restoration phase on protected streets must be made through the Department's web site (www.nyc.gov/transportation). Such notifications will result in the generation of a confirmation number, which is required for every protected street opening permit obtained. In no case shall the permittee commence the backfill prior to the scheduled start time. For the base and wearing course, the permittee shall fax its daily paving schedule to the Department prior to commencing work. In addition, during the backfill and compaction phase of the work, permittees must provide, on site, a certified compaction tester from an approved laboratory or a licensed certified tester to test that the compaction of the backfill is in accordance with the Department's rules and specifications.

In the event a permanent restoration pavement installed in violation of the provisions of subparagraph (i) of this paragraph (4) settles more than two inches (2") below the surrounding existing surface during the life of the guarantee period, this shall be deemed a failure of the backfill compaction, in which case, the permittee shall remove all of the failed backfill, down to the subsurface facility, and install new, properly compacted backfill.

(viii) Upon the completion of any restoration phase of any street opening, such as compaction of backfill, installation of base material, or installation of wearing course material, the restoration shall be made flush with surrounding pavement on all sides of the cut.

STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULES

The Commissioner of Transportation is authorized to promulgate rules regarding streets and highways in the City pursuant to § 2903 of the New York City Charter and Title 19 of the New York City Administrative Code. These rules are being amended to achieve several purposes: to enhance and clarify existing rules; to enhance vehicular and pedestrian safety, and to provide methods of enforcement for the rules. Finally, these amendments will better protect the City's investment in miles of roadways throughout the five boroughs.

Subdivision (d) of § 2-05 is being amended to add that permittees are prohibited from placing conex containers on the street. Subdivision (d) is also being amended to state that construction materials or equipment cannot be placed within fifteen feet of water sampling stations of the Department of Environmental Protection, and cannot be stored higher than five feet unless authorized by the Commissioner. This will prevent these items from blocking water sampling stations and from blocking vehicular traffic from the view of drivers.

§ 2-07 is being amended to prohibit storage of tool carts on the sidewalk and the roadway, and to prohibit tool carts from blocking water sampling stations.

Paragraph (1) of subdivision (a) of § 2-11 is being amended to bring the Department's rules in compliance with changes to the New York City Administrative Code. Section 26-241 of the Administrative Code, which previously defined a licensed master plumber as a partnership, corporation, or other business association, was repealed. It was replaced with section 28-401.3, which defines a licensed master plumber as an individual. The Department prefers to continue the current method of issuing street opening permits to plumbing businesses and not individuals. Thus, the Department is

revising this rule in order to remain in compliance with the Administrative Code and to ensure the continuation of current permitting practices.

Paragraph (2) of subdivision (e) of § 2-11 is being amended to clarify that restorations to be flush with the surrounding pavement for all three phases of the restoration.

Paragraph (7) of subdivision (e) of § 2-11 is being amended to clarify that contractors must secure a separate permit in order to store construction materials at the work site at any time other than during the working hours stated on the permit.

Paragraph (8) of subdivision (e) of § 2-11 is being amended to reflect the restoration requirements on all roadways, to ensure that compaction is performed as per Department requirements, to clarify that permittees must generate compaction reports for each street opening, and to require permittees to keep such reports for the life of the guarantee period.

Paragraph (10) of subdivision (e) of § 2-11 is being amended to revise procedures for maintaining steel plates during the winter moratorium, to provide the Department with a method for identifying plates on the street, to require the removal of plating and decking within twenty-four hours of completion of the final restoration, and to remove the skid resistant coefficient of .36.

Paragraph (11) of subdivision (e) of § 2-11 is being amended to clarify that permittees cannot utilize asphalt binder in place of concrete and to provide better compaction of asphalt base materials which will lead to more level restorations and minimize the likelihood of sunken – hence, failed – cuts. This section is also being amended to ensure that restorations result in a smooth and level roadway surface for motorists, pedestrians and bicyclist so as to minimize trip hazards.

Paragraph (12) of subdivision (e) of § 2-11 is being amended to minimize confusion generated by prior requirements permitting contractors to complete work within ten days of permit expiration. During the ten-day period, the original permit and all associated stipulations are void, allowing contractors to perform paving work at any day, time and location and providing the Department with no enforceable restrictions against such work. The amendment will prevent contractors from performing restorations at a day or time that would likely result in traffic delays.

Paragraph (13) of subdivision (e) of § 2-11 is being amended to standardize restoration requirements on concrete pavement or reconstructed roadways.

Subdivision (f) of § 2-11 is being amended to assist permittees in obtaining protected street confirmation numbers in an expedited manner, to require that permittees maintain compaction reports throughout the guarantee period, and to require a flush surface for all phases of the restoration on protected streets.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists-free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at <http://nyc.gov/selltonyc>

- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

The Rules may also be accessed on the City Website, <http://nyc.gov/selltonyc>

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
