

Engineering the City Hiring Expo

NYC DCAS
Citywide Administrative Services

NYC
Environmental
Protection

Join the NYC Department of Citywide Administrative Services and the Department of Environmental Protection for a Citywide Engineering Hiring Event.

Meet with various agencies and interview for engineering roles that design, build, maintain, and protect the critical infrastructure that keeps New York City running, from transportation and water systems to buildings, energy, and public safety.

Who Should Attend

Candidates with at least a bachelor's degree in engineering or a bachelor's degree in engineering technology and at least two years of engineering experience.

Event Details

Date: Friday, April 10, 2026

Time: 10 a.m. – 3 p.m.
