HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)

Public Explanation of a Proposed Activity in the 100-Year Floodplain:

The City has carried out the procedures required by Executive Order 11988 on Flood Plain Management including the consideration of a no-action alternative, to avoid adverse effects and incompatible development in the floodplain. *The no-action alternative would not achieve the City's goals of restoring the health and safety of hurricane-damaged multi-family housing for its residents, nor would it promote planning and implementation of resilience measures to mitigate damage from future weather extremes. Residents would continue to be displaced from their homes located in the floodplain, live in damaged, unsafe, and unsanitary housing within the hurricane-damaged neighborhoods or seek shelter elsewhere. Poor structural integrity of hurricane-damaged buildings within the floodplain would put residents at a greater risk should a flood event occur, especially if buildings do not meet current elevation requirements. Storm debris fields on the*

properties of residential buildings would potentially remain unaddressed, also posing a threat to public health and water quality. The City has considered alternatives and mitigation measures to be taken to minimize adverse impacts and to restore and preserve natural and beneficial values of the floodplain. It therefore proposes to support the projects because there is no practicable alternative to develop the projects totally outside the floodplain. To minimize potential harm to the floodplain, HPD will require that the projects implement the following mitigation measures:

- 1) Property owners will be required to purchase and maintain flood insurance for the life of the property or the term of federal assistance; and
- 2) All alterations and repair work must comply with the NYC Department of Buildings requirements for flood-resistant construction (Appendix G of the 2008 Building Code) and resiliency/mitigation measures described above will be implemented as practicable.

This notice is required by Section 2(a)(4) of Executive Order 11988 for Floodplain Management and is implemented by HUD Regulations found at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management. All interested persons, groups and agencies are invited to submit written comments regarding the proposed use of federal funds to support activities located in a floodplain. Written comments should be sent to HPD at 100 Gold Street, New York, NY 10038, Attn: Patrick Blanchfield, AICP, Director of Environmental Planning, Office of Development, Room 9I-7. Comments may also be submitted electronically to nepa_env@hpd.nyc.gov. The minimum 7 calendar day comment period will begin the day after the publication and end on the 8th day after the publication. All comments should be received by HPD on or before May 15th, 2015.

SANITATION

■ NOTICE

PURSUANT TO SECTION 1042 OF THE NEW YORK CITY CHARTER, THE NEW YORK CITY DEPARTMENT OF SANITATION HEREBY PUBLISHES ITS REGULATORY AGENDA FOR JULY 1, 2015 THROUGH JUNE 30, 2016:

A. THE FOLLOWING RULES WILL BE PROMULGATED PURSUANT TO THE NEW YORK CITY RECYCLING LAW AS SET FORTH IN CHAPTER 3 OF TITLE 16 OF THE ADMINISTRATIVE CODE OF THE CITY OF NEW YORK:

1. SUBJECT AREA: RECYCLING – RULES GOVERNING RECYCLING REQUIREMENTS BY COMMERCIAL ESTABLISHMENTS

RATIONALE: The Department recently completed a commercial recycling study pursuant to Local Law 32 of 2010. Among other things, the study: i) estimated the amount of waste in different commercial sectors and the potential for more diversion; ii) identified current private carting industry practices and potential efficiencies in transporting waste within and outside the City; and iii) assessed business generator knowledge of recycling and their compliance with the City's current recycling requirements. As a result of this study and consistent with the Administration's long-term sustainability plan, *One New York*, the Department will amend its commercial recycling rules under Section 1-10 of Chapter 1 of the Title 16 of the Rules of the City of New York to incorporate recommendations to improve the Department's current regulatory practices that will enhance commercial recycling in the City, and streamline existing requirements as may be necessary.

RULE: The Department will amend its rules governing recycling requirements applicable to commercial establishments based, in part, on the recommendations of the commercial recycling study undertaken pursuant to Local Law 32 of 2010.

INDIVIDUALS AND ENTITIES LIKELY TO BE AFFECTED BY PROPOSED RULE: Generators of commercial waste who receive private carting collection service.

RELEVANT FEDERAL, STATE AND LOCAL LAWS AND RULES APPLICABLE TO PROPOSED RULE:

- (a) Section 1-10 of Title 16 of the Rules of the City of New York governing commercial recycling requirements;
- (b) Section 16-306 of the Administrative Code of the City of New York; and
- (c) *City Administrative Procedure Act*: New York City Charter Section 1043.

SCHEDULE FOR ADOPTION: Fiscal Year 2016.

OFFICIAL CONTACT: Deputy Commissioner for Legal Affairs, Department of Sanitation.

TELEPHONE: (646) 885-5006.

2. SUBJECT AREA: RECYCLING – RULES GOVERNING SEPARATE COLLECTION OF COMMERCIAL ORGANIC MATERIAL

RATIONALE: Local Law 146 of 2013 requires certain large commercial food-generating establishments in the City to arrange with a private carter for the separate collection of organic waste material they generate for the purpose of composting, aerobic or anaerobic digestion, or other processing methods approved by the Department by rule. Compliance with this requirement will become legally mandated if the Sanitation Commissioner determines there is sufficient processing capacity in the region for processing organic material, and the processing cost is competitive with the cost of disposing of organic material by landfill or incineration. The law provides a phased-in approach for designating large scale food waste generators that must comply with Local Law 146 in order to promote the expansion of organics processing capacity needed to make organics diversion viable over the long term. This year the Department will designate the first category of commercial food generators that will be required to source separate their organic waste. As processing capacity in the region continues to evolve and grow, the Department will expand this requirement to cover more food-service establishments.

RULE: The Department will promulgate a rule designating certain food-generating commercial establishments that will be required to source separate the organic waste they generate, and arrange with a licensed private carter to separately collect it. The rule will also require private carters to arrange for the composting, aerobic or anaerobic digestion, or other approvable processing method for such material it collects from the designated covered establishments, together with reporting requirements.

INDIVIDUALS AND ENTITIES LIKELY TO BE AFFECTED BY PROPOSED RULE: Commercial food waste generators and private carters that furnish collection service to them.

RELEVANT FEDERAL, STATE AND LOCAL LAWS AND RULES APPLICABLE TO PROPOSED RULE:

- (a) Section 1-10 of Title 16 of the Rules of the City of New York governing commercial recycling requirements;
- (b) Section 16-306.1 of the Administrative Code of the City of New York; and
- (c) *City Administrative Procedure Act*: New York City Charter Section 1043.

SCHEDULE FOR ADOPTION: Fiscal Year 2016.

OFFICIAL CONTACT: Deputy Commissioner for Legal Affairs, Department of Sanitation.

TELEPHONE: (646) 885-5006.

3. SUBJECT AREA: RECYCLING – RULES GOVERNING THE DISPOSAL OF REFUSE AND RECYCLABLES GENERATED AT STREET EVENTS.

RATIONALE: In 2009 the Mayor signed into law Local Law No. 13 in relation to the collection and removal of solid waste and recyclable materials at street events. In order to conform its rules to the law, the Department will amend Chapter 14 of Title 16 of the Rules of the City of New York to ensure its rules are consistent with Local Law No. 13, together with any other procedural changes to improve sanitation responsibilities before, during, and after any street events as necessary.

RULE: The Department will amend its rules by clarifying the responsibilities of sponsors, producers and event managers of street events relating to the disposal of refuse and recyclable materials generated at street events, as well as street activities that occupy no more than one block for not more than one day, such as resident block parties, where no licensed vendor participates consistent with Local Law 13, in addition to any other procedural changes to improve sanitation responsibilities before, during, and after any street events as necessary.

INDIVIDUALS AND ENTITIES LIKELY TO BE AFFECTED BY PROPOSED RULE: Sponsors, producers and event managers of street events.

B. THE FOLLOWING RULES WILL BE PROMULGATED PURSUANT TO THE NEW YORK CITY SOLID WASTE TRANSFER STATION LAW AS SET FORTH IN SECTIONS 16-130 AND 16-131 OF THE ADMINISTRATIVE CODE OF THE CITY OF NEW YORK.

1. SUBJECT AREA: SOLID WASTE FACILITIES -- REGISTRATION REQUIREMENTS FOR RECYCLING PROCESSING FACILITIES AND OVERSIGHT AUTHORITY OVER THEIR OPERATIONS.

RATIONALE: Section 16-130(b) of the Administrative Code of the City of New York authorizes the Sanitation Commissioner to establish one or more classes of permits for solid waste transfer facilities. Some transfer stations operating in New York City exclusively receive, store and process certain materials that are, or can be recycled. In addition, Section 16-463 authorizes broad oversight over recycling facilities that handle paper, metal and plastics, as well as scrap metal facilities that handle refrigerant-containing items. The promulgation of separate rules requiring such facilities to register with the Department and authorizing the Department to inspect their on-site operations and activities will enhance the Department's oversight and enforcement responsibilities in this area.

RULE: The Department will promulgate a rule establishing registration requirements for recycling facilities in the City that only receive and process recyclables designated by the Department, and scrap metal dealers. The rules will also provide for the inspection of their operations and activities relating to the purchase and sale, acceptance, and storage of recyclable material together with reporting requirements.

INDIVIDUALS AND ENTITIES LIKELY TO BE AFFECTED BY PROPOSED RULE: Owners and operators of recycling facilities which operate in New York City.

1. SUBJECT AREA: REGISTRATION REQUIREMENTS FOR THE ACCEPTANCE OF RECYCLABLE CONTAINERS IN BULK USING A MOTOR VEHICLE

RATIONALE: Chapter 4-D of Title 16 of the Administrative Code of the City of New York sets forth registration, reporting and lawful requirements in which an entity may legally accept recyclable containers in bulk using a motor vehicle.

RULE: The Department will promulgate a rule establishing registration requirements for the acceptance of recyclable containers in bulk using a motor vehicle.

INDIVIDUALS AND ENTITIES LIKELY TO BE AFFECTED BY PROPOSED RULE: Owners and operators of businesses engaged in the practice of accepting recyclable containers in bulk while using a motor vehicle.

D. THE FOLLOWING RULE WILL BE PROMULGATED PURSUANT TO SECTION 753 OF THE NEW YORK CITY CHARTER:

1. SUBJECT AREA: REFUSE AND RECYCLING COLLECTION FROM RESIDENTIAL PROPERTIES ON PRIVATELY OWNED STREETS AND ALLEYS

RATIONALE: Pursuant to Section 753 of the New York City Charter, the Commissioner may adopt rules governing the manner in which such refuse shall be arranged or sorted, the time when it will be collected and the place at which it shall be deposited for collection. Currently, the Department engages in the practice of entering privately owned property (including private streets, alleys and parking lots) in order to provide refuse and recycling collection services from residential premises only if the Department obtains a signed written agreement that indemnifies the City, along with meeting certain insurance requirements. Such agreement is only for the collection and removal of refuse and recyclable materials and does not obligate the Department to provide snow removal services to these privately owned areas. Failure to sign such agreement and provide the required insurance, or hazardous conditions resulting in safety issues for the Department, will result in the Department requesting that all refuse and recyclable materials be brought out to a public area.

RULE: The Department will amend section 1-02 to Title 16 of the Rules of the City of New York to incorporate this practice regarding its collection service.

INDIVIDUALS AND ENTITIES LIKELY TO BE AFFECTED BY PROPOSED RULES: Owners and/or managing agents of residential premises that currently or might request that the Department provide collection services on privately owned property.

RELEVANT FEDERAL, STATE AND LOCAL LAWS OR RULES APPLICABLE TO PROPOSED RULE:

- (a) Title 16 of the Rules of the City of New York;
