COMMUNITY BOARDS

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that the following matters have been scheduled for public hearing by Community Board:

BOROUGH OF BROOKLYN

COMMUNITY BOARD NO. 07 - Wednesday, September 30, 2026, 6:00 P.M. Brooklyn Community 7 Office, 4201 4th Avenue (43rd Street entrance), Brooklyn, NY.

AGENDA

The applicant, 783 4th Avenue LLC, is seeking zoning changes to facilitate a mixed-use development at 783 4th Avenue in Sunset Park. The proposed development would include three new buildings of 13, 9, and 8 stories, with 214 dwelling units, approximately 3,800 square feet of commercial space, 2,700 square feet of community facility space, and 9 parking spaces.

HOUSING PRESERVATION AND DEVELOPMENT

■ PUBLIC HEARINGS

CORRECTED NOTICE

PLEASE TAKE NOTICE that a public hearing will be held on October 15, 2026 at the 9 West 124th Street in the borough of Manhattan, at 11:00 A.M., or as soon thereafter as the matter may be reached on the calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed amendments to a deed and land disposition agreement identified below.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") proposed amendments to the terms and conditions of the sale of certain real property previously conveyed by the City of New York (collectively, "Disposition Area") in the Borough of Manhattan:

Address	Block /Lots	Community District
53 East 110 Street	1616/123	11
304 East 126 Street	1802/47	11
201 East 120 Street	1785/1	11
204 West 121 Street	1926/35	10

Under HPD's Division of Property Disposition and Finance program, City-owned vacant and/or occupied multifamily residential buildings may be purchased and gut-rehabilitated by a designated sponsor in order to create affordable rental housing units with a range of affordability. Construction and permanent financing are provided through loans from private institutional lenders and from public sources, including HPD.

On November 23, 2020, the City conveyed the Disposition Area to CLT East Harlem/El Barrio Community Land Trust Housing Development

Fund Corporation. The deed and land disposition agreement recorded against the Premises requires compliance with a project summary approved by the Council requiring the development of approximately 36 rental dwelling units, two commercial spaces, and one community facility space. While it was originally intended that there would be commercial spaces in the project, it is now being developed with three community facility spaces and approximately 38 rental dwelling units. On July 16, 2026 (Res. No. 579), the Council approved and amended project summary reflecting these new conditions, and the deed and land disposition agreement will be amended to reflect these changes.

A public file containing copies of the calendar document and other public documents will be made available to Manhattan Community Board 10 for public review at the office of Manhattan Community Board 10 no later than twenty (20) days prior to the public hearing.

The hearing location is accessible to individuals using wheelchairs or other mobility devices. For further information on accessibility or to make a request for accommodation, such as sign language interpretation services, please contact the Mayor's Office of Contract Services ("MOCS") via e-mail at disabilityaffairs@mocs.nyc.gov or via phone at (212) 788-0010. TDD users should call Verizon relay services. Any person requiring reasonable accommodation for the public hearing should contact MOCS at least three (3) business days in advance of the hearing to ensure availability.

PROCUREMENT

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

● Win More Contracts, at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City’s PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public

All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www.nyc.gov/site/mocs/hhsa/hhs-accelerator-guides.page>

The Department of Youth and Community Development (DYCD), as the designated Community Action Agency for New York City, administers the federal Community Services Block Grant (CSBG) program to combat poverty and provide services that empower low-income individuals and families to achieve self-sufficiency. To maximize the impact of CSBG funding, DYCD targets funds to low-income neighborhoods designated as Neighborhood Development Areas (NDAs). The NDA Initiative promotes community-level engagement to ensure that services address the most pressing needs within each community. Programs use a strength-based approach, partnering with participants to build upon existing assets and capacities to achieve personal and community goals. Given the specialized nature of these services and the need for continuity and responsiveness to local community conditions, DYCD seeks approval to use the Negotiated Acquisition method in accordance with PPB Rule §3-04(b)(2)(i)(D). This approach allows the agency to negotiate directly with qualified community-based organizations (CBOs) that have demonstrated experience, trust, and engagement within their respective NDAs.

The continuation of these programs are critical to combat poverty and provide services that empower low-income individuals and families to achieve self-sufficiency. DYCD is in the process of completing its solicitation for COMPASS and once that RFP has been approved and awarded, DYCD will work on the RFP for Neighborhood Development Area programs. DYCD will negotiate with providers with records of satisfactory performance on City contracts of similar scope and nature.

COMPASS and SONYC is one of DYCD's largest programs, with over 820 programs collectively throughout the five boroughs. Families rely on these programs to provide elementary and middle school students, during after school hours, summer and on holidays, programming which includes educational support, recreation, enrichment, and cultural activities to support and strengthen the overall development of our youth. Programs are offered at no cost to youth and are purposefully located in public and private schools, community centers, religious institutions, public housing and parks recreational facilities throughout the City to help families find a place that best fits their youth's needs.

DYCD has determined that Competitive Sealed Bidding is neither practicable nor advantageous to the City because this procurement necessitates the exercise of judgment in evaluating competing proposals and requires a balancing of price, quality, and programmatic factors to achieve the best outcomes. COMPASS programs are a critical part of the City's effort to support working families by providing free, high-quality afterschool and summer childcare services. They offer a wide range of enrichment activities that help students in Kindergarten through Grade 8 develop academically, socially, and emotionally, both in and out of the classroom. Given the complex nature of this work requiring cultural competency, deep community engagement, and tailored programming to meet the diverse needs of NYC youth a proposal-based evaluation is essential. This approach allows DYCD to select providers not only based on cost, but also on their demonstrated

experience, organizational capacity, staffing approach, and commitment to equitable service delivery. Therefore, the use of an RFP, rather than Competitive Sealed Bidding, is the most appropriate method to ensure the highest quality of services are delivered in alignment with the City's goals for youth development and family support.

DYCD has determined that Competitive Sealed Bidding is neither practicable nor advantageous to the City because this procurement necessitates the exercise of judgment in evaluating competing proposals and requires a balancing of price, quality, and programmatic factors to achieve the best outcomes. AGENCY RULES

CONSUMER AND WORKER PROTECTION

■ NOTICE

Notice of Adoption

Notice of Adoption to repeal the current rule establishing a waitlist for general vendor licenses, and to replace it with a new rule creating new waitlists to reflect the expansion of general vendor licenses under Local Law 54 of 2026, and updating the penalty schedule for general vendors.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer and Worker Protection by sections 1043 and 2203(d) of the New York City Charter, and section 20-702 of the New York City Administrative Code, and in accordance with the requirements of section 1043 of the New York City Charter, that the Department amends Title 6 of the Rules of the City of New York.

This rule was proposed and published on July 20, 2026. A public hearing was held on August 19, 2026. The Department received numerous comments and public testimony from the general vendor community, vending advocates, and other stakeholders, as detailed below.

Statement of Basis and Purpose of Rule

The Department of Consumer and Worker Protection ("DCWP" or "Department") is repealing the current rule establishing a waitlist for general vendor licenses and replacing it with a new rule establishing new waitlists to reflect the expansion of general vendor licenses under Local Law 54 of 2026.

Local Law 54 of 2026 (LL 54) requires DCWP to make an additional 10,500 general vendor licenses available starting on January 15, 2027, setting the maximum number of general vendor licenses available to prospective eligible applicants at 11,353 – specifically 3,478 licenses authorizing general vending in all five boroughs and 7,875 licenses authorizing general vending in boroughs outside of Manhattan. The law directs DCWP to establish new waitlists for licenses designated for citywide use and those designated for use in boroughs outside of Manhattan. The law further provides that priority on these waitlists must be given to individuals currently on the existing general vendor license waitlist.

To implement these changes, the Department is establishing procedures for the new general vendor license waitlists, including provisions ensuring that individuals currently on the existing waitlist and individuals currently engaged in vending activity receive priority over new prospective applicants:

- Applicants on the existing waitlist will be offered the opportunity to apply for a general vendor license in order of existing priority number pursuant to LL 54. If the cap on the number of available licenses is reached before any such applicant is offered the opportunity to apply for a general license, such applicant will be placed on the newly established waitlist(s).
- Applicants not currently on the existing waitlist will be able to apply to join the new waitlist(s) from November 2, 2026, through December 16, 2026. The Department will randomize the waitlist applications received during this time and offer waitlist members the opportunity for a general vendor license based on license availability.
 - o Interested waitlist applicants who currently act as a general vendor as defined in Section 20-452 of the

Administrative Code, will also be able to join the waitlist(s) from November 2, 2026, through December 16, 2026. Such applicants will be randomized and assigned a priority number prior to other new prospective applicants.

- Beginning March 2027, the Department will open the waitlists again and accept waitlist applications in the order they are received.

Prospective waitlist applicants may request to be placed on both waitlists. The Department will reject any duplicate requests for the same list from the same person.

LL 54 also increases penalties for certain violations and adds new violations for cleanliness and waste removal. The Department therefore adds a rule that updates the penalty schedule for general vendors. The rule, among other things:

- increases the fines for violations of Administrative Code sections 20-465(g), 20-465(i), and 20-465(j); and
- adds two new violations for failure to keep the area around a vending vehicle clean and/or free from obstructions, and for failure to provide proof of proper waste disposal.

A public hearing was held on August 19, 2026, and the Department received numerous comments from the general vendor community, vending advocates, and other stakeholders.

Specifically, the Department received comments from members of the Street Vendor Project at the Urban Justice Project, the general public, and Council Member Pierina Ana Sanchez expressing support for the expansion of general vendor licenses and the prioritization of existing longtime vendors, but also sharing concerns that self-certification alone would be insufficient to establish prior vending activity. The Department agrees with these concerns, and the final rule under section 2-319(e)(2) authorizes the Department to demand proof of required vending activity and defines what proof may be acceptable. Vending advocates also commented that priority for current vending should be limited to current general vendors only. The Department agrees and has amended the language in the final rule accordingly.

The Department also received comments and public testimony suggesting that the application process be made more accessible by addressing language barriers and the digital literacy of prospective applicants. Submitted testimony and comments also raised concerns regarding public safety and enforcement, among other issues. While the Department takes note of such comments and has listened to all public testimony, those recommendations fall outside the scope of this rulemaking. Additionally, the Department strives to ensure that language access is always available to all applicants and licensees.

To allow for sufficient time to offer licenses to prior waitlist applicants and review applications submitted between November 2, 2026, through December 16, 2026 to join the new waitlists, the final rule states that the new waitlists will reopen on March 15, 2027.

New material is underlined.

[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Section 2-319 of chapter 2 of Title 6 of the Rules of the City of New York, relating to waiting list for general vendor licenses, is REPEALED and a new section 2-319 is added, to read as follows:

§ 2-319 Waitlist for White and Green General Vendor Licenses.

(a) Definitions. As used in this section, the following terms have the following meanings:

"Green general vendor license" means a general vending license that authorizes general vending in boroughs outside of Manhattan pursuant to section 20-459(d)(1) of the Administrative Code.

"White general vendor license" means a general vending license that authorizes vending in all boroughs pursuant to section 20-459(a) and section 20-459(d)(1) of the Administrative Code.

“Proof of prior vending activity” includes credible documentation or evidence establishing that the applicant engaged in activity of a general vendor as defined in section 20-452 of the Administrative Code on a specific date and may include, but is not limited to, date-stamped pictures of the applicant engaged in general vending; past civil or criminal summonses or decisions from an administrative tribunal or court documenting general vending activity; receipts of wholesale purchases of merchandise for general vending; letters from individuals familiar with the applicant’s vending activity, such as elected officials, community leaders, or nonprofit organizations, stating that the applicant is known to have engaged in general vending; a Certificate of Authority to collect sales taxes in New York State used for general vending activity; or New York State tax filings for sales made as a general vendor.

(b) The Department will establish and maintain waitlists of prospective applicants pursuant to section 20-459(e) of the Administrative Code for general vendor licenses that become available to individuals who are eligible pursuant to such section.

(c) *License Categories and Numerical Limits.* The maximum number of general vendor licenses available to prospective applicants is 11,353. Such licenses will be divided into two categories as follows:

(1) the number of white general vendor licenses is capped at 3,478; and

(2) the number of green general vendor licenses is capped at 7,875.

(d) *Offer of Available Licenses to Prospective Applicants on Existing Waitlist.* The Department will offer all prospective applicants on the existing waitlist who have already been assigned a priority number the opportunity to submit an application for a general vendor license pursuant to section 20-459 of the Administrative Code.

(1) The Department will issue white general vendor licenses to applicants in priority order until all such available white general vendor licenses are issued pursuant to the cap in subdivision c of this section. The Department shall then issue green general vendor licenses to remaining eligible applicants until the cap of 7,875 is reached. General vendor licenses approved pursuant to this subsection shall be effective January 15, 2027.

(2) Prospective applicants on the existing waiting list who receive a green general vendor license pursuant to this subdivision will also be placed on the newly established white general vendor license waitlist.

(e) *Initial Period for New Prospective Applicants to Request to be Placed on Waitlists.*

(1) Beginning November 2, 2026, and ending at 5 p.m. on December 16, 2026, the Department will accept requests from new prospective applicants to be placed on the newly established white general vendor license waitlist and the newly established green general vendor license waitlist. New prospective applicants may request to be placed on both waitlists. The Department will reject any duplicate requests for the same list from the same person.

(2) New prospective applicants requesting to be placed on such new waitlists may certify, in a form and manner as determined by the Commissioner, whether such prospective applicant engaged in vending activity as a general vendor as defined in section 20-452 of the Administrative Code at any time between January 29, 2025 and November 2, 2026, and that such prospective applicant possesses proof of prior general vending activity. Upon request, the Department may require the applicant to submit proof of prior vending activity to establish the accuracy of the certification required by this subdivision. If the Department requires proof of prior vending activity and the applicant or licensee fails to submit such proof or fails to submit proof that properly establishes prior vending activity, the Department may deny the application or revoke the license.

(3) If the number of new prospective applicants is more than 3,478 (the available licenses pursuant to the caps set forth in subdivision c of this section) the Department will randomize the

order of new prospective applicants for available licenses and for placement on the white general vendor license waitlist and the green general vendor license waitlist by assigning a priority number using a computer-generated random number selection program. New prospective applicants who certify engagement in vending activity as described by subdivision (e)(2) of this section will be assigned priority numbers using a computer-generated random number selection program ahead of other new prospective applicants.

(4) The Department will notify all new prospective applicants of their number on the waitlist in writing to the mailing address or email address provided in the waitlist application.

(5) Pursuant to section 20-459(f) of the Administrative Code, prospective applicants who were placed on the white general vendor license waitlist pursuant to subdivision d of this section shall not be included in the randomization and will be issued white or green general vendor licenses in priority order ahead of new prospective applicants that submit requests pursuant to this subdivision.

(f) *Subsequent Requests to be Placed on Waitlists.* Beginning March 15, 2027, an individual seeking a general vendor license may apply to be placed on the white general vendor license waitlist, the green general vendor license waitlist or both such waitlists. Prospective applicants shall be assigned priority numbers in the order in which complete requests are received and will not be randomized. The Department shall reject any duplicate requests from the same person for the same person for the same waiting list.

(g) *Offer of Available General Vendor Licenses to Applicants on Waitlists.* The Department will offer the opportunity to apply for available general vendor licenses to prospective applicants on the white general vendor waitlist and green general vendor waitlist in the order of their prospective applicant rank pursuant to subdivisions c and d of this section. The Department will provide written notice of the offer at the address provided in the prospective applicant’s request or in the change of address submitted in writing pursuant to the form made available by the Department. An offer to apply is only valid for the individual selected by the Department and cannot be transferred to another person.

Such notice shall specify that:

(1) The prospective applicant must submit a completed general vendor application, together with required fees, within 90 days of the date of the offer; and

(2) If the Department does not receive the completed application and required fees within the specified time period, the offer will be deemed refused and the waitlist position surrendered. The Department will not reinstate a waitlist position once an offer to submit a general vendor license application has been deemed refused.

(h) *Issuance of Licenses from Waitlists.* The Department will issue white and green general vendor licenses in priority order from their respective waitlists to prospective applicants who successfully complete the general vendor application within the required timeframe, pay all related fees and satisfy all other eligibility criteria set forth in the applicable laws and rules.

(i) *Surrender of Green General Vendor License Upon Issuance of White General Vendor License.* Any green general vendor license holder who is selected to receive a white general vendor license from the waitlist must surrender the green general vendor license upon issuance of the white general vendor license.

(j) *Duty to Update Contact Information.* A prospective applicant must notify the Department within 10 business days if there has been a change in such applicant’s contact information.

(k) *Withdrawal from Waitlists.* A prospective applicant may withdraw from a waitlist by providing written notice to the Department’s Licensing Division in person or by mail or email.

§ 2. The table set forth in section 6-68 of chapter 6 of Title 6 of the Rules of the City of New York is amended and new rows are added in numerical order, to read as follows:

HEALTH AND MENTAL HYGIENE

■ NOTICE

BOARD OF HEALTH

Notice of Adoption of Amendment to Articles 205 and 207 of the New York City Health Code

In compliance with section 1043(b) of the New York City Charter (“the Charter”) and pursuant to the authority granted to the New York City Board of Health (“the Board”) by section 558 of the Charter, a notice of intention (“NOI”) to amend Articles 205 and 207 of the New York City Health Code (“Health Code”) was published in the New York City Record on May 29, 2026. The NOI proposed that the Board amend Articles 205 and 207 to:

- Streamline certain reporting requirements and clarify the types of vital records amendments that the Department is authorized to approve,
- Require 100% electronic death reporting,
- Align the Health Code with New York State law provisions regarding the rights of adopted individuals, and
- Provide an option for family members to request Office of Chief Medical Examiner death certificates without the cause of death listed.

A public hearing was held on July 2, 2026, and no one testified at the hearing. One written comment was received. At its meeting on September 17, 2026, the Board adopted the following resolution.

Statement of Basis and Purpose

To streamline vital records processes and clarify certain matters, the Department of Health and Mental Hygiene (“the Department”) conducted a thorough review of current protocols and relevant provisions of Health Code Articles 205 and 207. Following this review, the Department proposed certain amendments to improve customer service and address public needs. The one comment that the Department received supported portions of the proposed amendment regarding vital records access while also seeking to expand such access. The Board expanded access to vital records as of January 1, 2019, and declines to reconsider the matter at this time. After considering the comment received, the Board adopts the amendments as proposed and described below.

1. Clarify Access to Birth Certificates by Individuals and Parents

The Health Code does not currently specify that an individual has a right to their own birth certificate. In addition, it currently specifies that a parent cannot access a child's birth certificate once the child reaches the age of 18 unless the child is deceased. The Board therefore adopts amendments to Health Code § 207.11 to make clear that individuals have a right to access their birth certificate once they reach

the age of 18 and that parents have a right to access their child's birth certificate even after the child reaches that age.

2. Specify Access to Pre-Adoption Birth Certificates for Adoptees and Their Direct Line Descendants

Since 2020, pursuant to New York State Public Health Law § 4138-e, adult adoptees and their direct line descendants and lawful representatives in New York State have had the right to access the adult adoptee's original birth certificates that had been sealed upon their adoption. The Department has been providing adult adoptees with their original sealed birth certificates and supporting documentation under the State law since 2020, but there is no provision in the Health Code that specifically addresses this requirement. The Board therefore adopts a new paragraph (4) to Health Code § 207.11(a) to make clear that it is in alignment with New York State law.

3. Define “Disposition” and “Interim Disposition” and Create Time Limit for Interim Dispositions

While the final arrangement for human remains is addressed extensively in the Health Code, it includes no definition of the term “disposition.” For clarity, the Department is therefore proposing to add a definition in § 205.01 that mirrors the text of New York State Public Health Law § 4201, which is in effect for the rest of New York State. In addition, the Department proposes adding a definition for “interim disposition” in § 205.01 as the non-final, temporary location of the decedent prior to disposition. Interim disposition occurs, among other places, at the medical facility where a death occurred, a funeral home, or the New York City Office of the Chief Medical Examiner (“OCME”).

Health Code § 205.13(a) imposes a four-day disposition requirement, which may be extended for a period not exceeding ten days after placement in the general reception vault of a cemetery. Health Code § 205.13(b) allows extension of these time periods, without specific limit, when an interim disposition permit is issued. The Board therefore amends § 205.13(b) to reflect the text of New York State Public Health Law § 4200(1) and require good cause shown for issuance of an interim disposition permit and also require burial within a reasonable time not to exceed 30 days after death in such instances. In extenuating circumstances, a funeral director would be able to apply to the Commissioner or their designee for additional time for final disposition. The amendment exempts OCME from the 30-day time limit as their cases may take more time to investigate and release for final disposition.

4. Clarify Who May Request Death Certificate Amendments and the Type of Amendments the Department is Authorized to Make

Health Code § 207.01(a) describes Department authority to make corrections and amendments to death certificates and other vital records. The reasons people request changes to death certificates are many, including where the funeral home or healthcare provider made an error about a decedent's date of birth or marital status, or where a nation's rules of dual citizenship mandate matching names on all vital records. The Department received 770 applications for death certificate corrections from the public in 2024, each requiring careful review to verify that the requester is entitled to request the change and that the supporting documentation is sufficient. Another 32,917 correction

requests were processed from facilities and funeral directors. The Board adopts the two amendments described below to ensure that changes to death certificates are made upon request of or by appropriate individuals and contain accurate information.

- A. Limit the time period that informants may request death certificate amendment and redefine the persons entitled to make requests without time limitation.

First, Health Code § 207.01(a) currently allows the “person in control of disposition,” which is defined by Health Code § 205.01(e) to include persons not closely related to the decedent, to request amendments to death certificates. The immediate duty of disposition, i.e., burial or cremation, should not confer authority to amend a death certificate, an action that could, for example, affect the decedent’s estate and the people eligible to inherit from it. This provision of § 207.01 also creates administrative issues for the Department because the person in control of disposition is not easily determined, especially long after the burial or cremation. Moreover, persons in control of disposition are not eligible to amend a death certificate in the rest of New York State.

Second, § 207.01(a) also allows death certificate amendment requests from individuals who supplied the “personal particulars,” i.e., the name, date of birth and other information about the decedent at the time of death, to either the healthcare provider, funeral director, or medical examiner reporting the death. This provision creates functional issues because the individual who supplied the personal particulars (“the informant”) may be a person without a legal relationship to the decedent, such as a neighbor or friend who may not have accurate information about the decedent. In the rest of New York State, informants are given a limited right to amend a death certificate for only six months after the death.¹

To resolve these two issues, the Board amends Health Code § 207.01(a) to align it with the current rules applicable to the rest of New York State as follows:

- Allow an informant to apply for death certificate amendments within six months of the date of death and also allow an application to be amended at any time by:
 - o the spouse, domestic partner, parent, sibling, or child of the decedent,
 - o a beneficiary of an entitlement, pension, benefits, money, or property due to decedent’s death, or
 - o a duly appointed executor or fiduciary of the decedent’s estate; and
- Prohibit death certificate amendment rights to the person in charge of disposition unless they were a close family member or a representative of the estate.²
- B. Allow applications to amend a decedent’s marital status only when such status has been determined by a court of competent jurisdiction.

At times, an informant provides an incorrect marital status for the decedent at the time of death. Some informants, for example, simply did not know that the decedent was married. At other times, familial strife leads the informant to omit the marital status or name of a spouse. When this occurs, applications to amend death certificates are submitted by the putative spouse and the Department must determine whether the decedent and the applicant were married at the time of death. Because the issue of marital status is a legal matter, rather than an administrative determination, the Board amends the Health Code to require an order from a court of competent jurisdiction confirming a decedent’s marital status is as the survivor claims and allow the Department to accept an application to amend marital status on a death certificate only when the application includes such order.

The amendment to Health Code § 207.01 precludes an amendment of the decedent’s marital status or domestic partnership except by:

- OCME at any time;
- A funeral director within one year of date of death; or
- The Department at any time, upon application that includes an order of a court of competent jurisdiction.

¹ In the rest of New York State, informants and funeral homes may request amendments or corrections to death certificates within six months of a death. In addition, a decedent’s spouse on record, parent, child, sibling, or legal guardian always has the right to request an amendment. *See, public_ instructions_for_death_corrections.pdf*, last accessed on 2/20/26.

² Pursuant to Health Code § 207.03(b), OCME may submit missing or updated information at any time.

5. Streamline Process for “Personal Particulars” Amendments of Death Certificates

- A. Allow designated and trained individuals who are not healthcare professionals to both correct and add to the personal particulars section of a death report; OCME may do so at any time.

Under Health Code § 207.03(b), healthcare professionals reporting a death may *add* information to the record within one year of the death; that provision does not allow *amendment or correction* by such professionals of the information provided. It also does not allow individuals who are not medical professionals to update or add to the decedent’s personal particulars. Similarly, Health Code § 205.05 currently does not allow anyone, except the reporting healthcare professional or OCME, to certify the personal particulars portion of the death certificate. These limitations cause delays in funeral arrangements because a healthcare professional is often not available in a timely manner to correct errors in administrative information such as the deceased’s name and sex and certify them as accurate. The Board is therefore adopting amendments to Health Code § 207.03(b) to allow non-healthcare professionals to both add and correct personal particulars within one year while maintaining and clarifying the provision that OCME may amend the personal particulars at any time.

- B. Authorize designated and trained non-healthcare professionals to certify the personal particulars of a death report when an interim disposition permit is to be issued and authorize funeral directors to amend or add to the personal particulars of such certificate without Department permission.

The method of disposition is a required field in the personal particulars section of a death certificate in the Department’s electronic reporting system (eVital) and hard copy reports. When a funeral home or director (collectively referred to as “FD”) has not yet been hired before a death is reported, disposition is often categorized as “Other” or “City Cemetery” from among the options available.³ Since this disposition is not final, this categorization is known as an “interim disposition” and allows the body to be removed from the place of death before final arrangements are made. Interim disposition permits are issued by the Department pursuant to Health Code § 205.21 and require certification by a healthcare professional of all information provided in non-OCME cases. As noted above, the healthcare professional is often not available in a timely manner, which causes delays in issuing the interim disposition permit. Delays are also caused in funeral arrangements after the interim permit is issued because Health Code § 207.01(c) does not allow FDs to amend or provide personal particulars without Department approval. The amendments adopted herein rectify both of these issues by allowing trained designees of healthcare professionals to certify personal particulars of a death certificate when an interim disposition permit is to be issued and allowing FDs to amend or add to such personal particulars without Department permission when an interim disposition permit was issued.

In summary, the Board is adopting amendments to provisions regarding personal particulars and other non-medical information as follows:

- a. Amend Health Code § 207.03(b) to allow healthcare professionals to correct, as well as add, personal particulars information within one year. Also proposed is the addition of a provision allowing trained and approved designees of healthcare professionals reporting deaths to update death certificate personal particulars information within one year.
- b. Add a new subdivision (c) to Health Code § 207.03 allowing Department-trained or approved designees of the person reporting a death to amend certain non-medical fields of the Confidential Medical Report (CMR), as determined on forms prescribed by the Board.
- c. Amend Health Code § 205.05 to allow certification of personal particulars for purposes of issuing an interim disposition permit by designees of the healthcare professional reporting the death if the designee is trained or approved by the Department.
- d. Amend Health Code § 207.01(c) to allow FDs to amend or provide personal particulars without Department approval if the death was initially issued an interim disposition permit.

³ The other options are burial, cremation, or entombment. *See, Form VR15*, available online at <https://www.nyc.gov/assets/doh/downloads/pdf/vs/2021sum.pdf>, last accessed on 7/23/26.

6. Codify right to amend death certificates to align with decedent's gender identity

The Department currently allows amendment of death records to align a decedent's gender identity with the sex designation on the record. The City Council recently adopted a local law, now codified in New York City Administrative Code ("Admin. Code") § 17-166.1, to enshrine this important right into law. The Board is therefore codifying the Department's current practice and the new local law into the Health Code by amending Health Code § 207.05 to allow sex designation amendments of death records, provide for issuance of a new death certificate in such cases, and fully protect the privacy of the records underlying this change.

7. Allow Issuance of OCME Death Certificate Without Cause of Death for Family Members

Health Code § 205.09(b) requires that the manner of death appear on all death certificates; the notes to this subdivision indicate that manner of death categories are accident, suicide, homicide or natural. Pursuant to Health Code §§ 205.03 and 205.05, more detailed causes of death are included in the CMR rather than the death certificate to ensure confidentiality for the decedent's family and encourage full and accurate reporting, which can be undermined by the stigma associated with certain causes of death. Pursuant to Health Code § 205.07, the CMR is not released except in limited cases and when requested by the spouse, domestic partner, parent, child, sibling, grandparent, or grandchild of the deceased or by the individual identified on the death certificate as the person in control of disposition.

Unlike other cases, cases reported by OCME include cause of death on the death certificate. As required by New York City Charter § 557(f)(1), OCME investigates and reports deaths when a person dies "from criminal violence, by accident, by suicide, suddenly when in apparent health, when unattended by a physician, in a correctional facility or in any suspicious or unusual manner." Due to their nature, OCME cases more often involve litigation and/or administrative proceedings than other cases. New York State law provides that cause of death may be admitted as *prima facie* evidence in New York State courts when it is included on the death certificate. (New York State Public Health Law § 4103(3)). Thus, the Department proposes to continue including cause of death on the face of OCME certificates to facilitate the efficient administration of justice.

Including manner and cause of death on OCME-reported death certificates does, however, create difficult situations for family members when they need to produce the certificate for a matter not related to the cause of death. For example, a father may need the death certificate to obtain a passport for a child when the mother has died, or a young adult may need to prove her parents have died to apply for student loans. In neither of these situations is it relevant to reveal either the manner of death or a detailed cause of death. Indeed, it only serves to retraumatize the family and provide sensitive details of a traumatic death to the public, unnecessarily. To remedy this problem, the Board is amending Health Code § 205.09(b) to allow specific family members to request death certificates without manner or cause of death when the case had been reported by OCME.

8. Increase Electronic Death Reporting

In 2004, the City Council adopted a local law requiring electronic reporting of deaths to the Department, now codified in Admin. Code § 17-196. As indicated in its declaration of legislative findings and intent, the Council noted that the paper-based system then in use created delays that "inflict[ed] additional pain and suffering on families who are already dealing with extreme loss" and that "[t]he electronic death registration system will hasten the collection of information necessary for the registration and certification of deaths, thereby expediting the issuance of certified death certificates, the burial or cremation process and settlement of estates." Local Law 2 of 2004, § 1. Admin. Code § 17-196 also provides that paper reporting must be allowed during emergency events or exigent circumstances. In response to the local law, the Department adopted Health Code § 205.03 to implement the new law and establish the use of its electronic reporting system. That system, now known as eVital, receives reports of deaths in real time and has greatly sped up the processing of death certificates and disposition permits. The delays of 20 years ago are now quite rare.

The delays currently encountered usually occur because the Health Code does not require all deaths to be reported electronically; specifically, physicians and facilities reporting fewer than 10 deaths per year may still do so on paper. In addition, certain healthcare professionals are hesitant to use the system when they report a few deaths a year and are accustomed to paper reporting. To eliminate delays from non-electronic reporting, the Board is amending the Health Code to require all deaths to be reported electronically and amending Health Code § 205.03 to allow paper reporting in times of emergency to align with the requirements of the Admin. Code.

9. Delete Certain Fees to Align with Changes in New York State Law

Earlier this year, Public Health Law § 4160-a(9) was amended to prohibit charging a fee for the issuance of a certificate of still birth or pregnancy loss. This change conflicts with Health Code § 207.13(a) (1), which currently requires a fee of \$15 for termination of pregnancy certifications; terminations of pregnancy include still births and pregnancy loss. The Board therefore deletes this provision from the Health Code.

The amendments are as follows:

RESOLVED, that section 205.01 of Article 205 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

§ 205.01 Definitions.

When used in this title:

- (a) "Burial" means interment of human remains in the ground or in a tomb, vault, crypt, cell or mausoleum, and includes any other usual means of final disposal of human remains other than cremation.
- (b) "Cremation" means the burning of human remains in a crematory.
- (c) "Disposition" means the care, disposal, transportation, burial, cremation, natural organic reduction, or embalming of the body of a deceased person, and associated measures.
- (d) "Human remains" or "remains" means all or any part of the dead body of a human being but does not include human ashes recovered after cremation. For purposes of this Article a conceptus of any gestational age for which the issuance of a disposition permit pursuant to 24 RCNY Health Code § 205.21 has been requested shall be treated as human remains.
- [(d)] (e) "Hospice" means a program issued a certificate of approval pursuant to Article 40 of the Public Health Law and defined as such in § 4002 of said law.
- (f) "Interim disposition" means the non-final, temporary location of a decedent before the final disposition is determined.
- [(e)] (g) "Person in control of disposition" means[.] a person who has the right to control the disposition of the remains of a decedent in accordance with [all of] the provisions of § 4201 of the Public Health Law[, the following persons who are eighteen years of age or older in descending order of priority:
 - (1) the person designated in a written instrument executed pursuant to the provisions of § 4201 of the Public Health Law;
 - (2) the decedent's surviving spouse;
 - (2-a) the decedent's surviving domestic partner;
 - (3) any of the decedent's surviving children;
 - (4) either of the decedent's surviving parents;
 - (5) any of the decedent's surviving siblings;
 - (6) a guardian appointed pursuant to article seventeen or seventeen-a of the Surrogate's Court Procedure Act or article eighty-one of the Mental Hygiene Law;
 - (7) any person who would be entitled to share in the estate of the decedent as specified in § 4-1.1 of the Estates, Powers and Trusts Law, with the person in closest relationship having the highest priority;
 - (8) a duly appointed fiduciary of the estate of the decedent;
 - (9) a close friend or relative who is reasonably familiar with the decedent's wishes, including the decedent's religious or moral beliefs, when no person higher on this list is reasonably available, willing, or competent to act, provided that such person has executed a written statement pursuant

to subdivision seven of § 4201 of the Public Health Law; or

- (10) a chief fiscal officer of a county or a public administrator appointed pursuant to article twelve or thirteen of the surrogate's court procedure act, or any other person acting on behalf of the decedent, provided that such person has executed a written statement pursuant to subdivision seven of § 4201 of the Public Health Law].

RESOLVED, that subdivisions (d) and (e) of section 205.03 of Article 205 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, are amended to read as follows:

- (d) All hospitals, skilled nursing facilities, healthcare professionals, [and] hospices [that report 10 or more deaths to the Department per year], and the Office of Chief Medical Examiner[,] shall electronically prepare any death certificates and confidential medical reports, and shall, within 24 hours after the death or finding of the remains, file such documents electronically with the Department by means of computer programs specified and provided or otherwise authorized for use by the Department. In circumstances where a person required to report a death pursuant subdivision (a) of this section files a report thereof electronically with the Department, and an authorized funeral director or undertaker has taken charge of the remains, such funeral director or undertaker shall, within 72 hours after the death or the finding of the remains, file such document with the Department electronically by means of computer programs specified and provided or otherwise authorized for use by the Department. If the remains are to be buried in the City cemetery, the person required to report a death pursuant to subdivision (a) of this section shall complete the process of electronically filing the entire certificate of death and confidential medical report, if any, within 72 hours after the death or finding of the remains. [All persons required or authorized to report a death or to file a death certificate with the Department that are not required to report or file electronically pursuant to this subdivision may, at their election and upon approval by the Department, implement an electronic reporting system. Such election will be irrevocable upon commencement of electronic filing by such facilities.]
- (e) All facilities, organizations or individuals required [or electing] to report electronically pursuant to subdivision (d) of this section shall apply to the Department prior to implementing any system and, upon approval by the Department, shall make electronic reports only in such manner and on computer programs prescribed and provided or otherwise authorized by the Department. All individuals utilizing the Department's electronic reporting system to prepare, certify, enter information onto or file death certificates or confidential medical reports, pursuant to 24 RCNY Health Code § 205.05, shall be trained or approved by the Department in the proper use of the system and completion of the electronic reporting forms. Written paper reports may be submitted during emergencies declared by the commissioner or the mayor, as well as for a limited period of time only in the case of extenuating circumstances, temporary equipment failure, or prolonged inability to access the electronic reporting system], and only with the specific approval of the Department]. In addition, the Department may on its own initiative allow written, paper reports to be submitted if electronic reporting is not possible in a particular circumstance. The Department may, in addition, require summary, cumulative or periodic reports on such reporting schedule as it may deem necessary.

RESOLVED, that paragraph (2) of subdivision (a) of section 205.05 of Article 205 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

- (2) Certification. A certificate of death and the confidential medical report, if any, shall be certified by a physician in attendance or such physician's duly authorized medical associate, by the chief medical officer of the [hospital or hospice] facility reporting the death, or by the physician in charge of the service on which the death occurred. For the purpose of issuing an interim disposition permit pursuant to 24 RCNY Health Code § 205.21, information concerning the decedent characterized as "personal particulars" may alternatively be certified by a designee of the person in charge of the facility where the death occurred or of the physician's office reporting the death, provided that such designee is trained or approved by the Department. When a death certificate is filed by the Office of Chief Medical Examiner, the certificate shall be certified by a medical examiner within that office. A person certifying a certificate and confidential medical report, if any, shall examine said

documents for correctness of the information contained thereon and make necessary changes.

RESOLVED, that subdivision (b) of section 205.09 of Article 205 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

- (b) A certification of death shall contain only the name, sex, date of death, date that the certificate was accepted for filing by the Department, manner of death and the place of death of the person to whom it relates, as well as the death record number from which said information is derived, provided however that parties entitled to obtain a certificate of death pursuant to 24 RCNY Health Code section 207.11(b)(1) may request such certificate that does not include the manner or cause of death for deaths reported pursuant to 24 RCNY Health Code section 205.03(a)(3).

RESOLVED, that subdivision (b) of section 205.13 of Article 205 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

- (b) [Human] For good cause shown, human remains may be temporarily held for more than the time periods specified in subdivision (a) of this section without being buried, cremated or transported out of the City only if an appropriate interim disposition permit has been issued pursuant to 24 RCNY Health Code § 205.21, but human remains shall not be held for more than a reasonable time after death not to exceed 30 days except in cases where the interim disposition permit has been issued to the Office of the Chief Medical Examiner. In extenuating circumstances and upon application of a person to whom an interim disposition permit has been issued pursuant to 24 RCNY Health Code § 205.21, the Commissioner or the Commissioner's designee may grant an extension beyond 30 days to a date certain.

RESOLVED, that subdivisions (a) and (c) of section 207.01 of Article 207 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, are amended to read as follows:

- (a) The Commissioner or the Commissioner's designee may approve the amendment of a birth, termination of pregnancy or death certificate, or of a confidential medical report of birth, spontaneous termination of pregnancy or death. Application shall be made on a form furnished by the Department.
- (1) Application for amendment of a birth certificate may be made only by the person whose birth certificate is to be corrected if such person is 18 years of age or over, or by the parents or surviving parent of a child that is deceased, by the legal guardian of the person whose birth certificate is to be corrected, or by an agency in accordance with subdivision (e) of this section if such person is under 18 years of age.
 - (2) Application for amendment of a [spontaneous] certificate of termination of pregnancy [shall] may be made by the parents or surviving parent.
 - (3) [Application] Subject to paragraph (4) of this subdivision, application for amendment of a death certificate, or of a confidential medical report of death shall be made in the manner specified in this section by [the person in control of disposition as defined in 24 RCNY Health Code Article 205 or by]
 - (A) the person identified on the death certificate as providing the personal particulars pursuant to 24 RCNY Health Code Article 205 within six months of the date of death, or
 - (B) the spouse, domestic partner, parent, sibling, or child of the decedent at any time,
 - (C) a duly appointed executor or fiduciary of the decedent's estate at any time, or
 - (D) a beneficiary of an entitlement, pension, benefits, money, or property due to decedent's death.
 - (4) The marital status or domestic partnership of a decedent may not be amended except (i) by the Office of Chief Medical Examiner at any time; (ii) by a funeral director within one year of the date of the death certificate; or (iii) by the Department at any time, upon submission of an order of a court of competent jurisdiction defining the marital status and submission of the order as part of an application for amendment in the manner specified in this section and using forms provided by the Department.
 - (5) Subject to subdivision (c) of section 207.03, the confidential medical report of birth, termination of pregnancy, or death may be amended by the healthcare professional reporting the event.

- (c) No application shall be approved unless the Commissioner or the Commissioner's designee is satisfied that the evidence submitted shows the true facts and that an error or omission was made at the time of preparing and filing of the certificate or confidential medical report of birth, spontaneous termination of pregnancy or death, or that the name of a person named in a birth certificate has been changed pursuant to court order. However, a funeral director, undertaker or the Office of Chief Medical Examiner who has taken control of human remains may, without approval by the Commissioner or the Commissioner's designee, use the Electronic Death Registration System to amend a certificate or confidential medical report of death if the funeral director, undertaker or the Office of Chief Medical Examiner is amending the name of the funeral establishment or the method, place, location, or date of disposition or providing "personal particulars" for issuance of an interim disposition permit for such remains.

RESOLVED, that subdivision (b) of section 207.03 of Article 207 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended, and a new subdivision (c) is added to such section, to read as follows:

- (b) Within one year following the date of a birth, termination of pregnancy or death certificate, any missing information may be added, and any information provided may be amended, upon submission of the information on a form furnished by the Department by the person who filed the certificate[;] or by a designee of such person or of the person in charge of the facility or medical office from which such certificate is filed, provided that such designee is trained or approved by the Department for such purpose, and provided further that the Office of Chief Medical Examiner may submit missing or updated information at any time. [Except for such submissions by the Office of Chief Medical Examiner, after one year following the date of event of a certificate, however, missing information shall be added only upon approval of an application] All other parties entitled to submit an application for amendment of a certificate may submit applications for amendment in the manner specified in 24 RCNY Health Code § 207.01.
- (c) Within one year following the date of a death certificate, the person who filed the certificate of such death, or a designee of the facility or medical office from which such certificate is filed may amend non-medical fields of the confidential medical report as provided on forms provided by the Department, provided that any such designee is trained or approved by the Department.

RESOLVED, that section 207.05 of Article 207 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

§ 207.05 Correction of records; filing of new birth and death certificates.

[. . .]

- (b) A new death certificate shall be filed when the Department receives supporting documentation, as defined by section 17-166.1 of the Administrative Code of the City of New York, that the decedent's sex designation should be changed to conform with the decedent's gender identity.
- (c) When a new birth or death certificate is filed pursuant to this section, the original birth or death certificate, the application for a new birth or death certificate, and supporting documents shall be placed under physical or electronic seal, and such seal shall not be broken except by order of a court of competent jurisdiction. Thereafter, when a certified copy is requested of the certificate of birth or death of the person for whom a new certificate has been filed pursuant to the provisions of this section, a copy of the new certificate of birth or death shall be issued, except when an order of a court of competent jurisdiction requires the issuance of a copy of the original certificate of birth or death.
- [(c)] (d) A new birth or death certificate may be filed when an application for amendment is submitted by a person required to file such certificate within twelve months after the date of birth or death, or when the Commissioner or the Commissioner's designee finds it desirable by reason of the nature and extent of the amendments. In such a case, the original certificate of birth or death registration may be submitted with the application for amendment.

RESOLVED, that subdivision (a) of section 207.11 of Article 207 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

- (a) Except as provided in 24 RCNY Health Code §§ 201.07, 203.07 and 205.07, and 207.21, inspection of vital records or data filed with the Department pursuant to this Title may be made and transcripts of records may be obtained pursuant to the provisions

of 24 RCNY Health Code § 3.25 and § 17-169 of the Administrative Code, respectively. The request to inspect vital records may be granted only if the Commissioner or the Commissioner's designee agree that the requested information is necessary for a proper purpose. Inspection of any vital records or data for the collection of information for sale or release to the public, or for other speculative purposes shall not be deemed a proper purpose. The Department may impose reasonable conditions as to the use and redisclosure of information[,] and may limit access to the minimum necessary to fulfill the purpose for which information is requested.

- (1) Requests by governmental agencies, whether foreign or domestic, for certified copies of birth and spontaneous termination of pregnancy records or for certifications of birth, pursuant to § 17-169 of the Administrative Code, or for any individually identifiable information contained in the Department's vital records maintained, pursuant to this Title, or for verifications thereof, shall specify the official use to which the requested information will be put.
- (2) A request for a certification of birth made by the following persons must be accompanied by proof that the individual named on such certification of birth is deceased: spouse, domestic partner, [parent of a child over the age of 18,] child, sibling, niece, nephew, aunt, uncle, grandchild, great grandchild, grandniece, or grandnephew. Proof of death for this purpose may include, but is not limited to, certified copies of death certificates and letters testamentary.
- (3) Upon a request, a certification of birth shall be provided to the person for whom the record of birth relates if such person is eighteen years of age or older, or to a parent named on the certification, or to a legal representative or legal guardian of the person to whom the record of birth relates, or by an attorney authorized in writing by the person to whom the record of birth relates if such person is eighteen years of age or older.
- (4) Notwithstanding § 207.01(b) of this article, upon application and proof of identity, a copy of an original long form birth certificate, including any change attached to such certificate by a birth parent or parents and any information provided to the Department for an adoption pursuant to New York State Domestic Relations Law § 114(1), shall be issued to:
 - (A) an adopted person, if eighteen years of age or older,
 - (B) if the adopted person is deceased, the adopted person's direct line descendants, or
 - (C) the lawful representatives of such adopted person, or lawful representatives of such deceased adopted person's direct line descendants.

RESOLVED, that paragraph (1) subdivision (a) of section 207.13 of Article 207 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

- (1) For a search of two consecutive calendar years under one name and for issuance of a certified copy of a certificate of birth[,] or death, [or spontaneous termination of pregnancy,] or a certification of birth or death, or a certification that the record cannot be found, the fee is \$15.00 for each copy in accordance with § 4179 of the New York State Public Health Law.

HUMAN RESOURCES ADMINISTRATION

■ NOTICE

Corrected Notice of Concept Paper

The NYC Department of Social Service (DSS)/Human Resources Administration (HRA) is committed to strengthening and modernizing the NYCBenefits Program to promote accountability, workforce capacity, cross-system coordination, and high-quality, client-centered services. The purpose of this document is to:

1. Outline HRA's proposed enhancements to the NYCBenefits service model;
2. Solicit stakeholder feedback regarding program design and operational requirements;
3. Assess provider interest and organizational capacity; and
4. Inform the development of a Request for Proposals (RFP)/RFx.

Anticipated number of contracts: Between thirty-eight (38) and fifty-eight (58), aligned with the following provider specializations:

- Thirty-five (35) to fifty-three (53) Direct service vendors
- Three (3) to five (5) Technical Assistance vendors

Anticipated annual funding: \$9,750,000 to \$14,950,000 over the three (3) year contract term (approximately \$300-\$350 per client), subject to funding availability.

Contracts resulting from the forthcoming RFP are anticipated to have an initial three-year term (7/1/2027 – 6/30/2030) with one three-year renewal option.

Please submit all comments to this concept paper via email no later than November 9, 2026, using this format:
