The Department of City Planning shall make available, in a form easily accessed by the public, regularly updated calculations of the current #Hudson Yards development parking supply#, #reservoir parking supply#, and #reservoir surplus# or #reservoir deficit#, as applicable.

**93-82 Use and Location of Parking Facilities**

The provisions of this Section shall apply to all off-street parking spaces within the #Special Hudson Yards District#.

(a) All off-street parking spaces #accessory# to #residences# shall be used exclusively by the occupants of such #residences#. Except in the Eastern Rail Yard Subarea A1, all #accessory# off-street parking spaces #accessory# to Use Group 5 #transient hotels# and Use Group 6B offices may be made available for public use. However, any such space shall be made available to the occupant of a #residence# to which it is #accessory# within 30 days after written request therefore is made to the landlord. Furthermore, if #accessory# and public parking spaces are provided on the same #zoning lot#, all such spaces shall be located within the same parking facility. However, such regulations are modified in the following areas:

- (1) in C1-7A Districts and in C2-5 Districts mapped within RSA Districts, all #accessory# off-street parking spaces shall be used exclusively by the occupants of the #residential development#, #enlargement# or conversion. Where a parking facility is located partially within a C2-5 District mapped within an RSA District and partially within another district, all such #accessory# off-street parking spaces may be made available for public use provided more than half of the floor space of the parking facility is located outside the C2-5 District mapped within an RSA District; or
  - (2) in the Eastern Rail Yards Subarea A1, any #accessory# parking spaces shall be exclusively for #uses# located in the Subarea.
- (b) All #accessory# off-street parking spaces may be provided within parking facilities on #zoning lots# other than the same #zoning lot# as the #uses# to which they are #accessory#, provided:
- (1) such parking facilities are located within a C2-8 or C6-4 District within the #Special Hudson Yards District#, or within the 42nd Street Perimeter Area of the #Special Clinton District# or within Area P-2 of the #Special Garment Center District#;
  - (2) the off-street parking space within such facility is counted only once in meeting the parking requirements for a specific #zoning lot#; and
  - (3) the number of parking spaces within such facility shall not exceed the combined maximum number of spaces permitted on each #zoning lot# using such facility, less the number of any spaces provided on such #zoning lots#. The provisions of Section 13-141 (Location of accessory off-street parking spaces), inclusive, shall apply.
- (c) All off-street parking spaces shall be located within facilities that, except for entrances and exits, are:
- (1) entirely below the level of any #street# or publicly accessible open area upon which such facility, or portion thereof, fronts; or

(2) located, at every level above-grade, behind commercial, community facility or #residential floor area# so that no portion of such parking facility is visible from adjoining #streets# or publicly accessible open areas.

**93-8231**

**Authorization for above-grade parking**

The City Planning Commission may authorize parking facilities that do not comply with the provisions of paragraph (c) of Section 93-823 (Use and Location of Parking Facilities) and may authorize floor space used for parking and located above a height of 23 feet to be exempt from the definition of #floor area#, provided that:

- (a) below-grade parking has been provided to the fullest extent feasible, and such above-grade facility is necessary due to subsurface conditions such as the presence of bedrock, railroad rights-of-way or other conditions that impose practical difficulties for the construction of below-grade parking facilities;
- (b) the scale of the parking facility is compatible with the scale of #buildings# in the surrounding area;
- (c) the materials and articulation of the #street wall# of the parking facility is compatible with #buildings# in the surrounding area;
- (d) the ground floor level of such parking facilities that front upon #streets# is occupied by #commercial#, #community facility# or #residential uses# that activate all such adjoining #streets#, except at the entrances and exits to the parking facility. Where site planning constraints make such #uses# infeasible, the parking facility shall be screened from adjoining #streets# or public access areas with a densely planted buffer strip at least 10 feet deep. Where such screening is not desirable, such ground floor wall of the parking facility shall be articulated in a manner that provides visual interest;
- (e) any floor space above the ground floor level utilized for parking is located, to the greatest extent feasible, behind #commercial#, #community facility# or #residential floor area# so as to minimize the visibility of the parking facility from adjoining #streets# or public access areas. Any exterior wall of the parking facility visible from an adjoining #street# or public access area shall be articulated in a manner that is compatible with #buildings# in the surrounding area;
- (f) for portions of parking facilities that are visible from #streets#, publicly accessible open areas or nearby properties, interior lighting and vehicular headlights are shielded to minimize glare on such #streets#, public access areas or properties; and
- (g) the location of vehicular entrances and exits will not unduly inhibit surface traffic and pedestrian flow.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

## AGENCY RULES

### ENVIRONMENTAL CONTROL BOARD

#### ■ NOTICE

#### Notice of Promulgation of Rule

**NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED** in the Environmental Control Board (ECB) by Section 1049(c)(3) of the New York City Charter, and by 1049-a of the New York City Charter, and in accordance with Section 1043(b) of the Charter, that the Environmental Control Board hereby promulgates the following rule. The rule was published in The City Record on January 29, 2010 and a Public Hearing was held on March 2, 2010.

Section 1. The Public Safety Graffiti Penalty Schedule found in §3-119 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York is amended to revise the entry in that penalty schedule for § 10-117.3, "Failure to Remove graffiti," to read as follows:  
New material is underlined.

SECTION/RULE	DESCRIPTION	PENALTY	DEFAULT
A.C. 10-117.3(b)	Failure to remove graffiti	150	300

#### Statement of Basis and Purpose of Final Rule

The Environmental Control Board (ECB) has made the following revision to the ECB Penalty Schedule:

The Board has revised the Public Safety Graffiti Penalty Schedule found in Section 3-119 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York.

On October 7, 2009, Mayor Bloomberg signed Local Law No. 65 of 2009 which amended Local Law No. 111 of 2005 relating to the removal of graffiti from commercial and residential buildings. Local Law No. 65 amends section 10-117.3 of the New York City Administrative Code by streamlining the current process that is in place for the removal of graffiti by making it easier for residents to have graffiti removed from their property.

Under the new law, once a building is identified for graffiti removal, the city will notify the building owner of the planned removal. The building owner will then have thirty five days (with a 15-day extender) to "opt out" of the removal of the graffiti by the City. To "opt out" the owner will have to submit a form to the city requesting the graffiti remain on the building or advising that they will remove it themselves. If graffiti is not cleaned after thirty five days (or fifty days with an extension), the city will contact property owners of buildings over six units to advise them that they must either clean the graffiti, express their desire to keep it or allow the city to clean. Failure to exercise one of these options within sixty days will result in a notice of violation.

The new law specifically states, in section 10-117.3(h), that a Notice of Violation "shall indicate that the owner is in violation of subdivision b of this section." ECB therefore has revised this entry in its penalty schedule in order to provide better notice to the public that these violations are charged under subdivision b. There are no changes to the penalties currently imposed.

#### Notice of Promulgation of Rule

**NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED** in the Environmental Control Board by Section 1049(c)(3) of the New York City Charter and by Section 1049-a of the New York City Charter, and in accordance with Section 1043(b) of the Charter, that the Environmental Control Board hereby promulgates the following rule. The rule was published in The City Record on January 29, 2010 and a Public Hearing was held on March 2, 2010.

New material is underlined. Deleted material is in [brackets]

Section 1. Buildings Penalty Schedule II, found in Section 3-103 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York, is amended to revise the entry for 28-202.1 "Additional daily penalty for immediately hazardous violation of 28-210.1-1 or 2 family converted to 4 or more families," as follows:

Section of Law	Classification	Violation Description	Cure	Stipulation	Standard Penalty	Mitigated Penalty	Default Penalty	Aggravated Penalty
28-202.1	Class 1	Additional daily penalty for Class 1 violation of 28-210.1-1 or 2 family converted to 4 or more families.	No	No	1,000/day	No	(\$ 25,000) \$ 45,000	N/A

#### Statement of Basis and Purpose of Final Rule

The Environmental Control Board (ECB) has revised ECB's Buildings Penalty Schedule II, found in Section 3-103 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York. The revision is due to an oversight incorrectly listing the maximum default penalty for the additional daily penalty infraction.

Section 28-202.1 of the Administrative Code indicates that, "Except as otherwise specified in this code or other law, violations of this code, the 1968 building code, the zoning resolution or other laws or rules enforced by the department shall be punishable by civil penalties within the ranges set forth below:

1. For immediately hazardous violations, a civil penalty of not less than one thousand dollars nor more than twenty-five thousand dollars may be imposed for each violation. In addition to such civil penalty, a separate additional penalty may be imposed of not more than one thousand dollars for each day that the violation is not corrected. The commissioner may by rule establish specified daily penalties within the limit set forth above for particular immediately hazardous violations. [Emphasis added]."

The rule promulgated by the Department of Buildings pursuant to this section is 1 RCNY §102-01 (g). The rule states, "Additional Daily and Monthly Penalties. Additional daily penalties may be imposed in connection with certain continuing and uncorrected Class 1 violations...Such daily or monthly penalties, if applicable, are in addition to the set, flat-amount penalty that also is indicated in the ECB Buildings Penalty Schedule as applicable to the type of violation in question taking into account the classification level and Aggravated level of the particular violation..."

(1) Accrual of Daily Penalties. Daily penalties, if applicable, will accrue at the rate of \$1,000 per day for a total of forty-five days running from the date of the Commissioner's order to correct set forth in the NOV [emphasis added], unless the violating condition is proved by the respondent at the hearing to have been corrected prior to the end of that forty-five day period, in which case the daily penalties will accrue for every day up to the date of that proved correction."

As is clear from the law and rule, the maximum penalty which might be imposed is \$1,000 per day for a maximum of 45 days—totaling \$45,000. ECB therefore has revised its rule to bring the rule into alignment with the statutory scheme already in effect.
