43-13 Floor Area Bonus for Public Plazas

M1-6

In the district indicated, except for M1-6D Districts, for each square foot of #public plaza# provided on a #zoning lot#, in accordance with the provisions of Section 37-70, inclusive, the total #floor area# permitted on that #zoning lot# under the provisions of Section 43-12 (Maximum Floor Area Ratio) may be increased by six square feet.

43-14 Floor Area Bonus for Arcades

M1-6

In the district indicated, except for M1-6D Districts, for each square foot of #arcade# provided on a #zoning lot#, the total #floor area# permitted on the #zoning lot# under the provisions of Section 43-12 (Maximum Floor Area Ratio) may be increased by three square feet. However, the provisions of this Section shall not apply to #zoning lots# that are both within 100 feet of the western #street line# of Seventh Avenue and between West 28th and West 30th Streets in the Borough of Manhattan.

43-43 Maximum Height of Front Wall and Required Front Setbacks

M1 M2 M3

In all districts, as indicated, if the front wall or any other portion of a #building or other structure# is located at the #street line# or within the #initial setback distance# as set forth in the following table, the height of such front wall or other portion of a #building or other structure#, except as otherwise set forth in this Section, shall not exceed the maximum height above #curb level# set forth in the following table. Above such maximum height and beyond the #initial setback distance#, the #building or other structure# shall not penetrate the #sky exposure plane# set forth in the following table.

The regulations of this Section shall apply except as otherwise provided in Sections 43-42 (Permitted Obstructions), 43-44 (Alternate Front Setbacks) or 43-45 (Tower Regulations). In M1-1 Districts, for #community facility buildings# the maximum height of a front wall shall be 35 feet or three #stories#, whichever is less, and the height above the #street line# shall be 35 feet, and in M1-4 Districts, for #community facility buildings#, the maximum height of a front wall shall be 60 feet or six #stories#, whichever is less.

For #zoning lots# in M1-6 Districts that are both within 100 feet of the western #street line# of Seventh Avenue and between West 28th and West 30th Streets in the Borough of Manhattan, the following #streetwall# regulations shall apply to #street# frontages not occupied by a #public plaza#. The #street wall# of a #building# shall be located on the #street line# and extend along the entire #street# frontage of the #zoning lot# up to a minimum height of 125 feet or the height of the #building#, whichever is less, and a maximum height of 150 feet. Above a height of 150 feet, no portion of a #building# may penetrate a #sky exposure plane# except for towers, pursuant to Section 43-45 (Tower Regulations). The #sky exposure plane# shall begin at a height of 150 feet above the #street line# and rise over the #zoning lot# at a slope of 5.6 feet of vertical distance for each foot of horizontal distance on a #wide street#, and at a slope of 2.7 feet of vertical distance for each foot of horizontal distance on a #narrow street#. The provisions of Section 43-44 (Alternate Front Setbacks) shall not apply. On the ground floor, recesses shall be permitted where required to provide access to the #building#, provided such recesses do not exceed three feet in depth as measured from the #street line#. Above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be recessed beyond the #street line#. However, no recesses shall be permitted within 20 feet of an adjacent #building# and within 30 feet of the intersection of two #street lines#.

43-61 Bulk Regulations for Residential Uses in M1-1D through M1-5D Districts

The following regulations shall apply to any #development# or #enlargement# authorized pursuant to Section 42-47 (Residential Uses in M1-1D through M1-5D Districts):

- (a) The total amount of #residential floor area# permitted on any #zoning lot# shall not exceed a #floor area ratio# of 1.65.

On #zoning lots# containing both #residential use# and #community facility#, #manufacturing# or #commercial use#, the maximum #floor area# shall be the maximum #floor area# permitted for either the #commercial# or #manufacturing use# as set forth in Sections 43-12 (Maximum Floor Area Ratio) through 43-14 (Floor Area Bonus for Arcades), or the #community facility use# as set forth in Section 43-122 (Maximum floor area ratio for community facility buildings), or the #residential use# as set forth in this Section, whichever permits the greatest amount of #floor area#.

On #zoning lots# containing both #residential use# and #manufacturing# or #commercial use#, the total #floor area# used for #manufacturing# or #commercial use# shall not exceed the amount permitted by Sections 43-12 through 43-14.

- (b) The maximum number of #dwelling units# shall equal the total #residential floor area# provided on the #zoning lot# divided by 675. Fractions equal to or greater than three quarters resulting from this calculation shall be considered to be one #dwelling unit#.
- (c) The maximum #building# height above #curb level# shall be 32 feet.
- (d) No such #development# or #enlargement# shall be permitted within 30 feet of the #rear lot line#.

**43-62 Bulk Regulations in M1-6D Districts**

**43-621 Floor area regulations in M1-6D Districts**

- (a) The maximum #floor area# ratio for #zoning lots# shall be 10.0, and no #floor area# bonuses shall apply, except as set forth in paragraph (b) of this Section.
- (b) In #Inclusionary Housing designated areas#

For M1-6D Districts mapped within an #Inclusionary Housing designated area#, the provisions of Section 23-90 (INCLUSIONARY HOUSING) applicable to R10 Districts without a letter suffix shall apply, as modified in this Section.

- (1) For #zoning lots# that do not contain #residences#, the maximum #floor area ratio# shall be 10.0.
- (2) The maximum base #floor area ratio# for #zoning lots# containing #residences# shall be 9.0 plus an amount equal to 0.25 times the non-#residential floor area ratio# provided on the #zoning lot#, provided that such base #floor area ratio# does not exceed 10.0. Such #floor area ratio# may be increased to a maximum of 12.0 only through the provision of #lower income housing#, pursuant to Section 23-90 (INCLUSIONARY HOUSING), inclusive.

**43-622 Maximum lot coverage in M1-6D Districts**

Any #story# of a #building# containing #dwelling units# shall not exceed a maximum #lot coverage# of 70 percent for #interior# or #through lots# and 100 percent for #corner lots#. However, where any such level contains parking spaces or non-#residential uses#, such level shall be exempt from #lot coverage# regulations.

**43-623 Density in M1-6D Districts**

The provisions of 35-40 (APPLICABILITY OF DENSITY REGULATIONS TO MIXED BUILDINGS) shall apply. The applicable factor shall be 790.

**43-624 Height and setback in M1-6D Districts**

In M1-6D Districts, the height and setback provisions of this Section shall apply to all #buildings#.

- (a) Rooftop regulations
  - (1) Permitted obstructions
 

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings#, except that elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may penetrate a maximum height limit or #sky exposure plane#, provided that either the product, in

square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet.

In addition, on #narrow streets#, a maximum base height or #sky exposure plane# may be penetrated, as follows:

- (i) Structural columns
 

Structural columns may penetrate a maximum height limit or #sky exposure plane#, provided that such columns are one story or less in height, have a #street wall# no greater than 30 inches in width, and are spaced not less than 15 feet on center.
- (ii) Dormers
  - (a) On any #street# frontage, the aggregate width of all dormers at the maximum base height shall not exceed 60 percent of the length of the #street wall# of the highest #story# entirely below the maximum base height. For each foot of height above the maximum base height, the aggregate width of all such dormers shall be decreased by one percent of the #street wall# width of the highest #story# entirely below the maximum base height.
  - (b) The aggregate width of dormers at the maximum base height facing the #rear yard line# or #rear yard equivalent# shall not exceed 60 percent of the length of wall of the #building# facing a #rear yard line# at the highest #story# entirely below the maximum base height. For each foot of height above the maximum base height, the aggregate width of all such rear dormers shall be decreased by one percent of the width of the #building# wall facing the #rear lot line#, at the level of the highest #story# entirely below the maximum base height.

Where two rear setbacks are provided as set forth in paragraph (b)(3)(ii) of this Section, the aggregate width of rear dormers, measured separately within each setback, shall not exceed 60 percent of the length of #building# wall facing a #rear yard line# at the highest #story# entirely below each rear setback. For each foot of height that a dormer is above the level of a setback, the aggregate width of dormers within such setback shall be decreased by one percent of the width of the highest #story# entirely below such setback.

In the case of a #through lot# on which a #rear yard equivalent# is provided, the requirements of this Section shall apply as if such #rear yard equivalent# were two adjoining #rear yards#.

- (2) Screening requirements for mechanical equipment
 

For all #developments# and #enlargements#, and #conversions# of #nonresidential buildings# to #residences#, all mechanical equipment located on any roof of a #building# or other structure# shall be fully screened on all sides. However, no such screening requirements shall apply to water tanks.

- (b) Height and setback
  - (1) #Street wall# location
 

The #street wall# shall be located on the #street line# and extend along the entire #street# frontage of the #zoning lot# up to at least the minimum base height specified in paragraph (b)(2) of this Section. On the ground floor, recesses shall be permitted where required to provide access to the #building#, provided such recesses do not exceed three feet in depth as measured from the #street line#.

Above the level of the second #story#, up

to 30 percent of the #aggregate width of street walls# may be recessed beyond the #street line#. However, no recesses shall be permitted within 20 feet of an adjacent #building# and within 30 feet of the intersection of two #street lines#.

- (2) Base height
 

On #wide streets#, and on #narrow streets# within 50 feet of their intersection with a #wide street#, the #street wall# of a #building# shall rise without setback to a minimum base height of 125 feet and a maximum base height of 150 feet.

On #narrow streets#, beyond 50 feet of their intersection with a #wide street#, the #street wall# of a #building# shall rise without setback to a minimum base height of 85 feet and a maximum base height of 125 feet.

As an alternative, the minimum and maximum base heights applicable to a #wide street# may apply along a #narrow street# to a distance of 100 feet from a #wide street#.

- (3) Required setbacks and maximum #building# heights
  - (i) Along #wide streets#
 

The provisions of this paragraph, (b)(3)(i), shall apply to #buildings#, or portions thereof, located on #wide streets# and on #narrow streets# within 100 feet of a #wide street#. The portion of such #building# above a height of 150 feet shall be set back from the #street wall# of the #building# at least 10 feet along a #wide street# and at least 15 feet along a #narrow street#, except such dimensions may include the depth of any permitted recesses in the #street wall#. The maximum height of such #buildings# shall be 290 feet. In addition, the gross area of each of either the highest two or three #stories# of such #building# shall not exceed 80 percent of the gross area of the #story# directly below such highest two or three #stories#.

- (ii) Along #narrow streets#
 

The provisions of this paragraph, (b)(3)(ii), shall apply to #buildings#, or portions thereof, located on #narrow streets# beyond 100 feet of a #wide street#. No portion of such #building# or other structure# shall penetrate a #sky exposure plane# which begins at a height of 125 feet above the #narrow street line# and rises over the #zoning lot# with a slope of four feet of vertical distance for every foot of horizontal distance. The maximum height of such #buildings# shall be 210 feet. However, any portion of such #building# or other structure# that is located beyond 15 feet of the #street line# may penetrate such #sky exposure plane#, provided such portion does not exceed a height of 210 feet. In addition, the gross area of each of the top two #stories# of a #building# may not be greater than 80 percent of the gross area of the #story# directly below such top two #stories#.

In addition, for #buildings# containing #residences#, no portion of such #building# exceeding a height of 125 feet shall be nearer to a #rear yard line# than ten feet. Alternatively, a pair of setbacks may be provided in accordance with the following:

- (a) a setback of five feet from the #rear yard line# shall be provided between a height of 85 feet and 125 feet; and
  - (b) a setback of ten feet from the #rear yard line# shall be provided between a height of 125 and 165 feet.
- However the heights of such setbacks shall be vertically equidistant from a height of 125 feet.
- In the case of a #through lot# on which a #rear yard equivalent# is provided, the requirements of this Section shall apply

as if such #rear yard equivalent# were two adjoining #rear yards#.

- (4) Maximum length of #building# wall. The maximum length of any #story# located entirely above a height of 150 feet shall not exceed 150 feet. Such length shall be measured in plan view by inscribing within a rectangle the outermost walls at the level of each #story# entirely above a level of 150 feet.

**43-625 Courts in M1-6D Districts**

Residential portions of #buildings# shall be subject to the court provisions applicable in R10 Districts as set forth in Section 23-80 (Court Regulations, Minimum Distance between Windows and Walls or Lot Lines and Open Area Requirements), inclusive.

## MAYOR'S OFFICE OF ENVIRONMENTAL COORDINATION

### ■ NOTICE

#### NOTICE OF PUBLIC SCOPING

#### The Office of the Deputy Mayor for Economic Development

#### Draft Scope of Work for a Generic Environmental Impact Statement Seward Park Mixed-Use Development Project

NOTICE IS HEREBY GIVEN THAT a public scoping meeting consisting of two sessions will be held on Tuesday, October 11, 2011, at the University Settlement House located at 184 Eldridge Street, 2nd Floor, at the corner of Rivington Street, New York, NY. The daytime session will be held from 3:00 P.M. to 5:30 P.M. and the evening session will begin at 6:30 P.M. The purpose of the scoping meeting is to provide the public with the opportunity to comment on the draft scope of work for a Generic Environmental Impact Statement (GEIS) for the proposed Seward Park Mixed-Use Development Project. Written comments on the draft scope may be submitted at the meeting or may be submitted to the contact person at the address below until 5:00 P.M. Friday, October 21, 2011.

Directing that a Generic Environmental Impact Statement be prepared, an Environmental Assessment Statement, Positive Declaration, and draft Scope of Work were issued by the Office of the Deputy Mayor for Economic Development on September 7, 2011 and are available for review from the contact person listed below and on the websites of the New York City Economic Development Corporation and the Mayor's Office of Environmental Coordination: [www.nycedc.com](http://www.nycedc.com) and [www.nyc.gov/oecc](http://www.nyc.gov/oecc), respectively.

The proposed project would allow for the implementation of a mixed-use development on the project site, which would include up to 1.5 million square feet of mixed-use residential and commercial development with approximately 60% of the floor area allocated to residential use and approximately 40% allocated to non-residential use (i.e., retail, other commercial, and community facility). The proposed development would also allow for approximately 350 parking spaces.

The project site is comprised of ten City-owned parcels situated directly to the west of the Williamsburg Bridge approach in the Lower East Side neighborhood of Manhattan. Sites 1 through 6 lie directly to the south of Delancey Street between Ludlow and Ridge Streets, while Sites 7 to 10 lie on Essex Street between Delancey and Stanton Streets, within the area of the Lower East Side Rezoning adopted in 2008. The project site consists of the following: Block 346, Lot 40; Block 347, Lot 71; Block 352, Lots 1 and 28; Block 353, Lot 44; Block 354, Lots 1 and 12; Block 409, Lot 56; Block 410, Lot 38.

The proposed mixed-use development project would require multiple City approvals. The discretionary actions required for the proposed project potentially include: (1) disposition of Sites 1-6 and 8-10 by the City of New York for the purpose of subsequent development; (2) disposition of a project site or sites as Urban Development Action Areas and approval of the proposed project(s) as a UDAAP(s); (3) special permit from the City Planning Commission (CPC) pursuant to Section 74-74 of the Zoning Resolution (ZR) of the City of New York for a Large-Scale General Development (LSGD), applicable to Sites 1-6; (4) special permit from CPC pursuant to Section 74-743 for bulk modifications within a LSGD; (5) special permit from CPC pursuant to Section 74-745 for location of accessory parking spaces and loading berths within a LSGD; (6) mapping of the demapped section of Suffolk Street between Grand and Delancey Streets and the demapped section of Broome Street between Norfolk and Clinton Streets as new streets through the project site; (7) demapping of sections of Delancey Street between Norfolk and Clinton Streets and of Clinton Street between Delancey and Grand Streets, which were previously mapped to widen Delancey and Clinton Streets, thereby making the mapped street widths consistent within the project site; (8) zoning map amendment for a C2-5 commercial overlay on Sites 3, 4, 5, and 6; (9) zoning text amendment to modify commercial uses for the C2-5 zoning within the boundaries of this LSGD; (10) special permits from CPC pursuant to ZR Sections 13-562 and 74-52 for public parking facilities; and (11) Mayoral and Borough Board approval of the business terms with the developer or developers to be selected pursuant to a Request for Proposals, pursuant to New York Charter Section 384(b)(4).

Please advise the NYC Economic Development Corporation at (212) 312-3710 if a translator, sign language interpreter, assistive listening system or any other accommodation will be required to facilitate your participation in this public meeting.

**REQUEST FOR QUALIFICATIONS** – The City of New York ("City") Department of Housing Preservation and Development ("HPD") is seeking to evaluate and pre-qualify general contractors to perform moderate rehabilitation, substantial rehabilitation, and new construction of affordable housing ("Projects").

HPD is issuing this Request for Qualifications ("RFQ") in order to assess the capability, capacity, and integrity of firms that submit responses ("Applicants") to work as general contractors on Projects of varying sizes. HPD may conduct interviews with potentially eligible Applicants. Selected Applicants ("Qualified General Contractors") will be eligible to perform work on Projects that are assisted by HPD and/or the New York City Housing Development Corporation ("HDC"). HPD will make a list of Qualified General Contractors ("List") available to developers/sponsors of HPD/HDC - assisted Projects. A developer/sponsor will not be obligated to select a Qualified General Contractor from the List. Being placed on the List is not a guarantee of receiving work, and it is possible that a Qualified General Contractor on the List may not be selected for any Project. Selection of an Applicant as a Qualified General Contractor only indicates that the Applicant has met the requirements to be placed on the List and will not create any rights on the Applicant's part.

HPD will hold a pre-submission conference for potential Applicants on October 14, 2011 at 10:00 A.M. at 100 Gold Street, Room 8-P6, 8th Floor, New York, NY 10038. Potential Applicants are not required to attend the conference in order to apply for inclusion on the List.

## READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

### NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at [www.comptroller.nyc.gov](http://www.comptroller.nyc.gov), and click on Prevailing Wage Schedules to view rates.

### CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

### VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at [www.nyc.gov/selltonyc](http://www.nyc.gov/selltonyc). To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

### SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit [www.nyc.gov/html/sbs/nycbiz](http://www.nyc.gov/html/sbs/nycbiz) and click on Summary of Services, followed by Selling to Government.

### PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit [www.nyc.gov/selltonyc](http://www.nyc.gov/selltonyc).

### NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these entities directly at the addresses given in the Vendor Information Manual.

### PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit [www.nyc.gov/mocs](http://www.nyc.gov/mocs).

### ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit [www.nyc.gov/sbs](http://www.nyc.gov/sbs) and click on M/WBE Certification and Access.

### PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

### PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City's website at [www.nyc.gov/selltonyc](http://www.nyc.gov/selltonyc)

### HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
