PROCUREMENT

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- **Win More Contracts, at nyc.gov/competetowin**

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City’s PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public

All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www.nyc.gov/site/mocs/hhsa/hhs-accelerator-guides.page>

This is a notice that the NYC Department of Correction is seeking comments from the public about the proposed contract below.

Contract Type: Contract

Contractor: Securus Technologies, LLC.

Scope of Services: The New York City Department of Correction is extending the contract with Securus Technologies, LLC for six (6) additional months to provide Inmate Communication Services through June 30, 2026 and avoid disruption in inmate communication and tablet-based services.

The Justification for Securus Technologies to continue performing the services are as follows:

- The existing Securus platform supports communication, programming, law library access, and commissary ordering for PICs. It also provides critical intelligence functions (e.g., Word Alert and Guarded Exchange). Disruption would directly impact inmate morale, family engagement, and facility safety.
- Although the new RFP is now live in PASSPort, completing the vendor selection process—including evaluation, negotiation, contract registration, and transition—will extend into 2026. An extension allows the Department to complete the process with integrity and due diligence.
- The system integrates monitoring tools that support the prevention of contraband and investigative operations. Allowing the contract to lapse would disrupt the Department's real-time monitoring and analysis capabilities.
- The extension ensures financial and operational continuity, as it would be physically and contractually impossible for DOC to continue services should this extension not be granted.
- Due to a recent and projected upward trend in the incarcerated population, DOC based its contract on a 80% Prediction Interval Upper Bound Monthly PIC Population. This ensures the Department is equipped to serve and contractually pay for growing needs without interruption or subsequent amendment for the same period of service.
- In addition, we have updated our broken tablet cost forecast to cover 2,400 tablets, enabling more accurate breakage rate forecasting due to increased population counts, and based on current ratios of breakage per PIC.

Maximum Dollar Amount: \$3,941,456.00
Term: January 1, 2026 through June 30, 2026
E-PIN: 07226N0001001

Procurement Method: Negotiated Acquisition Extension
