

Local Law 45 (2018) Report

Fiscal Year 2018 Report

Erratum

NYC
DCAS

Citywide Administrative
Services

Local Law 45 of 2018 Fiscal Year 2018 Report, corrected after original publication in calendar year 2019.

1. Ownership status

Ownership statuses of some covered facilities were incorrect in the original published report. Eight facilities listed as leased in the published report were actually City-owned in Fiscal Year 2018, and 97 covered facilities listed as City-owned in the published report were actually leased in Fiscal Year 2018. See Table 1 for those facilities whose ownership status was incorrect in the original published report.

Table 1. FY18 LL45 report ownership status: original published and corrected updated

Facility name	Address	Agency/ Organization	Original published ownership	Corrected updated ownership

2. Solar Generation

Solar generation data in the original published report was incorrect for some facilities.¹ See Table 2 for a comparison of the solar generation totals between the

original published and corrected updated reports. See Table 3 for a listing of facilities original published solar generation and the corrected solar generation in the updated report.

Table 2. FY18 LL45 report solar generation: totals comparison between original published and corrected updated (in kWh)

	Fiscal Year 2014 solar generation	Fiscal Year 2015 solar generation	Fiscal Year 2016 solar generation	Fiscal Year 2017 solar generation	Fiscal Year 2018 solar generation
Original published report	0	0	1,108,467	2,354,604	4,337,839
Corrected updated report	434,679	1,092,634	4,928,593	7,123,788	7,093,194
Difference	434,679	1,092,634	3,820,126	4,769,184	2,755,355
Difference (%)	N/A	N/A	345%	203%	64%

¹ For systems without operational data acquisition systems the annual generation is estimated as $kW-DC \times 1100 \text{ sun-hours/year}$ for New York City based on NREL sun-hour data and an industry standard 25 percent discount factor to account for losses from imperfect azimuth angle, soiling, shading, degradation and even losses due to irradiation from pollution, inter alia. For these systems, estimated annual generation (kWh) is reported as the same in each year based on this methodology.

3. Electricity Usage

In the original FY18 LL45 report, the electricity usage for covered facility X420 was incorrect due to another facility's electricity account was counted towards X420. This inaccuracy was not repeated in later years' reports. Also, in the original FY18 LL45 report Section 1's "Electricity Usage Trends in kWh for All Covered Facilities, Fiscal Years 2014-2018" table, the signs for the "Percent Change in Total Usage from Previous Fiscal Year" values were incorrect. See Table 4 for the original and corrected X420 electricity usage. See the corrected signs (with corrected usage amounts) in Table 5 below.

Table 4. *FY18 LL45 report X420 electricity usage: Original published amounts and corrected updated amounts (in kWh)*

Facility	Service Address	Agency	Original FY14 grid electricity usage	Updated FY14 grid electricity usage	Original FY15 grid electricity usage	Updated FY15 grid electricity usage	Original FY16 grid electricity usage	Updated FY16 grid electricity usage	Original FY17 grid electricity usage	Updated FY17 grid electricity usage	Original FY18 grid electricity usage	Updated FY18 grid electricity usage

Percent Change in Total Usage from Previous Fiscal Year	-	0.56%	0.12%	1.49%	-1.59%

4. Fossil Fuel and Steam Usage

The original FY18 LL45 report Section 3's "Fossil Fuel and Steam Usage in MMBtus for All Covered Facilities, Fiscal Years 2014-2018" table was mislabeled. It has been corrected to "Fossil Fuel and Steam Usage in MMBtus for All Covered Facilities, Fiscal Years 2013-2017." Also, the signs for the "Percent Change in Total

Usage from Previous Fiscal Year" values were incorrect. Lastly, due to the incorrect ownership status being attributed to certain covered facilities, fossil fuel usage amounts were incorrect due to 97 leased facilities being included in fossil fuel totals and eight being excluded. See the corrected signs (with corrected usage amounts) in Table 6 below.

Table 6. FY18 LL45 report fossil fuel + steam usage: corrected usage and percent change signs (in MMBtu)

	FY 2013	FY 2014	FY 2015	FY 2016	FY 2017	Change Over Last 5 FYs
Natural Gas	4,796,314	5,080,832	5,179,165	4,949,956	5,458,219	661,905

Steam Usage	142,700	163,530	174,466	150,332	145,230	2,530
Total Fossil Fuel + Steam Usage	8,210,560	8,876,092	8,984,838	6,914,304	7,398,655	-811,904
Total Fossil Fuel + Steam Usage Change from Previous Fiscal Year	-	8.1%	1.2%	-23.0%	7.0%	*-9.9%

*Percent change using Fiscal Year 2013 as base year.

5. Fossil Fuel Usage

Due to the incorrect ownership status being attributed to certain covered facilities, fossil fuel usage amounts were incorrect due to 97 leased facilities being included in fossil fuel and steam usage totals, and eight being excluded. Please see Table

6 below for the comparison of the gross fossil fuel usage totals between the original published report and the corrected updated report. See Table 7, Table 8, and Table 9 for a gross comparison of fossil fuel usage by energy type.

Table 7. FY18 LL45 report fossil fuel + steam usage: totals comparison between original published and corrected updated (in MMBtu)

Corrected updated report	142,700	163,530	174,466	150,332	145,230	2,530

6. Envelope Assessment

Eighteen City-owned covered facilities referenced in the original FY18 LL45 report Section 4 were mistakenly identified as having undergone an envelope

assessment as part of the Deep Energy Retrofit Program. See Table 11 for list facilities incorrectly listed as having undergone an envelope assessment in the original published report.

Table 11. *FY18 LL45 report envelope assessments: facilities which incorrectly had listed assessments in original published report*

The address for covered facility Q298 incorrectly listed as 229-02 137th Ave. The correct address is 50-51 98th Street.

Within Appendix A: Covered Facilities' Electricity Usage

A misspecification of the lower bounds in the color conditional formatting for the 11%-24% which included facilities that had greater than 10% but less than 11% (e.g., 10.7%) resulting in 14 additional covered facilities being colored orange when they should be colored yellow. Section 1's report text reflects the correct number of facilities for each percentage group since it was calculated based on percentages as opposed to the color of the cells.

Within Appendix C: City-Owned Facilities' Fossil Fuel Usage

A printing transcription error resulted in 174 covered being excluded from the original published version of report. These covered facilities were included in the fossil fuel analysis within Section 3 of the original published report.

Within Appendix D: City-Owned Facilities' Building Envelope Status

An outdated version of table was published by mistake.

All errata listed above have been corrected in the updated published version of the report.
