HOUSING PRESERVATION AND DEVELOPMENT

■ PUBLIC HEARINGS

PLEASE TAKE NOTICE that a public hearing will be held on October 15, 2026, at the 9 West 124th Street at 11:00 A.M., or as soon thereafter as the matter may be reached on the calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed amendments to a deed and land disposition agreement identified below.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") proposed amendments to the terms and conditions of the sale of certain real property previously conveyed by the City of New York (collectively, "Disposition Area") in the Borough of Manhattan:

Address	Block /Lots	Community District
53 East 110 Street	1616/123	11
304 East 126 Street	1802/47	11
201 East 120 Street	1785/1	11
204 West 121 Street	1926/35	10

Under HPD's Division of Property Disposition and Finance program, City-owned vacant and/or occupied multifamily residential buildings may be purchased and gut-rehabilitated by a designated sponsor in order to create affordable rental housing units with a range of affordability. Construction and permanent financing is provided through loans from private institutional lenders and from public sources, including HPD.

On November 23, 2020, the City conveyed the Disposition Area to CLT East Harlem/El Barrio Community Land Trust Housing Development Fund Corporation. The deed and land disposition agreement recorded against the Premises requires compliance with a project summary approved by the Council requiring the development of approximately 36 rental dwelling units, two commercial spaces, and one community facility space. While it was originally intended that there would be commercial spaces in the project, it is now being developed with three community facility spaces and approximately 38 rental dwelling units. On July 16, 2026 (Res. No. 579), the Council approved and amended project summary reflecting these new conditions, and the deed and land disposition agreement will be amended to reflect these changes.

A public file containing copies of the calendar document and other public documents will be made available to Manhattan Community Board 10 for public review at the office of Manhattan Community Board 10 no later than twenty (20) days prior to the public hearing.

The hearing location is accessible to individuals using wheelchairs or other mobility devices. For further information on accessibility or to make a request for accommodation, such as sign language interpretation services, please contact the Mayor's Office Of Contract Services ("MOCS") via e-mail at disabilityaffairs@mocs.nyc.gov or via phone at (212) 788-0010. TDD users should call Verizon relay services. Any person requiring reasonable accommodation for the public hearing should contact MOCS at least three (3) business days in advance of the hearing to ensure availability.

DYCD has determined that Competitive Sealed Bidding is neither practicable nor advantageous to the City because this procurement

necessitates the exercise of judgment in evaluating competing proposals and requires a balancing of price, quality, and programmatic factors to achieve the best outcomes. DYCD is seeking pre-qualified Health and Human Services (HHS) providers to operate COMPASS programs. These programs are located in New York City Public School (NYCPS) sites and charter schools housed within NYCPS buildings and serve elementary and middle school students across all five boroughs. COMPASS programs are a critical part of the City's effort to support working families by providing free, high-quality afterschool and summer childcare services. They offer a wide range of enrichment activities that help students in Kindergarten through Grade 8 develop academically, socially, and emotionally, both in and out of the classroom. Given the complex nature of this work—requiring cultural competency, deep community engagement, and tailored programming to meet the diverse needs of NYC youth a proposal-based evaluation is essential. This approach allows DYCD to select providers not only based on cost, but also on their demonstrated experience, organizational capacity, staffing approach, and commitment to equitable service delivery. Therefore, the use of an RFP, rather than Competitive Sealed Bidding, is the most appropriate method to ensure the highest quality of services are delivered in alignment with the City's goals for youth development and family support.

Programs are offered at no cost to youth and are purposefully located in public and private schools, community centers, religious institutions, public housing and parks recreational facilities throughout the City to help families find a place that best fits their youth's needs. AGENCY RULES

SANITATION

■ NOTICE

Notice of Adoption of Rule Relating to the Implementation of the Brooklyn East, Manhattan Northeast, Queens West, and Manhattan West Commercial Waste Zones

NOTICE IS HEREBY GIVEN in accordance with the requirements of Section 1043 of the New York City Charter and pursuant to the authority vested in the Commissioner of the Department of Sanitation by sections 753 and 1043(a) of the New York City Charter and Titles 16 and 16-B of the New York City Administrative Code that the Department adopts the following rule adding the implementation schedule for the Brooklyn East, Manhattan Northeast, Queens West, and Manhattan West Commercial Waste Zones (CWZ). The Department published a Notice of Opportunity to Comment on the proposed rule in the City Record on July 15, 2026. On August 25, 2026, the Department held a public hearing on the proposed rule.

Statement of Basis and Purpose of Rule

In 2019, New York City enacted Local Law 199 requiring the establishment of a new program for the collection of commercial waste. The program, known as the Commercial Waste Zones (CWZ) program, is a safe, efficient, and competitive collection system designed to provide high-quality service to New York City businesses while advancing the City's waste diversion and sustainability goals. Pursuant to Local Law 199 of 2019, codified in Title 16-B of the New York City Administrative Code, the geographic area of New York City has been divided into 20 CWZs. Pursuant to a request for proposals process, three private carters providing commercial waste collection services were selected by the Department to serve businesses within each CWZ, and five carters were selected to provide citywide containerized commercial waste collection services to businesses that use dumpsters and compactors. The selected carters are referred to as "awardees." The resulting contracts with the awardees include standards for pricing, customer service, safety, environmental health, and requirements to promote the City's commitment to recycling and sustainability.

Local Law 199 of 2019 requires the Department to issue rules setting forth an implementation start date and a final implementation date for each CWZ established. *See* Ad. Code § 16-1002(e)(3). Different implementation start and end dates may be established for different CWZs. The Department previously set the implementation start and end dates for the first ten CWZs: Queens Central, Bronx East, Bronx West, Queens Northeast, Brooklyn South, Lower Manhattan, Midtown South, Staten Island, Brooklyn North, and Upper Manhattan. This rule sets the implementation start date and final implementation date for the next four zones: Brooklyn East, Manhattan Northeast, Queens West, and Manhattan West. Subsequent rules will set the implementation dates for the remaining six zones.

Local Law 199 of 2019 also prohibits awardees from refusing commercial waste collection services to any commercial establishment required to provide for the removal of such waste within a commercial waste zone for which the awardee has been awarded an agreement with the City. *See* Ad Code § 16-1005(a)(2). Section 20-22(a)(2) of the Rules of the City of New York provides that awardees must offer such commercial establishments the following levels of service per week: at least two days of refuse collection, one day of designated recyclable materials collection, and, if the commercial establishment is a designated covered commercial establishment, at least one day of source separated organics collection. The Department received complaints from customers who were unable to contract with awardees for service below these levels of service. This amendment clarifies that these service levels constitute a default level of service and do not preclude an awardee from providing less frequent service to an establishment that requests less frequent service and that an awardee may not deny, suspend, or terminate service to an establishment that need less frequent service than the default level of service provided for in such Section 20-22(a)(2).

DSNY's authority for these rules is found in Section 753 and Section 1043(g) of the New York City Charter and Title 16-B of the

New York City Administrative Code. The Department received one written comment in support of the proposed rule and two written comments about unrelated issues. The comments did not lead to any changes in the rule.

New material is underlined.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Subdivision b of section 20-02 of Title 16 of the Rules of the City of New York is amended to read as follows:

(b) Awardees for one or more of the commercial waste zones set forth in subdivision (a) of this section and for citywide containerized service are authorized to commence service in the awarded zones on the following implementation start and final implementation dates:

EXECUTIVE ORDER No. 20 September 3, 2026

CRACKING DOWN ON WORKER ABUSE AND ESTABLISHING THE MAYOR'S OFFICE OF WORKER POWER

WHEREAS, the working people of New York City who build, clean, move, care for, and define our city should enjoy the promise of a just day's pay for a hard day's work and job security, but too many are forced to cobble together unstable, precarious work to survive, without job stability, adequate work hours, or predictable incomes; and

WHEREAS, the working people of New York City should receive the highest protections to which they are entitled, but too many endure wage theft and other violations of their basic rights on the job; and

WHEREAS, law-abiding employers should not have to compete against those who cut corners by cheating their workers and violating worker protection laws; and

WHEREAS, all City agencies should have ready access to information about worker protection violations uncovered by other agencies, and government cooperation promotes efficiency, builds public trust, and deters non-compliance; and

WHEREAS, the Deputy Mayor for Economic Justice is responsible for embedding economic justice across agencies, protecting immigrant communities, and unlocking the economic potential of the City's workforce while ensuring their protection and the protection of consumers; and

WHEREAS, to fulfill these responsibilities, the Deputy Mayor for Economic Justice supervises and coordinates the Department of Small Business Services, the Department of Consumer and Worker Protection, the Taxi and Limousine Commission, the Commission on Human Rights, the Economic Development Corporation, the Office of Immigrant Affairs, and the Office of Equity and Racial Justice, among other agencies;

NOW, THEREFORE, by the power vested in me as Mayor of the City of New York, it is hereby ordered:

Section 1. Cracking down on worker abuse. The Deputy Mayor for Economic Justice shall establish enforcement principles for agencies responsible for enforcing the City's worker protection laws. Such principles shall include the prioritization of monitoring, investigating, and taking enforcement action against companies that deny workers workplace protections. Where warranted, such worker protection investigations and enforcement actions shall include all workers affected by an identified unlawful practice and shall be directed towards addressing all violations found to exist companywide. Such agencies shall, to the extent permitted by law, seek monetary relief for all workers who experience violations without regard to whether any such worker filed an individual complaint, and take all appropriate actions to enforce subpoenas issued in relation to enforcement actions.

§ 2. Proactive investigations to identify and stop violations. The Department of Consumer and Worker Protection ("DCWP"), the Taxi and Limousine Commission ("TLC"), and the Commission on Human Rights ("CCHR"), in coordination with the Deputy Mayor for Economic Justice, shall develop directed investigation procedures for investigating workplace violations and other predatory practices when no complaint has been filed. Such procedures shall prioritize the investigation of employers and entities with a history of labor violations or other indicators of poor compliance with labor standards, with a particular focus on such employers that have large numbers of workers with low wages, and such procedures shall utilize all investigative tools available, including subpoenas, directives, and summonses.

§ 3. Protecting immigrant workers from illegal tactics. All agencies with authority to enforce laws protecting workers' rights shall make

every effort to ensure that workers seeking to learn about their rights or to report violations of worker protection laws are not discriminated against, harassed, retaliated against, or targeted based on immigration status, race, ethnicity, nationality, or on the basis of any other protected category. Agencies shall enforce anti-retaliation measures and keep the identity of a complainant confidential wherever possible under applicable law, to the extent practicable and consistent with effective investigation of complaints.

§ 4. Agency coordination & information sharing. The Deputy Mayor for Economic Justice shall oversee a Citywide initiative to maximize collaboration among enforcement agencies to ensure maximum impact in protecting workers' rights, including using all powers available from each agency to ensure violations are corrected and wages and penalties are paid. DCWP, CCHR, TLC, and other agencies identified by the Deputy Mayor for Economic Justice shall share information about violations of federal, state, and local worker protections to assist in fulfilling the goals of this Order consistent with the powers and duties delegated to them by applicable law.

§ 5. Establishment of the Mayor's Office of Worker Power. There is hereby established within the Office of the Mayor a Mayor's Office of Worker Power, which shall be supervised and coordinated by the Deputy Mayor for Economic Justice. This office shall support the legal rights of workers to organize, ensure opportunities for worker input in the development of City policies related to their rights, and evaluate ways the City can better advance workers' ability to exercise their rights, report violations, and assist the City in complying with this Order and other responsibilities. The Office shall be led by an Executive Director appointed by and who shall serve at the pleasure of the Mayor.

§ 6. Rule of construction. The principles, procedures, and practices established pursuant to this Order shall be construed to apply to City agencies with enforcement powers to the fullest extent consistent with the powers and duties delegated to them by applicable law. The Deputy Mayor for Economic Justice shall take all steps necessary, consistent with applicable law, to facilitate and promote participation by commissions and non-mayoral City agencies in the initiatives set forth in this Order.

§ 7. This Order shall take effect immediately.

WHEREAS, the City of New York is entrusted with the continuous delivery of essential services upon which all New Yorkers depend, including public safety, health, transportation, water, education, social services, the administration of justice, and communication of critical information to the public; and

WHEREAS, the continuity of these essential services is foundational to the safety, welfare, and economic vitality of all New Yorkers, and must be sustained regardless of the nature, scale, or duration of any disruption; and

WHEREAS, effective continuity of essential services requires the integration of Continuity of Operations ("COOP"), Continuity of Government ("COG"), and Mission Assurance across all City agencies, coordinated at the most senior levels of City government; and

WHEREAS, sustained coordination among City agencies, including those responsible for emergency management, technology, and physical assets, is essential to maintaining continuity readiness before, during, and after disruptions; and

WHEREAS, Executive Order No. 107, issued October 2, 2007, established the City's initial framework for Continuity of Operations planning, and while that Order advanced important foundational work, the intervening years have demonstrated the need for a more comprehensive and updated policy to address evolving threats; and

WHEREAS, it is the policy of this Administration to ensure that City agencies institute plans to maintain the delivery of essential services to all New Yorkers without interruption during any emergency, disruption, or threat thereof; and

WHEREAS, to advance this policy, the City shall establish and sustain a coordinated, proactive, and comprehensive framework for continuity planning, risk monitoring, and operational readiness across all City agencies;

NOW, THEREFORE, by the power vested in me as the Mayor of the City of New York, it is hereby ordered:

Section 1. Definitions. For the purposes of this Order, the following terms have the following meanings:

- a. "Citywide Priority Essential Services" means those essential services identified through an interagency process whose disruption would produce the most significant cascading impacts for New Yorkers and for the functioning of City government.
- b. "Continuity of Operations" ("COOP") means the ability of a City agency to maintain or rapidly resume its essential services during and after a disruption to normal operations.
- c. "Continuity of Government" ("COG") means the preservation of the constitutional and lawful authority and leadership of City government, including lines of succession, delegations of authority, and the safeguarding of vital records during and after a disruption.
- d. "Mission Assurance" means the proactive and continuous process of identifying, managing, and mitigating risks to the City's ability to deliver essential services, encompassing planning, monitoring, coordination, and resource alignment across all phases of a disruption.

§ 2. Continuity and Mission Assurance Team. There is hereby established a Continuity and Mission Assurance Team ("CMAT"), which shall serve as the City's senior interagency body for COOP, COG and mission assurance policy, planning, coordination, and oversight. The CMAT shall:

- a. Be chaired by the Deputy Mayor for Operations, or their designee. The Chair shall be responsible for setting the strategic direction of the City's continuity and mission

assurance programs, convening the CMAT, and ensuring continuity priorities are reflected in citywide policy, resource allocation, and performance management.

b. Be composed of senior representatives of New York City Emergency Management ("NYCEM"), the Department of Citywide Administrative Services ("DCAS"), the Office of Management and Budget ("OMB"), and the Office of Technology and Innovation ("OTI"), and any additional agency or office as determined by the Chair. Each representative shall have sufficient authority within their respective agency or office to commit resources, share information, and make or elevate policy and operational decisions.

- i. NYCEM shall serve as the lead coordinating agency for the City's continuity and mission assurance programs. NYCEM shall be responsible for developing and maintaining citywide continuity policies, standards, and guidance; administering the City's enterprise continuity planning software; supporting priority interagency readiness activities as designated by the CMAT; and staffing and supporting the operations of the CMAT.
- ii. DCAS shall provide functional leadership and subject matter expertise to the CMAT for facilities, fleet, logistics, and personnel continuity.
- iii. OMB shall serve as an advisory partner to ensure that continuity planning and readiness are reflected in the City's fiscal, capital, and performance management processes.
- iv. OTI shall provide functional leadership and subject matter expertise to the CMAT for information technology, cybersecurity, and communications continuity.
- v. The Chair may direct additional agencies and offices to participate or support specific CMAT initiatives, working groups, or coordination activities as necessary.

c. Meet on a regular basis, no less than quarterly, and more frequently as conditions require.

§ 3. Agency Responsibilities and Coordination.

a. Mayoral agencies shall:

- i. Identify essential services and ensure that such services reflect any significant functional or operational changes to the agency over time.
- ii. Maintain a COOP, updated and exercised no less than once annually, that addresses both the continuity of the agency's essential services and its role in sustaining the continuity of City government. Such plans shall be consistent with citywide standards and guidance issued pursuant to this Order and shall be updated annually by December 31st of each calendar year.
- iii. Designate a senior official responsible for continuity planning and readiness within such agency, to serve as the Executive Sponsor of the agency's COOP, and to coordinate the agency team responsible for the development and maintenance of the agency's COOP.

b. The Deputy Mayor for Operations and NYCEM shall take all steps necessary, consistent with applicable law, to facilitate and encourage participation by non-mayoral City agencies and other entities affiliated with the City in the initiatives set forth in this Order.

§ 4. Citywide Priority Essential Services. NYCEM, in coordination with the CMAT, shall establish and maintain a framework for identifying Citywide Priority Essential Services, which shall receive heightened attention in planning and monitoring. The CMAT shall periodically review and update the identification of such services to reflect evolving risks and City priorities.

§ 5. Accountability and Reporting. Each agency shall maintain and annually update a COOP plan consistent with citywide continuity planning standards. Each agency also will conduct at least one exercise annually to test its COOP plan. The CMAT, acting through NYCEM, shall be responsible for enforcing agency compliance of both the annual COOP plan update and the required annual exercise, and shall report on agency compliance as CMAT determines appropriate.

§ 6. Executive Order No. 107, dated October 2, 2007, is hereby REVOKED.

§ 7. This order shall take effect immediately.
