

A City in Motion

ZEEHAN WAZED X ARTBRIDGE AUGMENTED EXPERIENCE

Astoria, NY

2023

Artbridge
connects the public to the arts

NYC Cultural Affairs

Thanks for checking out this spectacular work of art by [Zeehan Wazed](#), the acclaimed Queens-based painter, graffiti artist and performer. This installation is produced by Artbridge with support from the Durst Organization. It is a part of City Canvas, an initiative of the NYC Department of Cultural Affairs

To access the magic of augmented reality (AR) and fully experience “A City in Motion,” please download the Artvive app (available free, no registration required) through one of the following links:

[App Store](#)

[Google Play Store](#)

Once you’ve downloaded and opened the app, your phone camera will be activated. All you need to do is point your camera at these areas of the mural and watch it magically come alive.

***A City in Motion** by multimedia artist and native Queens New Yorker, Zeehan Wazed, was created in cooperation with youth at the Hanac Cornerstone Community Center in Astoria Houses. It takes inspiration from the rich movement of this amazing city — from kids dancing in the streets to the everyday hustle and bustle. What seems chaotic on the surface, from a broader perspective reveals the delicate dance by which this city moves.*
