Special Insert: Guide for Completing the Online Examination

This online examination consists of the following sections:

- Application, including the Notice of Examination and payment of fee
- Education level
- Employment/Work Experience
- Licenses, Certificates, and/or Registrations
- Selective Certification
- Survey

There are detailed instructions online for each of these sections, so make sure that you read these instructions before you begin to fill out each section. In addition, the **Overview** and **Frequently Asked Questions (FAQs)**, which are accessible throughout the examination process, contain valuable information about the online examination process and civil service procedures governing examinations. This guide is a brief summary of some of the items found in these instructions.

1. You must complete the application and examination by midnight, Eastern time, of the last day of the filing period. If you do not complete your application, which includes payment of the filing fee, there will be no record that you applied for the examination.
2. You must have a Bachelor's of Science degree in Nursing (BSN) from a regionally-accredited college or university or one recognized by the New York State Education Department and a license **and** current registration to practice as a Registered Professional Nurse (RPN) in New York State in order to qualify for this examination. If you do not have a BSN and an RPN, you will be found **Not Qualified** and your application fee will not be returned.
A Bachelor's of Science in Nursing (BSN) is the only degree which may be used to meet the education requirement. Degrees such as a Master's of Science in Nursing or a Bachelor's of Arts in Nursing are not acceptable towards meeting the educational requirement.
3. **Completing the Education Level section:** For each degree you select, you must fill out the information requested. If you were educated in a foreign country, you must have an evaluation of your education sent directly to DCAS by a DCAS approved foreign education evaluation service no later than eight weeks from the last day of the application period. Your examination will be tentatively scored based on the education level you claim. Your foreign education evaluation will then be reviewed by DCAS examiners. If the evaluation differs from what you claimed, or if you did not submit a foreign education evaluation, your examination will be rescored.
4. **Completing the Employment/Work Experience section:** For each job you must fill out the information requested. A maximum of one month of full-time experience will be credited for each month you worked. Part-time experience will be pro-rated as follows:
 - 35 hours per week or more = 100%
 - 34 hours per week or less will be pro-rated as a percentage of a 35 hour work week.
 For each job you must select the tasks you performed from the tasks listed in the drop-down menu.
5. **Completing the Licenses, Certificates, and/or Registrations section:** Fill out the information requested. Additional credit is granted only for experience acquired after having received a Registered Professional Nurse license.
 - A. **Candidates who have a New York State Registered Professional Nurse License only:**
Select *A license and current registration to practice as a Registered Professional Nurse in New York State* from the drop-down menu. On the line labeled *Original Date of Issue* you must enter the date your RPN license was originally issued, not the date you renewed your

registration. Only experience gained after the original date of issue of your license will receive credit. Since the date of issue of your license predates the renewal date of your registration, you would be potentially lowering your score if you entered the renewal date of your registration rather than the original date of your license.

B. Candidates who have a Registered Professional Nurse license from another state: If you previously obtained a Registered Professional Nurse license from another state and this license was considered by the New York State Board for Nursing to be acceptable for issuing a New York State license, select *A license and current registration to practice as a Registered Professional Nurse in New York State* from the drop-down menu. On the line labeled *Original Date of Issue* you must enter the date you received the out-of-state license. Enter New York State license or registration number and expiration date in the appropriate boxes. After you have saved this information, you should select *Other* from the drop-down menu and enter the information concerning your out-of-state RPN license.

6. **Completing the Selective Certification section:** This section is optional and will not affect your score.

The General Examination Regulations of the Department of Citywide Administrative Services (DCAS) apply to this examination and are part of this Notice of Examination. They are posted at nyc.gov/dcas and copies are available at the DCAS Computer-based Testing & Applications Centers.
