

The Department of Cultural Affairs (DCLA) is pleased to announce the launch of the reporting process for organizations funded through the Cultural Development Fund (“CDF”) for Fiscal Year 2022 (“FY22”). All organizations funded for FY22 must report on their funded services in order to retain the funds paid, receive any payments due, and remain in good standing for future funding. The online Final Report mimics the look and feel of the CDF Application; however, unlike the Application, users are able to edit and correct the data entered and to resubmit the form, which must be approved by the Agency prior to issuing final payment.

The information provided in the Final Report must detail the project described in your organization’s FY22 Grant Agreement or approved Scope of Services Request for Revision. For your reference, project information that was entered in the FY22 CDF Application/Renewal is displayed in blue throughout the report form; however, any revisions to those project details (submitted through a previously approved CDF Addendum form or the Scope of Services Request for Revision [via our website](#)) will not be reflected in the form. While entering your information, note that a high level of detail—including relevant programmatic, administrative and fiscal information—is required; in addition to the online form, documentation supporting each funded project should be uploaded online. **Remember that while applicants request funds for and are evaluated on their public services, funds received from DCLA can be used to cover any organizational costs other than capital expenditures, fundraising events, or government advocacy efforts.**

In addition to the online form, Supplemental Materials must be uploaded online. **Please do not mail hard copies to the DCLA office; these submissions will not be accepted.** The Additional Location template, Conflicts of Interest Certification and Supplemental Submission form can be found under the “Reporting” tab of [DCLA’s website](#). The Scope of Services Request for Revision is included as a section of the Supplemental Submissions form. The online form and Supplemental Materials are **due as soon as possible, and no later than 5:00PM on Monday, August 1, 2022.**

Once submitted, the online form and the Supplemental Materials will be reviewed by your program officer for detail, scope and accuracy. Please note that while the submission is being reviewed, the online form cannot be edited. If the submission lacks accuracy or detail, your program officer will request revisions; this request will allow edits to be made to the online form and will require re-submission. Multiple submissions of a Final Report will result in payment delays and may result in an unsatisfactory rating under this Grant Agreement, which could affect future funding, so **please check your submission and accompanying documentation carefully.**

**Failure to Submit a Complete or Timely Report**

As described in the FY22 Grant Agreement, organizations that do not comply with the reporting requirements above—including failure to submit a complete, accurate report by 5:00PM on August 1—will be ineligible for funding in Fiscal Years 2023 and 2024, and may be required to return funds received previously.

## LOGGING IN AND TIMING OUT

- **Only one "user" can be logged in at a time.** Please keep this in mind if multiple individuals will be working on the Report at different times.
- **Users will automatically be logged out of the system after 10 minutes of inactivity.** To keep the form active, you must SAVE the Report using any of the methods listed below. A pop-up message will alert you five minutes before the session automatically expires. Information entered after the last SAVE will be lost if you are automatically logged out, so be sure to save often.

## SIDEBAR

On the left side of each page you will find the sidebar, which you can use to jump to another section while saving your work (you do not need to complete each section sequentially). Once a section is complete, a checkmark will appear in the box next to that section. Use the sidebar to monitor your progress: you cannot submit the Report until every box is checked, indicating that each section is complete.

## ORIGINAL APPLICATION/RENEWAL INFO

The information you entered in your FY22 CDF Application or Renewal form is displayed as **BLUE TEXT** throughout the online Final Report. This information is a reference and reminder of what your organization proposed for funding, and should not be simply cut and pasted into the reporting fields. The report must include detailed information about your projects *as they actually occurred*. Remember: any revisions to those project details (submitted via an previously approved CDF Addendum or through the Scope of Services Request for Revision) will not be reflected in the online form. If you submitted the Scope of Services Request for Revision form, report on the project as revised.

This is the amount that will be processed upon completion and approval of this Final Report.

### CONDUIT INFORMATION

If your organization applied through a conduit (or fiscal sponsor) for FY22 please select "Yes" and enter the conduit's name here. Be sure to review this Final Report with your conduit prior to submission.
