HOUSING PRESERVATION AND DEVELOPMENT

■ PUBLIC HEARINGS

PLEASE TAKE NOTICE that a public hearing will be held on October 15, 2026, at the 9 West 124th Street at 11:00 A.M., or as soon thereafter as the matter may be reached on the calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed amendments to a deed and land disposition agreement identified below.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") proposed amendments to the terms and conditions of the sale of certain real property previously conveyed by the City of New York (collectively, "Disposition Area") in the Borough of Manhattan:

Address	Block /Lots	Community District
53 East 110 Street	1616/123	11
304 East 126 Street	1802/47	11
201 East 120 Street	1785/1	11
204 West 121 Street	1926/35	10

Under HPD's Division of Property Disposition and Finance program, City-owned vacant and/or occupied multifamily residential buildings may be purchased and gut-rehabilitated by a designated sponsor in order to create affordable rental housing units with a range of affordability. Construction and permanent financing is provided through loans from private institutional lenders and from public sources, including HPD.

On November 23, 2020, the City conveyed the Disposition Area to CLT East Harlem/El Barrio Community Land Trust Housing Development Fund Corporation. The deed and land disposition agreement recorded against the Premises requires compliance with a project summary approved by the Council requiring the development of approximately 36 rental dwelling units, two commercial spaces, and one community facility space. While it was originally intended that there would be commercial spaces in the project, it is now being developed with three community facility spaces and approximately 38 rental dwelling units. On July 16, 2026 (Res. No. 579), the Council approved and amended project summary reflecting these new conditions, and the deed and land disposition agreement will be amended to reflect these changes.

A public file containing copies of the calendar document and other public documents will be made available to Manhattan Community Board 10 for public review at the office of Manhattan Community Board 10 no later than twenty (20) days prior to the public hearing.

The hearing location is accessible to individuals using wheelchairs or other mobility devices. For further information on accessibility or to make a request for accommodation, such as sign language interpretation services, please contact the Mayor's Office Of Contract Services ("MOCS") via e-mail at disabilityaffairs@mocs.nyc.gov or via phone at (212) 788-0010. TDD users should call Verizon relay services. Any person requiring reasonable accommodation for the public hearing should contact MOCS at least three (3) business days in advance of the hearing to ensure availability.

This minimized the hardware and software required to make the TSP System operational. Existing and future bus corridors on the TSP System span approximately 200 miles and include about 3,500 signalized traffic intersections. Additionally, more corridors are planned/deployed over the next few years.

DYCD has determined that Competitive Sealed Bidding is neither practicable nor advantageous to the City because this procurement necessitates the exercise of judgment in evaluating competing proposals and requires a balancing of price, quality, and programmatic factors to achieve the best outcomes. DYCD is seeking pre-qualified Health and Human Services (HHS) providers to operate COMPASS programs. These programs are located in New York City Public School (NYCPS) sites and charter schools housed within NYCPS buildings and serve elementary and middle school students across all five boroughs. COMPASS programs are a critical part of the City's effort to support working families by providing free, high-quality afterschool and summer childcare services. They offer a wide range of enrichment activities that help students in Kindergarten through Grade 8 develop academically, socially, and emotionally, both in and out of the classroom. Given the complex nature of this work—requiring cultural competency, deep community engagement, and tailored programming to meet the diverse needs of NYC youth a proposal-based evaluation is essential. This approach allows DYCD to select providers not only based on cost, but also on their demonstrated experience, organizational capacity, staffing approach, and commitment to equitable service delivery. Therefore, the use of an RFP, rather than Competitive Sealed Bidding, is the most appropriate method to ensure

the highest quality of services are delivered in alignment with the City's goals for youth development and family support.

Statement of Basis and Purpose of Proposed Rule

The Fair Fares NYC Program helps New York City residents with low incomes manage their transportation costs by providing them with a 50% discount on public transportation. Eligible New York City residents receive a 50% discount on subway and eligible bus fares. Fair Fares can also provide 50% off MTA Access-A-Ride paratransit trips.

Last year, the Fair Fares income level was raised from 145 percent of the Federal Poverty Level ("FPL") to 150 percent. This proposed rule would further raise the income level to 200 percent of the FPL. Expansion of the Fair Fares program discount would assist low-income New Yorkers by improving access to daily needs such as jobs, education, healthcare, food, parks, and recreation. Additionally, improved access would address income disparities and improve quality of life outcomes for the lowest income New Yorkers.

The proposed rule would also waive the renewal requirement for program participants who enrolled while receiving public assistance and continue to receive public assistance. This will enable public assistance clients to continue to participate in Fair Fares without having to verify their income or other eligibility requirements, as the Department already has this information as part of verifying their continued eligibility for public assistance.

The Department's authority for these rules is found in Section 603 of the City Charter and Sections 34 and 77 of the New York Social Services Law.

New material is underlined. Deleted material is [bracketed].

Section 1. Section 12-01 of Title 68 of the Rules of the City of New York is amended by adding a new subdivision (i), to read as follows:

(i) "Public Assistance" means Cash Assistance or Supplemental Nutrition Assistance program benefits.

§ 2. Subparagraph (C) of paragraph (3) of subdivision (a) of section 12-03 of Title 68 of the Rules of the City of New York is amended to read as follows:

(C) The applicant's gross income must not exceed [150] 200 percent of Federal Poverty Level (FPL);

§ 3. Subdivision (c) of section 12-04 of Title 68 of the Rules of the City of New York is amended, and a new subdivision (d) is added, to read as follows:

(c) [In order to re-enroll in the Program after their first or any subsequent year, or after having their discount deactivated pursuant to subdivision (b) of this section] Except as provided in subdivision (d) of this section, an individual must satisfy the same eligibility requirements as a new applicant to re-enroll in the Program after their first or any subsequent year, or after their FF discount has been deactivated pursuant to subdivision (b) of this section.

(d) An individual who is receiving public assistance at the time they first enroll in the Program will remain enrolled in the Program, without the need to re-enroll, so long as they continue to receive public assistance, meet the requirements set forth in 68 RCNY § 12-03(a)(3), and are in compliance with 68 RCNY § 12-05.
