

BILL DE BLASIO
Mayor

DEPARTMENT OF CITYWIDE ADMINISTRATIVE SERVICES
BUREAU OF EXAMINATIONS

LISETTE CAMILO
Commissioner

NOTICE OF EXAMINATION

PROMOTION TO COMPUTER SPECIALIST (OPERATIONS)

Exam No. 8532

WHEN TO APPLY: From: May 2, 2018

APPLICATION FEE: \$85.00

To: May 22, 2018

If you choose to pay the application fee with a credit/debit/gift card, you will be charged a fee of 2.49% of the payment amount. This fee is nonrefundable.

YOU ARE RESPONSIBLE FOR READING THIS ENTIRE NOTICE BEFORE YOU SUBMIT YOUR APPLICATION.

WHAT THE JOB INVOLVES:

Computer Specialists (Operations), under supervision, with considerable latitude for independent action or the exercise of independent judgement, are responsible for providing management with state-of-the art technical assistance in all aspects of data processing operations. They provide supervision or senior staff support of computer operations in a large-scale, multi-programmed mainframe computer environment, or within a large networked or multi-tier computer environment. All Computer Specialists (Operations) perform related work.

Special Working Conditions:

Computer Specialists (Operations) may be required to work various shifts including nights, Saturdays, Sundays, and holidays.

(This is a brief description of what you might do in this position and does not include all the duties of this position.)

THE SALARY:

The current minimum salary is \$71,330 per annum. This rate is subject to change.

ELIGIBILITY TO TAKE EXAMINATION:

This examination is open to each employee of an agency under the jurisdiction of the Commissioner of the Department of Citywide Administrative Services who **on the last day of the application period:**

(1) is permanently (not provisionally) employed in or appears on a Preferred List (see Note, below) for the title of Computer Associate (Operations); and

(2) is not otherwise ineligible.

(Note: A "Preferred List" is a civil service list which is only for certain former permanent employees of the eligible title who have rehiring rights.)

This examination is also open to employees who were appointed to an eligible title pursuant to New York State Civil Service Law, section 55-a, and who meet all other eligibility requirements.

If you do not know if you are eligible, check with **your agency's personnel office**. You are responsible for determining whether or not you meet the eligibility requirements for this examination prior to submitting your application. If it is determined prior to the test date that you are not eligible to participate in this examination, you will not receive an Admission Notice to take the education and experience test, you will not be permitted into the test site, and your application fee will not be refunded. If it is determined after the test date that you are not eligible to participate in this examination, your application fee will not be refunded and you will not receive a score.

ELIGIBILITY TO BE PROMOTED:

In order to be eligible for promotion, you must have completed your probationary period in the eligible title as indicated in the above "Eligibility To Take Examination" section, and you must be permanently employed in the eligible title or your name must appear on a Preferred List for the eligible title at the time of promotion. Additionally, you must have served permanently in the eligible title for at least one year, unless your probationary period in that eligible title has been waived pursuant to Rule 5.2.4 of the Personnel Rules and Regulations of the City of New York.

READ CAREFULLY AND SAVE FOR FUTURE REFERENCE

HOW TO APPLY:

If you believe you are eligible to take this examination, submit an application on the Online Application System (OASys) at www.nyc.gov/examsforjobs. Follow the onscreen application instructions for electronically submitting your application and payment, and completing any required information. A unique and valid email address is required to file online. Several internet service providers, including but not limited to Google, Yahoo!, AOL, Outlook.com, and Mail.com offer free email addresses. **All new OASys accounts require verification before a candidate can submit an application to ensure the accuracy of candidate information. Verification is instantaneous for most accounts, but some accounts may require up to two (2) business days to be reviewed by a staff member and resolved. Email notification will be sent to those creating accounts that require additional documentation before they can be resolved. Please keep this information and the application period deadline in mind when creating your account.** The following methods of payment are acceptable: major credit card, bank card associated with a bank account, or a prepaid debit card with a credit card logo which you may purchase online or at various retail outlets.

If you are receiving or participating in certain forms of public assistance/benefits/programs, or are a veteran, you may qualify to have the application fee waived. For more information on eligibility for a fee waiver and documentation requirements, visit the Fee Waiver FAQ on the Online Application System at <https://a856-eeexams.nyc.gov/OLEE/oasys/FAQFeeWaiver.aspx>.

You may come to the DCAS Computer-based Testing & Applications Centers to file for this examination online and submit a money order payable to DCAS (Exams) or to submit documentation for a fee waiver. The centers will be open Monday through Saturday from 9:00 AM to 5:00 PM:

Manhattan	Brooklyn	Queens	Staten Island
2 Lafayette Street 17th Floor New York, NY 10007	210 Joralemon Street 4th Floor Brooklyn, NY 11201	118-35 Queens Boulevard 5th Floor Forest Hills, NY 11375	135 Canal Street 3rd Floor Staten Island, NY 10304

Special Circumstances Guide: This guide is located on the DCAS website at www.nyc.gov/html/dcas/downloads/pdf/misc/pdf_c_special_circumstances_guide.pdf and available at the DCAS Computer-based Testing & Applications Centers. This guide gives important information about claiming Veterans' or Legacy credit, and notifying DCAS of a change in your mailing address. Follow all instructions on the Special Circumstances Guide that pertain to you when you complete your "Application for Examination."

REQUIRED INFORMATION:

- 1. Application for Examination:** Follow the online instructions, including those relating to the payment of fee and, if applicable, those found in the Special Circumstances Guide.
- 2. Affirmation Form:** The Affirmation Form, which is found online, must be printed, signed, dated and sent by mail to the address on the form. If DCAS does not receive your completed Affirmation Form, your application will not be considered complete, and your name will not appear on the eligible list for this examination.
- 3. Education and Experience Test:** Write your social security number, the examination title and number in the box at the top right side of the cover page. Fill out Section B. This form must be filled out completely and in detail for you to receive your proper rating. Keep a copy of your completed Education and Experience Test Paper for your records.

THE TEST:

You will be given an education and experience test. Your score on this test will determine your place on an eligible list. On the education and experience test you will receive a score of 70 points for meeting the eligibility requirements listed above. After these requirements are met, you will receive additional credit up to a maximum of 100 points on the following basis:

For satisfactory, full-time experience with the City of New York as a permanent (not provisional) employee as a project leader or as a major contributor on a complex project in computer operations or data communications in a large-scale mainframe or a large networked or multi-tiered environment, you will receive:

15 points for at least one year but less than three years of experience; or

30 points for at least three years of experience.

For satisfactory, full-time experience with an employer other than the City of New York as a project leader or as a major contributor on a complex project in computer operations or data communications in a large-scale mainframe or a large networked or multi-tiered environment, you will receive:

7.5 points for at least one year but less than three years of experience; or

15 points for at least three years of experience.

For satisfactory, full-time experience with the City of New York as a permanent (not provisional) employee in computer operations or data communications, operating computer consoles and computer peripheral devices, in a large-scale mainframe or a large networked or multi-tiered environment, you will receive:

5 points for at least one year but less than three years of experience; or

10 points for at least three years of experience.

For satisfactory, full-time experience with an employer other than the City of New York in computer operations or data communications, operating computer consoles and computer peripheral devices, in a large-scale mainframe or a large networked or multi-tiered environment, you will receive:

2.5 points for at least one year but less than three years of experience; or

5 points for at least three years of experience.

NOTE: In order to have your experience accepted as Project Leader or Major Contributor, each task in which you performed work as a Project Leader or Major Contributor must be described in detail and it must be clearly labeled by using either "Project Leader" or "Major Contributor". In order to have your experience as a Project Leader or Major Contributor on a complex project accepted, you must have dedicated 50% of your time performing duties as a Project Leader or Major Contributor. Experience in computer software development and maintenance, technical support, quality assurance (QA), or as an end user will not be accepted to gain additional credit. Experience in hardware installation also will not be accepted, however, experience providing technical expertise in the planning, installation, modification and configuration of information technology systems or facilities is acceptable. The experience used to get additional credit must be met by the last day of the Application Period (May 22, 2018).

You will receive a maximum of one year of experience credit for each year you worked. If you have any of the above experience on a part-time basis, it will be credited according to the equivalent percent of full-time experience. Each year of experience will be credited under only one category which will be the highest appropriate category.

CHANGE OF MAILING AND/OR EMAIL ADDRESS:

It is critical that you promptly notify DCAS of any change to your mailing address and/or email address. If we do not have your correct mailing and/or email address, you will not receive information about your exam(s), consideration for appointment and/or important information that may require a response by a specified deadline. Change of mailing and/or email address requests submitted to any agency other than DCAS, such as to the United States Postal Service, will NOT update your records with DCAS.

To update your mailing and/or email address with DCAS, you must submit the change request by mail or in person. Your request must include your full name, social security number, exam title(s), exam number(s), previous mailing and/or email address, and your new mailing and/or email address. Your request can be mailed to DCAS Records Room, 1 Centre Street, 14th Floor, New York, NY 10007 or brought in person to the same address Monday through Friday from 9AM to 5PM. The following link will provide you with the DCAS Data Correction Form: <http://www.nyc.gov/html/dcas/downloads/pdf/misc/dp148a.pdf>.

THE TEST RESULTS:

If you are marked eligible and pass the experience test, your name will be placed in final score order on an eligible list, you will be given a list number and you will be notified by mail of your test results. The eligible list determines the order by which candidates will be considered for promotion. If you meet all requirements and conditions, you will be considered for promotion if your name is reached on the eligible list. Once a list has been established, it will typically remain active for four years. To learn more about the civil service system go to: http://www.nyc.gov/html/dcas/html/work/civilservice_1.shtml.

ADDITIONAL INFORMATION:

Selective Certification for Special Experience and/or Certificate:

If you have the experience listed in one or more of the areas listed below, you may be considered for promotion to positions requiring this experience through a process called Selective Certification. Experience obtained in provisional service will not be considered when evaluating whether candidates qualify for Selective Certification. If you qualify for Selective Certification, you may be given preferred consideration for positions requiring this experience. Your experience will be checked by the promoting agency at the time of promotion. If you wish to apply for this Selective Certification, state the **3 digit Selective Certification ("SC") code** in Section D of the Education and Experience Test. If you meet the Selective Certification requirement at some future date, please submit a request by mail to: DCAS Bureau of Examinations - Exam Development Group, 1 Centre Street, 14th Floor, New York, NY 10007. Please include the examination title and number, your social security number, and state the **3 digit SC code** on your correspondence.

1. **A/S 400:** At least two (2) years of satisfactory, full-time experience in the operation of A/S 400 operating systems. **To add Selective Certification for A/S 400, enter "AS4" in Section D of the Education and Experience Test.**
2. **Advanced Enterprise Web Analytics Administration:** At least three (3) years of satisfactory, full-time experience in installation, configuration, implementation, maintenance and enhancement of Enterprise Web Analytics Systems. Examples include, but are not limited to: WebTrends Analytics, Google Analytics, Microsoft SQL Server. **To add Selective Certification for Advanced Enterprise Web Analytics Administration, enter "116" in Section D of the Education and Experience Test.**
3. **Advanced Web Infrastructure System Administration:** At least five (5) years of satisfactory, full-time experience in installation, configuration, implementation, maintenance and enhancement of Enterprise Integration Bus and its related platforms. Examples include, but are not limited to IBM WebSphere Broker, IBM MQ, IBM DataPower, WebLogic, iWay, Oracle BPM. **To add Selective Certification for Advanced Web Infrastructure System Administration, enter "117" in Section D of the Education and Experience Test.**
4. **AIX Server Administration:** At least five (6) years of satisfactory, full-time experience in AIX System administration. The experience must include, but is not limited to: configuration and administration of enterprise-class servers including IBM AIX 4.x, AIX 5.1, AIX 5.2, AIX 5.3, or AIX 6.1.4 or higher versions in large-scale data center operations support functions. **To add Selective Certification for AIX Server Administration, enter "363" in Section D of the Education and Experience Test.**
5. **Apple Operations Technical Support:** At least five (5) years of satisfactory, full-time experience in Apple systems support, including print, graphics and post-editorial support. **To add Selective Certification for Apple Operations Technical Support, enter "AOT" in Section D of the Education and Experience Test.**
6. **Asset Management:** At least one (1) year of satisfactory, full-time IT Asset and Configuration Management experience in a large Microsoft Windows enterprise environment. Must have at least one of the following certifications: IAITAM Certification (CITAM, CSAM, CHAMP, CMAM, CITAD,

- CAMP), ITAM foundations or ITIL v3 foundations. Experience must include tracking and managing the lifecycle of an IT Asset from procurement, receiving and inventory management to deployment and retirement, using Asset Management and Discovery tools like BMC Remedy, AssetGen, ServiceNow, RedBeam, BMC SDE SupportMagic, Bladelogic, ADDM, Sciencelogic, ITOM Discovery. **To add Selective Certification for Asset Management, enter "108" in Section D of the Education and Experience Test.**
7. **Backup Administration:** At least five (5) years of satisfactory, full-time experience as a full-time administrator of a large-scale backup software product such as NetBackup, Networker, TSM, Simpana, Data Protector or Avamar, or five (5) years of satisfactory, full-time experience as a backup administrator administering either SAN storage or a virtualization hypervisor platform, or both. **To add Selective Certification for Backup Administration, enter "119" in Section D of the Education and Experience Test.**
 8. **Backup Engineering:** At least five (5) years of satisfactory, full-time experience in design, deployment, administration, and operations of Enterprise level SAN and NAS solutions. This experience must include all levels of the project lifecycle from architecting to deployment, to managing day-to-day operations, including troubleshooting Enterprise class data storage systems in multiple OS environments. **To add Selective Certification for Backup Engineering, enter "118" in Section D of the Education and Experience Test.**
 9. **Brocade Certified Fabric Administration:** Must have the Brocade Certified Fabric Administrator Certification from Network Appliance. **To add Selective Certification for Brocade Certified Fabric Administration, enter "129" in Section D of the Education and Experience Test.**
 10. **Change Management:** At least one (1) year of satisfactory, full-time experience in a large-scale IT enterprise, coordinating infrastructure and application changes via a Change Advisory Board (CAB), deep understanding of various change management methodologies and tools (BMC SDE SupportMagic, Remedy & ServiceNow), experience in looking across the enterprise and integrating key information from various major change initiatives, ability to manage the lifecycle of a Change Request from inception to closure, ability to ask technical questions and ensure that there are no change conflicts and that back out plans are included, and experience in facilitating meetings and asking probing questions to identify risk. **To add Selective Certification for Change Management, enter "168" in Section D of the Education and Experience Test.**
 11. **Computer Telephony Integration Systems Administration:** At least three (3) years of satisfactory, full-time experience in administering, supporting, designing, developing, installing, configuring, implementing, maintaining and/or enhancing Computer Telephony Integration systems. Examples include, but are not limited to: Genesys, PBX, Nortel or/and Avaya Telephony system IIS, Siebel, MS Dynamics, Oracle CRM and Salesforce, Unix, Linux and SQL. **To add Selective Certification for Computer Telephony Integration Systems Administration, enter "CTI" in Section D of the Education and Experience Test.**
 12. **Continuous Process Improvement Management:** At least one (1) year of satisfactory, full-time experience developing and implementing enterprise wide IT processes for a large public organization. Experience must include working with business owners and subject matter experts to define process controls, develop system requirements for integration, and identify the inputs and outputs of other processes. Must have experience in building a process from the ground up and/or developing best practice assessments for the implementation of a continual process improvement. **To add Selective Certification for Continuous Process Improvement Management, enter "216" in Section D of the Education and Experience Test.**
 13. **CRM Systems Administration:** At least three (3) years of satisfactory, full-time experience in administering, supporting, designing, developing, installing, configuring, implementing, maintaining and/or enhancing industry leading Customer Relationship Management (CRM) Systems. Examples include, but are not limited to: Siebel, MS Dynamics, Oracle CRM and Salesforce, Actuate and/or BI Publisher reports, Visual Studio, IIS, SQL Server, SSRS, XML/XSL/Web Services, Unix, Linux, and/or SQL. **To add Selective Certification for CRM Systems Administration, enter "233" in Section D of the Education and Experience Test.**
 14. **EMC Certified Storage Administration (Isilon Specialist):** Must have the Storage Administrator Specialist (Isilon Solutions) Certification from Network Appliance. **To add Selective Certification for EMC Certified Storage Administration (Isilon Specialist), enter "24E" in Section D of the Education and Experience Test.**
 15. **EMC Certified Storage Administration (SAN Specialist):** Must have the Storage Administrator Specialist (SAN Solutions) Certification from Network Appliance. **To add Selective Certification for EMC Certified Storage Administration (SAN Specialist), enter "24B" in Section D of the Education and Experience Test.**
 16. **EMC Certified Storage Administration (VMAX Solutions Specialist):** Must have the Storage Administrator Specialist (VMAX solutions) Certification from Network Appliance. **To add Selective Certification for EMC Certified Storage Administration (VMAX Solutions Specialist), enter "24C" in Section D of the Education and Experience Test.**
 17. **EMC Certified Storage Administration (VNX Solutions Specialist):** Must have the Storage Administrator Specialist (VNX solutions) Certification from Network Appliance. **To add Selective Certification for EMC Certified Storage Administration (VNX Solutions Specialist), enter "24D" in Section D of the Education and Experience Test.**
 18. **Enterprise Management Systems:** At least (5) years of satisfactory full-time experience working with monitoring and analysis tools including SNMP, Netflow, sFlow, Wireshark, SPLUNK, and/or ExtraHop. Must have basic experience in networking configuration and design; programming with PowerShell and C+; and experience in writing command line scripts to automate repetitive jobs. Must have at least (3) years of additional satisfactory full-time experience in UNIX/LINUX scripting (both installation and configuration); software applications development including analysis, coding, testing, deployment and support; hands-on experience with VMWare; and/or familiarity with Cloud Management Platforms, such as AWS, BJM, etc., and programming languages including Python, Perl, JavaScript, and Ruby. **To add Selective Certification for Enterprise Management Systems, enter "25J" in Section D of the Education and Experience Test.**
 19. **Enterprise Web Analytics Administration:** At least three (3) years of satisfactory, full-time experience in the installation, configuration, implementation, maintenance and enhancement of Enterprise Web Analytics Systems. Examples include, but are not limited to: WebTrends Analytics, Google Analytics, Microsoft SQL Server. **To add Selective Certification for Enterprise Web Analytics Administration, enter "25C" in Section D of the Education and Experience Test.**
 20. **Firewall System Operations:** At least six (6) years of satisfactory, full-time experience maintaining responsibility for firewall operational security infrastructure through the identification and evaluation of security protection measures and controls around the technical operations infrastructure. In addition, must have been responsible for operations and maintenance of enterprise information security firewall controls and for ensuring that the appropriate operational security procedures are maintained for

- information systems programs and data. **To add Selective Certification for Firewall System Operations, enter "279" in Section D of the Education and Experience Test.**
21. **Genetec Video Management System:** At least (2) years of satisfactory, full-time experience using Genetec Video Management Software. The experience must include configuration and administration of Omnicast and/or Security Center versions of Genetec products. **To add Selective Certification for Genetec Video Management System, enter "29L" in Section D of the Education and Experience Test.**
 22. **HP 9000 UNIX:** At least two (2) years of satisfactory, full-time experience in the operation of HP 9000 UNIX operating systems. **To add Selective Certification for HP 9000 UNIX, enter "UH9" in Section D of the Education and Experience Test.**
 23. **IBM RS/6000 UNIX:** At least two (2) years of satisfactory, full-time experience in the operation of IBM RS/6000 UNIX operating systems. **To add Selective Certification for IBM RS/6000 UNIX, enter "UIR" in Section D of the Education and Experience Test.**
 24. **Incident Management:** At least one (1) year of satisfactory, full-time experience in a large-scale IT enterprise, coordinating infrastructure and application support teams to restore normal service operation as quickly as possible, managing entire incident lifecycle and processes in order to stabilize IT service delivery, driving incident management process, including root cause identification, outage and incident solution, change recommendation and coordination, risk determination, and ongoing communications. Must be able to facilitate calls and ask technical questions to clearly understand issues and articulate possible solutions. Must have a high-level technical background in LAN/WAN concepts, Virtual Machines, Oracle databases, Active Directory, LDAP directories, Windows/Unix Operating systems, Office 365 messaging systems, and procedures for service delivery in ITSM and ITIL. **To add Selective Certification for Incident Management, enter "42R" in Section D of the Education and Experience Test.**
 25. **Information Technology Process Management:** At least five (5) years of satisfactory, full-time experience developing and implementing enterprise wide IT processes for a large public organization. This involves working with business owners and subject matter experts to define process controls, developing system requirements for integration, and identifying the inputs and outputs of other processes. Must have proven ability to build processes from the ground up and/or administer best practice assessments for the implementation of continual process improvement. Must be able to write highly technical and detailed content with exposure to all aspects of enterprise IT and telecommunications, as well as manage the planning and development, review, communication, training, and continual improvement of the process. **To add Selective Certification for Information Technology Process Management, enter "383" in Section D of the Education and Experience Test.**
 26. **Intrusion Prevention System Operations:** At least six (6) years of satisfactory, full-time experience monitoring an enterprise network, using an Intrusion Prevention System (IPS) Technology for malicious activities such as security threats and policy violations. In addition, using IPS technology to identify suspicious activity, log the information, attempt to block the activity, and then apply mitigation. **To add Selective Certification for Intrusion Prevention System Operations, enter "416" in Section D of the Education and Experience Test.**
 27. **IP Telephony Design Architecture:** At least five (5) years of satisfactory, full-time design experience working with Cisco Call Manager or Cisco Contact Center. **To add Selective Certification for IP Telephony Design Architecture, enter "385" in Section D of the Education and Experience Test.**
 28. **IP Telephony Design:** At least five (5) years of satisfactory, full-time hands-on experience working with Cisco Call Manager or Cisco Contact Center. **To add Selective Certification for IP Telephony Design, enter "387" in Section D of the Education and Experience Test.**
 29. **IT Problem Management:** At least one (1) year of satisfactory, full-time experience in a large-scale IT enterprise, managing a team of Problem Analysts/Support Problem Managers who manage the lifecycle of problems to stabilize IT service delivery and prevent reoccurrence that could impact critical systems. Must be able to ensure that identified problems, tasks and actions are documented in a post-mortem to prevent reoccurrences and that all process improvements and resulting change controls are implemented in a timely manner. **To add Selective Certification for IT Problem Management, enter "42D" in Section D of the Education and Experience Test.**
 30. **ITSM Implementation, Release & Deployment Support:** At least one (1) year of satisfactory, full-time experience in IT release management, implementing technical infrastructure projects, including planning, scheduling and controlling the migration lifecycle of all new and changed assets from Test to Live environments. Must have experience in coordinating the Release Management process, working with multiple cross-functional service delivery teams to complete technical implementations, and managing the implementation, deployment and notification swiftly and accurately. **To add Selective Certification for ITSM Implementation, Release & Deployment Support, enter "418" in Section D of the Education and Experience Test.**
 31. **LAN/WAN Network Engineering:** At least five (5) years of satisfactory, full-time experience with IP switched/routed based network; working knowledge of routing and switching (LAN/WAN), HSRP, GLBP, QOS multicasting, VLANs, VTP, NTP and load balancing; knowledge of IP addressing and subnetting (IPv4/6), routing protocols, including BGP, EIGRP, OSPF and MPLS; basic troubleshooting experience of Cisco hardware/OS software, including 72xx, 39xx, and 29xx series routers, 65xx, 37xx, and Nexus platform layer 2/3 switches. **To add Selective Certification for LAN/WAN Network Engineering, enter "422" in Section D of the Education and Experience Test.**
 32. **Linux Engineering:** At least five (5) years of satisfactory, full-time experience with UNIX & Linux System administration/engineering, including but not limited to experience administering, structuring, architecting, and supporting multi-tier web-based systems that are highly available and capable of handling large throughput and concurrency; and experience with Veritas products including Cluster Server, Volume Manager, File System, and/or other clustering and replication technologies. **To add Selective Certification for Linux Engineering, enter "DUL" in Section D of the Education and Experience Test.**
 33. **Mainframe Operations Management:** At least five (5) years of satisfactory, full-time experience in Mainframe Operations working with Jes2, Tso & Aoc, including a minimum of three (3) years of satisfactory, full-time experience as a Manager leading staff through testing and upgrading both software and hardware. **To add Selective Certification for Mainframe Operations Management, enter "46c" in Section D of the Education and Experience Test.**
 34. **Mainframe Operations:** At least five (5) years of satisfactory, full-time experience in Mainframe operations including a knowledge base in Jes2, Tso, Aoc, and production control batch experience working with IBM Workload Scheduler, Omegamon, Netview and mainframe console operations. **To add Selective Certification for Mainframe Operations, enter "46b" in Section D of the Education and Experience Test.**

35. **Messaging & Collaboration Engineering:** At least five (5) years of satisfactory, full-time experience working with MS Exchange, MS SharePoint, MS Lync, Storage Devices (including NetApp and EMC), BES, Windows Server, Archiving Solutions (including Enterprise Vault), eDiscovery, Scripting languages such as vbscript, and PowerShell. **To add Selective Certification for Messaging & Collaboration Engineering, enter "467" in Section D of the Education and Experience Test.**
36. **Multi-Large-Scale System Support Management:** At least five (5) years of satisfactory, full-time experience in design, deployment, administration, and operations of Enterprise level SAN and NAS solutions. This experience must include all levels of the project lifecycle from architecting to deployment to day to day operations including troubleshooting Enterprise class data storage systems in multiple OS environments. **To add Selective Certification for Multi-Large-Scale System Support Management, enter "477" in Section D of the Education and Experience Test.**
37. **Municipal Call Center Experience:** At least one (1) year of satisfactory, full-time Call Center experience working within a municipal government in a similar position, which provides services for a city with over 1 million in population. **To add Selective Certification for Municipal Call Center Experience, enter "MCC" in Section D of the Education and Experience Test.**
38. **Municipal Experience:** At least one (1) year of satisfactory, full-time Municipal experience working within a municipal government in a similar position, which provides services for a city with over 1 million in population. **To add Selective Certification for Municipal Experience, enter "MAP" in Section D of the Education and Experience Test.**
39. **MVS Z/OS:** At least two (2) years of satisfactory, full-time experience in the operation of MVS Z/OS Operating Systems. **To add Selective Certification for MVS Z/OS, enter "OSZ" in Section D of the Education and Experience Test.**
40. **MVS/VM/ESA:** At least two (2) years of satisfactory, full-time experience in the operation of MVS/VM/ESA operating systems. **To add Selective Certification for MVS/VM/ESA, enter "MVE" in Section D of the Education and Experience Test.**
41. **NetApp Certified Data Administration:** Must have the NetApp Certified Data Administrator Certification from Network Appliance. **To add Selective Certification for NetApp Certified Data Administration, enter "490" in Section D of the Education and Experience Test.**
42. **Network Design Administration:** At least five (5) years of satisfactory, full-time experience working with TCP/IP subnetting including one (1) year of satisfactory, full-time experience working with the basic configuration of Cisco routers and switches. **To add Selective Certification for Network Design Administration, enter "51A" in Section D of the Education and Experience Test.**
43. **Network Design Engineering:** At least five (5) years of satisfactory, full-time design experience working with a range of Cisco Catalyst and Nexus switches, routers, and F5 load balancers, with a minimum of two (2) years hands-on experience with BGP, and a minimum of three (3) years with OSPF routing protocols. **To add Selective Certification for Network Design Engineering, enter "51C" in Section D of the Education and Experience Test.**
44. **Network Operations Management:** At least five (5) years of satisfactory, full-time experience managing an IP switched/routed wide area network consisting of 100 plus nodes. Must have working knowledge of switching/routing protocols, good understanding of load balancing and optical networking technologies, experience with Network Data Center Environments and Remedy and Clarity systems, proficiency with industry standard documentation application software (e.g. Microsoft Visio, Excel, Project etc.), and experience managing a group of six or more WAN network engineers. **To add Selective Certification for Network Operations Management, enter "515" in Section D of the Education and Experience Test.**
45. **O/S 390:** At least two (2) years of satisfactory, full-time experience in the operation of O/S 390 operating systems. **To add Selective Certification for O/S 390, enter "OS3" in Section D of the Education and Experience Test.**
46. **Oracle DBA:** At least five (5) years of satisfactory, full-time experience as an Oracle DBA implementing and managing Oracle RAC environments, implementing Grid Infrastructure release 11.2 or higher on a Unix/Linux environment, and/or ASM cluster Filesystem implementation/maintenance. **To add Selective Certification for Oracle DBA, enter "580" in Section D of the Education and Experience Test.**
47. **Service Desk Quality Assurance:** Experience must include several of the following: creation and maintenance of Quality Assurance forms, reports, and checkpoints; creation of a monthly report on department and individual performance; data collection and analysis of Quality Assurance performance; analysis and reduction of perennial issues and errors; data management; advance use of MS Excel, Word, and PowerPoint; providing performance feedback and conducting corrective action process. **To add Selective Certification for Service Desk Quality Assurance, enter "SDQ" in Section D of the Education and Experience Test.**
48. **ServiceNow Development:** At least three (3) years of satisfactory, full-time experience in analysis, design, development, implementation and maintenance of applications with ServiceNow ITSM platform. **To add Selective Certification for ServiceNow Development, enter "61m" in Section D of the Education and Experience Test.**
49. **Solution Architecture:** At least three (3) years of satisfactory, full-time hands-on architectural experience in complex information technology assessments and implementations, such as experience in architecting complex large-scale systems incorporating packaged and custom applications. The experience must include knowledge of application architectures, enterprise architecture, release methodologies, project management, infrastructure support, production support, client/server applications, internet and intranet applications, operating systems (Solaris, Windows, etc.), database platforms (Oracle, Microsoft, IBM, etc.), desktop platforms, mobile platforms, web platforms, application frameworks (Java, .NET, etc.), content managers, portal products, application integration, and/or SOA development methodologies and environments. **To add Selective Certification for Solution Architecture, enter "626" in Section D of the Education and Experience Test.**
50. **SQL DBA:** At least five (5) years of satisfactory, full-time experience in Microsoft SQL Server Administration and Development, including SQL Server Database performance management and tuning, database fault analysis and resolution, and effective Database Backup/Recovery strategy deployment. **To add Selective Certification for SQL DBA, enter "718" in Section D of the Education and Experience Test.**
51. **Storage Engineering:** At least five (5) years of satisfactory, full-time experience in Storage Area Network design, configuration and administration. **To add Selective Certification for Storage Engineering, enter "SAN" in Section D of the Education and Experience Test.**
52. **UNIX/LINUX Server Administration:** At least five (5) years of satisfactory, full-time experience in UNIX/LINUX System administration, including, but not limited to in-depth installation, configuration, administration and tuning of enterprise class servers. **To add Selective Certification for UNIX/LINUX Server Administration, enter "DAX" in Section D of the Education and Experience Test.**

53. **Vax/VMS:** At least two (2) years of satisfactory, full-time experience in the operation of Vax/VMS operating systems. **To add Selective Certification for Vax/VMS, enter "VAX" in Section D of the Education and Experience Test.**
54. **VM Ware Engineering (Wintel):** At least five (5) years of satisfactory, full-time experience in Converged Network Architectures, 10 GB, NFS and/or Cisco Nexus (1k,2k,5k,7k or higher). **To add Selective Certification for VM Ware Engineering (Wintel), enter "744" in Section D of the Education and Experience Test.**
55. **VM Ware Support Engineering:** At least five (5) years of satisfactory, full-time experience in virtualization technologies, including but not limited to vRA, vROPS, VCO, and NSX. **To add Selective Certification for VM Ware Support Engineering, enter "774" in Section D of the Education and Experience Test.**
56. **VTAM:** At least two (2) years of satisfactory, full-time experience in the operation of VTAM operating systems. **To add Selective Certification for VTAM, enter "VTA" in Section D of the Education and Experience Test.**
57. **Web Content Management Systems Administration:** At least three (3) years of satisfactory, full-time experience in the installation, configuration, implementation, maintenance and enhancement of Web-Content Management Systems. Examples include, but are not limited to: Apache Web Server, Microsoft IIS, Tomcat, JBOSS, WebLogic, WebSphere, IBM MQ, iWay, FileNet, Documentum, TeamSite, Portal, and Siebel. **To add Selective Certification for Web Content Management Systems Administration, enter "WCS" in Section D of the Education and Experience Test.**
58. **Web Infrastructure System Administration:** At least three (3) years of satisfactory, full-time experience in the installation, configuration, implementation, maintenance and enhancement of Enterprise Integration Bus and its related platforms. Examples include, but are not limited to IBM WebSphere Broker, IBM MQ, IBM DataPower, WebLogic, iWay, and/or Oracle BPM. **To add Selective Certification for Web Infrastructure System Administration, enter "784" in Section D of the Education and Experience Test.**
59. **Windows Desktop Support Engineering:** At least five (5) years of satisfactory, full-time experience in design, development, implementation, maintenance and enhancement of hardware, applications, operating systems and computer imaging in a Microsoft Windows environment. Examples include, but are not limited to: Microsoft Office Suite, Microsoft Operating Systems, Browser based applications (Siebel, .NET Framework, Java) Adobe Suite, McAfee, Active Directory, Microsoft Deployment Tool Kit, SCCM and/or Bladelogic Client Management. **To add Selective Certification for Windows Desktop Support Engineering, enter "790" in Section D of the Education and Experience Test.**
60. **Windows Systems Administration:** At least five (5) years of satisfactory, full-time experience administering Windows servers in a large-scale environment with Windows 2003/2008/2012 Enterprise Server Platform or more recent version, Active Directory, Microsoft Clustering, and/or Remote Installation Services. **To add Selective Certification for Windows Systems Administration, enter "792" in Section D of the Education and Experience Test.**
61. **Workforce Management:** At least two (2) years of satisfactory, full-time experience in IT, including experience with workforce management tools in large multi-platform environments (ITIL Certification is a plus) forecasting work volume, scheduling, staffing, tracking real time adherence and conformity, analyzing contact center performance real time and historically, and identifying opportunities to improve performance, driving continuous improvement efforts, managing the coordination of training for Service Desk staff, transforming a Helpdesk to a Service Desk environment; implementing a technical training program; implementing solutions to increase first call resolution rates, and/or developing a defined methodology surrounding departmental policies, processes and procedures. **To add Selective Certification for Workforce Management, enter "807" in Section D of the Education and Experience Test.**

Selective Certification for Driver License: If you have a motor vehicle Driver License that is valid in the State of New York, you may be considered for appointment to positions requiring this license through a process called Selective Certification. If you have moving violations, license suspensions or an accident record, you may not be qualified for this Selective Certification. If you qualify for Selective Certification, you may be given preferred consideration for positions requiring this license. Your Driver License will be checked by the appointing agency at the time of appointment. **To add Selective Certification for Driver License, enter "MVO" in Section D of the Education and Experience Test.**

The above Selective Certification requirements may be met at anytime during the duration of the list. If you meet the requirement for Selective Certification at some future date, please submit a request by mail to: DCAS Bureau of Examinations - Exam Development Group, 1 Centre Street, 14th Floor, New York, NY 10007. Please include the examination title and number, your social security number, and state the selective certification you are requesting on your correspondence.

Application Receipt:

You will be emailed a receipt immediately after you have applied for the examination. If you do not receive this receipt, contact DCAS at OASys@dcas.nyc.gov. Include the last four digits of your social security number or the OASys confirmation number and the examination number and title in your email.

PENALTY FOR MISREPRESENTATION:

Any intentional misrepresentation on the application or examination may result in disqualification, even after promotion, and may result in criminal prosecution.

The General Examination Regulations of the Department of Citywide Administrative Services (DCAS) apply to this examination and are part of this Notice of Examination. They are posted at nyc.gov/dcas and copies are available at the DCAS Computer-based Testing & Applications Centers.

The City of New York is an Equal Opportunity Employer.
Title Code No. 13622; Computer Operations Occupational Group.

For information about other exams, and your exam or list status, call 212-669-1357.
