We are deeply grateful to everyone who helped produce the sixth annual Vision Zero Fleet Safety Forum. We would like to recognize and thank our agency partners in producing the forum: NYC DOT and NYC DPR and our partner lines of service at NYC DCAS: Graphics, Training, and Special Events. Thanks to NYC DOT, NYC DOF, NYC BIC, the MTA, and all the speakers who participated in our program. Thanks to the US DOT Volpe Center, Together for Safer Roads, and all our agency fleet partners for their work on our Vision Zero initiatives. Thank you to all of our staff at DCAS NYC Fleet for their work on all of our Vision Zero initiatives. Thank you to everyone on the Vision Zero Task Force for their partnership in making our streets safer for everybody in NYC. And last, but not least, a special thank you to the Queens Theatre for hosting us.
