ARTICLE IV MANUFACTURING DISTRICT REGULATIONS

Chapter 1 Statement of Legislative Intent

41-00

GENERAL PURPOSES OF MANUFACTURING DISTRICTS

The Manufacturing Districts established in this Resolution are designed to promote and protect public health, safety, and general welfare. These general goals include, among others, the following specific purposes:

- To provide sufficient space, in appropriate locations, to meet the needs of the City's expected future economy for all types of (a) manufacturing and related activities, with due allowance for the need for a choice of sites.
- (b) To provide, as far as possible, that such space will be available for use for manufacturing and related activities, and to protect residences by separating them from manufacturing activities and by generally prohibiting the use of such space for new residential development.
- (\mathbf{c}) To encourage manufacturing development which is free from danger of fire, explosions, toxic and noxious matter, radiation, and other hazards, and from offensive noise, vibration, smoke, dust and other particulate matter, odorous matter, heat, humidity, glare, and other objectionable influences, by permitting such development in areas where this Resolution restricts the emission of such nuisances, without regard to the industrial products and processes involved.
- (d) To protect adjacent residential and commercial areas, and to protect the labor force in other establishments engaged in less offensive types of manufacturing and related activities, by restricting those manufacturing activities which involve danger of fire, explosions, toxic and noxious matter, radiation and other hazards, or create offensive noise, vibration, smoke and other particulate matter, odorous matter, heat, humidity, glare, and other objectionable influences, to those limited areas which are appropriate therefor.
- To protect manufacturing and related development against (e) congestion, as far as is possible and appropriate in each area, by limiting the bulk of buildings in relation to the land around them and to one another, and by providing space off public streets for parking and loading facilities associated with such activities.
- (f) To protect the character of certain designated areas of historic and architectural interest, where the scale of building development is important, by limitations on the height of buildings.
- To protect light manufacturing and to encourage stability and (g) growth in appropriate mixed-use areas by permitting light manufacturing and controlled residential uses to co- exist where such uses are deemed compatible.
- To promote the most desirable use of land and direction of (h) building development in accord with a well-considered plan, to promote stability of manufacturing and related development, to strengthen the economic base of the City, to protect the character of the district and its peculiar suitability for particular uses, to conserve the value of land and buildings, and to protect the City's tax revenues.

41-10 PURPOSES OF SPECIFIC MANUFACTURING DISTRICTS

M1 Light Manufacturing Districts (High Performance)

These districts are designed for a wide range of manufacturing and related uses which can conform to a high level of performance standards. Manufacturing establishments of this type, within completely enclosed buildings, provide a buffer between Residence (or Commercial) Districts and other industrial uses which involve more objectionable influences. New residences are excluded from these districts, except for:

- (a) joint living-work quarters for artists in M1-5B Districts;
- (b) dwelling units in M1-5M and M1-6M Districts;
- dwelling units in M1-1D, M1-2D, M1-3D, M1-4D and M1-5D (c) Districts, where authorized by the City Planning Commission, both to protect residences from an undesirable environment and to ensure the reservation of adequate areas for industrial development; and

dwelling units in M1-6D Districts. (d)

41-12

M2 Medium Manufacturing Districts (Medium Performance)

* *

[UPDATING TO REFLECT NEW M2A DISTRICTS AND EXISTING ALLOWANCES IN OTHER DISTRICTS

These districts are designed for manufacturing and related activities which can meet a medium level of performance standards. Enclosure of such activities is not normally required except in areas along the boundary of a Residence District. No new residences or community facilities are permitted.

41-13 M3 Heavy Manufacturing Districts (Low Performance)

These districts are designed to accommodate the essential heavy industrial uses which involve more objectionable influences and hazards, and which, therefore, cannot reasonably be expected to conform to those performance standards which are appropriate for most other types of industrial development. No new residences or community facilities are permitted.

M1 M2 M3

In all districts, as indicated, #accessory# off-street parking spaces, open or enclosed, shall be provided in conformity with the requirements set forth in the table in this Section for all #development# after December 15, 1961, for the #manufacturing#, #commercial# or #community facility# #uses# listed in the table. In addition, all other applicable requirements of this Chapter shall apply as a condition precedent to the #use# of such #development#.

After December 15, 1961, if an #enlargement# results in a net increase in the #floor area# or other applicable unit of measurement specified in the table in this Section, the same requirements set forth in the table shall apply to such net increase in the #floor area# or other specified unit of measurement. A parking space is required for a portion of a unit of measurement one-half or more of the amount set forth in the table.

For the purposes of this Section, a tract of land on which a group of such #uses# is #developed# under single ownership or control shall be considered a single #zoning lot#.

For those #uses# for which rated capacity is specified as the unit of measurement, the Commissioner of Buildings shall determine the rated capacity as the number of persons which may be accommodated by such #uses#.

The requirements of this Section shall be waived in the following situations:

- (a) when, as the result of the application of such requirements, a smaller number of spaces would be required than is specified by the provisions of Section 44-23 (Waiver of Requirements for Spaces Below Minimum Number);
 - (b) when the Commissioner of Buildings has certified, in accordance with the provisions of Section 44-24 (Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden), that there is no way to arrange the spaces with access to the #street# to conform to the provisions of Section 44-43 (Location of Access to the Street);
 - (c) for houses of worship, in accordance with the provisions of Section 44-25 (Waiver for Locally Oriented Houses of Worship).

For the purposes of applying the loading requirements of this Chapter, #uses# are grouped into the following Parking Requirement Categories (PRC) based on how requirements are measured. The specific designations for #uses# are set forth in the Use Group tables.

* *

R3-2, R4, R4B, R5, R6, R7, R8, R9 and R10 — General Residence Districts

These districts are designed to provide for all types of residential buildings, in order to permit a broad range of housing types, with appropriate standards for each district on density, open space, and spacing of buildings. However, R4B Districts are limited to single- or two-family dwellings, and zero lot line buildings are not permitted in R3-2, R4 (except R4-1 and R4B), and R5 (except R5B) Districts. The various districts are mapped in relation to a desirable future residential density pattern, with emphasis on accessibility to transportation facilities and to various community facilities, and upon the character of existing development. These districts also include community facilities and open uses which serve the residents of these districts or benefit from a residential environment.

R7-3 and R9-1 Districts may be mapped only as specified in this paragraph. Such districts may be mapped within the waterfront area and in the Special Mixed Use Districts and Mandatory Inclusionary <u>Housing areas</u>. In addition, R7-3 Districts may be mapped in the Special Long Island City Mixed Use District and Special St. George-District, and R9-1 Districts may be mapped in Mandatory Inclusionary Housing areas.

PRE-QUALIFIED LIST (PQL) PROGRAM FOR VARIOUS TRADES

NYCHA is currently accepting applications for Pre-Qualified List (\mbox{PQL}) program for various trades.

A PQL is a tool that NYCHA will use to qualify vendors and contract goods or services for its developments, streamlining the process for both vendors and NYCHA. NYCHA will publish contracting opportunities, and the PQL will predominantly be used to procure goods or services for those contracts. Vendors who apply to those bids must pre-qualify according to specific criteria, and vendors who are admitted to the PQL can bid on contracts.

Currently NYCHA has established six (6) PQL lists for the Closed-Circuit Television (CCTV), Carpentry, Painting, Lead Based Paint (Assessment and Abatement, Inspection and Assessment & Lab Analysis), Plumbing and Electrical. All vendors interested in NYCHA's PQLs must follow two (2) important steps:

First, vendors must prepare and submit applications to the PQL: To pre-qualify, vendors must meet the minimum requirements listed on the Request for Qualification of the select PQL. Applications will be evaluated by NYCHA on a rolling basis.

Second, vendors who are admitted to the PQL can then bid on solicitations for services on the PQL: Vendors must bid on each contract award, as these are not guaranteed.

For more information regarding PQL's and to obtain applications, please visit NYCHA's website at: https://www.nyc.gov/site/nycha/business/nycha-pql.page

VETERANS' SERVICES

■ INTENT TO AWARD

Goods and Services

VETCONNECT - Negotiated Acquisition - Other - PIN# 06323N0002

Develop and maintain a website that allows veterans and their families to request services online. The contractor will provide a system that enables Providers to accept, decline, reroute, and manage requests for services and resources received from the Website, manage cases, and generate reports about cases ("Case Management System") (together with the "Website and Case Management System"). The contractor will engage a minimum of 2 Providers in 6 specific service categories listed below, that provides services within those category and that are located and/or offered within the greater NYC area. Services, categories include: Benefits Navigation, Economic Growth Services, Financial Services, Health Services, Housing Services, and Legal Services. The contractor will be encouraged to engage beyond the minimum 2 providers, with a focus on the areas of the greatest need.

DVS will be negotiating with the following vendors:

 \bullet JobPath \bullet Unite Us \bullet Qualtrics \bullet Combined Arms \bullet Tyler Technologies

While DVS is not accepting expressions of interest for this procurement, DVS will consider expressions of interest in future solicitations.

There are several justifications I would like to add. 1. The agency's market research determined that there were very few select vendors that could provide what the agency is seeking in this NA. 2. There is a time sensitive situation where a supplier must be retained quickly, because Agency has decided not to renew or extend an existing contract in best interest of City, and Agency requires substitute/successor as soon as possible. 3. Neither competitive sealed bidding nor competitive sealed proposals are practicable or advantageous. Due to there being a limited number of vendors that can perform the work, and the highly technical nature of this procurement, It was determined that a Non-Competitive NA would be the best method and most advantageous for the City.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor prequalification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Veterans' Services, 1 Centre Street, 22nd Floor, New York, NY 10007-1602. Jon Ortiz (646) 584-1606.

WHEREAS, this Order is given to prioritize compliance with the *Nunez* Action Plan and to address the effects of DOC's staffing levels, the conditions at DOC facilities, and health operations; and

WHEREAS, additional reasons for requiring the measures continued in this Order are set forth in Emergency Executive Order No. 140; and

WHEREAS, the state of emergency existing within DOC facilities, first declared in Emergency Executive Order No. 241, dated September 15, 2021, and extended by subsequent orders, remains in effect;

NOW, THEREFORE, pursuant to the powers vested in me by the laws of the State of New York and the City of New York, including but not limited to the New York Executive Law, the New York City Charter and the Administrative Code of the City of New York, and the common law authority to protect the public in the event of an emergency:
