This Public Participation Plan (PPP) Final Summary Report has been prepared to confirm that all items under the approved PPP have been fully executed and complied with. This report supplements the PPP Summary Report (dated December 10, 2025) and includes additional information from events that have occurred between the date of the PPP Summary Report, and the present.

Notable Events

After the PPP Summary Report was submitted, the Department issued a Notice of Complete Application (NOCA) for the project. A copy of the NOCA can be found in **Appendix A**.

The NOCA was published in the Queens Daily Eagle on January 8th, 2026. The Queens Daily Eagle is a paid newspaper that is regularly circulated in the Borough of Queens. A copy of the affidavit can be found in **Appendix B**.

In addition, the NOCA and draft permit were distributed to the list of stakeholders and interested parties.

Certification

By issuing this PPP Certification Document, in conjunction with the PPP Summary Report (dated December 10, 2026), AMC Engineering, PLLC, on behalf of the New York City Department of Design and Construction (NYCDDC), certifies that all requirements of the PPP have been executed and complied with in accordance with NYSDEC issued CP-29, to address environmental justice concerns and ensure community participation in the SPDES permit application process.

Permits(s) Applied for: 1 - Article 15 Title 15 Long Island Well Temporary Dewatering
1 - Article 17 Titles 7 & 8 Industrial SPDES - Surface Discharge

Project is located: in QUEENS COUNTY

Project Description:

The Department has prepared a draft permit and has made a tentative determination, subject to public comment or other information, to approve a proposed withdrawal and discharge of up to 194,400 gallons per day of treated groundwater into Flushing Creek/Bay (Class I) from a treatment system consisting of sedimentation, filtration and carbon adsorption at the applicant's project site located in Queens. The applicant proposes to install and operate a temporary construction dewatering and groundwater treatment system to facilitate reconstruction of asphalt plant including installation of new storm and sanitary sewers, hydrodynamic separators, and a sanitary holding tank. Pumped and treated groundwater is to be directed to an existing storm sewer on Northern Blvd, which discharges to Flushing Creek/Bay via an existing NYCDEP outfall (BB-988).

The draft SPDES permit with fact sheet is available online at <https://dec.ny.gov/fs/projects/draftpermits>. The draft permit files are contained within regional folders and named by the SPDES number contained in this notice.

Requests for a legislative (public statement) hearing must be sent in writing to the DEC contact person below by the comment deadline. The Department assesses such requests pursuant to 6 NYCRR Section 621.8. Refer to this application by the application number listed above and SPDES Number NY0277398.

Availability of Application Documents:

Filed application documents, and Department draft permits where applicable, are available for inspection during normal business hours at the address of the contact person. To ensure timely service at the time of inspection, it is recommended that an appointment be made with the contact person.

State Environmental Quality Review (SEQR) Determination

Project is an Unlisted Action and will not have a significant impact on the environment. A Negative Declaration is on file. A coordinated review was performed.
