### BOROUGH PRESIDENT - BROOKLYN

#### ■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that the Brooklyn Borough President on behalf of the Brooklyn Borough Board will hold a public hearing and meeting on the below matter in person, at 6:00 P.M. on Tuesday, June 2, 2026, in the Borough Hall Community Room, 209 Joralemon Street and virtually via Webex. The meeting will be recorded for public transparency.

Members of the public may register for attend in-person or via livestream of the hearing on Webex at:  
<https://nycbp.webex.com/nycbp/j.php?MTID=m38586d0cfa28bfc58b1f233eb7918d0f>  
Meeting # 2348 908 3045 | Password: VNgd3WGv4gs  
Join by phone: 1-646-992-2010., 23489083045 (NYC)  
1-408-418-9388., 23489083045 (US)

Testimony at the hearing is limited to 2 minutes, unless extended by the Chair. Testimony on these items will be accepted in-person, virtually, and in writing via email. To submit testimony virtually, register at the link above and select which agenda item you would like

to submit comment for. While pre-registration is preferred, it is not required to speak; during the hearing there will be a call for testimony from those who have not signed up in advance. For timely consideration, written testimony must be submitted to [testimony@brooklynbp.nyc.gov](mailto:testimony@brooklynbp.nyc.gov) no later than Friday, June 5, 2026.

For information on accessibility or to make a request for accommodations, such as sign language interpretation services, please contact Ricardo Newball at [ricardo.newball@brooklynbp.nyc.gov](mailto:ricardo.newball@brooklynbp.nyc.gov) at least three (3) business days in advance to ensure availability.

#### PUBLIC HEARING I

**IN THE MATTER OF** Prospect Park Alliance proposal to create large-scale outdoor exhibits at the Lefferts Historic House Museum to permanently inscribe the previously overlooked histories of the Lenape and African peoples into the landscape, welcome descendant visitors in a way that signals the site is relevant to them and communicate to the broader public that these stories are important. Accessible paths, abundant benches, and evocative vistas will make the site a place to pause, learn, remember, and heal.

#### PUBLIC HEARING II

**IN THE MATTER OF** the sale and development for Parcel A in Coney West, New York City Economic Development Corporation (EDC) selected Rybak Development, which plans to develop approximately 550 housing units (25% affordable) and no less than 160 spaces of public parking. EDC will present the business terms of the transaction to the Brooklyn Borough Board to comply with 384(b)4 process.

**RENT GUIDELINES BOARD**

■ PUBLIC HEARINGS

**NOTICE IS HEREBY GIVEN THAT THE NEW YORK CITY RENT GUIDELINES BOARD (RGB)** will hold a public hearing on June 4, 2026 at the Jamaica Performing Arts Center, Auditorium, 153-10 Jamaica Avenue, Jamaica, NY from 5:00 P.M. to 8:00 P.M. to consider public comments concerning proposed rent adjustments on leases for apartments, lofts, hotels (including class A and class B hotels, SROs, rooming houses and lodging houses) and other housing units subject to the Rent Stabilization Law of 1969 and the Emergency Tenant Protection Act of 1974. These adjustments will affect leases commencing between October 1, 2026 through September 30, 2027.

Proposed rent guidelines for all of the above classes of stabilized housing units were adopted on May 7, 2026. Copies of the proposed guidelines are available from the NYC Rent Guidelines Board office at the above listed address, at the Board's website [nyc.gov/rgb](http://nyc.gov/rgb), or at [rules.cityofnewyork.us](http://rules.cityofnewyork.us).

Anyone who wants to comment on the proposed rule at a public hearing must sign up to speak. People wishing to speak at the public hearings can pre-register in advance. Pre-registration of speakers is advised. You can pre-register online through our website, [nyc.gov/rgb](http://nyc.gov/rgb), or you can sign up to speak by calling (212) 669-7480 from 9:00 A.M. till 5:00 P.M., Monday through Friday. Pre-registration requests for the hearing must be received before 12:00 P.M. one business day prior to the public hearing date. For those who do not pre-register, registration is also available at the public hearings. You can register in-person from 5:00 P.M. to 8:00 P.M. on June 4. You will have two minutes to speak.

For further information and to pre-register for a public hearing, call the RGB at (212) 669-7480.

Written requests for pre-registration must be received at the office of the Board at 1 Centre Street, Suite 2210, New York, NY 10007 by 12:00 P.M. on the business day prior to the public hearing date. Written requests for registration can be emailed to [csuperville@rgb.nyc.gov](mailto:csuperville@rgb.nyc.gov) or mailed to the Rent Guidelines Board at the address listed above.

This hearing is wheelchair accessible and Spanish interpretation will be provided. Persons who request that a language interpreter, other than Spanish, or a sign language interpreter or other form of reasonable accommodation for a disability be provided at any of the scheduled hearings must notify Ms. Charmaine Superville at the NYC Rent Guidelines Board at (212) 669-7480 or via email at [csuperville@rgb.nyc.gov](mailto:csuperville@rgb.nyc.gov) by May 26, 2026 no later than 4:30 P.M.

The public is invited to observe all public meetings and public hearings but is invited to speak only at the public hearings. All public hearings may be livestreamed from YouTube at: <https://www.youtube.com/RentGuidelinesBoard>. Members of the public must be present at the public hearing location in order to testify.

In addition to in-person testimony, the RGB is providing platforms for submitting both audio and video comments. Audio and video comments must be received by Tuesday, June 16, 2026, to be considered before the final vote. Audio comments can be recorded via voicemail by dialing 929-256-5472. When prompted, you will have up to two minutes to speak. You can also submit prerecorded audio and video comments of up to two minutes in length. Instructions for how to submit these prerecorded comments are available on the Board's website at <https://rentguidelinesboard.cityofnewyork.us/testimony/>.

PROCUREMENT

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts, at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City’s PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request\_browse\_public

All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit https://www.nyc.gov/site/mocs/hhsa/hhs-accelerator-guides.page

Additionally, stability would be maintained and better service would be provided due to the continuity of care through these contracts. This will also allow HRA/HCSP time to focus on the vendors adherence to the New York State regulations, contract monitoring, performance evaluations, and implementing compliance indicators with NYSDOH regulatory changes. Being that HRA reserves the right to terminate the contract, providing a nine-year term will ultimately allow the awardees to provide excellent personal care services to HRA/HCSP clients. Citywide.

Judgment is required in evaluating competing proposals, and it is in the best interest of the City to require balancing of price, quality and other factors.

## AGENCY RULES

### ENVIRONMENTAL PROTECTION

#### ■ NOTICE

#### FY27 Regulatory Agenda

In compliance with section 1042 of the New York City Charter, the following is the regulatory agenda for rules that the New York City Department of Environment of Protection (DEP) anticipates it may promulgate during the fiscal year beginning July 1, 2026, and ending June 30, 2027. Listed below each proposed rule are 1) an approximate schedule for adopting the proposed rules and 2) the name and telephone number of a DEP official knowledgeable about each subject area involved.

#### I. New proposed rules not included in prior years and anticipated to start the CAPA process after May 1, 2026.

##### 1. Warming Center Buses

###### A. Description

Rule to amend 15 RCNY 39-01 to provide that buses being operated as warming centers pursuant to a contract with New York City are considered "Legally authorized emergency vehicles" for purposes of the engine idling statute (24-163).

###### B. Reasons

To ensure consistent application of the idling statute between buses used for cooling and warming purposes during extreme weather conditions.

###### C. Anticipated contents

Adding "warming center" to existing definition in 15 RCNY 39-01.

###### D. Objectives

To ensure consistent application of the idling statute between buses used for cooling and warming purposes during extreme weather conditions.

###### E. Provide a summary of the legal basis for the proposed rule

Administrative Code 24-105

###### F. Relevant local laws and rules:

NYC Administrative Code 24-163 and 15 RCNY 39-01

###### G. Individuals and entities affected:

Operators of buses used as warming centers during extreme cold weather conditions.

###### H. Approximate Schedule:

Q2 FY 2027

###### I. Agency Contact:

Russell Pecunies, DEP Legal Affairs, (718) 595-6531

#### II. Rules included in prior agenda(s) that did not begin the CAPA process but are anticipated to start the process after May 1, 2026.

##### 1. Miscellaneous Penalty Schedule Amendments

###### A. Description

Rules that will amend the penalty schedule for the Air Code, Noise Code, Asbestos Rules, and Water Code.

###### B. Reasons

Recent or pending changes will require the amendment of penalty schedules related to summonses issued by DEP.

###### C. Anticipated contents

Addition and deletion of affected provisions from current penalty schedules.

###### D. Objectives

Update penalty schedules to be consistent with current laws and rules.

E. Provide a summary of the legal basis for the proposed rule.

NYC Charter Section 1403

F. Relevant local laws and rules:

NYC Administrative Code §24-178, 24-105, 24-204, 24-257 and 15 RCNY Chapter 1.

G. Individual and entities affected:

Entities and individuals who receive summonses issued by DEP.

H. Approximate Schedule:

Q4 FY 2027

I. Agency Contact:

Russ Pecunies, DEP Legal Affairs, (718) 595-6531

**2. Design and Construction of Private Sewers**

A. Description

Revisions to Chapter 23 of the Rules of the City of New York, governing construction of private sewers or private drains and house/site connections to the sewer system.

B. Reasons

The proposed amendments will clarify the permit requirements and achieve regulatory consistency.

C. Anticipated contents

The proposed rules will include various revisions to Chapters 23.

D. Objectives

To ensure that private sewers are constructed to DEP standards and specifications.

E. Provide a summary of the legal basis for the proposed rule

NYC Charter Section 1403 and NYC Administrative Code Title 24.

F. Relevant local laws and rules:

NYC Administrative Code Title 24 and RCNY Title 15.

G. Individuals and entities affected:

Any person or entity constructing a private drain or sewer or connections to the City sewer.

H. Approximate Schedule:

Q4 FY 2027

I. Agency Contact:

Bertie Nei, DEP Legal Affairs, (718) 595-7149

**3. Design and Construction of Private Water Mains**

A. Description

Rules for design and construction of private water mains.

B. Reasons

Establish rules for private water mains that are consistent with rules for private sewers.

C. Anticipated contents

The rules will establish requirements for those who construct private water mains in mapped streets at their own expense (and connect such water mains to City water mains or other private water mains) to transfer ownership of such mains to the City within a prescribed period of time.

D. Objectives

To ensure that private water mains are constructed to DEP standards and specifications.

E. Provide a summary of the legal basis for the proposed rule.

NYC Charter Section 1403

F. Relevant local laws and rules:

15 RCNY Chapter 23

G. Individuals and entities affected:

Builders and developers

H. Approximate Schedule:

Q4 FY 2027

I. Agency Contact:

Bertie Nei, DEP Legal Affairs (718) 595-7149

**4. Community Right-to-Know Rules**

A. Description

Update and revision of the Community Right-To-Know Regulations for entities involved in the processing, storage, handling, or use of hazardous substances, extremely hazardous substances, and regulated toxic substances.

B. Reasons

DEP promulgated these rules almost 25 years ago, and they contain many outdated and obsolete references.

C. Anticipated contents

Revisions to the Hazardous Substances List to conform to the current federal and state lists

D. Objectives

To protect the public from the dangers associated with hazardous substances.

E. Provide a summary of the legal basis for the proposed rule.

NYC Charter Section 1403

F. Relevant local laws and rules:

15 RCNY Chapter 41, §§ 24-703 and 24-706 of the New York City Administrative Code

G. Individuals and entities affected:

Owners of facilities where hazardous substances are stored.

H. Approximate Schedule:

Q4 FY 2027

I. Agency Contact:

Russell Pecunies, DEP Legal Affairs, (718) 595-6531

**5. Industrial Air Permit Rule for Mixed-Use Areas**

A. Description

Amendments to make conditional the issuance of air permits and certificates of operation for industrial sources in certain parts of the City where co-location or proximity of industrial uses and sensitive receptors, such as residential uses and community facilities, is permitted by Zoning Resolution.

B. Reasons

Department of City Planning has proposed new policies that would allow industrial uses that require air permits from DEP to co-locate in buildings with residential or community facility uses. Because of the potential toxicity of the industrial uses and to protect public health, DEP would condition air permits and certificates of operation upon the design and installation of protective building controls.

C. Anticipated contents

The rule will require the applicant for industrial air permits in certain parts of the City where co-location or proximity of industrial uses and sensitive receptors is permitted to demonstrate compliance with all applicable requirements of the Zoning Resolution and to submit studies regarding building controls that will protect the safety and health of occupants of the building and surrounding area. If DEP finds the proposed controls (e.g., odor and vapor barriers, emission control devices, noise controls, etc.) to be adequately protective, DEP may grant a certificate of operation upon receipt of a certification that such building controls have been implemented.

D. Objectives

To ensure that the effects of industrial sources do not have adverse health impacts on the occupants of the building or the surrounding area.

E. Provide a summary of the legal basis for the proposed rule

NYC Administrative Code sections 24-125(a)(1); 24-105; 24-204

F. Relevant local laws and rules

Pending Zoning Resolution

G. Individuals and entities affected

Any person or entity proposing to have industrial uses that require a DEP permit and that have the potential to co-locate in the same building with, share a building wall with, or be within a certain distance of sensitive receptors including but not limited to residential and community facility uses.

H. Approximate Schedule

## Q1 FY 2027

## I. Agency Contact

Alyssa Preston, DEP Bureau of Environmental Compliance, (718) 595-3497

### III. Rules that are currently under CAPA review by the Law Department and the Mayor's Office of Operations but have yet to be certified.

## 1. Water Use Rules

## A. Description

Amend existing rules to clarify language, update references to national standards and local codes, and harmonize sidewalk flushing rules with similar provisions in the Sewer Code.

## B. Reasons

The rules are being amended to clarify technical terms, update references, and remove obsolete language to make the rules clearer and more understandable for regulated businesses and entities.

## C. Anticipated contents

Clarify meter and backflow requirements for internal water mains; limitation of times and methods by which sidewalk flushing may take place; various technical clarifications and updates.

## D. Objectives

To make the rules clearer and more understandable.

## E. Provide a summary of the legal basis for the proposed rule.

Administrative Code Section 24-346.

## F. Relevant local laws and rules:

15 RCNY Chapter 20

## G. Individuals and entities affected:

## 2. Unified Stormwater Rule and Penalty Schedule

## A. Description

Clarify applicability section of Chapter 19.1 and add provisions related to correction of violations, ROW requirements and denial of access for inspection. Further align Chapter 19.1 and Chapter 31. Update Penalty schedule to reflect recent changes in Chapter 19.1 and NYC Stormwater Manual.

## B. Reasons

Clarify requirements for on-site stormwater management to improve water quality, reduce urban flooding, lessen the burden on infrastructure and reduce energy demands.

## C. Anticipated contents

Revisions to Chapter 19.1 including addition of section on "voluntary retrofits;" revision of Applicability section; addition of provisions on denial of access for inspection and correction of violations; and clarification that exemption from permitting applies only to milling and paving work done as a stand-alone project. Use standard rainfall volume (1.85) for both SW Construction Permitting (Ch 19.1) and Site Connection (Ch 31). Update Penalty Schedule (Chapter 55) to reflect revisions to Chapter 19.1, including violations of NYC Stormwater Manual Chapter 7 and failures to provide access to worksite and to comply with Commissioner's Order.

## D. Objectives

The proposed rules are designed to contribute to improved water quality in NYC waterbodies by further managing stormwater runoff.

## E. Provide a summary of the legal basis for the proposed rule.

NYC Administrative Code Chapter 5-A

## F. Relevant local laws and rules:

NYC Administrative Code Chapter 5-A, Title 15 RCNY Chapters 19.1 and 31

## FIRE DEPARTMENT

### ■ NOTICE

Notice of Adoption of Amendments to  
Fire Department Rule  
3 RCNY §8400-02, entitled  
"Schedule of Charges for Fire Department  
Ambulance Treatment and Transport Services"

**NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED** in the Fire Commissioner of the City of New York pursuant to Section 487(f) of the New York City Charter, and in accordance with the requirements of Section 1043 of the New York City Charter, that the New York City Fire Department has adopted the above final rule.

The proposed rule was published in the City Record on April 15, 2026. The public hearing was held on May 15, 2026. The final rule shall take effect on July 1, 2026.

The Notice of Adoption, final rule and the Statement of Basis and Purpose of Rule will be available on the Fire Department's website ([www.nyc.gov/fdny](http://www.nyc.gov/fdny)) and NYC RULES ([www.nyc.gov/NYCRules](http://www.nyc.gov/NYCRules)).

#### Statement of Basis and Purpose of Rule

The Fire Department is revising the amounts it charges patients and insurers for Emergency Medical Service (EMS) ambulance treatment and/or transport service provided through the New York City 911 System because of increased costs and to help offset the City's cost of providing these services.

The charges for ambulance service were last increased more than three years ago, on May 1, 2023. The new rates reflect increases in personal services (PS) costs and other than personal service (OTPS) costs required to provide emergency ambulance services and have been calculated to reduce the portion of such costs that is currently borne by City taxpayers.

The rates are partially based on the established civilian collective bargaining pattern (16.21%). Because there is currently no settled EMS labor contract, the Fire Department is relying on the civilian collective bargaining pattern to adjust current PS costs to more accurately reflect the cost of EMS services.

The revised schedule of charges sets forth a single rate for Basic Life Support (BLS) service, and separate rates for Advanced Life Support (ALS) levels of service (ALS1 and ALS2). The definition of BLS, ALS1 and ALS2 are determined by the Federal Department of Health and Human Services' Centers for Medicare and Medicaid Services.

The revised schedule clarifies the fees for BLS and ALS "treatment in place," *i.e.*, the administration of emergency medical services in the absence of transportation.

The rates set forth in the schedule of charges are the amounts that the Fire Department would bill for EMS ambulance treatment and transport service. The rates do not necessarily reflect the amounts accepted by the Fire Department as payment for ambulance treatment and transport services from government and private health insurance plans.

#### Public Comment

The Fire Department received six comments from members of the public. Public commentary expressed concerns about affordability and the impact on the uninsured. In response, the Fire Department notes that the impact of these rate increases on the public will be mitigated for persons with Medicare, Medicaid, or private health insurance, which typically cover emergency ambulance services. The vast majority of Fire Department transports are for insured patients, and it is expected that this rate increase will primarily impact commercial insurance companies. For uninsured patients, the Fire Department offers several programs to address affordability concerns, including a charity care program, payment plans, and settlement options. Additional information on such programs is available by calling the phone number listed on the ambulance bill, as well as on the Fire Department's website: <https://www.nyc.gov/site/fdny/about/resources/policy-and-agreements/charitable-care-policy.page>.

New material is underlined.  
[Deleted material is in brackets.]

Section 1. Section 8400-02 of chapter 84 of Title 3 of the Rules of the City of New York is amended to read as follows:

**§ 8400-02 Schedule of Charges for Fire Department Ambulance Treatment and Transport Service.**

- (a) Scope. This section sets forth the charges for Fire Department ambulance treatment and transport service.
- (b) Effective [May 1, 2023] July 1, 2026, the charges for Fire Department ambulance treatment and transport service are as follows:

**HEALTH AND MENTAL HYGIENE**

**PUBLIC HEARINGS**

**Notice of Public Hearing and Opportunity to Comment on Proposed Amendment to Article 173 of the New York City Health Code**

**What are we proposing?** The New York City Department of Health and Mental Hygiene (“Department” or “DOHMH”) is proposing that the New York City Board of Health (“Board”) amend Article 173 of the New York City Health Code (“Health Code”) to update the definition of “lead-contaminated dust” based on recent changes made by the U.S. Environmental Protection Agency (“EPA”) to its rules.

**When and where is the hearing?** The Department will hold a public hearing on the proposed rule. The public hearing will take place from 10:00 A.M. to 11:00 A.M. on July 1, 2026. The hearing will be conducted by video conference accessible via internet or telephone:

- **Internet.** To participate in the public hearing, enter to register at this Zoom meeting:  
<https://health-nyc.zoomgov.com/j/1659351975?pwd=68PR8mUgT8hH8X98b4nrw4SIKBwqgE.1>

- **Fax.** You may fax comments to Department at 347-396-6087.
- **By speaking at the hearing.** Anyone who wants to comment on the proposed rule at the public hearing must sign up to speak. You can sign up before the hearing by calling Svetlana Burdeynik at 347-396-6078 or 347-396-6116. You may also sign up when you join online Zoom meeting before the hearing begins on July 1, 2026. You can speak for up to three minutes. Please note that the hearing is for accepting oral testimony only and is not held in a “Question and Answer” format.

**Is there a deadline to submit comments?** Written comments must be received on or before July 1, 2026, at 5:00 P.M.

**What if I need assistance to participate in the hearing?**

You must tell the Office of Legal Affairs if you need a reasonable accommodation of a disability at the hearing. You must tell us if you need a sign language interpreter. You can tell us by mail at the address given above. You may also tell us by telephone at 347-396-6078 or 347-396-6116. Advance notice is requested to allow sufficient time to arrange the accommodation. Please tell us by June 17, 2026.

**Can I review the comments made on the proposed amendment?**

You may review the comments made on the proposed amendments by going to the website at <http://rules.cityofnewyork.us/>. All written comments and a summary of the oral comments received by the Department will be made available to the public within a reasonable period of time by the Department’s Office of the General Counsel.

**What authorizes the Board to make this amendment?** Section 558(b) and (c) of the Charter empower the Board to amend the Health Code and to include in the Health Code all matters to which the Department’s authority extends. Section 558(c) of the Charter authorizes the Board to include in the Health Code provisions related to maintaining a registry of births and deaths. Section 556(c)(1) of the Charter authorizes the Department to supervise and control the registration of births and deaths. Section 1043(a) of the Charter grants rulemaking powers to the Department.

**Where can I find the Department’s rules?** The Department’s rules and the Health Code are located in Title 24 of the Rules of the City of New York.

**What laws govern the rulemaking process?** The Department must satisfy the requirements of Section 1043 of the Charter when adding or amending rules. This notice is made according to the requirements of Section 1043(b) of the Charter.

The proposed amendments were not included in the Department’s regulatory agenda for this fiscal year.

**Statement of Basis and Purpose**

*Background*

On the forefront of protecting New Yorkers from lead paint hazards since 1960, the Board of Health has updated the Health Code multiple times over the years to ensure public protections remain current with legislative mandates as well as scientific advancements. One area that has continued to evolve is the ability of laboratories to test for lead content in dust, which is significant because children can easily absorb lead from dust on items that they touch as they explore the world through hand-to-mouth activity. Lead dust can also affect older children and adults when it coats food and other items in the home.

In 2019, following changes in the New York City Administrative Code,<sup>1</sup> the Board adopted Health Code thresholds for lead-contaminated dust that are the lowest in the nation. The thresholds, found in Health Code § 173.14(e)(3)(I)(iv), are five or more micrograms of lead per square foot (µg/ft<sup>2</sup>) on a floor, 40 or more µg/ft<sup>2</sup> on window sills, and 100 or more µg/ft<sup>2</sup> on window wells.<sup>2</sup> NYC Administrative Code § 27-2056.2(8) allows the Board of Health to adopt stricter standards and requires it to lower threshold levels when the EPA or the U.S. Department of Housing and Development does so.

*EPA Changes to Dust Thresholds*

In response to a 2021 court mandate,<sup>3</sup> the EPA lowered its dust-lead standards effective January 2026. In this 2024 rulemaking,

1 Local Law 66 of 2019, codified at NYC Administrative Code § 27-2056.2(8).

2 Area concentration is used to describe settled leaded dust levels in micrograms of lead per square foot of surface area. Appendix 1, Units of Measure, of the U.S. Department of Housing and Urban Development’s *Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing (2012 Edition)*, (µg/ft<sup>2</sup>). See, <https://www.hud.gov/sites/documents/lbph-22.pdf> (last accessed 3/18/26).

3 *A Community Voice et al. v. EPA*, 997 F.3d 983 (Ninth Circuit 2021).

the EPA separated its pre-abatement standard for dust lead hazards (now called the “dust-lead reportable level” or “DLRL”) from its post-abatement standard for clearance (known as the “dust-lead action level” or “DLAL”). Prior to this rulemaking, both standards had been the same: 10 µg/ft<sup>2</sup> or greater for floors and 100 µg/ft<sup>2</sup> for windowsills, with no standard for window wells.

Under the new rule, the dust-lead reportable level is defined as “surface dust in a residential dwelling or child-occupied facility that contains a mass-per-area concentration of any reportable level of lead for floors or for interior window sills based on wipe samples analyzed by an NLLAP-recognized laboratory” (codified at 40 CFR § 745.63).<sup>4</sup> This means that at the pre-abatement stage – *i.e.*, the usual inspection stage – “any reportable level” of lead is a dust-lead hazard. The 2024 rule also lowered the maximum threshold for the dust lead action level measured post-abatement to 5 µg/ft<sup>2</sup> for floors, 40 or less µg/ft<sup>2</sup> for windowsills, and 100 or less µg/ft<sup>2</sup> for window wells (codified at 40 CFR § 745.227(e)(8)(vii)). As noted in the EPA rulemaking, the DLALs are the current abatement/clearance levels required by the NYC Health Code.

Only certain laboratories are qualified to test for lead in dust, paint and other materials. The National Lead Laboratory Accreditation Program (NLLAP) is the EPA program that sets the minimum requirements and abilities that a laboratory must achieve and maintain to be recognized and accredited for lead testing. These criteria are established in the EPA’s Laboratory Quality Standards for Recognition (“LQSR”) guidelines. The most recent version of these standards, LQSR 4.0, was adopted while the EPA was considering the 2024 amendments to the dust lead rules.<sup>5</sup> According to LQSR 4.0’s Section 5.3 Test and Sampling Methods, NLLAP-recognized laboratories must be able to analyze dust wipe samples for lead a quantitation limit “equal to or less than . . . 80% of the lowest [dust lead] action level.”<sup>6</sup> A quantitation limit is the lowest concentration that can be reliably measured with acceptable precision and accuracy. Based on the post-abatement dust-lead action level standards that were updated in the 2024 rule, for laboratory testing purposes, the EPA’s “lowest action level” is 5 µg/ft<sup>2</sup>. This means that NLLAP-accredited laboratories must be able to reliably detect lead in dust at 80% of that level, or at 4 µg/ft<sup>2</sup>.

In summary, effective January 2026, EPA rules establish two different standards for lead-contaminated dust: one for pre-abatement hazards (“any reportable level”) and one for post-abatement clearance (“dust-lead action levels”) that mirror those of Health Code § 173.14(e)(3)(I)(iv)). In addition, NLLAP-certified laboratories must be able to detect lead in dust at 4 µg/ft<sup>2</sup>, which is 80% of the lowest action level.

Proposed Changes to the Health Code in Response to EPA Rulemaking

The Department is proposing to amend Article 173 of the Health Code to adopt more stringent standards for lead-contaminated dust based on changes in EPA rules as the Board of Health is authorized to do pursuant to NYC Administrative Code § 27-2056.2(8). The key question to be resolved in developing this proposal was whether the threshold for hazards should be lower than the thresholds for clearance, as in the EPA rules. The Department is proposing to adopt a single standard rather than a double standard like that used by the EPA because a single standard can be more uniformly and reliably implemented by property owners and laboratories and also protects the health of New Yorkers.

The next issue to resolve was what single standard to propose. Since the NLLAP testing standard (80% of the lowest action level) applies specifically to lead in dust and it is the lowest reportable level that must be met by all NLLAP-accredited laboratories, the Department is proposing to adopt this as a unified standard for defining “lead-contaminated dust” in the Health Code. The new lower standards will apply to testing for lead dust hazards on floors and windowsills during inspections of homes under Health Code § 173.13(d)(1) as well as to lead-contaminated dust clearance testing of floors, windowsills, and window wells after abatement pursuant to Health Code § 173.14(e)(3)(I)(iv). The proposed thresholds are:

Floors .....	4 µg/ft <sup>2</sup> ;
Windowsills .....	32 µg/ft <sup>2</sup> ; and
Window Wells .....	80 µg/ft <sup>2</sup> .

These are 20% below the current thresholds set in Health Code § 173.14(e)(3)(I)(iv) for clearance after abatement and lower than the action levels set in EPA rules.

The Department is also proposing that laboratories eligible to test and report dust-lead levels must be accredited by NLLAP in addition to the current requirement for accreditation by the New York State Department of Health Wadsworth Laboratory’s Environmental Laboratory Approval Program (ELAP). ELAP was established pursuant to NYS Public Health Law § 502 and is responsible for the certification of laboratories performing environmental analyses on samples originating from New York State, thus ensuring the accuracy and reliability of these analyses. Accreditation in the field of Solid and Chemical Materials (Solid Waste and Soils) is required by ELAP for purposes of lead paint chip, soil, and dust testing. Pursuant to ELAP’s Required Detection Limits in its Certification Manual, laboratories must be able to detect lead at one microgram per liter (“µg/L”).<sup>7</sup>

In summary, the Department is proposing to:

- Delete the maximum dust-lead clearance levels from Health Code § 173.14(e)(3)(I)(iv) because the requirement would be captured in the new definition for “lead-contaminated dust”.
- Add a new definition for “lead-contaminated dust” to Health Code § 173.14(b) with a new lower and more protective threshold than what is currently set forth in Health Code § 173.14(e)(3)(I)(iv).
- Require that testing of lead-contaminated dust be conducted by a laboratory that is both NLLAP- and ELAP-certified.
- Add a new definition for “lead-contaminated dust clearance testing” in Health Code § 173.14(b) to clarify that dual certification is required by laboratories that test dust following abatement and standardize the term “lead-contaminated dust clearance testing” throughout the section.
- Add definitions for ELAP and NLLAP.

The Department is also proposing to clarify the definition of “chewable surface” in Health Code § 173.14(b) by reformatting the text without making a substantive change.

**Statutory Authority**

These amendments to the Health Code are promulgated pursuant to Sections 558 and 1043 of the New York City Charter. Section 558 empowers the Board to amend the Health Code and to include in the Health Code all matters to which the authority of the Department extends. Section 1043 grants the Department rulemaking authority.

The proposal is as follows:

New material is underlined.

[Deleted material is in brackets.]

Asterisks (\*\*\*) indicate unamended text.

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this Department, unless otherwise specified or unless the context clearly indicates otherwise.

**RESOLVED**, that paragraph (1) of subdivision (d) of section 173.13 of Article 173 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be amended to read as follows:

- (1) *Generally*. When the Department finds that there is lead-based paint, or lead-contaminated dust [with a lead content in excess of the clearance levels specified in 24 RCNY Health Code § 173.14(e),] on the interior of any dwelling, supplemental address, or other premises, such premises including but not limited to, child care services, schools, and recreational facilities used or occupied by children under the age of 18, or concentrations of lead in the paint on the exterior of a dwelling, that may be creating a danger to health, it may in such cases as it deems essential, order the abatement or remediation of any such condition in a manner and under such safety conditions as it may specify. The Department may also order the removal or covering of soil appurtenant to any dwelling or other premises, including but not limited to, child care services, schools, and recreational facilities used or occupied by children under the age of 18 when it determines that there are concentrations of lead in such soil which exceed allowable limits of the U.S.

Environmental Protection Agency found in 40 C.F.R. Part 745, or successor regulations, and further determines that such concentrations may be dangerous to health.

**RESOLVED**, that the definition of the term “chewable surface” set forth in subdivision (b) of section 173.14 of Article 173 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be amended to read as follows:

**Chewable surface.** «Chewable surface» shall mean:

- (1) a protruding interior [window sill] windowsill
  - (i) in a dwelling unit in a multiple dwelling where a child under six years of age resides, which is readily accessible to such child, or
  - (ii) such surface in a day care service, or kindergarten in an elementary school, that is readily accessible to a child under six years of age[.]; and
- (2) [“Chewable surface” shall also mean] any other type of interior edge or protrusion in a dwelling unit in a multiple dwelling, day care service or kindergarten, such as a rail or stair[.],
  - (i) where there is evidence that such other edge or protrusion has been chewed and where an occupant of the dwelling unit has notified the owner that a child under six years of age resides in that multiple dwelling, or
  - (ii) where the operator of a day care service or kindergarten has observed that a child under six years of age has mouthed or chewed such edge or protrusion.

**RESOLVED**, that subdivision (b) of section 173.14 of Article 173 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be amended to REPEAL the definition of the term “lead-contaminated clearance dust test” and add definitions of the terms “ELAP”, “lead-contaminated dust”, lead-contaminated dust clearance test” and “NLLAP”, in alphabetical order, to read as follows:

**ELAP.** “ELAP” shall mean the Environmental Laboratory Approval Program certification(s) bestowed upon laboratories by the Wadsworth Center pursuant to New York State Public Health Law § 502. For the purpose of this code, laboratories must be accredited in the Solid and Chemical Materials (Solid Waste and Soils) field by ELAP.

**Lead-contaminated dust.** “Lead-contaminated dust” shall mean dust collected on floors or windowsills during an investigation of a location or during a lead-contaminated dust clearance test that contains lead at or above the following levels in testing conducted by a laboratory certified by NLLAP and ELAP:

Floors .....	4 micrograms of lead per square foot.
Windowsills .....	32 micrograms of lead per square foot.

“Lead-contaminated dust” shall also mean dust collected from window wells during a lead-contaminated dust clearance test that contains lead at or above 80 micrograms of lead per square foot in testing conducted by a laboratory certified by NLLAP and ELAP.

**Lead-contaminated dust clearance test.** «Lead-contaminated dust clearance test” shall mean testing conducted by an NLLAP and ELAP-certified laboratory for lead in dust collected on floors, window wells, and windowsills in a dwelling following abatement in accordance with this Code or § 27-2056.11 of the Administrative Code.

**NLLAP.** “NLLAP” shall mean the US EPA National Lead Laboratory Accreditation Program that defines the minimum requirements and abilities that a laboratory must meet to be recognized by the EPA as an accredited lead testing laboratory.

**RESOLVED**, that subparagraph (B) of paragraph (2) of subdivision (c) of section 173.14 of Article 173 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be amended to read as follows:

(B) *Other than abatement work.*

- (i) *Other work to remediate lead-based paint hazards that is ordered by the Department or HPD, or work that disturbs large amounts of lead-based paint.* All work ordered by the Department, or by the HPD in accordance with § 27-2056.11(a)(1) of the Administrative Code, or work that disturbs over 100 square feet per room conducted in accordance with § 17-911 of the Administrative Code, or 24 RCNY Health Code § 43.23 or 24 RCNY Health Code § 47.63, or § 27-2056.11(a)(2)(ii) of the Administrative Code, shall be performed by firms and trained workers meeting the following requirements:
  - (aa) *Firm requirements.* Firms conducting such work shall be certified to perform lead abatement by the EPA in accordance with subpart L of 40 C.F.R. Part 745, or successor rule, for the abatement of

lead hazards.

- (bb) *Worker requirements.* Workers conducting such work shall be trained, at a minimum, in accordance with the regulations issued by HUD at 24 C.F.R. § 35.1330(a)(4), or successor rule.
- (cc) [Clearance] *Lead-contaminated dust clearance testing requirements.* No person shall perform a lead-contaminated dust clearance test in relation to such work unless such person is a [third-party] third party, who is independent of the owner and any individual or firm that performs the work. All personnel performing lead-contaminated dust clearance [dust] testing upon completion of work shall be trained, at a minimum, in accordance with regulations issued by HUD at 24 C.F.R. § 35.1340(b)(1), or successor rule.
- (ii) *Work not ordered by the Department or HPD that disturbs a small amount of paint in a multiple dwelling or in a child care facility or a kindergarten.* Work which is not ordered by the Department and disturbs between two and 100 square feet per room, which is performed in accordance with § 17-911 or § 27-2056.11(a)(2)(i) of the Administrative Code, or 24 RCNY Health Code § 43.23 or 24 RCNY Health Code § 47.63, shall be performed by workers trained in accordance with the following requirements:
  - (aa) *Worker requirements.* Workers conducting such work shall be trained under regulations issued by HUD at 24 C.F.R. § 35.1330(a)(4), or successor rule.
  - (bb) [Clearance] *Lead-contaminated dust clearance testing requirements.* No person shall perform a lead-contaminated dust clearance test in relation to such work unless such person is a [third-party] third party, who is independent of the owner and any individual or firm that performs the work. Personnel performing lead-contaminated dust clearance [dust] testing after completion of work performed in accordance with § 27-2056.11(a)(2) (i) of the Administrative Code shall be trained in accordance with regulations issued by HUD at 24 C.F.R. § 35.1340(b)(1), or successor rule.
- (iii) *Work not ordered by the Department or HPD, which is performed in a dwelling unit upon turnover.* No person shall perform a lead-contaminated dust clearance test in relation to such work unless such person is a [third-party] third party, who is independent of the owner and any individual or firm that performs the work. Personnel performing lead-contaminated dust clearance [dust] testing after completion of work performed on turnover in accordance with § 27-2056.8 of the Administrative Code shall be trained in accordance with regulations issued by HUD at 24 C.F.R. § 35.1340(b)(1), or successor rule.

**RESOLVED**, that paragraph (3) of subdivision (c) of section 173.14 of Article 173 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be amended to read as follows:

(3) *Recordkeeping.*

- (A) *Records to be kept.* An owner shall keep a record of the following information for all lead-based paint remediation work subject to the provisions of this Code or Title 27 of the Administrative Code:
  - (i) The name, address, and telephone number of the person or entity who performed the work; the start date and completion date for the work.
  - (ii) A copy of all training certificates, required pursuant to subsection (c)(2) of this section, for the firms and personnel who performed work and clearance dust testing.
  - (iii) The location of the work performed in each room including a description of such work and invoices for payment for such work.
  - (iv) Results of lead-contaminated dust clearance tests [analyzed by an independent laboratory certified by the state of New York].
  - (v) Checklists completed pursuant to 24 RCNY Health Code § 173.14(e)(1)(J) and (e)(2)(F) when occupants are allowed temporary access to a work area.
- (B) *Time to maintain records.* Such records shall be maintained by an owner for a period of ten years from the date of completion of such work or transferred to a subsequent owner and maintained by such subsequent owner during such time period[.], and made available to the Department upon request.

**RESOLVED**, that subdivision (iv) of subparagraph (I) of paragraph (3) of subdivision (e) of section 173.14 of Article 173 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be amended to read as follows:

- (iv) *Clearance for permanent re-occupancy after completion of work.* [Dust lead levels in excess of the following constitute contamination and require repetition of the clean-up and testing process in all areas where such levels are found. Areas where every sample result is below the following dust lead levels may be cleared for permanent re-occupancy:

Floors: 5 micrograms of lead per square foot.  
Window Sills: 40 micrograms of lead per square foot.  
Window Wells: 100 micrograms of lead per square foot.

Provided that, if EPA or HUD adopts lower definitions of lead-contaminated clearance dust, those definitions shall apply for purposes of this subdivision. Only upon receipt of ELAP and NLLAP-accredited laboratory [The work area may not be cleared for permanent re-occupancy until test results from a laboratory accredited by ELAP and NLLAP showing that (the above dust lead levels are not exceeded) there is no lead-contaminated dust in the dwelling (may the work area be cleared for permanent re-occupancy) have been received. However, temporary access to work areas may be allowed, provided that clean-up is completed, and dust test samples have been collected, in compliance with 24 RCNY Health Code § 173.14(e)(1)(i),(ii) and (iii). The owner shall provide a copy of all lead-contaminated dust clearance test results to the occupants of the dwelling or dwelling unit. Copies of lead-contaminated dust [wipe] clearance test results shall be submitted to the Department whenever abatement or remediation of lead-based paint hazards has been ordered by the Department or Commissioner.

**Notice of Public Hearing and Opportunity to Comment on Proposed Amendment to Articles 205 and 207 of the New York City Health Code**

**What are we proposing?** The New York City Department of Health and Mental Hygiene ("Department" or "DOHMH") is proposing that the New York City Board of Health ("Board") amend Articles 205 and 207 of the New York City Health Code ("Health Code") to:

- Streamline certain reporting requirements and clarify the types of vital records amendments that the Department is authorized to approve,
- Require 100% electronic death reporting,
- Align the Health Code with New York State law provisions regarding the rights of adopted individuals, and
- Provide an option for family members to request Office of City Medical Examiner death certificates without the cause of death listed.

**When and where is the hearing?** The Department will hold a public hearing on the proposed rule. The public hearing will take place from 10:00 A.M. to 11:00 A.M. on July 2, 2026. The hearing will be conducted by video conference accessible via internet or telephone:

- **Internet.** To participate in the public hearing, enter to register at this Zoom meeting:

**Can I review the comments made on the proposed amendment?**

You may review the comments made on the proposed amendments by going to the website at <http://rules.cityofnewyork.us/>. All written comments and a summary of the oral comments received by the Department will be made available to the public within a reasonable period of time by the Department's Office of the General Counsel.

**What authorizes the Board to make this amendment?** Section 558(b) and (c) of the Charter empower the Board to amend the Health Code and to include in the Health Code all matters to which the Department's authority extends. Section 558(c) of the Charter authorizes the Board to include in the Health Code provisions related to maintaining a registry of births and deaths. Section 556(c)(1) of the Charter authorizes the Department to supervise and control the registration of births and deaths. Section 1043(a) of the Charter grants rulemaking powers to the Department.

**Where can I find the Department's rules?** The Department's rules and the Health Code are located in Title 24 of the Rules of the City of New York.

**What laws govern the rulemaking process?** The Department must satisfy the requirements of Section 1043 of the Charter when adding or amending rules. This notice is made according to the requirements of Section 1043(b) of the Charter.

The proposed amendments were not included in the Department's regulatory agenda for this fiscal year because it did not contemplate this amendment at the time the regulatory agenda was published.

**Statement of Basis and Purpose of Proposed Rule**

To streamline vital records processes and clarify certain matters, the Department conducted a thorough review of current protocols and relevant provisions of Health Code Articles 205 and 207. Following this review, the Department determined that certain amendments would improve customer service and address public need. The Department therefore proposes the amendments described below.

**1. Clarify Access to Birth Certificates by Individuals and Parents**

The Health Code does not currently specify that an individual has a right to their own birth certificate. In addition, it currently specifies that a parent cannot access a child's birth certificate once the child reaches the age of 18 unless the child is deceased. Proposed amendments to Health Code § 207.11 would make clear that individuals have a right to access their birth certificate once they reach the age of 18 and that parents have a right to access their child's birth certificate even after the child reaches that age.

**2. Specify Access to Pre-Adoption Birth Certificates for Adoptees and Their Direct Line Descendants**

Since 2020, pursuant to New York State Public Health Law § 4138-e, adult adoptees and their direct line descendants and lawful representatives in New York State have had the right to access the adult adoptee's original birth certificates that had been sealed upon their adoption. The Department has been providing adult adoptees with their original sealed birth certificates and supporting documentation under the State law since 2020, but there is no provision in the Health Code that specifically addresses this requirement. The Department is therefore proposing to add a new paragraph (4) to Health Code § 207.11(a) to make clear that it is in alignment with New York State law.

**3. Define "Disposition" and "Interim Disposition" and Create Time Limit for Interim Dispositions**

While the final arrangement for human remains is addressed extensively in the Health Code, it includes no definition of the term "disposition." For clarity, the Department is therefore proposing to add a definition in § 205.01 that mirrors the text of New York State Public Health Law § 4201, which is in effect for the rest of New York State. In addition, the Department proposes adding a definition for "interim disposition" in § 205.01 as the non-final, temporary location of the decedent prior to disposition. Interim disposition occurs, among other places, at the medical facility where a death occurred, a funeral home, or the New York City Office of the Chief Medical Examiner ("OCME").

Health Code § 205.13(a) imposes a four-day disposition requirement, which may be extended for a period not exceeding ten days after placement in the general reception vault of a cemetery. Health Code § 205.13(b) allows extension of these time periods, without specific limit, when an interim disposition permit is issued. The Department is proposing to amend § 205.13(b) to reflect the text of New York State Public Health Law § 4200(1) and require good cause shown for issuance of an interim disposition permit and also require burial within a reasonable time not to exceed 30 days after death in such instances. In extenuating circumstances, a funeral director would be able to apply to the Commissioner or their designee for additional time for final disposition. The Department is proposing to exempt OCME from the 30-day time limit as their cases may take more time to

investigate and release for final disposition.

**4. Clarify Who May Request Death Certificate Amendments and the Type of Amendments the Department is Authorized to Make**

Health Code § 207.01(a) describes Department authority to make corrections and amendments to death certificates and other vital records. The reasons people request changes to death certificates are many, including where the funeral home or healthcare provider made an error about a decedent's date of birth or marital status, or where a nation's rules of dual citizenship mandate matching names on all vital records. The Department received 770 applications for death certificate corrections from the public in 2024, each requiring careful review to verify that the requester is entitled to request the change and that the supporting documentation is sufficient. Another 32,917 correction requests were processed from facilities and funeral directors. The Department is proposing two amendments described below to ensure that changes to death certificates are made upon request of or by appropriate individuals and contain accurate information.

**A. The Department proposes limiting the time period that informants may request death certificate amendment and redefining the persons entitled to make requests without time limitation.**

First, Health Code § 207.01(a) currently allows the "person in control of disposition," which is defined by Health Code § 205.01(e) to include persons not closely related to the decedent, to request amendments to death certificates. The immediate duty of disposition, i.e., burial or cremation, should not confer authority to amend a death certificate, an action that could, for example, affect the decedent's estate and the people eligible to inherit from it. This provision of § 207.01 also creates administrative issues for the Department because the person in control of disposition is not easily determined, especially long after the burial or cremation. Moreover, persons in control of disposition are not eligible to amend a death certificate in the rest of New York State.

Second, § 207.01(a) also allows death certificate amendment requests from individuals who supplied the "personal particulars," i.e., the name, date of birth and other information about the decedent at the time of death, to either the healthcare provider, funeral director, or medical examiner reporting the death. This provision creates functional issues because the individual who supplied the personal particulars ("the informant") may be a person without a legal relationship to the decedent, such as a neighbor or friend who may not have accurate information about the decedent. In the rest of New York State, informants are given a limited right to amend a death certificate for only six months after the death.<sup>1</sup>

To resolve these two issues, the Department is proposing to amend Health Code § 207.01(a) to align it with the current rules applicable to the rest of New York State. The proposed amendments would:

- Allow an informant to apply for death certificate amendments within six months of the date of death and also allow an application to be amended at any time by:
  - o the spouse, domestic partner, parent, sibling, or child of the decedent,
  - o a beneficiary of an entitlement, pension, benefits, money, or property due to decedent's death, or
  - o a duly appointed executor or fiduciary of the decedent's estate; and
- Prohibit death certificate amendment rights to the person in charge of disposition unless they were a close family member or a representative of the estate.<sup>2</sup>

**B. The Department proposes accepting applications to amend a decedent's marital status only when such status has been determined by a court of competent jurisdiction.**

At times, an informant provides an incorrect marital status for the decedent at the time of death. Some informants, for example, simply did not know that the decedent was married. At other times, familial strife leads the informant to omit the marital status or name of a spouse. When this occurs, applications to amend death certificates are submitted by the putative spouse and the Department must determine whether the decedent and the applicant were married at the time of death. Because this is a legal, rather than an administrative determination, the Department is proposing to have courts adjudicate

<sup>1</sup> In the rest of New York State, informants and funeral homes may request amendments or corrections to death certificates within six months of a death. In addition, a decedent's spouse on record, parent, child, sibling, or legal guardian always has the right to request an amendment. *See, public\_instructions\_for\_death\_corrections.pdf*, last accessed on 2/20/26.

<sup>2</sup> Pursuant to Health Code § 207.03(b), OCME may submit missing or updated information at any time.

the issue of marital status and accept an application to amend marital status on a death certificate only when such application includes a corresponding court order.

The proposed change to § 207.01 would preclude an amendment of the decedent's marital status or domestic partnership except by:

- OCME at any time;
  - A funeral director within one year of date of death; or
  - The Department at any time, upon application that includes an order of a court of competent jurisdiction.
5. Streamline Process for "Personal Particulars" Amendments of Death Certificates
- A. The Department proposes allowing designated and trained individuals who are not healthcare professionals to both correct and add to the personal particulars section of a death report; OCME should be able to do so at any time.

Under Health Code § 207.03(b), healthcare professionals reporting a death may add information to the record within one year of the death; that provision does not allow amendment or correction by such professionals of the information provided. It also does not allow individuals who are not medical professionals to update or add to the decedent's personal particulars. Similarly, Health Code § 205.05 currently does not allow anyone, except the reporting healthcare professional or OCME, to certify the personal particulars portion of the death certificate. These limitations cause delays in funeral arrangements because a healthcare professional is often not available in a timely manner to correct errors in administrative information such as the deceased's name and sex and certify them as accurate. The Department thus proposes allowing non-healthcare professionals to both add and correct personal particulars within one year while maintaining and clarifying the provision that OCME may amend the personal particulars at any time.

- B. The Department proposes that, when an interim disposition permit is to be issued, designated and trained non-healthcare professionals be authorized to certify the personal particulars of a death report, and funeral directors be authorized to amend or add to the personal particulars of such certificate without Department permission.

The method of disposition is a required field in the personal particulars section of a death certificate in the Department's electronic reporting system (eVital) and hard copy reports. When a funeral home or director (collectively referred to as "FD") has not yet been hired before a death is reported, disposition is often categorized as "Other" or "City Cemetery" from among the options available.<sup>3</sup> Since this disposition is not final, this categorization is known as an "interim disposition" and allows the body to be removed from the place of death before final arrangements are made. Interim disposition permits are issued by the Department pursuant to Health Code § 205.21 and require certification by a healthcare professional of all information provided in non-OCME cases. As noted above, the healthcare professional is often not available in a timely manner, which causes delays in issuing the interim disposition permit. Delays are also caused in funeral arrangements after the interim permit is issued because Health Code § 207.01(c) does not allow FDs to amend or provide personal particulars without Department approval. The proposed amendments would rectify both of these issues by allowing trained designees of healthcare professionals to certify personal particulars of a death certificate when an interim disposition permit is to be issued and would allow FDs to amend or add to such personal particulars without Department permission when an interim disposition permit was issued.

In summary, the Department is proposing amendments to provisions regarding personal particulars and other non-medical information as follows:

- a. Amend Health Code § 207.03(b) to allow healthcare professionals to correct, as well as add, personal particulars information within one year. Also proposed is the addition of a provision allowing trained and approved designees of healthcare professionals reporting deaths to update death certificate personal particulars information within one year.
- b. Add a new subdivision (c) to Health Code § 207.03 allowing Department-trained or approved designees of the person reporting a death to amend certain non-medical fields of the Confidential Medical Report (CMR), as determined on forms prescribed by the Board.
- c. Amend Health Code § 205.05 to allow certification of personal particulars for purposes of issuing an interim disposition permit

<sup>3</sup> The other options are burial, cremation, or entombment. See, Form VR15, available online at <https://www.nyc.gov/assets/doh/downloads/pdf/vs/2021sum.pdf>, last accessed on 2/20/26.

by designees of the healthcare professional reporting the death if the designee is trained or approved by the Department.

- d. Amend Health Code § 207.01(c) to allow FDs to amend or provide personal particulars without Department approval if the death was initially issued an interim disposition permit.
6. Codify right to amend death certificates to align with decedent's gender identity

The Department currently allows amendment of death records to align a decedent's gender identity with the sex designation on the record. The City Council recently adopted a local law, now codified in New York City Administrative Code ("Admin. Code") § 17-166.1, to enshrine this important right into law. The Department therefore proposes to codify its current practice and the new local law into the Health Code by amending Health Code § 207.05 to allow sex designation amendments of death records, provide for issuance of a new death certificate in such cases, and fully protect the privacy of the records underlying this change.

7. Allow Issuance of OCME Death Certificate Without Cause of Death for Family Members

Health Code § 205.09(b) requires that the "manner of death" appear on all death certificates; the notes to this subdivision indicate that "manner of death" categories are "accident, suicide, homicide or natural". Pursuant to Health Code §§ 205.03 and 205.05, more detailed causes of death are included in the CMR rather than the death certificate to ensure confidentiality for the decedent's family and encourage full and accurate reporting, which can be undermined by the stigma associated with certain causes of death. Pursuant to Health Code § 205.07, the CMR is not released except in limited cases and when requested by the spouse, domestic partner, parent, child, sibling, grandparent, or grandchild of the deceased or by the individual identified on the death certificate as the person in control of disposition.

Unlike other cases, cases reported by OCME include cause of death on the death certificate. As required by New York City Charter § 557(f)(1), OCME investigates and reports deaths when a person dies "from criminal violence, by accident, by suicide, suddenly when in apparent health, when unattended by a physician, in a correctional facility or in any suspicious or unusual manner." Due to their nature, OCME cases more often involve litigation and/or administrative proceedings than other cases. New York State law provides that cause of death may be admitted as *prima facie* evidence in New York State courts when it is included on the death certificate. (New York State Public Health Law § 4103(3)). Thus, the Department proposes to continue including cause of death on the face of OCME certificates to facilitate the efficient administration of justice.

Including manner and cause of death on OCME-reported death certificates does, however, create difficult situations for family members when they need to produce the certificate for a matter not related to the cause of death. For example, a father may need the death certificate to obtain a passport for a child when the mother has died, or a young adult may need to prove her parents have died to apply for student loans. In neither of these situations is it relevant to reveal either the manner of death or a detailed cause of death. Indeed, it only serves to retraumatize the family and provide sensitive details of a traumatic death to the public, unnecessarily. To remedy this problem, the Department is proposing to amend Health Code § 205.09(b) to allow specific family members to request death certificates without manner or cause of death when the case had been reported by OCME.

8. Increase Electronic Death Reporting

In 2004, the City Council adopted a local law requiring electronic reporting of deaths to the Department, now codified in Admin. Code § 17-196. As noted in its declaration of legislative findings and intent, the Council noted that the paper-based system then in use created delays that "inflict[ed] additional pain and suffering on families who are already dealing with extreme loss. [. . .] The electronic death registration system will hasten the collection of information necessary for the registration and certification of deaths, thereby expediting the issuance of certified death certificates, the burial or cremation process and settlement of estates." Admin. Code § 17-196 also provides that paper reporting must be allowed during emergency events or exigent circumstances. In response to the local law, the Department adopted Health Code § 205.03 to implement the new law and establish the use of its electronic reporting system. That system, now known as eVital, receives reports of deaths in real time and has greatly sped up the processing of death certificates and disposition permits. The delays of 20 years ago are now quite rare.

The delays currently encountered usually occur because the Health Code does not require all deaths to be reported electronically; specifically, physicians and facilities reporting fewer than 10 deaths per year, may still do so on paper. In addition, certain healthcare professionals are hesitant to use the system when they report a few

deaths a year and are accustomed to paper reporting. To eliminate delays from non-electronic reporting, the Department is proposing to require all deaths to be reported electronically. The Department is also proposing to amend Health Code § 205.03 to allow paper reporting in times of emergency to align with the requirements of the Admin. Code.

9. Delete Certain Fees to Align with Changes in New York State Law

Earlier this year, Public Health Law § 4160-a(9) was amended to prohibit charging a fee for the issuance of a certificate of still birth or pregnancy loss. This change conflicts with Health Code § 207.13(a)(1), which currently requires a fee of \$15 for termination of pregnancy certifications; terminations of pregnancy include still births and pregnancy loss. The Department therefore proposes that the requirement for payment of this fee be deleted from the Health Code.

The proposed amendment is as follows:

**RESOLVED**, that section 205.01 of Article 205 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

**§ 205.01 Definitions.**

When used in this title:

- (a) “Burial” means interment of human remains in the ground or in a tomb, vault, crypt, cell or mausoleum, and includes any other usual means of final disposal of human remains other than cremation.
- (b) “Cremation” means the burning of human remains in a crematory.
- (c) “Disposition” means the care, disposal, transportation, burial, cremation, natural organic reduction, or embalming of the body of a deceased person, and associated measures.
- (d) “Human remains” or “remains” means all or any part of the dead body of a human being but does not include human ashes recovered after cremation. For purposes of this Article a conceptus of any gestational age for which the issuance of a disposition permit pursuant to 24 RCNY Health Code § 205.21 has been requested shall be treated as human remains.
- [(d)] (e) “Hospice” means a program issued a certificate of approval pursuant to Article 40 of the Public Health Law and defined as such in § 4002 of said law.
- (f) “Interim disposition” means the non-final, temporary location of a decedent before the final disposition is determined.
- [(e)] (g) “Person in control of disposition” means[,] a person who has the right to control the disposition of the remains of a decedent in accordance with [all of] the provisions of § 4201 of the Public Health Law[, the following persons who are eighteen years of age or older in descending order of priority:
  - (1) the person designated in a written instrument executed pursuant to the provisions of § 4201 of the Public Health Law;
  - (2) the decedent’s surviving spouse;
  - (2-a) the decedent’s surviving domestic partner;
  - (3) any of the decedent’s surviving children;
  - (4) either of the decedent’s surviving parents;
  - (5) any of the decedent’s surviving siblings;
  - (6) a guardian appointed pursuant to article seventeen or seventeen-a of the Surrogate’s Court Procedure Act or article eighty-one of the Mental Hygiene Law;
  - (7) any person who would be entitled to share in the estate of the decedent as specified in § 4-1.1 of the Estates, Powers and Trusts Law, with the person in closest relationship having the highest priority;
  - (8) a duly appointed fiduciary of the estate of the decedent;
  - (9) a close friend or relative who is reasonably familiar with the decedent’s wishes, including the decedent’s religious or moral beliefs, when no person higher on this list is reasonably available, willing, or competent to act, provided that such person has executed a written statement pursuant to subdivision seven of § 4201 of the Public Health Law; or
  - (10) a chief fiscal officer of a county or a public administrator appointed pursuant to article twelve or thirteen of the surrogate’s court procedure act, or any other person acting on behalf of the decedent, provided that such person has executed a written statement pursuant to subdivision seven of § 4201 of the Public Health Law].

**RESOLVED**, that subdivisions (d) and (e) of section 205.03 of Article 205 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, are amended to read as follows:

- (d) All hospitals, skilled nursing facilities, healthcare professionals, [and] hospices [that report 10 or more deaths to the Department per year], and the Office of Chief Medical Examiner[,] shall electronically prepare any death certificates and confidential medical reports, and shall, within 24 hours after the death or finding of the remains, file such documents electronically with the Department by means of computer programs specified and provided or otherwise authorized for use by the Department. In circumstances where a person required to report a death pursuant to subdivision (a) of this section files a report thereof electronically with the Department, and an authorized funeral director or undertaker has taken charge of the remains, such funeral director or undertaker shall, within 72 hours after the death or the finding of the remains, file such document with the Department electronically by means of computer programs specified and provided or otherwise authorized for use by the Department. If the remains are to be buried in the City cemetery, the person required to report a death pursuant to subdivision (a) of this section shall complete the process of electronically filing the entire certificate of death and confidential medical report, if any, within 72 hours after the death or finding of the remains. [All persons required or authorized to report a death or to file a death certificate with the Department that are not required to report or file electronically pursuant to this subdivision may, at their election and upon approval by the Department, implement an electronic reporting system. Such election will be irrevocable upon commencement of electronic filing by such facilities.]
- (e) All facilities, organizations or individuals required [or electing] to report electronically pursuant to subdivision (d) of this section shall apply to the Department prior to implementing any system and, upon approval by the Department, shall make electronic reports only in such manner and on computer programs prescribed and provided or otherwise authorized by the Department. All individuals utilizing the Department’s electronic reporting system to prepare, certify, enter information onto or file death certificates or confidential medical reports, pursuant to 24 RCNY Health Code § 205.05, shall be trained or approved by the Department in the proper use of the system and completion of the electronic reporting forms. Written paper reports may be submitted during emergencies declared by the commissioner or the mayor, as well as for a limited period of time only in the case of extenuating circumstances, temporary equipment failure, or prolonged inability to access the electronic reporting system[, and only with the specific approval of the Department]. In addition, the Department may on its own initiative allow written, paper reports to be submitted if electronic reporting is not possible in a particular circumstance. The Department may, in addition, require summary, cumulative or periodic reports on such reporting schedule as it may deem necessary.

**RESOLVED**, that paragraph (2) of subdivision (a) of section 205.05 of Article 205 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

- (2) Certification. A certificate of death and the confidential medical report, if any, shall be certified by a physician in attendance or such physician’s duly authorized medical associate, by the chief medical officer of the [hospital or hospice] facility reporting the death, or by the physician in charge of the service on which the death occurred. For the purpose of issuing an interim disposition permit pursuant to 24 RCNY Health Code § 205.21, information concerning the decedent characterized as “personal particulars” may alternatively be certified by a designee of the person in charge of the facility where the death occurred or of the physician’s office reporting the death, provided that such designee is trained or approved by the Department. When a death certificate is filed by the Office of Chief Medical Examiner, the certificate shall be certified by a medical examiner within that office. A person certifying a certificate and confidential medical report, if any, shall examine said documents for correctness of the information contained thereon and make necessary changes.

**RESOLVED**, that subdivision (b) of section 205.09 of Article 205 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

- (b) A certification of death shall contain only the name, sex, date of death, date that the certificate was accepted for filing by the Department, manner of death and the place of death of the person to whom it relates, as well as the death record number from which said information is derived, provided however that parties

entitled to obtain a certificate of death pursuant to 24 RCNY Health Code section 207.11(b)(1) may request such certificate that does not include the manner or cause of death for deaths reported pursuant to 24 RCNY Health Code section 205.03(a)(3).

**RESOLVED**, that subdivision (b) of section 205.13 of Article 205 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

- (b) [Human] For good cause shown, human remains may be temporarily held for more than the time periods specified in subdivision (a) of this section without being buried, cremated or transported out of the City only if an appropriate interim disposition permit has been issued pursuant to 24 RCNY Health Code § 205.21, but human remains shall not be held for more than a reasonable time after death not to exceed 30 days except in cases where the interim disposition permit has been issued to the Office of the Chief Medical Examiner. In extenuating circumstances and upon application of a person to whom an interim disposition permit has been issued pursuant to 24 RCNY Health Code § 205.21, the Commissioner or the Commissioner's designee may grant an extension beyond 30 days to a date certain.

**RESOLVED**, that subdivisions (a) and (c) of section 207.01 of Article 207 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, are amended to read as follows:

- (a) The Commissioner or the Commissioner's designee may approve the amendment of a birth, termination of pregnancy or death certificate, or of a confidential medical report of birth, spontaneous termination of pregnancy or death. Application shall be made on a form furnished by the Department.
- (1) Application for amendment of a birth certificate may be made only by the person whose birth certificate is to be corrected if such person is 18 years of age or over, or by the parents or surviving parent of a child that is deceased, by the legal guardian of the person whose birth certificate is to be corrected, or by an agency in accordance with subdivision (e) of this section if such person is under 18 years of age.
- (2) Application for amendment of a [spontaneous] certificate of termination of pregnancy [shall] may be made by the parents or surviving parent.
- (3) [Application] Subject to paragraph (4) of this subdivision, application for amendment of a death certificate, or of a confidential medical report of death shall be made in the manner specified in this section by [the person in control of disposition as defined in 24 RCNY Health Code Article 205 or by]
- (A) the person identified on the death certificate as providing the personal particulars pursuant to 24 RCNY Health Code Article 205 within six months of the date of death, or
- (B) the spouse, domestic partner, parent, sibling, or child of the decedent at any time,
- (C) a duly appointed executor or fiduciary of the decedent's estate at any time, or
- (D) a beneficiary of an entitlement, pension, benefits, money, or property due to decedent's death.
- (4) The marital status or domestic partnership of a decedent may not be amended except (i) by the Office of Chief Medical Examiner at any time; (ii) by a funeral director within one year of date of the death certificate; or (iii) by the Department at any time, upon submission of an order of a court of competent jurisdiction defining the marital status and submission of the order as part of an application for amendment in the manner specified in this section and using forms provided by the Department.
- (5) Subject to subdivision (c) of section 207.03, the confidential medical report of birth, termination of pregnancy, or death may be amended by the healthcare professional reporting the event.
- (c) No application shall be approved unless the Commissioner or the Commissioner's designee is satisfied that the evidence submitted shows the true facts and that an error or omission was made at the time of preparing and filing of the certificate or confidential medical report of birth, spontaneous termination of pregnancy or death, or that the name of a person named in a birth certificate has been changed pursuant to court order. However, a funeral director, undertaker or the Office of Chief Medical Examiner who has taken control of human remains may, without approval by the Commissioner or the Commissioner's designee, use the Electronic Death Registration System to amend a certificate or confidential medical report of death if the funeral director, undertaker or the

Office of Chief Medical Examiner is amending the name of the funeral establishment or the method, place, location, or date of disposition or providing "personal particulars" for issuance of an interim disposition permit for such remains.

**RESOLVED**, that subdivision (b) of section 207.03 of Article 207 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended, and a new subdivision (c) is added to such section, to read as follows:

- (b) Within one year following the date of a birth, termination of pregnancy or death certificate, any missing information may be added, and any information provided may be amended, upon submission of the information on a form furnished by the Department by the person who filed the certificate[;] or by a designee of such person or of the person in charge of the facility or medical office from which such certificate is filed, provided that such designee is trained or approved by the Department for such purpose, and provided further that the Office of Chief Medical Examiner may submit missing or updated information at any time. [Except for such submissions by the Office of Chief Medical Examiner, after one year following the date of event of a certificate, however, missing information shall be added only upon approval of an application] All other parties entitled to submit an application for amendment of a certificate may submit applications for amendment in the manner specified in 24 RCNY Health Code § 207.01.
- (c) Within one year following the date of a death certificate, the person who filed the certificate of such death, or a designee of the facility or medical office from which such certificate is filed may amend non-medical fields of the confidential medical report as provided on forms provided by the Department, provided that any such designee is trained or approved by the Department.

**RESOLVED**, that subdivisions (b) and (c) of section 207.05 of Article 207 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, are re-lettered and amended, and a new subdivision (b) is added, to read as follows:

**§ 207.05 Correction of records; filing of new birth and death certificates.**

- (b) A new death certificate shall be filed when the Department receives supporting documentation, as defined by section 17-166.1 of the Administrative Code of the City of New York, that the decedent's sex designation should be changed to conform with the decedent's gender identity.
- (c) When a new birth or death certificate is filed pursuant to this section, the original birth or death certificate, the application for a new birth or death certificate, and supporting documents shall be placed under physical or electronic seal, and such seal shall not be broken except by order of a court of competent jurisdiction. Thereafter, when a certified copy is requested of the certificate of birth or death of the person for whom a new certificate has been filed pursuant to the provisions of this section, a copy of the new certificate of birth or death shall be issued, except when an order of a court of competent jurisdiction requires the issuance of a copy of the original certificate of birth or death.
- (c)(d) A new birth or death certificate may be filed when an application for amendment is submitted by a person required to file such certificate within twelve months after the date of birth or death, or when the Commissioner or the Commissioner's designee finds it desirable by reason of the nature and extent of the amendments. In such a case, the original certificate of birth or death registration may be submitted with the application for amendment.

**RESOLVED**, that subdivision (a) of section 207.11 of Article 207 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

- (a) Except as provided in 24 RCNY Health Code §§ 201.07, 203.07 and 205.07, and 207.21, inspection of vital records or data filed with the Department pursuant to this Title may be made and transcripts of records may be obtained pursuant to the provisions of 24 RCNY Health Code § 3.25 and § 17-169 of the Administrative Code, respectively. The request to inspect vital records may be granted only if the Commissioner or the Commissioner's designee agree that the requested information is necessary for a proper purpose. Inspection of any vital records or data for the collection of information for sale or release to the public, or for other speculative purposes shall not be deemed a proper purpose. The Department may impose reasonable conditions as to the use and redisclosure of information[,] and may limit access to the minimum necessary to fulfill the purpose for which information is requested.
- (1) Requests by governmental agencies, whether foreign or

domestic, for certified copies of birth and spontaneous termination of pregnancy records or for certifications of birth, pursuant to § 17-169 of the Administrative Code, or for any individually identifiable information contained in the Department's vital records maintained, pursuant to this Title, or for verifications thereof, shall specify the official use to which the requested information will be put.

- (2) A request for a certification of birth made by the following persons must be accompanied by proof that the individual named on such certification of birth is deceased: spouse, domestic partner, [parent of a child over the age of 18,] child, sibling, niece, nephew, aunt, uncle, grandchild, great grandchild, grandniece, or grandnephew. Proof of death for this purpose may include, but is not limited to, certified copies of death certificates and letters testamentary.
(3) Upon a request, a certification of birth shall be provided to the person for whom the record of birth relates if such person is eighteen years of age or older, or to a parent named on the certification, or to a legal representative or legal guardian of the person to whom the record of birth relates, or by an attorney authorized in writing by the person to whom the record of birth relates if such person is eighteen years of age or older.
(4) Notwithstanding § 207.01(b) of this article, upon application and proof of identity, a copy of an original long form birth certificate, including any change attached to such certificate by a birth parent or parents and any information provided to the Department for an adoption pursuant to New York State Domestic Relations Law § 114(1), shall be issued to:
(A) an adopted person, if eighteen years of age or older, or
(B) if the adopted person is deceased, the adopted person's direct line descendants, or
(C) the lawful representatives of such adopted person, or lawful representatives of such deceased adopted person's direct line descendants.

RESOLVED, that paragraph (1) subdivision (a) of section 207.13 of Article 207 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

- (1) For a search of two consecutive calendar years under one name and for issuance of a certified copy of a certificate of birth[,] or death, [or spontaneous termination of pregnancy,] or a certification of birth or death, or a certification that the record cannot be found, the fee is \$15.00 for each copy in accordance with § 4179 of the New York State Public Health Law.

**NOTE:**

1. Biodiesel tax credit expired on 12/31/2024. New invoices will not reflect the credit.
2. Federal excise taxes are imposed on taxable fuels (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.
3. The National Oil Heat Research Alliance (NORA) has been extended until February 6, 2029. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. All other terms and conditions remain unchanged.
4. Federal Superfund Tax is included in the DCAS weekly pricing schedule, and it should not show as an additional fee.

**REMINDER FOR ALL AGENCIES:**

All entities utilizing DCAS fuel contracts are reminded to pay their invoices **on time** to avoid interruption of service. Please send inspection copy of receiving report for all gasoline (E70, UL PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.

- **Effective July 1, 2025, New York City agencies will no longer be permitted to place orders for #2B5 heating fuel. In accordance with updated state regulations, all heating oil sold in NYS must contain a minimum 10% biofuel blend (B10). Any orders for #2B5 heating fuel scheduled for delivery on or after July 1st must be converted to #2B10 and will be invoiced at the applicable rate.**

**FINANCE**

**NOTICE**

On Tuesday, May 26, 2026, Department of Finance Commissioner Richard Lee received the final property tax assessment roll for Fiscal Year 2027. Real property taxes are due and payable in accordance with the timeframes set forth in New York City Charter Section 1519-a. Property taxes are billed quarterly for properties with an assessed value of \$250,000 or less. Property taxes are billed semi-annually for properties with an assessed value of over \$250,000. Property taxes that are unpaid become a lien on the property. Discounts may be available for early payment of real property taxes. For more information on the assessment roll, visit [nyc.gov/assessments](https://nyc.gov/assessments). For information about a specific property, visit the Property Information Portal at [propertyinformationportal.nyc.gov](https://propertyinformationportal.nyc.gov).

**HOUSING PRESERVATION AND DEVELOPMENT**

**NOTICE**

**DETERMINATION AND FINDINGS BY THE CITY OF NEW YORK PURSUANT TO SECTION 204 OF THE EMINENT DOMAIN PROCEDURE LAW WITH RESPECT TO CERTAIN PROPERTIES TO BE ACQUIRED IN CONNECTION WITH THE WILLETS POINT DEVELOPMENT PLAN AND THE WILLETS POINT URBAN RENEWAL PLAN.**

A duly-noticed public hearing was held on February 26, 2026, in accordance with Article 2 of the New York State Eminent Domain Procedure Law (“EDPL”), in connection with the proposal of the City of New York (“City”), by its Department of Housing Preservation and Development (“HPD”), to condemn certain properties needed in furtherance of the revitalization of Willets Point, pursuant to the Willets Point Development Plan and the Willets Point Urban Renewal Plan, as described below. The properties sought to be acquired by the City are Block 1833, Lots 143, 165, 166, and 170, all in the Borough of Queens (the “Subject Properties”). The Subject Properties encompass approximately 48,150 square feet.

As provided by Section 202 of the EDPL, notices were mailed to all affected property owners and published in the City Record and the New York Post advising the public that a hearing would be held on February 26, 2026 and comments would be received concerning the public use to be served by the proposed acquisition and other pertinent facts. The hearing notices also informed the public that they would be given a reasonable opportunity to comment on the proposed acquisition.

The February 26, 2026 hearing provided an opportunity for the public to comment on the proposed acquisition. At the hearing, a representative of the City presented information and the public was

informed of, among other things, the public use, benefits and purposes to be served by the proposed acquisition, the location of the proposed acquisition, the reasons for the selection of that location, and the general effect of the Willets Point Development Plan and the Willets Point Urban Renewal Plan on the environment and its residents.

The City made available for public inspection copies of the exhibits introduced at the hearing, including the published Notice of Public Hearing and proof of its publication and mailing; the proposed Damage and Acquisition Map; the CPC Reports and City Council resolutions related to the Willets Point Development Plan and the proposed acquisition of the Subject Properties, including the 2013 Special Willets Point District Text Amendments and the 2024 Willets Point Phase II plan; and a number of exhibits related to environmental review of the Willets Point Development Plan, including the 2008 Final Generic Environmental Impact Statement (“FEIS” or FGEIS”); the 2013 Final Supplemental Environmental Impact Statement (“FSEIS”), the 2024 Final Second Supplemental Environmental Impact Statement (“FSSEIS”), and supplemental reviews. In total, 54 exhibits related to the Willets Point Development Plan approvals and environmental reviews were entered into the record at the hearing and made available for public inspection on the New York City Economic Development Corporation’s (EDC) website at <https://edc.nyc/project/willets-point> for the duration of the comment period. The public was also informed at the hearing that they could obtain a complete copy of the hearing record by sending a written request to HPD.

The February 26, 2026 hearing provided an opportunity for the public to comment on the proposed acquisition of the Subject Properties, and the public was informed that the record would remain open for two weeks following the hearing for the submission of written comments to HPD. One oral comment was received into the record during the hearing, by the owner of Queens Block 1833, Lot 170, Tomer Chazbani, and his statement is included in the record. Mr. Chazbani also submitted a written comment which is included in the record. No other comments were received at the hearing or during the written comment period, and the record of the hearing was thus concluded.

**Determination and Findings**

Pursuant to EDPL §204, and having given due consideration to the complete hearing record, which includes, among other things, all documents submitted and public comments, the City makes the following determination and findings concerning the above-described acquisitions:

- (1) **The Public Use, Benefit and Purpose to be Served by the Acquisition [EDPL § 204(B)(1)]**

The Subject Properties are being acquired in accordance with the Willets Point Development Plan, which was a series of land use actions bearing lead ULURP report number N 080382 ZRQ; the Willets Point Urban Renewal Plan, which was one of the related actions approved as part of the Willets Point Development Plan, bearing report number C 080384 HUQ; and the Designation of the Willets Point Urban Renewal Area bearing report number N 080383 HGQ. All of these actions were adopted by the City Planning Commission (“CPC”) on September 24, 2008 and approved by the City Council on November 13, 2008. The Willets Point Development Plan was later amended through the 2013 Special Willets Point District Text Amendments that were

adopted by the CPC on August 21, 2013 and approved by the City Council on October 9, 2013, bearing lead ULURP report number C 130222 ZSQ. In 2024, the Willets Phase II plan was adopted by the CPC on March 6, 2024 and approved by the City Council on April 11, 2024, bearing lead ULURP report number C 240092 ZSQ.

The purpose of the acquisition is to further the comprehensive redevelopment of the Willets Point neighborhood through the creation of new affordable housing, new commercial and community facility spaces, new public open spaces, pedestrian and transit improvements, street redesign, new water and sewer infrastructure and other actions to foster a vibrant, multi-use community. As modified by the CPC, the Willets Point Urban Renewal Plan includes public school facilities to accommodate the needs of the new residential population that was anticipated to grow as a result of the larger Willets Point Development Plan.

**(2) Project Location and Reasons for Selection of that Location [EDPL § 204(B)(2)]**

The Subject Properties to be condemned are shown on the Tax Map of the City of New York for the Borough of Queens and comprise the following properties: Block 1833, Lots 143, 165, 166, and 170. The Subject Properties will be condemned for the purposes specified in the Willets Point Urban Renewal Plan due to their inclusion in the Willets Point Development Plan.

**(3) General Effect of the Project on the Environmental and Residents of the Locality [EDPL § 204(B)(3)]**

The general effects of the Subject Properties acquisitions described herein and the planned uses are beneficial in that they would result in development that will sustain and enhance the ongoing revitalization of Willets Point and further deliver on the goals and uses envisioned in the Willets Point Development Plan.

The environmental impacts of the Willets Point Development Plan and its later amendments and modifications were analyzed in exhaustive detail in the environmental review record, as described more fully herein and in the supporting documents. A Notice of Completion for the comprehensive Willets Point Development Plan Final Generic Environmental Impact Statement ("2008 FGEIS") (CEQR No. 07DME014Q) was issued on September 12, 2008. In approving a series of actions related to the Willets Point Development Plan, decision-makers considered the significant environmental impacts, facts, and conclusions disclosed in the 2008 FGEIS and supporting documentation, and weighed and balanced those significant environmental impacts with social, economic, and other considerations. As reflected in related Statements of Findings, the decision-makers provided a reasoned elaboration for decisions approving the Willets Point Development Plan, including certifying that legal requirements had been met and determined that (1) consistent with social, economic, and other essential considerations, from among the reasonable alternatives available, the Willets Point Development Plan would avoid or minimize adverse environmental impacts to the maximum extent practicable, and (2) adverse environmental impacts would be avoided or minimized to the maximum extent practicable by incorporating practicable mitigation measures identified in the environmental review.

Subsequent to the 2008 FGEIS, modifications to the Willets Point Development Plan and related actions were analyzed in a supplemental environmental impact statement (the "2013 FSEIS") prepared in connection with the 2013 Special Willets Point District text amendments, for which a Notice of Completion was issued on August 9, 2013, and in multiple technical memoranda. As reflected in the detailed environmental review record, these analyses concluded that the respective modifications would not result in any new or additional significant adverse impacts beyond those disclosed in the prior environmental review, and that, where practicable, mitigation measures would be implemented. Findings were then made by the decision-makers consistent with the requirements under SEQRA/CEQR.

Subsequent to the 2013 FSEIS, modification to the Willets Point Development Plan and additional actions were analyzed in a second, supplemental environmental impact statement (the "2024 FSSEIS") (CEQR No. 23DME005Q), for which a Notice of Completion was issued on February 23, 2024. The FSSEIS included detailed analyses in multiple technical areas that identified significant adverse impacts and identified mitigation measures and commitments. As reflected in the lead agency Statement of Findings dated March 6, 2024, and related involved-agency findings, the decision-makers considered the relevant environmental impacts, facts, and conclusions disclosed in the FSSEIS and weighed and balanced relevant environmental impacts with social, economic, and other considerations, and determined that adverse environmental impacts would be avoided

or minimized to the maximum extent practicable by incorporating practicable mitigation measures and commitments identified in the environmental review record.

In sum, the multiple Statements of Findings for CEQR No. 07DME014Q and CEQR No. 23DME005Q reflect that the agencies responsible for making decisions related to the Willets Point Development Plan: (i) certified that the procedural requirements of SEQRA/CEQR were met; (ii) considered the relevant environmental impacts, facts, and conclusions disclosed in the applicable final EIS documents and subsequent environmental review; (iii) weighed and balanced environmental impacts with social, economic, and other considerations; and (iv) found that, consistent with social, economic, and other essential considerations, the approved actions avoid or minimize adverse environmental impacts to the maximum extent practicable, and that adverse environmental impacts will be avoided or minimized to the maximum extent practicable by incorporating practicable mitigation measures and commitments identified in the environmental review record.

**(4) Other Considerations [EDPL § 204(B)(4)]**

One comment was received from the public at the February 26, 2026 public hearing, by the owner of Queens Block 1833, Lot 170, Tomer Chazbani, and his statement is included in the record. Mr. Chazbani also submitted a written comment to HPD, which is also included in the record of this hearing. No other comments were received.

Mr. Chazbani's comments did not specifically object to, nor support, the City's proposed condemnations, but included an express reservation of his rights under EDPL Article 2 and Article 5. His comments have been given due consideration by the City.

**Determination**

Based on due consideration of the record and the foregoing findings, it is determined that the City should exercise its power of eminent domain to acquire the above-described Subject Properties, to promote and permit the purposes of the Willets Point Development Plan and the Willets Point Urban Renewal Plan for the Willets Point neighborhood to be achieved.

**PLEASE TAKE NOTICE THAT:**

Copies of this Determination and Findings by the City of New York are available and can be obtained without cost, upon written request addressed to:
