Minority & Women-Owned Business Enterprises: PARTICIPATION REQUIREMENTS

Design-Build Legislation

The legislation that authorizes DDC to use Design-Build as a capital project delivery method provides additional tools or opportunities to engage the M/WBE community in City capital projects.

- As a result of this newly found flexibility, DDC now requires all Design Build teams to submit an "M/WBE Program Experience Form" prior to solicitation at the RFQ stage.
- M/WBE Participation goals on the Design and Construction phases will be disaggregated as follows:
 - 10% Black American
 - 10% Hispanic American
 - 10% Unspecified
- Firms will **not** be allowed to submit pre-proposal and pre-award waivers
- The Office of Diversity and Industry Relations will monitor performance against M/WBE goals throughout the life of the project. We will work closely with the design-builder to make sure that they meet the goals.

Minority & Women-Owned Business Enterprises: PARTICIPATION REQUIREMENTS

In order to facilitate meeting targets while maintaining a robust vendor pool, the Design-Build Program:

- Allows for the use of state-certified M/WBEs in addition to citycertified M/WBEs
- Eliminates any tier restrictions on eligible M/WBE participation
- **Counts suppliers** at 60% of the subcontract value

Minority & Women-Owned Business Enterprises: PARTICIPATION REQUIREMENTS

M/WBE Requirement can be achieved by:

- 1. M/WBE Prime Vendor
- 2. Qualified M/WBE Joint Venture
- 3. M/WBE Subcontractor(s)

New York City Department of Small Business Service certified M/WBE firms listed at: <u>https://sbsconnect.nyc.gov/certification-directory-search/</u>

New York State certified MWBE firms listed at: https://ny.newnycontracts.com//

- Vendors Encouraged to Utilize Live Links for Entry Form and Interested Subs List

- DDC strongly encourages all interested Vendors to respond to the RFEI
- Responding to the RFEI is not required for future procurement participation
- Opportunity to publicize your firm's interest in this project, and increase teaming potential

RFEI responses provide the opportunity to give feedback to DDC:

- Procurement approach and structure
- MWBE approach
- Design-Build approach
- Community Outreach

NYC Parks Recreation Center Design Manual

6) The NYC Parks Recreation Center Design Manual collects technical information on the design, construction, and operations of similar facilities to provide teams with current goals, programmers, priorities, and lessons learned from prior projects. This document is available here, and will be included as part of the RFP. Given that proposers will have access to this level of information in addition to the Specific Project Requirements, does Respondent have any suggestions about structuring the procurement and the ability of teams to develop refined design solutions during the procurement phase?

- Available via link in this RFEI and on the DDC website under "Publications"
- Will be used to develop the specific project requirements for the Roy Wilkins Rec Center
- Developed with NYC Parks Facilities, Capital Projects, and Public Programs
- Collected lessons learned from the design, construction and operation of recreation centers all over the city

Basis for teams to develop a contextual approach that is responsive to the needs of a specific site, neighborhood, community, and set of uses

Performance-based, to maximize opportunities for flexibility and innovation in the team's approach to design

Not a checklist, not design standards or specifications, but a guide to what has been successful in past centers.
