Let us pray. Father, in the name of Jesus we come before you this afternoon thanking you, Lord God, for your power, your wisdom, your knowledge, your love. Father, we invoke thy presence even now. We ask Lord, that you take preeminence in this room, Lord God. We pray even for our City Council, those that are in authority. We pray for our Mayor. We pray for our Governor, even our President. Father, we pray even for those that stand in authority in this country, in this city, in this nation. Bless the constituents, Lord, of every borough that is here today that is represented, God. And we thank you, Lord God, for this opportunity to acknowledge you in everything we do. Let your presence and your power and your knowledge be manifested even here today. This we ask, in your name, Amen.

#### REPORTS OF THE STANDING COMMITTEES

#### **Reports of the Committee on Civil Rights**

## Override Report for Int. No. 814-A

Report of the Committee on Civil Rights in favor of approving and adopting, as amended, notwithstanding the objection of the Mayor, a Local Law to amend the administrative code of the city of New York, in relation to prohibiting discrimination based on an individual's unemployment.

The Committee on Civil Rights, to which the annexed amended proposed local law was referred on March 28, 2012 (Minutes, page 1024), and which was originally adopted by the Council on January 23, 2013 (Minutes, page 90) before being vetoed by the Mayor on February 22, 2013, respectfully

## **REPORTS:**

## I. Introduction

On Wednesday, March 13, 2013, the Committee on Civil Rights, chaired by Council Member Deborah Rose, will meet to vote on Introductory Bill Number 814-A ("Int. No. 814-A"), a Local Law to amend the administrative code of the city of New York, in relation to prohibiting discrimination based on an individual's unemployment, and to file the veto message of Mayor Michael Bloomberg, M 1047.

The Committee held a hearing on the original introduction, Introductory Bill Number 814 ("Int. No. 814"), a Local Law to amend the administrative code of the city of New York, in relation to prohibiting discrimination based on one's unemployment status, on June 20, 2012. On January 22, 2013, the Committee passed a revised version of the bill, Proposed Introductory Bill No. 814-A ("Proposed Int. No. 814-A"), a Local Law to amend the administrative code of the city of New York, in relation to prohibiting discrimination based on an individual's unemployment. The legislation was then passed by the Council on January 23, 2013 by a vote of 44 in the affirmative and four in the negative. On February 22, 2013, the Mayor issued a message of disapproval, vetoing the legislation. That veto message was formally accepted by the Council at its stated meeting held on February 27, 2013.

The question before the Committee is whether Int. No. 814-A should be repassed notwithstanding the objections of the Mayor.

## II. Background

According to the New York State Department of Labor, the unemployment rate in New York City in November 2012 was 8.7 percent, the highest of any metropolitan area in the state. Perhaps even more troubling, at 11.8 percent, the Bronx has the highest unemployment rate out of any county in the state. Unemployment rates among communities of color have historically been significantly

higher. For example, a 2010 investigation by the New York City Comptroller found that, in the third quarter of 2010, the unemployment rate for blacks and Hispanics in the city was 15.3 and 13.3 percent, respectively, compared to 5.2 percent for Whites.<sup>3</sup>

Unfortunately, the unemployed are increasingly becoming victims of discrimination as companies screen out candidates on the basis of their unemployment status. În a 2011 examination of online job posting websites, the National Employment Law Project ("NELP") found over 150 advertisements over a four-week period that included language that explicitly required that the candidates be currently employed.<sup>4</sup> According to NELP, excluding unemployed candidates from consideration allows employers to shrink the pool of prospective employees at a time when there are four times as many unemployed people as there are available positions.<sup>5</sup> NELP also reported that some employers exclude unemployed jobseekers from consideration based on the unfair assumption that those who are unemployed lack the work ethic needed for the job.6 This discriminatory selection process can have a particularly debilitating effect on groups that already suffer from high rates of unemployment, such as communities of color and recent military veterans. While some of the businesses cited in the NELP report disavowed the language used in the advertisements, others defended the policy, stating that the preferred candidate is one that seeks new employment out of desire, not necessity.<sup>7</sup> Others justified the policy based on the belief that the long-term unemployed lack "a stable job history and recent references."8

Despite the fact that certain groups, such as blacks and Hispanics, are more dramatically impacted because of their unemployment status, the unemployed are not a protected class under federal law or under local laws in most parts of the country. In an effort to address this gap in protections for workers, several jurisdictions have considered laws to protect the unemployed in the hiring process. New Jersey and Oregon have addressed this issue by passing laws that prohibit employers from using language in job advertisements that clearly excludes unemployed applicants. The District of Columbia went further by not only barring discriminatory job advertisements, but also prohibiting employers from considering unemployment status when making employment decisions. Additionally, under the District's law, aggrieved individuals may make complaints with the District's Office of Human Rights and they may receive damages.

Moreover, in July 2011, the United States Congress introduced the Fair Employment Opportunity Act of 2011, which prohibits employers from refusing to hire a person because he or she is unemployed and from including any exclusionary language in job advertisements. Discrimination against the unemployed has also caught the attention of President Obama, who proposed similar protections for the unemployed when he announced his jobs bill in September 2011. Some employers, however, resist efforts that would prohibit discrimination against the unemployed, expressing concern that such a law would risk exposing them to litigation in the hiring process.

## III. Testimony on Int. No. 814

In order to address discrimination against the unemployed in New York City, Int. No. 814 was introduced into the City Council on March 28, 2012. Int. No. 814 amended the Human Rights Law to make it an unlawful discriminatory practice for employers to base employment decisions on the unemployment status of a current or prospective employee or to advertise a job vacancy that includes language that being currently employed is a job requirement or that unemployed applicants will not be considered. Int. No. 814 also included language explicitly permitting employers to request or use unemployment status information for an employment decision so long as it was substantially job related and the employer had a bona fide reason for doing so. Additionally, Int. No. 814 included language making it explicit that employers could inquire into the circumstances surrounding an individual's previous termination or demotion.

The Committee on Civil Rights held a hearing on Int. No. 814 on June 20, 2012, during which the Committee heard testimony in support of the Introduction from advocates and legal practitioners. For example, Mitchell Hirsch, an advocate

for the unemployed from NELP, testified in support of the bill, saying it would "keep the doors of employment opportunity open to all qualified job-seekers regardless of their current employment status" and "send a strong message to employers, recruiters and staffing firms nationwide that it is time to stop all discriminatory practices that exclude unemployed workers." Karen Cacace, a Supervising Attorney in The Legal Aid Society's Employment Law Unit, expressed support of the bill's potential to protect job seekers from any unwarranted bias that employers may have against the currently or recently unemployed. Advocates and legal practitioners noted the fact that the bill went beyond prohibiting discriminatory advertising, commenting that a prohibition on discriminatory job postings alone would be insufficient to address discriminatory actions by employers against the unemployed. Specifically, they pointed out that recruiters are being told not to look at unemployed job applicants and companies are using screening software that contains keyword searches that ultimately eliminate the unemployed, both facts that make it essential to find a way to address the underlying problem. 18

The Committee also received testimony from Bill Heinzen, Deputy Counselor to Mayor Bloomberg, who, on behalf of the Bloomberg Administration, supported the concept of prohibiting job postings and advertisements from indicating that the unemployed need not apply, with the caveat that employers needed to be free to "seek recent relevant work experience." Mr. Heinzen also expressed certain additional concerns about the proposed legislation.

#### IV. Proposed Int. No. 814-A

Following the June 20, 2012 hearing on Int. No. 814, several changes were made to address concerns raised by the Administration and to clarify any ambiguities about the rights and obligations of employers and job applicants under this bill. Changes to the bill are as follows:

- Int. No. 814 defined the term "unemployment status" as one's "current or recent unemployment." The Administration found the definition to be ambiguous, undefined, and an unnecessary expansion of the bill's scope. 20 In order to address this concern and to make it clear who would be able to seek relief under these provisions of the Human Rights Law, the terms "unemployed" and "unemployment" are defined in Proposed Int. No. 814-A as "not having a job, being available for work, and seeking employment."
- Int. No. 814 contained language prohibiting employers from basing employment decisions on an individual's unemployment in the context of termination, promotion, demotion, and discipline. The prohibitions set forth in Proposed Int. No. 814-A are narrower, however, and would only apply to employment decisions related to hiring, compensation or the terms, conditions or privileges of employment.
- Int. No. 814 included an exemption for employers who consider unemployment status information where it is "substantially job related" and "where the employer has a bona fide reason for doing so." In order to address any concerns that these are two different standards that provide inadequate guidance to employers,<sup>21</sup> this section has been changed. Proposed Int. No. 814-A only contains the "substantially job-related" standard.
- Recognizing that, unlike race, there might be valid reasons for an employer to consider an applicant's unemployment, circumstances in which an employer would be permitted to consider an applicant's unemployment are set forth in Proposed Int. No. 814-A.
   Specifically, Proposed Int. No. 814-A would explicitly permit employers to consider, among other things, substantially job-related qualifications when making employment decisions; advertise job openings that include substantially job-related qualifications; give priority to applicants currently employed by the employer; and make employment decisions based on an applicant's actual experience.
- In order to harmonize the prohibition on unemployment discrimination with certain other laws, section three of Proposed Int. No. 814-A provides, among other things, that the provisions of the City Human Rights Law related to unemployment-based discrimination would not apply to certain employment actions taken by the City's Department of Citywide Administrative Services pursuant to the City's Charter or in administering the Civil Service Law and other applicable laws.
- Recognizing the fact that litigation, and its risk, are a more significant risk for smaller businesses, Proposed Int. No. 814-A would exempt businesses with fewer than four employees from

being subject to private actions for unemployment based discrimination claims and disparate impact claims. These small businesses would, however, be subject to the prohibition against discriminatory advertising under Proposed Int. No. 814-A.

Proposed Int. No. 814-A would give the Commission the authority to educate the public on their rights and obligations with regard to unemployment discrimination in order to ensure the adequate and appropriate dissemination of information.

#### IV. Effective Date

This local law would take effect 90 days after its enactment into law.

#### V. Penalties

Pursuant to Proposed Int. No. 814-A, an individual who believes that he or she has been unlawfully discriminated against on the basis of his or her unemployment may bring an action in court for damages, injunctive relief and other appropriate remedies,<sup>22</sup> or make a complaint to the Commission on Human Rights.<sup>23</sup> Upon a finding that an employer has engaged in an unlawful discriminatory practice in violation of the City Human Rights Law, the Commission may issue an order to the employer to "cease and desist" the unlawful discriminatory practice.<sup>24</sup> In addition, the Commission could require the employer to hire a prospective employee; award back pay and front pay; or pay compensatory damages, among other things.<sup>25</sup> Failure to comply with such an order may result in a civil penalty of no more than \$50,000 and an additional civil penalty of no more than \$100 per day.<sup>26</sup> Should the Commission find that an employer engaged in an unlawful discriminatory practice, it may impose a civil penalty of \$125,000.27 If the unlawful discriminatory practice resulted from the employer's "willful, wanton or malicious act," the Commission may impose a civil penalty of not more than \$250,000.<sup>28</sup> Should a person willfully violate an order of the Commission, he or she may be guilty of a misdemeanor that is punishable by imprisonment for not more than one year, or by a fine of not more than \$10,000, or by both.<sup>29</sup>

As it relates to an employer's hiring decisions the legislation would apply only to employers with at least four employees. All employers irrespective of the number of employees would be required to adhere to the advertisement guidelines. Proposed Int. No. 814-A would also define the terms "unemployed" and "unemployment" to mean "not having a job, being available for work and seeking employment."

Under Int. No. 814-A, employers would be permitted to inquire into the circumstances surrounding an applicant's separation from prior employment; consider, among other things, substantially job-related qualifications when making employment decisions; advertise job openings that include substantially job-related qualifications; give priority to applicants currently employed by the employer; and make employment decisions based on an applicant's actual experience.

Pursuant to Int. No. 814-A, an individual who believes that he or she has been unlawfully discriminated against on the basis of his or her unemployment could make a complaint to the Commission on Human Rights (CHR) or bring an action in court. At the discretion of the Commissioner if the employer fails to comply with its order for violating the law, the Commission may: 1) issue a civil penalty of no more than \$50,000 and an additional civil penalty of no more than \$100 per day; 2) impose a civil penalty of \$125,000, if an employer engaged in an unlawful discriminatory practice or; 3) impose a civil penalty of not more than \$250,000, if the unlawful discriminatory practice resulted from the employer's "willful, wanton or malicious act." Should a person willfully violate an order of the CHR, he or she will be guilty of a misdemeanor and be punishable by imprisonment for not more than one year, or by a fine of not more than \$10,000, or by both. In addition, Proposed Int. No. 814-A would require the CHR to educate the public on their rights and obligations with regard to unemployment discrimination.

Int. No. 814-A would authorize the CHR to educate the public on their rights and obligations with regard to unemployment discrimination in order to ensure the adequate and appropriate dissemination of information.

Be it enacted by the Council as follows:

Section 1. Subdivision 5 of section 8-102 of chapter one of title eight of the administrative code of the city of New York, as amended by local law 39 of 1991, is amended to read as follows:

- 5. For purposes of subdivisions one, two, [and] three, subparagraph one of paragraph a of subdivision twenty-one, and paragraph e of subdivision twenty-one of section 8-107 of this chapter, the term "employer" does not include any employer with fewer than four persons in his or her employ. For purposes of this subdivision, natural persons employed as independent contractors to carry out work in furtherance of an employer's business enterprise who are not themselves employers shall be counted as persons in the employ of such employer.
- §2. Section 8-102 of chapter one of title eight of the administrative code of the city of New York, as amended by local law number 36 for the year 2011, is amended by adding a new subdivision 27 to read as follows:
- 27. The terms "unemployed" or "unemployment" shall mean not having a job, being available for work, and seeking employment.
- §3. Section 8-107 of chapter one of title eight of the administrative code of the city of New York, as amended by local law number 39 for the year 1991, is amended by adding a new subdivision 21 to read as follows:
- 21. Employment; an individual's unemployment. a. Prohibition of discrimination based on an individual's unemployment.
- (1) Except as provided in paragraphs b and c of this subdivision, an employer, employment agency, or agent thereof shall not base an employment decision with regard to hiring, compensation or the terms, conditions or privileges of employment on an applicant's unemployment.
- (2) Unless otherwise permitted by city, state or federal law, no employer, employment agency, or agent thereof shall publish, in print or in any other medium, an advertisement for any job vacancy in this city that contains one or more of the following:
- (a) Any provision stating or indicating that being currently employed is a requirement or qualification for the job;
- (b) Any provision stating or indicating that an employer, employment agency, or agent thereof will not consider individuals for employment based on their unemployment.
- b. Effect of subdivision. (1) Paragraph a of this subdivision shall not be construed to prohibit an employer, employment agency, or agent thereof from (a) considering an applicant's unemployment, where there is a substantially job-related reason for doing so; or (b) inquiring into the circumstances surrounding an applicant's separation from prior employment.
- (2) Nothing set forth in this subdivision shall be construed as prohibiting an employer, employment agency, or agent thereof, when making employment decisions with regard to hiring, compensation, or the terms, conditions or privileges of employment, from considering any substantially job-related qualifications, including but not limited to: a current and valid professional or occupational license; a certificate, registration, permit, or other credential; a minimum level of education or training; or a minimum level of professional, occupational, or field experience.
- (3) Nothing set forth in this subdivision shall be construed as prohibiting an employer, employment agency, or agent thereof from publishing, in print or in any other medium, an advertisement for any job vacancy in this city that contains any provision setting forth any substantially job-related qualifications, including but not limited to: a current and valid professional or occupational license; a certificate, registration, permit, or other credential; a minimum level of education or training; or a minimum level of professional, occupational, or field experience.

In addition, nothing set forth in this subdivision shall prevent an employer from setting compensation or terms or conditions of employment for a person based on that person's actual amount of experience.

#### Reports of the Committee on Finance

Report for Int. No. 964

Report of the Committee on Finance in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to amending the district plan of the Myrtle Avenue business improvement district to authorize additional services and modify existing services for the district.

The Committee on Finance, to which the annexed proposed local law was referred on November 13, 2012 (Minutes, page 4209), respectfully

#### **REPORTS:**

#### **Background**

This proposed local law would authorize amending the district plan of the Myrtle Avenue business improvement district to authorize additional services and modify existing services for the district. This change would be effective as of October 1,

Pursuant to § 25-410(b) of the Administrative Code, a BID may make amendments to its District Plan to: 1) provide for additional improvements or services; 2) provide for a change in the method of assessment upon which the district charge is based; or 3) increase the amount to be expended annually for improvements, services, and maintenance by means of the adoption of a local law amending the BID's district plan. Such a local law may be adopted by the City Council after a determination that it is in the public interest to authorize such change, and that the tax and debt limits prescribed in section 25-412 of the Administrative Code will not be exceeded. Notice of the hearing on this local law must be published in at least one newspaper having general circulation in the district specifying the time and the place where the hearing will be held and stating the proposed change in the method of assessment upon which the district charge in the BID is based.

Although this is the only relevant legal requirement for the provision of notice prior to the Council approving the BID, the Finance Committee Chair has informed the Department of Business Services that it desires written notices of the proposed change in the method of assessment.

On February 27, 2013, the City Council adopted Proposed Resolution 1652-A, which set Wednesday, March 13, 2013 as the hearing date to consider amendments to the Myrtle Avenue BID district plan.

Int. 964

Int. 964 authorizes additional services and modifying existing services for the district. The Myrtle Avenue business improvement district was established in 1988 to provide supplemental services within the district. Over time, the district's needs related to certain services have changed. The local law would authorize additional services and modify existing services in the district. The changes would result in the discontinuance of the maintenance program and the addition of sanitation and graffiti removal services in place of that program, additional security and promotional services, and additional holiday and seasonal decorations.

Pursuant to BID law, Int. 964 may be adopted by the City Council after a determination that it is in the public interest to authorize such change in services.

IMPACT ON REVENUES AND EXPENDITURE: This local law would result in no fiscal impact upon the City's revenues or expenditures. Int. 964 changes the services offered in the district, without increasing the current assessment. Moreover, under the Administrative Code, proceeds authorized to be assessed by the District are collected by the City on behalf of the District. None of these proceeds are proceeds of the City and they may not be used for any purpose other than those set forth in the District's plan. The Myrtle Avenue Business Improvement District is funded through an additional self-assessment by property owners within the district. This assessment is not funded by the City, and therefore will have no impact on the City's expenditures or revenues.

#### Report for Int. No. 965

Report of the Committee on Finance in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to amending the district plan of the Hub Third Avenue business improvement district to add services and capital improvements and modify existing services in the district, to change the method of assessment upon which the district charge is based and to increase the maximum total amount to be expended for improvements in the district.

The Committee on Finance, to which the annexed proposed local law was referred on November 13, 2012 (Minutes, page 4210), respectfully

#### **REPORTS:**

## Background

This proposed local law would authorize amending the district plan of the HUB Third Avenue business improvement district to authorize to add services and capital improvements, modify existing services in the district, change the method of assessment upon which the district charge is based, and increase the maximum total amount to be expended for capital improvements in the district. This change would be effective as of January 1, 2012. Pursuant to § 25-410(b) of the Administrative Code, a BID may make amendments to its District Plan to: 1) provide for additional improvements or services; 2) provide for a change in the method of assessment upon which the district charge is based; or 3) increase the amount to be expended annually for improvements, services, and maintenance by means of the adoption of a local law amending the BID's district plan. Such a local law may be adopted by the City Council after a determination that it is in the public interest to authorize such change, and that the tax and debt limits prescribed in section 25-412 of the Administrative Code will not be exceeded. Notice of the hearing on this local law must be published in at least one newspaper having general circulation in the district specifying the time and the place where the hearing will be held and stating the proposed change in the method of assessment upon which the district charge in the BID is based.

Although this is the only relevant legal requirement for the provision of notice prior to the Council approving the BID, the Finance Committee Chair has informed the Department of Business Services that it desires written notices of the proposed change in the method of assessment.

On February 27, 2013, the City Council adopted Proposed Resolution 1651-A, which set Wednesday, March 13, 2013 as the hearing date to consider amendments to the HUB Third Avenue BID district plan.

## Int. 965

Int. 965 authorizes:

- 1) additional services and the modification of existing services within the district;
- 2) a change the method of assessment upon which the district charge is based; and
- 3) an increase the maximum total amount to be expended for capital improvements in the district.

## 1. Additional Services/Modifying Existing Services

The Hub Third Avenue business improvement district was established in 1988 to provide supplemental services within the district. Over time, the district's needs related to certain services have changed. This bill would authorize additional services, and modify existing services. The changes in services would result in the modification of the public safety, sanitation, and promotion and marketing programs and the addition of a community service program. For additional details, see the appended District Plan.

#### 2. Increasing amount to be expended for improvement

The addition of a capital improvement program will provide for street and sidewalk amenities within the district. The maximum cost of improvements to be expended in the BID will be set at \$3 million.

#### 3. Change in the Method of Assessment

In order to finance the capital improvements, the Hub Third Avenue District Management Association will change the method of assessment for Class B property (vacant property) to an amount equal to 68% of the Class A Front Footage Rate. Class C residential use will continue to be charged a flat fee of \$1.00 per year, and Class D "tax exempt" properties will continue to be excluded from assessments.

#### Tax and Debt Limitations

Pursuant to section 25-412 of the Administrative Code, the aggregate amount of outstanding indebtedness that is incurred to provide funds for capital improvements and that is chargeable against the property within the district may not exceed seven percent of the average full valuation of taxable real property in the district.

For Fiscal Year 2013, the average full valuation of taxable real property in the district is \$52,715,779. Seven percent of such amount is \$3,690,105. The proposed amount of capital improvements that will be chargeable against the property within the district is less than the limits prescribed in section 25-412, and therefore in compliance with the requirements set forth therein.

At this point the Speaker (Council Member Quinn) announced that the following items had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

#### Report for Preconsidered M-1059

Report of the Committee on Finance in favor of approving a Communication from the Office of Management & Budget regarding the transfer of City funds between various agencies in Fiscal Year 2013 to implement changes to the City's expense budget, pursuant to Section 107(b) of the New York City Charter (MN-2).

The Committee on Finance, to which the annexed resolution was referred on March 13, 2013, respectfully

#### **REPORTS:**

Introduction. At a meeting of the Committee on Finance of the City Council of the City of New York (the "City Council") on March 8, 2012, the Committee on Finance received a communication, dated March 8, 2013, from the Office of Management and Budget of the Mayor of The City of New York (the "Mayor"), of a proposed request, attached hereto (the "Modification"), to modify units of appropriation and transfer city funds in the amount of \$526,142,717 between various agencies in the FY 2013 expense budget as adopted by the Council on June 28, 2012, pursuant to Section 107(b) of the New York City Charter (the "Charter").

Analysis. The Council annually adopts the City's budget covering expenditures other than for capital projects (the "expense budget") pursuant to Section 254 of the Charter. On June 28, 2012, the Council adopted the expense budget for FY 2013 (the" FY 2013 Expense Budget"). This Modification reallocates appropriations that were reflected in the FY 2013 Expense Budget to fund City Council local initiatives as well as other discretionary programs. The net effect of this modification is zero.

The expense budget modification implements actions outlined in the November and January Financial Plans, as modified by agreement between the Mayor and the Council to restore certain PEGs proposed by the Mayor in the November Plan. In total, the modification transfers \$526 million in City funds between agencies and units of appropriation — reducing overall agency spending in FY 2013 by \$336 million which is transferred to the General Reserve.

November Plan

The November Financial Plan First Quarter Modification recognized \$204 million in new tax and non-tax revenues, including \$113 million from tax audits by the Department of Finance. At the same time, however, pursuant to a State Supreme Court decision invalidating the State's enactment of the Mayor's five-borough tax plan, the plan deferred recognition of revenues from the sale of taxi medallions, moving the \$635 million expected in FY 2013 to FY 2014, 2015, and FY 2016 (the decision is currently on appeal). This more than offset the change in the tax forecast, creating a \$431 million shortfall in revenues for FY 2013.

Adding to the gap in the current year, the November plan recognized \$123 million in new spending needs. The largest item was \$47 million for shelter costs in the Department of Homeless Services mostly due to an increase in the average length of stay in shelter.

Program to Eliminate the Gap

To address the gap created by the deferral of taxi medallion revenues and new spending needs, the November Plan proposed Program to Eliminate the Gap (PEG) actions totaling \$555 million -- \$446 million in expense budget savings, and \$109 million in revenue-side actions.

In general, the FY 2013 PEGs have a limited impact on services, relying to a large extent on increased state and federal grant reimbursements, accruals (unspent funds), attrition and elimination of vacant personnel lines, and unspecified "administrative efficiencies." The Department of Education took \$98.5 million in savings related to Special Education services, and the City also took \$29.2 million in savings from debt service refinancing and lower interest rates for new issuances.

A few actions were more significant in terms of their impact, and the Council negotiated restorations to several of the PEGs proposed by the Mayor that would have taken effect in the current fiscal year:

The Department of Transportation proposed increasing rates for permitholders at municipal garages and parking fields by as much as 233%. The administration agreed to limit increases to a maximum of 20%.

- The Department of Education proposed increasing the fee for school lunches from \$1.50 to \$2.50 for families earning more than \$42,643. The increase will not take effect in FY 2013.
- The three public library systems New York Public, Brooklyn Public, and Queens were subject to a cut of \$10.1 million that the Office of Management and Budget believed would avoid layoffs. The systems did not believe that layoffs could be entirely avoided and the Council restored funding sufficient to avoid layoffs and protect branch hours of operation.
- Funding was partially restored to the Department of Cultural Affairs for the Cultural Institutions Group (CIG) members and the Cultural Development Fund, and full restored for CASA. Part of the PEG target for the CIGs was realized through energy savings and a "swap" by two institutions of capital funds in lieu of operating expenses.
- The Administration agreed to fully restore the proposed mid-year cuts to the Borough Presidents, Public Advocate, and Community Boards
- The Council rejected proposed cuts to Council initiatives in the Departments of Health and Mental Hygiene (DOHMH) and Small Business Services, except to the extent that contract delays or other savings had already been realized.
- In addition, the Council limited cuts to DOHMH mental health contracts, and partially restored City funding for school-based health clinics. DOHMH is attempting to transition school health clinics to greater reliance on Medicaid reimbursement; the Council restored two-thirds of the proposed cut in City support in order to provide more time for this transition, and will review progress in the course of adopting the 2014 budget.
- Finally, the Human Resource Administration's HIV/AIDS Service Administration (HASA) proposed to revoke assistance to clients with a non-medically eligible household member whom HASA deemed to be able to work but not employed. The Council rejected this punitive measure that would have deprived vulnerable medically-eligible HASA clients of much-needed assistance on the basis of a legally dubious assertion of authority by HRA.

January Financial Plan

The January Financial Plan included no new PEGs, but did include another \$59 million in new spending needs — offset by \$91 million in other budgetary adjustments. The new needs included \$24.2 million for the Board of Elections and \$8.4 million for increased Parks Department staffing, among other items. Other adjustments included another \$56 million in debt service savings, the elimination of \$21 million in the budget of the Taxi and Limousine Commission for grants to retrofit restricted HAIL license vehicles for wheelchair accessibility under the Five-Borough Taxi Plan, and a downward adjustment in the estimate of spending for heat, light, and power of \$12.8 million.

<u>Procedure.</u> If the Mayor wishes to transfer part or all of any unit of appropriation to another unit of appropriation from one agency to another; or when a transfer from one unit of appropriation to the another, and such transfer results in any unit of appropriation being increased or decreased by the greater of five percent or \$50,000, section 107(b) of the Charter requires that the Mayor must first notify the Council of the proposed action. Within 30 days after the first stated meeting of the Council following receipt of such notice, the Council may disapprove such proposed action. If the Council fails to approve or disapprove such proposed action within such 30-day period, the proposed action becomes effective and the Mayor has the authority to make such transfer.

<u>Description of Above-captioned Resolution.</u> In the above-captioned resolution, the Council would approve the Modification pursuant to Section 107(b) of the Charter. Such resolution would take effect as of the date of adoption.

On motion of the Speaker (Council Member Quinn), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

At this point the Speaker (Council Member Quinn) announced that the following items had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

#### Report for Preconsidered M-1060

Report of the Committee on Finance in favor of approving a Communication from the Office of Management & Budget regarding the approval to increase the budget stabilization account by \$961 million, pursuant to Section 107(e) of the New York City Charter (MN-3).

The Committee on Finance, to which the annexed resolution was referred on March 13, 2013, respectfully

#### **REPORTS:**

*Introduction.* At the meeting of the Committee on Finance of the City Council on March 13, 2013, the Council received a communication, from the Office of Management and Budget of the Mayor, dated March 8, 2013, of a proposed request to modify, pursuant to Section 107(e) of the New York City Charter, the Fiscal 2013 Expense Budget, and the revenue estimate related thereto prepared by the Mayor as of June  $28^{th}$ , 2012.

Analysis. The Council annually adopts the City's budget covering expenditures pursuant to Section 254 of the Charter. On June 28, 2012, the Council adopted the expense budget for fiscal year 2013 (the "Fiscal 2013 Expense Budget"). On June 28th, 2012, the Mayor submitted to the Council a revenue estimate related to the Fiscal 2013 Expense Budget. On December 19<sup>th</sup>, 2012, the Council adopted MN-1 modifying the Fiscal 2013 Expense Budget. Circumstances have changed since the Council last amended the Fiscal 2012 Expense Budget.

Section 107(e) provides one mechanism for the Mayor and the Council to amend the expense budget and related revenue estimate to reflect changes in circumstances that occur after adoption of a budget. Section 107(e) permits the modification of the budget in order to create new units of appropriation, to appropriate new revenues from any source other than categorical federal, state and private funding or to use previously unappropriated funds received from any source.

Discussion of Above-captioned Resolution. The above-captioned resolution would authorize the modifications to the Fiscal 2013 Expense Budget and related revenue estimate requested in the Communication.

This modification (MN-3) seeks to decrease revenues in the net amount of \$82 million from the Fiscal 2013 Adopted budget. This represents a decrease in City funds of approximately 0.2 percent

MN-3 is the first revenue modification of Fiscal 2013 and it incorporates changes from the November and January plans. Its size and composition are within rounding errors of the Finance Division's expectations based on those plans.

Budget modifications that decrease the revenue budget are unusual; the most recent was MN-4 of Fiscal 2009. Unlike the Fiscal 2009 budget modification MN-3 is not in response to a weakening of the economy, rather the source of the decrease in revenues is the failure of one of the Fiscal 2013 Adopted budget's assumptions concerning miscellaneous revenue.

The single largest change in revenues is a reduction of \$635 million from the anticipated sale of taxi medallions. (see Appendix B, miscellaneous revenues, other miscellaneous, taxi medallion.) This sale is currently subject to litigation. Funds have been delayed from Fiscal 2013 to Fiscal 2014 through Fiscal 2016, with \$600 million expected to arrive in Fiscal 2014 according to the January plan. The New York State's highest court, the Court of Appeals, is scheduled to hear the arguments on this issue on April 24<sup>th</sup>, 2013.

The major revenue offset to the losses from taxi medallions come from tax revenues which have been increased by approximately \$427 million, or about 1 percent. Three taxes make up the increase. The financial corporations or banking tax is up \$170 million or about 15 percent. This is an extremely volatile and difficult to forecast tax, but this result does seem to reflect that banks had a strong fourth quarter and an excellent 2012. The real property transfer tax is up \$88 million or about 9 percent and the mortgage recording tax is up \$57 million also about 9 percent. Both of these reflect an upswing in real estate transactions. Audit revenues were also up by \$114 million reflecting a large settlement on a general corporation tax audit in November.

MN-3 will also appropriate \$961 million to the budget stabilization account which will be used to prepay debt service. The Fiscal 2014 expenses that will be prepaid are typically specified in the revenue budget modification that accompanies the Adopted budget.

Since the revenue budget is being reduced resources for these prepayments must come from the expense side of the budget. It is common to reduce prior year payable in the second half of the fiscal year; MN-3 does so providing \$500 million in resources for the budget stabilization account. MN-2, the expense budget modification, appropriates approximately \$336 million to the general reserve. This is the net result of the various increases and decreases in the budget modification. The general reserve already contained \$300 million, from this total of \$636 million; MN-3 takes \$543 million. So put together these \$1.043 billion in expense reductions covers the \$82 million reduction in revenue and the \$961 million appropriated to the budget stabilization account.

The resolution would also direct the City Clerk to forward a certified copy thereof to the Mayor and the Comptroller so that the Mayor, the Comptroller and the City Clerk may certify the Fiscal 2013 Expense Budget as amended thereby as the budget for the remainder of the fiscal year. The above-captioned resolution would take effect as of the date adopted.

Finance Division

DATE: March 13, 2013

SUBJECT: A Preconsidered Budget Modification (MN-3) for Fiscal 2013 that

will decrease revenue by \$82 million and appropriate \$961 million

to the Budget Stabilization Account.

INITIATION: By letter dated March 8, 2013, the Director of the Office

of Management and Budget submitted to the Council, pursuant to section 107(e) of the New York City Charter, a request to appropriate \$961 million to the Budget Stabilization Account. Resources to do this come from \$500 million reduction in prior year payables and \$543 million reduction in the General Reserve, which is from expense budget savings. These resources offset an \$82 million reduction in revenues. The increase in the Budget

Stabilization Account is to prepay debt service.

BACKGROUND: This modification (MN-3) seeks to appropriate \$961

million to the Budget Stabilization Account to prepay debt service. Resources to do this come from a \$500 million reduction in Prior Year Payables, and a \$543 million reduction in the General Reserve, offset by an \$82 million

eduction in Revenues.

FISCAL IMPACT: This modification represents a net decrease in the Fiscal

2013 budget of \$ 82 million.

Accordingly, this Committee recommends its adoption.

In connection herewith, Council Member Recchia offered the following resolution:

Res. No. 1679

RESOLUTION APPROVING A MODIFICATION PURSUANT TO SECTION 107(E) OF THE NEW YORK CITY CHARTER.

By Council Member Recchia.

**Whereas**, on March 13, 2013, the Committee on Finance of the City Council received a communication, dated March 8, 2013 from the Mayor's Office of Management and Budget, of a proposed request to recognize a net decrease in revenue pursuant to Section 107(e) of the New York City Charter, attached hereto as Exhibit A (the "Request to Appropriate"); and

**Whereas**, Section 107(e) of the Charter requires the City Council and the Mayor to follow the procedures and required approvals pursuant to Sections 254, 255, and 256 of the Charter, without regard to the dates specified therein, in the case of the proposed appropriation of any new revenues and the creation of new units of appropriation; and

Whereas, Section 107(e) of the Charter requires that any request by the Mayor respecting an amendment of the budget that involves an increase in the budget shall be accompanied by a statement of the source of current revenues or other identifiable and currently available funds required for the payment of such additional amounts, attached hereto as Exhibit B (together with the Request to Appropriate, the "Revenue Modification");

**NOW, THEREFORE,** the Council of the City of New York hereby resolves as follows:

- **1.** *Approval of Modification.* The City Council hereby approves the Revenue Modification pursuant to Section 107(e) of the Charter.
- **2. Further Actions.** The City Council directs the City Clerk to forward a certified copy of this resolution to the Mayor and the Comptroller as soon as practicable so that the Mayor, the Comptroller and the City Clerk may certify the Fiscal 2012 Expense Budget as amended by this resolution as the budget for the remainder of the fiscal year.
  - 3. *Effective Date.* This resolution shall take effect as of the date hereof.

TO THE CITY COUNCIL

Dear Council Members:

In accordance with Section 107(e) of the New York City Charter, I seek your approval to increase the Budget Stabilization Account by \$961 million in fiscal year 2013

This modification (MN-3) will increase the Budget Stabilization Account by \$961 million to prepay debt service in fiscal year 2013. Resources to achieve this prepayment include \$500 million in prior payables, a decrease in the General Reserve of \$543 million from expense budget savings offset by \$82 million in decreased revenues.

Your approval of modification MN-3 is respectfully requested.

Yours truly

### **Reports of the Committee on Governmental Operations**

### Override Report for Int. No. 978-A

Report of the Committee on Governmental Operations in favor of approving and adopting, as amended, notwithstanding the objection of the Mayor, a Local Law to amend the New York city charter, in relation to the campaign finance board.

The Committee on Governmental Operations, to which the annexed amended proposed local law was referred on December 10, 2012 (Minutes, page 4549), and which was originally adopted by the Council on January 23, 2013 (Minutes, page 118) before being vetoed by the Mayor on February 22, 2013, respectfully

### **REPORTS:**

### 1. INTRODUCTION

Today, the Committee on Governmental Operations, chaired by Council Member Gale Brewer, will meet to vote on Int. No. 978-A, relating to the Campaign Finance Board, and to file the accompanying veto message of Mayor Michael Bloomberg.

The Committee held a hearing on this bill on January 16 of this year, and voted it out of the Committee on January 22 by a vote of four in the affirmative and zero in the negative. Int. No. 978-A was passed by the full Council the following day by a vote of forty-seven in the affirmative and one in the negative. On February 22, the Mayor vetoed the legislation. That veto message was formally accepted by the Council at its Stated Meeting held on February 27.

The question before the Committee today is whether Int. No. 978-A should be re-passed notwithstanding the objections of the Mayor.

#### 2. BACKGROUND ON INT. NO. 978-A

In the 2010 Charter revision, New York City voters passed a series of revisions to the Charter, one of which required public disclosure of expenditures made by individuals and entities that are independent from candidates and that attempt to influence an election outcome. Accordingly, the Campaign Finance Board ("the Board") proposed rules specifying the classes of expenditures that would be covered under this provision.¹ These rules sought to ensure that members of the public are aware of who is attempting to influence their votes in local elections.

After hearing from many entities, including membership organizations, such as civic and community groups and labor unions, during the rulemaking process, the Board's final rule exempted many internal communications made between members within membership organizations.<sup>2</sup> Certain internal communications between members of these organizations were not exempted, however, and are required to be reported by the membership organization to the Board. For example, the Board's independent expenditure guidance document stipulates that membership organizations that send out mass mailings that go only to their members must comply with the entirety of the Board's independent expenditure reporting requirements.<sup>3</sup> The bill would exclude such internal communications of membership organizations from the requirements of the independent expenditure rules.

#### 3. ANALYSIS OF INT. NO. 978-A

#### **Section 1**

Section 1 of the bill amends section 1052 of the New York city charter by adding a fifth class of expenditure to the existing four classes of expenditure that are not considered independent expenditures for the purposes of the City's campaign finance law. The class of expenditure added by this section encompasses communications by membership organizations that are aimed solely at their members or by a corporation aimed at its stockholders. The exemption does not apply to party committees, constituted committees, political clubs, or other entities organized primarily for the purpose of influencing elections.

Members are defined as individuals who have the right to vote for the election of the organization's director(s) or officer(s), or on merger or dissolution votes, or on amendments to the organization's bylaws, or who pay membership dues, or who reside in the same household as an individual who meets one of these criteria. Members of local unions are considered members of any national or international union, or federation, of which the local union is a part.

Stockholders are defined as individuals who own stock in a company, or who reside in the same household as an individual who meets this criterion.

Incidental communications by membership organizations or corporations with non-members or non-stockholders is similarly exempted from qualifying as an independent expenditure, so long as reasonable efforts are made to restrict the communication to members and stockholders.

### Section 2

The bill would take effect immediately upon its enactment.

On March 13, 2013, the Committee on Housing and Buildings, chaired by Council Member Erik Martin Dilan, will conduct a hearing on Proposed Int. No. 1007-A, "A Local Law to amend the administrative code of the city of New York and the New York city building code, in relation to the raising and moving of a building." This bill would require (1) that construction plans submitted to the Department of Buildings (DOB) indicate, on the title page, whether a project includes raising, lifting, elevating, or moving the lowest above-grade floor or the lowest subgrade floor of a building ("elevation work"); (2) that contractors give 48 hours' notice to DOB before commencing elevation work; (3) that elevation work be subject to periodic special inspection; and (4) that the Department of Consumer Affairs (DCA) provide information on home improvement work to home improvement contractors, homeowners, and the public regarding the types of work that these contractors can do and the licenses and permits needed in order to engage in certain work.

On March 11, 2013, the Committee held a hearing on this bill and received testimony from DOB and DCA representatives. The bill has not been modified since it was heard and is now before the Committee for a vote.

#### Overview

The National Flood Insurance Program, which New York City participates in, requires participating communities to enact regulations on flood protection requirements for properties in flood-prone areas. These areas are identified in a locality's Flood Insurance Rate Map ("FIRM"). Properties in these areas must be built in accordance with building regulations and must maintain flood insurance coverage. Implementing flood protection measures, such as elevating the structure in compliance with the City's Building Code, can lower insurance costs. Additionally, over 18,500 structures were destroyed or damaged by Hurricane Sandy and some of the owners of those structures will choose to elevate as they rebuild.

Elevating a home or building is typically accomplished by placing metal I-beams below the slab floor and raising the structure with screw jacks or hydraulic jacks (or both) to separate the structure from its original foundation. The structure is then held aloft by temporary supports while a new or extended foundation is built below it. Before an elevated structure can be re-occupied, its plumbing and utilities must be reconnected. Elevating a home is complex work, which if done incorrectly, can endanger the structural stability of the home rendering it uninhabitable. In the rush to raise homes in Louisiana after Hurricane Katrina, some elevation work was done improperly. This resulted in cracked foundations, collapsed homes, and left some areas with a haphazardly jig-sawed skyline. Proposed Int. No. 1007-A is intended to address these concerns and recognizes that elevation work requires particular safeguards.

### Construction Plans and Supervision of Work

Elevation work can be done by a general contractor registered with DOB or a home improvement contractor licensed by DCA. A permit from DOB is needed to do most construction work, including elevation work.

To get a permit, an applicant first has a state-licensed architect or engineer prepare construction plans detailing the work to be done and submits those plans to DOB for approval. If the plans are approved, the applicant then applies for a permit to begin work, sets forth an "inspection program" (when necessary), and – if DOB approves – the applicant receives a permit typically good for up to two years.

The inspection program is intended to ensure that the construction is being or has been performed in accordance with both what has been approved and any applicable standards. The program sets out the schedule for progress inspections, special inspections, and final inspections required by the Building Code and DOB rules for particular kinds of work. Special inspections can be one-time inspections, periodic inspections occurring before or after relevant work, or continuous inspections necessitating supervision of relevant work throughout.

Special inspections are done by a qualified person selected by the site owner or the contractor who is authorized by DOB to perform the kind of special inspection required. Upon performing a special inspection, the special inspector is required to compile a report, which must be maintained for six years and provided to DOB upon request.

### Proposed Int. No. 1007-A

Bill section one would add a new section 20-402.1 to subchapter twenty-two of chapter two of title 20 of the Administrative Code. The new section would require DCA to instruct and conduct public education on consumer protection standards related to home improvement work and on the necessary licenses and permits that home improvement contractors must obtain to perform certain kinds of work including the raising, lifting, elevating, or moving of a home or building.

Bill section two would add a new subsection 28-104.7.13 to section 28-104.7 of title 28 of the Administrative Code. The new subsection would require that construction documents submitted to DOB identify, on the title sheet, whether the construction work will include the raising, lifting, elevating, or moving of the lowest above-grade floor or the lowest subgrade floor of a building and note that such work is subject to special inspection.

Bill section three would add a new subsection 28-116.2.3.2 to section 28-116.2.3 of title 28 of the Administrative Code. The new subsection would require that permit holders give written notice to DOB at least 48 hours before raising,

lifting, elevating, or moving the lowest above-grade floor or lowest subgrade floor of a building.

Bill section four would add a new subsection BC 1704.27 to section BC 1704 of the Building Code. The new subsection would require periodic special inspections where the lowest above-grade floor or the lowest subgrade floor of a building is to be raised, lifted, elevated, or moved.

Bill section five contains the enactment clause and provides that this local law would take effect immediately after enactment.

WHEREAS, upon due notice, the Council held a public hearing on the Decision and Application on March 5, 2013;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

WHEREAS, the Council has considered the relevant environmental issues and the conditional negative declaration (CEQR No. 07DCP050Q) issued on February 6, 2013 (the "Conditional Negative Declaration");

#### RESOLVED:

The Council finds that the action described herein will have no significant impact on the environment subject to (i) CEQR Declaration E-290 and (ii) the following terms of the Conditional Negative Declaration:

The restrictive declaration would ensure that appropriate archaeological testing be conducted and that any necessary mitigation measures be undertaken prior to any site disturbance.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, and based on the environmental determination and consideration described in this report, C 070352 ZMQ, incorporated by reference herein, the Council approves the Decision.

### **REPORTS:**

### I. INTRODUCTION

On March 12, 2013, the Committee on Public Safety, chaired by Council Member Peter F. Vallone Jr., will hold a hearing to vote on a preconsidered introduction that would amend the administrative code of the City of New York, in relation to prohibited acts committed during a local state of emergency and to certain technical revisions to chapter 1 of title 10 of such code. On March 11, 2013 the

Committee on Public Safety held a hearing to discuss this preconsidered legislation. At that time, the Committee heard testimony in support of the legislation from Michael Best, Counsel to Mayor Michael Bloomberg, and from Yasmin Ammirato of the Midland Beach Civic Association.

#### II. BACKGROUND

Under State law the Mayor of New York City has the power to proclaim a local state of emergency "in the event of a disaster, rioting, catastrophe, or similar public emergency...and upon a finding...that the public safety is imperiled." After proclaiming that there is a local state of emergency, the Mayor may then "promulgate local emergency orders to protect life and property or to bring the emergency situation under control" and the knowing violation of any of these orders may be deemed a class B misdemeanor. An example of the type of order that may be promulgated includes, but is not limited to, establishment of curfews, traffic control, mandatory evacuation areas, and the establishment and designation of emergency shelters.

In the past two years, Mayor Michael Bloomberg proclaimed a local state of emergency twice, once during Tropical Storm Irene and once during Super Storm Sandy. Each such order was accompanied by a mandatory evacuation order for certain specified areas known as mandatory evacuation zones. During these states of emergency, and most particularly in mandatory evacuation zones and in areas where access to essential goods or services were reduced or lost, many New Yorkers were in vulnerable positions. Unfortunately, some individuals took this as an opportunity to commit various crimes that not only put the victims directly targeted in harm's way, but also burdened the entire city as critical resources were diverted from responding to the crisis created by the storm to dealing with these criminal activities instead. Reports indicate that some criminals posed as city officials or utility workers to gain entry to homes,<sup>5</sup> while others took advantage of abandoned property including homes and, in some cases, clothing stores.<sup>6</sup>

Such crimes of opportunity, when committed during a local state of emergency and in areas of the City made vulnerable by such emergency, are distinguishable from and more egregious than crimes that occur outside of a crisis. The areas most vulnerable to such crimes generally include those where there is a reduction or loss of essential goods or services such as food, water, shelter, electricity, and gas. Additionally, when criminals target mandatory evacuation zones during mandatory evacuation periods it can defeat the very purpose of an evacuation order, as the Mayor creates such zones precisely to secure the safety of the most at-risk New Yorkers.

Unfortunately, this specific problem was highlighted during Super Storm Sandy when many New Yorkers did not evacuate from mandatory evacuation zones because they feared that their homes would be looted again, as they were during Tropical Storm Irene. In some cases, the decision to shelter in place had devastating results. For example, in Staten Island, the Dresch family decided to stay in their home because their property was looted when they evacuated during Tropical Storm Irene. As a result, George Dresch and his 13-year-old daughter, Angela, were killed when Super Storm Sandy's surge waters washed their home away.<sup>7</sup>

For all of these reasons, today the Council is voting on a bill that would deter crimes of opportunity from taking place during local states of emergency and either in areas that are mandatory evacuation zones or in areas where there is a reduction or loss of essential goods or services. In doing so, the Council seeks to advance the goal of providing all law-abiding New Yorkers with a safe and secure environment during times of emergency.

### III. PRECONSIDERED INTRODUCTION

To deter criminals from using local emergencies as an opportunity to target vulnerable victims, this presconsidered introduction creates a local law that will amend the administrative code of the City of New York, in relation to prohibited acts committed during a local state of emergency. In addition, the preconsidered introduction makes certain technical revisions to chapter 1 of title 10 of the Administrative Code.

Section 1 of the bill describes the Council's legislative findings and intent and states that the Council intends to provide all law-abiding New Yorkers with a safe and secure environment during times of emergency. Section 2 of the preconsidered introduction creates a new section 10-171 of the Administrative Code entitled "Prohibited acts during a local state of emergency." In addition, Section 2 creates a new subdivision 10-171(a), which sets forth definitions as follows:

- "essential goods or services" are those goods or services provided by utilities, government or private entities or personnel without which a person or property is vulnerable to harm or damage.
- "local state of emergency" is the time period in which the Mayor's proclamation of a state of emergency is in effect.
- "mandatory evacuation period" is the period of time during which the occupancy and use of buildings and homes is prohibited for public safety purposes.
- "mandatory evacuation zone" is any area where the occupancy and use of buildings and dwellings is prohibited for public safety purposes.

Thereafter the bill creates a new subdivision 10-171(b) entitled "Prohibited acts," which provides that (i) during a local state of emergency and in a mandatory evacuation zone for the duration of a mandatory evacuation period, or (ii) during a local state of emergency and in an area in which there is a loss or reduction of

essential goods or services due to the emergency, it is unlawful for a person to commit five certain acts. Those acts are as follows:

- causing, or creating a material risk of, physical injury to a person;
- damaging or wrongfully depriving another person of property;
- entering or remaining unlawfully upon the property of another person;
- impeding governmental response to the circumstances of the emergency; or
- impersonating another with the intent to injure or defraud another person.

This subdivision also explains that while it only applies to acts committed during a local state of emergency, it shall also be unlawful to impersonate another even after the local state of emergency has ended, but only if that impersonation is related to circumstances surrounding or arising out of the emergency. For instance, if the local state of emergency was the result of a hurricane and after the local state of emergency ended someone continued to pose as a relief worker with the intent to defraud a person that was still repairing his or her home, then such impostor would be liable under this bill.

Section 2 of the bill also creates subdivision 10-171(c), which provides an affirmative defense for those accused of the aforementioned prohibited acts. The affirmative defense is only available to those who can show that their actions were reasonable as a result of, or in response to, the emergency. Section 2 thereafter creates subdivision 10-171(d) to lay out the penalties for violating the provisions of this bill. Specifically, any person who commits any of the above-mentioned acts will be guilty of a misdemeanor punishable by imprisonment of not more than six months and a fine of not more than two thousand five hundred dollars, or a civil penalty of not less than one thousand dollars and not more than five thousand dollars, or both. However, given the severity of the impact these crimes have on those in mandatory evacuation zones, if a person commits one of these acts in a mandatory evacuation zone and during a mandatory evacuation period, the penalties are increased to be a misdemeanor punishable by imprisonment of not more than one year and a fine of not more than five thousand dollars, or a civil penalty of not less than five thousand dollars and not more than ten thousand dollars, or both.

Pursuant to subdivision 10-171(e) of this bill, each violation of this new section of the administrative code is deemed a separate offense and any of the penalties assessed under this law will not preclude any other cause of action applicable under law. Finally, Section 2 of the bill creates subdivision 10-171(f), which provides that it is not a defense for the accused that that the real or personal property entered, damaged, or taken was previously damaged in connection with the events associated with the emergency situation.

Section 3 of the bill renumbers certain sections of the administrative code to rectify some duplicative numbering that currently exist. Specifically, section 10-165 currently appears three times. Section 3 of this bill renumbers two of those sections as follows: the prohibition on the use of non-wood bats becomes §10-168 and the regulation of publicly accessible collection bins becomes §10-169.

Section 4 of the bill provides that this law will take effect 60 days after its enactment into law.

### IV. CONCLUSION

At today's hearing the committee will vote on a preconsidered introduction, which amends the administrative code of the City of New York, in relation to prohibited acts committed during a local state of emergency and to certain technical revisions to chapter 1 of title 10 of such code. The Committee has already received positive testimony from the Mayor's office and a community representative supporting this bill. The testimony received affirms the Committee's belief that the city has been granted broad powers by the State to protect its residents, especially in times of emergency, such as natural or man-made disasters. As discussed at the hearing, during these situations the city expends considerable effort and resources to safeguard its residents. The hearing testimony indicated that the actions of a few opportunistic criminals frustrate the city's efforts and strain the city's resources while putting vulnerable law-abiding New Yorkers at greater risk. By voting on this legislation, the Committee aims to enable the city to further protect its residents, give them comfort when they need to evacuate their homes, and ensure that emergency and relief efforts are not compromised.

**TITLE:** To amend the administrative code of the City of New York, in relation to prohibited acts committed during a local state of emergency and to certain technical revisions to chapter 1 of title 10 of such code.

SPONSOR(S): By Council Members Oddo, The Speaker (Council Member Quinn), Vallone, Recchia, Mendez, Ignizio, Ulrich, Rose, and Arroyo

**Summary of Legislation:** This Preconsidered Introduction seeks to deter individuals from using emergency situations, such as the recent tropical storms, as opportunities to commit crimes. It would create additional penalties for certain crimes committed during a local state of emergency, as declared by the Mayor. Such crimes would include: intentionally or recklessly causing physical injury to a person; intentionally or recklessly damaging or wrongfully depriving another person of property; knowingly entering or remaining unlawfully upon real property of another person; intentionally or recklessly impeding government response to the emergency; and impersonating another with the intent to obtain a benefit, or to injure or defraud a person.

Any person who commits one of these enumerated acts during a local state of emergency and in a substantially affected area (defined as either a mandatory evacuation zone or an area where access to essential goods or services has been lost or reduced), will be guilty of the following:

- a misdemeanor punishable by imprisonment of not more than six months and a fine of not more than two thousand five hundred dollars; or
- a civil penalty of not less than one thousand dollars and not more than five thousand dollars, or
- both criminal and civil penalties

If the area where the prohibited act is committed is within a mandatory evacuation zone and the act is committed during a mandatory evacuation period, however, the penalties are increased. Those who commit the prohibited acts in a mandatory evacuation zone will be guilty of the following:

- a misdemeanor punishable by imprisonment of not more than one year and a fine of not more than five thousand dollars; or
- a civil penalty of not less than five thousand dollars and not more than ten thousand dollars;
- or both criminal and civil penalties.

The law provides an affirmative defense for those accused of committing such acts if they can prove that their acts were reasonable in light of the circumstances.

**EFFECTIVE DATE:** This introduction would take effect 60 days after its enactment into law.

The Committee on Rules, Privileges and Elections, to which the annexed resolution was referred on February 27, 2013 (Minutes, page 278), respectfully

#### **REPORTS:**

<u>Topic:</u> New York City Conflicts of Interest Board — (Mayoral Candidates for appointment upon advice and consent of the Council)

- **Anthony Crowell [M-1045]**
- Andrew Irving [M-1032]

The New York City Conflicts of Interest Board ("COIB"), which is mandated to meet at least once per month, primarily serves to provide clear guidance to public employees regarding prohibited conduct through training, education, and the issuance of advisory opinions. COIB is required to publish an index of its opinions and an annual report. COIB's mandate covers Council as well as mayoral agency employees. COIB also collects and reviews financial disclosure reports [New York City Charter ("Charter") §§ 2602 and 2603]. COIB promulgates rules as necessary to implement and interpret the provisions of Chapter 68 of the Charter ("Conflicts of Interest Code" or the "Code"), consistent with the goal of providing clear guidance regarding prohibited conduct [Charter § 2603(a)]. COIB is authorized to hear and decide violations of the Code. Additionally, COIB is empowered to impose fines of up to \$25,000 and recommend suspensions or removals from City employment in appropriate cases [Charter § 2606(b)].

COIB members are chosen for their independence, integrity, civic commitment and high ethical standards. Members are prohibited from holding public office, seeking election to any public office, being a public employee in any jurisdiction, holding political party office, or appearing as a lobbyist before the city [Charter § 2602(b)].

COIB consists of five members who are appointed by the Mayor with the advice and consent of the City Council.' The term of office for COIB members is six years. The Council must act on mayoral nominations to COIB within forty-five days of submission [Charter § 2602(c)]. If the Council fails to act within forty-five days of receipt of such nomination from the Mayor, the nomination is deemed to be confirmed [Charter § 2602(c)]. If the Mayor does not submit a nomination for appointment of a successor to the Council at least sixty days prior to the expiration of the term of the member whose term is expiring, the term of the member in office is extended for an additional year and the term of the eventual successor to such member is shortened by an equal amount of time. COIB members are prohibited from serving more than two consecutive six-year terms [Charter § 2602(c)]. Two members of COIB constitute a quorum and all acts of COIB must be by the affirmative vote of at least two members [Charter § 2602 (h)].

Members of COIB serve until their successors have been confirmed. Any vacancy occurring other than by expiration of term is filled by nomination by the Mayor, made to the Council within sixty days of the creation of the vacancy, for the unexpired portion of the term of the member succeeded. If the Council fails to act within forty-five days of receipt of such nomination from the Mayor, the nomination is deemed to be confirmed [Charter § 2602(e)].

COIB members may be removed by the Mayor for substantial neglect of duty, gross misconduct in office, inability to discharge the powers or duties of office or violation of the COIB section of the Charter, after written notice and an opportunity for a reply [Charter § 2602(f)].

Pursuant to the Charter, COIB is authorized to appoint a Counsel to serve at its pleasure and to employ or retain other such officers, employees and consultants as are necessary to exercise its powers and fulfill its obligations. The authority of the Counsel may be defined in writing, provided that neither the Counsel, nor any other officer, employee or consultant of COM, shall be authorized to issue advisory opinions, promulgate rules, issue subpoenas, issue final determinations concerning violations of Chapter 68 of the Charter, or recommend or impose penalties. Also, COIB may, and has, delegated its authority to issue advisory opinions under Charter § 2604(e) to its Chair [Charter § 2602(g), and as per COIB's Executive Director<sup>2</sup>].

By statute, members are entitled to receive per-diem compensation for each calendar day when performing the work of COIB. According to COIB's Deputy Executive Director, the rate for members is \$250 per-diem, and the rate for the Chair

If appointed, Mr. Crowell, a Brooklyn resident, will replace Monica Blum and be eligible to serve the remainder of a six-year term that expires on March 31, 2018. Copies of Mr. Crowell's resume and report/resolution are annexed to this briefing

If re-appointed, Mr. Irving, a Manhattan resident, will be eligible to serve the remainder of a six-year term that expires on March 31, 2016. Copies of Mr. Irving's resume and report/resolution are annexed to this briefing paper.

<sup>1</sup> At present, COIB's members are: Nicholas Scoppetta (Chair), Monica Blum, Andrew Irving, Burton Lehman, and Erika Thomas-Yuille.

<sup>2</sup> Mark Davies currently serves as the COIB's Executive Director.

(After interviewing the candidates and reviewing the relevant material, the Committee decided to approve the appointment of the nominees. For nominee Andrew Irving [M-1032], please see the Report of the Committee on Rules, Privileges and Elections for M-1032 printed above in these Minutes. For nominee Anthony Crowell [M-1045], please see immediately below:)

### **Report of the Committee on Small Business**

At this point the Speaker (Council Member Quinn) announced that the following items had been **preconsidered** by the Committee on Small Business and had been favorably reported for adoption.

Report for Preconsidered Int. No. 1017

Report of the Committee on Small Business in favor of approving and adopting, a Local Law in relation to waiver of fees for businesses recovering from damage caused by Hurricane Sandy.

The Committee on Small Business, to which the annexed proposed local law was referred on March 13, 2013, respectfully

### REPORTS:

### **Introduction**

Today, the Committee on Small Business, chaired by Council Member Diana Reyna, will hold a hearing on a preconsidered bill in relation to the waiver of fees for businesses recovering from damage caused by Hurricane Sandy. Since the Committee first considered this legislation during a hearing on February 28, 2013, the bill has been revised in a number of significant ways. This report discusses the bill currently before the committee, followed by a discussion of the various revisions incorporated into the final bill.

### **BACKGROUND AND ANALYSIS:**

On October 29, 2012, the storm known as Hurricane Sandy hit New York City, causing massive flooding, power outages, fires, infrastructure impairments, and property damage. The storm disrupted the operations of over 13,000 small businesses, damaging some and completely destroying others. These businesses provide services that are essential to the economic vitality of

the City. Many of these small businesses are now in need of repair and rebuilding. The provisions of the bill would encourage the resumption of business in the areas hardest hit by the storm by waiving certain fees that business owners would otherwise have to pay for inspections, licenses, permits, and certifications in order to clean-up and reopen.

#### **Legislative Summary**

Section one of the bill is a statement of intent.

Bill section 2 would permit the Mayor or his designee to waive certain fees (see bill section 5) for businesses that meet the eligibility criteria set forth in this section. The waivers would apply to fees that the business owner would otherwise incur in connection with rebuilding or renovating a business damaged by Hurricane Sandy, or in the instance when the damaged business is a vehicle, replacing the vehicle. Under this bill, a building would not be considered a business.

Subparagraph a of bill section 2 would establish business eligibility requirements for the waivers. To be an eligible business for the purpose of this bill, the business, as of October 26, 2012, must have been located in a Disaster Recovery Area, defined herein (see bill section 4), in a building to which the Department of Buildings assigned a red, yellow, or green placard after Hurricane Sandy, or a vehicle.

Subparagraph b of bill section 2 would establish application requirements for the waivers. Eligible businesses would have until October 31, 2013 to apply to the Mayor or the Mayor's designee for a determination of eligibility. As part of the application, the business owner would be required to certify that as a result of Hurricane Sandy the business has suffered significant damage that has interfered significantly and continues to interfere with the business's operation. The owner must also confirm that the business currently occupies or intends to occupy space in the same building it occupied before Sandy, in a new building on the same site, or in a different building within the same Department of Small Business Business Recovery Zone. If the business is a vehicle, the owner would be required to certify that the vehicle was rendered inoperable by the storm and that the owner intends to replace it.

Section 3 of the bill establishes deadlines. It would require the business owner to present the approved determination of eligibility to each applicable agency to obtain a waiver. Waivers would be granted on fees payable through December 31, 2013. A business owner who before the effective date of this legislation has paid fees that would be subject to waiver under this legislation, would be able apply for a refund until May 31, 2013.

Section 4 of the bill would define the term "Discovery Recovery Area." "Disaster Recovery Area." would mean the area within Hurricane Evacuation Zones A and B, as designated by the New York City Office of Emergency Management maps on October 26, 2012, or the area within any Business Recovery Zone created by the Department of Small Business Services (SBS) and delineated on maps published on the SBS website.

Bill section 5 specifies the fees which would be subject to waiver under the bill. They are listed below by applicable agency.

- a. Department of Consumer Affairs:
  - i. Fees required in connection with the licensing of a pedicab business:
  - ii. Fees in connection with the licensing of an advertised liquidation, reorganization, renovation, damaged goods, or insurance salvage sale;
  - iii. Fees in connection with the inspection and licensing of tow trucks; and
  - iv. Fees required for licenses to engage in the business of towing.
- b. Department of Environmental Protection:
  - Fees for the permitting of fuel burning refuse burning, and gas emitting equipment;
  - ii. Fees for certifications to operate such equipment;
  - iii. Fees for certificates of instruction in the operation of such equipment; and
  - iv. The cost of a copy of the agency's publication.
- c. Department of Buildings
  - Application, permit, and inspection fees required for certain plumbing, scaffolds, sidewalk sheds, fences, signs, boilers, demolition, elevators, construction, limited alternations and after hours variances; and
  - ii. Fees in connection with applications for work permits and others fees required for certain electrical work.
- d. Fire Department
  - i. Fees for permitting and inspection of automotive gas stations;
  - ii. Fees for permitting and inspection of marine fuel stations;
  - iii. Fees for inspection of fire extinguishing, carbon monoxide, and commercial cooking equipment and systems; and
  - iv. Fees for plan examinations applicable to the review of design and installation documents for automotive gas stations and fire protection systems.
- e. Department of Small Business Services: Fees charged in connection with the issuance of work notices and work permits with respect to waterfront construction, equipment use permits, mooring permits, fill work permits, and certificates of completion.
- f. Department of Transportation:

- i. Fees for permits for street openings, sidewalk construction, building operations, and construction activity; and
- ii. Fees for vault and canopy permits.
- g. Landmarks Preservation: Fees required for certificates of appropriateness and certificates of no effect.
- Taxi and Limousine Commission: replacement vehicle license plates, replacement medallions, and transfer of vehicle license and for-hire vehicle inspections.

Section 6 of the bill would require the Mayor or the Mayor's designee to report to the Speaker the number of businesses that applied for determinations of eligibility, the number of those applications that were granted, the number that were denied, and the geographic distribution of each. The Mayor or the Mayor's designee would be required to make this report on or before March 31, 2014.

Section 7 of the bill specifies that this legislation shall take effect immediately. It further provides that sections 1 through 5 shall be deemed repealed after December 31, 2013.

#### **Legislative Summary of Revisions**

This bill was first considered at a joint hearing of the Committees on Small Business and Government Operations on February 28, 2013. The bill has undergone the following revisions.

The bill includes a revised section 2 that extends the time during which waivers could be used from September 30, 2013 to December 31, 2013. It expands the permissible application of fee waivers to include certain fees in connection with replacing vehicles required to do business.

Subparagraph a of bill section 2 expands the categories of eligible businesses to include vehicles.

Subparagraph b of bill section 2 modifies the procedure for obtaining fee waivers. It would now require a business owner to apply for a determination of eligibility from the Mayor or the Mayor's designee by October 31, 2013. It modifies the certifications that would be required to obtain a favorable determination to include, as an alternative to certifying that the business intends to remain at the site it occupied at the time of the Hurricane, a certification that the business intends to relocate to a new building in the same Business Recovery Zone. It adds the requirement that a business owner whose business is a vehicle certify that the vehicle was rendered inoperable as a result of Hurricane Sandy and that the owner intends to replace it.

Section 3 now extends the period of time for which agencies may grant waivers to December 31, 2013.

Section 4 in subparagraph a changes the date of the relevant Office of Emergency Management maps used to determine the boundaries of Disaster Recovery Areas. The date is changed from October 29, 2012 to October 26, 2012.

Bill section 5 in subparagraph h adds to the fees eligible for waiver fees charged by the Taxi and Limousine Commission with respect to replacement vehicle license plates, replacement medallions, transfer of vehicle licenses and for-hire vehicle inspections.

The bill includes a new section 6 which requires the Mayor or his designee to report to the Speaker the number of businesses that applied for determinations of eligibility, the number of those applications that were granted, the number that were denied, and the geographic distribution of each. The Mayor or his designee shall make this report within 90 days of December 31, 2013.

The bill includes a new section 7 that specifies that sections 1 through 5 shall be deemed automatically repealed as of December 31, 2013.

The fee waiver may be granted only for eligible fess that would otherwise be payable by the business on or prior to December 31, 2013. Net	\$0	\$0	\$0

**IMPACT ON REVENUES:** Any reduction in the fee revenue should not be counted as revenue lost, as it is only realized as a result of Hurricane Sandy. The City's revenue budget projections were formulated prior to the disaster and, therefore, this legislation creates no impact to the City.

#### RESOLUTIONS

Presented for voice-vote

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:

At this point the Speaker (Council Member Quinn) announced that the following items had been **preconsidered** by the Committee on Civil Service and Labor and had been favorably reported for adoption.

#### Report for voice-vote Res. No. 1670

Report of the Committee on Civil Service and Labor in favor of approving a Resolution calling upon New York State Senate to pass legislation to raise the minimum wage to \$9 per hour and index future automatic increases to inflation.

The Committee on Civil Service and Labor, to which the annexed resolution was referred on March 13, 2013, respectfully

#### **REPORTS:**

#### **Introduction:**

On Thursday, March 13, 2012, the Committee on Civil Service and Labor chaired by Council Member Michael Nelson, will hold a hearing and vote on Preconsidered Resolution No. 1670 which calls upon the New York State Senate to pass legislation to raise the minimum wage to \$9 per hour and index future automatic increases to inflation.

#### Background:

The Federal Labor Standards Act of 1938 (FLSA), was enacted as a consequence of the United States Congress finding that labor conditions in some industries impeded the ability of workers to maintain a basic standard of living necessary to be productive in society. Pursuant to the FLSA, a state's minimum wage cannot be set below the federal minimum wage rate. However, the FLSA does not provide for mandatory increases and does not mandate that states link their minimum wage rates to inflation.

In January of this year, Governor Andrew Cuomo delivered his State of the State address, during which he announced his support for increasing the minimum wage in New York to \$8.75 per hour. Last month, President Barack Obama delivered his State of the Union address, during which he announced his support for increasing the minimum wage to \$9 and to index future increases to inflation.

On March 5, 2013, New York State Assembly passed and delivered to the State Senate, A00038A, which would raise the state's minimum wage to \$9 effective January 1, 2014, and beginning on January 1, 2015, it would annually be increased automatically by indexing the rate to inflation; and

### Increasing the Minimum Wage and its Impact on Workers

According to the Fiscal Policy Institute (FPI), as of 2011, there were 880,000 workers in New York State retained as hourly employees who receive less than \$8.50 per hour, 352,000 of whom reside in New York City.<sup>2</sup> Women would account for 55 percent of those impacted by changes to the state minimum wage and Blacks and Latinos would account for 40 percent.<sup>3</sup> In New York State, the majority of workers directly affected by changes to the states hourly minimum wage are age 20 and older; adults account for more than 84 percent of these workers.<sup>4</sup> In addition, FPI research indicates that nearly three out of every five City resident workers who would benefit are immigrants.<sup>5</sup>

Furthermore, the failure of the minimum wage to keep up with inflation over the past 30 years has played a significant role in the growth of inequality in the United States (U.S.). In New York State, the minimum wage was last raised incrementally in 2009 from \$5.15 to \$7.25 an hour. However, it has been estimated that because of the rate of inflation, \$7.56 would now be required to buy what \$7.25 worth of goods would have in 2009. This means that instead of currently receiving \$580 in two weeks pre-tax for full time minimum wage earnings, an adjusted earnings amount should be around \$604.80 to remain consistent with 2009 purchasing power. 8

### Cost of Living in New York State and City

Since the start of the recession in December 2007, the price index for food in the New York region has increased by more than 12 percent. From August 2010 to August 2011 the average price of food in the New York metropolitan area increased by nearly 5 percent, according to data from the U.S. Bureau of Labor Statistics. The number of New York households reporting very low food security rose by 56 percent in 2010, according to a USDA report. The USDA defines very low food security as a household having multiple indicators of disrupted eating patterns and reduced food intake.

Three of the five areas with the highest cost of living in the United States are in New York City. <sup>12</sup> Manhattan has the highest cost of living, followed by Brooklyn. Queens ranks number five. In Manhattan the cost of living is twice the national average. <sup>13</sup>

Minimum Wage in Other Jurisdictions

Currently, 17 states have minimum wages higher than the federal rate. 14 Indexing the minimum wage means adjusting it automatically each year to keep pace with the rising cost of living. In an effort to help workers keep up with the cost of living and diminished purchasing power, Arizona, Colorado, Florida, Missouri, Montana, Nevada, Ohio, Oregon, Vermont, and Washington have indexed their respective minimum wage to inflation. 15 However, the remaining states and the federal government have not yet indexed their minimum wages. 16 As a result, they erode in value each year.

#### Impact on Jobs

In 2010, Economists at the University of Massachusetts, University of North Carolina, and University of California, compared employment data among every pair of neighboring U.S. counties that straddle a state border and had differing minimum wage levels, at any time between 1990 and 2006, and found that minimum wage increases were not to the significant detriment of jobs. <sup>17</sup> A follow up study conducted in April 2011 found that these results were consistent during periods of recession and high unemployment. <sup>18</sup>

Finally, there is a strong body of research that shows modest increases in the minimum wage do not harm local economies and some research suggests it may even aid the local economy by putting income into the hands of households who will spend it on local goods and services.  $^{19}$   $^{20}$   $^{21}$ 

#### Preconsidered Res. No 1670:

The resolution would note that pursuant to the Fair Labor Standards Act (FLSA), the federal minimum wage for covered nonexempt employees is \$7.25 per hour, effective July 24, 2009, and is not indexed to inflation. The resolution would further state that the pursuant to the FLSA, the New York State minimum wage is currently \$7.25 per hour and such rate is also not indexed to inflation.

The resolution would also note that the Council commends Governor Cuomo for his leadership to raise the minimum wage in New York State, where during his 2013 State of the State Address, he called for the minimum wage to be raised to \$8.75.

The Resolution would additionally point out that a number of states, including Alaska, Arizona, California, Colorado, Connecticut, Florida, Illinois, Maine, Massachusetts, Michigan, Montana, New Mexico, Nevada, Ohio, Rhode Island, Vermont, Washington, and the District of Columbia, all have minimum wage rates that are higher than the federal government rate. The resolution would further state that Arizona, Colorado, Montana, Ohio, Oregon, Vermont, Florida and Washington all increased their minimum wage recently in 2012 and have cost of living adjustments written into their state laws.

The resolution would also note that during his 2013 State of the Union Address, President Barack Obama called upon the United States Congress to raise the minimum wage to \$9 per hour by 2015, and his proposal would include future automatic increases indexed to inflation.

The resolution would additionally point out that since the State of the Union, the New York State Assembly passed on March 5, 2013 and delivered to the State Senate, A00038A, which would raise the state's minimum wage to \$9 effective January 1, 2014, and beginning on January 1, 2015, it would annually be increased automatically by indexing the rate to inflation.

The resolution would further state that according to economic research, a higher minimum wage would potentially increase spending on locally produced goods and services by workers benefiting from such increased wages, which could produce greater demand and help stimulate the local economy.

The resolution would also note that before taxes, a full time minimum wage worker in New York earning \$7.25 per hour, working 40 hours a week, 52 weeks a year, will earn \$58 per day, \$290 per week, or \$15,080 per year. The resolution would further point out that according to the most recent available data from the New York City Center for Economic Opportunity, the New York City poverty level for a family unit consisting of two people is \$19,626 per year, and poverty in New York City has increased since 2008, with twenty-one percent of residents living at or below the poverty level.

The resolution would additionally note that minimum wage workers would be helped by making cost of living increases automatic, by indexing future minimum wage increases to inflation, because their effective incomes would not decrease over time due to inflation, and future increases would not require legislative action.

The resolution would also state that New York City residents in minimum wage jobs should be provided with an increased wage to better support their families and provide them with food and shelter.

The resolution would further note that the Council praises Governor Cuomo and Assembly Speaker Silver for their efforts to increase to the minimum wage.

Thus, the resolution would state that the Council of the City of New York calls upon New York State Senate to pass legislation to raise the minimum wage to \$9 per hour and index future automatic increases to inflation.

### Res. No. 1671

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, the New York State Development, Relief and Education for Alien Minors (DREAM) Act of 2013 (S.2378/A.2597).

By Council Members Dromm, Rodriguez, Barron, Brewer, Chin, Comrie, Eugene, Ferreras, Gonzalez, James, Koo, Koppell, Lander, Mark-Viverito, Mendez, Palma, Richards, Rose, Van Bramer, Vann, Williams, Lappin, Jackson, Mealy and Reyna.

 $\textbf{Whereas,} \ According \ to \ the \ 2010 \ U.S. \ Census, \ New \ York \ State \ is \ home \ to \ 4.3$  million immigrants, three million of whom live in New York City; and

**Whereas,** New York State is also home to 1.4 million children of immigrant parents, many of whom live in New York City; and

**Whereas,** As of 2011, New York State public schools were educating approximately 400,000 undocumented youth yearly; and

**Whereas,** Immigrant youth, regardless of their immigration status or the immigration status of their parents, are entitled to free public education through the 12<sup>th</sup> grade and are eligible to enroll in college; and

Whereas, Undocumented immigrant students and the children of undocumented immigrants with a high school diploma often do not pursue higher education because the fact they do not have legal immigration status renders them ineligible for financial aid assistance and makes higher education impossible for them to afford; and

**Whereas,** Federal legislation has been introduced to address this issue, for example, the federal DREAM Act of 2009 and the Comprehensive Immigration Reform Act of 2011, among others, but nothing has been passed; and

Whereas, Although the federal government failed to act, Texas, New Mexico, and California offer state financial aid to children of undocumented immigrants and undocumented youth; and

**Whereas,** In order to do more to help immigrant families and youth, two pieces of legislation, known as the New York DREAM Act and the New York DREAM fund were introduced in the New York State Legislature during the 2011-2012 Regular Session; and

**Whereas,** The 2011/2012 New York DREAM Act and the New York DREAM fund legislation sought to provide certain higher education-related benefits to eligible undocumented immigrants and to establish a fund that would provide financial assistance to eligible immigrants who wished to pursue higher education; and

**Whereas,** Despite the support for both of these bills from many, including the State University of New York Board of Trustees, and the advocacy of many, including New York City's immigrant youth and the New York City Council, both bills died during the 2011-2012 Legislative Session; and

Whereas, In January 2013, modifying and combining those bills, Assemblyman Francisco Moya and Senator Jose Peralta introduced the New York State DREAM Act of 2013 (S.2378/ A.2597), a bill that would "enact the New York State DREAM Act by creating the New York DREAM fund commission and amend eligibility requirements and conditions governing certain awards"; and

Whereas, The New York State DREAM Act of 2013 would establish a New York DREAM fund commission that would raise private dollars to provide scholarships to eligible immigrant students in order to assist them in pursuing a higher education; and

Whereas, Also, the New York State DREAM Act of 2013 would increase access for eligible immigrant youth and the children of undocumented immigrants to various forms of financial assistance, including the Tuition Assistance Program, Higher Education Opportunity Program, Collegiate Science and Technology Entry Program, Educational Opportunity Program, and opportunity programs available at community colleges; and

Whereas, In addition, the New York State DREAM Act of 2013 would give immigrant families, regardless of status, the opportunity to save for higher education costs, by allowing immigrants with a taxpayer identification number to open a New York State 529 family tuition account under the New York State College Tuition Savings Program; and

Whereas, To be eligible for benefits under the New York State DREAM Act of 2013, an applicant would be required to establish that he or she: (1) attended a registered New York high school for two or more years, graduated from registered New York high school, and applied for attendance at the institution of higher education for undergraduate study for which an award is sought within five years of receiving a high school diploma; (2) attended an approved program for a state high school equivalency diploma, received a diploma, and applied for attendance at the institution of higher education for undergraduate study for which an award is sought within five years of receiving such diploma; or (3) is otherwise eligible for the payment of tuition and fees at a rate no greater than that imposed for resident students of the State University of New York, the City University of New York or community colleges; and

Whereas, Undocumented immigrant youth would also be required to submit an affidavit to the higher education institution to demonstrate that steps have been taken to legalize their immigration status, or that they will take such steps as soon as they are eligible to apply for such status; and

**Whereas,** If enacted, the New York State DREAM Act of 2013 would have a profound positive impact on both New York State itself and the estimated 400,000 undocumented youth who call New York their home; now, therefore, be it

**Resolved,** That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, the New York State Development, Relief and Education for Alien Minors (DREAM) Act of 2013 (S.2378/A.2597).

Referred to the Committee on Immigration.

#### Res. No. 1672

Resolution calling on the New York State legislature to pass A.6116/S.3011, which would amend the New York State limited liability company law to create a new business entity known as a low-profit, limited liability company.

By Council Members Levin, Brewer, James, Koo, Mendez and Rose.

**Whereas,** A low-profit limited liability company ("L3C") is an entity that blends the socially responsible activity of a nonprofit organization with the revenue generating potential of a for-profit company; and

Whereas, Unlike a limited liability company ("LLC"), the accumulation of income is a lower priority than fulfilling a charitable mission; and

**Whereas,** L3Cs are an attractive investment option for philanthropic foundations, which are required by law to donate 5 percent of their assets to charitable organizations in order to retain their tax-exempt status; and

Whereas, Prior to the existence of L3Cs, charitable foundations essentially had two options for meeting this mandate: (i) either distribute grants; or (ii) make program-related investments ("PRIs"), which are high-risk, low-return investments that must have a charitable goal relating to the foundation's mission; and

**Whereas,** While PRIs, unlike grants, can potentially produce a return on a foundation's investment, many such organizations are hesitant to pursue them in the event that the Internal Revenue Service ("IRS") refuses to recognize the validity of a PRI; and

**Whereas,** The fundamentally charitable nature of L3Cs may mitigate the risk that a foundation's investment could be determined by the IRS to be anything other than a bona fide PRI, thereby fostering new or increased venture philanthropy in New York State; and

Whereas, If investments in L3Cs are tranched in such a way that the charitable foundations making PRIs would take on the highest risk, more diverse investors could be attracted to the company who would then face lower risks in their investment; and

**Whereas,** By offering ownership and management rights to a charitable foundation, L3Cs can also allow those foundations to recover their initial investment and possibly even generate profit; and

Whereas, In 2008, Vermont became the first state to pass legislation recognizing L3Cs. Since then, several other states have passed similar legislation including Illinois, Louisiana, Maine, Michigan, North Carolina, Rhode Island, Utah and Wyoming, as well as the territories of the Crow Indian Nation and the Oglala Sioux Tribe; and

**Whereas,** If passed, A.6116/S.3011, introduced by Assembly Member Brennan and Senator Espaillat, respectively, would allow New York to follow suit, amending the state's limited liability company law to allow for the creation of L3Cs in the state; and

**Whereas,** Allowing more organizations to acquire L3C designation benefits both the socially responsible organizations that serve the community and the philanthropic foundations looking to support them; now, therefore, be it

**Resolved,** that the Council of the City of New York calls on the New York State legislature to pass A.6116/S.3011, which would amend the New York State limited liability company law to create a new business entity known as a low-profit, limited liability company.

Referred to the Committee on State and Federal Legislation.

### Res. No. 1673

Resolution calling upon the New York State Legislature to pass and the Governor to sign into law legislation that would extend the deadline for voters to register for a political party and be able to vote in the 2013 primary election for that party.

By Council Members Mark-Viverito, Barron, Chin, James, Richards, Rose, Van Bramer, Williams and Rodriguez.

**Whereas,** Based on voting patterns and party registration in New York City, most Council elections and many citywide elections are decided at the time of the primary; and

Whereas, New York City will have its next local elections in the fall of 2013; and

**Whereas,** Under current New York State election law, the deadline to register for a political party and be able to vote in that party's primary in the 2013 New York City local elections was October 12, 2012; and

Whereas, The registration deadline is among the earliest in the country and fell before the 2012 general elections, when most voters were focused on the Presidential race and were not yet considering who they would want to support in the 2013 local elections; and

**Whereas,** This means that many New Yorkers who will want to vote in the primary elections will be unable to do so, including almost 700,000 voters who currently have no party affiliation; and

**Whereas,** The purpose of the deadline is to prevent party jumpers from unfairly skewing close races at the last minute; and

**Whereas,** However, a less severe deadline could achieve this same goal without potentially disenfranchising thousands of voters; now, therefore, be it

**Resolved,** That the Council of the City of New York calls upon the New York State Legislature to pass and the Governor to sign into law legislation that would extend the deadline for voters to register for a political party and be able to vote in the 2013 primary election for that party.

Referred to the Committee on Governmental Operations.

#### Preconsidered Int. No. 1016

- By Council Members Oddo, The Speaker (Council Member Quinn), Vallone, Recchia, Mendez, Ignizio, Ulrich, Rose, Arroyo, Chin, Comrie, Gentile, Greenfield, King, Nelson, Palma and Halloran.
- A Local Law to amend the administrative code of the City of New York, in relation to prohibited acts committed during a local state of emergency and to certain technical revisions to chapter 1 of title 10 of such code.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. The Council hereby finds and declares that in the aftermath of Tropical Storm Irene and Super Storm Sandy there were instances where criminals took an emergency situation as an opportunity to target vulnerable New York City residents and areas of the City for their own personal gain. Crimes of opportunity, including those causing physical injury, or those that involve damaging, taking, or entering property, or fraudulently impersonating public servants, when committed during a local state of emergency and in areas of the City made vulnerable by such emergency, are distinguishable from and more egregious than crimes that occur outside of a crisis. Such acts cause harm and disruption to defenseless residents of the City of New York above and beyond what has already been caused by the circumstances surrounding the emergency, as well as harm and disruption to the City as a whole, both during the emergency and during recovery efforts thereafter. Additionally, the actions of these opportunistic criminals can reverberate throughout the entire City because they lead to the diversion of critical City resources, which could have harmful effects on any of this City's eight million residents.

When criminals target mandatory evacuation areas during mandatory evacuation periods, the problems posed by such criminal conduct are worsened. Mandatory evacuations are declared by the Mayor to secure the safety of the most at-risk New Yorkers, however, many of these residents do not evacuate for fear of their homes being looted. In fact, during Super Storm Sandy reports show that some people, particularly those in Staten Island, lost their lives for this very reason. Moreover, residents of evacuation zones are likely to suffer the most physical or financial damage and are therefore much more susceptible to criminals who prey on the misfortunes of others.

For all of these reasons, it is the intent of the Council to provide all law-abiding New Yorkers with a safe and secure environment during times of emergency. To do so the Council finds that it is necessary to deter crimes of opportunity committed during local states of emergency in mandatory evacuation zones and in areas where access to essential goods and services has been reduced or lost by making such actions punishable criminally and civilly, with heightened penalties for such activity when it takes place in mandatory evacuation zones and during mandatory evacuation periods.

- § 2. The administrative code of the city of New York is amended by adding a new section 10-171 to read as follows:
  - § 10-171. Prohibited acts during a local state of emergency.
- a. Definitions. For purposes of this section, the following terms shall have the following meanings:
- 1. "Essential goods or services" shall mean those goods or services provided by utilities, government or private entities or personnel that are necessary to sustain or safeguard a person or property and without which a person or property is vulnerable to harm or damage. Such term shall include, but not be limited to, electricity, heat or gas service; mass transportation; telecommunications; firefighting, police, armed-forces, emergency medical, or hospital service; the availability of sufficient and appropriate food and clothing; temperate, sanitary, and safe shelter; potable water; and fuel.
- 2. "Local state of emergency" shall mean the period of time during which a proclamation issued by the mayor, declaring a local state of emergency pursuant to executive law section twenty-four, is in effect.
- 3. "Mandatory evacuation period" shall mean the period of time during which the occupancy and use of buildings and homes is prohibited for public safety

purposes in response to a natural or man-made disaster, as determined by the mayor pursuant to section twenty-four of the executive law, and as declared by the mayor in an executive order during the pendency of a local state of emergency.

- 4. "Mandatory evacuation zone" shall mean any area where the occupancy and use of buildings and dwellings is prohibited for public safety purposes in response to a natural or man-made disaster as determined by the mayor pursuant to section twenty-four of the executive law, and as declared by the mayor in an executive order during the pendency of a local state of emergency.
- b. Prohibited acts. During a local state of emergency, in a mandatory evacuation zone for the duration of a mandatory evacuation period, or when the conduct described below occurs during the reduction or loss of essential goods or services as a result of such emergency, it shall be unlawful for any person to:
- (1) intentionally or recklessly cause, or create a material risk of, physical injury to a person;
- (2) intentionally or recklessly damage, create material risk of damage to, or wrongfully deprive another person of property;
- (3) knowingly enter or remain unlawfully in a building or upon real property of another person;
- (4) intentionally or recklessly impede, or cause a material risk of impeding, response to the circumstances of the emergency by any governmental agency, officer or employee; or
- (5) impersonate another with the intent to obtain a benefit, or to injure or defraud a person; provided, however, that such conduct shall also constitute a violation of this section if it occurs after the period of a local state of emergency where such conduct is related to circumstances surrounding or arising out of the emergency.
- c. Affirmative defense. In any prosecution under this section, it is an affirmative defense that the defendant's conduct constituted reasonable action taken as a result of or in response to the emergency.
- d. Penalties. Any person who violates subdivision b of this section shall be guilty of a misdemeanor punishable by imprisonment of not more than six months and a fine of not more than two thousand five hundred dollars, or a civil penalty of not less than one thousand dollars and not more than five thousand dollars, or both; provided, however, that if the person harmed or the real or personal property affected is located in a mandatory evacuation zone and such violation occurs during a mandatory evacuation period, then the perpetrator of such act shall be guilty of a misdemeanor punishable by imprisonment of not more than one year and a fine of not more than five thousand dollars, or a civil penalty of not less than five thousand dollars and not more than ten thousand dollars, or both.
- e. Each violation of subdivision b of this section shall be deemed a separate offense for which a separate criminal fine or civil penalty may be imposed. Penalties imposed pursuant to this section shall not be deemed to limit or preclude any remedy, penalty, or cause of action available under any other law.
- f. It shall not constitute a defense to an enforcement action taken pursuant to this section that the real or personal property entered, damaged, or taken has been previously damaged under the circumstances of or in connection with the events associated with the declaration of a local state of emergency.
- $\S$  3. Title 10 of the administrative code of the city of New York is amended by renumbering duplicate sections to read as follows:
  - [ $\S10-165$ ]  $\S10-168$ . Prohibition of use of non-wood bats.
  - [§10-165] §10-169. Regulation of publicly accessible collection bins.
  - § 4. This local law shall take effect 60 days after its enactment into law.

Adopted by the Council (preconsidered and approved by the Committee on Public Safety).

The fees listed in section 5 of this local law payable to city agencies in connection with the recovery from the effects of Hurricane Sandy by businesses that were in operation as of October 26, 2012, and that meet the eligibility criteria of this section, as determined by the Mayor or his or her designee, may be waived as set forth in this local law. The waiver of fees shall apply to fees otherwise payable to agencies on or prior to December 31, 2013 in connection with the repair or reconstruction of space occupied or to be occupied by eligible businesses, the alteration or repair of systems owned by eligible businesses and serving only space occupied by such eligible businesses, or the replacement of a vehicle required to do business. The owner must submit written certification signed by such owner or such other documentation as may be required by the mayor or his or her designee, confirming that: (i) the space occupied by such business or the vehicle required for the operation of such business suffered substantial damage as a result of Hurricane Sandy that has interfered significantly with and that continues to interfere significantly with the operation of such business in the manner in which it operated prior to Hurricane Sandy; and (ii) the business currently occupies or intends to re-occupy space in the same building that it occupied prior to Hurricane Sandy or in a new building within the same Business Recovery Zone, or intends to replace a vehicle required for the operation of the business that was rendered inoperable as a result of Hurricane Sandy.
- §3. The owner of the business shall present the approved eligibility application to the applicable agency to obtain the fee waiver. The fee waiver may be granted only for eligible fees that would otherwise be payable by such business on or prior to December 31, 2013. An agency may refund fees paid by an eligible business after October 26, 2012 and prior to the effective date of this local law provided that an application for such refund is made to the agency on or prior to May 31, 2013.

### Res. No. 1676

Resolution calling upon the Metropolitan Transit Authority to institute a "Wall of Shame" for sexual offenders.

By Council Members Vallone, Jr., Ferreras, Vacca and Ulrich.

Whereas, There has been a troubling increase in the number of reported sexual attacks in the subway; and

**Whereas,** According to statistics released by the Metropolitan Transportation Authority (MTA), during the period of January to November 2012 there were nine reported cases of rape in the subway system, an increase from three reported cases during the same period in 2011; and

Whereas, While the MTA does not provide more detailed statistics on sexual attacks in the subway, according to an article published in 2011 in the New York Daily News, in 2011 the NYPD received 600 complaints of sexual harassment in the subway, and according to the same report the real number of sexual attacks is probably in the thousands because it is underreported; and

**Whereas,** A 2007 survey released by the Manhattan Borough President's office found that sexual harassment and assault was a widespread problem on New York City subways; and

Whereas, The report titled, "Hidden in Plain Sight: Sexual Harassment and Assault in the New York City Subway System," noted that while actual statistics of sexual assault on the subway were not available, anecdotal data shows the existence of the problem; and

**Whereas,** The Manhattan Borough President report surveyed more than 25,000 people, and found that 63 percent of respondents reported having been sexually harassed on the subway, 10 percent of respondents reported having been sexually assaulted on the subway, and 69 percent of respondents reported feeling sexually threatened on the subway; and

**Whereas,** The report also found that 96 percent of those who reported being sexually harassed did not report the incident to the authorities, 86 percent of respondents who had been sexually assaulted did not report the incidents to the authorities; and

Whereas, According to New Yorkers for Safe Transit, in 2008 the MTA launched a campaign in the subway to inform riders about the dangers of sexual

assaults and to make it clear that crowded trains are no excuse for inappropriate touching or conduct; and

Whereas. In addition, the MTA should post a photograph of individuals convicted of public lewdness or sexual assault in the New York City subway system, in the subway station where the individual committed the offense; and

Whereas. While public identification will not replace effective prosecution and law enforcement, it may deter further acts of sexual harassment and assault in the subway while also alerting passengers of persons to avoid; and

Whereas, Sexual assault continues to be a scourge in the subway, and is a leading quality of life issue for many New Yorkers, especially female riders on the train; now, therefore, be it

Resolved, That the Council of the City of New York calls upon Metropolitan Transit Authority to institute a "Wall of Shame" for sexual offenders.

Referred to the Committee on Transportation.

#### Res. No. 1677

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, legislation authorizing New York City to install and operate red light cameras at more than 150 intersections.

By Council Members Van Bramer, Levin, Brewer, Chin, Comrie, Dromm, Ferreras, James, Koo, Koppell, Lander, Mark-Viverito, Palma, Rose and Rodriguez.

Whereas, Red light cameras help enforce traffic laws by automatically photographing vehicles that disobey stop lights; and

Whereas, The camera is triggered by any vehicle entering an intersection above a preset minimum speed, and it records the date, time of day, time elapsed since the beginning of the red signal, vehicle speed, and license plate, and Notices of Liability are mailed to the registered owners of the violating vehicles; and

Whereas, The New York City Department of Transportation (DOT) has been operating a Red Light Camera Program since 1993; and

Whereas, According to DOT, intersections where cameras have been installed have seen a 56% decline in serious injuries, a 44% decrease in pedestrian injuries and a 16% decrease in all injuries; and

Whereas, The presence of red light cameras serves as a deterrent; red-light violations have dropped by 40 to 60 percent at locations where they have been installed, according to DOT; and

Whereas, The State Vehicle and Traffic Law currently authorizes the City to operate red light cameras at only 150 intersections at any one time; and

Whereas, Given the demonstrated success of the City's Red Light Camera Program at making the limited intersections where it has been deployed significantly safer for drivers, passengers, cyclists, and pedestrians, the program should be expanded to as many intersections as possible; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, legislation authorizing New York City to install and operate red light cameras at more than 150 intersections.

Referred to the Committee on Transportation.
