Your service will be credited through the date of the test, up to a maximum of 15 years. Time served prior to a break in service of more than one year will not be credited.

The multiple-choice test is designed to assess the extent to which candidates have certain knowledges and abilities determined to be important to the performance of the tasks of a Supervisor Electrician. Tasks categories to be tested are as follows: repair, installation, and maintenance; safety; interpretation, review, and revision of drawings; supervising staff; and administrative duties.

Written Expression: Appropriately communicating information and ideas in written words and sentences so intended audience will understand. **Example:** A Supervisor Electrician might use this ability when responding to an email to a Supervisor.

Updating & Using Relevant Knowledge: Keeping up-to-date technically and applying new knowledge to the job. **Example:** A Supervisor Electrician might use this ability when staying up to date on the New York City Electrical Code amendments and updates.
