DISAPPROVED

REVISED AND RESUBMIT

1. This approval is given subject to any corrections noted on the drawing, and subject to the condition that the Contractor is not relieved of the responsibility for correct measurements, dimensions, quantities, material, proper connection or requisite fitting of parts either to adjacent work or to parts of the same work, or for fully complying with the requirements of the contract drawings and specifications.
 2. Drawings have been checked for conformance with over-all design requirements and in particular, where applicable, as to structural strength of permanent structure and electrical current characteristics of electrically operated equipment.
 3. All measurements and conditions shall be checked and verified by the Contractor at the site.
 4. Corrections shown on this drawing shall not be deemed an order for extra work.
 5. No change shall be made on any approved drawing without the written authorization of the Department of the Design and Construction.
