# Town & Gown: NYC Construction + Demolition Waste Working Group

Deliverables

# Design Challenge

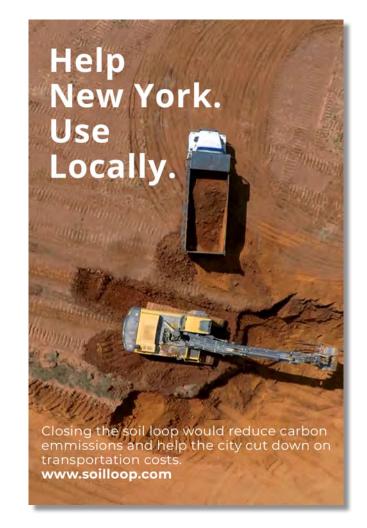

### **Public**

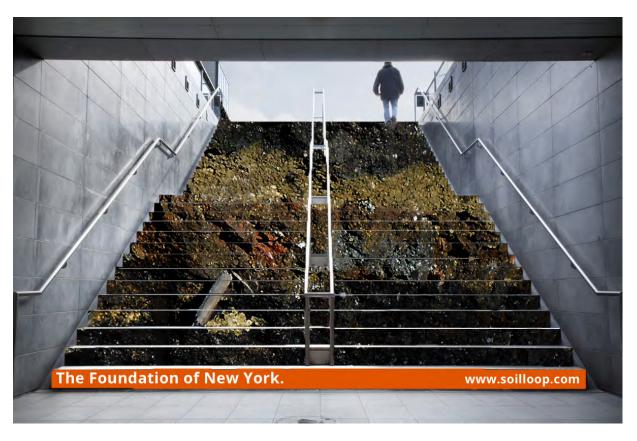

- Simple, direct language that provides information with ease for the public.
- A website with a strong mission statement, access to case studies and on site projects updates; which will convey credibility and transparency.
- Posters that use imagery, language, and information about soil reuse and its benefits to put them at ease.
- Brochures with more in depth information about the chemicals in the soil, the benefit of reuse and the environmental impact.

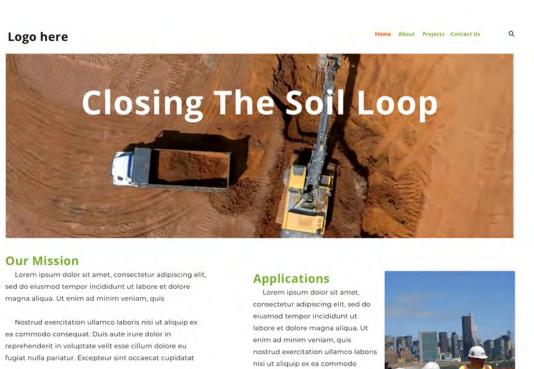

### Contractors/Designers

- Statements that advocate for the gain contractors and architects will have by considering soil reuse.
- Website with language and connections that ensure expertise and credibility within the field.
- Forum events, mailboxes, or other ways of being accessible in intstinces of questions and concerns.
