(b) An applicant for a pedicab business license may present for inspection only such pedicabs as are listed in, and identified on, the application as specified in subdivision (a) of this section.

(c) A pedicab registration plate shall be issued for a pedicab to an applicant for such plate and for a pedicab business license only upon:

- (1) payment to the Department of the sixty dollar (\$60) registration fee for each additional pedicab registration plate to be issued in excess of the one pedicab included in the annual pedicab business license fee up to the maximum number authorized to be issued to each business licensee;
 - (2) submission of proof of the insurance coverage required pursuant to section 20-253 of the Administrative Code of the City of New York for each pedicab for which a registration plate is to be issued;
 - (3) presentation for inspection at the time, date and location(s) designated by the Department of the pedicabs that are included on the list that identifies by PID each of the pedicabs for which such applicant seeks registration;
 - (4) determination by the Department that a pedicab presented for inspection passes such inspection; and
 - (5) determination by the Department that the applicant for the registration plates qualifies for the issuance of the pedicab business license.
- (d) a pedicab business license shall be issued only upon the Commissioner determining that such applicant meets all the requirements of sections 20-250, 20-252 and 20-253 of the Administrative Code of the City of New York and the requirements of this subchapter.

(e) (1) Whenever a pedicab that is presented for inspection pursuant to subdivision (c) of this section fails such inspection, such pedicab may be presented for re-inspection no later than 30 days after the expiration date for filing applications for pedicab registration plates and at such times, dates and locations designated by the Department.

(2) The Department shall re-inspect a pedicab upon payment of the fifty-five dollar (\$55) re-inspection fee.

(f) An application for a pedicab registration plate shall be void if the pedicab for which the application was made does not qualify to be issued a registration plate within 30 days after the expiration date for filing applications for pedicab registration plates.

(g) An application for a pedicab registration plate that is voided pursuant to subdivision (f) of this section shall not subsequently be reinstated.

§3. Subdivisions (a), (b) and (e) of section 2-418 of subchapter GG of chapter 2 of Title 6 of the Rules of the City of New York is amended to read as follows:

§2-418 Termination of License upon Change of Beneficial Ownership.

(a) A pedicab business license shall be voided upon any person or organization becoming the beneficial owner [of ten percent or more] of the licensed business entity if such person or organization did not previously hold [at least a ten percent] an interest, unless prior written approval from the Commissioner is obtained to authorize such change [to a member of the immediate family or dependents of a natural person holding such interest in such entity upon the death or permanent disability of such person].

(b) If the Department determines there is reason to conclude that a license is void because a person or organization has become the beneficial owner of [ten percent or more of] the licensed business entity if such person or organization did not previously hold [at least a ten percent] an interest in the business entity to which the license was issued, without receipt of the requisite authorization from the Commissioner, the Department will provide written notice to the licensee. Within ten business days of the date of such written notice, the licensee has the opportunity to be heard by submitting to the Department a written response objecting to the Department's determination and providing written documentation that there has been no such change in the beneficial ownership in the business entity to which the license was issued.

(c) The voiding of a pedicab business license because of such change in the beneficial ownership [of ten percent or more] in the business entity holding such license shall be effective as of the date of the unauthorized change in the beneficial ownership in the business entity. Such voiding also invalidates all the pedicab registration plates issued to such licensee, and such licensee shall, within five business days of the voiding of the pedicab business license, surrender each such plate to the Commissioner.

§4. Section 2-419 of subchapter GG of chapter 2 of Title 6 of the Rules of the City of New York is repealed and new section 2-419 is added to read as follows:

§2-419 Abandonment of seized pedicab.

(a) Any pedicab that is not claimed by its owner within fifteen business days after the mailing of the decision of the adjudication by the Commissioner of the violation underlying the seizure shall be deemed by the Department to be abandoned.

(b) If the Commissioner determines that the abandoned pedicab is suitable for operation, such pedicab shall be sold at public auction to the highest bidder.

(c) If the Commissioner determines that the abandoned pedicab is not suitable for operation, or if the abandoned pedicab is not sold at public auction within fifteen business days after it is offered for sale, the Commissioner shall sell the abandoned pedicab to a scrap metal processor.

(d) Any proceeds from the sale of an abandoned pedicab less any expenses incurred by the Department shall be held by the Department without interest, for the benefit of the owner of the abandoned pedicab, for a period of one year. If such proceeds have not been claimed within such one year period, such proceeds shall be paid into the general fund of the City.

§5. Subdivision b of section 2-421 of subchapter GG of chapter 2 of Title 6 of the Rules of the City of New York is amended to read as follows:

(b) Whenever a pedicab registration [plate] is not renewed within fifty-nine days after it has expired, such

[plate] registration shall be void, and such registration shall not be reinstated.

§6. Section 2-423 of subchapter GG of chapter 2 of Title 6 of the Rules of the City of New York is amended to read as follows:

§2-423 [Transfer] Replacement of a registered pedicab [registration plate]. A licensee may [transfer a registration issued to a pedicab identified on the list it has provided the Department from such pedicab to] replace a pedicab that is issued a current registration plate (such pedicab to be referred to in this section as the "current pedicab") with another pedicab (such pedicab to be referred to in this section as the "replacement pedicab") [of] owned by such licensee only if:

(a) Such licensee [requests the transfer] notifies the Department in writing of the proposed replacement, describes and substantiates the reason for the replacement, and identifies the current pedicab [that had been issued the registration plate, by the PIN listed with the Department, and the pedicab registration plate that is to be transferred] by the registration plate number issued by the Department and the PID listed with the Department for such pedicab and describes the replacement pedicab[, by its PIN, to which such pedicab registration plate is to be transferred] and furnishes its PID.

(b) Such licensee presents:

- (1) the replacement pedicab [to which the pedicab registration plate is to be transferred] for inspection by the Department; and
- (2) either presents the pedicab registration plate that was [removed from the] issued to the current pedicab [to which it was issued], provides proof that the current pedicab and its registration plate have been destroyed or are otherwise physically impossible to be made available, or presents the current pedicab [from which the pedicab registration plate is to be removed for transfer to such other] and surrenders to the Department the registration plate [be removed for transfer to such other] of the current pedicab.

(c) The replacement pedicab passes inspection and the Department affixes to it a pedicab registration plate [that replaces the plate that had been issued to the pedicab from which it was transferred].

§7. Subchapter GG of Tile 6 of the Rules of the City of New York is amended by adding new sections 2-426 and 2-427 to read as follows:

§2-426 Expiration date for pedicab registration plates. Registration plates for pedicabs shall expire annually on November 1.

§2-427 Records. (a) A pedicab business licensee shall maintain complete, accurate and legible records that identify each pedicab such licensee operates, including:

- (1) the PID and registration plate number issued to such pedicab;
 - (2) the name, pedicab driver license number issued to each pedicab driver authorized to operate each pedicab used by such licensee, whether such driver operates the pedicab as an employee, a lessee or in any other manner;
 - (3) a copy of the terms under which pedicab drivers are authorized to operate each pedicab; and
 - (4) a daily log of the operation of each pedicab showing the time it leaves and is returned to the licensee's premises, and the name of the pedicab driver who is authorized to operate the pedicab during the period it is logged out to such driver.
- (b) A pedicab business licensee shall retain the records it is required to maintain for three years.

Statement of Basis and Purpose: Section 20-104 (b) of the Administrative Code of the City of New York authorizes the Commissioner to promulgate and amend all rules he or she deems necessary to carry out the powers and duties of the Department. Section 20-108 of such Code authorizes the Commissioner to set the expiration dates of licenses issued pursuant to Chapter 2 of Title 20 of such Code. Section 20-265, as added to Title 20 by Local Law 19 for the Year 2007, further authorizes the Commissioner to adopt such rules as are necessary to carry out its provisions to license and regulate the pedicab business and the operation of pedicabs. In addition, Section 15 of Local Law Number 53 for the Year 2009 authorizes the Commissioner to promulgate such rules as are necessary to implement it.

The proposed rule would amend subchapter GG to Chapter 2 of Title 6 of the Rules of the City of New York. It repeals the procedures for assigning and apportioning pedicab registration plates to pedicab business licenses because the cap established by Local Law 19 for the Year 2007 has expired. The proposed rule would implement the application process within the prescribed 60 day period as specified in Local Law 53 for the Year 2009 by detailing the requirements for submission of applications for pedicab registration plates within that 60 day application period. To complete the registration process for pedicabs and the applications for pedicab business licenses, the proposed amendments would specify that applicants for registration plates present the pedicabs listed in their applications at the time and place specified by the Department for qualifying inspection. The proposed amendments would provide that pedicabs that were not presented for inspection as scheduled by the Department or that failed inspection could be presented for reinspection up to 30 days after the end of the 60 day application period to maximize the opportunity for business license applicants to have their pedicabs pass the required qualifying inspection. By establishing a specific time period for completing the pedicab registration application process and the qualifying inspections, the proposed rule would provide that any application for a registration plate would be denied for any pedicab identified in the application that failed to pass inspection by no later than 30 days after the end of the 60 day application period.

The proposed amendments also would provide that registration plates for new pedicabs would be issued only for the replacement of pedicabs currently registered to a pedicab business licensee, and specifies how such transfers are to be effectuated. The proposed rule also provides that a pedicab business that fails to renew the registration of a pedicab within the time allowed cannot have the registration plate for such cab reinstated.

Finally, proposed amendments would add two new provisions to implement Local Law 19 for the Year 2007. Section 2-419 would specify when a seized pedicab is deemed abandoned after the violation that triggered the seizure is adjudicated, and how such abandoned property is to be disposed of by the Department. This addition is necessary to make clear how the seizure process is to be completed when the owner abandons a seized pedicab. Section 2-427 would specify the records that pedicab business licensees are required to maintain about the operation of their pedicabs and the drivers authorized to operate them.

The proposed amendments to subchapter GG of Title 6 are necessary for the proper implementation of amendments to Local Law Number 19 for the Year 2007 enacted by the Council as Local Law Number 53 for the Year 2009.
