PROCUREMENT

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

● Win More Contracts, at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City's PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public

All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www.nyc.gov/site/mocs/hhsa/hhs-accelerator-guides.page>

PURCHASE AND REPAIR OF XRF DEVICES (LEAD PAINT ANALYZERS) - Sole Source - Available only from a single source - PIN# 81626Y0762 - Due 12-15-25 at 2:00 P.M.

Pursuant to Section 3-05 of the New York City Procurement Policy Board Rules, the Department of Health and Mental Hygiene (DOHMH) intends to enter into negotiations for a 6-year Sole Source agreement with Viken Detection Corporation for the purchase and repair of XRF Devices (Lead Paint Analyzers) needed to determine lead content in paint during the course of environmental investigations performed by DOHMH.

DOHMH has determined that Viken Detection Corporation is the sole manufacturer, service center, and US distributor of the Pb200i and e XRF Lead Paint Analyzer, distributed under Sealed Source and Device Registration, and is not offered domestically through distributors or dealers.

Any firm that believes it can legally provide these devices and repair services, is invited to submit an Expression of Interest directly to this RFI- EPIN 81626Y0762 no later than 12/15/2025 by 2:00 P.M.

If you need additional assistance with PASSPort, please contact the MOCS Service Desk at <https://mocsupport.atlassian.net/servicedesk/customer/portal/8>.

NOTICE OF INTENT TO ENTER INTO NEGOTIATIONS FOR THE OPERATION AND MAINTENANCE OF WWII VETERANS WAR MEMORIAL ICE SKATING RINK IN CLOVE LAKES PARK, STATEN ISLAND - Negotiated Acquisition - Judgment required in evaluating proposals - PIN# R5-A-IS-SB - Due 12-18-25 at 5:00 P.M.

In accordance with Section 1-14 of the Concession Rules of the City of New York ("Concession Rules"), the New York City Department of Parks and Recreation ("Parks") intends to enter into a non-significant negotiated concession for a license agreement for the operation and maintenance of WWII Veterans War Memorial Ice Skating Rink in Clove Lakes Park, Staten Island.

The term is to not to exceed 5 years, expected to commence no sooner than 10/01/26 with two options to extend for one (1) year each. The concession will be operated pursuant to a license issued by Parks; no leasehold or other proprietary right will be offered.

At this time, it is neither practicable nor advantageous to award this concession by competitive sealed proposals or competitive sealed bids due to the existing conditions at WWII Veterans War Memorial Ice Skating Rink, which require remediation and would restrict the number of years that could presently be offered as a concession term. NYC Parks is currently conducting a CPSD (Capital Project Scope Development) survey to better understand the full scope of capital needs for the site.

This short-term, negotiated concession is meant to act as a stop-gap agreement that provides the necessary time to complete this survey and incorporate its findings into a comprehensive and informed Request for Expressions of Interest (RFEI) and subsequent Request for Proposals (RFP) for a longer term agreement.

For all of these reasons, it is in the best interest of the City to pursue a negotiated concession for this facility.

Potential concessionaires that would like to express interest in the proposed concession and/or obtain additional information concerning the concession may contact Kat Cognata, Senior Project Manager for NYC Parks Concessions Unit, at (212) 360-3407 or via e-mail at katherine.cognata@parks.nyc.gov by December 18, 2025. Thereafter, there will be a process for submission of proposals. Parks will evaluate the proposals on the bases of proposed capital investments; operating experience and financial capability; planned operations; fee offer; and integrated sustainability. Where applicable, Parks may condition the award of this concession upon the successful completion of PASSPort (the Procurement and Sourcing Solutions Portal) Questionnaires and review of that information by the Department of Investigation. In addition, any person or entity with at least a 10% ownership interest in the submitting vendor (including a parent company), may be required to complete PASSPort Questionnaires (Principal Questionnaire for any person and Vendor Questionnaire for any entity with at least a 10% ownership interest in the submitting vendor).

This concession has been determined not to be a major concession as defined by Chapter 7 of the Rules of the City Planning Commission.

Please note that the concession award is subject to applicable provisions of Federal, State, and local laws and executive orders requiring affirmative action and equal employment opportunity.

The New York City Comptroller is charged with the audit of concession agreements in New York City. Any person or entity who believes that there has been unfairness, favoritism or impropriety in the proposal process should inform the Comptroller, Office of Contract Administration, 1 Centre Street, New York, NY 10007, telephone number (212) 669-2323.

Please address any questions and/or correspondence relating to the potential concession award to Kat Cognata, Senior Project Manager, at (212) 360-3407 or via e-mail at katherine.cognata@parks.nyc.gov (Office of the Concessions Division, City of New York Parks, The Arsenal-Central Park 830 Fifth Avenue, Room 407, New York, NY 10065).

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

05625P0002-EDC CANINES AND HANDLERS TRAINING (RESUBMISSION) - Competitive Sealed Proposals - Other - PIN# 05625P0002 - Due 1-6-26 at 2:00 P.M.

The New York City Police Department is seeking an appropriately qualified vendor to initiate a pipeline for the purchase of Explosive Detection Canines (EDC) and EDC Training courses canines and their Handlers (NYPD personnel) in the NYPD Counterterrorism Division. These canine teams will be used at locations of critical infrastructure such as City Hall and the United Nations, and will be deployed to major events such as New Year's Eve, Thanksgiving Day Parade, the US Open, and the New York City Marathon.

The canine teams are essential and vital to the success of the CTD's overall mission to detect, deter, and prevent terrorist incidents, along with enhancing the Department's ability to protect the tristate area from the detonation of an explosive device at major events held throughout the year, as well as, security of critical infrastructure locations. Responses to this procurement must be submitted via PASSPort – the City of New York's end-to-end digital procurement platform.

To respond to a Released solicitation (RFx), log in to PASSPort, go to the RFx tab, and choose Browse My RFx Responses or Browse Public RFx to locate the RFx to which you're looking to respond. Enter the EPIN or Procurement Name in the Keywords search to find the RFx. Then, click the pencil icon next to the Procurement Name of the RFx you're interested in viewing. Additionally, to view the solicitation, vendors may visit the PASSPort Public Portal at https://www.nyc.gov/site/mocs/passport/about-passport.page?utm_medium=email&utm_source=govdelivery and click on the "Procurement Navigator" blue button. Once there, enter the procurement EPIN (05625P0002) into the Keywords search field. For PASSPort RFx assistance, please visit <https://mocssupport.atlassian.net/servicedesk/customer/portal/8>.

133-10 39th Avenue, Flushing, NY 11354-5431.

The current Fiscal Field Review contract provides annual audits of the fiscal agent who assists these providers. The contracted CPAs also provide audits for vendors whose DYCD contracts have an aggregate funding of 75K or more, and fiscal field reviews of selected individual contracts during the performance term. The services are vital to DYCD to ensure our providers are financially stable and capable of handling their finances. The goal of these services is to assure that CBOs' fiscal records and reports are accurately made and maintained. The contract will be extended for a 2-year period. The reason for the extension is ensure services are in place until there is Master Services/RFP for citywide audit services.

LL63 PLAN ID FY26NDYCD1

There will be no change in cost or services levels. As DYCD begins the planning and research for a new procurement DYCD's is reviewing market research, internal structure and reaching out stakeholders to inform the RFP. It is imperative that the services continue, DYCD work with hundreds of CBOs and need to ensure these providers are fiscally stable and maintains financial record according to DYCD contracts. Understanding the importance of auditing requirements DYCD continues to work with the current vendors who are familiar with the CBO, processes, and procedures.

AGENCY RULES

BUILDINGS

■ PUBLIC HEARINGS

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Buildings hereby adopts the amendments to Section 102-03 of subchapter B of chapter 100 of Title 1 of the Rules of the City of New York relating to potentially structurally compromised buildings. This rule was first published on April 25, 2025, and a public hearing thereon was held on May 29, 2025.

Dated: 11/25/25 /s/
New York, New York James S. Oddo
Commissioner

Statement of Basis and Purpose of Rule

Potentially structurally compromised buildings are buildings whose safety and structural integrity may be compromised by a number of reasons, including, for example, by fire or by partial collapse of floors, interior or exterior walls, or a roof that has been open for more than 60 days.

The rule amendments add definitions, responsibilities of the registered design professional, inspection procedures and report requirements for documenting the conditions found during required inspections of potentially structurally compromised buildings. The rule requires the filing of an initial, annual and final report for each affected building.

The rule also establishes procedures for notifying the Department and the owner of unsafe conditions and for taking measures to safeguard the public.

In addition, the amendments add civil penalties for failure to file an acceptable initial or annual report of \$1,000 per month, and a civil penalty for failure to file the final report of \$5,000 per year for two years after the initial report is filed and until an acceptable final report is filed.

The rule also amends the procedure for requesting civil penalty waivers to conform to the waiver language in similar rules.

These amendments conform the requirements of this rule to other existing similar rules for ease of migration to the Department's online system.

The proposed amendments to the rule were published in the City Record on April 25, 2025. A hearing was held on May 29, 2025. Four people submitted comments to the Department.

In response to comments received at the hearing, the following changes to the proposed amendments were made:

- Separate civil penalty amounts were added for owners of 1- and 2-family dwellings in response to a comment that the original penalty amounts were excessive for small homeowners. Lower amounts were added to address those smaller owners.
- The information required from the RDP and workers directly supervised by the RDP was clarified to require only names from the workers directly under the RDP, in response to a comment that requiring additional information was onerous and an invasion of privacy. As the Department still needs to know who is working on a site, the requirement was narrowed but not eliminated.
- Clarified when additional testing and investigation is required in response to a comment that the original language – "as required" – was too vague and could be a concern for an RDP trying to get owner consent for unspecified additional work after the initial inspection.
- Narrowed the scope of areas of distress that must be documented to clarify that not every deficiency or distress needs to be documented.

In addition, comments were received for which changes were not made for the following reasons:

- A comment was received regarding the requirement to inspect a compromised building within 60 days, which was considered to be insufficient. However, that requirement is in section 28-217.1.1 of the Administrative Code and cannot be changed by rule.
- A comment was received regarding providing support and financial assistance for low-income owners. This is not in the Department's purview.
- The waiver provisions were criticized as too restrictive; however, they are the same as many other failure to file civil penalties in the Department's rules.
- A comment was received regarding the definition of potentially structurally compromised, which is not being amended. The comment claimed the definition was being broadened to the extent that a full examination of the entire building would be needed, even if the required safeguards were installed in one particular part of the building. The comment was rejected because the commenter did not realize the safeguarding language is only in connection with the issuance of an emergency declaration in accordance with Article 215 of Title 28 of the Administrative Code.

The Department of Buildings' authority for these rules is found in sections 643 and 1043 of the New York City Charter and Article 217 of Chapter 2 of Title 28 of the New York City Administrative Code.

New material is underlined.

[Deleted material is in brackets.]

Asterisks (***) indicate unamended text.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 102-03 of subchapter B of chapter 100 of Title 1 of the Rules of the City of New York is amended to read as follows:

§102-03 [Potentially] Inspections of potentially structurally compromised buildings.

(a) **Definitions.** For the purposes of this section, the following terms have the following meanings.

Acceptable report. A report of critical examination filed by a Registered Design Professional that meets the requirements of Article 217 of Title 28 of the Administrative Code and this section, as determined by the Department.

Annual report. A yearly report filed for each successive critical examination after the initial report for each compromised building that is subject to the requirements of Article 217 of Title 28 of the Administrative Code.

Appurtenance. An exterior wall or roof element including, but not limited to, lighting fixtures, railings, protective screening, signs, coping, fire escapes, exterior fixtures, ladders to rooftops, flagpoles, parapets, window frames (including hardware and lites), balcony and terrace enclosures, including greenhouses and solariums, window guards, window air conditioners, flower boxes, satellite dishes, antennae, cell phone towers, and any equipment attached to or protruding from the structure.

Critical examination. A physical examination conducted by a Registered Design Professional to review a potentially structurally compromised building and all parts thereof to determine the building's structural integrity.

Filed report. A report is deemed filed with the Department when it has been received by the Department. The filed report must be completed in accordance with the provisions of paragraph (3) of subdivision (c) of this section.

Final report. A report of critical examination filed by a Registered Design Professional who certifies that the conditions reported in the initial and/or annual reports have been repaired and that the structure is no longer structurally compromised.

Initial report. A report by a Registered Design Professional, based on their critical examination and sound engineering analysis, that states the structural condition of a potentially structurally compromised building and provides specific recommendations for monitoring, repair, and/or stabilization.

Potentially structurally compromised. [For the purposes of this section, "potentially compromised" means a) A building or structure that:

- (1) has had an open roof for sixty (60) days or longer,
- (2) has been shored and braced or [repaired] otherwise temporarily safeguarded pursuant to an emergency declaration issued by the commissioner pursuant to Article 215 of Title 28 of the Administrative Code, or due to concern for structural integrity as determined by a Registered Design Professional,

- (3) has been subject to a precept as a compromised structure under Article 216 of Title 28 of the Administrative Code, or
- (4) may have suffered structural damage by fire or by partial collapse of floors, interior or exterior walls or other cause as determined by the Commissioner.

Registered Design Professional ("RDP"). A Professional Engineer or a Registered Architect as defined in section 28-101.5 of the Administrative Code and 101-07 of the Department's rules. The RDP must be in good standing with the New York State Education Department and New York City Department of Buildings.

Report of critical examination ("Report"). An initial, annual, or final written report filed with the Department by an RDP clearly documenting the conditions noted during the critical examination; areas that need repair, maintenance, or engineering monitoring such as immediate stabilization to protect the public; and any other requirements mandated by this section.

(b) Responsibilities of the RDP.

- (1) An RDP must conduct critical examinations and file reports in accordance with this section and Article 217 of Title 28 of the Administrative Code.
- (2) An RDP must maintain records of inspections and tests for at least six years and must make such records available to the Department upon request.
- (3) An RDP must maintain insurance coverage as set forth in paragraph (7) of subdivision (b) of section 101-07 of these rules. Copies of such insurance policies must be made available to the Department upon request.

(c) Critical examinations.

- (1) Periodic inspection requirements. In order to maintain a building and its appurtenances in a safe condition, and in accordance with Article 217 of Title 28 of the Administrative Code, a critical examination of all components of a compromised building must be conducted.
- (b) (2) Inspections Inspection procedures.
 - (1) (i) Initial inspections. [Beginning September 1, 2013, the] The owner of a building or structure that has become potentially compromised must have a structural condition inspection of such building or structure. The inspection must be performed by [a registered design professional] an RDP within sixty days from the date that the building or structure becomes potentially compromised. The [design professional] RDP must file a report as described in [subdivision d of this section] paragraph (3) of this subdivision with the department within thirty days after the date of the inspection.
 - (2) (ii) Periodic inspections. After the initial inspection and filing of the report, structural condition inspections must be performed by an RDP and reports as described in [subdivision d of this section] paragraph (3) of this subdivision must be filed annually, unless otherwise specified by the department. The periodic inspections must continue until a [certification] final report is filed with the department by the [registered design professional stating] RDP certifying that the building or structure is no longer potentially structurally compromised and such final report is accepted by the department [has audited the certification to ensure its accuracy].
 - (iii) Critical examination of compromised buildings and appurtenances thereof pursuant to Article 217 of Title 28 of the Administrative Code must be performed by an RDP retained by the owner of the building.
 - (iv) Before performing a critical examination of a compromised building, the RDP retained by or on behalf of the owner must review all available previous reports, applications for repairs, history of maintenance, historical drawings or references for this building typology, etc. The Department will maintain a file of such reports submitted in accordance with Article 217 of Title 28 of the Administrative Code and provide copies upon payment of fees set forth in the rules of the Department.
 - (v) The methods used to assess the compromised buildings in question must permit a complete critical examination of all elements, connections of those elements, walls, floor, and roof of the buildings to be able to determine structural stability.
 - (vi) The RDP must utilize a professional standard of care to assess the condition of the building and surrounding elements, structure or buildings that impact stability and safety.

- (vii) The RDP must amend the scope of the critical examination and add additional testing and investigation during the course of the investigation as necessary.
- (viii) During the critical examination, photographs must be taken, mapping must be made to document the exact location of all areas of distress or deficiency and identify all areas that require shoring, bracing, repair, maintenance, or monitoring.
- (ix) If an inspection reveals an unsafe condition, the RDP must immediately notify the Department and the owner of the property. The RDP must identify the location of any unsafe condition, advise the owner on the appropriate protective measures to be taken, and include the recommended type and location of public protection in the notification to the Department. The owner of the building must immediately commence repairs or reinforcements and any other appropriate measures, such as cordoning off areas that may be dangerous, erecting fences, sidewalk sheds and safety netting, shoring, and bracing as may be required to secure the safety of the public and to make the compromised building structure and appurtenances safe.
- (x) Completion of a critical examination means that the RDP has personally conducted a physical examination to determine that the compromised building conditions, as described in the report, are consistent with the actual conditions.

[(c) Notifications to the department.

- (1) Department notification by owner. An owner of a building or structure must notify the department in writing that such building or structure has become potentially compromised immediately after such owner knows or should have known of the condition.
- (2) Department notification by registered design professional. If a structural condition inspection reveals that there is an immediate risk to the public or property due to a violation of any applicable law or rule or any unsafe condition, the registered design professional must immediately notify the department and the owner by both calling 311 and in writing.
- (d) Report. The registered design professional must sign, seal, and submit to the department the report of the inspection required by section 28-217.1 of the Administrative Code and subdivision b of this section. The registered design professional must also submit a filing fee as specified in section 101-03 of the department's rules, and must send a copy of the report to the owner. The report must include, but need not be limited to, the following information:
 - (1) the address of the property;
 - (2) the block and lot of the property;
 - (3) the owner's name and contact information, including an address for the receipt of notifications and service of process;
 - (4) the registered design professional's name and contact information, including an address for the receipt of notifications and service of process;
 - (5) the date of inspection or inspections;
 - (6) detailed description and location of the structural damage found;
 - (7) a comprehensive analysis of the structural condition of the building or structure as a result of the structural damage, based on probes and calculations;
 - (8) photographs of the condition;
 - (9) 8 1/2" x 11" sketches of the property showing its relationship to the adjacent properties;
 - (10) schematically sketched floor plans, sections and elevations of the building and adjacent buildings, roof to foundation, with notes relating to the existing description of the property;
 - (11) at least two different photographs of each of the following: street façades, side façades, rear façades, the roof and the condition of the interior of the property;
 - (12) a statement that the owner received the report;
 - (13) an estimate of how long the building will remain stable;
 - (14) a proposed schedule for monitoring and repairing the condition;
 - (15) 8 1/2" x 11" sketches showing the work required to stabilize the property, such as shoring and bracing and/or partial demolition; and
 - (16) any additional information requested by the commissioner.
- (e) Final report. After the condition that caused the building or structure to be potentially compromised has been repaired, the registered design professional must submit to the department a signed and sealed report certifying that the building or structure is no longer potentially compromised.]

(3) Report requirements.

- (i) The owners of potentially structurally compromised buildings must hire an RDP to file an acceptable initial, annual, or final written report of critical examination. The report must clearly document and map all conditions noted during the critical examination and state that the inspection was performed and completed in accordance with Article 217 of Title 28 of the Administrative Code and this section. The RDP must also submit a copy of the report to the owner of the building.
 - (ii) Technical information in the report must adhere to and follow the sequence and the labeling of the report requirements as listed in subparagraph (iii) of this paragraph and must be provided on such forms and in such format as the Department requires. Additional information may be provided. All items in subparagraph (iii) must be listed in the report. If a requirement is not applicable, this must be indicated on the report under the relevant number.
 - (iii) All reports (initial, annual, and final) must include a summary of findings and recommendations, a concise statement of the scope of the critical examination and findings, the conclusions and recommendations. The report must also include, but not be limited to:
 - (A) The address, any a.k.a. addresses, the Block and Lot number, the Building Identification Number ("BIN"), and the location from the nearest cross street.
 - (B) The name, mailing address, and telephone number of the owner of the building, or, if the owner is not an individual, the name, mailing address, telephone number, and position/title of a principal of the owner.
 - (C) A description of the building, including the number of stories, height, plan dimensions, Certificate of Occupancy number if available, usage, and age and type of exterior wall construction, specifying all materials present.
 - (D) A detailed description of any maintenance, repairs, or the results of engineering monitoring performed to the building, including but not limited to foundation settlement, bulging, or cracking of the wall, floors, roof, or any structural parts, movement of any elements or appurtenances, or other defects or changes.
 - (E) A detailed description of the procedures used in making the critical examination, including:
 - 1. The extent and location of physical examinations, probes and tests performed.
 - 2. The name, contact information (telephone number and email address), and license or registration number of the RDP and the names of all individuals working directly under the RDP's direct supervision involved in the critical examination.
 - 3. A plot plan of a discernible scale and with a north arrow that shows the entire building, all adjacent structures showing relationship to adjacent properties, including the number of stories and the type of occupancy.
 - 4. The start and completion dates of the critical examination.
 - 5. Dated photo documentation of the RDP performing physical examination.
 - (F) A detailed description and mapping of each structural condition found, including any deterioration, instability, or movement detected. The description must also include a list of all appurtenances and their condition. If unsafe conditions are noted, the report must recommend the type and location of public protection or clearly delineate the extent of areas that have been cordoned off and the methods used. Photographs must be labeled and cross-referenced in the report. The report must include key plans and locator drawings documenting these conditions.
 - (G) A comprehensive analysis of the structural condition of the building or structure as a result of the structural damage, based on probes and calculations.
 - (H) The following information:
 - 1. A list and description of the work permits required to accomplish the necessary work. If no work permits will be required, the reason must be indicated.
 - 2. 8 1/2" x 11" schematically sketched floor and roof plans, elevations, sections, and foundation plans and details. Note all the existing conditions that cause the building to be structurally compromised.
 - 3. Estimate of how long the structure will remain stable.
 - 4. Proposed schedule for monitoring and repair of the condition.
 - 5. 8 1/2" x 11" sketch showing the work to stabilize the property such as shoring, repair, bracing, and/or partial demolition.
 - 6. A comparison of currently observed conditions with conditions observed during the previous report filing cycle examinations, including the status of the repairs or maintenance performed with respect to the prior conditions. The following must be included and discussed.
 - A. Work permit numbers relating to repairs performed.
 - B. Job numbers, status, and sign-off dates for any compromised building related jobs, where applicable.
 - C. Violation numbers of any open Environmental Control Board ("ECB") violations associated with the building and the status of the repairs of the conditions cited in the ECB violations.
 - D. A detailed description of work performed up to the date of submission of the report and the plan implemented to bring the compromised building to a structurally stable condition.
 - E. Any additional information requested by the Department.
- (I) All photographs must be color, clearly legible, and high resolution. Digital photos must be a minimum of 800 x 600 pixels. Photographs must be arranged into a PDF no larger than 11" x 17". The following photos must be submitted:
- 1. Elevation photos. Color photographs of all elevations and roofs for all reports.
 - 2. Representative photos of each level of the compromised building showing general conditions.
 - 3. Detailed condition photos. Color photographs of each specific condition must be clearly labeled with a description. Detailed conditions must be located on the mapping/architectural drawings of the building required by item F of this subparagraph.
- (J) The seal and signature of the RDP.

(4) Report filing requirements.

- (i) Owners of potentially structurally compromised buildings must hire an RDP to file an acceptable initial report to the Department to avoid a failure to file penalty.
- (ii) An acceptable annual report must be filed within a year of the submission of the initial report by the RDP and every year thereafter until an acceptable final report is filed with the Department to avoid a failure to file penalty.
- (iii) The report must be filed with the Department along with a filing fee as specified in the rules of the Department.
- (iv) A report must be filed within thirty (30) days of the date on which the RDP completed the critical examination as defined in subparagraph (x) of paragraph (2) of this subdivision. Failure to file a report within thirty (30) days of the completed critical examination requires a new critical examination.
- (v) If the report is not acceptable and is rejected by the Department, a revised report must be filed within forty-five (45) days of the date of the Department's rejection, after which the original file date will no longer be valid.
- (vi) If the report is not acceptable after two (2) rejections, a new filing fee, as specified in the rules of the Department, is required.
- (vii) Failure to submit a revised report addressing the Department's objections within sixty (60) days of the

- (viii) initial filing requires a new critical examination. The Commissioner may require reports on additional structures and/or parts thereof to be filed in accordance with this section.

(d) Civil penalties – 1- or 2-family dwellings.

- (1) Failure to file initial report. An owner who fails to file the required acceptable critical examination initial report will be liable for a civil penalty of five hundred dollars (\$500) per month 90 days after the building or structure becomes potentially compromised and ending on the filing date of an acceptable initial or final report, or the sign off date of a full demolition application for the structure.
- (2) Failure to file annual report. An owner who fails to file the required acceptable critical examination annual report will be liable for a civil penalty of five hundred dollars (\$500) per month 1 year after the initial report is filed and ending on the filing date of an acceptable annual report or final report, or the sign off date of a full demolition application for the structure.
- (3) Failure to file final report. An owner who fails to file the required acceptable critical examination final report will be liable for a civil penalty of two thousand five hundred dollars (\$2,500) per year two years after the initial report is filed and ending on the filing date of an acceptable final report, or the sign off date of a full demolition application for the structure.

- (f)(e) Civil penalties –buildings other than 1- or 2-family dwellings.** [In addition to any other penalties authorized by law, failure to file a report pursuant to the requirements of section 28-217.1 and this section will result in a civil penalty of \$3,000 for each violation of such section, payable to the department.]

- (1) Failure to file initial report. An owner who fails to file the required acceptable initial report will be liable for a civil penalty of one thousand dollars (\$1,000) per month 90 days after the building or structure becomes potentially compromised and ending on the filing date of an acceptable initial or final report, or the sign-off date of a full demolition application for the structure.
- (2) Failure to file annual report. An owner who fails to file the required acceptable annual report will be liable for a civil penalty of one thousand dollars (\$1,000) per month 1 year after the initial report is filed and ending on the filing date of an acceptable annual report or final report, or the sign off date of a full demolition application for the structure.
- (3) Failure to file final report. An owner who fails to file the required acceptable final report will be liable for a civil penalty of five thousand dollars (\$5,000) per year two years after the initial report is filed and ending on the filing date of an acceptable final report, or the sign off date of a full demolition application for the structure.

(f) Challenge of civil penalty.

- (1) An owner may challenge the imposition of any civil penalty authorized to be imposed pursuant to this subdivision by providing proof of compliance. Examples of such proof must include a copy of an acceptable initial, annual, or final report.
- (2) Challenges must be made in writing within thirty (30) days from the date of service of the violation by the Department and must be sent to the office/unit of the Department that issued the violation. The decision to dismiss or uphold the penalty is at the sole discretion of the Department.

(g) Full or partial penalty waivers; eligibility and evidentiary requirements. Owners may request a waiver of penalties assessed for violation of Article 217 of Title 28 of the Administrative Code, or rules enforced by the Department. Requests must be made in writing and must meet eligibility and evidentiary requirements as follows:

- (1) Owner status.
 - (i) A new owner requesting a waiver due to change in ownership must submit proof of a recorded deed showing evidence of transfer of ownership to the current owner after penalties were incurred, as well as any other documentation requested by the Department, and only in one of the following circumstances:
 - (A) A new owner of a government-owned property requesting a waiver due to change in ownership must submit official documentation from the

government entity affirming that the premises was entirely owned by the government entity during the period for which a waiver is requested.

- (B) A new owner who receives a notice of violation for failure to comply with the requirements of this section or Article 217 of Title 28 of the Administrative Code that was issued to the property after the transfer of ownership must submit a recorded deed showing the date that the property was acquired or transferred. The waiver period will be from the date of the deed to the date of the violation issuance.

- (ii) An owner may be granted a waiver of penalties upon submission of a copy of an order signed by a bankruptcy judge.
- (iii) If a state of emergency is declared that prevents an owner from conducting an inspection, filing a report, or correcting unsafe conditions, an owner may be granted a waiver of penalties.

- (2) Building status. An owner requesting a waiver because the building was demolished must submit city or departmental records evidencing the demolition of the building prior to the filing deadline.

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Buildings hereby adopts the amendments to Section 101-03 of Subchapter A of Chapter 100 and Section 103-10 of Subchapter B of Chapter 100 of Title 1 of the Rules of the City of New York regarding the inspections of gas piping systems. This rule was first published on September 24, 2025, and a public hearing thereon was held on October 27, 2025.

Dated: 11/25/25
New York, New York

/s/
James S. Oddo
Commissioner

Statement of Basis and Purpose of Rule

Under Local Law 152 of 2016, codified in article 318 of chapter 3 of Title 28 of the New York City Administrative Code, gas piping systems must be inspected periodically, and certificates of inspection must be submitted to the owner and DOB in accordance with section 103-10 of Title 1 of the Rules of the City of New York.

The Department of Buildings (DOB) amends sections 101-03 and 103-10 of chapter 100 of Title 1 of the Rules of the City of New York to address new filing fees, penalty waivers, and requirements after receiving a violation. In 2015, DOB introduced an electronic portal to replace the former BIS system, which is now called DOB NOW. All building owners are now required to submit documents digitally through DOB NOW, and the procedures for submitting documentation related to gas piping system inspections are now being integrated into the DOB NOW platform. These amendments address the transfer of this process to DOB NOW from a paper submission system and create new procedures to govern digital submissions. These amendments will also address the imposition of penalties for noncompliance beginning in Cycle 2a. With the move to DOB NOW, DOB will begin enforcing penalties, and these amendments reflect this change and establish grounds for penalty waivers.

Specifically, the amendments will:

- Add filing fees for:
 - o submission of the certification of the gas piping system periodic inspection,
 - o extension requests to submit initial certification or to correct conditions,
 - o certification of correction to gas piping systems,
 - o certification of no gas piping system in the building, and
 - o documentation regarding no gas service in the building;
- Allow certification from a utility company to be used to establish that the building has no gas piping;
- Clarify that certification of no gas piping in the building is a one-time submission to DOB;
- Require inspectors of a gas piping system to notify DOB two days before the performance of an inspection;
- Require owners who receive a violation for failure to file certification of the gas piping system periodic inspection to resolve the violation by submitting payment of a civil penalty for such violation and submitting certification of a gas piping

system periodic inspection, certification that the building has no gas piping system, or documentation establishing the building has no gas service;

- Clarify that certification is not considered filed until it is fully uploaded in DOB NOW;
- Establish penalty waivers for violations; and
- Correct references.

The proposed amendments to the rule were published in the City Record on September 24, 2025. A hearing was held on October 27, 2025. Fourteen people submitted comments to the Department. After considering the comments, the Department did not make any changes to the rule, for the following reasons:

- Comments were concerned about the requirement that inspectors of a gas piping system notify DOB two days before the performance of an inspection. However, advance notification before an inspection is a common requirement of inspections mandated by DOB. Some of the notification requirements for those other inspections require more than the two days' notice prescribed by this rule. Additionally, the notification requirement does not prevent inspections from happening on evenings, weekends, or holidays, nor does it limit how many inspections an inspector can schedule in a day.
- Comments were received asking for Local Law 142 of 2025 requirements be added to this rule. As Local Law 142 is not effective until February 2026, the requirements cannot be added to this rule amendment at this time.
- Comments expressed concern about the fees imposed by this rule. The fees were approved by the Office of Management and Budget and account for the administrative costs associated with the work that coincides with what the fee is for.
- A comment was received regarding the need to submit documentation regarding no gas service every cycle, indicating that documentation should not have to be resubmitted. However, unless the entire gas piping system has been locked out by the utility company, there is always some partial gas service available to the building. Someone affiliated with the location could restore service at any time without notifying DOB. The four-year cycle period is a long time to be without gas service.

DOB's authority for these rules is found in sections 643 and 1043(a) of the City Charter, and article 112 of chapter 1 and article 318 of chapter 3 of Title 28 of the New York City Administrative Code.

Section 1. Section 101-03 of subchapter A of chapter 100 of Title 1 of the Rules of the City of New York is amended by adding the following entries at the end of the table set forth in that section:

| | |
|---|--------------|
| <u>Filing fee for certification of the gas piping system periodic inspection.</u> | <u>\$35</u> |
| <u>Filing fee for extension request to submit initial certification or extension request to correct conditions.</u> | <u>\$35</u> |
| <u>Filing fee for gas piping certification of correction.</u> | <u>\$35</u> |
| <u>Filing fee for certification of no gas piping system in the building.</u> | <u>\$375</u> |
| <u>Filing fee for documentation regarding no gas service in the building.</u> | <u>\$480</u> |

§2. Paragraphs (2), (3), (4) and (5) of subdivision (a) of section 103-10 of chapter 100 of Title 1 of the Rules of the City of New York are amended to read as follows:

- (2) This requirement for periodic inspections does not apply to buildings that contain no gas piping system, provided that the owner of such a building submits to the Department, in a form and manner determined by the commissioner, along with a filing fee as specified in the rules of the Department, a certification from a utility company, a registered design professional, or a licensed master plumber or an individual under the direct and continuing supervision of a licensed master plumber, stating that the building contains no gas piping system. Such statements need only be submitted once. The due date for submitting such a certification pursuant to this paragraph shall be as follows:

(3) A building that contains gas piping but is not currently supplied with gas, that does not contain any appliance connected to any gas piping, and that complies with section 28-318.3.5 of the Administrative Code is not required to undergo a gas piping inspection otherwise required under this section. The due date for submitting the statements required by section 28-318.3.5, along with a filing fee as specified in section 101-03 of the rules of the Department, is the same as the due dates set forth in paragraph (2) of this subdivision. [Such statements need only be submitted once, provided that there continues to be no gas service.] Where the owner seeks to resume gas service, the owner must comply with the provisions of section 28-318.3.6.

(4) Inspections of building gas piping systems required under this section must be conducted at least once every four (4) years and in accordance with the following periodic inspection schedule:

(iv) In calendar year 2023, and within every fourth calendar year thereafter, building gas piping systems shall be inspected in community districts 11, 12, 14, 15, and 17 and in any community district not specified in this paragraph [(3)] in all boroughs.

(5) The initial inspection for a new building with a gas piping system [shall] must be performed during the tenth year after the Department has issued a certificate of occupancy for such building. Following such initial inspection, a new building's subsequent periodic inspection must be conducted in accordance with the periodic inspection schedule set forth in paragraph [(3)] (4) of this subdivision.

§3. Subdivision (a) of section 103-10 of chapter 100 of Title 1 of the Rules of the City of New York is amended by adding a new paragraph (6) to read as follows:

(6) An inspection entity qualified to conduct inspections of gas piping systems pursuant to subdivision (b) of this section must notify the Department of the performance of a gas piping system inspection. Such notice must be submitted to the Department in a form and manner as determined by the Department at least two (2) days prior to the performance of such gas piping system inspection.

§4. Paragraph (1) of subdivision (d) of section 103-10 of chapter 100 of Title 1 of the Rules of the City of New York is amended by adding a new subparagraph (iii) to read as follows:

(iii) The Department will not consider for review an inspection report or a certification of inspection if such report or certification is in a pre-filing or Quality Assurance failed status.

§5. Paragraph (6) of subdivision (d) of section 103-10 of chapter 100 of Title 1 of the Rules of the City of New York is amended to read as follows:

(6) Owners who are unable to obtain an inspection of a building's gas piping systems pursuant to this section by the date set forth in paragraph (4) of subdivision (a) of this section may receive a 180-day extension of the due date for such inspection and the filing of any certification required to be filed after such inspection, upon notification to the Department in a form and manner determined by the commissioner and submission of a filing fee as specified in section 101-03 of the rules of the Department.

§6. Subdivision (f) of section 103-10 of chapter 100 of Title 1 of the Rules of the City of New York is amended to read as follows:

(f) Civil penalties for failure to file certification. A building owner who fails to submit a certification required to be submitted pursuant to this section on or before the filing due date specified in paragraph (4) of subdivision (a) of this section will be liable for a civil penalty of:

(1) One thousand five hundred dollars (\$1,500.00) for a 3-family building; or

(2) five thousand dollars (\$5,000.00) for all other buildings.

To resolve a violation for failure to file certification of a gas piping system periodic inspection, an owner must submit payment of the civil penalty and file a certification of the gas piping system periodic inspection, certification of no gas piping system in the building, or documentation regarding no gas service in the building. Payment of the civil penalty and certification of the gas piping system periodic inspection, certification of no gas piping system in the building, or documentation regarding no gas service in the building may be submitted separately.

A certification is not considered filed if it is in pre-filing or Quality Assurance failed status.

§7. Section 103-10 of chapter 100 of Title 1 of the Rules of the City of New York is amended by adding a new subdivision (h) to read as follows:

(h) Penalty waivers; eligibility and evidentiary requirements. An owner may request a waiver of penalties assessed for violation of Article 318 of Title 28 of the Administrative Code, the New York City Building Code and/or related rules enforced by the Department. Requests must be made through the Department's website and must meet eligibility and evidentiary requirements as follows:

(1) Owner Status

(i) New owner. A new owner may be granted a waiver of penalties contingent upon the Department's acceptance of the owner's proof that transfer of ownership to the new owner occurred after penalties were incurred. Proof includes a recorded deed evidencing a bona fide transfer of ownership to the current owner after penalties were incurred, as well as any other documentation requested by the Department.

(ii) Government ownership. A new owner of a property previously owned by a government entity requesting a waiver due to change in ownership must submit official documentation from the government entity affirming that the premises was entirely owned by the government entity during the period for which a waiver is requested.

(iii) Bankruptcy. An owner may be granted a waiver of penalties upon submission of a copy of an order signed by a bankruptcy court judge reflecting the owner's bankruptcy.

(iv) State of emergency. If a state of emergency is declared that prevents an owner from conducting an inspection or filing a certification, an owner may be granted a waiver of penalties.

(2) Building Status

(i) Building conversion or misclassification. An owner requesting a waiver because the building was converted to an R3 occupancy, or misclassified as other than an R3 occupancy when it is an R3 occupancy, must submit city or departmental records evidencing the R3 occupancy of the building prior to the filing deadline.

(ii) Demolished building. An owner may be granted a waiver if the full demolition of the building occurred prior to the inspection cycle for which the report was due, and such demolition was signed off by the Department, or a new building permit has been issued for the property.

(iii) Sealed or vacated building. An owner requesting a waiver because the entire building was ordered to be sealed or vacated by a government agency, including but not limited to the Department, the Department of Housing Preservation and Development, the Fire Department or the Office of Emergency Management, or by court order prior to the expiration of the inspection cycle for which the report was due, must provide city, court, or departmental records evidencing the order to seal or vacate the entire building.

(3) Building has no gas piping system. An owner may be granted a waiver of penalties contingent upon the Department's acceptance of proof that there was work in progress for the removal of the gas piping which had a projected date of completion prior to the deadline in paragraph (2) of subdivision (a) of this rule, but was unable to be completed in time to file the certification by the due date because of some unforeseen circumstance, which must be explained in the request. An owner must also submit the certification of no gas piping system that resulted from such work.

(4) Building has no active gas service. An owner requesting a waiver because the building has no active gas service must file the required documentation showing that the building was not supplied with gas and no appliance was connected to any gas piping on the day of the deadline set out in paragraph (3) of subdivision (a) of this rule.

(5) Gas work in progress. An owner may be granted a waiver of the civil penalty imposed for failing to file a certification of correction because there is permitted gas work in progress for the replacement or installation of a gas piping system or a major renovation to correct a defect. An owner must provide the job number for such gas work, proof of compliance with paragraphs (2) and (3) of subdivision (d), and any other documentation requested by the Department.

SANITATION

■ PUBLIC HEARINGS

Notice of Public Hearing and Opportunity to Comment on Proposed Rules

What are we proposing? The Department of Sanitation (DSNY or the Department) is proposing to amend its rule governing the time for placing solid waste and recyclable materials out at the curb for collection for those that receive collection on Saturdays in Community Boards that choose to opt into this alternate schedule.

When and where is the hearing? DSNY will hold a public hearing on the proposed rule. The public hearing will take place via Microsoft Teams at 9:30 A.M. on January 7, 2026, using the following link: <https://teams.microsoft.com/meet/27249763941486?p=06RHFraVmQ8A7rTFSR>

How do I comment on the proposed rules? Anyone can comment on the proposed rules by:

- **Website.** You can submit comments to the DSNY through the NYC rules Web site at <http://rules.cityofnewyork.us>.
- **Email.** You can email written comments to nycrules@dsny.nyc.gov.
- **Mail.** You can mail written comments to DSNY, 125 Worth Street, Room 710, New York, NY 10013.
- **By speaking at the hearing.** Anyone who wants to comment on the proposed rule at the public hearing must sign up to speak. You can sign up before the hearing by emailing mliguori@dsny.nyc.gov by January 6, 2026 at 5:00 P.M. While you will be given the opportunity during the hearing to indicate that you would like to provide comments, we prefer that you sign up in advance. You can speak for up to three minutes. Please note that the hearing is for accepting oral testimony only and is not held in a "Question and Answer" format.

Is there a deadline to submit comments? The deadline for submitting written comments is January 7, 2026.

What if I need assistance to participate in the hearing? You must tell the Bureau of Legal Affairs if you need a reasonable accommodation of a disability at the hearing. You must tell us if you need a sign language interpreter. You can tell us by email at eluna@dsny.nyc.gov or by mail at the address given above. You may also tell us or by telephone at 646-885-4996. Advance notice is requested to allow sufficient time to arrange the accommodation. Please tell us by December 30, 2025.

Can I review the comments made on the proposed rules? You can review the comments made online on the proposed rules by going to the website at <http://rules.cityofnewyork.us/>. A few days after the hearing, copies of all comments submitted online, copies of all written comments, and a summary of oral comments concerning the proposed rule will be available to the public at 125 Worth Street, Room 710, New York, NY 10013 and on DSNY's website.

What authorizes DSNY to make this rule? Sections 753 and 1043(a) of the New York City Charter and section 16-120 of the New York City Administrative Code Section authorize DSNY to make this proposed rule. This proposed rule was not included in DSNY's regulatory agenda for this Fiscal Year because it was not contemplated when DSNY published the agenda.

Where can I find the DSNY's rules? DSNY's rules are in Title 16 of the Rules of the City of New York.

What laws govern the rulemaking process? DSNY must meet the requirements of Section 1043 of the New York City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043.

Statement of Basis and Purpose

DSNY currently requires residences using receptacles with tight-fitting lids to place such receptacles containing solid waste and recyclables at the curb for collection by DSNY no earlier than 6:00 p.m. on the day before their scheduled collection. Residences using bags must place their materials at the curb for collection by DSNY no earlier than 8:00

p.m. on the day before their scheduled collection. In both cases, solid waste and recyclables must be set out before midnight to allow for Department collection beginning at 12:01 a.m. on the scheduled collection day.

DSNY recognizes that every community has different needs. DSNY is proposing to allow individual Community Boards, upon written notification to DSNY, to opt into an alternate schedule that would permit residences in their districts that receive collection service on Saturdays to place materials for collection at the curb no earlier than one hour before sunset on Fridays, provided that such materials are placed out in receptacles with a tight-fitting lid.

DSNY's authority for this rule is found in sections 753 and 1043(a) of the New York City Charter and section 16-120 of the New York City Administrative Code.

New material is underlined.

[Deleted material is in brackets.]

Asterisks (***) indicate unamended text.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

§ 1. Subdivision (a) of section 1-02.1 of Title 16 of the rules of the city of New York is amended to read as follows:

(a) Except as otherwise authorized in section 1-02.3 of this chapter, occupants of residential buildings, public buildings, and special use buildings, except commercial occupants of residential buildings where Department collection service is not otherwise authorized by section 1-03 of this chapter, shall place their receptacles or bags containing solid waste or recyclables out at the curb for collection by the Department as follows:

1. Except as provided in paragraphs (2) and (3) of this subdivision, materials must be placed out at the curb no earlier than 8:00 p.m. on the day before scheduled collection and no later than 12:00 a.m. on the scheduled collection day;

2. The following materials must be placed out at the curb no earlier than 6:00 p.m. on the day before scheduled collection and no later than 12:00 a.m. on the scheduled collection day: (i) materials placed out for collection in receptacles with a tight-fitting lid; and (ii) designated recyclable paper that is tied and bundled securely without a container and set out in accordance with the requirements found in section 1-08(h) of Title 16 of the rules of the city of New York;

3. For those areas within sanitation districts that have collection scheduled for Saturdays, such material may be placed out no earlier than one hour before sunset on the day before scheduled collection provided that:

(i) materials are placed out for collection in receptacles with a tight-fitting lid;

(ii) designated recyclable paper is tied and bundled securely without a container and set out in accordance with the requirements found in section 1-08(h) of Title 16 of the rules of the city of New York; and

(iii) a written request from the Community Board is received by the Department indicating that such Community Board would like to opt into the alternate schedule for Saturday collections set forth in this paragraph. The Department shall notify the Community Board Chair and District Manager of the effective date for the alternate schedule for Saturday collections. The Community Board must take any and all action to notify the residents of the district of the requirements set forth in this paragraph.

4. Receptacles containing solid waste that are set out at the curb must not exceed fifty-five gallons in size, except for those receptacles that are authorized for use pursuant to 16 RCNY §§ 1-02.5 and 1-02.6;

[4.] 5. Receptacles containing designated recyclable materials that are set out at the curb must comply with the container specifications found 16 RCNY § 1-08; and

[5.] 6. All receptacles shall be removed before 9:00 p.m. on the day of collection, or if such collection occurs after 4:00 p.m., then before 9:00 a.m. on the day following collection.
