307-03 Requirements for Sidewalk Sheds Based on Standard Sidewalk Shed Design Packages.

(a) Definitions. For purposes of this section, the term "standard design package" means one of the six standard sidewalk shed designs developed from the Department's 2025 sidewalk shed design study for use in New York City and listed in subdivision (b) of this section.

(b) Standard design packages. The Department accepts the following Standard Design Packages that may be accessed using the hyperlinks provided below:

- (1) Air Shed: <https://www.nyc.gov/assets/buildings/pdf/air-shed-design.pdf>
- (2) Baseline Shed: <https://www.nyc.gov/assets/buildings/pdf/baseline-shed-design.pdf>
- (3) Flex Shed: <https://www.nyc.gov/assets/buildings/pdf/flex-shed-design.pdf>
- (4) Rigid Shed: <https://www.nyc.gov/assets/buildings/pdf/rigid-shed-design.pdf>
- (5) Speed Shed: <https://www.nyc.gov/assets/buildings/pdf/speed-shed-design.pdf>
- (6) Wide Baseline Shed: <https://www.nyc.gov/assets/buildings/pdf/wide-shed-design.pdf>

(c) Use of standard design packages. A registered design professional may utilize one of the six Standard Design Packages as the basis for the design of a sidewalk shed.

(1) The construction documents that the registered design professional submits to the Department may incorporate the applicable drawings, details, schedules, notes, specifications, and other technical information contained in the selected Standard Design Package, provided the construction documents clearly identify the specific Standard Design Package being utilized.

(2) The registered design professional must supplement the Standard Design Package with project-specific construction documents identifying all information necessary to demonstrate conformance with this section, including, but not limited to, the selected design configuration, dimensions, foundation conditions, storage loads, and any other project-specific information required by this section.

(3) Where the proposed installation deviates from the selected Standard Design Package, such deviations must be clearly identified on the construction documents and supported by project-specific engineering demonstrating compliance with the New York City Building Code ("Building Code").

(4) Drawings, details, notes, schedules, and specifications reproduced from a Standard Design Package may not be modified except where such modification is clearly identified on the construction documents and supported by project-specific engineering required by this section.

(5) Nothing in this section relieves the registered design professional of responsibility for the project-specific application of the Standard Design Package or for the accuracy and completeness of the construction documents submitted to the Department.

(d) Site-specific design. A site-specific design must be prepared by a registered design professional for each installation. The registered design professional must verify that existing site conditions, including foundations, shims, sidewalk vaults, utility structures and similar features are compatible with the selected design.

(1) **Permit application.** The site-specific design must be detailed on construction documents submitted as part of the permit application for the sidewalk shed.

(2) **Construction documents.** The construction documents must, at a minimum, include all information required by Section 3307.6.4.1 of the Building Code and must identify the live load duty classification of the selected Standard Design Package. Design and storage loads must be in accordance with subparagraph (i) of paragraph (3) of this subdivision and the applicable provisions of Section 3307.6.4.2 of the Building Code.

(3) **Design conformance.** The design must comply with all of the details, notes, and stipulations contained in the selected Standard Design Package. All applicable provisions of Section 3307.6 of the Building Code remain applicable except as specified in this paragraph.

(i) A sidewalk shed installed pursuant to this section must comply with the applicable design and storage load requirements of Section 3307.6.4.2 of the Building Code. The registered design professional must identify on the construction documents any areas intended for material or equipment storage or placement on a sidewalk shed, along with any stipulations and restrictions. Where materials or equipment are to be stored or placed on a heavy duty sidewalk shed, such storage or placement must comply with Section 3307.6.4.2.2 of the Building Code, and the registered design professional must verify, by project-specific structural analysis, that the required live-load capacity, including a minimum reserve capacity of 150 pounds per square foot, is maintained after accounting for the proposed storage or placement loads. Where the proposed installation otherwise conforms to the selected Standard Design Package, no further analysis of the Building Code Chapter 16 design loads incorporated into the Standard Design Package is required. Deviations from the selected Standard Design Package must be supported by project-specific engineering compliance with the Building Code. No storage or placement is allowed on a shed designed as a light duty or extra light duty sidewalk shed.

(ii) In lieu of complying with the vertical member and beam requirements of items 2, 7, and 8 of Section 3307.6.4.4 of the Building Code, a sidewalk shed must instead comply with the vertical member and beam requirements specified in the selected Standard Design Package.

(iii) In lieu of complying with the decking requirements of items 1 through 4 of Section 3307.6.4.5 of the Building Code, a sidewalk shed must instead conform to the decking requirements specified in the selected Standard Design Package.

(iv) Where the selected Standard Design Package does not require a parapet, the sidewalk shed is exempt from the parapet requirements of Section 3307.6.4.6 of the Building Code. Where a parapet is not required, the shed is also exempt from the signage and artwork requirements of Sections 3301.9.2 and 3307.11 of the Building Code. Where the selected Standard Design Package provides an option for a parapet and a parapet is voluntarily installed on the shed, the parapet must conform to the parapet requirements specified in such Standard Design Package. Where a parapet is not required, and the selected Standard Design Package does not provide an option for a parapet, any parapet voluntarily installed on the sidewalk shed must meet the parapet requirements of Section 3307.6.4.6 of the Building Code.

(v) In lieu of complying with the height requirements of Section 3307.6.4.7 of the Building Code, a sidewalk shed must instead conform to the height requirements specified in the selected Standard Design Package.

(vi) In lieu of complying with the lighting requirements of Section 3307.6.4.8 of the Building Code, a sidewalk shed must instead conform to the lighting requirements specified in the selected Standard Design Package.

(e) **Light duty and extra light duty sheds.** A sidewalk shed classified as a light duty shed in the selected Standard Design Package may only be installed to protect from work performed at a height of less than 100 feet (30 480 mm) above the ground. A sidewalk shed classified as an extra light duty shed in the selected Standard

Design Package may only be installed in connection with buildings fewer than seven stories in height, where the highest point of such work is less than 100 feet (30 480 mm) above ground. Extra light duty sidewalk sheds may only be installed to protect pedestrians from façade inspection, maintenance, repair or restoration work. No storage of materials, equipment, or supplies is permitted on light duty or extra light duty sidewalk sheds.

(f) **Installation inspection.** The person who performs the inspection required by Section 3307.6.5.7 of the Building Code must be a registered design professional.

(g) **Inspection following an adjustment or repair.** The person who performs the inspection required by Section 3307.6.5.9 of the Building Code must be a registered design professional.

(h) **Special inspection.** Sidewalk sheds installed pursuant to this section are subject to all applicable special inspection requirements, including but not limited to those for welding, bolts, and steel fabrication.

(i) **Approval of alternative decking materials.** Where decking material other than that specified in the selected Standard Design Package is intended to be utilized, special approval of the Department must be obtained prior to the installation of the material.

(j) **Corrosion-resistant fasteners.** Only corrosion-resistant fasteners may be used.

(k) **Weather sealant tape.** All joints in transparent decking panels or transparent parapet panels must be sealed with transparent weather sealant tape.

(l) **Other designs.** Nothing in this section prohibits the design of a sidewalk shed that differs from one of the standard design packages. However, such other shed must fully comply with the requirements of Section 3307.6 of the Building Code and cannot utilize the exemptions specified in paragraph (3) of subdivision (d) of this section.

(m) **Field modifications.** No modification to a standard sidewalk shed design may be made unless expressly permitted by the selected Standard Design Package or approved by the registered design professional.

HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

Notice of Adoption

NOTICE IS HEREBY GIVEN THAT pursuant to section 421-a(16) of the New York State Real Property Tax Law and in accordance with sections 1043 and 1802 of the City Charter, the Department of Housing Preservation and Development (HPD) is adopting amendments to Chapter 51 of Title 28 of the Rules of the City of New York.

A notice of proposed rulemaking was published in the City Record on June 26, 2026. A public hearing was held on August 4, 2026. HPD received no comments related to the proposed rule. No changes have been made to the rule as proposed.

Statement of Basis and Purpose

The New York State program commonly called 421-a (contained in section 421-a of the New York State Real Property Tax Law, or RPTL) provides tax exemptions to certain housing developments. The 421-a exemption sunsets periodically, and its latest iteration is in RPTL section 485-x. However, housing developments that began construction before the commencement deadline and complete construction before the applicable completion deadline set forth in subdivision 16 of RPTL section 421-a are still eligible to receive a tax exemption pursuant to that subdivision.

In 2024, the Legislature amended the definition of “Eligible Multiple Dwelling,” or apartment building eligible for the 421-a(16) exemption, in RPTL section 421-a(16)(a)(xxviii). This amendment extended the completion deadline from June 15, 2026 to June 15, 2031 for projects that meet certain affordability criteria set forth in section 421-a(16) (Affordability Options A, B, D, E or F), and other obligations, including providing a Letter of Intent to HPD within the requisite time frame. The completion deadline for the other 421-a(16) affordability options (Affordability Options C and G) was not extended and remains June 15, 2026.

As part of the application process for the 421-a(16) exemption, projects must submit a “Workbook” to the Department of Housing Preservation and Development (HPD), outlining, among other things, the specific affordability option that the project proposes to meet (Affordability Options A through G). HPD’s current rules only allow Workbooks to be changed after they are approved by HPD under limited circumstances.

This poses a difficulty for projects that have submitted Workbooks for Affordability Options C or G in the hope that they would meet the June 15, 2026 completion deadline but have not been able to do so. Many of those projects also submitted a Letter of Intent to use Affordability

Options A, B, D, E or F just in case they would be unable to meet the earlier deadline. However, in order to be eligible for 421-a(16) tax exemptions under Affordability Options A, B, E or F, such projects need to make changes to the Workbooks they had already submitted under their prior affordability option selection.

Therefore, HPD is amending its rules to authorize post-approval changes to Workbooks for projects that have filed a Notice of Intent if: (a) such project’s approved Workbook identified the project as an Affordability Option C or Affordability Option G project, and (b) such project’s Letter of Intent and amended Workbook indicate that it is changing its Affordability Option to Affordability Option A, Affordability Option B, Affordability Option E or Affordability Option F. The amended rule does not allow changes to the Utility Allowance and Multifamily Tax Subsidy Project Income Limits for the New York, New York HUD FMR Area contained in the original Workbook.

HPD’s authority for these rules is found in sections 1043 and 1802 of the New York City Charter and section 421-a of the Real Property Tax Law.

New material is underlined.

[Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Subdivision (b) of section 51-02 of chapter 51 of Title 28 of the Rules of the City of New York is amended by adding a new paragraph (4) to read as follows:

(4) Notwithstanding paragraph (1) of this subdivision, the Agency may authorize changes to a Workbook for which the Agency provided an initial approval after the Notice of Intent has been filed for the Eligible Multiple Dwelling, provided that (i) the Agency shall only authorize changes related to the selection of the Affordability Option for the Eligible Multiple Dwelling, and (ii) the Agency shall only authorize such changes if all of the following conditions are met:

(A) the Workbook for which the Agency provided an initial approval indicated that the Eligible Multiple Dwelling would comply with Affordability Option C or Affordability Option G;

(B) the Eligible Multiple Dwelling for which such Workbook was submitted provided a letter of intent in accordance with clause (2) of subparagraph (xxviii) of paragraph (a) of the Act indicating that the Eligible Multiple Dwelling would comply with Affordability Option A, Affordability Option B, Affordability Option E or Affordability Option F and therefore would be eligible for an extension of its Completion Date to no later than June 15, 2031; and

(C) such Eligible Multiple Dwelling has submitted to the Agency proposed amendments to its Workbook that change its selected Affordability Option from Affordability Option C or Affordability Option G to Affordability Option A, Affordability Option B, Affordability Option E or Affordability Option F.

OFFICE OF THE MAYOR

■ NOTICE

EMERGENCY EXECUTIVE ORDER No. 1.44

August 13, 2026

WHEREAS, pursuant to a state of emergency first declared by Emergency Executive Order No. 241, dated September 15, 2021, and subsequent orders extending such state of emergency, compliance by the Department of Correction (DOC) with various laws and regulations has not been required; and

WHEREAS, such orders issued prior to January 5, 2026 did not provide or require a plan for actions that would enable DOC to come into compliance with applicable laws and regulations for which compliance is not required as a result of such orders; and

WHEREAS, the state of emergency first declared in 2021 continues for the present pending the expedited development and implementation of such plan;

NOW, THEREFORE, pursuant to the powers vested in me as Mayor of the City of New York, by the laws of the State of New York and the City of New York, including but not limited to the New York Executive Law, the New York City Charter and the Administrative Code of the City of New York, and the common law authority to protect the public in the event of an emergency, it is hereby ordered:

Section 1. Section 1 of Emergency Executive Order No. 1.43, dated August 8, 2026, is hereby extended for five (5) days.

§ 2. DOC, in consultation with the Law Department, shall regularly update the Mayor regarding additional suspensions that can be lapsed to comply with the implementation action plan developed pursuant to Section 2 of Emergency Executive Order 1, dated January 5, 2026, and with applicable laws and regulations that presently do not apply pursuant to Emergency Executive Orders.

§ 3. This Emergency Executive Order shall take effect immediately and shall remain in effect for five (5) days unless it is terminated or modified at an earlier date.

EMERGENCY EXECUTIVE ORDER No. 2.44

August 13, 2026

WHEREAS, pursuant to a state of emergency first declared by Emergency Executive Order No. 224, dated October 7, 2022, and subsequent orders extending such state of emergency, the City has operated Humanitarian Emergency Response and Relief Centers to provide temporary housing in response to the substantial increase in new arrivals during recent years; and

WHEREAS, such orders issued prior to January 5, 2026 did not provide or require a plan for actions that would be taken to eliminate the need for the suspensions and modifications of laws and rules effected by the orders; and

WHEREAS, such state of emergency continues for the present pending the expedited development and implementation of such plan;

NOW, THEREFORE, pursuant to the powers vested in me as Mayor of the City of New York, by the laws of the State of New York and the City of New York, including but not limited to the New York Executive Law,

the New York City Charter and the Administrative Code of the City of New York, and the common law authority to protect the public in the event of an emergency:

Section 1. Section 1 of Emergency Executive Order No. 2.43, dated August 8, 2026, is hereby extended for five (5) days.

§ 2. The Department of Social Services and the Department of Homeless Services, in consultation with the Law Department, shall regularly update the Mayor on the implementation action plan and efforts to phase out the continued use of facilities that have been operated in reliance on the suspensions and modifications of laws and rules.

§ 3. This Emergency Executive Order shall take effect immediately and shall remain in effect for five (5) days unless it is terminated or modified at an earlier date.

Zohran Kwame Mamdani
Mayor
