

### Cost Estimating Template Update Tracking Matrix - version 21 to 22

TEMPLATE	SECTION	REVISION DESCRIPTION/NOTES
MASTERFORMAT	COST SUMMARY	Cells F6 and G6 should be unlocked for the consultant to be able to input the date
MASTERFORMAT	COST SUMMARY	Cell F12 in the Cost Summary tab should be rounded because cell F10 in the Construction Contract Allowance tab uses it to calculate the EWA and a decimal would affect the whole column
MASTERFORMAT	CSI-SUB	should be unlocked for the consultant to be able to insert rows for breakdowns
MASTERFORMAT	DEFINITIONS	The definition for Hard Cost and General Requirements should include unit price items. PC TO PROVIDE DEFINITION
MASTERFORMAT	CSI	Add in missing OMS sections per Camil Malouf email /doc on 03/28
ALL	CITY'S CONSTRUCTION EXPENDITURE	remove special inspections from line items. This will be tracked as SVCS and not CONS
MASTERFORMAT	COST SUMMARY	Signatures should be added for design consultant and their estimator, as well as the unit program director.
MASTERFORMAT	HARD COST DETAIL LEVEL 2	Addition of standard General Requirements items to Unit Price Work
MASTERFORMAT	HARD COST DETAIL LEVEL 2	Remove all data validations from the comments column, or switch to "Any Value
MASTERFORMAT	HARD COST DETAIL LEVEL 2	Freeze rows 1 through 6
MASTERFORMAT	HARD COST DETAIL LEVEL 2	Add a column for design consultant estimators to respond to DDC comments
