

Jerome Avenue Area-Wide Pedestrian Safety and Streetscape Improvements

Located in The Bronx, NY

Bronx Community Board 5

June 4, 2026

NV5, Consultant

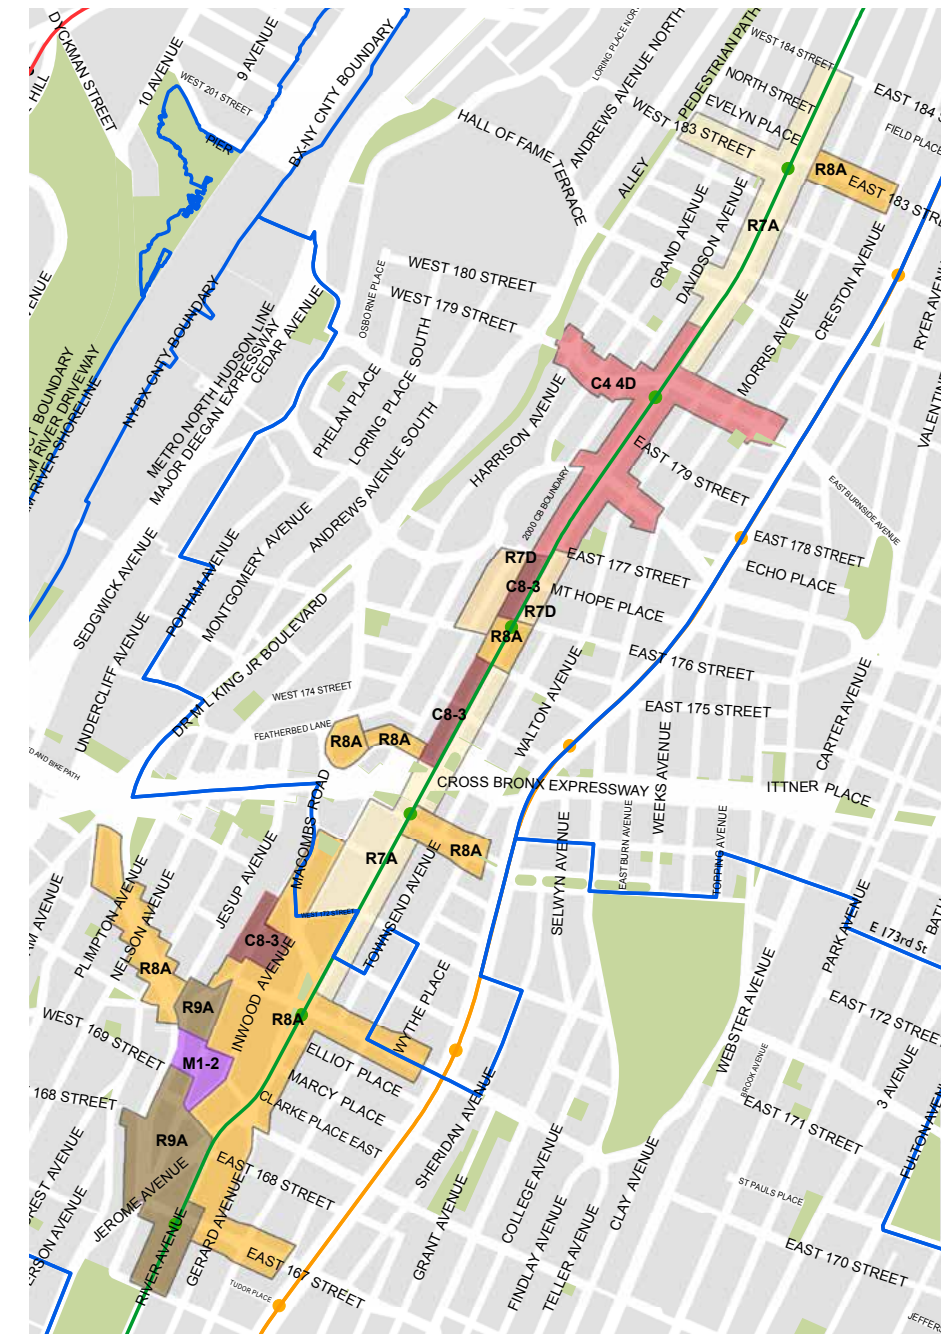

Project Size: Total 5.0 miles
(2.3 miles along Jerome Ave)

Jerome Avenue Neighborhood Plan

Fulfilling commitments to a historically underserved community.

- Four-year effort with over 40 public events
- Rezoning for affordable housing approved by NYC City Council 2018
- Implementation of capital plan commitments
- Enhance and expand Jerome Avenue's open spaces and streetscapes to support new residential and commercial growth from the rezoning.

Jerome Avenue Approved Zoning Map (March 6, 2018)

JEROME AVENUE NEIGHBORHOOD PLAN

Goals: Streetscape & Public Realm

Creating a safe, pedestrian-friendly, multimodal transit corridor to meet the needs of current and future residents, workers and transit riders.

- Update to “Optimizing bus operations by constructing six bus bulb outs Under the EI
- Employing corridor-wide pedestrian safety improvements
- Enhancing multimodal connections
- Establishing transit nodes and new communal spaces

Curb Extension - NACTO

Jerome Avenue Proposed Rezoning

PROJECT GOALS, OBJECTIVE, AND COMPONENTS

Goals: Streetscape & Public Realm

Developing safe transit and pedestrian connections underneath the elevated train structure.

- Vision Zero Priority Corridor
- Create ADA-compliant bus stops
- Improve conditions for passengers
- Shorten crossing distances at intersections
- Clarify sight lines
- Better defined street and open space
- Enhanced lighting

VISION ZERO 
Building a Safer City

TRANSIT AND SAFETY

Goals: Streetscape & Public Realm

Improving pedestrian safety, bolstering transit connections, and reclaiming underutilized public space.

- Additional lighting for bus stops, sidewalks and open spaces
- Clarify demarcations and optimize roadway space
- Provide enhanced pedestrian amenities (seating, street furniture and trees, etc.)
- Create overall streetscape cohesion and legibility

Poorly lit bus-stop (Intervale Avenue)

Lack of formal seating (Burnside Avenue)

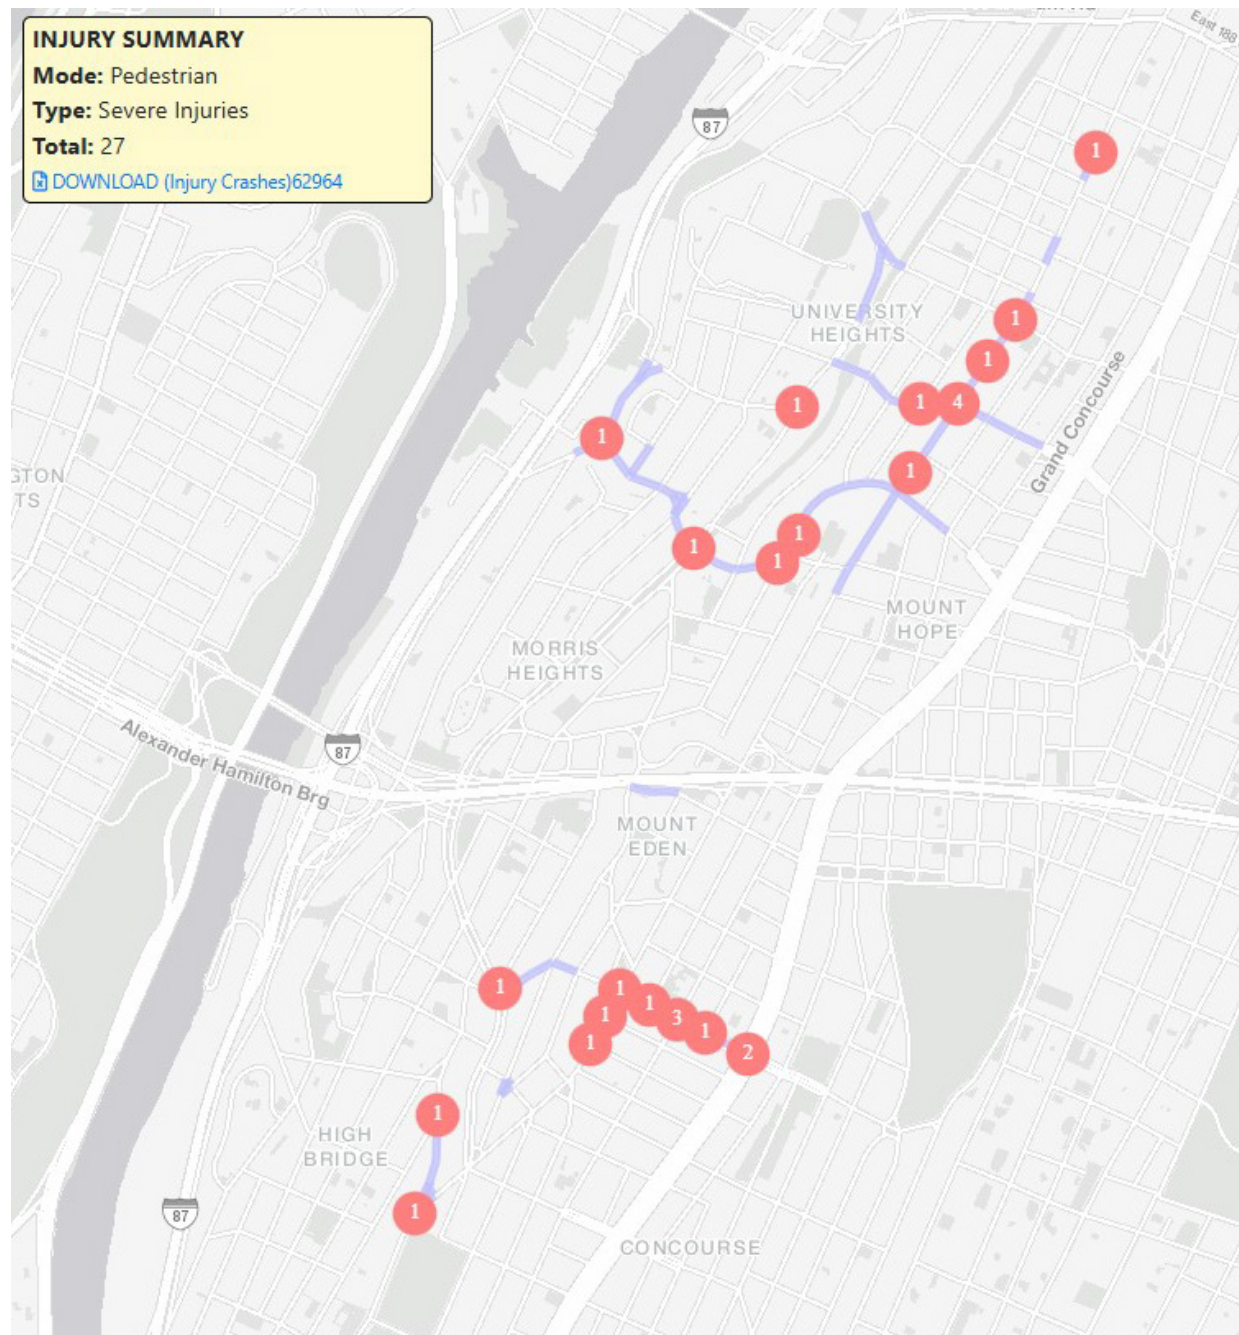

Unclear demarcations (Elliot Place)

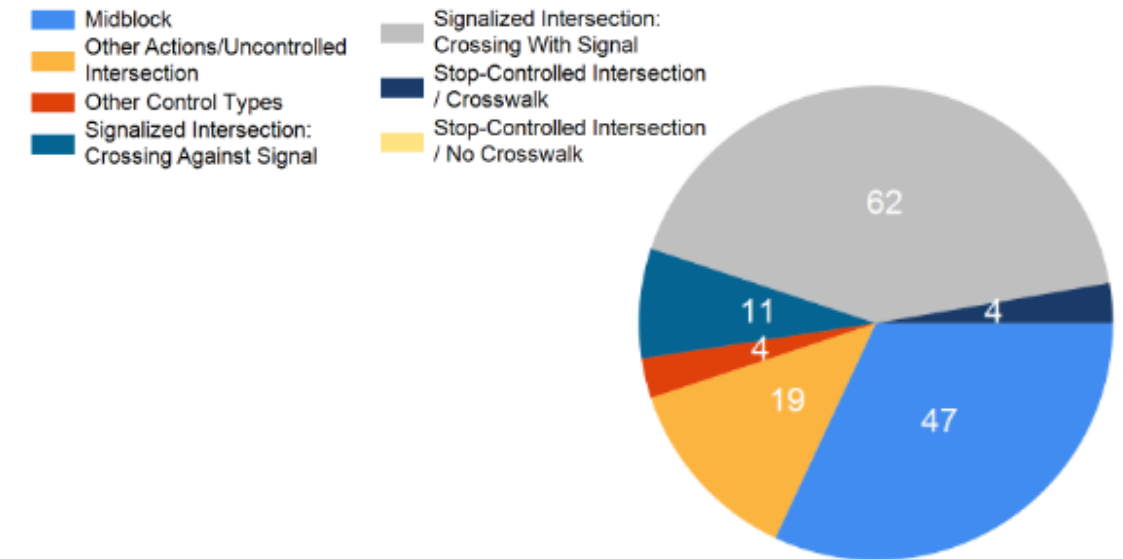

Auto-oriented land uses (E 177th Street)

PEDESTRIANS AND VEHICLES

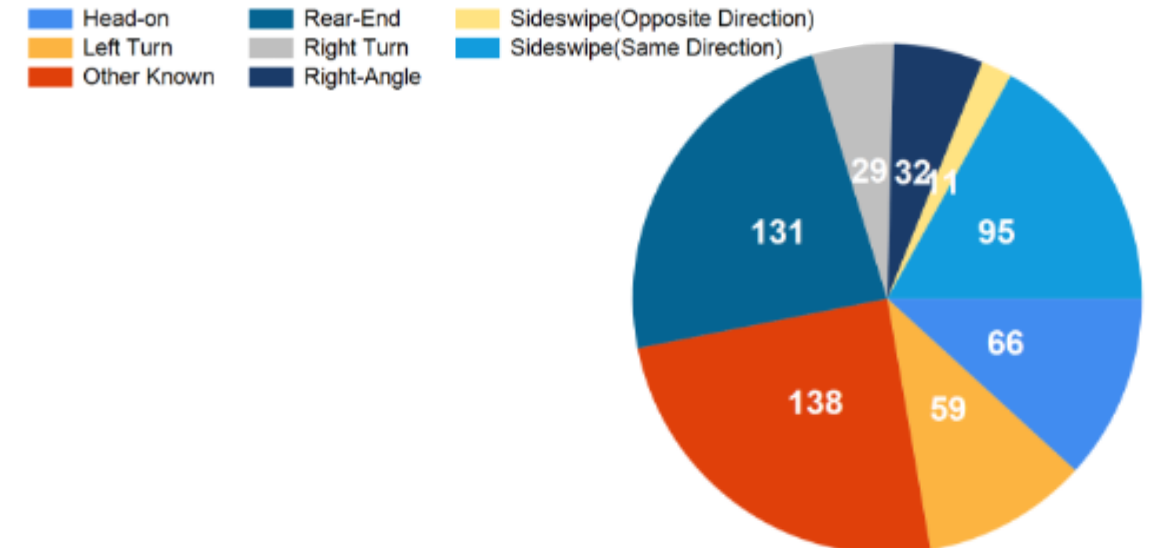

Motor Vehicle and Pedestrian Injuries

Pedestrian Injuries by Control and Pedestrian Action, 2020-2024 (5 Years)

Motor Vehicle Injuries by Collision Type, 2020-2024 (5 Years)
